#### THE SCHEDILE

PART I,-OPPIOURS TO BE DIEMED TO HAVE BEEN SPECIFIED UNDER SECTION 6. CLAUSE (a).

PART II .- Persons to be deemed to have been appointed Fellows under Section 6. Clause (b) or (c)

#### An Act to establish and incorporate the University of the Paniab.

Whereas an Institution, styled at first the Lahore University College, but subsequently Preamble the Paniab University College, was established at Lahore in the year 1869, with the special objects of promoting the diffusion of European Science. as far as possible through the medium of the vernacular languages of the Panjab, improving and extending vernacular literature generally, affording encouragement to the enlightened study of the Eastern classical languages and literature, and associating the learned and influential classes of the Province with the officers of Government, in the promotion and supervision of popular education:

But it was at the same time provided that every encouragement should be afforded to the study of the English language and literature, and that, in all subjects which could not be completely taught in the vernacular, the English language should be regarded as the medium of examination and instruction:

And whereas this Institution was by a Notification, No. 472, dated 8th December, 1869, published in the Panjub Government Gazette of the twenty-third day of December, 1869, declared to be so established, in part fulfilment of the wishes of a large number of the Chiefs. Nobles, and influential classes of the Panjab, and it is now expedient, the said Institution having been attended with success, further to fulfil the wishes of the said Chiefs. Nobles and influential classes, by constituting the said Institution a University for the purpose of ascertaining, by means of examination or otherwise, the persons who have acquired proficiency in different branches of Literature. Science and Art. and for the purpose of conferring upon them academical degrees, diplomas, Omental literary titles, licenses and marks of honour.

And whereas it is also expedient that the University so constituted should be honorporated, and the property, movable and immovable, which has been bithereth cell by, or in trust for, the said Institution, should become the property of the University, subject to all existing trusts as to the manner in which, and the purposes to which, the property or any part blereof to be applied:

It is hereby enacted as follows:—

Short Title and Commencement.

1 This Act may be called the Panjab University Act, 1892; and it shall come into force at once.

2. (1) A University shall be established at Lahore,
Establishment and and the Governor-General for the
time being shall be the Patron of
the University.

(2) The University shall consist of a Chancellor, a Vice-Chancellor, and such number of Fellows as may be determined in manner hereinafter provided.

(3) The University shall be a Body Corporate by the name of the University of the Panjab, having perpetual succession and a common seal, with power to acquire and hold property, movable or immovable, to transfer the same, to contract, and to do all other things necessary for the purposes of its constitution.

(4) The University shall come into existence on such day as the Local Government may, by notification in

the official Gazette, appoint in this behalf.

Property of Panjab University College

3. All the property, movable and immovable, held at the date at which the University comes into existence by, or in trust for, the Panjab University College,

to vest in University. shall, on that date, become the property of the University, to be administered by it for the purposes of the University, subject to all existing trusts as to the manner in which, and the purpose to which, that property or any part thereof is to be applied.

4. The Lieutenant-Governor of the Panish for the time being shall be the Chancellor Chancellor. of the University; and the first Chancellor shall be the Hon'ble Sir Charles Umpherston Aitchison, Knight Commander of the Most Exalted Order of the Star of India, Companion of the Order of the Indian Empire, Doctor of Laws

5. (1) The Vice-Chancellor shall be such one of the Fellows as the Chancellor may, Vice-Chancellor. from time to time, appoint in this

behalf.

(2) Except as provided in sub-section (4), he shall hold office for two years from the date of his appointment, and on the expiration of his term of office may be reappointed.

(3) But if a Vice-Chancellor leaves India, without the intention of returning thereto, he shall thereupon

cease to be Vice-Chancellor.

(4) James Broadwood Lyall, Esquire, of the Bengal Civil Service, and at present Financial Commissioner of the Panjab, shall be deemed to have been appointed the Vice-Chancellor, and his term of office shall, subject to the provisions of sub-section (3), expire on the last day of December, 1884.

# 6 Repealed.

7. (1) Repealed.

(2) The persons named in Part II of that schedule shall, except for the purposes of the second clause of the provise to section 6, be deemed to have been appointed Fellows under clause (b) or (c) of section 6.

8 (1) The Chancellor may, with the consent of not Cancellation and less than two-thirds of the mem-vacation of spoons being in India cancel the appoint-

ment of any Fellow.

(2) If any Fellow leaves India without the intention of roturning thereto, or is absent from India for more than four years, he shall thoreupon cease to be a Follow.

9. (1) The Chancellor, Vice-Chancellor, and Fel-Constitution and lows for the time being shall form Power of Senate. the Senate of the University.

- (2) The Senate shall have the entire management of, and superintendence over, the affairs, concerns and property of the University, and shall provide for that management, and exercise that superintendence, in accordance with the Statutes, Rules and Regulations for the time boing in force.
  - 10 Repealed.
  - 11. Repealed.
- (1), (2), (3), (4), (a) and (b). Repealed. The first Registrar shall be Gottlieb William Leitaer, Esquire, Master of Arts, Doctor of Laws, Barristor-at-Law.
  - 13. Repealed.
  - Repealed.
     Repealed.
  - 16. Repealed.
- 17. The Senate may charge such reasonable fees Power to levy Fees. for entrance in the University, and sion to the examinations of the University, for attendance at any lectures or classes in connection with the

University, and for the degrees to be conferred by the University, as may be imposed by the Rules or Regulations for the time being in force under this Act.

18 Repealed.

19. It shall be the duty of the Local Government to require that the proceedings of Leocal the University shall be in confor-Government to enforce Act, Statutes, mity with this Act and with the Rules and Regula-Statutes, Rules and Regulations for the time being in force under the same, and the Local Government may exercise all

powers necessary for giving effect to its requisitions in this behalf, and may (among other things) annul, by notification in the official Gazette, any such proceeding, which is not in conformity with this Act and the said Statutes, Rules and Regulations. 20. All appointments made under section 5, all

Notification in cerappointments cancelled under sectain cases. tion 8, all degrees, diplomas, oriental literary titles or licenses conferred, and all Statutes, Rules and Regulations made under section 18,\* shall be notified in the official Gazette, wherein. also, the record of the proceedings of every meeting of the Senate shall duly be published.

The accounts of the income and expenditure of the University shall be submitted Annual Accounts once in every year to the Local Government for such examination and audit as the Local Government may direct.

22. The Statutes, Rules and Regulations of the

Panjab University College shall, Temporary proviso far as they are consistent with sion as to Statutes. Rules and Regulathis Act, be deemed to be Statutes, Rules and Regulations of the

University, and shall remain in force for two years from the date on which the University comes into existence, unless they are sooner repealed by a Statute made in accordance with section 18.

Now made under the Indian Universities Act of 1904.

  THE SECOND SCHEDULE REPRESED

#### ACT No. VIII OF 1904.

FIRST SCHEDULE,-Ex-oppicio Fedlows of the

PASSED BY THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

(Received the assent of the Governor-General on the 24th March, 1904.)

# An Act to amend the law relating to Universities of British India.

Whereas by Acts II, XXII and XXVII of 1857, Act XIX of 1882 and Act XVIII of 1887, Universities were established and incorporated at Calcutta, Bornbay, Madras, Lahore and Allahabad,

And whereas by Act XLVII of 1860 the Universities of Calcutta, Madras and Bombay were empowered to confer such degrees as should be appointed in the manner provided by the Act;

And whereas by Act I of 1884 the Universities of Calcutta, Madras and Bombay were further empowered to confer the honorary degree of Doctor in the Faculty of Law:

And whereas it is expedient to amend the law relating to the Universities of British India;

It is hereby enacted as follows ---

(1) This Act may be called the Indian Universities Act, 1904; and

Short title and com-(2) It shall come into force on mencement. such date as the Government may fix in this behalf by notification in the Gazette of India or the local official Gazette, as the case may be.

2. (1) This Act shall be deemed to be part of each of the Acts by which the said five Interpretation. Universities were respectively established and incorporated.

(2) In this Act unless there is anything repugnant in

the subject or context,-(a) the term "College" or "affiliated College" in-

cludes any collegiate institution affiliated to or maintained by the University:

(b) the expression "the Government" means in relation to the University of Calcutta the Governor-General in Council, and in relation to the other Uni-

versities the Local Government: and

(c) the expressions "the University" and "the Act of Incorporation" and any expression denoting any University, authority or officer or any statute, regulation, rule or bye-law of the University, shall be construed with reference to each of the said Universities respectively.

### The University.

The University shall be and shall be deemed to have been incorporated for the pur-Incorporation and pose (among others) of making powers of the University.

provision for the instruction of students, with power to appoint University Professors and Lecturers, to hold and manage educational endowments, to creet, equip and maintain University libraries, laboratories and museums; to make regulations relating to the residence and conduct of students, and to do all acts, consistent with the Act of Incorporation and this Act, which tend to the promotion of study and research.

4. (1) Notwitlistanding anything contained in the Constitution and Act of Incorporation, the Body powers of the Sea Corporate of the University shall

te. consist of—

(a) the Chancellor;

(b) in the case of the University of Calcutta, the Rector.

(c) the Vice-Chancellor;

(d) the ex-office Fellows; and (e) the Ordinary Fellows—

(i) elected by registered Graduates or by the Senate.

(ii) elected by the Faculties, and

(iii) nommated by the Chancellor.

(2) The Ordinary Fellows shall, save as herein otherwise provided, hold office for five years:

Provided that an Ordinary Fellow who has vacated

Provided that an Ordinary Fellow who has vacated his office may, subject to the provisions of this Act, be elected or nominated to be an Ordinary Fellow.

(3) The Body Corporate shall be the Senate of the University, and all powers which are by the Act of Incorporation or by this Act conferred upon the Senate, or upon the Chancellor, Vise-Chancellor and Fellows in their corporate capacity, or, in the case of the University of Calcutta, upon the Chancellor, Rector, Vice-Chancellor and Fellows in their corporate capacity, shall be vested in, and exercised by, the Senate constituted under this Act, and all duties and liabilities imposed upon the University by the Act of Incorporation shall be deemed to be imposed upon the Body Corporate as constituted under this Act.

not exceed ten.

number-

(4) No act done by the University shall be deemed to be invalid inserely by reason of any vacancy among either class of elected Ordmary Fellows, or by reason of the total number of Ordmary Fellows or of members of the profession of education to be included among Ordinary Fellows, being less than the minimum presented by this Ao.

#### Fellones.

- 5. (1) Notwithstanding anything contained in the E<sub>Z=0βics</sub> Fellows. Act of Incorporation, the persons duties of the offices mentioned in the list contained in the first schedule to this Act or added to the said list number subsection (2) shall be the z=coffice Fellows.
- the first schedule to this Act or added to the said list under sub-section (2) shall be the ex-officer Fellows of the University.

  (2) The Government may, by notification published in the Gazette of India or in the local official Gazette, as the ease may be make additions to, or alterations

in, the list of offices contained in the said schedule:

Provided that the number of ex-officeo Fellows shall

- 6. (1) In the case of the Universities of Calcutta, Ordinary Fellows.

  Bounbay and Madras, the number of Ordinary Fellows shall not be less than fifty nor exceed one hundred; and of such
  - (a) ten shall be elected by registered Graduates;
  - (b) ten shall be elected by the Faculties; and (c) the remainder shall be nominated by the Chan-
- (2) In the case of the Universities of the Panjab and Allahabad, the number of Ordinary Fellows shall not be less than forty nor exceed seventy-five; and of such number—
- (a) ten shall be elected by the Senate or by registered Graduates;
  - (b) five shall be elected by the Faculties; and

(c) the remainder shall be nominated by the Chancellor.

(3) The election of any Ordinary Fellow shall be

subject to the approval of the Chancellor.

(4) Elections of Ordinary Fellows by the Faculties and nominations of such Fellows by the Chancellor under this section shall be made in such manner as to secure that not less than two-fifths of the Fellows so elected and so nominated respectively shall be persons following the profession of education.

7. (i) Once in every year, on such date as the Ordinary Fellows Chancellor may appoint in this belected by regastered half, there shall, if necessary, be Graduates.
an election to fill any vacancy among the Ordinary Fellows elected by registered

Graduates
(2) The Syndicate shall maintain a register on which any Graduate who—

(a) has taken the dogree of Doctor or Master in any Faculty, or

(b) has graduated in any Faculty not less than ten years before registration.

shall, subject to the payment of an initial fee of such amount as may be prescribed by the regulations, be outlided to have his name entered upon application made within the period of three years from the commencement of this Act, or of one year from the date on which lie becomes so entailed.

Provided that, if such application is made after the expiry of either of the said periods, the applicant shall be entitled to have his name entered on payment of the said mital lee, and of such further sum as may be prescribed by the regulations

(3) The name of any Graduate entered on the register shall, subject to the payment of an annual fee of such amount as may be prescribed by the regulations, be retained thereon, and, in case of default, shall be removed therefrom, but shall, at any time, be reentered upon payment of all arresrs.

Provided that a Graduate whose name has been already entered on the register may at any time compound for all subsequent payments of the annual fee by paying the sum prescribed in this behalf by the regulations.

(4) No person other than a Graduate whose name is entered on the said register shall be qualified to vote or to be elected at an election held under sub-section (1).

(5) A Graduate registered under this section shall he entitled to such further privileges as may be deter-

mined by the regulations.

8. (1) The provisions of section 7 shall not apply to the University of the Panish\* or to Ordinary Fellows the University of Allahabad until elected by Senate. the Chancellor, with the previous sanction of the Governor-General in Council and by notification in the local official Gazette, so directs; and until such time the Ordinary Fellows of the said Universities, who would be elected by registered Graduates if the said provisions were in force, shall be elected by the Senate.

(2) In the case of the University of the Panish and the University of Allahabad, there shall, if necessary, be an election, once in every year, on such date as the Chancellor may appoint in this behalf, to fill any vacancy among the Ordinary Fellows elected by the Sanata.

9. (I) Once in every year, on such date as the Chancellor may appoint in this Election by the Faculties. behalf, there shall, if necessary, be

an election to fill any vacancy among the Ordinary Fellows elected by the Faculties. (2) An election under sub-section (1) shall be held.

(Home), dated the 4th December, 1908.

subject to such directions prescribing the qualifications \* Applies to the Panjab University with effect from the 1st April, 1909. Vide Panjab Government Notification, No. 1465

of the porsons to be closted as may, from time to time, be given by the Chancellor, with a view to secure the return of duly qualified persons and the fair representation of different branches of study in the Senato.

10 Subject to the provisions of section 6, the Chan-Nomination by the cellor may nominate any number Chancellor. of fit and proper persons to be Or-

dmary Fellows.

11. (I) Any Ordinary Fellow may, by letter addressed to the Chancellor, resign his office.

(2) Where any Ordinary Fellow has not attended a meeting of the Senate, other than a Convocation, during the period of one year, the Chancellor may declare his office to be vacated.

#### Transitory Provisions.

- In their application to the election and nomination of Ordinary Fellows within Election and nomithe period of one year after the nation of Ordinary Fellows within one commencement of this Act and to year after commencethe current business of the Univerment of Act, and sity, the provisions of this Act temperary contanuance of existing Unishall be read as subject to the folversity administralowing restrictions and modifications:-
- (c) In the case of the Universities of Calcutta, Bombey, and Madras, the Chancellor shall, as soon as may be after the commencement of thus Act, make an order directing that the Ordinary Fellows who under the said provisions are to be elected by registered Gradustes, shall be elected by the clocked Follows holding office at the commencement of this Act, or by such Gradustes of the University as the Chancellor may determine, or partly by elected Fellows and partly by such Gradustes, and in such manner as the Chancellor may direct.
- (b) When the Ordinary Follows mentioned in clause (a) have been elected, the Chancellor shall proceed

to the nomination of Ordinary Fellows under section

6, sub-section (1), clause (c)

(c) The Ordinary Fellows mentioned in clauses (a) and (b) shall, as soon as may be after their appointment and in such manner as the Chancellor may direct, elect the Fellows who under the said provisions are to be elected by the Faculties

(d) In the case of the Universities of the Panjab and Allahabad, the Chancellor shall, as soon as may be after the commencement of this Act, proceed to nominate Ordmary Fellows under section 6, sub-sec-

tion (2), clause (c).

(c) When Ordinary Fellows have been appointed under clause (d), the Chancellor shall make an order directing that the Fellows who under the said provisions are to be elected by the Scnate, shall be elected by the Ordinary Fellows appointed under clause (d), or by elected Fellows holding office at the commencement of this Act, or partly by such Ordinary Fellows and partly by elected Fellows, in such manner as the Chancellor may direct.

(f) The Ordinary Fellows mentioned in clauses (d) and (e) shall as soon as may be after their appointment, and in such manner as the Chancellor may direct, elect the Fellows who under the said providence.

sions are to be elected by the Faculties.

(g) An election under clause (c) or clause (f) shall be made subject to such directions prescribing the qualifications of the persons to be elected as may be given by the Chanceller, with a view to secure the return of duly qualified persons and a fair representation of

different branches of study in the Senate.

(a) As soon as Ordinary Fellows have been nominated and elected under clauses (a), (b) and (c), or under clauses (d), (c) and (f), as the case may be, and the persons so elected have been approved by the Chancellor, the Chancellor, the Chancellor that the Body Corporate of the University has been constituted in secondance with the provisions of this Act, and shall

append to the declaration a list of the Senate, and shall forward the said declaration and the appended list to the Governor-General in Council, who shall cause the declaration and list to be published in the Gazette of India.

- (i) The seniority of the Fellows included in the list mentioned in clause (h) shall be determined by the order ni which their names appear in the list.
- (j) Until the said declaration is published under clause (h), the Fellows holding office at the commencement of this Act shall, together with the Chancellor and the Vice-Chancellor, continue to be the Senate of the University, and shall be entitled to exercise the powers conferred upon them by the Act of Incorporation.
- (k) Every Ordinary Fellow elected or nominated under this section shall, unless his Fellowship is previously vacated by death, resignation or any other cause, hold office for not less than three years.
- (I) At or about the end of the third year from the publication of the declaration mentioned in clause (h), the names of, as nearly as may be, one-fifth of the total initial number—
  - (i) of Ordinary Fellows elected under clause (a) or clause (c) as the case may be:
  - (ii) of Ordinary Fellows elected under clause (c) or clause (f), and
  - (iii) of Ordinary Fellows nominated by the Chancellor,

(after deducting from the said one-fifth the names in each class which have previously been removed from the list mentioned in clause (h) by reason of death, resignation or any other cause) shall be drawn by lot from smong the elected and the nominated Ordinary Fellows whose names were included in the list mentioned in clause (h), and those whose names are so shown shall thereupon cesse to be Ordinary Fellows.

(m) At or about the end of the fourth, fifth and sixth years from the publication of the said declaration, the names of Ordinary Fellows shall be drawn by lot from each class of Ordinary Fellows included in the said list, in the manner provided in clause (1), so as to secure that, as nearly as may be, one-fifth of the Fellowships of the Ordinary Fellows so included in each class shall be vacated in each year.

(n) An Ordinary Fellow elected or nominated under this section, who has not previously vacated his Fellowship, shall cease to be a Fellow at the end of the seventh year from the publication of the said

declaration

(a) The Vice-Chancellor holding office at the commencement of this Act shall continue to hold office until the publication of the said declaration, and shall, if he is a member of the Senate as constituted under this Act, continue to hold office as Vice-Chancellor for the remainder of the term for which he was originally appointed.

(v) The members of the Syndicate holding office at the commencement of this Act shall continue to conduct the executive business of the University until the publication of the said declaration; and, upon such publication, the Senate shall, m such manner as the Chancellor may direct, appoint a provisional Syndicate to conduct the executive business of the University until the Syndicate has been constituted under this Act.

(a) The Senate as constituted under this Act may give orders for the provisional constitution of Faculties, Boards of Studies and of any Board or Committee of the Senate, pending the constitution of such Faculties. Boards and Committees in conformity with the regulations.

(r) University Examiners and all officers and servants of the University shall continue to hold office and to act, subject to the conditions governing their tenure of office or employment, except in so far as

such conditions may be altered by competent authority.

(e) The statutes, regulations and bye-laws of the University in force at the commencement of this Act, shall continue to be in force, except in so far as the said statutes, regulations and bye-laws shall be altered or renealed by competent authority.

### Honorary Fellows.

13. (1) (a) A Fellow holding office at the commencement of this Act shall cease to be a Follow.

(b) Whore a Fellow included in clause (a) does not become a Fellow under this Act, he shall be an Hono-

rary Fellow for life.

(c) Where a Fellow included in clause (a) becomes a Fellow under this Act, he shall, whenever and so often as he ceases to be a Fellow under this Act, become an Honograp Fellow as provided in clause (b).

(2) The Chancellor may nominate any person to be an Honorary Fellow for life, who is eminent for his attanments in any branch of learning, or is an eminent benefactor of the University, or is distinguished for services rendered to the cause of education generally.

(3) Notwithstanding anything contained in this section, any Fellow who at the commencement of this Act is entitled as such to vote for the election of any person to be a member of any Council for the purpose of making laws and regulations or of any local authority, shall continue to be so entitled as if this Act had not been passed.

### Faculties and Syndicate.

14. (I) Nothing contained in the Act of Incorporation shall be deemed to prohibit the constitution of a new Faculty or the abolition or reconstitution of any existing Faculty by the Senate under regulations made in accordance with the provisions of this Act,

(2) Regulations made under sub-section (1) may—
(a) provide for the assignment of Fellows to the

several Faculties by order of the Senate, and

(b) empower the Fellows so assigned to add to their number, in such manner and for such period as may be prescribed, Graduates in the Faculty and other persons possossing special knowledge of the subjects of study represented by the Faculty:

Provided that the number of persons so to be added to the Faculty shall not exceed half the number

of Follows assigned to the Faculty.

(3) A person added to a Faculty under sub-section (\$), clause (b), shall have the right to take part in the ordinary business of the Faculty, and in any election of an Ordinary Fellow by the Faculty, but shall not be entitled to take part in the election of the Syndicata.

15. (1) The executive government of the Uni-Syndicate. Syndicate, which shall consist of—

(a) the Vice-Chancellor as Chairman;

(b) the Director of Public Instruction for the Province in which the headquarters of the University are situated; and, in the case of the University of Allahabad, also the Director of Public Instruction in the Central Provinces; and

(c) not less than seven or more than fifteen ex-officio or Ordmary Fellows elected by the Senate or by the Faculties in such manner as may be provided by the regulations, to hold office for such period as may be

prescribed by the regulations.

(2) The regulations referred to in sub-section (1) shall be so framed as to secure that a number not fulling short by more than one of a majority of the elected members of the Syndraste shall be Heads of, Professors in, Colleges affiliated to the University.

(3) If in the case of any election the question is

raised whether any person is or is not a Professor within the meaning of sub-section (2), the question shall be decided by the Senate.

#### Degrees.

grees and grant such diplomas,

licenses, titles and marks of

honour in respect of degrees and examinations as may be prescrib-

two-thirds of the other members

conferred or granted by the Senate

16. The Senate may institute and confer such de-

Degrees, diplomas, licenses, titles, and marks of honour,

ed by regulation. 17. Where the Vice-Chancellor and not less than

Honorary degrees.

the Syndicate recommend that an honorary degree be conferred on any person on the ground that he is, in their opinion, by reason of eminent position and attainments, a fit and proper person to receive such a degree, and where their recommendation is supported by not less than twothirds of the Fellows present at a meeting of the Senate and is confirmed by the Chancellor, the Senate

may confer on such person the honorary degree so recommended without requiring him to undergo any examination. Where evidence is laid before the Syndicate showing that any person on whom a degree, diploma, heense, title or mark of honour

Cancellation of degrees and the like.

has been convicted\* of what is. in their opinion, a serious offence, the Syndicate may propose to the Senate that the degree, diploma, license, title, or mark of honour be cancelled, and, if the proposal is accepted by not less than two-thirds of the Fellows present at a meeting of the Senate and is confirmed by the Chancellor, the degree, diploma. license, title or mark of honour shall be cancelled accordingly.

<sup>\*</sup> See Syndicate Proceedings, dated the 6th Feb., 1914, para. 6.

# Affiliated Colleges.

10. Save on the recommendation of the Syndicate, continued to the Senate, of the Senate, and subject to any regulations and subject to any regulations and in this behalf, no person shall be admitted as a candidate at any University continuing, other than an examination, times he produces a certificate from a College' affiliated to the University, to the effoot that he has completed the course of instruction prescribed by regulation.

20. Any College affiliated to the University before the passing of this Act may continuo to exercise the rights continuo to exercise the rights consuch rights may be withnewn or restricted m the exercise of any power conferred by the Act of Incorporation or by this Act.

21. (1) A College applying for affiliation to the

†Affiliation University shall send a letter of application to the Registrar, and shall satisfy the Syndicate—

 (a) that the College is to be under the management of a regularly constituted governing body;

(b) that the qualifications of the teaching staff and

(0) that the qualifications of the teaching staff and the conditions governing their tenure of office are such as to make due provision for the courses of instruction to be undertaken by the College:

(c) that the buildings in which the College is to be

located are suitable, and that provision will be made, in conformity with the regulations, for the residence,

See the interpretation given by the Vice-Chancellor and

See the interpretation given by the Vice-Chancellor and approved by the Syndicate (vide paragraph 3 of the Syndicate Proceedings, dated the 8th November, 1935).

<sup>†</sup> For affiliation of further degree classes outside Lahore, see letter No. 21005 dated the 4th December, 1929, from the Under-Secretary to Government, Pumph (Ministry of Education), given as appendix to praggraph 24 of the Syndicate Proceedings, dated the 6th December, 1929.

in the College or in lodgings approved by the College, of students not residing with their parents or guardians, and for the supervision and physical welfare of students;

(d) that due provision has been or will be made for a library;

(e) where affiliation is sought in any branch of experimental science, that arrangements have been or will be made in conformity with the regulations for imparting instruction in that branch of science in a properly equipped laboratory or museum;

(f) that due provision will, so far as circumstances may permit, be made for the residence of the Head of the College and some members of the teaching staff in or near the College or the place provided for

the residence of students,

(g) that the financial resources of the College are such as to make due provision for its continued maintenance:

(h) that the affiliation of the College, having regard to the provision made for students by other Colleges in the same neighbourhood, will not be injurious to the interests of education or discipline; and

(i) that the College rules fixing the fees (if any to be paid by the students have not been so framed as to involve such competition with any existing College in the same neighbourhood as would be injurious to the interests of education.

The application shall further contain an assurance that after the College is affiliated, any transference of management and all changes in the teaching staff shall be forthwith reported to the Syndicate.

(2) On receipt of a letter of application under subsection (I), the Syndicate shall—

(a) direct a local inquiry to be made by a competent person authorized by the Syndicate in this behalf;
 (b) make such further inquiry as may appear to

them to be necessary, and

(c) report to the Senate on the question whether the application should be granted or refused, either in whole or in part, embodying in such report the results of any inquiry under clauses (a) and (b).

And the Senate shall, after such further inquiry (if any) as may appear to them to be necessary, record

their opinion on the matter

(3) The Registrar shall submit the application and all proceedings of the Syndicate and Senate relating thereto to the Government, who, after such further inquiry as may appear to them to be necessary, shall grant or refuse the application or any part thereof.

(4) Where the application or any part thereof is granted, the order of the Government shall specify the courses of instruction in respect of which the College is affiliated; and, whore the application or any part thereof is refused, the grounds of such refusal shall be stated.

(5) An application under sub-section (1) may be withdrawn at any time before an order is made under sub-section (3). Where a College desires to add to the courses

of instruction in respect of which Extension of affiliait is affiliated, the procedure tion.

prescribed by section 21 shall, so

far as may be, be followed.

23. (1) Every College affiliated to the University. whether before or after the com-Inspection and mencement of this Act, shall furreport. nish such reports, returns and

other information as the Syndicate may require to enable it to judge of the efficiency of the College.

(2) The Syndicate shall cause every such College to be inspected from time to time by one or more competent persons authorized by the Syndicate in this behalf.

(3) The Syndicate may call upon any College so inspected to take, within a specified period, such action as may appear to them to be necessary in respect of any of the matters referred to in section sub-section (1).

24. (1) A member of the Syndicate who intends to move that the rights conferred

Disaffiliation. on any College by affiliation be withdrawn, in whole or in part, shall give notice of his motion, and shall state in writing the grounds on which the motion is made

(2) Before taking the said motion into consideration, the Syndicate shall send a copy of the notice and written statement mentioned in sub-section (1) to the Head of the College concerned, together with an intimation that any representation in writing submitted within a period specified in such intimation on behalf of the College, will be considered by the Syndicate.

Provided that the period so specified may, if neces-

sarv, be extended by the Syndicate.

(3) On receipt of the representation or on expiration of the period referred to in sub-section (2), the Syndicate, after considering the notice of motion, statement and representation, and after such inspection by any competent person authorized by the Syndicate in this behalf, and such further inquiry as may appear to them to be necessary, shall make a report to the Senate.

(4) On recent of the report under sub-section (3), the Senate shall, after such further inquiry (if any) as may appear to them to be necessary, record their

opinion on the matter.

(5) The Registrar shall submit the proposal and all proceedings of the Syndicate and Sonate relating thereto to the Government, who, after such further inquiry (if any) as may appear to them to be necessarv. shall make such order as the circumstances may, in their opinion, require.

(6) Whereby an order made under sub-section (3) the rights conferred by affiliation are withdrawn, in whole or in part, the grounds for such withdrawal

shall be stated in the order

### Regulations.

25. (I) The Senate, with the sanction of the Government, may from time to time make regulations.

times consistent with the Act of Incorporation as amended by this Act and with this Act to rovovide for all matters relati

ing to the University

(2) In particular, and without prejudice to the generality of the foregoing power, such regulations may provide for—

(a) the procedure to be followed in holding any

election of Ordinary Fellows:

(b) the constitution, reconstitution or abolition of Faculties, the proportion in which the members, other than the ex-officio members, of the Syndicate shall be elected to represent the various Faculties, and the mode in which such election shall be conducted;

(c) the procedure at meetings of the Senate, Syndicate and Faculties and the quorum of members to

be required for the transaction of business;

(d) the appointment of Fellows and others to be members of Boards of Studies, and the procedure of such Boards and the quorum of members to be required for the transaction of business; (e) the appointment and duties of the Registrar

and of officers and servants of the University, and of Professors and Lecturers appointed by the University,

(f) the appointment of Examiners, and the duties and powers of Examiners in relation to the examinations of the University:

(g) the form of the cerbificate to be produced by a candidate for examination under section 19, and the conditions on which any such certificate may be granted:

(h) the registers of Graduates and students to be kept by the University, and the fee (if any) to be paid for the entry or retention of a name on any such register:  (t) the inspection of Colleges and the reports, returns and other information to be furnished by Colleges;

(1) the register of students to be kept by Colleges

affiliated to the University;

(h) the rules to be observed and enforced by Colleges affiliated to the University in respect of the transfer of students;

(i) the fees to be paid in respect of the courses of instruction given by Professors or Lecturers appointed

by the University;

(m) the residence and conduct of students;

(n) the courses of study to be followed and the conditions to be compiled with by candidates for any University examination, other than an examination for matriculation, and for degress, diplomas, licenses, titles, marks of honour, scholarships and prizes conferred or ranked by the University.

(c) the conditions to be complied with by schools desiring recognition for the purpose of sending up pupils as candidates for the matriculation examination and the conditions to be complied with by candidates for matriculation, whether sent up by recognised

schools or not:

(2) the conditions to be complied with by candidates, not being students of any College affiliated to the University, for degrees, diplomas, licenses, titles, marks of honour, scholarships and prizes conferred or granted by the University; and

(q) the alteration or cancellation of any rule, regulation, statute or bye-law of the University in force

at the commencement of this Act

26. (1) Within one year after the commencement of this Act, or within such further period as the Government may fix in this behalf.—

 (a) the Senate, as constituted under this Act, shall cause a revised body of regulations to be prepared and submitted for the sanction of the Government;

(b) if any additions to, or alterations in, the draft

submitted appear to the Government to be necessary, the Government, after consulting the Senate, may sanction the proposed body of regulations, with such additions and ulterations as appear to the Government to be necessary.

(2) Where a draft body of regulations is not submitted by the Senste within the period of one year after the commencement of this Act, or within such further period as may be fixed under sub-section (1), the Government may, within one year after the expiry of such period or of such further period, make regulations which shall have the same force as if they had been prepared and sanctioned under sub-section (1).

#### Miscellaneous.

27. The Governor-General in Council may, by general or special order, define of powers. which, and specify the Colleges in respect of which any powers conferred by or under the Act of Incorporation or this Act shall be exercised.

28. (1) The Lieutenant-Governor of Bengal for the
time being shall be the Rector of
the University of Calcutta, and

Rector the University of Calcutta, and shall have precedence in any Convocation of the said University next after the Chancellor and before the Vice-Chancellor.

#### PRELIMINARY REGULATIONS.

All Statutes, Rules and Regulations heretofore in force are hereby cancelled.

Provided that with the exception of the examination for the Degree of Bachelor of Teaching, of the examination in the Faculty of Law, and of any Examination for the Degree of Doctor, no examination shall be held under these Revised Regulations, Part 4, XII, until the year 1908, but examinations shall continue to be held under the old Regulations, pages 55 to 122, pages 127 to 148, pages 145 to 161, pages 126 to 211, and pages 215 to 280 of the Panjab University Calendar (Edition for 1904-05) until the year 1908.

Provided further that any person who has joined the Law Oolege at any tume previous to the 1st Ootober, 1905, may be examined under the old Regulations, pages 164 to 178, of the Penjab University Calendar (Edition for 1904-05) relating to the Preliminary Exammation in Law, the First Certificate Exammation, the Licentuate in Law Examination, and the Examination of the Degree of Bachelor of Laws, if such person appear not later than the month of December in the year 1908. \*\*Baception\*\*—Regulation 7 on page 167, Regulation 7 on page 167, Regulation 7 on page 172, and Regulation 8 on page 172, shall be deemed to be cancelled on the 1st April, 1906.

#### PART I .- CONSTITUTION.

# I - ELECTION OF ORDINARY FELLOWS.\*

- Once in every year, on such date as the Chancellor may appoint in thus behalf, there shall, if necessary, be an election to fill any vacancy among the Ordmary Fellows to be elected by Registered Graduates.
- No person unless his name is borne on the Register of Graduates shall be qualified to vote or to be elected at any election held under Regulation (1).

#### A .- Begister of Graduates.

3. The Registrar shall be the authority responsible for the preparation of Register of Graduates

- J The Registers shall, at least six weeks before the date fixed for election, cause a notice to be issued in the Local Government Grazette notifying the date on which an election is to take place onling upon the Registered Graduates to co-operate in the preparation and revision of the Register of Graduates. A copy of the notice shall also be posted up at the Hailey Hall, Lahore.
- The Syndicate shall maintain a register, on which any graduate of the Panjab University, who has—
  - (a) taken the degree of Master or Doctor in any Faculty, or
  - (b) graduated in any Faculty not less than ten years before registration,

shall be entitled to have his name entered and retained subject to the regulations following.

<sup>\*</sup> Regulations under Section 25, sub-section (2), clause (a) of the Indian Universities Act.

6. Any graduate satisfying the conditions of Regulation 5-who wishes to have his name entered on the Register, shall fill up a form of application, obtamable from the Registrar and shall forward the same to the Registrar along with the initial fee of rupees ten, and either the first annual fee of rupees two or a composition fee of rupees fifteen. The Registrar shall thereupon cause his name to be entered on the Register. The date on which a graduate has taken a degree or graduated in any Faculty shall be the date on which he is admitted to the degree. All applications for fresh enrolment shall continue to be received up to 15 days before the date of election after which date no application shall be entertained on any account.

7. Every Registered Graduate who has not comnounded for his annual fee, shall pay an annual fee of rupees two, not later than the 31st of December of each calendar year. Should any such Registered Graduate fail to pay the annual fees on or before the prescribed date, his name shall be removed from the Register, but it may be re-entered thereon on payment of all arrears of annual fees provided that the payment is made at least 15 days before the date of election.

8. Any graduate, at any time while his name is on the Register, shall become entitled to the retention of his name on the Register for life by completing the payment to the Registrar of a composition tee of rupees twenty-five including what he has already paid as initial fee and annual fee.

9 Printed copies of the preliminary Register of Graduates shall be made available to Registered Graduates on payment of a fee of Rs. 2 at least 30

days before the date of election.

10. The Registrar shall publish the preliminary Register of Graduates by causing a copy of it to be posted in the Halley Hall, Lahore, at least 30 days before the date of election. All claims and objections shall be received and sorutinised by the Registrar up to fifteen days before the date of electron. The Registrar shall be the Revising Authority and his decision in all cases shall be final.

11. The supplementary Register of Graduates shall be made available at least ten days before the date of election, after which date no additions or modifications shall be made in the Register.

12 The Register of Graduates shall bear the date

of its publication.

18. Registered Graduates shall notify to the Registers every change of their address.

#### B.—Election of Ordinary Fellows by Registered Graduates

The following procedure shall be observed at elections of Ordmary Fellows by Registered Graduates under Section 7 of the Indian Universities Act.—

- (i) When any Ordmary Fellows are to be elected by the Registered Graduates, the Registrar shall issue a notice in such a \*manner as may be decided by the Syndicate from time to time, stating the number of vacancies, and that candidates should be norminated for election within a time to be named in the notice. Such time shall be not less than a fortnight from the date of issue of the notice.
- (ii) The nomination of every candidate shall be by a Registered Graduate, supported by another Registered Graduate on a prescribed

<sup>\*</sup>The Syndicate has decided that the fact of election be advertised in the University Gascette, in newspapers and by a notice posted on the public notice board in the University Office (paragin) 3 of the Syndicate Proceedings, dated the 10th April, 1985), the state of the 19th April, 1985, and the 19th April, 1985, and the 19th April, 1985, and the 19th April of the 1

form\* obtainable from the Registrar and forwarded to the Registrar by name under a registered cover. Each Registered Graduate shall be entitled to nominate as many persons for election as there are vacancies.

The candidate proposed shall sign his Nomination Form as a token of his consent to stand for election

On the day succeeding the date fixed for the receipt of nomination papers, the Registrar shall post at his office a list of all the candidates who have been duly proposed and seconded.

Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Registure before three c'clock of the afternoon of the seventh day succeeding the date fixed for the receipt of nomination papers. No person who has thus withdrawn his candidature shall he allowed to cancel bis withdrawn!

(ii) At least seventeen days before the date of the election, the Begistrer shall send under a registered cover to every Registered Graduate resident in India on the address as given in the Register of Graduatsa a last of candidates duly noumasted printed in alphabetical order, a voting paper scaled with a prescribed scal after noting on its counterfoil the number of the Elector on the Register of Graduates with a covering letter containing a statement of the date appointed by the Chancellor for the election, and of the hours botween which votes may be recorded.

<sup>\*</sup> Though the nomination is to be made on a prescribed form, it is not necessary that the form should be a printed one

- (iv) The election shall not be invalidated because an Elector to whom a voting paper has been duly forwarded failed to receive it in time to enable him to return it to the Registrar not later than the day prescribed
- (v) Each Elector shall be entitled to as many votes as there are vacancies, but be shall not record more than one vote for any one of the candidates. If more than one vote be recorded by any Elector for the same candidate such votes shall be reckned as one vote. If the Elector records more votes than the number of vacancies, his votes shall be cancelled by the Registrate.
- (vi) The Syndicate shall appoint two members of the Senate to co-operate with the Registrar in the supervision of the election
- (vi) An Elector who has insdvertenity dealt with his voting paper in such a manner that his voting paper in such a manner that have the convolunt of the control of the con
- (viii) An Elector resident in Lahore\* shall sign the covering letter at the Halley Hall on the day and within the hours notified in accordance with clause (iii) in the presence

<sup>&</sup>lt;sup>6</sup> An Elector ordinarily resident in Lahore, who is not in Lahore at the time of the election, could be regarded for this purpose as an Elector not resident in Lahore (Syndicsic, 16th February, 1911).

of one of the two members of the Senate appointed by the Syndicate in accordance with clause (vi), or the Registrar, and put the covering letter along with the closed envelope, containing his voting paper but bearing no mark outside, in a second envelope and deliver the envelope and the covering letter to the Registrar or the member of the Senate who shall cause it to be deposited in a ballot-box, provided that no account will be taken of the voting paper in the closed envelope unless the covering letter which accompanies it bears on it the signature and the serial number of the Elector and is countersigned by the Registrar or a member of the Senate appointed under clause (vi). No such voting paper shall be received after the exprry of the time notified in accordance with clause (iii).

An Elector resident in Lahore shall also have the option of following, for purposes of voting, the procedure laid down in clause (ix).

(ix) \*An Elactor not resident in Labore or such Elector resident in Labore who desures, under clause (vni), to follow the procedure laid down in this clause, shall sign his covering letter in the presence of a Magistrate of rank not lower than that of a Magistrate of the accord class, and put the covering letter along with the closed envelope, containing his voting paper but bearing no mark outside, in a second

<sup>\*</sup> An Elector ordinarily not resident in Lahore, who is in Lahore at the time of the election, could be regarded for this purpose as an Elector resident in Lahore (vide Synducate Proceedings, dated the 10th April, 1935).

envelope, provided that no account will be taken of the voting paper in the closed envelope unless the covering letter which accompanies it bears on it the signature and the serial number of the Elector and is countersigned by a Magistrate (of rank not lower than that of a Magistrate of the second class) who shall authenticate the covering letter with his signature and designation. In case of an Elector residmg in a Native State, the covering letter in the closed envelope shall be signed in the presence of a Magistrate of the Native State whose signature shall be authenticated by the counter-signature of the Chief Judge of the Native State, or of a Political Officer not lower in rank than an Assistant Political Agent. The Elector shall thereupon forward the voting paper in a registered cover addressed to the Registrar so as to reach him not later than the day and hour notified for the closing of the ballot The Registrar shall, as soon as possible after the receipt of such voting papers, deposit them in the hallot-hox such voting paper received later than the closing of the ballot and any voting paper received with a forwarding letter unsigned or not properly authenticated or otherwise than by Registered Post shall be regarded as invalid.

(x) On the day and on the expiry of the time notified in accordance with clause (iii) the neutrons of the Senate appointed in sourcease with clause (vi) shall open the control of the control of the control of the page 10 pages 10 page

- (xi) After the scrutiny is completed, the names of the persons elected shall be forthwith submitted to the Chancellor for approval and if approved, shall be published in the Parido Gasette
- (xii) In the event of an equality of votes between any two or more persons, their names shall be reported to the Chancellor with whom the final selection shall rest.

# C .- BY THE FACULTIES.

- 7 The following procedure shall, subject to the provisions of Sections 6 and 9 of the Indian Universities Act of 1904, be observed at elections of Fellows by the Faculties:—
  - (i) When an Ordinary Fellow is to be elected by a Faculty, the Registers shall circulate to almost be districted by the following the followin
    - (n) Every nomination of a candidate shall be made by a member of the Faculty supported by another member of the Faculty and forwarded to the Registrar. The members nominating a person for election shall certify that they have ascertained that he is willing to be elected.
  - (iii) The Registrar shall prepare a list of candidates duly nominated and send it to all members of the Faculty resident in India, stating the date appointed by the Chancellor on which the election will take place.

PACITATIES

59

(iv) The election shall take place at the meeting of the Faculty upon the date so appointed, and the voting shall be by ballot.

A fresh vote shall be taken when an equality of votes makes this necessary. In case of equality after a second vote, the Chairman

shall have a casting vote.

(v) The name of the person elected shall be forthwith submitted to the Chancellor for approval, and if approved, shall be published in the Panjab Gusette.

8. Of the five Ordinary Fellows to be elected by the Faculties, one shall be elected by each of the five Faculties As each of the five Ordinary Fellows appointed under clause (f) of Section 12 of the Indian Universities Act of 1904 ceases to be a Fellow, his successor shall be elected by that Faculty by which he was nominated for appointment.

## II -FACULTIES.\*

 In these Regulations the expression "member of a Faculty" meludes a member added to the number of a Faculty under Section 14, sub-section (2), clause (b), of the Indian Universities Act of 1904.

There shall be eight Faculties, namely, (1) Oriental Learning, (2) Arts, (3) Law, (4) Medicine, (5) Science, (6) Agriculture, (7) Commerce, and (8)

Engineering

8. Fellows shall be assigned to the several Faculties by order of the Senate, with reference to their special qualifications after considering the recommendations made by the Syndicise in this behalf. The lists of Fellows assigned to the several Faculties shall be revised annually.

<sup>&</sup>lt;sup>1</sup> Regulations under Section 25 (2) (b) and (c), and Section 14 (2) (b) of the Indian Universities Act.

 The Vice-Chancellor shall be deemed to be exoffice a member of every Faculty.

5. Each Vaculty shall appoint its own Dean in November or December of each year to take office from the 1st January following. The Syndicate may from time to time determine the Faculties of which the Assistant Registers shall act as Secretary The other Faculties shall appoint the Secretary at the time of annothing the Dean

Should a vacancy in the above offices occur during the year, it shall be filled by the Faculty concerned and the new officer shall continue to act until the next annual election

 The Fellows assigned to each Faculty may add to their number Graduates in that Faculty and other persons possessing special knowledge of the subjects of study represented by that Faculty.

Provided that the number of persons so added to the Faculty shall not exceed half the number of Fellows assigned to that Faculty.

7. The nomination of every person for addition to a Faculty shall be made by a Fellow assigned to that Faculty, supported by another such Fellow and forwarded to the Register at least ten days before the date of meeting. Such Fellows shall certify that they have ascertained that the nominee is willing to serve on the Faculty for which he is proposed.

The Registrar shall cause this proposal to be circulated not less than seven days before the meeting at which it will be considered.

8. A meeting of the Fellows assigned to each Faculty shall be held in the first half of \*March to elect added members The number of members added to a Faculty at this meeting shall not exceed one-quarter.

<sup>\*</sup> If it is impossible to hold a meeting of the Fellows for this purpose in the first half of March the meeting may be held later on (eide paragraph 4 of the Syndicate Proceedings, dated the 18th May, 1934).

of the number of Fellows assigned to that Faculty.

Another meeting of such Fellows shall be held in \*November at which vacancies may be filled.

9. A person so nommated shall be duly elected if he receives at least one-half of the votes of the Fellows present, provided that the number of Fellows taking part in such election shall not be less than the quorum prescribed for that Faculty in Regulation 18.

Provided that if on a vote being taken, there remain one or more venemies, a Isseend vote may be taken to fill these vacancies if a majority of the Fellows present so desire. A person elected to a Faculty on March shall become an added member of that Faculty on the 15th April following, and shall cease to be a member on the 15th April we years later. A person elected in November shall become an added member according to the Faculty on the fitteenth day of April in the second year following.

In either case such person shall be eligible for re-

10. An Added Member of a Faculty who leaves the territorial jurnsdiction of the University for the remaining period of his term shall be considered as having vecated his seat.

11. The Vice-Chanceller, and in his absence the Dean, shall be Chairman at all meetings of the Faculty In the absence of Vice-Chanceller and Dean the members present at each meeting shall elect a Chairman. At a meeting of two or more

<sup>\*</sup>The number of vacances as to be determined by subtracting the number of available added members elected in Marsh of the year from one-quarter of the number of Fellows assigned to the Faculty (side paragraph 9 of the Syndicate Proceedings, dated the 6th November, 1926).

<sup>†</sup> Whenever a second rote is necessary it is to be taken on the names of all the persons who had been duly nominated previously but failed to be elected in the first vote (vide paragraph 6 of the Syndicate Proceedings, dated the 15th May, 1986).

Faculties the Vice-Chancellor, if present, shall preside; in the absence of the Vice-Chancellor the members present at such meeting shall elect a Chairman.

12 Meetings of the members of each Faculty shall be convened by the Secretary of the Faculty, as occasion may require, or as the Dean may direct. Notice of mostings of any Faculty shall be given to the members of the Faculty, provided that the proceedings at any meeting shall not be invalidated because a member dup of the process.

13. Bight mombers shall form a quorum\* at meetings of the Arts Faculty, seven of the Oriental Faculty, five at meetings of the Law Faculty and of the Science Faculty, and four at meetings of the Medical Faculty, the Agricultural Faculty, the Commercial Faculty, the Agricultural Faculty, the Commercial Faculty of Engineering. At a meeting of more than two Faculties and at a meeting of the Arts and Oriental Faculties ten members, and at a meeting of any other two Faculties eight members, shall form a quorum.

The order of speaking and conduct of business at meetings shall be regulated by the Chairman, and, in the absence of any regulation to the contrary, all matters shall be determined in accordance with the vote of the majority of members present, and, when the votes or equal, the Chairman shall have a casting vote. Opies of proceedings at all meetings of Feulties shall be sent forthwith to the Registers, who shall lay them before the Syndicate for submission to the Senate.

14. Each Faculty shall, subject to what is stated in the proviso below, from time to time, report on the courses of study to be followed by candidates for exammations of the University, other than the

<sup>\*</sup>The quorum prescribed applies also to the meetings of the Fellows assigned to the Faculton beld for the election of representatives on the Syndicatic or of the Added Mombers (vide paragraph 4 of the Syndicate Proceedings, dated the 18th May, 1934).

Matriculation and School Leaving Certificate Examination, on the Examinations to be passed and the other conditions to be fulfilled by candidates for Degrees, Diplomas, Trites, Licenses and marks of favour and on any question referred to it by the Syndicate or Academic Council.

The recommendations of the Raculties of Oriental Learning, Arts and Science on the Courses of Reading, the Syllabuses and the outlines in each paper for the examination in those Faculties shall be reported to the Academic Council, which shall have power to sanction them, but shall not after them without referring them back to the Faculty for reconsideration. Provided that if any proposals of the Faculty involve additional expense to the University, the approval of the Academic Council shall be subject to the sanction of the Syndicate

Similar recommendations of other Faculties shall be reported to the Syndicate, which shall have power to sauction them but not to alter them without first referring them back to the Faculty concerned.

The recommendations of the School Board relating to the Course of Reading, Syllabus and outline in each paper for the M. & S.L.C. Examinations shall be circulated without delay to the members of the Faculty concerned and shall be reported to the Syndoxet thirty days after the receipt of the proceedings of the Board, together with any objections made by a Faculty in a special meeting convened for this purpose at the request of five members of the

If no objection has been received from any Faculty the Syndicate shall have power to sanction the proposals of the Board, but shall not alter them without referring them back to the Board for reconsideration.

If an objection has been received from a Faculty, the School Board shall have an opportunity to meet the objection, after which the Syndicate shall have power to decide the matter.

#### III.—THE SYNDICATE.\*

#### CONSTRUCTION AND PROGEDURE

1 The executive government of the University shall be vested in the Syndicate, which shall consist of the Vice-Chancellor as Chairman, the Director of Public Instruction, Panjab, and fifteen ex-officeo or Ordinary Fellows who shall be elected for one year by the several Faculties in the following proportion:—

Four by the Faculty of Oriental Learning.

Four ,, ,, ,, of Arts. Two ,, ,, of Law.

Two ,, ,, of Medicine. Three .. .. of Science.

A new Syndicate shall be elected in November of each year, and its year of office shall commence from the 1st January following.

1-A. +The Fellows assigned to each Faculty, except the Agricultural Faculty, Commercial Faculty and the Engineering Faculty shall, at an annual meeting in November, elect from their number Syndies to represent that Faculty, and shall each be entitled to voto for as many candidates as there are Syndies to

Each candidate shall be proposed and seconded. The voting shall be by ballot. A fresh vote shall be taken when an equality of votes makes this necessary. If the votes are equal after a second vote is taken, the Chairman shall have a casting vote

2. At least two of the Syndics elected by the Arts Faculty, at least two elected by the Oriental Faculty, at least two elected by the Science Faculty, and at

<sup>\*</sup> Regulations under Section 25 (2) (b) and (c), Section 15 (1) (c) and Section 15 (2) of the Indian Universities Act.

<sup>†</sup> The quorum presurbed for the Faculties applies to meetings of the Fellows assigned to the Faculties held for the election of representatives on the Syndicate.

least one elected by the Medical Faculty, shall be Heads of, or Professors in, affiliated Colleges.

- 3. Should a vacancy occur in the Syndicate during the year, it shall be filled by the election of a new member by the Fellows assigned to the Faculty, whose representative has ceased to act on the Syndicate, and the new Syndic shall continue to act until the next annual election.
  - 4 The duties of the Syndicate shall be—
    - To submit from time to time for the orders of the Senate recommendations regarding the following matters:—

The affiliation and disaffiliation of Colleges:

the appointment of University Readers, Lecturers, or Professors:

the staffs of the Oriental, Law and Commerce Colleges;

the appointment of the Registrar and Assistant Registrar;

- the grant of degrees, diplomas, oriental literary titles, licenses, marks of honour, and rewards for the encouragement of literature.
- (2) To consider and report upon matters to be submitted to the Senate, subject to what is stated in Regulation 5 below.
- (8) To carry on the current business of the University, and generally to carry out the provisions of the Act of Incorporation, the Indian Universities Act of 1904, the Regulations of the University, and orders of the Senate.
- (4) To appoint Examiners in accordance with Rules approved by the Senate and to submit list of Examiners so appointed to the Senate.

- 5. No proposal, except such recommendations of the Academic Council as in accordance with the Regulations are submitted by the Academic Council direct to the Senate, shall be submitted to the Senate until it shall have been first submitted to the Syndicate Provided that, if a proposal submitted by a Faculty is not approved by the Syndicate, the resolution of the Syndicate, with that of the Faculty, shall be submitted to the Senate: Provided further that no matter affecting any Faculty shall be disposed of by the Academic Council, Syndicate or Senate without having been referred to the Faculty for opinion in case of doubt the Vice-Chancellor shall decide what matter shall be referred under this rule to any Faculty.
- 6. Ås regards expenditure, the Syndicate shall have power to transfer sums (other than those voted for salarses, or given by the Donors for special objects), not exceeding Rs. 2,000, to increase the allotment for any one object for which provision has already been made, to transfer sums, not exceeding Rs. 2,000 to meet new expenditure on any one object for which no provision has been made and to sanction unforeseen expenditure not exceeding Rs. 2,000 m a year. All such transfers for the purposes of new expenditure and all such sanctions shall be reported at the next meeting of the Senate.
- 7. The Syndioate shall appoint annually Standing Committees to deal with cases of the allegad use of unfair means in connection with examinations, of deficiencies in attendances at lectures, and other matters affecting the discipline of students. When such Standing Committee is unanimous its decision shall be final. If the Standing Committee is not unanimous the matter shall be referred to the Vice-Chancellor who shall either decide the matter or refer it to the Syndicate for decision.
- S. The Syndicate shall, except in cases provided by Regulation 12 in Chapter II—Faculties, upon the

recommendations of the Faculties, and subject to the approval of the Senate, from time to time, prescribe the courses of reading for the University exammations.

Provided that early in March every year, in the absence of the recommendations by the Fuculties, the Syndicate, subject to the approval of the Senate, may prescribe the same courses of reading for the next year.

- Meetings shall be convened by the Registrar as occasion may require or as may be directed by the Vice-Chancellor.
- 10. The Vice-Chancellor shall preside at all mestings of the Syndicate at which he may be present. In his absence the members present at a meeting shall elect a Chairman. The order of speaking and conduct of business shall be under the control of the Vice-Chancellor or Chairman.
- 11 Five members shall form a quorum, and the decision of the majority shall prevail. When the votes are equal, the Vice-Chancellor or Chairman shall have a casting vote.
- 12. All proceedings at meetings shall be recorded in writing and signed by the Registrar and counter-signed by the Vice-Chancellor or Chairman. Any Fellow of the University shall be entitled to inspect in the University Office, during office hours, the proceedings at any meeting of the Syndicate.

# IV.—THE SENATE.\*

#### MENTINGS.

1 An ordinary meeting of the Senate shall be held not later than the month of November of each year, at which the accounts of the year shall be submitted. An ordinary meeting of the Senate shall be

<sup>\*</sup> Regs. under Section 25 (2) (b) of the Indian Universities Act.

held not later than the month of March of each year, at which the Budget for the ensuing year shall be submitted.

2. The Senate shall meet in Convocation for the purpose of conferring such degrees, diplomas, oriental literary titles, heenses, and marks of honour, as have been previously sanctioned by the Senate on such date and time as may be fixed by the Chancellor or Vice-Chancellor from time to time in that behalf.

 Such other ordinary meetings shall be held as may be convened by the Registrar under the direction of the Syndicate for the due disposal of business.

4. Should the Chancellor, the Vice-Chancellor, or six Fellows consider a special meeting of the Sanate to be necessary, he or they shall inform the Syndicate, intimating the purpose for which such meeting is deemed to be necessary, who shall forthwith fix a date, and the Registrar shall circulate the notice of such date, together with the proposals to be discussed, to the Fellows of the University at least seven days before the date fixed for such meeting.

5. The Ohancellor, or in his absence the Vicac-Chancellor, shall preside at all meetings of the Senate at which he may be present; but in the absence of both the Chancellor and the Vice-Chancellor, the members present at a meeting shall elect a Chairman to preside at such meeting.

 At a meeting of the Senate fifteen members shall form a quorum.

## Motions and Amendments.

7. Proposals submitted by the Syndicate, or, in accordance with the Regulations, by the Academic Council, for the decision of the Senste, and entered upon the notice of meeting, shall be dealt with as motions before such meeting without being proposed and seconded at such meeting.

Every other motion or amendment shall be reduced to writing and read out by the mover, and shall be delivered to the Registrar. Every such motion that

is not seconded shall drop.

In the event of no member wishing to speak on the motion or in respect of any amendment, or after such discussion on any such motion or amendment as the Chairman considers sufficient, the Chairman shall proceed to put the question to the vote.

 When there is an amendment, the amendment shall be first put to the vote; if the amendment is lost, and no further amendment is proposed, the original

motion shall be put to the vote.

- 9 Should any amendment be earnied, the proposal as amended shall be stated from the Chair, and may then be debated as a substantive proposal to which further amendments may be proposed and dealt with as hereinbefore provided. Not more than one amendment shall be taken to be before the meeting at any one time.
- Any motion or amendment may be withdrawn if the mover states his wish to withdraw.

### ORDER OF SPEAKING.

- 11 The Chairman shall control the order in which members may address the meeting, and the manner in which the business shall be conducted. No member shall address the meeting after the Chairman has called for a vote.
- 12 Members, when speaking, shall stand, and shall address the Chair. No member shall, without the leave of the Chairman, speak more than once to any proposition.

#### VOTING.

13 On putting any question to the vote, the Chairman shall call for a show of hands for the affirmative or negative, and shall declare the result.

14. Any member may then demand a division, which shall be taken in such manner as the Chairman directs.

#### REGULATIONS.

- In making Regulations under Section 25 of the Indian Universities Act, 1904, the following procedure shall be observed:—
  - (i) The Syndicate shall, after framing any proposed Regulations, cause them to be printed and circulated to all Fellows of the University resident in India, and shall invite them to transmit their opinions thereupon to the Registrar by a date to be entered in the notice: such date shall allow not less than fourteen days from the date of the issue of the notice.
  - (ii) On the date fixed in the notice, or as soon thereafter as is practicable, the Syndicate shall consider the replies received, and after making such alterations as to them may seem fit, shall submit the said Regulations in the usual manner to the Senate.
  - (iii) After such Regulations have been passed by the Senate, they shall be submitted to Government for sanction
  - (iv) After the necessary sanction has been recoived, the Common Seal shall be affixed to the Regulations so made and sanctioned, and they shall be published in the Panjab Guartta
    - (v) All Regulations shall take effect from the date of such publication, unless any other date shall be named therein as the date upon which they are to come into force.

#### PROCEEDINGS.

 The proceedings of the Senate shall be recorded by the Registrar, and shall be submitted to the Chairman of the meeting for approval and countersignature, and shall then be published in the Panjab Gasette.

## V-A -BOARDS OF STUDIES \*

1. For the purposes of all examinations, except the Matriculation and School Leaving Certificate Examination, for the subject of Military Science and for the examinations in the Faculty of Commerce and in the Faculty of Engmeering, there shall be Boad's Statules in the Iollowing branches of knowledge:— (I) English; (2) Latin and Greek; (5) French and German; (4) Sanskrat and Hindi; (5) Arabic, Persian, Urdu, and Pashto; (6) Herbery; (7) Panjah; (6) Bengali; (9) Philosophy; (10) History; (11) Economies; (12) Mathematics and Astronomy; (13) Physics; (14) Chemisky; (15) Botany; (16) Goology and Physiology; (17) Geology; (18) Teaching; (19) Law; (20) Medicinne; (21) Agriculture; (22) Political Science; (23) Geography

      - Ramsukh Das College, Ferozpur.
    - (At first the Principals of Mohindra College, Patiala, and D.A.-V College, Jullundur, · shall be members of the Board and then
      - the Principals of Government College,

- Ludhiana, and Ramsukh Das College, Ferozpore.)
- The Principals of two out of the following Colleges by rotation in the order of seniority given below:—
  - Sadiq-Egerton College, Bahawalpur
  - deMontmorency College, Shahpur.
     Government College, Lyalipur.
  - 4. Emerson College, Multan.
  - 5. V.B. College, D.I. Khan
- (At first the Primapals of Sadqu-Egerton College, Bahawalpur, and deMominorency College, Shahpur, then the Primapals of Government College, Lyallpur, and Emerson College, Multan, and then the Principals of V.B. College, D.I. Khan, and Sadiq-Egerton College, Bahawalpur, and so on J.
- (c) Four representatives of Intermediate Colleges as under:→
  - Two representatives of Intermediate Colleges maintained by the Government to be elected by the Principals of those Colleges according to the system of single transferable vote.
  - Two representatives of the Intermediate Colleges not maintained by the Grovernment to be elected by the Principals of these Colleges according to the system of single transferable vote.
- (d) Four nominees of the Syndicate of whom two must be University Professors or Principals of Lahore Colleges—one of those two to represent Arts subjects and the other Science subjects
- (e) The Principal of the Lady Hardinge Medical College, New Delhi, or her nominee.

- (f) The Principal of the Punjab Agricultural College, Lyallpur, or his nominee.
- (g) The Registrar-Secretary ex-officio.

The representatives of the Colleges on the Muffasil Board shall either be Principals or teachers in the Colleges.

In the month of Novomber every second year the Registrar shall arrange for the election of the various representatives as members of the Muffasil Board to take office from the 1st day of January following and hold office for two Calendar years.

Should a vacancy occur during the period of office defined above, it shall be filled by the election of a new member in the same manner as at a biennial election and the new member shall continue to act until the next hiennial election.

The constituences of the four representatives of Intermediate Colleges shall also elect deputy representatives who shall have the right to attend the meeting of the Board when a representative is unable to be present

Except in the case of representatives of Intermediate Colleges, if a ropresentative is unable to be present at a meeting he shall have the right to nominate his substitute for that particular meeting.

The Syndicate shall from time to time frame rules

for the holding of the election.

3 The duty of the Muffasil Board shall be to give advice to competent University bodies concerning problems affecting Colloges and Colloge education in the Muffasil.

\_\_\_

## PART II .- APPOINTMENT AND DUTIES OF OFFICERS OF THE UNIVERSITY. AND EXAMINERS, ETC.

\*VI-B.-REGISTRAR AND CONTROLLER OF EXAMINATIONS, ETC.

#### I .- Appointment and Salary.

1. The Senate may, from time to time, appoint any person to hold the office of Registrar, either substantively or as a temporary arrangement. In the case of a first substantive appointment, the term of office shall ordinarily be for a period of five years, unless the Senate shall otherwise direct.

In the case of a substantive appointment the Senate may, at any time, on giving six months' notice in writing, determine the appointment.

- The terms of this Regulation shall also apply to any person holding the office of the Joint-Registrar when such appointment is, in the first instance, made after June, 1926.
- The Senate may sanction the retention of any person holding the office of Registrar in that office after the expiry of the original term of five years, and in every such case such person shall be deemed to hold the appointment subject to the power of the Senate or of such person to terminate the engagement at any time after the exmry of six months' notice in writing given to the other.
- 3 The salary of the Registrar shall be such sum as the Senate may, at the time of making the appointment, fix in that behalf.

<sup>\*</sup> Regulations under Section 25 (2) (s) of the Indian Univeratties Act.

#### II -Duties

- The Registrar shall be the chief executive officer
  of the Senate and Syndicate, and shall have power
  to—
  - (a) realise and receive all moneys due to the University, and sign and grant receipts for the same;
  - (b) make all disbursements on account of the University authorsed by the Senate or Syndicate, and sign such cheques and other instruments as may be necessary for that purpose:
    - (c) conduct all correspondence relating to the University; and
    - (d) do all other acts and things which may be necessary or expedient for carrying into effect the orders and resolutions of the Senate and Syndicate.
- 5. The Registrar shall maintain proper records of the proceedings of all meetings of the Senate and Syndicate, and of all Faculties and Sub-Committees thereof, and shall be responsible for the regular and correct maintenance of records of the correspondence and accounts of the University. He shall be the custodian of all property of the University and shall have charge of its records and library
- 6 The Registrar shall issue the notices convening all meetings of the Senate and Syndicate, and of all Faculties or Sub-Committees thereof.
- 7 The Registrar shall be responsible for the arrangements connected with the conduct of all examinations held under the authority of the Senate, including the proper printing and issue of examination papers and all other matters connected therewith.
- 8. The Registrar shall be responsible that adequate information is regularly supplied to the Senate and Syndicate in order that the provisions of the Panjab University Act. 1882, and the Indian Universities

Act of 1904, and of all regulations made thereunder, may be duly carried into effect.

9. The Common Seal of the University shall remain in the custody of the Registrar. It shall be the duty of the Registrar, under the orders of the Senate, to affix the Common Seal to Regulations, Degree Certificates, and other documents to which such Common Seal is required to be attached.

10. The Registrar shall discharge all such other duties as may be required of him by the provisions of the Act of Incorporation and the Indian Universities Act of 1904, by any of the Regulations of the University or by the Senate or Syndicate.

11. The Registrar shall discharge his duties under the immediate direction of the Syndicate and the general control of the Senate

12. In addition to the Registrar, the Senate may from time to time appoint any person to hold the office of Controller of Examinations, either substantively or as a temporary arrangement to perform the duties of the Registrar under Regulation 7 above in regard to the arrangements connected with the conduct of all examinations held under the authority of the Senate and the Syndicate may assign to the Controller of Examinations such other duties and functions of the Registrar as it may from time to time think proper.

13. The Controller of Examinations shall in the discharge of the duties and functions assigned to him be under the immediate direction of the Syndicate

and general control of the Senate.

14. The appointment of the Assistant Registrar and of the Assistant Controller of Examinations by the Syndicate shall be subject to the confirmation of the Senale.

15. The duties of the Assistant Registrar and of the Assistant Controller of Examinations shall be from time to time defined by the Syndicate.

16. The Syndicate may, in the absence of the Registrar on leave or otherwise, assign such of his

duties to any officer of the University as it may think proper as a temporary arrangement.

III - \* Dean of University Instruction.

17 The Senate may from time to time appoint any person to hold the office of Dean of University Instruction either substantively or as a temporary arrangement.

VIO.—REGULATIONS RELATING TO THE APPOINTMENT, REMOVAL AND CONTROL OF, THE GRANT OF LEAVE TO, AND THE MAKING OF PROVISION FOR THE RETIREMENT OF OFFICERS AND SEEVANTS OF THE

# UNIVERSITY.

 For the purposes of these Regulations there shall be two classes of officers, namely—

Class A—Officers drawing a salary of not less than rupees two hundred and fifty per mensem,

Class B—Officers drawing a salary of less than rupees two hundred and fifty, but of more than rupees forty-five per mensem.

All other employes of the University are hereinafter referred to as servants.

2. In these Regulations-

(a) "service" means the whole period of continuous service including periods spent on leave:

<sup>\*</sup> For the functions of the Dean of University Instruction, see paragraph 3 of the Syndicate Proceedings, dated the 22nd January, 1688.

(b) "active service" means the time spent-

(1) on duty;

- (ii) on subsidiary leave;
- (iii) on recognised vacation, provided that the officer or servant is not absent on furlough or extraordinary leave during the period of such vacation;
- (c) "salary" means the amount of the monthly pay and allowances granted by the University to any officer or servant;
- (d) "average monthly salary" means the salary whilel any officer or servant has came adduring so much oil his active service as is within three years preceding the day on which he proceeds on leave, divided by the number of months on which the calculation is made; and
- (e) "furlough" means leave other than privilege leave, vacation, extraordinary leave, and leave on medical certificate;
- (f) terms not expressly defined in these Regulations shall bear the same interpretation as they bear in the Civil Service Regulations.
  - \*II .- Appointment, removal and control.
- Save as may be otherwise provided in the Regulations, the appointment to, and removal from office of officers and servants of the University shall, in the case of—
  - (a) officers of Class A—rest with the Senate;
  - (b) officers of Class B—rest with the Syndicate. Provided that no officer of Class B shall be appointed unless his post is provided for in

<sup>&</sup>lt;sup>e</sup> For Rules 1e. applications and appeals from officers in Class B, see paragraph 35 of the Syndicate Proceedings, dated the 3rd May, 1929.

the budget and no such officer shall be appointed on a salary higher than that provided in the budget, except with the sanction of the Senate in either case.

(c) servants—rest with the Head of the Institution to which they are attached; subject to the control of the Syndicate.

Provided that the appointment and leave to, and removal from office of, the members of the elerical staff holding sanctioned posts with a maximum salary of Rs 100 per mensem shall rest with the Vice-Chancellor. In the event of dismissal the person affected may appeal to the Syndicate whose decision shall be final.

4. The salary and the conditions of service of every officer and servant shall be such as the Senate may, either in any particular case or by general direction given in that behalf, prescribe.

 Officers and servants shall be under the control of the authority specified in the Regulations relating to such officers and servants

## III -Leave in the case of officers of Class A.

6. Leave under the following regulations may be granted to officers of Class A by the Senate The grant of furlough and extraordinary leave is subject to the condition that it can be granted without detriment to the business of the University.

7. During the regular annual University vacation an officer may be absent from Lahore, provided that arrangements to the satisfaction of the Vice-Chancellor are made for carrying on the duties of his office during his absence.

<sup>\*</sup> University Readers are entitled to three months' summer vacation (Syndicate Proceedings, dated 22nd April, 1927, paragraph 2).

- 8. If, owing to the requirements of the University, an officer is in any year prevented from enjoying the whole or any part of the annual vacation, he may be granted \*privilege leave on full pay, in less thereof, for such period not exceeding one month for a year, subject to a maximum of four months at a time, as the Senate may determine.
- 9. The furlough earned shall be deemed to be one-
  - (a) furlough may not be granted until the officer applying for it has completed 4½ years' active service:
  - (b) furlough may not be granted again until the expiry of three years from the date of such officer's last return from furlough:
    - (c) not more than two years' furlough may be granted at one time;
  - (d) not more than six months' furlough may be granted to an officer after he has attained the age of retirement in respect of his previous service;
  - (e) not more than six months' furlough for any period of service after the age of 55 years

Provided that officers who have attained the age of retirement bofore 80th September, 1926, may be granted six months' furlough at the time of retirement.

Furlough may be granted in combination with vacation or privilege leave.

10. Leave on medical certificate may be granted to an officer at any time, subject to such limitations

<sup>\*</sup> Privilege leave on full pay can be accumulated by a nonvacation officer up to as many months as the years of his active service, though he is not permitted to take more than four months 'privilege leave at a time and at the age of retirement (Syndicate Proceedings, dated the 90th October, 1933, paragraph 18).

and conditions as the Senate may, m each instance in which such leave is applied for, determine

11. Furlough and leave on medical certificate taken in India shall be reckmed from the date on which the officer quits his office to the date on which he officer sasumes office Furlough and leave on medical certificate taken out of India shall be reckmed from the date of embarkation at the port of departure from India to the date of embarkation at the port of a carrival on return to India.

12. In the case of furlough or leave on medical certificate taken out of India, subsidiary leave, not exceeding ten days on any one occasion of teking such subsidiary leave, may be granted to the officer for the interval between the date of his quitting his office and the date on which he emburks at the port of departure from India and the interval between his landing in India and rejoining his appointment.

18. The monthly allowance to be granted to an officer while on subsidiary leave and furlough shall be a sum equal to half his average mouthly salary, payable for the period spent out of India, at the current rate of exchange. In the case of an officer taking leave on medical certificate, the rate of the monthly allowance (if any) to be granted to him shall be such as the Senate may, in each instance, determine, but shall not exceed the rate allowable in the case of furlough.

14. Leave allowances shall be payable monthly, if payment is made in India, and quarterly, if in England.

15. If the officer overstays his leave, he shall forfait all his salary during the time of his remaining so absent; and if he overstays his leave for more than one week, his office shall be liable to be declared vacant.

16. The Senate may, in its discretion, for any special reason, grant to an officer extraordinary leave of absence, but such leave shall be without pay, and shall not in any case exceed six months, or be granted more than once in the whole course of the officer's service.

17. An officer, holding permanently a teaching jost in the University, provided the appointment is not made for a fixed period, and the officer has served in that espacity for a period of not less than five years, desiring to prosecute higher study abroad, may be granted leave on three-quarters of his pay for a period or periods not exceeding one year in all during his service, provided he spends that period in study or research at a University or other metitation out of India under conditions amoved by the Syndicsts.

In the case of an officer returng from, or otherwise leaving, the service within three years of the expiry of the leave, an amount equivalent to what that officer has drawn as study leave allowance shall be forfatied and the study leave shall be converted into furlough to the extent of the furlough standing to his credit at the date of retriing from, or leaving, the service.

This leave may be combined with vacation or furlough, or both, but shall not count as service for furlough or any other leave.

## IV .- Leave in the case of officers of Class B.

18. Leave under the following Regulations may be granted to officers of Class B by the Syndicate. The grant of all leave is subject to the conditions that it can be granted without detriment to the business of the University.

\*19. If any officer of Class B is permitted by the Syndhoste to be absent during the annual University vacation, such officer shull not be outsided to privilege leave. Any such officer who is not permitted by the Syndicate to be absent during such vacation, may be

<sup>\*</sup> If an omployee gets less than a month of the vacation, he would be entitled to leave for the period necessary to make up full month (Syndicate Proceedings, dated the 18th May, 1928, paragraph 23).

granted \*privilege leave not exceeding one month after eleven months, two months after twenty-two months and three months after thirty-three months' continuous active service. Full pay may be granted to an officer while on privilege leave. Such leave may be combined with furlough or leave on medical certificate.

20. The furlough earned shall be deemed to be one-twelfth of an officer's active service, provided that—

- (a) furlough may not be granted until the officer applying for it has completed six years' active service;
  - (b) furlough may not be granted again until the expiry of six years from the date of such officer's last return from furlough;
  - (c) no officer shall earn more than two years' furlough in the whole of his service:
  - (d) not more than six months' furlough may be granted to an officer after he has attained the age of retirement in respect of his previous service;
  - (e) not more than six months' furlough for any period of service after the age of 55 years.

Provided that officers who have attained the age of retirement before 30th Soptember, 1926, may be granted six months' furlough at the time of retirement.

Provided further that proviso (c) shall not be applied to any officer who has already earned more than two years' furlough by the 1st April, 1917.

21. Leave on medical certificate may be granted to an officer at any time, subject to such limitations

<sup>\*</sup>Privilege leave on full pay can be accumulated by a non-vecation officer at the rate of one month's privilege leave for every 11 months of active sorvice; though he is not permitted to take more than three months' privilege leave at a time and at the age of ishirement (Gyndicate Proceedings, dated the 20th October, 1933, paragraph 15.

and conditions as the Syndicate may, in each instance in which such leave is applied for, determine.

Furlough and leave on medical certificate shall be reckoned from the date on which the officer quits his office to the date on which he re-assumes office.

23 The monthly allowance to be granted to an officer while on furlough shall be a sum equal to half his average monthly salary. In the case of an officer taking leave on medical certificate, the rate of the monthly allowance (if any) to be granted to him shall be such as the Syndicate may, in each instance, determine, but shall not exceed half his average monthly salary for the first six months of such leave, or one-quarter of his average monthly salary for any longer period.

 If the officer overstays his leave, he shall forfeit all his salary during the time of his remaining so absent, and if he overstave his leave for more than one week, his office shall be liable to be declared vacant.

24-A. In the case of the members of the clerical staff holding sanctioned posts with a maximum salary of Rs. 100 per mensem the powers assigned to the Syndicate shall be exercised by the Vice-Chancellor.

## V .- Leave in the case of servants.

25. The grant of leave to servants and the remuneration to be granted to such servants while on leave shall be in the discretion of the Head of the Institutions to which he is attached, subject to the control of the Syndicate.

#### \*VI-Provision on retirement.

A provident fund, to be called the † Panjab

dent Fund established for the benefit of the employees of the

<sup>\*</sup> The word 'salary' does not include the house allowance for purposes of deduction to be made towards the Provident Fund (vide paragraph 6 of the Syndscate Proceedings, dated the 12th May, 1933. + Provisions of the Provident Funds Act apply to the Provi-

University Provident Fund,' shall be established on and from the first day of April, 1906, for the benefit of the officers and servants of the University.

27. Every permanent whole-time officer of the University appointed after the first day of April, 1906, shall, as a condition of his service, be required to become a depositor in the Panjab University Provident Fund. The Syndeste may, at the time of appointment, allow, as a special case, any part-time officer to become a depositor in the fund Auy permanent whole-time servant of the University may become a depositor methe said fund.

\*28. The subscription to the fund shall, in the case of an efficer or servant whose salary is rupees five hundred per mensem or less, be ten per cent. on the salary of the depositor, and in the case of an officer whose salary is more than rupees five hundred per mensom, be ten per cent for the first rupees five hundred of his salary and five per cent, on the amount by which his salary exceeds rupees five hundred Such subscription shall be deducted month by month from the salary of each depositor by the Registrar or other officer of the University whose duty it is to pay such salary, and the amount deducted shall be paid into the University Funds to the credit of the depositor. In any case in which the amount of the percentage to be so deducted would be less than one rupee, one rupee shall be so deducted.

29. At the end of each half year a sum equal to the aggregate amount subscribed to the fund during such half year shall be comtributed to the fund by the University and subject to the conditions contained in

Panjab University (side Government of India Notifications No. F. 29-1-R. 11/34 and No. F. 29-1(s)-R. 11/34, dated the 3rd May, 1934)

<sup>\*</sup>Provident Fund contributions to be made on the full salary and not on the leave allowances for the period that an employee is on leave or furlough (paragraph 24 of the Syndicate Proceed ings, dated the 3rd May, 1929).

the proviso to this regulation: such portion of the amount so contributed as shall be equal to the amount deposited by each subscriber during the half year for which such contribution was made, shall be placed to the credit of the depositor:

Provided that no officer or servant of the University who shall, in the opinion of the Syndicate, he guilty of dishonesty or other gross misconduct, and has been conscouently dismissed from his employment, shall be entitled to the henefit of, or to receive any part or share in, any sums at any time contributed by the University to the fund on his account or the accumulated interests or profits thereof, and that the University shall be outified to recover, as the first charge, from the amount for the time being at the credit of any officer or servant, a sum equivalent to the amount of any loss or damage at any time sustained by the University by reason of his dishonesty or negligence, but not exceeding in any case the total amount of contributions credited to his account by the University and of any interests or increment which has accrued on such contributions

Provided further that no officer or servant shall be entitled to receive any part or share in any sums contributed by the University to the fund and any interest and increment which has accrued on such contributions where he has resigned employment within one year of the commencement thereof, unless he has established to the satisfaction of the University that his retirement is necessitated by incapacity for further service.

30. The University will pay interest on all sums deposited in the fund at a rate\* not less than the lowest rate payable on any issue of Government Promissory Notes, and the amount of such interest shall be halfyearly placed to the credit of each denosition.

<sup>\* 5</sup>½%, vide Syndicate Proceedings, dated the 17th December 1920, para. 16.

- 31. The Registrar shall cause to be maintained proper accounts relating to the fund, showing the account for the time being at the credit of each depositor, and the general state of the fund, in such torm as the Syndicate may, from time to time, prescribe. Each depositor shall be supplied with a Pass Book which shall show the amounts for the time being at credit of the depositor, and which shall be in such form as the Syndicate may, from time to time, prescribe.
- 92. Subject to the provisions of Regulation 29, the amount standing in the fund to the credit of a subscriber shall become payable on the death of a subscriber or on his quitting the service of the University.

32.A. In case of leave granted preparatory to retirement, a subscriber may, at the discretion of the Vice-Chancellor, be permuted to withdraw up to ninety per cent. of his assets in the Provident Fund. If under any exceptional circumstances the subscriber does not retire at the end of the leave, the full amount withdrawn shall be refunded as a condition of continued employment. This payment shall not affect the rules in regard to subscriptions during such leave or the claim to bound or on the interest on the balance.

- \*88. Any depositor may register, in the books of the fund, the name of the person to whom he desires that in the event of his death the whole or any part of the amount of his death the whole or any part of momination may at any tume be revoked by the subscriber or replaced by a fresh nomination.
- 84 The Syndicate may, from time to time, make rules, consistent with these Regulations and with the provisions of the Provident Funds Act, 1925, for—

<sup>\*</sup>If the employee has made an endorsement in his Provident Fund Pass Book, then the payment shall be made in accordance therewith no succession certificate being required in that case (nde paragraph 15 of the Syndicate Proceedings, dated the 15th February, 1989).

- (a) the conduct of the business of the fund;
- (b) any matter relating to the fund, or its management, or the investment of sums at credit of the fund, or the privileges of depositors not herein expressly provided for, and may add to, vary or cancel any rules so made.

84-A As an addition to the benefits given under the Provident Fund Bules, the Syndistic may, at its discretion, grant to an employé, or to the person whose name has been registered under Regulation 38, for efficient and fauthful sorvice, a bonus equal to a half month's actual pay' at the time of reterment, for each year's service. Provided that no bonus shall be given to an employé of under 15 years' continuous service and that no bonus shall noorue for any year over 80 years' service and that no bonus shall be given to the officers of Class A without the sanction of the Sentia.

#### VII .- Age of retirement.

35. (a) The age of retirement in the case of Professors and Readers maintained by the University shall be as given in Chapter VI-D

(b) The date of returement for whole-time teachers confirmed in permanent appointments, including the Principals of the Law and Oriental Colleges shall be September 30th of the year in which they attain the age of 55 years.

If a proposal is made by the Syndicate for the reappointment of any such teachers for a further period, it shall be made at such a time that the Senate may decide the question of re-appointment not later than March in the year in which the retiring age is reached.

(c) The date of retirement for the Registrar and the Joint-Registrar appointed after June, 1926, shall be

<sup>\*</sup> See Synd., 20th Feb., 1920, para. 27, and C.S.R. Article 38 (c), rule 1.

September 30th of the year in which they attain the age of 55 years. An officer may be retained in the post of Registrar or Joint-Registrar after that age with the sanction of the Senate on special grounds, which must be recorded in writing, up to the age of 60 years.

(d) An officer not mentioned above may be required to retire at the age of 55 years, but shall ordinarily be retained in service, if he continues efficient, up to the age of 60 years. He shall not be retained after that age, except in very special currumstances, which must be recorded m writing, and with the sanction of the Senate, and up to the age of 65 years.

(e) Provided that the power of the Senate to make short term appointments, as for example, of Demonstrators for periods of 3 years or of officers on probation shall not be limited in any manner whatsoever.

# VIII .- Transitory provision.

36. (a) The rules relating to pensions and gratuities which came into force on the first day of April, 1899, shall not apply to any officer or servant appointed on or after the 1st April, 1906.

(b) Any officer or servant to whom the rules of the 1st April, 1899, apply, who may desire to be brought under the operation of these Regulations, instead of the said rules, may intimune the fact, in writing, to the Registrar, and upon such intimation being given, the rules of 1st April. 1899, shall coses to apply to such officer or servant who shall thereupon be subject to these Regulations:

Provided that such option shall be exercised before the first day of April, 1906, and not (without the permission of the Syndicate) thereafter.

(c) All contributions at any time made by any officer or servant under the rules of the 1st April, 1899, shall, upon such officer or servant electing to come under the operation of these Regulations, be

placed to his credit in the Panjab University Provident Fund, and shall be treated in all respects as a deposit made under these Regulations.

(d) The Syndicate shall have power to decide any question which may at any time arise in connection with the application of these Regulations to officers or servants to whom the rules of the 1st April, 1899, may apply.

37. Nothing in the foregoing Regulations shall apply to-

- (1) Endowed Students and Translators.
- (2) Readers in the Law College.

VI-D -REGULATIONS RELATING TO THE APPOINTMENT, CONDITIONS OF TENURE

# AND DUTTES OF PROFESSORS AND

READERS OF THE UNIVERSITY.

1. The appointment of a Professor or Reader of the University shall be made by the Sonato on the recommendation of the Syndicate, provided that before recommending the appointment of a Professor, the Syndicate shall consider the reports of such Committee of Selection and Board of Advisors as may be appointed by the Senate for this purpose and provided also, that a local Committee of Selection shall always contain at least two experts in the subject of the Chair, and that each Board of Advisers shall contain at least two External experts in the subject.

2 It shall be an instruction to the Committee of Selection and to each Board of Advisers that in nominating any person for appointment as University Professor they shall have regard to-

- (i) his capacity for research.
- (ii) his powers as a teacher.
- (iii) generally his eminence in the subject or his profession.

3 In cases where a College teacher is nominated by the Syndicute, to be a University Professor, but not as a whole-time servant of the University, whether he receives an allowance from the University or not, the same procedure shall be followed, provided that the recommendation shall not be laid before the Seante unless the Governing Body of the teacher's College shall have consented to his acceptance of the appointment.

#### Conditions of Tenure.

(i) The period of appointment shall always terminate on September 80th (except in cases of removal for due cause).

(ii) In cases where it is not necessary for financial or other reasons to make the period of appointment in the first instance for a limited number of years, the Senste shall decide, on the recommendations of the Syndicate, whether the appointment shall be made in the first instance for an initial limited period, and, it so, what period, or whether it shall be made without time-limit up to the age fixed for retirement.

(iii) In case where the Senate retain a Professor or Reader after an initial period of appointment, without specifying a further period, the re-appointment shall be without time-limit up to the retiring age.

(iv) In cases where an appointment is made for an initial period the Senate shall consider not later than March preceding the end of such period the question of the continuance of the appointment, and the appointment shall not lapse at the end of that period unless the Senate shall have so decided not later than March 31st preceding; and failing such notice the appointment shall be deemed to be renewed for one further years as from the end of the initial period with notice that it will lapse at the end of such further year.

- (v) The age for retirement shall be September 30th, in the year in which the holder of the appointment attains the age of 55.
- (vi) If a proposal is made by the Syndicate for a further period of re-appointment, it must be made at such a time that the Senate may decide the question of re-appointment not later than March in the year which the retiring age is reached.

(vn) The holder of the appointment may terminate it at the end of the Academic Year (September 80th) and not at any other date by notice given to the University not later than March 31st preceding, provided that the Scante may in special cases wrive notice to such extent as it may think fit

to store steen as it may summe it is domiciled in Great Britain, the University shall pay the cost of a first class passage from London to Lahore, and if the appointment is for a limited period, and is not made permanent at the end of that period, the University shall pay the cost of a return passage from Lahore to London provided that if the Professor leave his appointment before the untial period is complete (i e) after June 200 and 100 and 100 are the start of that appointment) he shall be liable to refund the amount of passage money already paid.

(ax) In case of misconduct or incapacity of a Professor or Reader, the Senate shall have power to remove him from office, on the recommendation of the Syndicate, provided that two-thirds of the members of the Senate present at a duly convened meeting of the Senate vote for his removal.

(x) Every Profesior and Reader whose salary is paid by the resisty, shall contribute to the Provident Fund under the Regulations relating to this Fund

#### Duties.

It shall be the duty of each Professor and Reader:—

(a) To contribute as far as in him lies to the
advancement and diffusion of knowledge

especially by the prosecution and promotion of original research

- (b) To give instruction in accordance with the curriculum from time to time prescribed by the University and in accordance with such time tables as may be approved by the Academic Council in the subject committed to his charge.
- \*(c) If required to examine candidates for admission to University classes, and for Degrees and Honours in the subject committed to his charge when appointed by the Syndicate, and to be responsible for such class examinations as may be prescribed by the Academic Council.
  - (d) To take part in the organisation of the work of the University when assigned to any of the University bodies.

### VII —REGULATIONS REGARDING THE APPOINTMENT AND DUTIES OF EXAMINERS †

## Appointment of Examiners.

 All Examiners shall be annually appointed by the Syndicate subject to the general control of the Senste.

The Board of Studies shall, in accordance with the rules approved by the Senate, recommend persons for appointment as Examiners. The recommendations of the Board, before submission to the Syndicate, shall

† Regulations under Section 25 (2) (f) of the Indian Universities Act.

<sup>\*</sup>University Professors and Readers shall be paid for University examination work (side paragraph 8 of the Syndicate Proceedings, dated the 4th May, 1938).

be scrutinised by a Revising Committee consisting of the Vice-Chancellor, the Dean of University Instruction, the Registrar controlling the Examinations, and four other members nominated by the Syndicate each vear.

The Vice-Chancellor, in very special circumstances, shall have the power to cancel the appointment of an Examiner who is shown to be unable to perform the work or to conform to the directions of the Univer-

sitv.

2. In cases of emergency, owing to the refusal or inability of an Examiner to ack, or other cause, when there is no time to bring the appointment of another Examiner before the Syndicate, the Vice-Chancellor, moved by the Registrar, is empowered to appoint such Examiner.

### Duties of Examiners.

3. In all subjects, except languages, the Examiner shall be required, when specially instructed, to set two papers of equal standard, one for the Oriental Faculty and the other for the Arts Faculty. Unless the Examiner who sets the paper is propared to translate for the Oriental Faculty and to examine Vernacular answers himself, each paper set for the Oriental Faculty shall be handed over to a separate Examiner, who shall translate the paper and examine the answers.

4. When the number of candidates for the B.O.L. Examination is small, it is unnecessary to provide a second paper as specified in Regulation 8. The Raglish papers shall be translated, and centegraphed, if necessary, on the spot: the University providing a Translator who shall be present two hours previous to the examination and be subjected to proper supervision.

5. (a) Examiners are required to distribute their questions with some uniformity over the whole range of the subjects in which they examine.

(b) When alternative text-books are recommended, Examiners are required not to base their questions exclusively on any one of such text-books.

6. (a) The Exammer shall strictly conform to the rules laid down in the Regulations for the examinations with which he is concerned, respecting the language to be used in setting and answering the papers.

(b) In the Maticiulation and Intermediate Examinations, passages set for translation into English shall be of an equal standard of difficulty. In case an Examiner is unable to set passage in any one of the languages specified, he shall inform the Registera, and the Syndicate shall make special arrangement for the paner in that vernacular.

7. No Examiner shall give any fractional marks for any paper in the results sent to the Registrar.

In all except Degree Examinations every Examiner shall assign marks for each question, which shall be indicated in the right-hand margin of the paper.

9. Any paper which does not strictly conform to the rules heroin laid down, may be returned by the Registrar to the Examiner for correction.

10. Every Examiner shall forward his paper to the Begistrar in a cover which shall be properly scaled, registered and insured, and the Registrar is authorised to reject any paper which is not forwarded in the prescribed manner.

11. In the M and S L C. Examination, whenever there is more than one Examiner in any paper, another Examiner, to be called the Head Examiner, shall be appointed for that subject. The Head Examiner shall set the question papers and shall restamine shall set the question papers and shall restamine on the same seven and a half per cent. of the answer-books examined by each of the Examiners in his subject in order to see whether a uniform standard has been adopted. Where there appears to be a warf of uniformity, he shall at once return the answer-books to the Examiner whose marking need revision.

along with at least 5 answer-books examined and marked by himself, and with such instructions or suggestions as he deems necessary.

The answer-books shall be sent in the first instance to the Head Examiner in packets of 50:

12. In no case shall the Head Examiner himself increase or diminish the marks assigned to any paper by an Examiner. In case of a difference arising between a Head Examiner and one of the Subordinate Examiners, the matter shall be referred to the Board of Studies for decision.

\*18. The Head Examiner shall be responsible that the results in his subject are submitted in due time; and shall certify that he has re-examined the required

percentage of answer-books.

14. Before the publication of the results of an examination they shall be submitised, together with a statement of the percentage of passes in the whole examination and in each subject, for the current and the five preceding years, to the Board of Moderators appointed in the manner provided in Regulation 14-A.

The Board may then order the publication of the results. If, however, the Board considers, after examination of the figures submitted, that there has been a distinct change of standard in the whole examination or in a particular subject, I the Board may refer the matter to the Examiner concerned for a

ner (Synd, 25-1-24, para. 7)
For the functions of the Head Examiners in the Intermediate or the BA. (BA English excepted), see paragraph 22 of the

Syndicate Proceedings, dated the 20th May, 1927.

For the functions of the Chief Examinets in B.A. English,
 pera 7, Synd. Proc., 25-1-24.
 For B.A. English reference to be made to the Chief Examinets.

The Head Examine in Intermediate English shall not mask on his own secount any answer pape, but shall confine hurself to the work of keeping up a uniform standard among the Sub-Examiners, and that he be required to revise 10% of answerbooks instead of 5% (orde paragraph 22, Syndacate Proceedings, dated the 10th April, 1985).

report on the apparent change of standard, and may suggest a specific modification of the results. In the event of a similar reference having been previously made by the Registrar, the replies of Examiners to this may be taken without a further reference by the Board.

If the Board and the Examiners now agree on the modification (if any) to be made, the Board shall authorise the publication of the results accordingly.

If, however, the Board and the Exammers (or one of these) do not agree, or in or report can be obtained from an Examiner, the Board, if unanimously of the opmon that there has been a distinct change of standard, may order a re-examination of any set of papers by an Examiner appointed by the Vice-Chancellor, or in his absence by the Durector of Public Instruction

14-A. The Board of Moderators for the purposes of the preceding Regulations shall consist of the Registrar, and four Fellows of the University to be nominated by the Syndicate.

# VIII —REGULATIONS FOR THE CONDUCT OF

1. All examinations shall be held at such centres as may be appointed by the Syndicate.

The Superintendent of each centre shall be appointed by the Syndicate at least one month before the date fixed for the commencement of the examination.

In cases of emergency, owing to the refusal or inability of a Superintendent to act, or to other cause, when there is no time to bring the appointment of a Superintendent before the Syndicate, the Vice-Chancellor, moved by the Registrar, shall be empowered to amonint such Superintendent Where necessary the Registrar shall arrange for the appointment of one or more Assistant Superintendents.

- 3. The rules relating to the Duties of Superintendents, including the Directions to Candidates, may be altered from time to time by the Syndicate with the sanction of the Senate.
- 4. If a candidate's paper is duly recorded by the Superintendent of the exmination as having been received by him and is thereafter lost, and if he passes in all other subjects of the examination, he may be required to appear in that one paper which is lost on a date fixed by the Registrar, and if he obtains pass marks he shall be deemed to have passed the examination.
- 5 'If a \*college candidate or a famale private candidate accepted for one of the examinations named below is unable to appear in, or to complete, the examination on account of his or her serious illness or of an accident to himself or herself he or she may be given another opportunity of passing the examination the same year by the Vicc-Chancellor on satisfaction by the evidence produced that the concession applied for is justified in accordance with the intentions of this Regulation.

Such a candidate may be examined in a supplementary examination held in October on the payment of the prescribed fees but only in the subjects or pepers he could not take in the annual examination and provided that he has not already failed on the subjects or papers taken

The application of such a candidate shall be entertained only if it fulfils the following conditions:—

(a) it is submitted without any delay and in no case later than the tenth day from the date of the candidate being incapacitated from

<sup>\*</sup> Includes ex-college candidate (side para. 20 of the Syndicate Proceedings, dated the 10th April, 1935).

taking or completing the examination and is submitted through the Principal of his college with adequate certificates.

(b) The Principal of the college certifies, after making necessary enquires, (i) that the candidate could not appear in or complete the examination without grave danger to the health of himself or others, or that it was physically impossible for limit to appear in or complete his examination, and (ii) that the candidate had a reasonable chance of success if he had appeared in the examination.

This Regulation shall apply to the following examinations.—

Intermediate Arts and Science;

B A and B.Sc (Pass); and

Examinations in Medicine, Agriculture, Law, and

Candidates to whom this concession is granted shall be provisionally allowed to read for the next higher class in the college till the publication of the results

Provided that no candidate who passes under this Regulation shall be eligible for a scholarship

6 Admission to a supplementary examination as in Regulation 5 shall also be allowed if a candidate is unable to complete his examination on account of the death of a near\* relative on one of the days of the examination certified by a First Class Magistrate, and under the same conditions.

7 On every day of the examination, each time before the examination begins, the Superintendent shall read out the Instructions to the candidates and call upon them to part with and deliver to him all

<sup>\*</sup> By a near relative is meant father, mother, full and half brother and sister, paternal and maternal uncle, paternal grandfather, wife, son, daughter, and husband.

papers, books or notes which they may have in their possession. No late comer shall be admitted unless this warning has been repeated to him at the gate

The Superintendent shall forward to the Controller every day a declaration squed by him and witnessed by the Deputy Superintendent to the effect that he did, as a matter of fact, read out the Instructions to the candidates and did call upon them to surrender all papers, books or notes in their possession.

8. Any candidate found to have in his possession or accessible to him, papers, books or notes, which might be of assatance to him for the purpose of that examination, or detected in giving or roceaving assistance, or using or attempting to use any other unfair means in connection with the examination, shall be expelled by the Superintendent of the Centre from the Examination room.

9. Any candulate found having in his possession or accessible to him, papers, books or notes, which might possibly be of assistance to him for the purpose of that examination, shall be disqualified from pussing the examination for that year only

10 Any candidate detected in giving or receiving assistance or found guilty of copying from any paper, book or note, or allowing any other candidate to copy his answer-book, or using or attempting to use any other unfair means, shall in the case of the following examinations be disqualified from passing the said examination that year and the next ven:—

- (i) Matriculation or School Leaving Certificate Examination:
- (ii) Examinations in Vernacular Languages;
- (iii) Proficiency and High Proficiency Examinations in Sanskrit, Arabic and Persian,

and in the case of other examinations, from passing the said examination that year and the following two years. 11. Any candidate found guilty of deliberate previous arrangement to cheat in the examination as smuggling in another answer-book, impersonation or some other misconduct of sernous nature, shall be disqualified for five years, or declared as not a fit and proper person to be admitted to any future examination of the University, according to the seriousness of the offence and the other circumstances of the case:

Provided that, on the expiry of five years of such declaration, including the examination in connection with which he was punished, the Syndicate, with the sanction of the Vice-Chancellor, may, in special cases, exempt a candidate from the further operation of this rule.

- 12. Any candidate found guilty of using abusive or obscene language in the answer-book shall be punished as in Regulation 9, and if found guilty of forging another person's signatures or of obtaining admission to the examination on false representation made on his application form, he shall be disqualified as under:—
  - Matriculation or School Leaving Certificate Examination or the Proficiency Examination in Vernacular Languages and Oriental Titles, as in Regulation 10, and
  - (ii) in the case of other examinations, as in Regulation 11.
- 13 Any candidate found guilty of disclosing his identity or making peculiar marks in his answer-book for that purpose, shall be disqualified as in Regulation 9

Explanation.—An approach made by a relative, guardan or a friend of a candidate will, as a rule, be considered to be or belauft of the candidate who shall be punished as laid down in this Regulation.

---

#### PART III.—AFFILIATED COLLEGES AND STUDENTS OF THE UNIVERSITY.

#### IX —REGULATIONS RELATING TO A UNIVER-SITY REGISTER OF STUDENTS.\*

1 The Registrar shall maintain a register of all students of the University, including graduates reading for a higher examination.

In this register shall be recorded under the name of each registered student, the dates of admission or re-admission to, and of leaving, any affiliated college, every pass or failure in a University examination with his roll number, any University scholarship, medal or prize won by the student, every degree taken

2. Registration in this register shall be deemed

8 The Principal of every affiliated college shall forward to the Registra within fourteen days the name of every student admitted or re-admitted to that college, together with the registration fees required by-these Roculations.

If any student is struck off the rolls of a college, if any student migrates to another college, is rusticated or expelled, such fact shall be immediately reported to the Registrar.

4. In the case of a student seeking admission after Matriculation, the Principal of the college to which he has been admitted shall inform the Registrar of the date on which such student passed the Matriculation Examination and quote his roll number.

In the case of a registered student joining or rejoining a college, the Principal shall quote such student's registered number

<sup>\*</sup> Regulations under Section 25 (2) (h) of the Indian Universities Act.

- 5. On registration as a matriculated student every student shall be informed through his Principal of the registered number under which his name has been entored in the register, and that number shall be quoted in all subsequent reports concerning that student, and in all applications by that student to be admitted to a University oxamination.
- 6. On Matrioulation every student who joms a college outside Lahore shall be required to pay to the Univorsity a registration fee of four rupees when his name is sent in by the Principal. A student joining a Lahore College shall pay rupees five

A special University fee of rupees three per annum shall be levied from all registered University students on the rolls of an affiliated college in Lubovo, except students in classes affiliated in the Oriental Faculty, annually from the commencement of the year follow-

ing that in which the student paid his registration

fee. No further fee for registration shall be charged, unless a student's name is, for any reason other than legitimate migration, struck off the rolls of a college, in which case he shall pay one rupec to have his name

re-entered in the University Register.

7. All applications for admission to University Examinations shall be lisble to be scrutinised by comparison with the University Register, and the Registers may refuse any application of any candidate about whom complete particulars have not been reported, and require him to forward through his Principal a complete statement of the particulars which have not been properly reported, togother with an additional registration fee of two rupees, or in the case of a Labore candidate three rupees.

8 Any registered student may at any time receive a certified copy of all the entries under his name

by payment of three rupees.

9. Any person who applies for special permission to appear in an examination as a private candidate, if

he has been at any time matriculated in the University, shall quote his registered number, or if he has not been so matriculated, shall register his name as a matriculated student, paying the usual registration fee before he appears in the examination to which he seeks admission.

# X.—REGULATIONS RELATING TO AFFILIATED COLLEGES.\*

### Affiliation.

 Any college applying† for affiliation shall submt,‡ with the letter of application, a statement under each of the clauses of sub-section (1) of Section 21 of the Indian Universities Act, 1904.

#### Explanation.

This statement shall include in addition to any other particulars expressly required by the Act—

Under clause (a) a statement containing full information regarding the constitution of the Governing Body and the names of its Members

Under (b) a statement showing the staff of teachers employed, or proposed to be employed, their qualifications, the subject or subjects proposed to be taught by each of them, § and the conditions governing their tenure of office.

Frequiations under Section 25 (2) (i), (j) and (k) of the Indian Universities Act.

<sup>†</sup> Applications for affiliation in the case of the Colleges maintained by the Punjab Government shall be made through the Director of Public Instruction, Punjab (sade paragraph 4 of the Syndicate Proceedings, dated the 12th April, 1934).

<sup>&</sup>lt;sup>1</sup> Before December 1st each year (Synd, 7th February, 1919). § In Setunce subjects Colleges muss provide at least one teacher for every twenty (or fraction of twenty) students doug laboratory work at the same time (eide Synd, dated 31st May, 1910). Student Demonstrators should not be in bead charge of the Practical Class (Synd, 4th January, 1918, nars, 14th).

Under (c) a complete plan to scale of the buildings and grounds and the following statements, namely —

- of the number of students attending the college;
   of the number of such students not residing
  - of the number of such students not residing with their parents or guardians;
- (8) of the arrangements made or about to be made for the residence of such students in the college or lodgings approved by the college.
- (4) of the arrangements made or about to be made for the supervision and physical welfare of all students of the college, including arrangements made for gymnasia, drill, games, and the like.

Under (d) a statement showing the number and character of the books composing the library, and the amount ordinarily spent on the upkeep and increase of the library.

Under (e) a statement showing the appliances provided or proposed to be provided for teaching the subjects in which affiliation is sought, and amount to be annually expended on such appliances

Under (g) a statement showing the financial resources of the college, including a statement of the annual income and expenditure.

Under (i) a statement showing the rates of fees (if any), and the number of students exempted wholly or m part from such fees

2. An inspection of every affilinted college shall be held under Section 23, sub-section (8), of the Indian Universities Act, 1904, from time to time. The inspection may relate to the accommodation, sanitary arrangements, and provision made for the residence, supervision and instruction of students, the library, and the furniture and apparatus, the registers, and the qualifications of and duties performed by each member of the staff; but in other respects it shall not refer to the internal management of the institution.

which shall be left to the discretion of the responsible authority.

- The report of such inspection shall be submitted to the Syndicate in the form to be prescribed by the Syndicate.
- 4. In the month of May of each year, or in such other month as the Syndiense may, from tume to time, determine, the Principal of every uffliated college shall submit a report to the Syndicate showing the circumstances of and changes in the management, the staff, changes in the staff and qualifications of new members, number and distribution of students, income and expenditure of previous financial year, results of exammations, changes in the scale of fees and of exemptions or reductions permitted, scholarships, condition of library, number of students in boarding-house, college rules
- 5. The Principal of every affiliated college shall report to the Registrar, within a fortnight, for record in the University Register of Students, the admission, withdrawal and transfer of students.
- 6. The following shall be kept by every affiliated college and submitted when required to an officer appointed by the Syndicate:—
  - (1) A Register of Admissions and Withdrawals.
  - (2) Registers of Attendance at Lectures.
  - (8) A Register of Fees.
  - (4) A Time Table.
- 7 The following inter-collogiate rules shall be observed in all colleges affiliated in the Faculties of Arts, Science, Law or Agriculture except rule 1 in the case of colleges affiliated in the Faculty of Agriculture:—
  - Rule 1—The admission of students to the first year class shall begin on the tenth day and shall end on the twentieth day after the publication of the Matriculation results, or in the case of students who have

qualified in the Cambridge School Certificate Examination the admission shall begin ten days after the publication of the results of this examination and shall end on the twenteeth day after the publication of the Matranlakion results, and admission to the third year class shall begin on the teach day after the publication of the Intermediate results, and shall cease on the tenth day after the reopening of the colleges after the summer vecation:

Provided that in exceptional cases the Principal of a college may admit a student to the third year class before the summer vacation without requiring him to attend in person.

- Rule 2.—No student who has joined one college shall be admitted to another college during the sume course,
- unless (1)—he has obtained a leaving certificate. This certificate is not to be given by his Principal until the transfer has been sanctioned by the Vice-Chancellor:
  - (ii)—one or other of the following conditions is satisfied, namely.—
  - (a) if a change of residence by his father or guardian has made it necessary for a
    - student to change his college;

      (b) if a student has joined a college without the permission of his father or guardian;
  - (c) if a candidate wishes to take up another subject which is not taught in the col-

The Syndicate has ruled that a candidate must present himself in person at the time of admission.

Students who fail in the Intermediate and B A. Examinations should be allowed to rejoin second and fourth year classes respectively of their own college before the beginning of the vacation without a personal application (Synd., 5th April, 1918, para, 1)

lege; (the letter sanctioning the migration shall specify this fact and the student shall offer the new subject for the examination);

- (d) if a candidate seeks migration owing to change in financial circumstances (such cases should be supported by a certificate from the Principal);
- (c) if in the interest of college discipline the Principals of the colleges concerned agree,
- and (iii)—has obtained through his Principal the permission of the Vice-Chancellor.

No application for transfer shall be entertained unless the student's statement is supported by his Principal who, in the case of migration of students who are provisionally promoted, shall state all the relevant facts on the application

- Rule 3.—If a student's name is struck off the rolls of his college, the student may be readmitted to the same class at the discretion of his Principal.
- Rule 4.—If a student is struck off the rolls of a college for any reason other than misconduct, be may be admitted to the class from which his name was struck off the rolls; in any college when a new class of the same kind is formed in any subsequent year but within seven days of the first admission to such class on production of a leaving certificate.
- Rule 5.—A student roading in the Second, Fourth, or Sixth Year class of a college shall not be admitted to another college unless he satisfies the conditions (1), (ii), and (iii) of Rule 2.
- Rule 6.—A student who has completed his course for a University examination may rejoin

his own college or on production of a leaving certificate may join any other college when a new class of the same kind is formed in any subsequent year but within seven days of the first admission to such class.

Rule 7.4—In colleges where fees are charged, students shall be charged fees from the first of May. A second tuttion fee for the same month shall not be charged from a student migrating from one affiliated college to another.

8. The Vice-Chancellor shall have power to authorise migration from one college to another, or other admissions to colleges not allowed by Regulation 7.

9 A college affiliated in a particular subject for the Master of Arts Examination may, subject to the approval of the Academic Council of the programme of teaching, either (i) provide all the necossary instruction in that subject for its own students; or (ii) take part in an Inter-Collegiate programme of instruction with, or without, the assistence of University teachers.

Unless exempted by the Academic Council, with the consent of the Heads of other colleges concurred no college shall be entitled to present candidates for the examination unless it provides, or is prepared, its required, to provide, an approved teacher for a course of lectures (of two periods a week) and further pro-

Note.—Sudents who wish to continue their education in any technical institution, should enter their names provisionally on the rolls of an Aris College before the last date laid down by the inter-college rules, on the understanding that if they are subsequently admitted to such an institution, their fees will be remitted (ride Synd., dated 21st October, 1995).

<sup>\*</sup>A college is enhilled to the tuiton fees for the month in which the student leaves the college the college to which he migrates is not entitled to take fees for the fraction of a month (paragraph 16 of the Syndicate Proceedings, dated the 16th February, 1985).

vides for its own students tutorial supervision and instruction.

10. When two or more colleges with or without the assistance of University teachers, agree to share the teaching work in a purtacular subject for the Master of Arts Examination, and their programme has been approved by the Academic Council, there shall be constituted a Committee of Control for each group providing combined teaching. Such a Committee shall consist of the Head of the Department of the particular subject in the University and in each college and any University Professors or Randers taking part in the authored more difference of the Council o

11. The Committee of Control is the authority empowered to admit\* students to the class, to draw up the programme of teaching work for approval by the Academic Council, and to certify the candidates for the examination.

This Committee shall report to the Dean of University Instruction in January of each year whether the students of each class are in the opinion of the Committee suitable candidates for the examination.

When a college provides the whole teaching staff itself the functions of the Committee of Control shall be exercised by the Hend of the Department of the subject in that college.

# X-A.—REGULATIONS DEALING WITH THE RECOGNITION OF SCHOOLS.

1. | Schools shall be recognised by the University for the purpose of the Matriculation Examination when

† Whereas the Syndicate has from time to time given permanent permission to some institutions to send up its students as

<sup>\*</sup>The enrolment in the M.A. classes should be complete by the end of October, and admissions later than that would be inside only on the special order of the Desin of University Instruction for satisfactory reasons shown (Academic Council Proceedings, dated the 4th of December, 1935, pagraph 14).

the Syndicate is satisfied that the following conditions are fulfilled in each case, namely:—

- (a) that the existence of the school is generally desirable;
  - (b) that its financial stability is reasonably assured, and its Managing Body, where there is one, properly constituted;
  - (c) that it teaches the proper subjects up to a proper standard, and that due provision is made for the instruction, health, recreation, and discipline of the pupils;
  - (d) that the teachers are suitable as regards character, number, and qualifications;
  - (e) that the fees to be paid will not involve such competition with any existing school as will be unfair and injurious to the interests of education:
  - (f) that inter-school rules are observed; and
  - (g) that no text-books are in use which are disapproved by Government.
- 2 Recognition by the University shall ordinarily be accorded to schools recognised by the Education Department, 'on the understanding that the conditions prescribed in Regulation 1 are fulfilled, and that unspection reports on any of these schools will be furnished to the Syndicate if asked for. In doubtful cases

private candidates to the Matraculation examination, under Egylation 4 (c) a page 136 of the Galendas, thus is stantaments to recognition by the University and in future such institutions should be recognised by the University under Regulation 1 of Chapter X-A (cids paragraph 23 of the Syndicate Proceedings, dated the 8th of November, 1935).

<sup>&</sup>quot;The Synducts will not recognise any school that is refused recognition by the N.W.P.F. Beneatson Department but it reserves the right of refusing recognition to a school (although it may continue to be recognised by that Dept.) either attogether or in part if at any future time such school should fall to satisfy 100k, tutter. 19.0 Chapter X.A. of the Calendar (Synd., 7th March 190k, tutter. 190k)

it shall be open to the Syndicate to make special enquiries, and, if necessary, to refuse recognition.

3. The recognition of any school by the University may be cancelled if the conditions of recognition at any

time cease to be fulfilled.

4. In each year, immediately after the results of the Mesticulation Examination have been published, the Registrar shall prepare a list of recognised schools, which have failed to obtain an average of 38 per cent. of passes in the three preceding examinations, including the examination just ended. The Syndaste may then arrange for a special inspection of any such school, with a view to ascertaining the competence of the skaff, the nature of the teaching, and the mode in which class promotions are given On receipt of a report on these points, the Syndicate shall decide whether recognition of the school should be continued.

#### X-B —REGULATIONS RELATING TO UNIVER-SITY TERMS AND PERIODS OF INSTRUC-TION REQUIRED FOR VARIOUS EXAMINATIONS.

1 The Calendar year shall be divided into three terms, one long vacation and two short recesses as follows:—

Winter term.

(Spring Recess.)

Summer vacation.

Autumn term. (Christmas Recess.)

Provided that in the Hills, the year may be divided into Winter Vacation, Spring Term, Summer Term (Recess) and Anturn Term.

The University year shall run from the beginning of the Autumn Term to the end of the Summer Vacation.

The financial year shall run from April 1st to the 31st March of the following Calendar year.

An "academic year" means the total period during which instruction is required for the purposes of any examination between the commencement of one examination and the commencement of the next examination twelve months later.

2 For University classes in the Faculties of Arts, Science, Oriental Learning and Commerce the terms shall run as nearly as may be:—

· Autumn term—

September 15th or October 1st to the Christmas holidays.

Winter term-

New year to the end of March

Spring Recess-

1st-14th April.

Summer term— 15th April to 15th or 80th June.

Summer Vacation-

June 15th to 80th to September 15th or October 1st.

The exact dates for the opening and closing of vanous University classes shall be determined by the Syndacts after consideration of any recommendations made by the Academic Council, or the Managing Committee of a University college. Minor adjustments may be authorised by the Vice-Chancellor

8. During the terms fixed for the instruction of University classes all teachers of University classes, whether they are maintained by the University or by a college, shall be available for such instruction if recurred, unless they have received leave of absence by a special or general order by a competent authority. Those University teachers who are entitled to a four nonths summer vacation by the terms of their appointment shall normally take this from June 1st to September 30th, but may be required to take it about a week later.

4 Students enrolled in University classes shall be required to attend throughout the University terms, whether college classes are working or not, except on holidays approved by the Academic Council, or the Vice-Chancellor.

5. An affiliated college may open before a University term begins and remain open after a University term has ended, and subject to Regulations 3 and 4 above, may close for occasional holidays during term.

- 6. In Degree colleges the third year class may be enrolled in accordance with Rule 1 of Regulation 7 of Chapter X towards the end of the University summer term, or at the end of the summer vacation. The fourth year class will begin work at the beginning of the next summer term The full courses of lectures required under Regulation 2 (iv) (2) of the Examination Regulations shall be reckened from the beginning of the University autumn term (September 15th or October 1st) of one year to the 15th March of the year after the next, including the periods of these five University terms and excluding lectures delivered during vacations. Provided that in colleges in the hills which take their long vacation in the winter, the third year must be enrolled at the beginning of the summer term, and the full course will run from then till December 21st of the following year
- 7. In all colleges a first year Intermediate class shall be formed during the summer term in secondance with Rule 1 of Regulation 7 of Chapter X. The second year class will begin work at the beginning of the next summer term. The full courses of lectures required under Regulation 2 (iv) (2) of the Examination Regulation shall be reslocated from the twelfth day.

after the publication of the Matriculation results in the first year to the 15th March of the year after the next—including all teaching given within this period without reference to University terms.

# XI.—REGULATIONS RELATING TO PRIVATE CANDIDATES.\*

1 †No one who has attended any college as a student at any time during the academic year preceding a University examination shall appear at that examination as a private candidate.

Provided that this shall not apply to candidates for Oriental Titles Examinations, who have attended any college not affiliated for these examinations.

- 2. Subject to Ragulation I, only persons belonging to the following classes, not being stitlents of any oollege affiliated to the University, may be recommended by the Syndicate for admission, by special order of the Senate, as candidates at any University examination in the Faculties of Oriental Learning, Arts, Science, and Agriculture, other than an examination for Matriculation.—
  - (a) Female candidates.
    - (b) A tteacher, who (a) is employed as a member of the whole-time teaching staff of a re-

<sup>&</sup>lt;sup>b</sup> Regulations under Section 25 (2) (p) of the Indian Universities Act of 1904.

j A student whose name is not on the rolls of a college but who, with the consent of the Principal of a college, attends a course of lectures in a subject or subjects does not for this reason forfeit he right by appear as a private candidate if he is otherwise eligible to do so (vide paragraph 25 of the Syndicotz Proceedings, dated the 24th April, 1936).

A laboratory assistant whether in a Government or a private college is not considered as a 'teacher' for this purpose.

cognised School or of an affiliated College and (b) has either been so employed for the nine months previous to the date of submitting his admission form for the examination or has so served for a period of two years.

(c) Legal Practitioners enrolled to practise in Lahoro High Court or Courts subordinate thereto.

\*(d) Lute College students who have completed the prescribed course for an examination, and are recommended by the Principal of the College for admission to such examination, within a period of three years after completing such course.

(e) Candidates for the Degree of Doctor. (i) Candidates for the Proficiency, High Proficiency, and Honours Examinations in Classical Oriental, and Indian Vernacular Languages appearing from territories within the jurisdiction of the University, or bona fide candidates certified by the Superintendent of Education, Delhi Province, to be students of, or teachers in, an educational institution within the Province of Delhi, and candidates appearing from territories within the jurisdiction of the University in the English papers of the Intermediate and B.A. examinations of the Arts Faculty, after having passed one of the examinations animarated in this clause.

<sup>\*</sup> The words "Late college students" include those who have steended a full course of lectures and have not appeared in the examination and do not want to rejoin a college next year (indeparagraph 14 of the Syndicate Proceedings, dated the 17th Hebruary, 1923.

A student can change his subjects when appearing as a private candidate under this Regulation (vide paragraph 20 of the Syndicate Proceedings, dated the 25th October, 1935)

- \*(g) Whole-time Librarians or Labrary Clerks who for the twelve months previous to application have served in the Library of any affiliated College, the University Library, the Punjab Public Library, or any other Public Library approved by the Syndicate for this purpose.
- (h) Deputy Inspectors, District Inspectors, and Assistant District Inspectors of Schools in the Punjab, and the North-West Frontier Province.
- (i) A teacher, who (e) is employed as a member of the whole-time teaching staff of an educational institution under the direct control of a Department of the Pumpls Government, (b) has either been so employed for the nine months previous to the date of submitting his admission form for the examination or has so served for a period of two years, and (c) is recommended by the Head of the institution concerns.
- (j) A Physical Instructor, who (a) is employed as a whole-tume member of the staff of an affiliated College and (b) has either been so employed for the nme months previous to the date of submitting his admission form for the examination or has so served for a period of two years.
- 3. Any one who resides within the territorial limits of the University of the Panjab and has not been reading in any school whatsoever at any time since

Municipal Přible Lubrary, Bohiak, Ellot Lubray, Guchas pui. Dyal Samp Lubrary, Labore; King Lubrary, Gugnat, Lubrary of the Tunjab Text-Book Committee, Labore; Dwarks Das Lubrary, Labore; and Municipal Public Library, Americar, apprived for purposes of (g), sude Gyal Free, 1911-126, para. and Synd. Free , 30-11-36, para. 31, respectively.

July 1st of the year preceding an examination for Matriculation and School-Leaving Certificate may (if he otherwise qualifies) appear in that examination as a private andidate.

 The Syndicate may admit as private candidates to an examination for Matriculation and School-Leaving Certificate—

(a) Female candidates.

(b) Pupils of unrecognised \*night schools in the Puniah.

(c) Other candidates from unrecognised schools in the Punjab for special reasons to avoid hardship.

(d) Candidates who having passed the Matriculation or the School-Leuving Certificate Examination of the University of the Panjab appear in additional subjects.

(e) Candidates who have failed in the M. & S.L.C.

Examination of the University of the Panjab.

(f) Candidatos who having passed any of the Examinations in Oriental Languages or in Vernacular Languages of the University of the Panjab appear in English only.

(g) Under exceptional circumstances other candidates who reside outside the territorial limits of the University of the Panjab and have not been reading in any school since July 1st of the year preceding the Examination

<sup>\*</sup> Night School means an institution in which tuition is given to those who do not attend any other school for general education and who are occupied during the day in earning a living, or in learning some art or handicraft.

<sup>|</sup> Application for permission should reach the Registrar not later than 31st October and preferably through the Inspector of Schools.

#### XI-A.—RESIDENCE OF STUDENTS.

- Every undergraduate student of a Labore College, affiliated in Oriental, Arts, or Science Faculty, shall live during term time:—
  - \*(a) with his guardian or near relative appointed by the guardian for this nurpose:
  - or (b) in a College hostel;
  - or (c) in a hostel recognised by the University

Provided that the Principal of a College may permit an undergraduate student to live in an unrecognised hostel or other lodgings as a special case. A list of all such cases shall be forwarded during the

month of December to the Registrar.

Provided further that in the case of Oriental Titles
students, residence in a mosque or temple buildings
may be approved by the Principal in lieu of recognised hostels in accordance with such orders as may
be passed by the Svndiotte from time to time.

---

<sup>\*</sup> The word 'guardian' means the person on whom the student is dependent and who bears the cost of his living and advanting

#### PART IV.—COURSES OF STUDY, EXAMINA-TIONS, SCHOLARSHIPS, ADMISSION TO DEGREES.

# XII -- \*E X A M I N A T I O N S +

# † XII-A.--MATRICULATION EXAMINATION AND

#### SCHOOL-LEAVING CERTIFICATE EXAMINATION.

1. The Matriculation Examination and School-Leaving Certificate Examination shall be held

<sup>\*</sup> Under this Chapter, a refund of examination fees shall be made if the candidate dies before the commencement of the examination (paragraph 17 of the Syndicate Proceedings, dated the 8th June, 1931).

Regulations under Section 25 (1) and Section 25 (8) (n) and (o) of the Indian Universities Act. These are two separate examinations.

For the examination the following places have been appointed ---

Lahore, Mianwali, Ambala, Karnal, Ludhiana, Amritsar, Gujranwala, Sialkot, Rawalpindi, Gnjrat, Hoshiaipur, Multan. Dera Ismail Khan, Jhang, Sunagar (Kashmir), Peshawar, Bannu, Jammu, Jullundur, Bhera, Firozpur, Dharamsala, Dera Ghazi Khan, Patula, Batala, Lyallpur, Simla, Kapurthala, Bahawalpur, Gudaapur, Basa, Aya, Tanimana, Aspurnasa, Campbellpur, Moga, Mongoneay, Chakwaya, Mundiagrah, Chiniot, Abbodabad, Gojra, Kharar, Wazurabad, Gujarhan, Kanaita, Faridikot, Tanda, Ruper, Shalpur, Bara Manga, Kangra, Una, Dinga, Khanna, Pasrur, Gugaon, Panpat, Haranan, Kohat, Mandh, Lesha, Mardan, Nowshera, Haffaabad, Pathankol, Phillaur, Jagraon, Rewari, Mahlupr, Nawanshair, Kasu, Poonch, Delhi, Deia Baba Nanak, Okara, Jaranwala, Qadian, Nakodar, Khanawal, Tarn Tarau, Parachinar (N.W.F.P.), Haripur, Fazilka, P.D. Khan, Pishin, and Shekhnpura.

annually at such places as may be appointed by the Syndicate, and the examinations shall begin on the first working day after the ninth day of March or such other date as may be fixed by the Syndicate.

Provided that, except with the special permission of the Syndicate, every candidate shall be required to appear at the centre nearest to the place where he has been studying.

These examinations shall be open to—

(a) any pupil of a recognised school who-

- (i) has his name submitted to the Registrar by the Manager or the Headmaster of the recognised school he has most recently attended:
- (ii) produces the following certificates signed by the Headmaster of the recognised school he has most recently attended —
  - (1) of good character;
  - (2) of having completed an adequate course\*

The Syndieste will take into consideration any application to constitute any other place a centre of examination, provided it be shown that satural-cory arrangements can be made thereat, and that each application to secul to the Syndiests at least arrangement and the second application of the secul to t

counted from the opening of the class in the case of boys (89ms.), 18th November, 1908, paragraph 8, and also 20th March, 1909, and 66 per cent. in the case of girls (eide paragraph 24 of the Syndicate Proceedings, dated the 6th February, 1932). In the case of those who join the class after having failed in

the examination, the percentage of attendantees should be calculated on the possible attendances from the next month after the publication of the results to the month when the names are sent up for the examination (Synd. Proc., 4th April, 1913).

If a candidate's attendance at school up to the date of the submission of names falls short of the required percentage, the Headmaster should submit his name to the University provisionsity. If the candidate has not completed the required percentage tion, the Headmaster should report to the University authorities with a raw to his admission being disallowed. If the letter of

- of study for the examination concerned\*:
- (3) in the case of female candidates only, that she will have completed her fourteenth year on or before the first day of the examination in which she is appearing.
- (b) any private candidate cligible under Regulation XI who produces the following certificates signed or countersigned by the Headmaster of a recognised school, by the Inspector or Assistant Inspector of the Circle, or by the Deputy Commissioner of the District, or, in the case of Native States, an officer of equivalent position, and in the case of unrecognised schools permitted under Regulation 4 (c) of Chapter XI by the Headmaster of that school:—

- of good character;
   (2) (Except in the case of candidates admitted under Regulation 4 of Chapter XI) of not having read in any school whatsoever at any time during the nine months previous to the examination, and in the case of candidates admitted under Regulation 4 (c) of Chapter XI of not having read in any recognised school at any time during the nine months previous to the examinstion:
- (3) in the case of female candidates only, that she will have completed her fourteenth

withdrawal from the Headmaster is received in the University office one week before the first day of the commencement of the examination, the admission fee received will be refunded (Syndicate, 19th March, 1920, paragraph 10, and 24th January, 1930, paragraph 28).

<sup>\*</sup> A candidate struck off the rolls of a school after sending up his application ceases to be eligible for the examination (Synd., 21st March, 1911).

year on or before the first day of the examination in which she is appearing.

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from these examinations if it is satisfied that such candidate is not a fit person to be admitted thereto.

- Every candidate shall forward his application on the form prescribed to the Registrar by the third January of the year of examination, accompanied by a fee of fifteen rupees and an additional fee of rupees two in the case of the candidate taking up one or more Science subjects, or in the case of a private candidate by the second December of the year preceding the examination, accompanied by a fee of twentyfive rupees, and an additional fee of rupees two in the case of the candidate taking up one or more Science subjects, and a statement (1) showing the place at, and the subjects in, which he desires to be examined, and (2) recording the vernacular or vernaculars he proposes to use for translation. A female private candidate shall be required to pay a fee of rupees three per subject and an additional fee of rupees two in the case of the candidate taking up one or more Science subjects. A candidate who fails to pass or to present himself for the examination shall not be entitled to claim a refund of the fee, but he may be admitted to one or more subsequent examinations on payment of a fee specified above on each occasion.
- 8-A Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee equivalent to half the amount of the examination fee subject to a maximum of 18. 5. Provided that such application shall only be entertained up to the twenty-sixth January of the year of examination.
  - 4. (a) The examinations shall be conducted by

means of question papers, the same questions being set in every place where the examinations are held.

- (b) An oral and practical examination shall be held in the following:—
  - (1) Physics and Chemistry.
    - Physiology.
       Hygiene.
    - (4) Agriculture.
    - (5) Domestic Economy as a part of Arithmetic and Domestic Economy.
    - (6) Domestic Economy.

English shall be the medium of examination in all subjects; that is to say, the questions set by the examiners shall be set in English, except in the case of Sanskrit and Hindi in which the questions shall be set in Hindi, in the case of Arabic, Persian and Urdu in which the questions shall be set in Urdu, and in the case of other Vernacular Languages in which the questions shall be set in the Vernacular concerned, and the answers may written by the candidates shall be written in English, except that in History and Geography the answers may also be written either in Urdu, Hindi or Panjabi Provided that in the case of Oriential and Vernacular languages, the answers shall be written in the vernacular of the candidates.

5. The following are the subjects of examination

for the Matriculation candidates with the number of papers and the scale of marks allotted to each:

		marks.

culture as one of his subjects unless he has taken Physics and Chemistry

Practical)

The minimum number of marks required to pass these examinations shall be thirty-three per cent. in each subject. In each Science subject this percentage is required in the written examination and in the aggregate, but only twenty-five per cent. in the practical examinations.

To qualify for Matriculation a candidate must pass in the following subjects:—

1. English,

<sup>\*</sup> This includes the History of England and the History of India.

- Mathematics (or, in the case of girls, Arithmetic and Domestic Economy),
- 3. The subject he has taken from (3) of Begulation 5 above or History and Geography, and
- One other subject from (3); (4) and (5) of Regulation 5 above.

To qualify for School-Leaving Certificate a candidate must pass in English, Arithmetic and two other subjects:

Frovided that a candidate who obtains thirty-three per cent, in the aggregate of four subjects but less than the pass percentage required by not more than five marks in one subject only shall be deemed to have passed in the four subjects. Exception: A candidate must obtain twenty-five per cent. of the marks in the Oral and Practical Test of any Scence subject.

- 8. A candidate who has passed the School-Leaving Certificate Examination shall be deemed to have qualified for Matriculation if he passes in the additional qualifying subjects in a subsequent year, and if he obtains surty-five per cent, of the marks in the additional qualifying subjects he shall be deemed to have qualified with credit. A candidate who has qualified or Matriculation may present himself for examination in a subsequent year taking one or more subjects of the Matriculation group in which he has not already passed, and if he passed shall roceive a certificate of so passing.
- 9. Candidates for Matriculation Examination and for the School-Leaving Certificate Examination who gain sixty per cent. of the aggregate number of marks or more shall be placed in the First Division, those who gain not less than forty-five per cent. in the Second Division, and all below in the Third Division.
- 10. An outline of the tests in each subject is given in Appendix A. This outline can be changed, from time to time, by the Syndicate, with the approval of the Senate.
- 11. The Courses of Reading prescribed by the Senate are specified in Appendix B. In cases where

text-books are prescribed, the candidates will be required not only to show a thorough knowledge of the text-books, but also to answer questions of a similar standard set with a view of testing their general knowledge of the subject. Text-books can be changed, from time to time, by the Syndicate, with the approval of the Senate.

Six weeks after the commencement of these examinations, or as soon thereafter as possible, the Registrar shall publish a list of the candidates who have passed, showing in which division each has passed and which candidates have qualified for Matriculation Examination, a list of those who have passed the School-Loaving Certificate Examination, a list of those who have passed in additional subjects, and a list of Oriental Faculty candidates who have passed in English only. Each successful candidate shall be granted a certificate.

Any candidate who has passed the Proficiency. High Proficiency, or Honours Examination in Arabic. Sanskrit or Persian shall, if he so desire, be exempted from passing in that language, provided that he goes up within two years of his so passing, and that in awarding marks for that language in which he may have obtained a certificate, " pass marks " be taken as representing the value of those marks

With effect from the examinations to be held in 1938. the following supersede Regulations 5 and 7 declars: with the Matriculation and School-Leaving Certificate Exammations . .

The following are the subjects of examination. for the Matriculation candidates with the number of papers and the scale of marks allotted to each-

					Marks

Provided that a candidate who passes in all the subjects other than the additional optional paper but fails in one subject or part thereof by three marks or less shall be deemed to have passed the examination

A candidate shall receive no credit for marks obtained in the additional paper in the Indian Vernacular or in French or in German and in Military Science unless he obtains thirty-three per cent, in which case these marks shall be added to the total

9. Candidates who gain sixty-five per cent. of the \*aggregate number of marks or more shall be placed in the first division; those who gain not less than fifty per cent. in the second division; and all below in the third division.

Any student who has obtained 40 per cent. of the aggregate number of marks, but has failed in one subject only, obtaining not less than 25 per cent. in that subject, shall be admitted to an exammation; in that subject only about the end of September of the same year, or, if he fails to pass or present himself for the examination then, at the next University Examination in April on payment of a fee of twenty-five rupes, and an additional fee of rupees three in the case of the candidate taking up a Sclence subject, or in the case of a private candidate of thirty rupees, and an additional fee of rupees three in the case of the candidate taking up a Science subject, or in the case of a private candidate in the case of the candidate taking up a Science subject to the candidate taking up a Science subject the candidate tak

<sup>\*</sup> The marks of the Additional Vernacular Paper are included in the aggregate. † At Labore (vide Synd., dated 16th September, 1913).

ject, on each occasion; and if he pass in that subject in either of these examinations, he shall be deemed to have passed the Intermediate Examination.

The candidate appearing in the examination in Septombor of the same year shall ordinarily forward his application to the Registrar at least five weeks before the commencement of the examination accompanied by the prescribed fee. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee of Re. 5, provided that such application shall only be entertained up to two weeks before the commencement of the examination. The candidate appearing in April examination shall in this respect be governed by Regulations 8 and 8-A.

Candidates to whom this concession is granted shall be allowed to read for the Degree of Bachelor in the College, provided they join on or before the last date prescribed for admission to the Third Year Class.

Provided further that no candidate who passes under this Regulation shall be eligible for a scholarship.

- 10. The Courses of Reading prescribed by the Sanate are specified in Appendix B In cases where text-books are prescribed, the candidates will be required not only to show a thorough knowledge of the text-books, but also to answer questions of a similar standard, set with a view of testing their general knowledge of the subject. Courses of reading can be changed from time to time in accordance with the Regulations by the Syndieste or the Aendemic Council as tho case may be with the approval of the Senate, such changes being always duly notified at least two years before the date of the examination in which they will take effect.
- 11 An outline of the tests in each paper is given in Appendix A. This outline can be changed from time to time by the Syndicate or in accordance with the Regulations by the Academic Council, with the approval of the Senate.

12. Five weeks after the commencement of the examination, or as soon thoreafter as is possible, the Registrar shall publish a list of candidates who have passed, arranged in three divisions. Each successful candidate shall be granted a certificate stacting the division in which he has passed.

13. Any candidate who has passed the Proficiency, High Proficency or Honous Examination in Arabic or Sanskrit or the High Profidency or Honous Examination in Persian, shall, if he so desire, be exempted from passing in that language, provided he goes up within two years of his so passing, and that in warding marks for that language in which he may have obtained a certificate, "pass marks" be taken as representing the value of those marks.

14. Any candidate who has passed the Intermediate Examination in Arts or Science Faculty, and wishes to qualify for admission to a Medical College, may, in any subsequent year, appear in an additional test in the remaining subjects so as to make up the

group of subjects for Medical College.

15. A student who has passed this examination may, on payment of Rs. 5, appear in the optional paper in French or German for the Intermediate Examination, and on obtaining pass marks in that subiect be granted a certificate to that effect.

16 Å student who has passed or appeared for this examination without taking a Classical, Language may appear in the Intermediate in Arts Examination in a Classical Language only on payment of Rs. 5, and on obtaining pass marks in that subject shall be granted

a certificate to that effect.

Provided that the answer-papers in the Classical Language of the candidate who has not passed the Intermediate Examination shall be examined only if he passes in the Intermediate Examination.

Candidates appearing under this Regulation shall be permitted to appear in the subject in the supplementary examination held in September.

- 17. A student who has passed this exammation without sking French or German may appear in the Intermediate in Aris Examination in French or Gerran only on payment of rupes five and if he obtain pass marks in that subject shall be granted a certificate to that effect.
- 18 A candidate who has passed this examination may be allowed to appear at any subsequent examination in any one subject prescribed for the Intermediate Examination, which the for the Faculty of Aris or Science, but not offered by him, on payment of rupees five. Such a candidate, on obtaining pass marks in that, subject, shall be granted a certificate to that effect. Candidates appearing under this Regulation shall be permitted to appear in the subject m the supplementary examination held in September.

# APPENDIX B. (See Chapter XXI.) Courses of Reading for the Intermediate Examination.

## EXAMINATION FOR THE DEGREE OF BACHELOR OF ARTS

- An examination for the Degree of Bachelor of Arts shall be held annually at such places\* as may be appointed by the Syndicate beginning on the second Monday in April or such other date as may be fixed by the Syndicate
  - 2. The examination shall be open to-
    - (a) any College student who—
      - has been enrolled in a College affiliated to the University during the two academic

<sup>\*</sup> Labore, Amritsar, Peshwar, Srinagar, Jamms, Saikot, Pratiaih, Rawajundi, Bahawajur, Jellandu, Ludhiana, Falcozenur, Shahpur, Lyalipur, Multan and Qadnan (for gris only) 'The Syndeau has deeded that by the words 'during the throughout the two academic years preceding the examination (Synd. Proc., 174–26, pars. 14).

years proceding the examination, or, in the case of a candidate who has already completed the prescribed course, during the one academic year preceding the examination (the Syndicate may condone a deficiency in this period for very special reasons):

#### (ii) has-

- (1) passed not less than two condemical years previously the Intermediate Examination in the Arts or Science Faculty of the Paupab University or (subject to the sanction of the Academic Council) the First Arts or other equivalent examination of any other recognised Uni-
- versity; or

  (2) has taken the degree of Bachelor of
  Oriental Learning with English as one
  of his subjects in the B.O L. Examination; or
- (8) has passed the First Examination in Agriculture of the University of the Panjab and a \*test in Intermediate English poetry thereafter in the supplementary Intermediate Examination in September or in the next annual examination;
- (iii) has his name submitted to the Registrar by the Head of the College he has most recently attended:
- (iv) produces the following certificates signed by the Head of the College he has most recently attended—
  - (1) of good character:
  - (2) of having attended not less than †twothirds of the full courses of lectures de-

<sup>\*</sup> A fee of Rupees 5 has been fixed for this purpose. † 15th of March shall be taken as the last date for lectures to the Fourth Year Class for purposes of counting two-thirds

- livered in each of the subjects in which he desires to be examined.
- (A deficiency in the number of lectures may be condoned for very special reasons under Regulation 7 of Chapter III):
- (3) of having satisfactorily performed the work of the class;
- (4) in the case of a candidate intending to appear at a practical examination in Science,\* of laving attended not less than two-thirds of the periods assigned to practical work in that subject (the minimum number of attendances required being sixty);
- (5) in the case of a candidate intending to popen in Military Science, of having attended not less than two-thirds of the total number of parades held or fifty parades in two years, whichever is greater; each day in earny to count as one parade;
- (b) any private candidate who is admitted under Regulations XI by the special order of the Senute, and who has passed not less than two years previously the Intermediate Exammation in Arts, or some equivalent examination.

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall

of loctures attended by the candidates. Lectures continued subsequent to that date shall not be taken into consideration

In the case of plucked students, the lectures shall be counted only from the 1st October to the 15th March.

In the case of candidates who join late owing to late publication of results, the lectures shall be counted from after 10 days of the declaration of the result or the date of their joining whichever is earlier.

<sup>\*</sup> i.e. m a Science subject (Synd., 17-12-15).

have nower to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

- Every candidate shall forward his application to the Registrar by the thirteenth February of the year of examination, accompanied by a fee of thirty-five rupees, and an additional fee of rupees five in the ease of the candidate taking up a Science subsect, or in the case of a private candidate of forty rupees, and an additional fee of rupees five in the case of the candidate taking up a Science subject, and a statement showing the subjects in which he desires to he examined. A candidate who does not forward his application to the Registrar at least eight weeks before the date fixed for the examination, can only be admitted by a special direction of the Syndicate A. candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee, but he may be admitted to one or more subsequent examinations on payment of the above fee on each accession.
- 3-A. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee of Rs 5. Provided that such application shall only be entertained up to the twenty-seventh February of the vear of examination.
- 4. English shall be the medium of examination in all subjects.
- 5. Every candidate shall be required to take up three subjects and three only, namely, English and two of the following:-
  - (I) A Classical Language (Sanskrit, Arabic, Hebrew, Greek, or Latin, or Persian, or French).
  - (2) A Course of Mathematics.
  - (3) B Course of Mathematics.
  - (i) History.
  - (5) Political Economy.
  - (6) Philosophy.
  - (7) Physics, Chemistry, Geology, Botany or Zoology.

- (8) Astronomy, with optics and spherical Trigonometry.
  (9) Political Science.
- (10) Geography

\*In addition to the above subjects there shall be an additional paper in an Indian Vernacular, recognised by the University, which may be taken by any candidate.

tAny candidate, who is a member of the Panjab University Training Corps or of the Panjab Edifies A.F. (L.) and has attended the prescribed number of the purados held, shall have the option of taking Multary Science as an additional optional subject in place of an Indian Vernacular recognised by the University.

Provided that no candidate shall take Physics or Chemistry who has not taken the corresponding subject in the Intermediate Examination, and provided that no candidate shall take (8) unless with (2), (3) or (7).

Candidatos will be examined in the subjects of Hebrew, Greek, French, and Latin only by the special permission of the Syndicate, for which application should be made six months previous to the date of the examination.

6. One hundred and fifty marks shall be allotted to each subject except that in the case of Additional Paper in Indian Vernacular or in Military Science the marks allotted shall be fifty.

7. The minimum number of marks required to pass this examination shall be forty per cent. in English, in one other subject and in the aggregate of pass papers, and thirty-three per cent. in the third subject. In Physics, Chemistry, Geology, Botany, Astronomy and

<sup>\*</sup>For purposes of this Regulation an Indian Vernacular is intended to mean Urdu, Hindi and Panjabi (Syndicate Proceedings, dated 21st October, 1927, paragraph 25).

ings, dated 21st October, 1927, paragraph 25).

† It is not necessary for the candidate to have qualified himself in the Military Science as additional subject in the Internediate Examination.

Zoology this percentage shall be required in both the practical and the written examinations. Provided that a candidate who passes in two subjects other than the additional optional paper but fails in one subject or part thereof by three marks or less, or a candidate who passes in all the subjects other than the additional optional paper but fails in the aggregate by three marks or less shall be deemed to have passed the examination.

In the case of additional paper in Indaan Vernacular or in Military Science the minraum number of marks required to pass the examination shall be forty per cent. A candidate shall receive no credit for the marks obtained in this paper unless he obtains forty per cent. in which case these marks shall be added to the total

In Military Science this percentage shall be required separately in both the practical and written examinations.

8. Candidates who gain sixty-five per cent. of the aggregate number of merks or more in the pass papers shall be placed in the first division; those who gain not less than fifty per cent. in the second division; and all below in the third division.

Any student who has obtained 45 per cent. of the aggregate number of marks but has failed in one subject only, obtaining not less than 25 per cent. of the marks in that subject, may be admitted to an examination in that subject, may be admitted to an examination in that subject only at a special supplementary examination to be held about the end of September of the same year, or, if he fall to pess or present himself for the examination then, at the next annual examination, on payment of the same fee as for the whole examination on each occasion; and if he pass in that subject in either of those years to shall be deemed to have passed the examination for the Derree of Bachler of Arts.

The candidate appearing in the examination to be hold in September of the same year shall ordinarily forward his application to the Registrar at least five wocks before the commonement of the examination accompanied by the presented fee. Whenever the application or fee of the candidate is received more than three days after the last date preserted above, he shall pay additional fee of Rs. 5, provided that such application shall only be entertained up to two weeks before the commencement of the examination. The candidate appearing in the annual examination is all in this respect be governed by Regulations 8 and 8-A. Provided that a private candidate who toins a Col-

lege shall attend at least two-thirds of the lectures delivered in the one subject during the year preceding his re-appearance.

Provided further that no candidate who passes under this Regulation shall be eligible for a scholarship,

or for Honours.

8-A. An outline of the tests in each subject is given in Appendix A. This outline can be changed from time to time by the Syndicate, or in accordance with the Regulations by the Academic Council, with the approval of the Senate.

9. The Courses of Reading prescribed by the Senate are specified in Appendix B. In cases where text-books are prescribed, the candidates will be required not only to show a thorough knowledge of the text-books, but also to answer questions of a similar standard set with a view of testing their general knowledge of the subject. Courses of reading can be danged, from time to time, in secondance with the Regulations by the Syndicate, or the Academic Council, as the case may be, with the approval of the Senate; such changes being always duy notified at least two years before the date of the examination in which they will take effect.

10. Four weeks after the commencement of the examination, or as soon thereafter as is possible, the Registrar shall publish a list of the candidates who have passed, arranged in three divisions. Each

successful candidate shall receive with his degree, a certificate, stating the division in which he has passed.

11. Any candidate who has passed the High Proficiency or Honours Examination in Arabic or Sauskrit, or the Honours Examination in Persan shall, if he so desire, be exempted from passing in that language, provided that he goes up within two years of his so passing, and that in awarding marks for that language in which he may have obtained a certificate, "pass marks" be taken as representing the value of those marks.

Similarly a candidate who has passed the examination for the Degree of Bachelor of Oriental Learning may be allowed "pass marks" in any one language taken by him in that examination.

12. Âuy candidate may be exammed for Honours in any one subject\* approved by the Senate on payment of an extra fee of twenty rupees provided he is ectified to have attended not less than two-thirds of the full course of instruction given in that subject in an Honours class for which the programme of work has been approved by the Academic Council. For purpose of this Regulation, A Course of Mathematics and B Course of Mathematics shall constitute one

18 Three Honours papers shall be set in addition to the Pass Papers in each subject approved for Honours. Sevenity marks shall be allotted to each of two of these Honours Papers and sixty marks to the third Paper, which have be of a more general charac-

English, History (only for Mofusul Colleges), Mathematics, Recognics, Philosophy (General Philosophy or Psychology), Sanskrit, Arabic, Persan and Geology.

<sup>\*</sup> The Senate has approved the following subjects in its meeting held on the 9th May, 1927:---

The Honours Papers in Mathematics can only be taken up by candidates who take up both A and B Courses of Mathematics as their elective subjects for the B.A. Pass Course (Syndicate Proceedings, dated the 2nd December, 1927, paragraph 3)

ter or an Essay Paper, as the Board of Studies in each subject may decide.

Provided that in addition to the Pass Papers in Physics and Geology there shall be two Honours Papers each carrying in the case of Physics 75 marks and in the case of Geology 60 marks, and a practical examination carrying 50 marks in the case of Physics and 60 marks in the case of Geology, and, in the case of Geology an account of field-work carrying 20 marks Provided that a candidate on the rolls of an affiliated College in Lahore shall be examined for Honours in Physics for the last time in the year 1395.

The test for candidates seeking Honours in Physics or Geology in the Faculty of Arts shall be the same as for similar candidates in the Faculty of Science.

Unless the candidate passes the whole examination in all three subjects and obtains 50 per cont. in the Pass Papers in the "subject in which he seeks Honours, his Honours Papers shall not be examined. To obtain Honours, a candidate must obtain at least 45 per cent, in the Honours Papers taken together. The order of merit in a subject will be settled by the combined result of the Pass and Honours Papers in that subject. The marks gained in the Honours Papers shall not.

be added to the total gained in the Pass examinations. An Honours list shall be published in each subject in order of merit.

14. A student who has passed this examination may appear in the Intermediate in Arts or the Bachelor of Arts Examination in a Classical language only, and on obtaining pass marks in that subject be granted a certificate to that effect, on payment of Rs 10. A candidate may elect to appear in the B.A.

<sup>\*</sup> A candidate taking up Honours in Mathematics has to obtain this percentage in either A or B Course of Mathematics (Academic Council Proceedings, dated the 27th January, 1932, paragraph 16)

Examination in this subject without having previously taken the Intermediate Examination in the subject.

Candidates appearing under this Regulation shall be permitted to appear in the subject in the supple-

mentary examination held in September.

15. Any student who has passed this examination and obtained fifty por cent marks in Physics may appear in the Honours Papers in Physics and subsequent year on payment of preseribed fee and on obtaining pass marks in the Honours Papers be granted a certificate to that offect Provided that a student who has passed this examination as a candidate presented by an sifiliated College in Lahore shall not be permitted to appear in the Honours Papers in any subsequent year.

16. A candidate who has passed this examination may be allowed to appear at any subsequent examination in any one subject, which under the Regulations in force he could have taken for the examination but did not offer, on payment of a fee of rupees fifteen, provided that in the case of Science subjects the candidate has attended at least the minimum number of practicals, prescribed for the subject, in an institution sfflitsed to the B A. Degree of this University. Such a candidate, on obtaining pass marks in that subject, shall be granted a certificate to that effect. Candidates appearing under this Regulation shall be permitted to appear in this subject in the supplementary examination held in Cotober.

2. The examination shall be open to any graduate in Arts, Science, Agriculture or Commerce of the University of the Panjah, or (subject to the sanction of the Academic Council) of any other recognised University, who satisfies the following conditions—

A. (i) has been enrolled in an affiliated College for the two academic years preceding the examination, or for one academical year if he has already passed an examination for the Degree of Master of Arts (†Deficiencies in the period required may be condoned by the Academic Council).

<sup>\*</sup> Lahore, Srinagar and Peshawar.

<sup>†</sup> Note.—Under this provise the Academic Council may permit a graduate, who has passed the Bachelor of Arts Examination

- (ii) has his name submitted to the Registrar by the Head of the College he has most recently attended, with a certificate of good character.
- (iii) is certified by the competent authority under Regulations 10 and 11 of Chapter X to have completed an approved course of instruction or
- B. has been admitted as a private candidate under Chapter XI of the Regulations by special order of the Senate. Provided that if a candidate offers a thesis or research work the subject and programme of work shall require the approval of the Board of Studies.

Provided that the Syndreate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination if it is satisfied that such candidate is not a fit person to be admitted theroto.

5. Every candidate shall forward his application to the Ragistrar by the thirteenth February of the year of examination, accompanied by a fee of sixty rupees, or in the case of a private candidate of sixty-five rupees, and a statement showing the subject or subjects in which he desires to be examined. A candidate who fails to pass or to present himself for the examination shall not be entitled to claim a refund of the fee; but he may be admitted to one or more

in thee subjects and taken Honours in a Classical Language (Oriential Faculty), to take the Master of Arts Examination in that Classical Language after being enrolled in a College for one academic year (Senate Proceedings, dated the 31st May, 1939, parsgraph 6)

When a University Professor delivers a course of lectures in his subject to an M.A. Class, the students shall be required to attend those lectures (Syndicate Proceedings, dated the 23rd May, 1939, paragraph 3).

subsequent examinations on payment of the above tee on each occasion.

- 3-A. Whenever the application or fee of the candidate is received more than three days after the lastic data prescribed above, he shall pay additional fee of Rs. 5. Provided that such application shall only be entertained up to the twelfth March of the year of examination.
- English shall be the medium of examination in all subjects.
- Every candidate shall be required to take up one subject and one only.

The following are the subjects of examination:-

- Languages.
   History.
- (3) Political Economy.
- (4) Mathematics.
- (5) Mental and Moral Philosophy.
- †(6) Psychology.
- (7) Political Science.

Candidates will be examined in the subjects of Hebrew, Greek, and Latin only by the special permission of the Syndicate, for which application should be made six months previous to the date of the examination.

<sup>\*</sup>The M.A. Examination in History, after two years' B.A. Pass Course, shall continue.

<sup>†</sup> Should be nonmally preceded by a B.A. with Honours in Psychology. O andidates who have already laken an M.A. in Philosophy have the option either of appearing in Paper I or of M.A. Examination added to their total (Pyrat. Proc. Asked H.A. A.E. Examination added to their total (Pyrat. Proc. Asked H.A. Pill. 1926, para. 6). No candidate to be allowed to appear in the M.A. Examination in Psychology who has not complete such a course in a College affiliated to the University for the M.A. Baxination in Psychology (Papel. Proc. disted the 5th Norem-

The examination in languages shall be in English, Sanskrit, Arabic, Persian, Hebrew, Greek or Latin.

The examination in Sanskrit, Arabic and Persian shall be conducted under the Regulations for the

Honours School in Oriental Languages.

- 7. The examination in Ragish shall include translation into English from the Vernacular of the sandidate and into that language from English, provided that in the case of candidates whose vernacular is English, a paper of English Literature of the 19th century be substituted for the translations prescribed in this rule.
- 8. Except in Economics, six papers of three hours cach shall be set in each subject, each paper carrying 100 marks. In Economics there shall be four papers of three hours each, each carrying 100 marks, and either a thesis (including size voce) carrying 200 marks or an approved alternative of two papers carrying the same number of marks.
- 9. The minimum number of marks required to pass thus examination shall be forty-five per cent. in the aggregate and forty per cent. in each paper, excepting the Essay Paper in English for which forty-five per cent, shall be required.
- 10 Candidates who gain sixty-five per cent. or more of the aggregate marks shall be placed in the first class; those who gain not less than fifty-five per cent., in the second class; and all below, in the third class.
- 10.A. Four weeks after the commencement of the examination, or as soon as is possible, the Registers shall publish a list of the candidates who have passed, arranged in three divisions. Each successful candidate shall receive with his degree, a certificate, stating the division in which he has passed
- Any Master of Aris may, on payment of a fee of sixty rupees or in the case of a private candidate of sixty-five rupees, be admitted to this examination in

any branch other than that in which he was previously examined, and may, if his attainments come up to the standard prescribed, be granted a certificate to that effect stating the class in which he has passed.

# APPENDIX B. (See Chapter XXI) Special Readings in Languages.

# \*DEGREE OF DOCTOR OF PHILOSOPHY (PH D ).

- Every candidate for the Degree of Doctor of Philosophy in the Faculties noted below shall be required to—
  - I.—For the Degree of Doctor of Philosophy in the Oriental Faculty —
    - (a) produce a certificate that he has taken the Degroe of Master of Oriental Learning in the subject with which his thesis is connected:
    - (b) prove to the satisfaction of the Syndicate that for not less than three years after passing his examination for the Degree of Master he has pursued an advanced course of study bearing upon the subject selected by him for the degree;
    - (c) submit a thesis on a subject previously accepted by the Academic Council, showing evidence of original work; and
    - (d) pass an examination, oral or written, if required by the Examiners, on the subject of his thesis and cognate subjects.

<sup>\*</sup>The research work carried out at Pusa and Muktesar is treated on the same footing as research work carried out at the Universities (vide paragraph 16 of the Syndicate Proceedings, dated the 15th February, 1935).

- 11.—For the Degree of Doctor of Philosophy in the Arts Faculty.—

    - (a) that he has taken the Degree of Master of Arts of the University of the Panjab, or (subject to the sanction of the Academic Council) of any other recognised University in the subject other than Mathematics with which his thesis is connected; or
    - (b) that he has taken the Degree of Master of Arts in a subject considered suitable for this purpose by the Academic Council when the subject of the proposed thesis is not connected with the subject in which the candidate has passed the MA. Baramization.
  - (c) that he has taken the Degree of Master of Arts in a Language when the subpect of the proposed thesis deals with a language not included among the subjects of the M.A. Examination: or
  - subjects of the M.A. Examination; or (d) that he has taken the Degree of Master of Arts in any subject and the Honours examination in any subject of the Indian Vernaculars if the proposed thesis deals with any Indian Language;
  - (ii) prove to the satisfaction of the Syndicate if be has passed the Degree of Master from the University of the Panjab that, for not less than three years after passing his examination for the Degree of Master, he has pursued an advanced ourse of study bearing upon the subject selected by him for the P-D. Degree; or if he has passed the Degree of Master from any other recognised University, that,

after passing the examination, he has pursued in the University of the Panjab, under approved supervision, an advanced course of study bearing upon the subjects selected by him for the degree for a period of not less than three years which may be reduced to two years by the Academic Council on his producing satisfactory evidence of research of not less than two years after the M. A. or M.Sc. previous to his joining the University of the Panjab of

- (iii) submit a thesis on a subject proviously accepted by the Academic Council showing evidence of original work:
- (iv) pass an examination, oral or written, if required by the Examiners, on the subject of his thesis and cognato subjects.
- III.—For the Degree of Doctor of Philosophy in the Science Faculty.—
  - (i) produce a certificate that he has taken the Degree of Master of Science in the Faculty of Science or the Faculty of Agriculture, or of Master of Arts in Mathematics of the University of the Pangalo or (subject to the sanction of the Academic Council) of any other recognised University or, being a graduate of the University of the Panjab, has passed any other equivalent examination in the subject with which his thesis is connected:
  - (i) prove to the satisfaction of the Syndicate if he has passed the Degree of Master from the University of the Panjab, that for not less than three years after passing his examination for the Degree of Master he has pursued an advanced course of

study bearing upon the subject selected by him for the degree; or if he has passed the Degree of Master from any other recognised University (a) that he has for not less than three years carried on research work under approved supervision in an institution affiliated to this University; and (b) that, in the case of Science subjects his examination for the Degree of Master included some research work fulling which he shall adduce satisfactory ovidence of having done adequate research work after taking the Master's Degree but before admission to work for this degree;

- (iii) submit a thesis showing ability in original research on a subject previously accepted by the Academic Council:
- (iv) pass an examination, oral or written, if required by the Examiners, on the subject of his thesis and cognate subjects.
- 2. Every candidate shall forward with his application a fee of runees two hundred
- 3 Two Examiners shall be appointed who shall both read the thesis and all the nawer-papers, if any, and shall satisfy themselves that the thesis is the condidate's own work, and shall each present a report to the Syndicate stating whether, in their opinion, the candidate is, by reason of whether where is their opinion, the candidate is, by reason of secure the Degree of Doctor.
- In the event of a difference of opinion between the two Examiners the Syndicate shall have power to appoint a third Examiner and the Syndicate shall decide after considering the reports of the Examiners whether the degree is to be conforred.
- The Registrar shall publish the result in accordance with the decision of the Syndicate

### DEGREE OF DOCTOR OF LITERATURE.

- 1 Every candidate for the Degree of Doctor of Interature shall have passed not less than six years previously the examination for the Degree of Master of Arts.
- Every candidate for the degree must have already made substantial published contributions to learning.
- 8. Every candidate shall submit his work containing an original and substantial contribution to some branch of learning accompanied by a fee of rupees five hundred. Any work submitted for the degree shall be satisfactory as regards literary presentation.
- The work submitted shall be examined by a Board of Examiners to be nominated by the Syndicate on the recommendation of the Vice-Chancellor.
- 5. Candidates who have given evidence of research and ability satisfactory to the Board of Examiners and have fulfilled the prescribed conditions shall be admitted to the Dogree of Doctor of Literature.
- 6 If the Board of Examiners consider that the candidate is not worthy of the Degroo of Doctor of Literature but that his work is of a standard equivalent to that required for the Degree of Doctor of Philosophy, they may recommend-hum to the Syndicate for the grant of the Degree of Doctor of Philosophy.

# DEGREE OF BACHELOR OF TEACHING.

 An examination for the Degree of Bachelor of Teaching shall be held annually in Lahore, beginning on the \*second Monday in April, in all subjects except

<sup>\*</sup> The written examination to be held about the third week in April (Syndicate Proceedings, dated the 4th October, 1929, paragraph 15).

Practice of Teaching which shall be held during the first week in June, or on such other date as may be fixed by the Syndicate.

- The examination shall be open to—
  - (a) any graduate of the Panjab or any recognised University, who, filer passing the examination for the Degree of Bachelor in any Faculty (other than Oriental) has undergone the course\* of training for the degree for one year at a Training College for Teachers affiliated to the Panjab University;
  - (b) any graduate of the University of the Paujab or the University of Delhi who has undergone the course of training in the S.A. V. Class and after passing the S.A. V. examination has worked as a teacher for not less than 18 months and is serving as a teacher in a School either in the Punjab or in the Province of Delhi;
  - (c) any female graduate of the University of the Panjab who is admitted under Regulation XI by the special order of the Senate;
  - (d) any student on the rolls of the B.T Class attached to the Lady Maclagan High and Normal School for Women, Lahore, for the examination to be held in 1984.
- 8. No student shall be allowed to present himself for examination, unless his name has been submitted to the Registrar by the Head of the Training College that he has most recently attended, or, in the case of (b) in Regulation 2 above, by the Inspector of Schools of the Division, or, by the Principal of an affiliated College.

<sup>\*</sup> It is not necessary that the candidate should be on the rolls of a Training College (vide Synd..Proc., dated the 19th February, 1926, para. 15).

4. Every candidate shall produce a certificate of good chursceter, signed by the Head of the Training College he has most recently attended, to the effect that he has attended not less than two-thirds of the lectures delivered in the subjects in which he is to be exemined.

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination, notwithstanding the production of such certificate, if it is astisfied that such candidate is not a fit person to be admitted thereto.

5. Every candidate shall forward his application to the Registrar by the nineteenth February of the year of examination, accompanied by a fee of thirty rupees and a statement showing the subjects in which he is to be examined. A candidate who does not forward his application to the Registrar at least eight weeks before the date fixed for the examination, can only be admitted by a special direction of the Syndicate. A candidate who fails to pass or to present binuself for examination shall not be entitled to claim a retund of the fee, but he may be admitted to one or more subsequent examinations on payment of a like fee of thirty rupees on each occasion.

5-A. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee of Rs. 5. Provided that such application shall only be entertained up to the nuneteenth March of the year of examination.

 Every candidate shall be required to take up six subjects as follows:—

I.—The Psychological Basis of Education.

- (b) any private candidate who is admitted under Regulations XI by the special order of the Senate and who has passed not less than two years previously one of the examinations enumerated above in (a) (ii):

Provided that a candidate who has passed the Cambridge School Certificate Examination may be admitted to this examination in the academical year following that in which he passes the Cambridge School Certificate Examination, if he has been enrolled un a College affiliated to the University during the twelve months preceding the examination.

Provided further that the Syndicate or the determining authority under Regulation 7 of Chapter III

<sup>\*15</sup>th of March shall be taken as the last date for lectures to the Second Year Class for purposes of counting two-thirds of lectures attended by the candidates. Lectures continued subsequent to that date shall not be taken into consideration. In the case of bucked students, the lectures shall be connied

In the case of plucked students, the lectures shall be connied only from the 1st October to the 15th March. In the case of candidates who join late owing to late publica-

tion of results, the lectures shall be counted from after 10 days of the declaration of the result or the date of their joining whichever is earlier.

shall have power to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

- 3. Every candidate shall ordinarily forward his application to the Registrar by the thirteenth February of the year of examination, accompanied by a fee of thirty rupees, or in the case of a private candidate of thirty-five rupees, and a statement showing the place at, and the subjects in, which he desires to be examined. A candidate who fails to pass or to present himself for examination shall not be entitled to a refund of the fee; but he may be admitted to one or more subsequent examinations on payment of the above fee on each occasion
- 8-A. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee of Rs. 5. Provided that such application shall only be entertained up to the twenty-fourth February of the vear of examination
- 4. Every candidate shall be required to take up English and any three subjects
- 5. The following are the subjects of examination, with the scale of marks allotted to each:-

Fixed subject— Hinglish			Marks 150
Elective subjects-			
<ol> <li>Physics</li> </ol>		***	150
<ol><li>Chemistry</li></ol>		•••	150
3. Mathematics			150
<ol> <li>Biology</li> </ol>	•••		150
<ol><li>Physiology</li></ol>	***		150
6. Geology	***		150
7. Agriculture	***		150

Provided that Biology and Physiology and Biology and Agriculture together will not be allowed in any group of subjects, and provided that the students who have taken Mathematics, as one of the subjects, will not be allowed to attempt the Mathematics questions in the Physics Paper.

 The following are the subjects with the scale of marks allotted to each for candidates taking the Medical Students' group —

Subjects-	_				M BTK
1.	English		**	***	150
2.	Physics	***	***		150
3.	Chemistry		***	***	150
4.	Biology				150

6-A. Any candidate who has passed not less than one scademost year previously the Intermediate Examination of the Arts Faculty of the University of the Penjab or (subject to the sanction of the Syndicate) other equivalent examination of any other recognised University, and has been for the academical year preceding the examination enrolled in a Medical Collega sfilliated for this purpose may be admitted to the tests held in the following subjects if not already taken in the Arts Examination —

- Biology.
- 2. Physics. 3. Chemistry.

Provided that except when in conflict with this Regulation all the foregoing Regulations shall apply to these candidates

The pass percentage shall be the same as for other candidates, but Regulations 8 and 11 shall not apply. Candidates who obtain the requisite percentage of

marks in each of the subjects offered by them shall receive a certificate of having satisfied the requirements of Regulation 2 (ii) (c) of the First Professional Examination.

\*6-B. In addition to the subjects mentioned in Regulations 5 and 6 above, there shall be an additional paper, in an Indian Vernacular recognised by

<sup>\*</sup> For the purposes of this Regulation, an Indian Vernacular is intended to mean Uriqu, Hindi, Panjabi, Pashto, or Bengali.

the University, or in French or in German, carrying fifty marks, which may be taken by any candidate

Any candidate who is a member of the Panjab University Training Corps or of the Panjab Rildes A.F. (1.) and has attended the prescribed number of the paradas held, shall have the option of taking Military Science as an additional optional subject carrying fifty marks in place of an Indian Vernacular recognised by the University or French or German.

A candidate shall receive no credit for marks obtained in the additional paper in the Indian Vermacular or in French or in German and in Military Science, unless he obtains thirty-three per cent. in which case these marks shall be added to the total.

Candidates will be examined in the subjects of Pashto, Bengali and German only by the special permission of the Syndicate, for which application shall be made six months previous to the date of the examination.

7. The minimum number of marks required to pass this examination shall be thirty-three per cent, in each subject. In each Science subject this percentage is required in the written examination and in the aggregate, but only twenty-five per cent. In the practical examination Provided that u candidate who passes in all the subjects other than the additional optional paper, but falls in one subject or part thereof by three marks or less shall be deemed to have passed the examination.

8. Candidates who obtain sixty-five per cent. of the \*aggregate number of marks or more shall be placed in the first division, those who obtain not less than fifty per cent in the second division; and all below in the third division.

Any student who has obtained forty per cent. of the aggregate number of marks, but has failed in one sub-

<sup>\*</sup> The marks of the Additional Vernacular Paper are included in the aggregate.

ject only, obtaining not less than twenty-five per cent, in that subject, shull be admitted to an examination's makes the control about the end of Septembary the control about the end of Septembary the control about the end of Septembary the control about the cont

The candidate appearing in the exammation m Soptember of the same year shall ordinarily forward his application to the Registrar at least five weeks before the commonoement of the examination accompanied by the prescribed fee. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay active the last date prescribed above, he shall pay additional fee of Rs. 5, provided that such application shall only be entertained up to two weeks before the commencement of the examination. The candidate appearing in April examination shall in this respect be coverned by Regulations 3 and 8.4.

Candidates to whom this concession is granted shall be allowed to read for the Degree of Backelor in the College, provided they join on or before the last date

prescribed for admission to the Third Year Class.

Provided further that no candidate who passes under this Regulation shall be cligible for a scholarship.

9. An outline of the tests in each subject is given in Appendix A. This outline can be changed from time to time by the Syndicate, or, in accordance with the Regulations, by the Academic Council, with the approval of the Senate.

10. The Courses of Reading prescribed by the Senate are specified in Appendix B. In cases where text-books are prescribed, the candidates will be required not only to show a thorough knowledge of the text-books, but also to answer questions of a similar standard, set with a view of testing their general knowledge of the subject. Courses of reading can be changed from time to time, in necordance with the Regulations by the Syndieste, or the Academic Convoil as the case may be, with the approval of the Senate; such obanges being always duly notified at least two years before the date of the examination in which they will take affect.

11. Five weeks after the commencement of the examination, or as soon thereafter as a possible, the Registrar shall publish a list of candidates who have passed, arranged in three divisions. Each successful candidate shall be granted a certificate stating the

division in which he has passed.

12. Any candidate who has passed the Intermediate Examination in Arts and Science Faculty, and wishes to qualify for admission to a Medical College, may, in any subsequent year, appear in any additional test in the remaining subjects so as to make up the

group of subjects for Medical College.

18. A student who has passed or appeared for this examination may appear in the Intermediate in Arts Examination may appear in the Intermediate in Arts Examination in a classical language only on payment of rupees five, and on obtaining pass marks in that subject be granted a certificate to that effect. Provided that the answer-papers in the Classical Language of the candidate who has not passed the Intermediate Examination shall be examined only if he passes in the Intermediate Examination.

Candidates appearing under this Regulation shall be permitted to appear in the subject in the supplement-

ary examination held in September.

14. A student who has passed this examination may, on payment of Rs. 5, appear in the optional paper in French or German for the Intermediate Examination, and on obtaining pass marks in that subject be granted a certificate to that effect.

- 15. A student who has passed this examination without taking French or German may appear in the Intermediate in Arts Examination in French or German only on payment of rupees five and if he obtain pass marks in that subject shall be granted a certificate to that effect.
- 16 A candidate who has passed this examination may be allowed to appear at any subsequent examination in any one subject prescribed for the Intermediate Examination, whether for the Faculty of Arts or Science, but not offered by him, on payment of rupoes five. Such a candidate, on obtaining pass marks in that subject, shall be granted a certificate to that effect. Candidates appearing under this Regulation shall be permitted to appear in the subject in the supplementary examination held in September.

# APPENDIX B. (See Chapter XXI.)

# Courses of Reading prescribed for the Intermediate Examination, Science Faculty.

# EXAMINATION FOR THE DEGREE OF BACHELOR OF SCIENCE.

- An examination for the Degree of Bachelor of Science shall be held annually at such places as may be appointed by the Syndicate, beginning on the second Monday in April or on such other date as may be fixed by the Syndicate.
  - 2 The examination shall be open to-
    - (a) any College student who-
      - (i) has been enrolled in a College affiliated to the University during the \*two academic years preceding the examination, or, in the case of a candidate who has already completed the prescribed course, during the one academic year preceding the examination. (The Syndicate may con-

<sup>\*</sup>The Syndicate has decided that by the words "during the two academic years preceding the examination" is meant throughout the two academic years preceding the examination (Synd. Proc., 17-4-25, para. 14).

done a deficiency in this period for very special reasons):

- (ii) has passed not fess than two academucal years proviously the Intermediate Examnation in the Arts or Science Faculty or the First Examination in Agriculture of the Panjab University, or (subject to the sanction of the Academic Council) other equivalent examination of any other recognised University;
- (iii) has his name submitted to the Registrar by the Head of the College he has most recently attended;
- (iv) produces the following certificates signed by the Head of the College he has most recently attended
  - of good character;
  - (2) of having attended not less than \*two-thirds of the full courses of lectures delivered in each of the subjects in which he desires to be examined. (A deficiency in the number of lectures may be condoned for very special reasons under Regulation 7 of Chapter III);
  - (8) of having satisfactorily performed the work of the class:
  - (4) for the practical examination in any group of Science subjects, f of having

<sup>\* 15</sup>th of March shall be taken as the last date for lectures to the Fourth Year Class for purposes of counting two-thirds of lectures attended by the candidates Lectures continued subsequent to that date shall not be taken into consideration.

In the case of plucked students, the lectures shall be counted only from the 1st October to the 15th March.

In the case of candidates who join late owing to late publication of results, the lectures shall be counted from after 10 days of the declaration of the result or the date of their joining whichever is earlier.

<sup>†</sup> Read: "In any Science subject" (Synd., 17-12-15).

attended not less than two-thirds of the periods assigned to practical work in that group\* (the minimum number of attendances required being sixty);

- (5) in the case of a candidate intending to appear in Military Scionce, of having attended not less than two-thirds of tho total number of parades held or fifty parades in two years, whenever is greater: each day in camp to count as one parade;
- (b) any private candidate who is admitted under Regulations XI by the special order of the Senate and who has passed not less than two years previously the Intermediate Examination in Science or some equivalent examination:

Provided that the Syndicate or the determinishal authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

8 Every candidate shall ordinarily forward his application to the Registrar by the three-enth February of the year of examination, accompanied by a fee of forty-five rupees, or in the case of a private candidate of fifty rupees, and a statement showing the subjects in which he desires to be examined. A candidate who does not forward his application to the Registrar at least eight weeks before the date fixed for the examination can only be admitted by a special direction of the Syndieute. A candidate who fails to pass or to present himself for examination shall not be entitled to ohim a refund of the fee, but he may be admitted to one or more subsequent examinations on payment of the above fee on each occasion.

<sup>\*</sup> Read : "in that subject " (Synd., 17-12-15).

- S-A. Whenever the application or fee of the candidate is received more than three days after the last date prescribed above, he shall pay additional fee of Rs. 5. Provided that such application shall only be entertained up to the twenty-seventh February of the year of examination.
- 4. Except in the case of candidates who have passed the First Examination in Agriculture, every candidate shall be required to take up English and any one of the following groups -
  - (a) Physics and Chemstry. (b) Botany and Zoology.

  - (c) Geology and Physics.
     (d) Physiology and Chemistry.
     (e) Botany and Chemistry.
  - (f) Botany and Physics.
  - (a) Zoology and Physiology.
  - (h) Geology and Chemistry.
    - (i) Chemistry and Technical Chemistry. (1) Physics and Asiaonomy
    - (k) Zoology and Chemistry.
  - (1) Zoology and Physics. (m) Physiology and Human Anatomy.
  - (n) Zoology and Human Anatomy

Every candidate who has passed the First Examination in Agriculture shall be required to take up English and any two subjects out of (a) Botany. (b) Zoology, (c) Geology, (d) Mathematics, (e) Physics. and (f) Chemistry, provided that such a candidate when desirous of taking Mathematics or Physics or Chemistry must..\_\_

- (i) attend at least two-thirds of the extra lectures arranged in Mathematics, or in the case of Physics and Chemistry at least twenty extra practicals and two-thirds of the extra lectures arranged in the subject concerned. and
- (ii) appear in and pass in the subject concerned in the supplementary F.Sc Examination in September or in the next annual exammation

A candidate has the option of taking up either two papers or three papers in English carrying 150 marks.

In addition to the above subjects there shall be an additional paper in an Indian Vernacular, recognised by the University, which may be taken by any candidate.

\*Any candidate, who is a member of the Panjab University Training Corps or of the Panjab Riffs A.P. (I.) and has attended the prescribed number of the parades held, shall have the option of taking Military Science as an additional optional subject in place of an Indian Vernacular recognised by the University.

Provided that, except in the case of Geology, a candidate shall not take up any Science unless he has taken the corresponding subject in the Intermediate Examination, and provided that he shall not take up Astronomy, unless he has also taken up Mathematics in the Intermediate Examination. Except that a candidate who has not taken Physiology in the Intermediate Examination shall, if he has read Biology, be allowed to take up Physiology for the Degree Examination, that a candidate who has taken Agriculture as one of the subjects for the Intermediate Science Examination shall be allowed to take up Botany or Zoology or both for this examination, and that a candidate who has taken Biology or Physiology for the Intermediate Science Examination shall be allowed to take Zoology or Botany or Physiology as one of the subjects for this examination

Provided further that the examination in Technical Chemistry shall be held for the last time in 1929, except in the case of students who revert to the Pass Course from the Honours School in Technical Chemistry.

<sup>\*</sup> It is not necessary for the candidate to have qualified himself in the Military Science as additional subject in the Intermediate Examination.

- One hundred and fifty marks shall be allotted to each subject except that in the case of additional paper in Indian Vernscular or in Military Science the marks allotted shall be fifty.
- 6 The minumum number of marks required to pass this examination shall be kntys-three per cent, in English in the first two papers and forty per cent, in each Science subject and in the aggregate of the pass papers. In each Science subject this pass percentages required in the written examination and in the aggregate but only thirty-three per cent, in the practical examination. Provided that a candidate who passes in two subjects other than the additional optional paper but fails in one subject or part thereof by three marks or less, or a candidate who passes in all the subjects other than the additional optional paper but fails in the aggregate by three marks or less, shall be dearmed to have passed the examination.

In the case of additional papers in Indian Vernacular or in Military Science the minimum number of marks required to pass the examination shall be forty per cent. A candidate shall receive no credit for the marks obtained in this paper unless he obtains forty per cent, in which case these marks shall be added to the total.

- In Military Science this percentage shall be required separately in both the practical and written examinations.
- 7. Candidates who obtain sixty-five per cent, of the aggregate number of marks or more in the pass papers shall be placed in the first division; those who obtain not less than fifty per cent, in the second division; and all below in the third division

Any student who has obtained 45 per cent. of the aggregate number of marks but has failed in one subject only, obtaining not less than 25 per cent. of the marks in that subject, may be admitted to an examination in that subject only at a special supple

mentary examination to be held about the end of September of the same year, or, if he fail to pass or present himself for the examination then, at the next annual examination, on payment of the same fee as for the whole examination on each occasion; and if he pass in that subject in either of those years he shall be deemed to have passed the examination for the Degree of Bachelor of Science. In case a candidate fails only in one practical in this examination but obtains not less than twenty-five per cent, marks in that practical and not less than forty per cent, marks in the aggregate of that subject and the aggregate of all the subjects, he may be admitted to an examination in that subject only at a special supplementary examination to be held in September, or, if he fails to pass or present himself for the examination in September, at the next University examination in April, and if he passes he shall be declared to have passed the B.Sc. Examination.

The candidate appearing in the examination to be hold in September of the same year shall ordinarily forward his application to the Register at least five weeks before the commencement of the examination accompanied by the prescribed fee Whenever the accompanied by the prescribed fee Whenever than three days after the last date prescribed above, he shall pay additional fee of Rs. 5, provided that such application shall only be entertained up to two weeks before the commencement of the examination. The candidate appearing in the annual examination shall in this respect be governed by Regulations 3 and 3-A.

Provided that a private candidate who joins a College shall attend at least two-thirds of the lectures delivered in the one subject during the year preceding his reappearance

Provided further that no candidate who passes under this Regulation shall be eligible for a scholarship, or for Honours. 8. An outline of the tests in each subject is given in Appendix A This outline can be changed from time to time by the Syndicate, or, in accordance with the Regulations, by the Academic Council, with the

approval of the Senate.

5) The Courses of Reading prescribed by the Senate are specified in Appendix B. In cases where text-books are prescribed, the candidates will be required not only to show a thorough Imovledge of the text-books, but also to answer questions of a similar standard sot with a view of testing their general knowledge of the subject. Courses of reading can be changod from time to time in accordance with the Regulations by the Syndicate, or the Acsdemic Council as the case may be, with the approval of the Senate; such changes being always duly notified at least two years before the date of examination in which they will take affect date of examination in which they

10. Four weeks after the commencement of the examination, or as soon thereafter as is possible, the Registrar shall publish a list of the candidates who have passed, arranged in three divisions Each successful candidate shall receive with his degree a certificate stating the division in which he has passed.

11. Any candidate may be exammed for Honours in Physics or Geology or, if he has qualified in three papers, in English on payment of an extra fee of twenty rupoes provided he is certified to have stended not less than two-thirds of the full course of instruction given in that subject in an Honours class either in Lahore or elsewhere for which the programme of work has been approved by the Academic Council. Provided that a candidate on the rolls of an affiliated College in Lahore shall be examined for Honours in Physics for the last time in the vear 1981.

12. In addition to the Pass Papers in the subject in which the candidate seeks Honours there shall be two Honours Papers each carrying in the case of Physics seventy-five marks and in the case of Geology sixty marks, and a practical examination carrying fifty marks in the case of Physics and sixty marks in the case of Geology, and, in the case of Geology an account of field-work carrying twenty marks.

Three Honours Papers shall be set in addition to the Pass Papers in English. Seventy marks shall be allotted to each of two of these Honours Papers and sixty marks to the third paper, which may be of a more oneral character or an Essay Paper, as the Board

of Studies in English may decide.

Unless a candidate obtains 50% in the Pass Papers in the subject in which he seeks Honours, his Honours Papers shall not be examined. To obtain Honours, a candidate must obtain at least 45% in the Honours Papers taken together. The order of merit in a subject will be settled by the combined result of the Pass and Honours Papers in that subject.

The marks gained in the Honours Papers shall not be added to the total gained in the Pass examinations An Honours list shall be published in each subject in

order of merit.

18. A student who has passed this examination may appear in the Intermediate in Arts or the Bachelor of Arts Examination in a classical language only, on payment of rupees ten, and on obtaining pass marks in that subject be granted a certificate to that effect. A candidate may elect to appear in the B.A. Examination in this subject without having previously telor the Patermediate Examination whe subject without having previously telor the Tuttermediate Examination in the subject.

Candidates appearing under this Regulation shall be permitted to appear in the subject in the supple-

mentary examination held in September.

14. Any student who has passed this examination and obtained fifty per cent. marks in Physics may appear in the Honours Papers in Physics in any subsequent year on payment of prescribed fee and on obtaining pass marks in the Honours Papers be granted a certificate to that effect. Provided that a student who has passed this examination as a candidate present the property of the

sented by an affiliated College in Lahore shall not be permitted to appear in the Honours Papers in any subsequent year.

16 A candidate who has passed this examination may be allowed to appear at sury subsequent examination in any one subject, which under the Begulations in force he could have state for the examination but the country of the country

#### HONOURS PAPERS.

The outline of test for the Honours Papers in Physics, Geology and English in the Faculty of Science is the same as for the Faculty of Aris.

# APPENDIX B. (See Chapter XXI.) Gaurses of Reading for the B.Sc. Examination.

#### M.Sc. EXAMINATION.

 An examination for the Degree of Master of Science shall be held annually in Lahore, beginning on the second Monday in April or on such other date as may be fixed by the Syndicate.

- 2. The examination shall be open to-
  - (a) any College student who—
    - (i) as Bachelor\* of Sorence of the University of the Pauph or (subject to the sanction of the Academic Council) of any other recognised University, or (2) m the case of a candidate who is a Bachelor of Arts of the University of the Panjab or (subject to the sanction of the Academic Council) of any other recognised University, and has taken Physics or Chemistry in the Bachelor of Arts Examinaton;
    - (ii) has his name submitted to the Registrar by the Head of the College he has most recently attended.
  - (iii) produces the following certificates signed by the Head of the College he has most recently attended—
    - of good character;

<sup>\*</sup> B.Sc. in Agriculture eligible to join the M.Sc. class (para. 5, Synd., 2-2-13).

- (2) for the practical examination in Science, of having attended not less than two thirds of the periods assigned to practical work in that subject (the mininum number of attendances required being seventy-five);
- (b) any private candidate who is admitted under Regulations XI by the special order of the Senate, and is a graduate in Science of the Panjab or any other recognised University.
- \*8. Every candidate shall forward his application to the Begistern by the thirteenth February of the year of examination, accompanied by a fee of seventy-five rupess, or in the case of a private candidate of eighty ripees, and a statement showing the subject in which he destres to be examined. A candidate who fash to pass or to present himself for the examination shall not be entitled to claim a ratund of the fee, but he may be admitted to one or more subsequent examinations on payment of the above fee on each occasion.
- 3-A. Whenever the application or fee of the candidate us roceived more than three days after the last date prescribed above, he shall pay additional fee of Rs. 5. Provided that such application shall only be entertained up to the twelfth March of the year of examination.
- Every candidate shall be required to take up one subject and one only.

The following are the subjects of examination -

- Physics.
   Geology.
- (3) Physiology.

The examination in Physics under these Regulations shall be held for the last time in the year 1938

<sup>\*</sup> M.So. Honours Sobool Research candidates who have no written examination may pay their examination fees up to the 30th April of the year of examination.

and shall be open only to such candidates as have been candidates in and failed to pass the M.Sc. Examina-

tion in Physics in 1937 or before.

5. In all subjects the examination shall consist of written papers and a practical test. In addition, if it is considered advasable, a thesis on any branch of the subject may be submitted. The outline of the tests in each subject and the marks allotted are given in Appendix B, subject to the restriction that the total marks given shall be 700.

 The minimum number of marks required to pass this examination shall be forty-five per cent. in the aggregate and thirty-three per cent. in each paper and

in the practical examination.

7. Candidates who gain sixty-five per cent. or more of the aggregate marks shall be placed in the first class; those who gain not less than fifty-five per cent. in the second class; and all below, in the third class.

- 7-A. Four weeks after the commencement of the examinations, or as soon as is possible, the Registrar shall publish a list of the candidates who have passed, arranged in three divisions. Bach successful candidate shall receive with his degree, a certificate stating the division in which he has passed
- 9. Any Master of Science may, on payment of a fee of sixty rupees or in the case of a private candidate sixty-five rupees, be admitted to this examination in any branch other than that in which he was previously examined, and may, if his attainments come up to the standard presentied, be granted a certificate to that effect, stating the class in which he has passed.
- 9. If in any dissertation involving original work, the examiners are of opinion that the work presented is not sufficient, and if the candidate's other papers reach such a standard that qualifying marks in the dissertation would have enabled him to pass the examination, the candidate may be given an opportunity of completing his work at the dissertation the examiners.

The maximum extra time allowed in such a case shall be one year, but it shall be possible for the candidate to submit his results at any time within that period. Such candidates shall at the time of publication of the results of the MS E Examination be notified as being required by the examiners to submit further work under the above head. Such candidates shall not be eligible for medals nor other University distinctions

# APPENDIX B. (See Chapter XXI.) Courses of Reading for the M.Sc. Examination.

## \*THE DOCTOR OF SCIENCE EXAMINATION.

 Every andidate for the Degree of Doctor of Science shall have passed not less than six years previously the examination for the Degree of Master of Science.

2 Every candidate for the degree must have already made substantial published contributions to

science

8. Every candidate shall submit his work con-

taining an original and substantial contribution to some branch of learning accompanied by a fee of rupees five hundred. Any work submitted for the degree shall be satisfactory as regards literary presentation. 4. The work submitted shall be examined by a Board of Examiners to be nominated by the Syndicate on the recommendation of the Vene-Chanceller.

<sup>\*</sup> The Regulations for the Ph.D. Degree are printed after the Regulations for the M.A. Examination.

The research work carried out at Pusa and Muktesar is treated on the same footing as research work carried out at the Universities for the purposes of the D Sc. Degree (vide paragraph 16 of the Syndicate Proceedings, dated the 15th February, 1935).

Candidates who have given evidence of research and ability satisfactory to the Board of Examiners and have fulfilled the prescribed conditions shall be

admitted to the Degree of Doctor of Science.

6. If the Board of Examines consider that the candidate is not worthy of the Degree of Doctor of Science but that his work is of a standard equivalent to that required for the Degree of Doctor of Philosophy, they may recommend him to the Syndicate for the grant of the Degree of Doctor of Philosophy.

# DOCTOR OF MEDICINE (M D.).

1 An examination for the Degree of Doctor of Medicine shall be held annually in Lahore, in October or at such time as the Syndicate may determine.

In Medicane and Surgery one of the five questions to be on Medical or Surgical Pathology—the question being compulsory for all candidates (Syndicate Proceedings, dated 11th March, 1992, para. 15).

- 2. Every candidate for admission to this examination shall be required to produce certificates-
  - (a) of being a Bachelor of Medicino and Bachelor of Surgery of this University.

# in the case of Licentiate of Medicine and Surgery of

- this University, of having passed the Special Exam mation for the Degree of Bachelor of Medicine and Bachelor of Surgery.
- (b) of having, subsequently to graduation, completed four years' continuous medical practice; or three years' post-graduate attendance at a hospital recognised by the University for the purpose, or two years' postgraduate attendance at a hospital recognised by the University for the purpose, provided the candidate has passed the Final M.B.B. Examination "with honours" in Medicine:
  - Four years' continuous medical practice subsequent to passing the LMS. Examination:
- (e) of good moral and professional character, approved by the Medical Faculty.
- Every candidate shall forward his application to the Registrar at least fourteen days before the date fixed for the commencement of the examination, accompanied by a fee of two hundred rupees. A candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fee: but a candidate may be admitted to one or more subsequent examinations on payment of a like fee of two hundred rupees on each occasion.
  - The subjects of examination shall be:—
    - The Principles and Practice of Medicine including Therapeutics.
    - Medical Pathology and Bacteriology.
    - One of the following special subjects:
      - (a) Psychiatry and Neurology. (b) Tropical Diseases and Helminthology.

      - (c) Pediatrics (Diseases of Children) (d) Advanced Physiology and Bio-chemistry.
        - (e) Advanced Pharmacology and Therapeutics. (f) Venereal Diseases and Dermatology.

- (g) Advanced Pathology and Bacieriology.
- (h) Midwifery and Diseases of Women.
- The examination in each subject shall consist of one written paper and an oral and either a clinical or a practical examination.
- The examination shall be conducted by a Board of three Examiners, consisting of the examiner in Medicine as President, and two members, one for each subject of examination in which a candidate appears, nominated by the Syndicate on the recommendation of the Medical Faculty.

The Board shall determine, in consultation, all

details of the examination.

Every candidate shall forward his thesis to the Registrar at least three months before the date fixed for the commencement of the examination accompanied by a fee of rupees one hundred. The thesis shall be examined separately by two members nominated by the Syndicate on the recommendation of the Faculty, who shall report as to whether the thesis be accepted or rejected. If accepted, it shall be classified as accepted, commended or highly commended. If the thesis is approved, the candidate

<sup>(</sup>a) The thesis should be the result of personal observations. or a critical exposition of the researches and opinions of others, accompanied by precise references to the Publications quoted, so that due verification may be facilitated on any subject connected with the Science and practice of Medicine, excepting subjects which are exclusively surgical. It must attain to a high standard and shall be satisfactory as regards literary presentation as well as in other respects.

<sup>(</sup>b) The thesis must be typewritten on paper 11" by 81" with margins of 11" at each side. Only one side of the paper is to be typed. It should be bound in cloth with the name of the author, and title, on the outside cover It should terminate with a summary embodying conclusions arrived at by the author. (c) A thesis which has been accented shall become the nioperty of the Panjab University and shall be placed in the Library

of the King Edward Medical College (Vide paragraph 9 of the Sundicate Proceedings, dated the 13th January, 1934.)

shall be permitted to appear in the examination. The Syndioste may, on the recommendation of the Medical Faculty, if it sees fit exempt a candidate whose thesis is of exceptional merit, from appearing in the writton paper of the subject to which his thesis apportains.

9. The Syndicate may, on the recommendation of the Medical Faculty, lay down from time to time the conditions as regards the nature and standard of the

thesis required.

10. As soon as possible after the examination, the Board shall report to the Registrar for publication the result of the examination. Successful candidates shall be arranged into two lists—

(a) Pass—ordinary.
 (b) Pass—with distinction.

11. Each successful candidate shall be granted a Diploma.

12 A candidate whose thesis has been accepted but fails in the examination, may be readmitted to a subsequent examination not oarlier than one year after the date of his failure on payment of a fee of two hundred rupees on each occasion.

## MASTER OF SURGERY (M.S.).

1. An examination for the Degree of Master of Surgery in three branches as given in Regulation 4 below shall be held annually in Lahore in October or at such time as the Syndicate may determine.

2. Every candidate for admission to this examina-

tion shall be required to produce certificates;-

(a) of being a Bachelor of Medicine and Bachelor of Surgery of this University;

in the case of Licentiate of Medicine and Surgery of this University, of having passed the Special Examination for the Degree of Bachelor of Medicine and Bachelor of Surgery; (b) of having, subsequently to graduation, completed-

Four years' continuous surgical practice; or

Three years' post-graduate attendance at a hospital recognised by the University for the purpose, or

Two years' post-graduate attendance at a hospital recognised by the University for the purpose, provided the candidate has passed the Final M.B.B.S Examination "with honours" in Surgery;

Four years' continuous medical practice subsequent to passing the L.M S. Examination;

(c) of good moral and professional character, approved by the Medical Faculty.

3. Every candidate shall forward his application to the Registrar at least one month before the date fixed for the commencement of the examination, accompamed by a fee of two hundred rupees. A candidate who fails to pass or present himself for examination shall not be entitled to claim a refund of the fce, but a candidate may be admitted to one or more subsequent examinations on payment of a like fee of two hundred rupees on each occasion.

4 The subjects of examination for the three branches of the Degree of Master of Surgery shall be :-

I .- For M.S. in General Surgery including Gynecology-

- (1) Two papers in Surgery and Gynacology, one of which may be a case for commentary, or an essay on one or two subjects selected from General Surgery and Gynecology.
- (2) One paper in Surgical Pathology. (3) One paper in Surgical Anatomy.
- (4) A Clinical Examination.
- (5) Operations on the dead body. (6) An Oral Examination.
- II .- For M S in Ophthalmology-
  - (1) One paper in General Surgery.
    - (2) One paper in Ophthalmology. (3) One paper in the anatomy and physiology of the Eye
    - including physiological optics. (4) One paper in the pathology of the Eye. (5) A Clinical Examination.
    - (6) An Oral Examination.

- III .- For M.S. in Laryngology, Otology and Rhinology-
  - (1) As (1) in II. Ophthalmology.
    - (2) One paper in Listyngology, Olology and Bhinology.
       (3) One paper in the anatomy and physiology of the Ear,
    - Nose and Throat.

      (4) One paper in the pathology of the Ear, Nose and
  - (5) A Clinical Examination.

- (iv) produces the following certificates signed by the Head of the College he has most recently attended.
  - of good character;
  - (2) of having attended not less than twothrds of the full courses of lectures delivered in each of the subjects in which he desires to be examined, and of having attended not less than twothrds of the periods assigned to laboratory and practical work in the subjects.
    - (A deficiency in the number of lectures may be condoned for very special reasons under Regulation 7 of Chapter \* III):
- (b) a student of the College who, having attended the preserribed number of lectures, does not appear at the examination for sufficient cause, or having appeared at the examination has failed, may be allowed to appear at the next examination and the one after the next without attending a fresh course of loctures:

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

3. Every candidate shall forward his application to the Begistrar, on the form prescribed, at least

four weeks before the commencement of the examination, accompanied by a fee of sixty rupees and a statement showing the subjects in which he desires to be examined. A candidate who fails to pass or to present himself for examination shall not be entitled to a refund of the fee.

4. Every candidate shall be required to take up the following subjects for the examination:—

Group A —Mathematics and Mechanics—two papers.

 B.—Engineering Drawing and Design and Practical Geometry—two papers.

,, C —Physics and Chemistry—two

(a) Physics and Electrical Engineer-

(b) Applied Chemistry and Chemical Engineering.

D.—Surveying—two papers

 5. One hundred marks shall be allotted to each paper.
 6. The minimum number of marks required to pass

this examination shall be thirty-three per cent. in each group and forty per cent. in the aggregate.

group and noty per cent. In the aggregate.

7. Any student who has obtained forly-five per cent. of the aggregate number of marks, but has failed in one group only, obtaining not less than twenty-five per cent. in that group, shall be admitted to an examination in that group only not later than the second Monday in the month of October of the same year, or, if he fails to pass or present himself for the examination then, at the next University examination in June on payment of the same fee as for the whole examination on each occasion, and if he pass in that group in either of those examinations, he shall be deemed to have passed the First Examination in Engineering.

Candidates to whom this concession is granted shall be allowed to read for the Second Examination in Engineering.

8. An outline of the tests in each paper is given in Appendix A. This outline may be changed from time to time by the Syndicate with the approval of the Senate.

9. The courses of study prescribed by the Senate are specified in the syllabus laid down in Appendix B This syllabus may be modified from time to time by the Syndicate with the approval of the Sonate.

10. Four weeks after the commencement of the examination or as soon thereafter as is possible, the Registrar shall publish a list of the candidates who have passed. Each successful candidate shall be granted a certificate.

# THE SECOND EXAMINATION IN ENGINEERING.

- The Second Examination in Engineering shall be held annually at Lahore in the month of June or on such other date as may be fixed by the Syndicate.
  - The examination shall be open to—
    - (a) any College student who—
      - has been onrolled in a College affiliated to the University in the Faculty of Engineering during one academic year pre
        - ceding the examination.

          (The Syndicate may condone a deficiency in this period for special reasons);
      - (ii) has passed not less than one academical year previously the First Examination in Engineering, or (subject to the sanction of the Syndicate), any other examination recognised as equivalent thereto;

- (iii) has his name submitted to the Registrar by the Head of the College he has most recently attended.
- (iv) produces the following certificates signed by the Head of the College he has most recently attended:—

(1) of good character:

- (2) of having attended not less than twothirds of the full courses of lectures delivered in each of the subjects in which he desires to be examined, and of having attended not less than twothirds of the periods assigned to laboratory and practical work in the subjects.
  - (A deficiency in the number of lectures may be condoned for very special reasons under Regulation 7 of Chapter III):
- (b) a student of the College who, having attended the prescribed number of lockwires, does not appear at the examination for sufficient cause, or having appeared at the examination has failed, may be allowed to appear at the next examination and the one after the next swithout attending a fresh course of hectures:

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

3 Every candidate shall forward his application to the Registrar, on the form prescribed, at least four weeks before the commencement of the examination, accompanied by a fee of sixty-five rupees and a statement showing the subjects in which he desires to be examined. A candidate who fails to pass or to present himself for examination shall not be entitled to a refund of the fee

4. Every candidate shall be required to take up the

following subjects for the examination:---Group A .- Pure and Applied Mathematics -- two

paners

- B.—Engineering Design and Drawing, Strength of Materials and Theory of Structures-two papers.
- C .- Heat Engines and Hydraulics and Mochanism-three papers.
- D .- Electrical Engineering, Direct and Albernating Current-two papers.
- 5. One hundred marks shall be allotted to each paper.

The minimum number of marks required to pass this examination shall be forty per cent. in each group and fifty per cent in the aggregate.

7. Any student who has obtained fifty-five per cent. of the aggregate number of marks, but has failed in one group only, obtaining not less than twenty-five per cent, of the marks in that group, may be admitted to an examination in that group only at special supplementary examination to be held not later than the second Monday in the month of October of the same year, or, if he fails to pass or present himself for the examination then at the next annual examination, on payment of the same fee as for the whole examination on each occasion; and if he pass in that group in either of those years, he shall be deemed to have passed the Second Examination in Engineering.

Candidates to whom this concession is granted shall be allowed to read for the Final Examination in Engineering.

8. An outline of the tests in each paper is given in Appendix A. This outline may be changed from time to time by the Syndicate with the approval of the Sanata

9. The courses of study prescribed by the Senate are specified in the syllabus laid down in Appendix B. This syllabus may be modified from time to time by the Syndiente with the approval of the Senate.

10 Four weeks after the commencement of the examination or as soon thereafter as is possible, the Registrar shall publish a list of the candidates who have passed. Bach successful candidate shall be granted a certificate.

## THE FINAL EXAMINATION IN ENGINEERING.

- The Final Examination in Engineering in two Branches as given in Regulation 4 below shall be held annually at Lahore in the month of June or on such other date as may be fixed by the Syndicate.
  - 2 The examination shall be open to—
    - (a) any College student who-
      - has been enrolled in a College affiliated to the University in the Faculty of Engineering during one academic year preceding the examination.
        - (The Syndicate may condone a deficiency in this period for special reasons);
      - (ii) has passed not less than one academical year proviously the Second Examination in Engineering:
    - (iii) has his name submitted to the Registrar by the Head of the College he has most recently attended; (IV) produces the following cortificates signed by
      - the Head of the College he has most recently attended.—
      - of good character;
      - (2) of having attended not less than twothirds of the full courses of lectures delivered in each of the subjects in

which he desires to be examined and of having attended not less than twothirds of the periods assigned to laboratory and practical work in the subjects.

- (A deficiency in the number of lectures may be condoned for very special reasons under Regulation 7 of Chapter TID:
- (ô) a student of the College who, having attended the prescribed number of lectures, does not appear at the examination for sufficient cause, or having appeared at the examination has failed, may be allowed to appear at the next examination and the one after the next without attending a fresh course of lectures;

Provided that the Syndicate or the determining authority under Regulation 7 of Chapter III shall have power to exclude any candidate from the examination, if it is satisfied that such candidate is not a fit person to be admitted thereto.

- 3. Every candidate shall forward his application to the Registar, on the form prescribed, at least four weeks before the commencement of the examination, accompanied by a fee of seventy rupees and a statement showing the subjects in which he desires to be examined. A candidate who fails to pass or to present himself for examination shall not be entitled to a refund of the fee
- 4. The subjects of examination for the two branches shall be:-

# (a) Mechanical Engineering.

Group A .- Mathematics -- two papers

B — Mechanism and Hydraulics—two papers.

Group C -Strength of Materials and Theory of

, D.—Economics of Engineering—two

papers.

E.—Heat Engines—one paper and examination of practical work.

,, F.—Engineering Drawing and Design.

(This shall be marked on the course work done during the year.)

Transitory Regulation,—Candidates who have appeared and failed in the Final Examination in Mechanical Engineering previously to 1987 shall be permitted to reappear during the years 1987 and 1988 under the Regulations in force previous to 1987.

# (b) Electrical Engineering.

Group A -- Mathematics-two papers.

,, B.—Theory of Electrical Machinery—two papers.

,, C.—Electrical Generation, Transmission and Distribution—two papers.

, D—Electrical Traction, Telegraphy, Telephony and Radio Communications—two papers.

,, E.—Heat Engines—Strength of Materials and Theory of Structures—two papers.

,, F.—Engineering Drawing and Design.

(This shall be marked on the course work done during the year.)

Every candidate shall be required to take up the subjects prescribed for one of the two branches.

5. The marks allotted to each paper or practical

 The marks allotted to each paper or practical examination shall be one hundred, whereas the marks allotted to course work shall be two hundred. The minimum number of marks required to pass this examination shall be forty per cent. in each

group and fifty per cent. in the aggregate.

7. Candidates who obtain forty per cent of the marks or more in each group and fifty per cent of the aggregate number of marks or more shall be placed in the second division, those who obtain forty per cent of the marks or more in each group and sixty per cent of the aggregate number of marks or more shall be placed in the first division, and those who obtain forty per cent of the marks or more in each group and obtain seventy per cent of the aggregate number of marks or more shall be declared to have passed with honours.

8. Any student who has obtained fifty-five percent, of the aggregate number of marks, but has failed in one group only, obtaining not less than twenty-five percent, of the marks in that group, may be admitted to an examination in that group only at a special supplementary examination to be held not later than the second Monday in the month of October of the same year, or, if he fails to pass or present himself for the examination at the next annual examination, on payment of the same fee as for the whole examination on each cocasion; and if he pass in that group in cither of those years, he shall be deemed to have passed the Final Examination in Engineering.

9 An outline of the tests in each paper is given in Appendix A. This outline may be changed from time to time by the Syndicate with the approval of the Senate.

10. The courses of study prescribed by the Senate are specified in the syllabus laid down in Appendix B. This syllabus may be modified from time to time by the Syndicate with the approval of the Senate.

 Four weeks after the commencement of the examination or as soon thereafter as is possible, the Registrar shall publish a list of the candidates who have passed. \*12 In addition to passing the examination a candidate shull be required to have spent low years undergoing approved practical training in a recognised workshop or on recognised engineering words before being admitted to the Degree of the Bachelor of Science in Engineering of producing certificates of having undergone such a period of upproved practical training and made satisfactory progress theroin, and provided he has attained a full age of twenty-two years, he shall be admitted to the Degree.

13. Any candidate who has passed the Final Examination in Engineering in one branch may, on payment of a fee of seventy rupees, be admitted to this examination in the branch other than that in which he was previously examined, provided he fulfils the conditions land down in Regulation 2 and may, if his stiainment come up to the standard prescribed, be granted a certificate to that effect. Before such a candidate is admitted to the Degree of Bacilelor of Science in Engineering he must undergo practical training and produce certificates of satisfactory progress as in Regulation 12.

\_\_\_

#### TRANSITORY REGULATIONS.

1. Students on the rolls of Class A of the Macingan Engineering College, Mughalpura, m 1931. who have passed the Intermediate Examination of the Science Faculty taking up Mathematics, or the Intermediate Examination of the Arts Faculty taking up Mathematics and Chemistry or Mathematics and Physics, or or any tother examination approved by the Senate

Matriculation Examination and the Senior Cambridge Examination have been approved by the Senate for this purpose (vide Senate Proceedings, dated the 30th March and 28th May, 1932, respectively).

<sup>\*</sup> For the purposes of Regulation 12, practical training gained by a candidate in College workshops, as part of the ordinary curriculum of his College course, will not be approved. - Matriculation Examination and the Same Combridge Re-

on the recommendation of the Syndicate, shall be eligible to appear for the Engineering examinations as under:—

- (a) Those who joined the College in 1981 shall be admitted to the First Examination in Engineering in 1982.
- (b) Those who joined the College m 1980 and were promoted to the second year class m 1981 shall be admitted to the Second Examination in Engineering in 1982.
- (c) Those who joined the College in 1929 and were promoted to the second year class in 1980 and the third year class in 1981 shall be admitted to the Final Examination in Engineering in 1982.
- 2. Students who entered the Macingan Engineering Collego prior to 1929 and who have passed the Final Diploma Examination of the Muclagan Engineering College, Mughalpure, having, before admission to the College, passed one of the examinations referred to in Regulation 1 above, shall be eligible to appear in the Final Examination in Engineering in 1962 and therefacter. Such candidates as appear and qualify under this Regulation and have spent two years for practical training in a recognised workshop, or on engineering works subsequent to passing the Final Diploma Examination of the College, shall, on producing certificates of satisfactory progress during the period of training, be admitted to the Degree of Bachelor of Science in Engineering.
- Candidates appearing under these Transitory Regulations shall, in other respects, be governed by the Regulations relating to the examination for which they appear.

# \*XII-D —REGULATIONS FOR THE CONSTI-TUTION OF HONOURS SCHOOLS, THE DEGREE OF BACHELOR OF ARTS

## (HONOURS SCHOOL) AND MASTER OF ARTS.

## General Regulations.

- The following expressions have in these regulations the meaning hereinafter assigned to them:—
  - (1) "University Professor," or "University Professors," means the Professor or Professors appointed by the University for the purposes of each Honours School concerned: viz., the University Professor or Professors of Mathematics for the purposes of the Honours School of Mathematics: the University Professor or Professors of History for the purposes of the Honours School of History; and the University Professor or Professors of Sankrit and Arabia for the purposes of the Honours School of Oriental Languages.
  - (2) "University Reader," or "University Readers," means the Reader or Readers appointed by the University for the purposes of each Honours School concerned, as in the last foregoing clause mutatis mutandis.
  - '(8) "Board of Control" means a Board of Control established by the University in Lahore for the control of an Honour School in the Faculty of Arts.

<sup>\*</sup>Fersons who pass the B.A. Examination with Honours in one subject are entitled to write "B.A. (Honours in —)" after their names when they are admitted to the degree, and those who pass the Honours School Examination are entitled to write pass the Honours School Examination are entitled to write the case may be, after their names whom admitted to be the case may be, after their names whom admitted to be degree.

- (4) "Local Board of Control" means an agency established by the University in a centre outside of Lahore for the control of a class or classes working in an Honours School in the Faculty of Arts in such centre.
- (5) "Teaching Stuff" means the teachers, other than the University Professors or Readers, who are authorised to teach candidates in an Honours School.
- \*2. The Board of Control of an Honours School shall consist of the University Professor or Professors, the University Reader or Readers stationed in Lehore, and such tonchers of the subjects taught in the School as may be appointed by the Syndicate for the purpose, except that, in the case of the Combined Honours School (Arts), the Board of Control shall consist of the Dean of University Instruction and of not more than two representatives of each subject of the School to be norminated by the Syndicate, one of whom shall be a University Professor of the subject, if univ.
- 8. The Local Board of Control of an Honoure School at my coutro at which the University may establish a Local Board of Control for classes working in such Honours Behool, shall consist of the Principal or Principals of the College or Colleges to which the candidates working in such School belong, together with the Unversity Professor or Reader (if any) stationed at such centre, and the teaching staff of the Honours School stationed at such centre.
- 4. The teaching staff for each Honours School shall be selected by the Syndicate, subject to the control of the Senate, on the recommendation of a Selection

<sup>\*</sup>Teschers, other than those approved for actual teaching in the School, provided they are isochers of the subject suight in the School, are eligible for nomination to the Board of Centrol, except in the case of the Board of Control for the Combined Honours School (Arts)—(Synd. Proc., dated 10th October, 1925, pars. 9).

Committee consisting of the Vice-Chancellor, the Chief Justice, the Director of Public Instruction and the Dean of University Instruction, to be made from a list of available teachers drawn up by the Academic Council.

- 4-A. The teaching in an Honours School shall consists, so far a may be possible, of discussion between teacher and student, guidance in reading and criticism of written work, with attention to the particular development of the individual student. So far as may be possible, it shall oxclude thouse of text-books and the delivory of lectures intended to be recorded and mamorised like text-books.
- 5. No Honours class shall be opened except with the sanction of the Syndicate to be given on the recommendation of the Academic Council
- 6 Candidates for the Degree of Bachelor of Arts (Honours School) must obtain admission from the Board of Control (or from the Local Board of Control, if they are members of a College outside Labore) to one of the Honours Schools, and after working through the courses preserved to the santifaction of the Board of Control of that School, and after passing such preliminary examinations as may be required by the Regulations, satisfy the Examiners in the Bachelor of Arts (Honours School) Examination.
- 7 Every candidate for admission to an Honours School must be recommended by his Principal, and obtain a certificate from the Registrar showing in detail the results of his Intermediate Examination. A candidate who is not admitted before the summer vacation may be admitted up to the end of October.
- 8. The Board of Control, in the case of students belonging to Colleges in Lahore, and the Local Board of Control of the centre concerned, in the case of students belonging to Colleges outside Lahore, is the authority empowered to admit students to the School or class which it controls, and to exclude students from such School or class in accordance with any rules.

or directions laid down by the Academic Council. The Board of Control shall, as nearly as may be, limit the number of students admitted to an Honours School to the number for whom the kind of teaching postulated by Regulation No. 4-A cun, with due regard to the means at the disposal of the University, be provided

- 9 (1) The Board of Control, or the Local Board of Control, of an Honours School shall, in case of the misconduct of a candidate in connection with his work in such School, have power to exclude him from the Honours School, but not to evpel him from the University.
  - (2) The Board of Control, and Local Board of Control, of each Honours School shall reconsider shortly before Christmas, and again before the end of the first year of the Honours Course, the suitability of each new student in the School for the work of the School, and may on either occasion send back to the Peas Courses any eand date who is found uneoual to the work.
  - (8) Candidates admitted to an Honours School shall be governed by the General Regulations relating to Honours Schools and by Regulations relating to that particular Honours School.
- 10. Every candidate admitted to an Honours School must be a member of an affiliated College and must pay fees to his College and to the University according to the scales that may be arranged by the Syndicate and the Colleges concerned.
- 11. Subject to the Regulations and the directions of the Academic Council and of the Syndicate the discipline and routine in each School will be under the direction of the Board of Control of that School.
- Except in respect of his work in the School, each Honours School student will remain under the

control and discipline of his own College, e.g., a student expelled from his College is ipso facto expelled

from any Honours School.

13. In any Honours School where there is a Preliminary "Examination In English at the end of the first year or a Preliminary Examination in a subsidiary subject at the end of the second year of the Honours Course, if a candidate fail to astisfy the Examiners in that Preliminary Examination the candidate shall have another opportunity of qualifying in English or the subsidiary subject.

In any Honours School where the Preliminary Examination in English is held at the end of the second year of the Honours Course, the candidate shall have one other opportunity of qualifying in English about

September of the year he fails

14. The B.A. Honours School Examination in each School shall be conducted by a Board of Examiners comprising teachers in the School and external examiners.

15. There shall be instituted:-

The Honours School of Mathematics.

(2) The Combined Honours School (Arts).
(8) The Honours School of History.

 A candidate shall not be permitted to appear in the Honours School Examination more than once.

17. On the advice or with the permission of the Board of Control a candidate may postpone his appearance in the Honours School Examination for one, two or three years. Provided that no candidate who postpones his appearing in the examination under this regulation shall be eligible for any prize or scholarship.

 In the event of a candidate failing to appear in the whole or part of the B.A. Honours School Exam-

<sup>\*</sup>Admission fee for Preliminary Examination in English or any subsidiary subject Rs. 10. Final Rs. 50. (Synd., 12th March, 1920.)

ination after having sent in his application, if the Board of Control is satisfied that his failure to appear was due to scorous illness or to some physical accident and that if he had appeared he would have obtained the B.A. (Honours School) Degree, the Board of Control may recommend him to the Syndicate for the grant of Pass Degree

If he is granted this degree such a candidate may be admitted to the fourth year class of the Honours School

19. If the Board of Examiners consider that a candidate is not worthy of the B.A. (Honours School) Degree, but that he shows a standard of knowledge equivalent to that required for the Pass Degree, they may recommend him to the Syndicate for the grant of the Pass Degree II he is granted this degree such a candidate may not be admitted to the fourth year class of the Phonours School

# SPECIAL REGULATIONS FOR THE HONOURS SCHOOL OF MATHEMATICS

1 Every candidate for admission to this School must have taken Mathematics in the Intermediate Examination.

2. Every candidate must qualify in English and will be examined in this subject at the end of the first year of the Honours School Course

year of the Honours School Course

8. At the end of the third year of the Honours School Course there shall be an examination in Mathematics for B A (Honours School),

The number of papers and distribution of the subject shall be determined from time to time by the Academic Council, on the recommendation of the Board of Control, subject to confirmation by the Senate.

Candidates considered worthy of Honours School Degree will be classified in three classes.

4 If a candidate, who has been admitted to the Honours School, is sent back to the Pass Classes, he shall be allowed to take the Pass B A Examination two years after passing the Intermediate Examination, taking English, and including Mathematics, as one of his subsects.

- 5. If a candidate fails in English at the end of his first year, and is remanded to the Pass Classes, he may be admitted to the Pass Examination in any subjects three years after passing the Intermediate Exsmination.
- 6. A candidate who reverts to the Pass Courses after failing in the B.A. (Honours School) Examination may appear in the B.A. Pass Examination the following year
- 7. A candidate who distinguishes humself in the Mathematics of the Pass B A. may, at the discretion of the Board of Control, be admitted to the Honours School Classes and appear at the next Florours School Examination
- 8 At the end of the fourth year of the Honours School Course, there shall be an examination in Mathematics for the M.A. Dogree. This examination shall be conducted by a Board of Examiners consisting of teachers in the School and external examiners
- The number of papers, the distribution of the subpct, and the nature of any other test shall be determined from time to time by the Academic Council, on the recommendation of the Board of Studies, subject to confirmation by the Senate.

## Special Regulations for the Combined Honours Schools (Arts).

- 1 Every candidate shall in the first two years of the School take English and any two of the following subjects:—
  - (1) History.
  - (2) Economics.
  - (3) Philosophy.

- 2. Every candidate shall qualify in one of his subjects at the end of the second year of the Honours School Course, provided that, if a candidate fail to satisfy the Examiners in one subject at the end of the second year of the Honours School Course, but is not remanded to the Pass Course, he shall have one other opportunity of qualifying in that subject about Sentember of the vear in which he fails.
- 8. At the beginning of the third year of the Honours School Course the candidate shall declare which is to be regarded as his major subject. At the end of the third year of the School each candidate who has qualified in one of his subjects shall be examined in his other two subjects.

The number of papers and distribution of the subjects shall be determined from time to time by the Academic Council, on the recommendation of the Board of Control, subject to confirmation by the Senate.

- Candidates considered worthy of Honours School Degree shall be classified in three classes.
- 4. If a candidate fails to qualify himself in one subject as laid down in Regulation 2 above and is remanded to the Pass Classes, he may be admitted to the Pass Examination in these subjects three years after passing the Intermodiate Examination; if he is otherwise elicible.
- 5. A candidate who reverts to the Pass Course after failing in the Combined Honours School (Arts) Examination may appear in those subjects in the B.A. Pass Examination the following year.
- 6. A candidate may be remanded to the Pass Course by the Board of Control on account of unsatisfactory work during the term or unsatisfactory results at the annual Class Examination. He shall be remanded if he fails to quality in one subject either at the end of the second year or in the September following the end of the second year.

7 If a candidate, who has been admitted to this Honours School, is sent back to the Pass Classes at any time up to the end of the first year, he shull be allowed to take the Pass Degree Examination two years after passing the Intermediate Examination.

# Special Regulations for the Honours School of History.

- The examination shall be divided into two parts. The examination in Part I shall be held (by the University) at the end of two years and in Part II one year after that.
- The number of papers and distribution of the subject shall be determined from time to time by the Academic Council, on the recommendation of the Board of Control, subject to confirmation by the Sanata.
- Candidates considered worthy of Honours School Degree shall be classified in three classes.
- 4. A student who has passed the B.A. Examination in the Prate or Second Divison, taking History as one of his elective subjects, may be permitted to present himself for this examination at the end of the second year after passing the B.A. Examination. Such a candidate shall, on the recommendation of the Board of Control, be granted exemption from appearing in two papers at this examination, the equivalent of which he took up at the B.A. Examination. Provided that a student who has passed the B.A. Examination with Economies as second elective subject shall be exempted from examination in the Principles of Economies. ## XVI —REVISED REGULATIONS FOR THE MANAGEMENT OF THE ORIENTAL COLLEGE.

 The University shall maintain an Oriental College with the main object of promoting the advanced and enlightened study of Sanskrit, Arabio, Persian and such Indian vernacular languages as the Syndicate may appoint.

2 The management of the Oriental College (hereinafter called the College), and of the School Department attached to the College, shall be vested in the Syndicate.

8. The Principal of the College shall be appointed by the Sonate. The Regulations relating to the appointment, removal and control of the grant of leave to, and the making of provision for the retirement of, officers and servants of the University shall be appliciable to the Principal.

He shall be under the orders and control of the Syndicate in all matters connected with the definition and discharge of his duties, and, except as otherwise provided, he shall, subject to such orders and control, have power over the internal duscipline and arrangements of the institution.

4 The Syndicate shall, from time to time, defermine the number, nature, and salaries of the staff and establishment of the College, with the exception of (e) the Principal, (b) the Readers, Translators, Locturers and others on the endowment of the University or renumerated from Trust Funds held for that purpose by the University; and, with the exception of the Principal, shall have power to appoint, suspend, or dismiss any member of the staff or establishment;

Provided that without the previous sanction of the Senate-

- (a) no office of which the salary is Rs. 50 a month or upwards shall be created, and no person shall be appointed to such office;
- (b) the salary of no office of which the salary is Rs. 50 a month or upwards shall be increased or reduced:
- (c) no member of the staff or establishment whose salary is Rs. 50 a month or upwards shall be dismissed;
- (d) one and the same person shall not hold two or more appointments on the staff of the College.
- 5 In all cases in which a member of the staff or establishment has been suspended or dismissed by order of the Syndicato, the order shall be subject to appeal to the Senate, who may pass such order as may to them appear proper.
- A boarding-house shall be attached to the College.
- 7. Not later than the 30th November each year the Principal shall frame a budget for the year commening 1st April next and ending 31st March thereafter, in such form as may from time to time be prescribed by the Syndeste, and forward the same to the Board of Accounts to be incorporated in the University Budget submitted to the Syndicate.
- 8 The system and courses of instruction in the College shall be so regulated as to conform to the regulations for the various examinations of the University in the Oriental Faculty and in Oriental Languages. Subject to this provision the Syndicate shall have full authority to fix the subjects of instruction and the language in which instruction shall be conveyed, and to regulate the time and manner of tuition and attendance.

9. The Syndicate may allot funds to provide for scholarships and stipends, to be tenable only in the Oriental College and its attached school, except in the case of a female student, who may be allowed to study at home and be periodically examined as to the progress made by her by any person deputed by the Prin-

cipal for that purpose.

The award of scholarships shall be regulated by the Syndicate and shall be strictly in accordance with merit as tested by examination, and subject to any general regulations of the University on that behalf. Their number and value, and the manner and condition of their award and tenure shall be published in

the official Gazette.

If the holder of a scholarship fails to make satisfactory progress or is guilty of gross misconduct or lazinoss, or has been irregular in attendance, he shall, after due warning, be reported by the Principal to the Syndicate, who may diminish or withdraw the scholarship. Stipends shall be awarded by the Principal, subject to the control of the Syndicate.

 Subject to the general control of the Senate the Syndicate shall fix, from time to time, fees for admission into and tuition in the Collego, and for residence in the boarding-house provided that no increase of fees shall come into force until the beginning of

an academic year in the month of May

# XVII.—REGULATIONS RELATING TO THE LAW COLLEGE.

 The University shall maintain a Law College with the object of promoting a sound and calightened study of Law.

2. The management of the Law College (hereinafter called the College) shall be vested in the Syndicate, subject to the control exercised by the Senate in any matter requiring the sanction of this body: Provided that all matters relating to the Law College shall be considered in the first instance by the Law College Committee appointed in the manner provided in Regulation 8, and that the Syndicate may delegate to this Committee power to decide any matters not requiring the sanction of the Syndicate under the Regulations.

3. The College Committee shall consist of the Vice-Chancellor, the Dean of the Law Faculty, and three members of the Law Faculty, to be elected annually by the Faculty and two Heads of, or Professors in, Colleges of whom one shall not be a member of the Law College to be elected annually by the Syndcate in November of each year, and the year of office shall commence from the 1st of January following: If the Vice-Chancelor is Dean of the Law Faculty he shall nominate an additional member. The Registrar shall act as Secretary of the Callege Committee.

Three members shall form a quorum

\*4 Subject to the limits of expenditure senctioned by the Senate, the Syndicate shall determine the number, nature and sularies of the staff and establishment of the College All mombers of the staff and establishment, except part-time Law Readers and part-time Law Lectures; shall be appointed under the regulations relating to the appointment, removal and control of leave to, and the making of provision for the retirement of, officers and servants of the University.

Part-time Law Readers and part-time Law Lecturers shall be appointed by the Syndicate: they shall not be entitled to leave, or to subscribe to the Provident Fund; but, subject to the general control of the Syndicate, may be granted temporary leave of absence up to 4 days by the Principal and for any period exceeding 4 days by the Chicairman of the College Committee. The College Committee shall have power to make

<sup>\*</sup> Whole-time Law Beaders not permitted to practise (Syndicate Proceedings, dated the 1st May, 1924, para, 18).

omergency arrangements for carrying on the work of the College pending any orders by the Syndicate.

5 The Frincipal shall be under the orders and control of the College Committee in all matters connected with the definition and discharge of his duties, and, except as otherwise provided, he shall, subject to such orders and control, have power over the internal dis-

cipline and arrangements of the institution.

6. Not later than the 90th November each year the Principal shall frame a budget for the year commening 1st April next and ending 81st March thereafter, in such form as may from time to time be prescribed by the Syndicate, and forward the same to the Board of Accounts to be incorporated in the University Budget submitted to the Syndicate.

If the Principal's budget involves any increase in expenditure not previously sanctioned, and not previously recommended by the College Committee, the Committee shall be consulted and its opinion comnumicated to the Syndicate for consideration in con-

nection with the University Budget.

7. Not less than six weeks before the opening of every session of the College the Principal shall submit, for the information of the College Committee a statement of the course of lectures, instruction, and house examinations proposed to be followed, during such session, in each class of the College. The Principal shall also report to the College Committee such altorations in respect of these matters as he may deem fit to make from time to time during the academical vear.

8. The following fees shall be charged in the College from persons attending Preliminary, F.E L. and

LL.B. Classes:-

Rs. 40 upon admission or re-admission to the College:

Rs. 10 per mensem for the Preliminary and F.E.L. Classes and Rs. 12 per mensem for the LL B. Classes for the whole year of twelve months.

\*Provided that when a candidate has qualified for any examination, and has been admitted thereto, but has failed to pass, and desires to continue in the College with a view to appearing again, he may be allowed to attend on payment of half the above monthly fces.

The College shall conform to all Rules and Regulations relating to Affiliated Colleges.

Anv student who fails to pay his fees, or is absent during session without leave, for more than one month, shall be liable to be struck off the roll. But a student, who having passed one examination wishes to wait a year before beginning to attend the classes preparatory for the next examination, may keep his name on the roll on payment of a fee of Rs. 5 for the year m which he is not attending classes.

11. Every candidate shall submit with his application for admittance to the College-

(1) a certificate of good moral character, signed

by the Principal of the last College attended by him, or signed by a gentleman known to the Principal of the College or to any Magistrate in the district in which the candidate resides, and countersigned by such Magistrate; and (2) a certificate that he has passed the Examina-

tion for the Degree of Bachelor in the Faculty of Arts or of Science or of Commerce or of Agriculture of the University of the Panjab or (subject to the sanction of the Syndicate) of any other recognised University.

11-A There shall be a College test examination at the end of the first year, hereinafter called the Pre-

<sup>\*</sup>A failed student may at any time be permitted to attend lectures as a casual student on payment of full monthly fees (Syndicate Proceedings, dated the 24th April, 1931).

liminary Examination and the Principal shall have power to defain such students as fail to attain the required standard of efficiency. "Rules for promotion of students from the preliminary class will be framed by Law College Committee. The following shall be the subpects of examination:—

(i) Jurisprudence and Roman Law

(ii) Constitutional Law (English and Indian).

# XIX —\*REGULATIONS RELATING TO RESEARCH STUDENTSHIPS

- 1 The endowments previously applied to the appointment of University Resders and Translators, shall be applied to the appointment of Research Students. These appointments shall be called:—
  - (1) The Alexandra Studentship.
  - (2) The McLood-Kashmir Sunskrit Studentship, (3) McLeod-Puniab Arabic Studentship
  - (4) The Mayo-Patiala Studentship.
  - (5) The McLeod-Kapurthala Natural Science Studentship.
    - (6) The Alfred-Patiala Studentship.
  - R B. Kanhiya Lal Mathematics Studentship.
     R B. Kanhiya Lal Physics Studentship.
  - 2 The appointment of Research Students shall
- rest with the Academic Council.

  8. When an appointment is to be made, the Registers shall issue a special notice to each member of the Academic Council, stating the name and nature of, and special conditions (if any) attached to, the vacant endowment. This notice shall be issued at least one week before the meeting of the Academic Council at which the appointment is to be made.

<sup>\*</sup>A person, if otherwise qualified, may hold two University Studentships while abroad (vide paragraph 6 of the Academic Council Proceedings, dated 28th March, 1928).

- \*4. The emolument of the Alexandra Studentship shall be Rupees Soventy-five per monsem, that of each of the other Studentships an amount corresponding to the net income of each endowment during the tenure of the appointment.
- 5 The tenure of each Studentship shall in the first instance be for two years, but may be renewed by the Academic Council for a period not exceeding two years, so that the entire period shall not exceed in any case four years.
- 6 Each Research Student shall work under the direction of a Principal or Professor, nominated for the purpose by the Academic Council, who shall report annually to the Academic Council on the Student's progress.
- The Academic Council shall have power to suspend at any time the payment of a Student's emoliment, and if after enquiry it appears that the conditions of the appointment are not being satisfactorily fulfilled to terminate the appointment.
- 8. Besides the regular annual vacations, Heave for urgent reasons may be granted to Research Students for any terms not exceeding two months in two years. The power of granting this leave shall be vested in the Principal or Professor under whose direction the Student is working up to ten days at one time, and for longer periods in the Syndicate.
- 9. In the event of any Research Student destring to resign his appointment, he shall be required to give three months' notice to the Registrar of such intention before abandoning his work; if he fails to give such notice, he shall forfeit the emolument of three months

<sup>\*</sup>The value of such studentships in the Special Endowed Trust Fund, where the interest accrued is less than Rs. 75 p m., shall be Rs. 75 p m., and not Rs. 100 p.m. as at present (vide paragraph 17 of the Syndicate Proceedings, dated the 16th March, 1934).

<sup>†</sup> Leave for urgent reasons granted under this Regulation shall be without pay (wide paragraph 24, Syndicate Proceedings, dated 20th February, 1936).

10. Each Research Student shall be required to pursue an advanced course of study or special line of research to be approved by the Academic Council at the time of appointment.

The Academic Council may invite applications for specific lines of research. All applicants, whether themsolves proposing a subject for investigation, or proposing to adopt a subject suggested by the Academic Council, shall give a clear statement of the method they propose to employ.

11. A Rescarch Student shall not ordinarily be required to lecture to a class, but if he is attached to the Oriental College, or to a teaching department of the University, he may be called upon to do so temporarily, in cases of emergency

Every Research Student shall be required to deliver m one torm of the second and each subsequent year of his tenure of the Studentship a short course of lectures on the subject of his work. These lectures shall be open to all members of the Unwersity. The Alexandra and Altred-Patisia Students shall also give a popular course of lectures in vernacular on the subject of their work, if this is considered to lend itself to such treatment.

12 A Research Student shall not join any College except for the purpose of attending lectures bearing on the subject of his work, or for delivering lectures in the same, or, in an allied subject, as a part-time lecturer in an affiliated College, nor shall he prepare for an examination in any other subjects

If a Research Student accepts any other appointment for any date previous to the expiry of his tenure of his Studentship, he shall thereby forfeit the Studentship, and shall not receive any further emolument beyond what he has been actually paid.

<sup>\*</sup>Teaching work not to exceed ten periods a week (Synd., dated the 21st April, 1922, para. 17).

13. The results of each Research Student's work, if considered of sufficient morit, and if not published elsewhere, shall be published by the University.

# The Alexandra Studentship.

14. This shall be open to a graduate of the Panjab University who has distinguished himself in History, and who possesses the linguistic equipment necessary for the work undertaken.

The study or research work may relate to any aspect or portion of Oriental History, provided that two consecutive appointments shall not be devoted to work not connected with the History of India.

# The McLeod-Kashmir Sanskrit Studentship.

# VII.

# ANNUAL REPORT.

REPORT ON THE OPERATIONS OF THE UNIVERSITY OF THE PANJAB, FOR THE YEAR ENDING 80TH SEPTEMBER, 1985

# General.

During the period under review the office of the Vice-Chancellor was continued to be held by Dr. A. C. Woolner, C.I.E., M.A., D Litt., F.A.S B

The University sustained a heavy loss in the sad and sudden death of the late Rau Bahadur Professor S. R. Kashyap, which cocurred on the 26th November, 1984 He was the first University Professor of Bolany and at the time of the Jubice Celebrations of the University was honoured by the conferment of the degree of Dector of Science honous causa. During his period of Professorship, the University earned a reputation for botamical teaching and research in India and abread:

The total number of candidates appearing in the various examinations of the University in 1955 was 37,663: an increase of 1,261 over last year mainly due to the rise in the number of candidates for the Oriental Titles and Vernacular Languages examinations. In the Matriculation, among the male candidates, there was a drop of 94. The number of female candidates, however, continues to grow. During the period under report the number was 3,813, showing an increase of 645 in one year. The pass percentage in the major examinations was slightly higher than

last year. In the Matriculation it case up to 78-6 as against 67-8. There was comparatively a small number of candidates obtaining First Class or even Second Class, except in the case of Matriculation where the number of candidates obtaining First or Second Class was considerable. The results were punctually published on the dates previously notified. The publication of the scholarship list was greatly

expedited.

During the period under review, Regulations were framed for the institution of the degree of Doctor of Philosophy, for the degree of Master of Science in Technology, for the degree of Bachelor of Dental Surgery, for a Diploma in Laryngology and Otology, and for the Honours School of Physics. Consequent on the institution of the degree of Doctor of Philosophy. Regulations for the senior Doctorate (D O L., D.Litt and D Sc.) were revised Regulations were also passed for the establishment of a Mofussil Board dealing with the problems connected with University education outside Lahore. The Board is to consist of 20 persons with the Vice-Chancellor as Chairman. Except the Chairman and four nominees of the Syndicate of whom two must be University Professors or Principals of Lahore Colleges, all the other members would represent various interests from Colleges situated in the mofussil. Regulations were framed to convert the Panjab University Sports Tournament Committee into a statutory body. Rules regarding the election of Registered Graduates were revised with a view (i) to make them clear on certain points so as to remove ambiguity, (ii) to provide that electors resident in Lahore could send their voting papers by post ensuring similar safeguards as in the case of voters resident outside Lahore, and (in) to abolish the penalty of Rs. 10 required under the old Regulations. Regulations were also passed to institute three additional Honours Papers in History at the B.A. Examination for which students of mofussil Colleges only are eligible.

It was mentioned in the last year's Report that the Government had requested the University not to press for an answer with regard to the amendment of Regulations to the effect that the medium of instruction and examination in the Matriculation and School Leaving Certificate Examinations in all subjects, except English, may, at the option of the candidate. be Vernacular, so that the Government may consider this with the various related proposals of the Panjab University Enquiry Committee in due course Senate in December, 1984, decided that the Government be requested to give the matter early consideration without waiting for the consideration of the whole of the Enquiry Committee Report. The reply of the Government, however, was that it was of opinion that it would complicate matters to deal with the recommendation of the Senate regarding the medium of instruction and examination in the Matriculation and School Leaving Certificate Examinations separately at that stage.

The Law Course is proposed to be extended from two to three years with a revised curriculum, improved instruction and higher examination standards. When the course is so extended, the High Court of Judicature at Lahore will be pleased to abrogate the rule of six months' apprenticeship which a Law graduate is at present required to undergo before being allowed to start practice independently. The distribution of subjects over three years is recommended to be made on the principle that students would learn some elements of law in the first year, advanced and technical courses in the second year, and practical subjects in the third year The University has further decided to institute a course of lectures on Legal Ethics for the LLB. Class of which at least seventy-five per cent, must be attended by every student. The University will not hold an examination on the subject of Legal Ethics, but the High Court is being requested to lay down that attendance of seventy-five per cent. of the lectures delivered on Legal Ethics shall be a condition precedent to enrolment.

The Lady Maolagan Training College for Women, Lahore, has been affiliated to the University for the B.T. Examination and the V.B. College, D.I. Khan, has been granted extension of affiliation up to the B.A. standard.

Twening clisses attached to the Hailey College of Commerce have been started for the benefit of those who are engaged in business houses during the day. It is proposed that the University would conduct an examination at the end of three years and give a Diploma in Commerce to successful candidates. It has been made compulsory for the Degree students at the Hailey College of Commerce to take practical tranning in various offices for two months just before the summer vacation, which has been reduced to two months instead of three.

Books and manuscripts to the value of Rs. 17,000 were added to the University Library, bringing the total number of volumes in the Library at the end of the period under report to 74,881 and of the manuscripts to 9.797.

During the period under report, interest in the health, residence and welfare of students has greatly grown The Vice-Chancellor appointed a special Committee to visit and report regarding recognised hostels in Lahore The recommendations of the Committee have led to various improvements in the conditions under which students live in the recognised hostels and stricter control has been ensured Another Committee with medical and public health experts was appointed to go seriously into the question of the health of hostel students in Lahore, dealing with food, ventilation, drains, dust, mosquito-nets, etc. The recommendations made by this Committee in its ad interim report have been accepted by the Syndicate. They aim at better light for reading purposes and use of glasses whenever necessary. Protective measures

against malaria have been suggested. Effort has been made to ensure better hygienic conditions in the kitchens Proctorial rules have been framed, regulatine the conduct of students outside the College walls. Improper conduct of the students and breaches of University and College rules by them are reported to the Vice-Chancellor The students are expected to give correctly their names and registered numbers to Proctor on demand. They are asked to wear some mark distinguishing their College. Students living in College hostels are required to be in their hostel by 9-80 p.m. unless they hold a signed permit giving their registered number and stating the object of their absence No student is expected to be in any public place of entertainment or refreshment after that time. Steps have been taken to declare undesirable places "out of bounds" and parents and guardians of students resident in Lahore who are not living in College hostels have been invited to co-operate with the Colleges by enforcing Proctorial rules.

The Union Club building has been under construction during the year The Club is to consist of a Courson Room, a Reading Room, a Committee Room, a Library, an Office, a Ledies' Lounge, a Men's Lounge and Batils, Pantry, etc, and would provide cultural and recreative facilities both for the male and female members of the institution. It is hoped that this common meeting place would strengthen contacts between students belonging to various communities and Colleges and thereby foster a University spirit among them.

Steps have been taken to guide, advise and to provide instructional facilities for Public Services Examinations to students in Lahore.

The Syndicate, in October, 1934, accepted the offer of Messrs Steel Brothers and Co., Ltd, London, to spend about Bs 1,50,000 in equal instalments over a period of five years for research work on petroleum and allied subjects in the University Chemical Laboratorias and approved the scheme outlined by Protesor S. S. Bhatangar in order to effectuate the proposal, In accordance with this scheme, six Research Studentships, named after University men, were awarded to carry on the research work. The Syndicate accepted the offer of Professor Bhatangar, to make over to the University such portion of his personal share of the proceeds of the outright sale of patents and of royalties arising from this research work as the Syndicate might consider reasonable, and unanimously decided to record its gratification that the excellent work done by Professor Bhatangar in research on petroleum had been recognised and thanked him for converting a porsonal offer largely to the benefit of the University and research.

Dr. J. N. Ray, Ph.D., D.Sc., F.I.C, has been given the status of a University Professor of Organic Chemistry.

The Syndicate in January last considered and approved a proposal for exchanging University Professors with other neighbouring Indian Universities for a short course of lectures, and a provision of Rs 1,000 has been made in the Budget to meet the expenses

Rules relating to the Ruchi Ram Sahm Declamaton Contest have been revised and the Contest is now restricted to Colleges affiliated to the University up to the Degree standard and the final contest is preceded by a preliminary contest.

During the period under report, the University has once again been engaged in considering the question of the length of the School and Dogree courses. The Panjab University Enquiry Committee had suggested a 9 years' Lower Secondary course, 3 years' Higher Scoondary course and 3 years' University course. Owing to the fact that it involved the lengthening of the entire course by one year, the Senate in February, 1984, preferred the old seheme, that is, 10 years' School course and 4 years' University course, and this opinion had been communicated to the Ministry of

Education. Later on the Third Quinquennial Conference of Indian Universities passed a Resolution almost by unanunous vote, in which, among other things. 8 years' Degree course was recommended provided the length of the entire course was not increased. The Government of India addressed the Provincial Governmonts on the subject. The Resolution of the Quinquennial Conference was considered in this University at first by the Academic Council which, without examining the financial implications and other practacal considerations, expressed, from the academic point of view, the opinion that the re-arrangement of the present High School and College course was desirable so that 3 years be allotted to a Higher Secondary course with a wider choice of studies and a Degree course of 3 years; there being only 2 formal examinations at the end of each 3 years' period, on the understanding that the School course was to consist of 8 years. The Syndicate appointed a Committee to consider this Resolution of the Academic Council,

A Committee of the Academic Council has been engaged in considering the desirability of regrouping subjects for the Intermediate Arts Examination and another to make an academic survey of the possible teaching activities of the University on the Arts side.

During the year 1894-85, the estimated defact of Rs. 78,002 reduced itself to Rs. 29,5461 partly owing to the defored payments relating to the University Union Club building, which is not ready even now The financial situation, however, has caused grave anxiety. The estimated defact for 1895-84 is Rs. 91,138 which would naturally increase owing to the defarred payment's to be made for the Union Club building. New expenditure to the amount of Rs. 71,278 was included in the current year's Budget and proposals for new exponditure to the aggregate amount of Rs. 41,286 had to be rejected. Owing to weak financial position and large payments made to the

examines during the months of July, August and September, the University for the first time had a large debit balance in the months of August and September. Whereas efforts are being made to overhaul the expenditure with a view to effect economies, it is clear that the University has reached the stage where its normal activities, especially on the Teaching side, can neither be expanded nor maintained at its present level unless increased sources of revenue including enthencement of examination fees are discovered and the heavy cut made in the Government grant is restored substantially if not wholly.

The total number of candidates appearing in the Examination. various examinations in 1985 mas 87,668, which means an increase of 1,291 over last year. The main increase occurred in the Oriental Titles and Vernacular Languages examinations. Amongst other examinations, the notable increases are that of 192 in the Law and 216 in the BA. and B Sc examinations. It will be interesting to note that in the Matrioulation there was an increase of 129 candidates only, which is entirely due to the increase of female candidates appearing in the Matrioulation Examination. The male candidates, in fact, were fewer by 94

The steady rise in the number of female analdiates conditues. The total number of female candidates appearing this year was 8,818—an addition of 648 over last year. Though the main increase was due to the greater number of formale candidates appearing in the Vernacular Languages examinations, there was a considerable increase in other examinations also, a.g., an increase of 223 in the Matroulation, of 46 in the Intermediate, of 22 in the B A., of 20 in the B T and of 19 in the Modical examinations. The only examination in which there was a decrease in the number of female candidates was the F.Sc. in which the number appearing was 6 less than last year.

The pass percentages in the main examinations were on the whole slightly higher than last year, the most noticeable rise being in the Matriculation in which the pass percentage is 78 6 as against 67.8 of last year.

If may be of interest to note what a comparatively small mumber of candidates manage to obtain a First Class or as a matter of that even a Second Class, except of course in the Matriculation where the number of candidates obtaining First or Second Class is considerable, e.g., in the M.A. 14 candidates get a First Class and 50 Second Class out of a total of 802 In the B.A. 23 obtained First Class and 167 Second Class out of a total of 28 Links and 368 Second Class out of a total of 282 In the Intermediate Arts Examination 51 got First Class and 362 Second Class out of a total of 4,464. In the Matriculation throw were 1,992 First Class and 362 Second Class out of a total of 4,464. The

The results were published punctually on the dates previously notified. In this connection an advance was made as the dates for the publication of results of the main examinations were announced on the Date Sheets this year Another new feature was that the Matriculation and Intermediate results were for the first time printed in Gazette form, i.e., the publication showed Roll Number, Name of the candidate, Marks and Division obtained. Date of birth, Subjects and the name of the institution The result books were available for sale at Lahore and many other mofussil centres. It has been the annual hope of schools and colleges that it may be possible for the University to supply the black lists along with the results of the pass candidates. Even this difficult objective was attained this year. Publication of scholarship lists was greatly expedited this year. For example the Matric scholarship list was passed by the Syndicate seven days after the publication of result as against 82 days in 1982. The revised Regulations

regarding sick candidates enabled a more effective check to be exercised and consequently the number of permissions was greatly reduced being 382 as against 596 of the year before. With the experience gained this year, it is hoped that the check exercised next year will be more effective.

The Syndicate changed the Rules for the conduct of the M.A. Examination whereby the Paper is set by the external examiner only The valuation is done both by the external and internal examiners, but the Board of Examiners is under the new rules a very much smaller body and has restricted powers.

The 1935 examinations were to be held under the system of 2 papers a day but on account of the short notice given to the candidates, the Syndicate postponed its application.

The Examinations Branch has gone through a process of stock-taking re. the printing of forms, etc., and in consequence some economy is expected.

Detailed statistical figures relating to examinations will be found in Appendix I to this report.

The research work in various University Departments was continued during the University Teaching. year as before and a list of papers published during the year under review is given ın Appendix II.

The work of various teaching departments is detailed

below separately.

The Department suffered a very great loss in the sad and sudden death of the late Botany Department. Prof. S. R. Kashvap, which occurred on the 26th November, 1934 The late Professor was the first occupant of the chair of Botany in the Government College, which was instituted in 1912 He was also the first Professor of Botany of the Paniab University and held that office from the very inception of the University Honours School in Botany in 1919 till his death. During that period the Botany Departments of the College and the University carned a reputation for botanical teaching and research which was all due to the late Professor.

The number of students in the various classes during the year has been as follows —

53

B.Sc Pass—		GO.	P.O.C.	18.0.	D.AV.	D.S.C.	S'D 0.	K.0	Total.
III Year		25 8	1	5 1	$^{30}_{12}$	2 6			68 30
B.Sc. Hons. School—  I Year II Year III Year M.Sc	::	 1 3 	1	1 1 1 		i i Tot		 8 8	1 4 9 3

Three students obtained First Class in the M.Sc.

Consequent on Professor Kashyap's death certain changes have taken place in the teaching staff. Dr. Chaudhuri has been made the Head of the Department of University Teaching in Botany and Dr. S. L. Gliose, who was appointed Officiating Professor of Botany, Government College, Lahore, has been made the Director of the Botanical Laboratory. Dr. M. L. Sethi worked for a short while as Lecturer but on his transfer to the Hoshiarpur Government College, Dr. Jaguwan Singh came in his place. Dr. Singh is an old student of the Panjab University Honours School. Another old student of the Paniab University Honours School, Dr. P. L. Anand, who specialised in Plant Ecology in the London University, has just rejoined his post in the S.D. College, Lahore. Dr. Anand will deliver a course of lectures in Ecology to the Honours School during the latter part of the next winter term

Due to the great increase in the number of students in the B Sc (Pass) class, Mr. Pran Nath Mohra was appointed a whole-time demonstrator and Messrs. A. N. Sahm and Abdul Majid were appointed part-time demonstrators.

On the expiry of the term of Mr. Abdul Majid, Special University Research Scholar, Mr. Sher Ahmad Lodhi was appointed in his place.

Mr. P. N. Mehra, the McLeod-Kapurthala Scholar,

is carrying on his research work.

Dr. S. L. Ghose is continuing his investigations on the freshwater algal flora of the Punjab and the removal of the neel from the Sambhar Lake, Rajputana.

Dr. Chaudhuri represented the Government of India as an official delegate to the Imperial Mycological Conference held in London. He has submitted his report on the investigation of the 'wither-tip' disease of Citrus in the Punjab.

A soheme prepared by the Punjab Government for the investigation of certain diseases of rice has been forwarded to the Imperial Council of Agracultural Research. A part of the work in that scheme will be done in the Botany laboratory under the supervision of Dr. H. Chaudhurn.

The advanced students of the department could not do any field-work this year as no money was provided for that in the last budget. This has been a great handleap to the department, for during those excursions not only the students got a good training in the study of plants in their natural habitate but practically all the material for the class-work was collected during that time. The research workers of the department, however, at their own expense, visited various places of botanical interest and collected much valuable material for there work Mr. R. S. Okopra worked in the Lloyd Botanic Gardens, Darjeeling, and collected Liverworks for his own study as well as for the department. Similarly Mr. Pran Nath Mehra collected Liverworks for his own study as well as for the department. Similarly Mr. Pran Nath Mehra collected Liverworks for his material, Ferns, etc., from

Mussoorie. Two students worked in Kashmir collecting various plant materials with Dr. Chaudhuri and Dr. Ghose brought back botanical specimens from Dalhousie and Chamba.

A large number of students have secured employments thus year. Mohd Asglur, M.Sc., has been appointed Mycologual Assistant at Quetta and Saed Ahmad Muhit, M.Sc., a Mycologist at Peshawar. Mohd. Urnar, M Sc., has been appointed an assistant in the Botany section of the Imperial Agricultural Research Institute, Pusa. Sher Ahmad Lodin, M.Sc., who was lately a research scholar, has just been appointed to a teaching job in the Islamia College, Peshawar. Dayal Singh Johar, M.Sc., formerly a research assistant of Dr. Chaudhuri, has been appointed a research assistant at Lyalipur. Arjun Dev, M.Sc., has been appointed a research assistant at Lyalipur. Arjun Dev, M.Sc., has been appointed a research assistant at Lyalipur.

Of the old students of the Honours School, Dr. Ahmad Ali Quraishi and Dr. Jagjiwan Singh have obtained appointments in the Government Colleges at Lyalipur and Lahore, respectively.

Mr. R L Bhadwar, M.Sc, another old student, has been appointed assistant to Col. Chopra, Institute of Hygiene, for investigation of medicinal plants

of Hygiene, for investigation of medicinal plants
On the request of Dr. Roerich of Roerich Museum,
Naggar, Kulu, Mr. Sultan Ahmad, M.Sc., was sent

as temporary botanist to Spiti.

The large number of appointments obtained by the past students of the Honours School is a very welcome feature. Quite a number of post-M So students are carrying on research work in the department and it has become a great problem now for us to find seating accommodation for them all. All the available space is now occupied with B.Sc Honours and M Sc. students. The result is that there is no accommodation for any post-M.Sc. workers and on account of this lack of accommodation, we have found is impos-

sible to ask for any grants for research schemes from the Imperial Council of Agricultural Research

In his last report the late Dr. S. B. Kashyan stressed the great need of appointing a qualified person to look after the University Herbarium. It is certainly the best herbarium in the East for its collection of Liverworts and it is highly desirable that the authorities should provide a qualified person for the same.

The hotenical garden has been maintained with usual efficiency. For the convenience of students and the public a board has been put up with a plan of the garden showing the position of the different families of plants. Beautiful blue, yellow and red lotuses obtained from Sikkim are now growing well in the lotus ponds.

A large number of papers were sent by the members of the staff and students at the Indian Science Cougress meeting at Calcutta.

# The number of students on rolls classwise

One hundred and thirty-three Zoology Department. students attended the University classes in Zoology during the year 1984-85

External activities of the students.

A class in Marine Zoology for Honours students was hold in Manora (Karachi) from 17th to 29th December, 1984, under the direction of the University Professor of Zoology. The opportunity was also availed of for conducting research work on the Marine fauna of Karachi with a view to publishing the results in the "Transactions of the Department of Zoology". The Reader, Curator, two University Demonstrators, one Government Collego Demonstrator, and the University Research Scholar accompanied the party, and considerable material for research work was collected and brought to the Zoological Hoorstory for further study.

A monograph of the Polychaetes of Karachi by Mr Najm-ud-Din, M.Sc., University Demonstrator of Zoology, is now ready for the press

### Contributions of the Department to the various Conferences.

Diwan Anand Kumar, M.A. (Cantab.), Reader in Zoology, presided over the Section of Zoology at the session of the Indian Science Congress held at Onlcutta in January, 1985. His presidential address was on "Spicules and classification of Tetraxonida".

The following eight papers were also read before the Section of Zoology of the Indian Science Congress at its session held at Calcutta in January, 1985:—

 "Some Entomostraca from Karachi," by Guran Lal Arora, M.Sc.  "Incidence of Helminthic parasites in cattle in Lahoro," by Sukh Dval, M Sc.

 "The musculature and nerve supply of the genitulia of the ak-grasshopper (Poccilocerus pictus) and the desert locust (Schisto-

cerus pictus) and the descrt locust (Schistocerus gregaria)," by Sham Singh Kapoor, M Sc.

4 "Rôle of Golgi Apparatus in the formation of the Crosoma in the male germ cells of the Centipede Rhysida longipes," by Gobind Rain Gadhoke, B Sc. (Hons.).

 "Development of the Male Genitalia of the House-fly (Musca Nebulo)," by Naseer-ud-

Din, B.Sc. (Hons)

6 "A preliminary study of the Soil Protozoa of Lahore," by Ahmad Hussain, B.Sc (Hons.)

7 "A study of two species of Typhlops found in Lahore," by Hafeez Ullah, B.Sc

(Hons.).

 Preliminary observations on the morphology and bonomics of the House-shrew (Crosidura Caerulea)," by K L. Malhotra, B.Sc. (Hons.).

### Employment of the year's graduates

Sham Singh, M Sc., University Research Scholar, for a second year with effect from 1st April, 1985.

for a second year with effect from 1st April, 1935.

Ram Nath Baira, M.Sc., as Locust Research
Assistant in the Locust Department, Ambagh (Sou-

mani) Lasbela State, with effect from July, 1935.
Rashid Ahmad, B. Sc. (Hons.), as Locust Research
Assistant in the Locust Department, Pasni, with effect
from September. 1935.

K. L. Malhotra, B Sc. (Hons.), as Lecturer in Zoology in Gordon College, Rawalpindi.

Ahmad Husam, B Sc. (Hons.), was awarded a Research Scholarship of Rs 60 p.m. to carry out research

work on the effect of various chemicals on the castings of earthworms, in the University Chemical Laboratories, from 1st November, 1934 to 31st May, 1935

A list of papers published by the staff and students of the University Chemical Laboratories is given in Appendix II.

The Department of Chemistry has steadily grown during the year under report. The effects of this growth were particularly noticeable at the time of admissions to the Honours School classes this year when there was an unprecedented rush for admission to all classes of the Honours School.

The notable event of the year is the promotion of Dr J. N Ray to the University Professorship of Organic Chemistry.

The scheme for research work on Petroleum Technology mitiated by Messus. Stock Brothers & O., Ltd, has made extremely satisfactory progress, and provisional patents have already been taken for some processes. The fellowships created under this scheme are held as follows.—

Dr. K G. Mathur, D.Sc.	Emerson Fellow.
Mr. N. G. Mitra, M Sc.	 Woolner Fellow
Mr. S. D. Mahant, M Sc	 Fazl-i-Hussam Fel-
	low

Mr. A E Duck of Messrs The Attock Oil Co., Ltd , went on leave in May last and his place has been taken by Mr. B. V. Fenton, M Sc., of the Indo-Burma Petroleum Co., Rangoon

Prof. S. S. Bhatnagar was mysted by the Delbi University in June last to report and advise on the development of Chemistry in that University.

The Panjab Chemical Rosearch Fund has been able to maintain the following scholars —

Mr M. B. Nevep, Mr. Vidya Ruttan, Mr N N Sahai, Mr. Mohan Lal Khaims, Mr B N Sikka, Mr. Manohar Singh, Mr Harbhajan Singh, Mr. Jaithu Ram Jain, Mr. Ahmad Hussain.

The two Lahore Electric Supply Co., Ltd., scholarships of Rs. 150 each are held by Dr. R. N. Mathur, D. Sc., and Mr. Prem Piakash, M.Sc.

Mr K. N Gaind, M.Sc., has been awarded the Lady Tata Memorial Trust Scholarship for the second

year

There were 32 students on the rolls of VI Year

Olass, 45 on the rolls of the V

Year Class, and 25 on the rolls

of IV Year Honours Class.

Nune lecturers: in-pulcing the University Professor of

Mathematics, participated in the work of teaching.

Professor C. V. H. Rao, M.A., University Professor

of Mathematics, served on the Selection Committee at the Andhra University, Waltair A revised curriculum for the M.A. Examination was

A revised currentlin for the N.A. Examination was History Department introduced at the beginning of students reading for the examination in the various Colleges were: Prift Year 46; Sixth Year 3d. There were 44 candidates at the annual examination in 1985, of whom 21 were successful. Two were placed in Division I. 6 in Division II. 13 in Division III.

The first class enrolled in the Honours School completed the B A. course at the end of this year. There were 5 candidates for the B.A. (Honours) Examination, of whom one gained First Class Honours, three gained Second Class Honours, and one was recommended for a pass degree Nine students, of whom three appeared from Khalss College, Amrisan, presented themselves for examination in Part I. Seven of these were declared successful and are proceeding to Part II of the oxamination. Four students were enrolled in the First Year of the Honours School

At the end of this year Khalsa College closed its classes both in the Honours School and in the M A

The Syndicate authorised the institution of three additional Honours papers in History at the B.A Examination, for which only students of inclused Colleges are chrible.

A sectional library was established during the year and placed in the office of the University Professor, chiefly for the use of students attending tutorial classes.

It is hoped that a seminar room will soon be made available for tutorial purposes and to provide for students a place of study and preparation.

The Alexandra Rosearch Student has been engaged during the year in an exhaustive examination of the original official materials relating to the Punjab and the Ois-Sutler States between 1809 and 1949.

A research assistant has been enguged in the translation of Persian chronicles relating to the history of the Punjab. A first draft translation of the following documents has been complisted. Umdat-ul-Tawarith; Khalis Nama, Tarikh-Mulk-Hazara, and Sher Singh Nama. A similar draft of a translation of Tarikh-i-Punjab is being propaved. Three of these manuscript chromotles have been lent to the University for this purpose by the Librarian of the India Office, London, and rotograph copies of these are being made for the University Professor is preparing a revised translation of the historically important portions of these chronicles, as a supplement to the British official correspondence.

A research student, whose stipend has been provided by the munificence of Forman Christian College, has been engaged in assisting Mr. Abdul Aziz in a research m the materials relating to the Murhal Treasury

Preliminary arrangements were made for the assembly of the Fifth Conference of Teachers of History in Affiliated Colleges, to be held at Lahore

in December, 1935.

The University Historical Society has had a successful year. Its effective membership has increased considerably. Pivo meetings were held during the year, at which pupers were read or addresses delivered. Two further numbers of its Journal were published.

There were 20 students in the sixth year M.A. Economics class and 18 in the

Economics Department. Besides the University Professor, Dr. E. D. Lucas,

M.A., Ph.D., Prof. G. D. Sondhi, M.A., I.E.S., Prof. A. N Balı, M.A., Dr. I, Durga Parshad, M.A., Ph.D., Dr. S. M. Akhtar, M.A., Prof. D N. Bhalla, M.A. (Gantab.), and Mr. B. K. Madan, M.A., parti-

cipated in the teaching.

During the session the University Economics and Political Society added several new features to its usual popular series of lectures. On the 23rd of December, 1934, about 20 students went on an coonomic excursion to Tata Nagar. On their way they visited Lucknow, Benares, Patna and Calcutta. At Patna they attended two sittings of the Indian Economic Conference, and had the opportunity of meeting some of the eminent economists of the country. In January, 1935, the Society organised an inter-collegiate debate mainly for the benefit of B.A. and B.Com. students. The Government, If C., Hailey. D A.-V , S.D., Islamia and Dyal Singh Colleges of Lahore, and the Khalsa College, Amritsar, were represented. The Woolner Trophy-a valuable prizewas won by the Government College represented by Miss Boga, B.A., and Mr. Dev Prakash, an undergraduate The Manohar Lal Medal for the hest speaker went to Mr. H C. Das of the Hatley College Mrs. Woolner gave away the prizes. Mr Manohar Lal and Mrs Freda Bedi acted as judges

Another useful venture of the Society is a Students' Lending Library on the model of similar students' libraries in England. Books worth Rs 200 were purchased, and it is to the credit of the Society that this amount was saved out of the annual report expenses and the general grant. The library will be open to all members of the Society. Thanks to these and other activities, the Society greatly gamed in popularity, and attracted not only students of Economics and Political Science, but also post-graduate students of Law, English, Sanskrit, History, Mathematics. Physics, Chemistry and Botany to become members, a feature of which the Society might well feel proud.

The post-graduate students in Economics continued to evince special interest in research. The four Doctorate theses (two of M A.'s from Delhi) were m progress, while the Research Scholar, Mr. Balkrishan Madan, in addition to his research on the Ottawa Trade Agreement wrote a special report on the Movement of Precious Metals in the Puniab for the Puniab Board of Economic Enquiry. The Board is now publishing this report at its own expense. The Research Scholar also contributed a paper to the All-India Economic Conference held at Patna on the Ottawa Trade Agreement: the paper has been since published in the Indian Journal of Economics Another student, Mr Abdul Hamid, M.A., won the Government of India first prize for writing the best thesis on Wheat Marketing. It was an all-India competition for a prize of Rs 500 m which teachers, merchants and even an I C S officer competed, and it was specially gratifying that a student of this University should have taken the top place Yet another ex-student of the Department, Mr. Balmukand Piplani, won special recognition for his higher Doctoral research work in Germany and Ingland, and a fourth old boy, Mr. Anwar Ighal Qureshi, who took his MA. A degree in Economics in 1933, was offered in appointment of a lecturer in Economics in an English Provincial University Another old student, Mr. Shadi Lad Bhalla, MA, wrote an article on the Population Problems based on his personal investigation in some Pumpah villages, which was published in the Indian Journal of Economics.

Of the 23 students out of 28 who obtained the M A. degree in Economics in 1985, 8 were private candidates. Of the 15 regular students, one was placed in the first division, 4 in the second division, and the remaning in the third division Mr. Khem Chandra Chowdhry, who took first class first, proceeded to England for higher studies and for competing for the I C.S. Ho was admitted to the Ph.D. course in the London University, and his M.A. research thesis was specially liked by his English Professors Of the four students who took the second class, two have obtained appointments, one in a local college and another in a local bank, while the other two are preparing themselves for competitive examinations. While the problem of unemployment faces all M.A 's of the University, it is gratifying to note that those who distinguish themselves in M A Economies have, as a rule, found useful occupations after completing their education

The University was represented at the All-India Economic Conference by Dr. L O Jain, the University Professor, who was re-elected General Secretary of the Indian Economic Association for another year. The Province and the University had the specarl distinction of seeing one of its distinguished alumni Mr. Manohar Lal, Mr. A. Bar at-Law, elected as President of the All-India Economic Conference to be held at Dacca

The University Professor delivered three extension lectures on World Economic Depression at Cawnpore at the special invitation of the Agra University. He gave, as usual, a series of lectures on Indian Currency and Exchange for the benefit of B A. Hous. and B.Com students which were also attended by the B.A and M.A. students. He also delivered two public lectures on the Reserve Bank of India at Ferozopur and Lahore

Staff.—Haji M. Najun-ud-Din, H A , H.P., having
Arabic Department. retired M Rasul Khan, formerly
of the Madrasah-i-Deoband, was
appointed Head Maulavi in his place.

Students.—Thrty-nine students attended the University classes in Arabic:—

111. Research Students —M. Sakha Ullah having been appointed Lecturer in the Islamia College, Peshawar, M. Abdul Qayyum succeeded him as McLood Arabic Research Student.

 He is editing the Kitab Nawadiral-Akhbar by Shihab al-Din Ahmad al-Hijazi (d. 875), from a unique MS now in the Panjab University Library. Syed Mohd. Idris, H.A., H.P., held the Babawalpur Studentship during the year. He propaged a critical edition of the rare Kitäb al-Tabaqát of al-Imban Muslim b. al-Ḥajja al-Qusharī (d. 261/874) from the rotographs in the University Library. The work has been completed and placed in the University Library.

Search and Purchase of MSS —Forty-five Arabic and Persian MSS, were examined and reported upon for the

Panjab University Library.

A rare collection of Arabic MSS, made by M. Lytishamal-Hasan in Mecca was examined in Delhi and a report submitted to the Viee-Chancellor. Four of these MSS, were borrowed from the owner for rotographing by the University Labrary.

Two collections in Sind were also similarly examined and reported upon

Relographs of ten works were obtained by the Panjab University Library, at the suggestion of the University Professor of Arabic, mannly from the British Museum, Oxford and Paris. A set of Firmans of Shahiphhin and Johhngir was also rotographed in the University Chemical Laboratory.

Some two hundred MSS., belonging to the late Maulavi Haji Mahbub Alam, were examined as desired by the Vice-Chancellor, with a riow to their ultimate transfer to the Paniab University Library.

The Oriental College Magazine.—Four issues of the Oriental College Magazine, covering 664 pages, were edited and published during the year.

A detailed report on the research work published by the Department is given in Appendix II.

Dr. Lakshman Sarup, M.A. D Phil. (Oxon). Officier d'Acudeniu (Franco), was elected President of the Purpab Provincial fluidi Sahitya Sammelan held at Lyalipur in April, 1985. His presidential address was published in the Vernacular Press of the Punnah and the United Provinces.

Dr Gauri Shankar, M.A., B.Litit (Oxon), has been appointed Lecturer in Philology, and thus the number of Professors and Lecturers working in the Department increased from 8 to 9. Mr Shudil Vrata, M.A.'s tenure of McLeod-Kashmir Shankrit Research Studentship terminated in February, 1985, and Mr. Surya Kanta was appointed in his place.

The year has been particularly fruitful from the

point of the employment of our graduates

Mr Bahndur Chandra, M.A., Ph.D., student of the Oriental College, has been appointed Assustant Epigraphist to the Government of India. Mr. Raghu Nuadan Shastri, M.A., M.O.L., has been appointed Lecturer in Sanskrit and Hund at the Kinnaird College, Lahore, and Mr Prabhu Datt, M.A., as Lecturer in Hind at the Government College, Shalpur. Mr Shiv Narayan, M.A., has become the Head Sanskrit Teacher, S.D. High School, Sargodha, and Mr. Shadi Ram, M.A., Lecturer in Hindi at the D.A.-V. College, Jullundur. Four issues of the Oriental College Magazine (Sanskrit and Hindi) were published. Amongst the notable contributions were a critical edition of the text of Prithvirupa Raso prepared on the basis of an old and very authentic manuscript and the Hindi translation of the Jataka stories published for the first time.

Mr. Jagan Nath, M.A., Lecturer in Sanskrit, visited several places of archeological interest in the United Provinces and Bihar, and brought a good collection of estampages of inscriptions.

An account of the research work of the staff has been published in Appendix II of the Report

One hundred and eight students attended the Uni-Persian Department. The versity classes in Persian during the year under report, as against 100 in the previous year. The strength of the different classes was as follows:

M A.— VI Year V Year			. 7 . 11
B.A Honours	<u> </u>		
TV Year			40
III Yoar			50
		Total	108

Five students were sent up for the M Λ. Examination. All passed, four getting second class

As in previous years, the University Professor lectured twice a week to the Islamic History classes of the Government College.

The University Research Scholar, Yasin Khan Nazi, M.A., is preparing a critical edition of the Ghurrat ut Kanad of Amir Khusrau, basing his text on a very old MS. in the Panjab University Library, He has transcribed the whole text (1,000 pages) and

has already collated 800 pages with another MS borrowed from the India Office A full report of the research work published by the department is given

in Appendix II

S. Altef Jusain, M. A., and M. Mohd Baqir, M. A., formerly of the Islamia and the Oriental Colleges, respectively, have been engaged as research assassants in the History Department of the Unrecessly, while 'Ala-ad-Din Siddiqi, M. A., formerly a student and then an honorary Lecturer in the Oriental College, has been appointed translator of Persan documents in the Punish Civil Sceretarnat.

Walnd-ind-Din, M.A., of the Oriental College, has been appointed Lecturer in Persian in the Kinnaird College where they propose to start Honours classes this year.

S. Molid. Abdullah, M.A., M.O.L., formerly Alfred-Patiala Scholar, has submitted his thesis for the degree of D.Litt.

Observatory Department

Teaching Staff has remained the same as in the previous year.

Students:—

B A and B.Sc. . . . . 10 M.A. (Practical) . . . 19

Work done.—The work on Proper Moteons and Position of Bright Stars from Schlesinger's Catalogue, mentioned in last year's report, is being contanued and over 2,000 stars have been dealt with Time observations for the correction of the Sidered Clock have been taken by the staff and students at regular intervals.

In last year's report it was mentaoned that it had been possible, owing to the roduced number of students in the B.A. and B.S. classes, to start practical work with the M.A. students on lines similar to those at Cambridge for Tripos students. This work is being continued with the M.A. students. The University German classes opened on 18th October, 1934, and closed as follows:—

Elementary Class on 30th March. Advanced Class on 15th May.

An extension of 2 months was sanctioned by the Syndicate with a view to enabling the advanced class to prepare the new syllabus for the Intermediate Certificate in German intended for those students who have already passed the Intermediate Examination but who have not taken German and who require a certificate to facilitate their entrance into foreign Universities or for further study abroad This is a definite steep forward in the toaching of German and will be highly appreciated by the students who intend completing their studies on the Continent.

The results of the examinations have been very

atisfactory this year. Elemontary Class:—

Personnel.—The duties of the Hony. Secretary were
The Panjab Uniterial Mr. G. Singh, Central Training
College, Lahore
Advisory Work —On account

Advisory Work —On account of financial stringency and the increase in postal rates,

enquiries have been more often made in person and by telephone than by post. Consequently the rush of enquiries on the verbal side has been considerably heavier than before, though the number of written enquiries also has not decreased.

enquiries also has not decreased Applications for admission to British Universities.— Difficulties of employment in all quarters more especially in the Superior Services seem to have affected very seriously the minds of parents in India, whose sole am in sonding their sons or wards to foreign countries especially Great Britain seems to have been "Government Service". This is evadont from the check which the minder of applications for admission to institutions in the United Kingdom has received since the year 1992. We have thus a fall in the number of such applications. The annual reports of the Education Department in the Office of the High Commissioner for India have considerably intensified this growing reliterance among young men and parents

The choice of subjects was as below -

THE	cuoice or subjects was :	is pelow.—	
		1988-84.	1984-85
1.	Engineering	2	8
2.	Oxford and Cambridge	10	12
Э.	Teaching	1	6
4.	Economics	Nil	8
5.	Medicine .	Nil	1 '
6.	Bar, etc	5	2
7.	Veterinary .	Nil	0
8.	Miscellaneous	4	2
		Total	29

Total number of applications was 29 against 80 in the last year Out of them 17 were accepted, 4 rejected and 8 are still pending.

Besides the above 29 cases, the office of the High Commissioner for India, Education Department, London, referred to this Burcau the cases of 80 persons, who had applied direct to British Colleges or Universities, etc.

It is gratifying to note that an increasing number of women graduates is making use of opportunities for foreign studies.

Cambridge Local Examinations—The Junor and Senior Cambridge Local Examinations were conducted in December, 1984 and July, 1985, as usual. The number of students was larger than in the previous years.

#### School Certificate Examination.

- 1 Caudidates—101 m July, 1985. 190 in December, 1985
- 2 Guls—8 m July, 1985 31 in December, 1985.
  Junior School Certificate.
- Candidates—2 in July, 1935. 10 in December, 1985
- 2 Girls—Nil in July, 1985. 18 in December, 1935.

At our request the Syndicate of Cambridge Local Examinations, Cambridge, have been pleased to permit us to conduct the Higher School Certificate Exammation from July. 1986.

University Public Service Examinations.—The Panjab University has started a Public Service Examination Class to provide training for candidates who propose to take the Indian Civil or Finance Service Examinations. The University has appointed Prof. G. C. Chatterji, M.A., I.E.S., of Government College, Lahoro, as Adviser He will personally guide the studies of individual students and be in general clarge of the Public Services Examination Class. The office of the Adviser has been attached to the Foreign Information Pursua Lahore.

Research Studentships at Emmanuel College, Cambridge.—Notifications about an External Research Studentship to the value of £150 per annum was circulated to all the Colleges affiliated to the Panjab University in February, 1985, and three applications were selected for this Studentship, which were forwarded to the High Commissioner for India, Education Department, London, for consideration by the authorities concerned

General Remarks—The Bureau's Library is still far from complete. No doubt we have faurly full information about seadenic training in England but we have no books worth the name on Industrial questions in American, Continental or Japanese Institutions.

Owing to unemployment young men are thinking out for thomselves of new openings, for which it seems most essential to supplement our reference books in these directions. The Secretary feels that for lack of adequate literature he cannot sometimes be as useful as he would otherwise with to be. Time has come when it must be seriously considered, whether or not arrangements can be made for the supply of literature on American, Japanese and German Universities by the provision of a special grant for purchase of literature to equip the Bureau with proper reference books.

Four additional part-time appointments on the staff
The University Law
College.

were made during the year
under report. The staff consixted, besides the Principal, of

four whole-time Readers, six part-time Readers and twenty-three part-time Lecturers.

The maximum number of students on the rolls in

the various classes, as compared with the figures of the preceding year, was as follows:—

The number of temporary additional clerks was increased from two to three.

The number of weekly lectures delivered to each section of the F.E.L and LL B. Classes was 18 and 15 respectively.

A House Examination of both F.E.L. and LL.B Classes and the Sports Tournament were held in December The Prize Distribution function was held in March. Seven issues of the College Journal were brough; out during the 'vear under report.

The total income from fees, including examination fees, for the financial year ending the 31st March, 1985, amounted to Rs. 1,90,898-8-0 and the expendi-

ture was Rs. 1.87.554-4-6.

In 1985, 438 canddates including private students, sat for the Bachelor of Laws Examination and 637 for the First Law Examination. The pass percentage, excluding compartment men, was 68 5 for the LI\_B and 60 for the F.B.I. These figures do not include the candidates who sat for the Supplementary Examinations which commenced on the 50th September, 1985.

In the Examination for Diploma in Conveyancing and Pleadings held in April, 1935, 8 candidates appeared of whom 5 came out successful

In the Master of Laws Examination held in May, 1985, 10 candidates appeared and only one passed.

Out of the total number of 1,148 students on the rolls of the F.E.L and L.B. Classes, 928 resided in the College Hostel, 299 in the recognised hostels, 518 with parents, guardnans and relatives and the remaining were permitted to stay in unrecognised and private lodgings for want of accommodation in the recommsed hostels.

In the Panjab University Sports Tournament, the College entered teams in tennis, football, hockey, cricket, gymnastics, ambulance and athletics. In athletics Raza-ul-Rahman Khan broke the all-India record in Javohn Throw and Piyara Singh won a dis-

tincton m Pole Vault. The College organised a Championship Teunis Tournament in Pebrary which was open not only to Law students but also to did boys and to the members of bar and judiciary in Labore. Frifty-four students attended the First Aid Classes held under the auspices of the St. John Ambulance Club

The allotted strength of the Law College Detachment of the 4th University Training Corps was 80 including N.C.O's. Three of the members held the rank of Under Officors and three were Non-commis-

sioned Officers.

The academic year of 1935-36 commenced on the 21st September. Five hundred and ninety-two students were admitted to the F.E L. Class, 463 to the LL.B. Class, 21 to the Conveyancing Class, and 6 to the LI.M. Class.

During the summor Professor M. Iqbal made a tour
The University Onmath College
the latest linguists and
the latest provided a grant for this purpose in accordance
with the recommendations of the last Inspection Com-

mittee.

The total expenditure in connection with the College during the year ending 31st March, 1935, amounted

to Rs. 1.12,706-15-6.

The number of students on the roll on 31st March, 1935, was 147. Of the students on the roll, 20 were scholarship-holders and 30 were in recent of stipends as against 22 and 24 respectively in the previous year.

Sixty-eight students of the College passed in 1985 the various University examinations, 7 students the Mathematicion (English only) Examination, and 61 students the M A., the Honours and High Proficiency Examinations in the various Oriental Languages. Of the candidates sent up from the College 67-8 per cent. passed.

The system of House Examinations is continued, and the rules by which the award and tenure of stepends is made dependent on the result shown by students in the House Examinations have been strictly observed. An Annual Examination of seven written papers was held at the close of the session of the first year. The promotion to the second year took place in accordance with the results obtained by the students at the Annual Examination.

Arrangements have been made for the Medical Inspection of the students before the admission from

the last year

Education Trips — During the year under reporteducational trips were organised to places of historical
and geographical interest at Lahore and ordeidLahore. Trips to Kralt Bagi Salt Mines, Kohat,
Peshawar, Kluyber Pass, Panja Sahib, Porduant
Gement Pactory at Wah and Taxin, and Rhewar Salt
Mines were organised specially for the students of
this College during the winter session. The students
enjoyed tiese trips very much and added to their
knowledge much useful information. Our College
was represented on almost all the trips organised by
the Punjab Geographical Association, Lahore. With
this Association we visited Karachi, Sukkur, Barra,
Ayodina, Benares, Colcutta and Rangoon, Mandalay
and Mayrasyo in Burna.

Lala Munshi Ram, B.A., B.T., was in charge of the trips throughout the year. His untiring work to make the trips organised by the Punjub Geographical Association successful has been much appreciated by

that Association also.

College Sports and Games—The students are evineing keen interest in Football, Hockey, Basketball, Volley-ball and Badminton. One tearm—Football—took part in the Panjab University Sports Tournament this year.

This year we have added two more boats, the "Shafi" and the "Mohani", to the other three,

"Woolner", "Marry" and "Sarup", and the students take much interest in rowing. These five books are provided for this purpose on the Bavi river. A part-time Physical Instructor attends to instructhe players of the College. Mr. Hasan-ud-Din, M.A., we have a second of the college.

M O L., is in charge of games and sports. He takes much interest in his duties entrusted to him in this connection.

connection.

The College Fourth Annual House Tournament was held this year in March, 1936. But owing to want of funds we could not hold the Annual Prize Distribution. Only a photo of players and prize winners was taken in which Mrs Woolner and Dr. Woolner along with some members of the staft took part.

The total number of College students is 147 and out of this 140 regularly take part in some game or other

The total sum spent this year on all sports and games is more than Rs. 800.

A course of lectures on the "First Aid to the Injured" was arranged this year. About 50 students attended these lectures and were examined. Thirty-three students came out successful.

The research work published by the members of the staff during the period under report is given in

Appendix II.

At the end of the session there were 42, 43 and
35 students in the I, II and III

The Halley College of Commerce.

Year Classes respectively themselves for the examination for the B Com. Degree of the University of whom 17 were successful and 4 were placed under Compartment, 29 appeared for English only and 24 were declared successful.

On account of an insufficient number of students coming forward the Registered Accountants' Class was discontinued, but it is proposed to start evening classes for the benefit of those who are capaged in business houses during the day. The course is intended to extend over a period of three years, and it is proposed

that the University will conduct an examination after three years and give a Diploma in Commerce to the successful candidates.

- The following subjects will be taught:-
  - (i) Accountancy;
    - (ii) Commercial Arithmetic:
  - (iii) English and Commercial Correspondence;
  - (iv) General Commercial Knowledge;
- (v) (a) Commercial Geography (First Year)
- (b) Elementary Commorcial Law (Second and Third Years)

There was no change in the teaching staff, but Prof. I M Kapoor was on leave for the Autumn Term, and Dr. Ranbir Singh, Ph.D., officiated in his place

It has been made compulsory for the Degree students to take practical training in various offices for two months just before the summer vacation, which has been reduced to two months.

The whole College was in Camp for about a fortnight in November, 1934, when we had more of a real college life, with the staff and students living, working and playing together The visits to various places of goographical and industrial interest and the other activities of the College have been well maintained.

The manner in which the businessmen of the Punjab have appreciated the work of the College is shown in their increasing readiness to take graduates, most of whom are now to be found in the business houses of the Provunce, meanle, sincurance companies and private firms, while a far number have sought and secured employment outside the Punjab

The Principal carried on his work as Secretary and General Editor of the Publications of the Board of Economic Inquiry under whose auspices several brochures were issued dealing with various aspects of the economic life of the Province. Expenditure.—

Panjab University

.

(a) Books—Rs. 14,727-7-6 were spent on books as detailed below.—

Rs. A P. General books . 12,079 14

Arabie books . 1,250 11 Sanskrit books .. 1,396 13

Total 14,727 7 6

(b) Manuscripts —Rs 2,240-12-9 were spent on manuscripts including rotographs on the recommenda tion of the Principal, Oriental College, as under:—

(a) Arabic manuscripts .. 80 (b) Sanskrit manuscripts ... 301

All the manuscripts were examined by the University Professors of Arabic and Sanskrit respectively before purchasing.

(c) Periodicals.—The total amount spent on periodicals during the year under report was Rs. 7,857-2-3 as under:—

Ten new periodicals were placed on the subscription list during the year under report

(d) Binding and Mending—The expenditure on binding 1,714 volumes as per detail below amounted to Rs. 3,807-10-11.

B.—Oriental Section

No. of volumes bound.

A —General Section ... 779

935

(e) Furniture.—Eight teak-wood almirahs, two fireproof steel almirahs for manuscripts and two teakwood reading room tables were purchased during the year. The total expenditure under this head amounted to Rs. 39.0.

(f) Rewring of the Central Hall—The rewining of the Central Hall of the Library was completed at a cost of Rs. 1,200 and the general reading room was

equipped with 25 hanging and 5 wall lights.

Reccipts—Rupees six hundred and twenty-five, amus fourteen and pice six only were realised on account of delay fines, penalty for books lost or damaged, sale of Library Primers, postal charges, admission fee to the Elementary Library Routine Class and were remitted to the University Office from day to day.

Deposits.—Rupees one thousand two hundred and eighty, on account of security deposits, were deposited and Rs. 1,180 were refunded during the period under report.

Care of books—With a view to prevent the further spreading of the infection, the Percival Collection, which was affected by the white ants, in spite of the continuous use of the germicide, was sogregated and removed to the first floor of the Labrary

An intensive programme of dusting and cleaning the books with the "Hoover Vacuum Cleaner" was carried out during the summer vacation.

Additions to the Library.—Three thousand one hundred and seventy-five volumes (including accessions by bound periodicals) were added to the Library during the year under report as detailed hereunder:—

General Section ... 2,596 volumes. Arabic Section ... 267 ,, Sanskrit Section ... 312 ,,

Total . . 3,175

The total number of volumes excluding manuscripts in the Library on the 30th September, 1935, was

74,881 while that of manuscripts was 9,797 (Arabic manuscripts 2,300; Sauskut manuscripts 7,497)

Gifts —The Library Committee greatly appreciated the undermentioned gifts and conveyed their grateful thanks to the donors and the Government of India.

(1) Sir Edward Maclagan, K.CSI, KCI.E., I ES, offered his loan collection consisting of 300 volumes (already deposited in the Library on certain conditions since 1911) as an unconditional gift.

(2) The Government of India resumed the free supply of certain Statistical Publications, which were butherto being subscribed by the Library.

(3) Dr A C. Woolner, CIE, M.A., D Litt., F.A.S.B., Vice-Chancellor, University of the Panjab, presented 196 French books.

(4) Mr. Vankata Chula, Teacher, Mission School, Vadineesvam, and Sardar Nahar Singh, M.A., presented 40 manuscripts in Southern Indian scripts and 2 Panjah manuscripts and one book respectively.

(5) One hundred and forty-one books (moliding pamphlots and reports) were received from the various institutions and persons both direct and through the Rogistrar, University of the Panjab

Classification and Cataloguing—The total number of the books accessioned, classified and catalogued during the year under report in each section of the Library was as detailed below:—

# General Section:-

No	of volumes accessioned	 2,596
No.	of volumes classified	 2,590
No.	of volumes catalogued	2,590
No	of cards written	6.815

Facilities to the Research Scholars during the summer vacatron.—The practice of affording facilities to the research scholars during the summer vacation was becoming a regular feature of the Labrary routine, and the following gentlemen were allowed to carry on their research work though the Labrary was closed to the public:—

Dr. Sh Inayat Ullah, M.A., Ph.D., Professor, F.M., Shuja, M.S. (Bahawalpu), Prof. K. K. Dewekt, M.A. (Government College, Ludhiana), Prof. M. K. Kesava Pillay, M.Sc. (D.A.-V. College, Ladnov, Miss B. Ghosh, M.A., Lecturer, Lahore College, Cabroy, Miss B. Ghosh, M.A., Lecturer, Lahore College, for Women, Pt. Ounkar Nath Bhardwaj (Government High School, Amrutsar), Mr. Yashi Khan Niszi, M.A., Malk Mohd Baqir, M.A., Dr. R. C. Majumdar, Pt. Shuchi Vrnt, Mr. Kuilash Nath Bhatnagar and Mr. Hari Ram Gupta.

Library Co-operation.—It was satisfactory to note that the pooling of resources in the recuprocal loans of books and manuscripts between the sister-universities and other institutions for the purposes of serious research had become an accepted part of the daily routine and progressively increased. The scholars concerned had greatly appreciated this privilege.

- Loan of manuscripts —Seventy manuscripts and rotos were lent to the University Professors and Research Scholars and certain other institutions on their executing bonds, excepting the Adyar Library
- (ii) Loan of books to other Universities —Requisitions received from the Lytton Library, Mushm University, Aligarh, University of Madras, University of Calcutta for loan of books were duly compiled with
- (iii) Loans from other Labraries —Fitty-six manuscripts and 35 books were borrowed from the undermentioned institutions and the gentlemen in and outside India for the use of Research Scholars The University Labrary Committee owed their grateful thanks to all these institutions for their cordial co-

operation and more especially to the India Office which lent a large number of manuscripts.

(iv) Further co-operation between the local Libraries—On the Chairman (Lt.-Col H. L. O. Garrett, M.A., I.E. S.)'s motion it was decided to afford intercollegiate facilities to the bona fide students of the local affiliated Colleges for the recuprocal consultation of such periodicals and books as were not available in their own College Libraries, subject to the production of a certificate by the tutor in charge to that offect Some material for compiling a Union Catalogue of Periodicals awallable in each College, other than those included in the list of Periodicals in Scrislay published by the Panjab University Lubrary in 1933, was collected. And the opinions of the Principals of the local Colleges as to the feasibility or otherwise of the proposal were assertanced.

This proposal, on its materialisation, would not only substantially help in avoiding the duplication of

expensive sets of technical journals and books but would be most conducive to producing general amability among students of the co-operating Colleges.

Elementary Library Routure Class — In accordance with the Syndicate's decision the Elementary Library Routine Class for the benefit of the untraumed Librarians of the affiliated motissal Colleges was hold in April last and ten persons joined and duly qualified, though a cervolar letter unviting applications for admission to this Class was issued to thirty-cight Principals of the Class was issued to thirty-cight Principals of the Class was issued to thirty-cight Principals of the mofusal Colleges.

"Catalogue Rassound of Arabre and Persian Manuscripts.—Two parts of Catalogue Raisonnd of Persian Manuscripts covering History and Poetry were completed and would soon be sent to the press for publication

Departmental Libraries —The various departmental libraries continued to work satisfactorily. The Library for Honours Schools in Physics was formed in May last.

Membership.—During the your under report 1,037 members joined the Library as detailed hereunder and 198 under-graduates and others obtained Readers' teletis:—

٠	General Section	8	82
	Sanskrit Section		69
	Arabic Section	 	86

Correspondence —The total number of lotters received and issued during the year under report was 1,742 and 2,061 respectively.

Meetings.—The Labrary Committee met four times during the year and twice papers were disposed of by the Committee in circulation

The number of Colleges that entered the various

events comprising the Panjab

Panjab University Sports Tournament. University Sports Tournament during the season ending 31st January, 1985, shows an increase in most events, though there has been a slight falling off in Athletics, Gatka and Basket-ball The increase in Entry Fees is an evidence of the growing interest in the P U S Tournament

The distribution of Tournament Trophies was fairly even, though Government College continues to annex the hon's share: Athletics, Boxing, Hockey, Belay Races, Swimming, Tennis Singles and Doubles and

the Sir Shadi Lal Championship

The D.A. V. College, Lahore, won the Boat Races, Volley-ball and Wrestling, Khalsa College, Attriksar, won Cracket and Football. Forman College won Basket-ball Sanatan Dharma College won Gatkt, and Gymnastes Islamia College, Lahore, won Kabaddi. The Contral Training College, Lahore, won First Ard The Government College, Ludhana, won the First Ad, Motussil Grupp. The Government Internediate College, Hoshnarpur, won the Cross-Country Race

Among the Intermediate Colleges the M.A.O College, Amritsur, won Hookey, Cricket and Volley-ball The V.B. College, D.I. Khan, won Football The Hindu Sabha College. Amritsur, won Tenns.

During the year sevon new Rocords have been created, including an All-India Record in the Pole Vault by Abdul Shafi. The other Rocords are in the Long Jump, Hop Step and Jump, Putting the Shot, Throwing the Discus, Throwing the Javelin, and the Cycle Roce.

Efforts with the Railway Board directly, and through the Inter-University Board, have been successful at last and Railway concessions, within the usual prescribed limits for numbers, are now available for all events in our Sports Tournament.

Some Colleges do not as yet send their entries on the proper forms, accompanied by the correct fees, and in time. The ideal arrangement for the Sports Committee in each College is for the Principal to be President, the various staff members in charge of games and sports to be members, and the Physical Director to be Scoretary. The Physical Director would thus he the central clearing house for all matters, and would be responsible for all entries, Icos and nisoellaneous matters connected with the P.U.S.T Cand the outside would in general.

The P.U.S. Tournament has now completed its fortieth year of existence stairly satisfactorily. We are very proud of the age, saze, scope and influence of this Tournament and of our usual contribution to the sporting adaythies of India. We may now safely say that it is preshoadly unpossible to form an All-India Team in any game or sport without a really good representation from the Panjab University. On the other hand, we have had a fair number of unfortunate insidents this year again. Unnecessary and unseenily rows have occurred over grounds, referoes, rough and ditry play, tooring, breaches of the rules, ofe

Out of the 44 Arts Colleges, the Colleges still without any Physical Directors are Department of Physthe Sri Pratan College, Sringgar, ical Training. the Prince of Wales College. James the Kinnaird College, Labore, and the Government Colleges for Women at Lahore, Amritsar and Lyallour. The Kashmir State authorities have selected two suitable men, and have sent them down to Madras for training and by April, 1988. both these Colleges will have trained men in charge of the work. The Kinnuird College, Lahore, has the part-time services of the Y W.C.A. Physical Directress, but this is not really sufficient. The Government Women's Colleges at Lahore, Amritsur and Lyallpur have no arrangements at all. This whole question has to be considered shortly, and in the meanwhile it has been decided that all First Year women students must complete the necessary Physical Training periods by attending and playing organised games.

On the practical side, the work of Physical Training in the various Colleges is fairly satisfactory on the

whole Games and Sports are well organised and conducted, and the general interest of Colleges in the Panjab University Sports Tournament is mereasing year by year. Other group activities, including cathsthenies, corrective and bygienic excusses, and the informal "play for all" programme, are fairly well organised and conducted.

On the theoretical side there is a great difference between the various Colleges. Some of them have a regular programme of lectures on hygiene and sanitation, talks on health habit, etc., others are entirely

neelecting this work.

On the medical and scientific side there is an even greater difference between the various Colleges This work should include. Physico-medical examinations, classification, measurements, statistics, prescription of exercise, medical attention, etc., but in more than half the Colleges concerned absolutely no attention is given and no work done on this side. Some of the Lahore Colleges are doing very well in this line, and a few of the mofussil Colleges are doing fairly well. During the year, the University Inspection Committee went over the work of the Department of Health and Physical Education of the Forman Christian College; noted very favourably on it, and brought it to the notice of the other Lahore Colleges. The medical part of the work of Physical Training is the foundation and basis of the whole Department, and yet there are a good many Colleges still without medical adviserswhole-time or part-time-attached to their institutions. 1 The membership during

Panjab University 1 The membership during the year was as follows.—

)IN	Res Ciub Life year was as	TOHOW	8.—
1.	Government College, Lahore		5
2.	Islamia College, Lahore		5

2 The receipts for the year amounted to Rs 981 including donations and expenditure to Rs. 1,152-6-0.
3. In addition to a trial match, matches were applied against Labour (Applicable on the Excellence of the Conference of the Con

blayed against Labore Gymkhana, His Excellency The Governor's XI, Calcutta University, Aligarh University and Punjab Wanderors.

4. It is gratifying to note that the Board of Control for Cricket in India have manugurated an Inter-University Cricket Champonship, in which the Panjab University is participating. Funds for this purpose have been supplied by the University.

The discipline in the Club has been of a very high standard.

The 4th (Lahore)
Battahon University
Training Corps.

(General.—Colleges' reopened on 1st October and parades commenced on 8th October thus chabling an early start to be

unde with training

Traming.—By the helpful oc-operation of all Colleges in submitting names for membership early, also the promptitude with which the results of the University examinations were published enabled new members to be verified without delay. This excellent co-operation resulted in the until being up to the strength on the first day of parade.

The above arrangement is an improvement on past years becams it was possible for all addets to progress collectively in their training, as opposed to having odd squads in varied stages of training throughout the season, which had been the case in previous years.

The parades carried ont have comprised squad and platoon drill, rifle exercises, weapon training instruction, firing on the short range, and classification on the classification range, the results of the latter showing that larger numbers have been exercised than in previous years, also better results obtained

Camp.—The Annual Camp was held at Shahdara, the Lyallpur Detachment joining the Battalon there. All recruits carried out the normal course of training, while trained men wore instructed and practised in minor tactical exercises, schemes, and guard duties, in addition to close order drill

The excellent progress made by recruits during this period was only rendered possible by the assistance of Higher Military Authorities in providing additional instructors which allowed our own trained members to nartake in more advanced work.

The attendance in camp numbered 18 officers and 605 other ranks out of a possible 20 officers and 687 other ranks. This year has been a record in this respect.

dadro Classes.—Classes have been held both in Lahoro and Lyallpur continuously throughout the season. The object of these classes is to prepare suitable candidates for appointment to Non-commissioned Officers when vacancies fall due. Of 81 candidates attending 55 have been successful

Examination Officers.—During the period of camp a Retention Examination was held in which the following eight officers were successful.—

> Trilochan Singh ... Milkhi Ram.

.. H. L Chopra.

,, R. K Seth. .. W A. Shah.

., G D Ahmad. .. Sardar Mohd.

I. C. Nanda.

Inspection.—The following inspections took place during the season:—

13th November, His Excellency Sir Herbert William Emerson, K.C.S.I., C.I E., C.B.E., I C.S. (Governor of the Punjab).

23rd November, Major Genl E. de Burgh, C.B., D.S.O., O.B.E., Officer Commanding, Lahore

District.

I.M.A., Dehra Dun.—The undermentioned cadets were successful in gaining admission to the Indian

Military Academy, Dehra Dun, in 1934:—
No. 3116 Sergeant Sadar Rahman, Government

College, Laliorc.
No. 8588 Cadet Raj Sarin, Government College,
Lahore.

No. 4369 Cadet Jatinder Singh, Government College, Lyallpur.

Rifle Meeting —The Annual Rifle Meeting was held on 27th and 28th February A total of 344 attended. Discipline.—The number of cases throughout the year in which disciplinary action has had to be taken is small. The cases involved were of a minor nature but at the same turne had to be absolved.

Generally the behaviour of cadets has been excellent and very great keepness has been shown throughout. As in recent years there was no grant from the

As in recent years there was no grant from the problem of the Panjab University Publish Union. was allowed to the Punjab Geographical Association and about Rs 1,360 was allowed to the following Colleges as grant for their College trips to various places:—

Murray College, Sialkot Multan College, Multan. Shahpur College, Shahpur Central Training College, Lahore. Dyal Singh College, Lahore.
Oriental College, Lahore
Hailey College of Commerce, Lahore
F C College, Lahore.

After paying the Auditor's tee (Rs 225) there was a balance of Rs. 25-1-0 and it was resolved to hand over this sum to Punjab Geographical Association Pending any future renewal of the grant from the Government it will be impossible for the Union to continue to function.

The total number of the teaching staff, assistants and honorary workers, during Davanand Avurvedia the year under report, was College, Lahore fifteen, and the total number of students in different classes in March, 1935, was 197. as against 175 during the last year, and 144 during The number of students is gradually vising 1083 owing to the efficient training imparted in this institution and the popularity of the Avurvedic system of medicine among the public Another feature of the institution is that lady students, duly qualified according to rules, are also admitted and at present there are three garls studying in different classes.

Two final exammations are held, vis., (1) Vandya Kaviraj after three years, and (2) Vaidya Vachaspatione year after passing the Vaidya Kaviraj Examination. The results last year were as under:—

Up to this time, the Ayurvedic College has brought out 590 Valdya Kavirajs and 169 Yadya Vachaspatis. who are working in the Punjab and other Provinces either as private practitioners or in State, District Board, Municipal Board or other charitable disponsaries. Hospital.—The number of patients, admitted in the Indoor Hospital during the last two years, was as

Total	Cured.	Died	Discharged.
332	280	9	43
364	328	6	90
	332	332 280	332 280 9

The Hospital is doing very useful work, in serving the public without easie or creed, and for teaming the students in Ayurveda and modern surgery. An Honorary Nurse, who is a Midwife, examines the temale cases (Indoor and Outdoor), and Dr Roshan Lal, M.B B.S. Honorary Surgeon to this Hospital, is doing his utmost to improve the Surgical Department.

Outdoor Dispensaries —The number of patients, who attended the two outdoor dispensaries of  $\Lambda$ .-V. College, is given below.—

(a) Disponsary attached to the Hospital (within College Premises).

¢ca	r.		Total.
	81-8-34 31-8-85		 24,646 40,003
		Tnervase	15.857

The number of patients, who attended this dispensary, has marvellously increased. It is due to the growing population around the A.-V College and also to the popularity of the Ayurvodie system of medicine among the people-

Boarding House -There is accommodation for 30 students in the Hostel which is located in the eastern half of the Hospital building. All the seats remained occupied during the year. Some students had to be refused admission to the Hostel for lack of accommodation and they made their own lodging arrangements.

Games.—Though there are no playgrounds attached to this College, yet the students are encouraged to take part in Volley-ball, Badminton, Kabaddi, Wrestling, Tug-of-war, Gatka, Lathi, Sword, etc. Annual tournaments are also held to encourage the students in games.

Dissection Work.-There is scarcity of dead bodies for dissection work. The Government is being approached for making better arrangements for supply of doad bodies.

Excursion to Hills -The students of the II and IV Year classes (about eighty in number) are led to some hills every year in October, in order to show herbs. Last year the students went to Delira Dun and Mussoprie, and collected samples of different types of plants found there.

Pharmacu.—This department affords a good deal of opportunity to the students in preparing medicines with their own hands. Last year a new room, named ASAVA SHALA, was constructed in continuation of the pharmacy building, at a cost of about Rs. 2,000, of which the opening ceremony was performed by Rai Sahib Lala Labh Chand Mehra, M.L.C., of Amritsar.

Quetta Relief Work .- A Quetta ward was opened in the Indoor Hospital of this College in June last, and a large number of Quetta sufferers, patients or otherwise, were afforded relief in the form of medical and surgical aid, clothes, eash, etc , under the auspices of the Punjab Quetta Relief Committee of the Arya Pardeshak Pratinidhi Sabha, Lahore People responded to the appeal and lavishly donated money or gave clothes, food materials, etc. The staff and students of this College took active part in serving

the unhappy sufferers.

Ayurod Sandesh.—This is a nonthly magazine of this institution and is sorving the cause of Ayurveda by way of publishing articles, news, otc. This is becoming very popular among the Vaidyas. Its annual subsorption is Rs 2-4-0

Scholarships —Besides the D A.-V. College Managing Committee scholarships, this institution awards about twenty supends to deserving students from

funds provided by the donors.

Bullings.—During the year under report, two siderooms were added in the costern side to the Indoor Hospital building at a cost of about Ba. 2,000, in addition to the "Assaw Shala" already mentioned under the Pharmacy Department.

Pt. Shankar Das Muscum —This is a well-equipped Museum Herbarium where samples of herbs, seeds, roots, oils, etc., have been preserved in show-cases to acquaint the scholars with them in their original forms.

Library.—There are about 800 books on Ayurveds, Allopathy and Unam in the Library which is well utilised by the students. A large number of daily, weekly and monthly papers are provided to the

students in the Reading Room.

The instatution, though in a flourishing condition, yot requires a woll-equipped Resoarch Laboratory, a Dental, Bar, Bye, Nose and Throat Department, a Hostel, an up-to-date Botanical Garden, a Hall and many other things, for equipping its graduates with un-to-date knowledge.

Some progress was made last year in the Sanskaras (purification) of mercury.

There are two Unani classes of Hakim-r-Haziq and
Tibbia College, Lahore
to attend the practical class as well where urine and

sputum examinations, blood-pressure taking, bypodermic injections, and uses of some surgical instruments are taught. In addition to thus, compound medienes are made by the students themselves under the guidance of the Hakim in charge of the Unani Shifa Khana.

The number of students on rolls classwise was as under.—

Hakim-i-Haziq—1st year class	108
Hakim-i-Haziq—2nd year class	81
Zubda-tul-Hukama class	 1

Research Work.—For research work, a Majlisi-Muzakara (Debating Society) holds its weekly sittings in which all the students and professors take part Discussions are held on the principles and doctrines of the ancient Tabibs and modern Allopathy, and great offorts are made to reach at the right and sound conclusions.

Extramural Activities of the Students.—In the recent Quetta catastrophe, the staff and students took active part to alleviate the sufferings of the wounded.

Contributions of the Department —The Tibbia College takes great part in the Punjab Tibbi Conference and Ayurvedie and Tibbia Conference.

Employment of Graduates.—More than twenty graduates of this institution are employed at different places in the Punjab under District Boards and Municipalities, and also in other Tibbi institutions.

General Report.—The Tabbia College Committee is doing its best to make further improvements. The Museum, Library and Unani Shifa Khana have been well equipped. A separate room for indoor patients is under construction. A hostel has been managed, both for Hindus and Mohammadans.

The proposal to send senior students to hill stations for gathering different medicinal herbs and plants and to search for other unknown plants and shrubs, is under consideration.

Examinations.- Examinations take place in or about the last week of April every year. The Examiners are selected by the Examination Board of the Tibbia Committee.

Results in 1985 .- (1) Hakim-i-Hazig Out of 84 College students 58 passed and out of 11 private students 7 passed. (2) Zubda-tul-Hukama: All the 4 College students, who appeared in the examination, passed.

 The income of the fund Oriental Publications was received through three Fand sources, as follows .-

Total .. The following three publications were printed.

Rα

2,505 10 0

- during the year under report --(a) Item No 9, Analytical Indexes to the IQD OF IBN ABD RABBIHI, by Professor
  - M. Shafi, M.A. (b) Item No. 27, Translation of Kundamala, by Dr. A. C. Woolner, C.I E , M A., D.Litt ,
  - FASB (c) Item No. 30, Life and Works of Amir Khusrau, by Dr. Wahid Mirza, MA, Ph.D. (Lond).
- Buddhacarita, by Dr. E. H. Johnston, M.A., D.Litt., which was omitted from the series last year, has been re-entered, on the request of the author, and its Part I is expected to be out very shortly.
- 4. The printing of the following works was assigned to the Press .-
  - (a) Item No. 26. Edition and Translation of

Kapphinabhyudaya, by Sivasvamin, by Pt. Gauri Shankar, M.A., B.Latt. (Oxon).

(b) Item No. 28, Index of Tulsi Das Ramayana, by Dr. Surya Kanta, M.A., D.Litt.

(c) Item No 29, Udaipur Inscription, 1,082 Verses with historical notes, by Prof. Sri Ram Sharma, M.A.

(d) Item No. 81 (a), Buddhacarita, Part II, by Dr. E. H. Johnston, M.A., D.Litt.

Among others, during the period under review, the following important amendments of Regulations were sanctioned by the Punjab Government (Ministry of Education):—

- (a) The degree of Doctor of Philosophy (Ph.D.)
  has been instituted.
- (b) Special Regulations for the Honours School of Physics have been added.
- (c) An examination for the degree of Master of Science in Technology has been instituted.
- (d) A degree of Bachelor of Denial Surgery (B.D.S.) has also been instituted.
- (c) A Diploma in Laryngology and Otology (D L O) has been instituted.
- (f) A Mofussil Board has been constituted.
- (g) The Begulations under which such candidates, as are incapacitated by reason of scrious illuses to appear in or complete their annual exammation, are permitted to take or complete their exammation along with the candidates for the supplementary examination, have been armended so as to extend their borefit to female private candidates and ex-College students as well, in addition to the College students only to which they were formerly applicable.
- (h) A candidate who has passed the Matriculation Examination of the University of London

shall be admitted to the Intermediate Arts Examination in the eadenivest year following that in which he passes the examination if he has been enrolled in a College affiliated to the University during the twelve months preceding the examination, as has been the case hittlerfo in the case of a candidate who has passed the Cambridge School Certificate Examination.

- (i) A B.Sc. Pass graduate of not less than 10 years' standing shall be eligible for admission to the fourth year of the Enonous School (M.Sc.) course on certain conditions.
- (j) Regulations for the D.O.L., D.Litt and D.Sc. degrees have been revised in view of the institution of the degree of Doctor of Philosophy (Ph.D.).
   (k) The Heads of Departments of University
- (k) The Heads of Departments of University Teaching shall be members of the Academic Council, Boards of Studies and the Committees of Control of the subjects concorned.
  (l) The Inst year for admission to the existing
- type of the 5th year M.Sc. Physics class shall be 1985, and the M.Sc. Physics Exammation (Old Type) shall be held for the last time in the year 1988 and shall be open only to such candidates as have been candidates in and failed to pass the M.Sc Exammation in Physics in 1987 or before. (m) The last examination for Physics Honours
- (m) The last examination for Physics Honours (Old Type) shall be hold in the year 1935 so far as the Colleges in Lahore are concerned.
- (n) A few more reasons on account of which migration from one College to another may be allowed during the same course have been added in the Regulations.
- (c) Candidates who pass the First Examination

in Law by taking the supplementary test in May shall be allowed to sit in the supplementary examination for the degree of Bachelor of Laws in the following September.

During the year under report, the Viso-Chancellor Students' Residences. 10 visit and report regarding recognised hostels in Labore. Acting on the advice of this Committee, the following hostels were recognised hostels in Labore. Acting on the advice of this Committee, the following hostels were recognised from 1st April, 1985 to 31st March, 1986, subject in certain cases to conditions laid down being fulfilled:—

- Khalsa Boarding House.
   Shri Amar Jain Hostel.
- 8. Dev Samai Boarding House.
- Arya Vidyarthi Ashram
- Aggarwal Ashram.
   Ahmadiyya Hostel.
- Younghusband Collegiate Hostel.

Provisional recognition was accorded to the Mohyal Ashram and the Hindu Ashram on the understanding that by 1st October, 1985, the following improvements shall be carried out:—

### Mohyal Ashram: -

- (a) Urinals should be constructed both on the ground floor and the first floor for use at night.
- (b) One more sweeper should be appointed
- (c) The Superintendent should reside on the premises.

#### Hindu Ashram .-

(a) The contiguous land in which at present a cow shed exists should be taken on lease and converted into a grassy plot for the use of hostal students. (b) Repairs to the coilings, walls and floors of the buildings should be carried out to the satisfaction of the Hostels Visitors.

It was understood that if by 1st October, 1985, the Mohyal Ashram and the Hindu Ashram carry out the improvements specified above, then the provisional recognition would automatically be converted into recognition for the vesr.

As recommended by the Committee, recognition was not granted to the following hostels:—

- Gaur Ashram.
- Agnihotri Hostel.
   Minerva Hostel.
- 4. Raiput Boarding House.
  - 5. Digambar Jain Hostel.

The applications for recognition of Maharaja Buildings and Rajput Apant Hostel were rejected as recommended by the Committee.

The following have been added to the rules for recognition of liostels;—

- (a) Kitchens shall have fly-proof doors and
- (b) A regular account of Students' Fund shall be maintained which would be administered by the Superntendent, in consultation with one representative of the students, under the general supervision of the University; the Superntendent each term submitting a statement of accounts to the Registers.
- (c) Monthly returns of admissions and withdrawals shall be sont to the Principals of the Colleges concerned, and no withdrawal shall be allowed without reference to the Principal of the College concerned.
- (d) The hostels shall observe all the Proctorial rules.

The following monthly grants were sanctioned to the hostels for the year 1985-86.—

		B
1.	Hindu Ashram (Rs. 30 for supervision	
	and Rs. 9 for additional common room)	
2	Younghusband Collegiate Hostel	
3	Arya Vidyarthi Ashram	-
4.	Khalsa Boarding House (Rs. 20 for super-	
	vision and Rs. 10 for common room) .	-
5.	Shrı Amar Jam Hostel (for supervision	
	and common room)	1
6	Ahmadiyya Hosiel (for common room)	
7.	Mohyal Ashram (for common room)	
8.	Dev Samaj Boarding House (for super-	

vision) ... 20

It was decided that no grant shall be paid till 1st
October, 1985, to Mohyal Ashram and Hindu Ashram
till the improvements recommended by the Committee

were carried out.

It was further decided that the hostels concerned should be directed to send their bills for grants quarterly through the Hostels Visitors.

Major G S. Chawla, M.B B S., and Professor Rahim Bakhsh, M A., LIJ B., were re-appointed ha Hostels Visitors for a period of two years with effect from 1st April, 1995, on their former honorarium, i.e., Rs. 450 per annum each.

During the period under report, the Syndicate Health of Hostal appointed a Committee with medical and public health excussion of the health of hostel students in Lahore, dealing with food, ventilation, drains, dust, mosquitents, sto This Committee submitted an al interim Report unanimously recommending the following:—

(a) Strong pressure should be brought to bear on the Municipal Committee to get the roads coaltarred and the drains properly covered

- in the areas in which College and recognised hostels are situated.
- (b) Light for reading purposes should not be weak. Special attention should be paid to the testing of eyes, teeth and lungs at the time of medical examination. Either the Superintendent or the titor should see that eye glasses, whenever recommended, are used. Whonever necessary parents should be acquainted with serious defects in the health of their sens.
- (c) The use of mosquito-nets should be encouraged.
- (d) The College authorities should be requested to have dy-proof doors and windows in kitchens, dining rooms, residential rooms, common rooms, etc., and they should be requested to arrange that mesquito-breeding places are effectively attacked.
- (e) From time to time, without any previous notice, sealed samples of milk supplied to students should be tested for fat and specific gravity.
- (f) Tuck shops should be protected from flies and stale and unwholesome fruit and sweets should not be allowed to be sold.
- (g) Morning exercise should be encouraged in College and recognised hostels.
- (h) Some important suggestions regarding health and nutrition should be drawn up in chart form and made accessible to students.
   (i) The practice of cleaning the teeth both in
- (i) The practice of cleaning the teeth both in the morning and at bed-time should be encouraged
- (j) Steps should be devised to secure unadulterated flour and fresh wholesome vegetables for kitchen purposes.
- (k) Books on diet and hygiene should be placed in hostels.

The Committee further expressed the opinion that a University Health and Sanitary Board should be constituted so that the general situation regarding the state of health and residence of students could be investigated from time to time.

The Syndicate approved the recommendations made by the Committee, and necessary action on the

recommendations is being taken.

During the year under review, the following rules Protoinal Rules. Regarding protoins and the College walls were approved for being followed by the Colleges partscipating in the proctornal system in Labora.

- Each Colloge will appoint a proctor and one
  or two pro-proctors as required whose main
  function will consist in observing the behaviour of University students outside the
  College walls and reporting improper conduct and breaches of University and
  Colloge rules to the Vioc-Chancellor who
  will report the matter to the Principal concerned.
- 2 The names of proctors and if necessary proproctors will be notified by the University and each will be supplied by the University with a proctorial badge for use when required.
- All students of affiliated Colleges must give correctly their names and registered number to any prostor or pro-proctor on domand.
- All students must wear some mark distinguishing their College, o g, bluzer, tie, etc., or else earry a card of identity, and that this should be compulsory after lighting-up time.

Note —The pro-proctor or pro-proctors if and when appointed in a College should for all proctorial purposes act directly under the proctor of that College.

- 5. Every student should be in his residence by 9-80 P.M. in winter and 10 P.M. in summer or hold a signed permit from his Superintendent or guardian as the case may be gaving his registered number and stating the object of his absence. Provided that no student should be in any public place on ontortainment or refreshment after 9-30
- 6 No student should be in any place or at any show that has been placed out of bounds by the University or College authorities.
- Parents and guardnas of students resident in Lahore who are not m hostels should be invited to co-operate with the Celleges by enforcing the same rules.

During the perod under review, the Ledy Maalagan Affinhators Training College for Women, B.T. Examination, authore, was affiliated for the B.T. Examination, and the V.B College, D.J. Khen, was granted extension of affiliation up to the B.A. skaudard in English, History, Beonomics, Mathematics (A Course). Persian and Sanshrit.

The extension of affiliation of the following Colleges in the subject or subjects noted against each has been sanctioned by the Punjab Government (Ministry of Education):—

Islamia College, Poshawar. To include Political Science up to the B.A. standard, and Zoology up to the

Dyal Singh College, To melude Political Science
Lahore. up to the M.A. standard.
D.A.-V. College, Jul. To include Medical Stu-

A.-V. College, Jul. To include Medical Stulundur. dents' Group for the Intermediate Examination. S D. College, Lahore. To include Geography for the Intermediate Exammation.

K.E. Medical College, For the Third Professional Examination for the degree of Bachelor of Dental Surgery.

The Inspection Board which inspected the P.W. College, Junmy, in March, 1984, found that no provision was made in the College time-table for the teaching of Bengali and Panjabi in which subjects the College was affiliated, and therefore recommended that affiliation of the College in Panjabi for the Intermediate and B.A., and in Bengali for the Intermediate, be withdrawn. This recommendation was accepted by the Syndicate and the Senste, and the Punjab Government (Ministry of Education) has sent-toned the withdrawal of affiliation from the College in those subjects with effect from the examination to be hald in 1987.

The Academic Council, during the period under
Permanon to start
Classes for Honours
Papers

The Academic Council, during the period under
report, considered the programme of Honours work from
various Degree Colleges and revarious Degree Colleges and

teaching work to be done by a teacher grung instruction in three papers. Honours, should not exceed 20 penceds a week (no perced to be counted as double) and thut Honours teaching should not be allowed when there was only one teacher in the subject in a College. Consequently the Colleges were asked to inform the University as to which subjects would they be able to start Honours classes, having regard to these docsions. After considering the rephes from the Principals, the following Colleges were permitted to start Honours classes in the subjects noted against their names with a view to present capiddates for Honours papers in these subjects in the B.A. Examination to be held in 1986 --

The Hon'ble Mr. J. D.
Young, Chief Justice ... Knighthood.
The Hon'ble Dr Gokal
Chand Narang, Minister
for Local Self-Govern-

the Government:-

ment .. .. Knighthood. R Sanderson, Esq. C.I.E. Mukand Lal Puri, Esq .. Rai Bahadur.

Khan Sahib Mir Karim Bakhsh ... Khan Bahadur.

Lt.-Col Maqbool Hassan Qureishy . . . Khan Bahadur.

During the period under report, the University
Deaths. sustained a deep loss in the
deaths of Rev. Dr. H. C Velte,
Rai Bahadur Dr. Shiv Ram Kashyap and L Shiv
Dyal. Rev. Dr. H. C. Velte was a Follow of this
University for many years, an Honorary Fellow and

for some months the Registrar of the University, R.B. Dr. Shiv Ram Kashyap was a Fellow of this University for many years, during which time he also worked as a momber of the Syndicate and as Acting Dean of University Intrustry Interest of the English of the University Professor, was admitted to the degree of Doctor of Science honoris cause in connection with the Jubilee Celebrations of the University, was an outstanding figure in the academic world owing to his research and scholarship and was well-known in his subject not only in India but in foreign countries as well. L. Shiv Dyal was a former Fellow of this University.

The following gentlemen were elected by the Election of Fellows. Registered Graduates to be Ordinary Fellows of this University, with effect from the 8th March, 1995:—

- Rai Bahadur Lala Durga Das, B.A., LL.B., Advocate, High Court, Punjab, Lahore.
   Lala Gulshan Rai, B.A., LL.B., Professor,
  - Sunatan Dharma College, Luhore.

    8. Rai Bahadur Lala Kanwar Sam, M.A., Barat-Law, 49, Mozang Road, Lahore.
- 4. Lala Sam Das, M.A., B.Sc., Temple Road,

Diwan Anand Kumar, M.A., University Reader in Zoology, Lahoro, was elected by the Science Faculty as an Ordinary Fellow of the University, with effect from the 24th March, 1985.

Lt. Col. P. B. Bharucha, O B.E., D. S.O., F.R.C.S., L.R. C P., 1 M S., Professor of Surgery, King Edward Medical College, Labore, was re-elected by the Medical Faculty as an Ordmary Fellow of this University, with effect from the 10th April, 1885.

In view of the fact that all the appointments, con-Appointments, etc. firmations and promotions are grazetted from time to time in the University Gazette, a very brief reference, as during the last few years, is made in this Report to some of the more important of them

Dr. J. N. Ray, D.Sc., was given the status of the University Protessor of Organic Chemistry on his present salary.

Mr. M. Bashir, B.Sc. Hons, (Edm.), Assistant Registrar, was granted privilege leave for a period of 2 months and 24 days, due to him, with effect from the 22nd July, 1935, and was allowed another 10 days on deputation to enable him to attend the First Imperial Botanical Conference held in London, and the Sixth International Botanical Congress held at Amsterdam, to both of which he was nommated as a delegate of this University.

Dr. J. N. Khosla, B.A. (Paniab), B.Sc., Ph.D. (London), Bar.-at-Law, was appointed as whole-time joint Lecturer in the Law College on a salary of Rs. 200 per mensem, and in the Political Science Department at Rs. 250 per mensem, with effect from 1st April, 1935.

Dr. Mohan Singh, M.A., Ph.D., D.Litt., Locturer, Oriental College, was granted study leave on three quarters of his pay for the period from 8th October. 1935 to 15th June, 1936, or such date on which the College closes for summer vacation in 1986.

Messrs. Basant Ram and Sons were ro-appointed University Auditors for a period of two years with effect from 1st April, 1985, on their present remuneration of Rs. 500 half-yourly.

Professor Dewan Chand Sharina, M.A., was reappointed as University Lecturer in English for students of the Honours Schools in Science subjects for one more year on the same terms as before, and L. Sardari Lal, B Sc., was re-appointed as part-time Demonstrator in Astronomy for a further period of three years with effect from 1st October, 1935, on the same terms as before.

Dr. B. A. Kuraishi, M A., Ph.D., Professor, Islamia College, Lahore, was re-appointed as University Lecturer in German for a period of 8 months, on the same terms as for the previous session.

Dr. Ramesh Chandar Majumdar, M.Sc., D Phil, was appointed as University Lecturer in Physics, for the Honours School in Physics, at Rs. 800 per mensem with effect from 1st January, 1935.

Dr. Banarsi Das, MA, Ph.D., Lecturer, Oriental College, was granted one month's leave on Medical Certificate (half pay) from 18th October, 1934.

Maulvi Najm-ud-Din, Head Maulvi, Oriental College, was granted furlough proparatory to retirement, and Maulvi Mohammad Rasul Khan, formerly Director of Studies at the Din-ul-Ulum, Devband, was appointed in his place as Head Maulvi at Rs. 150 per mensem in the grade of Rs 150—10—250 on six months' probation and has since been confirmed in his appointment on the expiry of his period of probation, i.e., from 29th May, 1985.

Mr. Basır Ali Shaikh, M Sc., University Demonstrator in Botany, was appointed for one year as partitime Superintendent of the Law College Branch Hostel on an allowance of Rs. 50 per mensem, with free quarters on the premises.

After considering the grades obtaining in other Indian University, the following scales of pay for new entrants to the posts of University Professors, Readers, Lecturors and Demonstrators have been laid down -

University Professors Rs. 600-40-1,000.

- .. Readers ... Rs. 400—25—600
  - ,, Lecturers Rs 200—15—350.
- ,, Demonstrators Rs. 150 fixed.

Mr. Bahnokand and Dr. R. C Majumdar—the two recently engaged Lecturers in the Physics Department—were consequently placed in the grade of Rs. 200—15—350.

The grades of the clerks of the University Office, and the number of posts in those grades, have been

fixed. On the recommendation of the Syndicate, and on the reports of the examiners on Degrees conferred. the thesis submitted, the Senate of this University decided to award the degree of Doctor of Lateralure on Mr. Surya Kanta Shastri, M.A., M.O.L., Professor, D.A.-V. College, Labore.

The following gentlemen were Delegates to nominated as delegates of this Conferences, etc. University to the Conferences

held at

noted below.-

(a) The Second Interna- Dr. A. C. Woolner, tional Congress of Phonetic Sciences held in July, 1935.

(b) The Seventli Imperial Social Hygiene Congress held in London

in July, 1935. (c) Indian Philosophical Congress

Wallar. (d) Conference of the Economic Association held at Patna.

(e) The First Imperial Botanical Conference held in London. (f) The Sixth International

Botanical Congress held at Amsterdam

(q) All-India Library Conference held at Lucknow in April, 1935.

A library grant of Rs. 70 was sanctioned to each of the following elevon institutions associated with the Oriental College, Lahoro, from the Budget provision of 1984-85:—

 The Madrasah of the Anjman-i-Islamia, Labore.

- Sanskrit Pathshala, Hoshiarpur.
- R.B. Gagar Mal's Sanskrit Pathshala, Amritsar.
- 4. S.D. Sanskrit Pathshala, Multan.
- Darul Ulum Hanafiya, Kasur.
- S.D Pathshala, Jmd.
- The Madrasalı of the Anjman-i-Nusrat-ul-Islamia, Sımagar.
  - 8. Jami Alimadiya, Qadian.
- 9. Maha Vidyala, Sultanpur (Kapurthala)
- Khalsa Parcharak Vidyala, Tarn Taran.
   The Madreson of Annuan Islamia Go.
- The Madrasah of Anjmun Islamia, Gujranwala.

During the period under review, the following examinations of other Universities or bodies were recognised as equivalent to the corresponding examinations of this University noted against their names:—

- (a) Lucknow University . . LL.B. degree as equivalent to the LL.B degree of this Univer-
  - (b) Delhi University

sily.

LL.B. degree as equivalent to the LL.B. degree of this University for purposes of admission to the Convoyancing and Pleadings Class m the Law College, Labore.

M.A. Examination as equivalent to the M.A. Examination of this University for purposes of admission to the M.O.I. Examination.

(c) University of Sydney

Matriculation Examination as equivalent to the Matriculation Examination of this University.

(d) Patna University

Intermediate Examination as equivalent to the Intermediate Examination of this University

(e) Agra University

B A. and B.Sc. Examinations as equivalent to the B.A. and B.Sc. Examinations of this University for purposes of admission to the Law College, Lahoro. LL.B. degree of the University for purposes of admission to the LL.M. Examination to the LL.M. Examination

The Sonior Oxford Certificate Examination has been recognised as equivalent to the Matriculation Examination of this University without any restriction regarding the subjects taken

The Senate at its meeting held on the 26th May, 1984, had unanimously approved Medium of Instruction the recommendation of the Syn-

Medium of Instruction thand Examination in the M and S.L.C. Examinations.

the dicate to the effect that the medium of instruction and examination in the Matriculation in Gertificate Examinations in all English, may, at the option of the

and School Leaving Certificate Examinations in all subjects, except English, may, at the option of the candidate, be Vernacular. It was further decided that subject to the sanction of the Government, this recommendation be operative from the examination to be held in 1987.

The Under-Secretary to Government, Punjah (Affinistry of Education), informed the Register of the University of the paragraph 2 of his letter No.537-6.8, and the 60th August 1994, that of proposed in the Marientation and School Leaving Cortificate Examinations is an important team in the Heport of the Panjab University Enquiry Committee which Government is taking up numerisately for consideration Government, therefore, hopes that the University will not press for an answer with regard to thus amendment immediately so that an opportunity may be given to consider it with the various related proposals in the report referred to."

The Syndicate on the 5th October, 1984, noted the contents of this letter and decided that the aforesaid paragraph be placed before the Seanto for information. When this item came up before the Senate on the 8th December, 1984, for information, Professor Jodh Singh moved, and Rai Bahadur Lada Durga Das soconded, "that the Government be requested to give the matter early consideration without waring for the consideration of the whole of the Enquiry Committee Report." No one objecting. Professor Jodh Singh's proposal was approved.

The Government was approached in terms of the Senate resolution. The Under-Secretary to Govern-

Sanate resolution. The Under-Secretary to Governmont, Punjab (Mmistry of Edducation), replied to the effect that the Government was of opinion that it would complicate matters to deal with the recommendation of the Senate regarding the medium of instruction and examination in the Matriculation and School Leaving Cortificate Examinations separately at this stage. The Syndicate at its meeting held on the 25th January. 1935. noted the contents of this letter

Rules for the M.A. Examinations. During the period under review, the Rules for the M.A. Examinations were modified

as under:-

- Each question paper shall be set by the externul exammer alone who shall be supplied with the criticism or comments of the Board of Studies on the last year's paper
- 2 The external examiner shall 1c one who is not tenching in the University or in an affiliated College, and ordinarily a teacher of the subject in another University. The internal examiner shall be one who has taught the candidates for the examination but not necessarily in the same paper.
- 8 Each answer paper shall be marked by the external examiners in the first instance and the marks reported to the Controller The papers shall then be marked by the internal examiner Differences may be discussed and selded between the two examiners If they do not agree the papers in question shall be referred to a time examiner.
- 4. A Board of Exammers shall be appointed consusting of the Head of the University Department (whether he is examining a paper or not) as Chairman and Couvener and not less than four or more than six of the examiners, of whom at least two should, if possible, be external examiners. This Board shall have power to determine the class or failure of those candidates who are on the line, to, within five marks of passing m one paper (and in one paper only) or within tea marks of the necessary.

aggregate for a pass or for a particular

These Rules were put into force m 1935 for each subject and the Rules given m the Calendar have been revised accordingly.

class

With a view to improve the chances of the graduates of this University for success in the India Andii and Accounts Service competitive examunations, the following decisious were arrived at during the period under report:

- (a) That the University should enrol post-graduate students who, on payment of prescribed fees, would have the right of attending lectures delivered by the teachers participating in University Teaching.
- (b) A Committee consisting of the following gentlemen was nonunated to guide and advise the intending candidates for the I.O.S. and the Indian Audit and Accounts
  - Service competitive examinations —

    1. Dr S K Datta, B.A., M B, Ch B, Principal, Forman Christian College, Lahore.
  - Professor H B. Dunnieliff, MA, Sc.D., I.E S., Vice-Principal, Government College, Lahore
  - Professor J. F. Bruce, M.A., University Professor of History, Lahore.
     Professor Moharamad Shafi, M.A., Vice-
  - Principal, Oriental College, Lahore
    5 Professor G C, Chatterji, M A, I.E.S.,
  - 5 Professor G C. Chatterji, M A , I.E.S.,
     Government College, Lahore.
     6 Professor Lakshman Sarup, M.A , D Phil.,
  - Oriental College, Lahore.
  - Professor Madan Gopal Singh, M.A., Central Training College, Lahore
- 8 Professor G L Datta, M.Sc, Ph D, DA -V College, Lahore.
- (c) Professor G C. Chatterji, M A., I.E.S, was nominated as Adviser on an allowance of Rs. 100 per mensem to be paid for 8 months during the year.

Before this Report is in the hands of the readers, the Public Service Examinations Class shall have been started.

The Assistant Registrar was appointed as Secretary
Miscellaneous.

of the Faculty of Agriculture,
in addition to the Faculties of
Arts and Oriental Learning of which he was already

the Secretary.

It has been decided that the University should insist on the appointment of at least one properly qualified physical instructor in each College, and the suggestion of the Director of Physical Training that there should be two physical instructors when the number of students exceeds 400 and three when it exceeds 700, was brought to the notice of the Colleges.

It has been decided that the research work carried out a Pusa and Muktesar shall be treated on the same footing as the research work carried out at the Universities for purposes of the Ph.D. and D Sc dogress.

degrees.

For purposes of payment to the Examiners and
Laboratory Assistants, Psychology shall now be con-

sidored as a Science subject.

The Syndiante has decided that if the Vice-Chancellor is satisfied that there is prima facto evidence, that
a record of age is substantially wrong or absurd, he
may at his discretion examine the evidence and if
he is satisfied recommend to the Syndiante a correction
of the age recorded.

Fmance. During 1994-35, the following grants were received from the Punjab Government.—

	Rs	Λ	Р.
(a) Recurring Grant for Teaching .	26,696	0	0

By order,

ISHWAR DAS, Registrar,

University of the Panjab.

# VIII.

# CONVOCATION FOR CONFERRING DEGREES, 1935.

# THE SIXTIETH CONVOCATION.

The Senate of the University of the Panjah assembled in Convocation for the purpose of conferring Degrees and Medula and Prizes, at the University Hall, Lahore, on Saturday, the 21st December, 1985

The following Follows of the University habited in the prescribed academical costume (those who were graduates of this or other Universities wearing the hoods of their Degrees), met in the side-rooms at 10-40 a M.

J E. Parkinson, Esq., M.A., 1 E S. L 'MacDermott, Esq., B A.

Rai Bahadur Captain Dewan Dina Nath, Bar -at-Lan.

Lt -Col Maqbool Hassan Kureishy, Khan Bahadur, M.A., LL.B.

Lala Bhagwan Das, B.Sc., B.T.

S Arbel Singh, B.Sc.
Manohar Lal, Esq., M.A., M L C, Bar.-at-Law
C L Anand, Esq., M A, LL B., Bar -at-Law.

Lt -Col H L O Garrett, M.A., I.E S. Professor J. F Bruce, M.A.

Rev Dr. E. D. Lucas, M.A., D.D., Ph.D. Diwan Bahadur Raja Narendra Nath, M.A., M.L.C.

Dr. Mohammad Sadr-ud-Dm, M.A., D Litt.

Dr. Khalifa Shuja-ud-Din, M A., LL.D. Bar.-at-Law. Rau Bahadur Pandit Balak Ram Pandya, F.A.A.

(London).

S. Charan Singh, M Sc.

J W Thomas, Esq., B.Com , B Sc The Hon'ble Mr. Justice Tek Chand. M A . LL 19 Khan Babadur Sh. Nur Ebahi, M.A., I.E.S.

Lala Mehr Chand, M.A. M.Sc. Bawa Harkrishan Singh, M A.

K B Dr. Khwaja Abdur Rahman, O B E., M B., Ch.B., D.P.H.

Miss Lillian Ethel Thomas, B.Sc.

W. H F Armstrong, Esq , M.A , F.C S., I E.S. Professor G. Matthai, M.A., Sc.D., FR.S.E., I.E.S

Shaikh Asghar Ali, C.B.E., B.A., Bar.-at-Law, I.C S (Retired).

Khan Baladur Sayed Maqbool Shah, IE.S (Retired)

H R. Stewart, Esq., F R C.S I., D I.C., N D A. I.A.S.

Lala Jagan Nath Aggarwal, M.A. LL.B. Khan Bahadur M Afzal Husain, M.A., M.Sc.,

IAS. Professor Mohammad Shafi, M A Sardar Sahib Bawa Udham Singh, B.Sc., B T.

Rai Bahadur Mr Man Mohan, M.A.

Miss T. M Wright, B.A. G. C. Chatterii, Esq. M A . I.E S

Professor S. S. Bhatnagar, O.B.E., D.Sc., F Inst. P.

Rai Bahadur Lala Durga Dass, B.A., LL B.

Lala Gulshan Rai, B A., LL B Ray Bahadur Mr. Kanwar Sain, M.A., Bar -at-Lann.

Diwan Anand Kumar, M.A. Abdullah Yusuf Ali, Esa., C B.E., M.A., LL M. Bar -at-Law.

Khwaja Dil Mohammad, M.A.

Professor Mohaminad Iqbal, M.A., Ph.D.

M. Mohammad Shafi, M.A. (Head Master).

S. Jodh Singh, M.A.
J. Leitch Wilson, Esq., M.A.

Raja Hari Kishan Kaul, M.A., C.S.I., C.I.E., R.B.

Khun Bahadur M. Tnam Ali, B.A.

The Vice-Chancellor was not present owing to illness. Accompanied by the Principals of recognised Colleges, who were present as guests of the University, the Fellows moved in procession at 10-44 a.m. to the platform.

His Excellency the Chancellor arrived at 11 A.M. and was received at the West-End Entrance of the Hall by the Hon'lle Mr. Justice Tek Chand and the other members of the Syndicate, and conducted to the dais.

At the request of the Registrar, His Excellency the Chancellor declared the Convocation open.

His Excellency the Chancellor then, in accordance with the prescribed procedure, conferred upon the following candidates the Degrees for which they were severally recommended by the Senate:—

IN THE FACULTY OF ORIENTAL LEARNING.

MASTER OF ORIENTAL LEARNING.

(Last given at the end).

IN THE ARTS FACULTY.

Doctor of Laterature (Name given at the end).

MASTER OF ARTS.
(List given at the end).

BACHIEGE OF TRACKING.

(List given at the end).

IN THE LAW FACULTY.

BACHELOR OF LAWS.

(List given at the end)

IN THE MEDICAL PACULTY

Doctor of Medicine.
(Name given at the end).

FINAL M B.B.S.

(Last given at the end).

IN THE SCIENCE FACULTY.

Master of Soience.
(List given at the end).

BACHELOR OF SCIENCE (HONOTES SCHOOL)

(List given at the end)

IN THE PACULTY OF AGRICULTURE.

MASTER OF SCIRNOR IN AGRICULTURE,

(List given at the end).

BACHTELOR OF SCIENCE IN AGRICULTURE

(List given at the end)

IN THE FACULTY OF COMMERCE

BACHRLOR OF COMMERCE.

(Last given at the end).

IN THE FACULTY OF ENGINEERING.

BACHBLOR OF SCIENCE IN ENGINEERING.

(List given at the end)

The Degrees having been conferred, the roll on which the Degrees were recorded, having been presented by the Registrar, was signed by His Excellency the Chancellor.

The Controller of Examinations then, on behalf of the Registrar, presented to His Excellency the Chancellor the persons present from amongst the following candidates, who, since the date of the last Convocation of the University, had carned distinction by gaining medals and prizes stating briefly the claims of each person to distinction:-

- Khan Gold Medal.
- 2 28 cw. 2-Dr. Bishan Leila Dharmavn, King Edward Das Silver Medal.
- Medal.
- mond Jubilee Purse of Rs. 100.
- Sheikh Nanak Bakhsh Silver Medal.
- 3I g. 12—Alwar Gold Plakash Chandra Suri, Govern-Medal. ment College, Lahore. for
- 7. 31 g 12-D B Bhagwan Das Bullo Mall Gold Medal.
- Gold Medal.

- 1. Z v. 75-Dr. Rahim Nanak Chand Gupta, King Edward Medical Lahore, for standing first in the M.B.B.S. Examination.
  - Medical College, Lahore, for standing second in the M.B -B.S. Examination.
- 3. 20 d. 72-Arnold Gold Dov Raj Smi, Government College, Lahore, for standing first in History in the MA Examination.
- 4. 29 il 49—Rai Sahib Suraj Prakash Bazaz, Govoin-Munshi Gulab Singh-Denzil Ibbotson Dia-standing first in English in the M.A Examination.
- 28 g. 63-Khan Bahadur Khuishaid Anwai, Government College, Lahoro, for taking the highest place in Philosophy in the M A Examination.
  - ment College, Lahore, for obtaining most marks in English and Sanekut takon together in the B.A Examination.
  - Prakash Chandia Suri, Government College, Lahore, for standing firet in Sanekrit in the B.A. Examination
- 8. 31 g. 12-Amrit Lal Boy Prakash Chandra Suri, Government College, Labore, for obtaining the highest number of marks in English and Sanekilt taken together in the B.A. Examination.

  Engineering College, Moghalpura, for standing first in the Phual Engineering Examination.

- 29. 29 f. 12-Rai Kanhaya Anoop Chand Bajaj, Maclagan Lal-Pollard Prize.
  - Engineering College, Moghalpura, for standing first in the Final Engineering Examination.
- 30. 30 g. 28—deMontmorency-Gulab Singh Gold Medal.
- Sh. Mohd. Sharif, Hailey College of Commerce, Lahore, for standing first in the Bachelor of Commerce Examination.
- 31. 35 z. 257-Sahibzada Qazi Mohammad Obedulla. Silver Medal.
- Sajjad Hussain, Dellu Province, Private Student, for standing first in the Maulvi Fazil Examination.
- 32. R.B. Beli Ram-Ram Chand Victoria Memorial Prize.
- Prithvi Rai, Government High School, Jampur, for standing first in Sanskrit in the Matriculation Examination.
- Declamation Prize.
- 33. 31 d. 415-Ruchi Ram Sundar Lal Bhalla, D.A.-V. College, Lahore.

When all had been presented. His Excellency Sir Herbert William Emerson, K.C.S.I., C.I.E., C.B.E., I.C.S., Chancellor of the University of the Parjab, addressed as follows:-

It is my pleasure to-day to speak to you as your Chancellor-an office which I hold under the Act establishing and incorporating the University of the Panjab. The fact that I am your Chancellor, is an incident of my office as Governor. It denotes no academic distinctions on my part, no special services to the cause of education, and no pretension to speak with knowledge or authority on those vexed questions of policy and practice which so often confound the educationist. Lacking, as I do, what may seem to be the necessary qualifications for the high office of Chancellor, I ask myself why the Government and the Legislature of the day found it right in their wisdom that the Head of the province should also be ex-officio Head of the University. I find the answer in the close association that has always existed, and must exist for many years to come, between the State and the highest seat of learning. The connection is not merely that of financial assistance, or of the smooth working of a complex machine, or even of the training of many thousands of youths at the most impressionable time of their lives. These are all important matters to the State; but the community of interests goes deeper than this. In India, far more than in Western countries, and in the Punjab to a greater extent than in some other provinces, the University is a powerful agency for good or evil. It affects the welfare and prosperity of the people in a hundred different ways. It spreads its tentacles over every corner of the province. It is the main reservoir from which are fed the services, the learned professions, the fields of research and, to an increasing extent, the spheres of industry and business. And, perhaps most important of all, it largely determines the character of each succeeding generation. It is, indeed, a weakness of both our educational and economic systems, that we should be dependent in such measure on University life and activities. It is not so in the West. the majority of boys neither expect nor receive a University education. On leaving school, they find their niches in the world, and thousands reach positions of eminence in after-life, whose scholastic attainments have ended with, if they have reached, the Matriculation Examination or its equivalent. There are many roads along which the Western youth can travel, if not to fame and to fortune, at least to an honourable and successful career. Here, the outlook is so circumscribed that many hundreds of boys each year proceed to a University course, not because they have any particular thirst for knowledge, or even the cultural or intellectual equipment necessary to derive advantage therefrom, but because there is nothing else for them to do. They drift on in the vague hope that, if the examiners are kind, a pass degree may help them to get some minor and ill-paid post in Government service. In this way, much excellent material is wasted; for there is no doubt whatever, that the Panjabi lacks neither the will nor the ability to make good when the opportunity offers. One thinks of that splendid body of men, the Indian military officers, both serving and retired, few of whom had much schooling before they joined the Army, and who owe their honourable positions to personal qualities inherited through many generations of fighting men. Again, one remembers the many Punjabis who make fortunes for themselves in other lands, starting with little but courage and the determination to persevere. Then, there are the big landlords and country squires, small, perhaps, as other provinces may regard them, but exercising an influence in the countryside and in the legislature, which birth alone could not give, were it not accompanied by sturdy independence and common sense. It is, indeed, a salutary check on the natural pride of the newlyfledged graduate for him to remember that he will meet in many walks of life men who are not even Matriculation passed, but who, in their way, are as good as the best products of the University. The stuff is there all right; but a good deal of it is being subjected to unsuitable processes and is passed through a machine which produces, it is true, quite a fair article, but not the best of which the raw material is capable. This is the great tragedy of our educational system. It passes too many through the same mill, and lacks any effective method of separation and selection. This would not be so, if we paid the same attention to our resources of man-power as we do to our natural resources. Take, for instance, our great system of irrigation. Before a project is sanctioned, a most careful survey is made of its economic possibilities; the maximum area. which can be profitably commanded, is included in its scope; the agricultural conditions are carefully studied; a classification is made of good and bad soil; and water is not wasted on unculturable land. Use is made of other means of irrigation, if any exist, and, if large areas of barren waste are to be colonised, particular attention is paid to the future needs of the colony, both as regards men and the necessities of life. It is only when this initial survey has been made, and an estimate framed of the financial results, that any decision can be reached regarding the practicability of the scheme and, if practical, the system of distribution that should be followed. If the project is carried out, finality of distribution will not be reached for many years, if ever. The canal, its main branches and their distributaries may undergo little change from their original design; but there will be frequent re-modelling of the small minors, adjustments here and there of outlets-a process of gradual improvements, so that the water supply available may produce the maximum results. In the end, the system will be a network of water channels with a total length of many thousands of miles, varying from the main canal, as wide almost as the river itself, through the branches, distributaries and minors to the small water-courses that bring the water to the fields. More, perhaps, than on any other factor, the canal depends for success on the efficiency of its system of distribution. To send down one particular branch more water than can be economically used, would not only deprive other areas of the fertilising stream, but might easily waterlog the land to which it is given. Water is too precious a commodity to be wasted. We have yet to realise that our man-power is still more precious. It seems to me that in our educational system, there are too few branches taking off from the main canal, too few distributaries from each branch, too few minors from each distributary, and, in consequence, there are too few fields which receive the due amount of irrigation at the proper season. The bulk of the educational stream is allowed to run too far down the main canal; opportunities for its useful employment on the way are wasted; and, in the end, there is too much waterlogging, The problem is two-fold. We have not only to find means of diverting portions of the supply at earlier points in its course, but we have also to create the conditions, where they do not exist, in which the supply, when diverted, can be profitably used. This is undoubtedly the reform in Indian education, which is most urgently required. It concerns the educationist and the

administrator alike, and the two must work together to produce a practical scheme. Proposals to this end were made by the Panjab University Enquiry Committee. They may or may not be those best suited to the province. The University authorities consider they are not—an opinion which they are quite entitled to hold; but it is not unreasonable to ask that, when the existence of the disease is admitted by all and the urgent need for a cure is generally accepted, the family physicians should suggest

some alternative method of treatment.

There is a large body of opinion that more of the stream of youth should be diverted into the channels of technical and vocational education, and I am myself strongly in sympathy with that view. It is a subject which is closely connected with industrial and commercial development, and, again, the administrator is concerned as much as the professor. It has received from neither the attention it deserves. The chief reason, I believe, is that there are comparatively few experts in this country, and very few in this province, who can speak with authority on its various aspects. It was perhaps the most important item on the agenda of a Conference which was recently convened by the Punjab Government on the general question of industrial development, and at which I had the privilege of presiding. Several points of importance emerged from the discussion. The first was that we had not the information necessary to reach sound conclusions, as regards either the proper lines on which to develop technical education, or the industries which might absorb the students when trained. Nor was any one able to suggest how that information could be obtained without a special enquiry. The Conference, therefore, came to what I have no doubt was a very wise decision. It recommended to the Local Government the appointment of a strong Committee of experts to examine the whole question and to make recommendations accordingly, and it contemplated that at least one member of the Committee would have practical knowledge and experience of conditions in the West. The second point that emerged from the discussion was the fact that. although technical and scientific research has proceeded in the Puniab on more or less haphazard lines, there is a good deal being done at present which is of more than academic interest. Research is being carried on in several directions which closely touch practical problems of great economic importance, and which, moreover, is training a number of students, who, on completion of their courses, have no difficulty in obtaining remunerative posts. In this connection, I may refer particularly to the first class work being done by that very distinguished scientist, Dr. Bhatnagar, in the University laboratories on the technology of oils. I am told by men who know the practical side of the industry, that the results already attained promise to be of very great commercial value, while the possibilities are

immense. We know that a well-known firm has shown its faith in Dr. Bhatnagar and his assistants by a handsome financial contribution towards the cost of the work that is being done. Agam, the Botanical Department has been doing research work of value for the Imperial Council of Research. We are also ant to overlook the magnificent results that have been achieved at the Agricultural College in Lyallpur during the past 20 years. Too little is known of these, partly because the time that intervenes between the stages of experiment and of successful demonstration on a field scale, is necessarily long, and, in the meantime, the results are studied only by a few agricultural experts. But I have no hesitation in saying that research workers at Lvallpur have already added at least 10 crores a year to the wealth of the province, and that, even if no further research work were done, this amount could be increased by at least 50 per cent. by the adoption on a wider scale of the discoveries already made. Here again, the administrator must come to the aid of the scientist, and I can claim that, in one direction at any rate, he is doing so. The Agricultural Department can recommend with complete confidence certain improved seeds. Some of their have been used by farmers for many years: but their use is far from universal. Recently, we have organised a campaign, through the district officers of various departments. to secure their wider adoption. Within a year, the result has been that the demand for improved seed has far exceeded the supply. A few days ago. I was talking to a cotton expert from Lancashire, who had just visited the Agricultural College at Lyallpur. He told me that some of the new types of cotton being evolved there were specially spited to the needs of Lancashire, and he was very encouraging about the future demand for Punjab cotton. Much of this research work is being done by Punjabis. This brings me to the last point that emerged from our Industrial Conference. While recognising the excellent work that was being done at various institutions, the Conference doubted, first, whether there was sufficient coordination, and, second, whether more use could not be made of the facilities which already exist. I may give an illustration, which it may be worth while for the Vice-Chancellor to explore. The finances of the University are a matter of anxiety, both to the University authorities and to Government. There is little prospect of the latter being able to give substantial assistance in the near future, if that assistance is required in the form of a general subsidy. But, if a particular research school of the University were able to take up some enquiry of a practical nature in which Government were interested on the side of industrial development, it might be possible for the latter to make a grant for this specific purpose and thus extend, not only the facilities for theoretical research, but also the means of providing employment for more men.

What I have said about technical and vocational education and about research, illustrates the necessity of continuous contact between the State and the University. There are many other sides of University activity, which, if examined, would illustrate the same necessity. I have not time to deal with them to-day; but I would like to say a few words about the broad aspect. We have to face the fact that, in present conditions, the University is moulding the lives and characters of thousands of youths, some of whom, in the years to come, will play a large part in the political, administrative, economic and social life of the province, and all of whom, in the mass, will help to determine the outlook of the ordinary citizen towards the problems of the time. It is, therefore, a matter of the utmost import to the State that not only should the University produce exceptional men of the highest attainments, and this, I have no doubt, it will continue to do, but that its ordinary product should be a good citizen. I have myself great faith in the youth of the Punjab, and taking the student community as a whole, I believe that the University and its colleges have reason to be proud of it. It is true that, as Governor, I have sometimes occasion to wish that the exuberance of youth took other forms of mamfestation; but I try to check any uncharitable opinion by recollections of my own student days. Certainly, unless my memory is at fault, there has been great improvement in the student, since I first knew him 30 years ago. My opportunities of seeing him now are necessarily limited, and I know little of their intellectual attainments. Some of them I see at their games, and once a year I visit the University Training Corps in its camp; when I am on tour, I see them in their colleges, and I come across a number of old boys who have recently joined the services. I know that I could find at least a hundred graduates, qualified by character, physique and educational attainments, for every vacancy in the Provincial Civil Service. I wish there were sufficient places to offer them. There are one or two facts which particularly impress me. The student of to-day has more confidence in himself and a greater sense of self-respect. He has also the spirit of comradeship, and the modern development of games is bringing into wider exercise his innate qualities of sportsmanship. These seem to me to be some of the characteristics which are required to redeem the Punjab from the sectarian and communal influences which cloud its present, and threaten its future. I am often told, when a communal disturbance occurs, that the ignorant masses and, especially, the hooligans are entirely responsible. It may be and often is the case, that the goonda element start the rioting and take an active part in it. But I have always refused to accept the comfortable theory that the educated classes are immune from responsibility. On the contrary, communal disorder is merely the culmination of a condition of sectarian strife and

bickering, in which men of education, who should know better. are mainly concerned. In any case, education must be written down as a failure in this province, if the men it produces have not not the character or courage to influence the masses against movements and tendencies which every educated person knows to be directly opposed to the welfare of the province and its neanle. Self-respect and self-confidence are powerful correctives against communal suspicions and animosities. If the people of different creeds wish to live in harmony with each other, they must have faith in themselves and in each other, and it is because they temporarily lose this, that bitterness and doubts arise. A stranger who did not know the Punjab, and who depended for his knowledge on the writings in the Press and the general trend of speeches at the present time, would believe that each community was living in a water-tight compartment, and that its chief object was to do harm to the others. He would envisage a state of perpetual hostility, devoid of any mutual respect or any mutual service, a condition of warfare in which one community was desirous of scoring, or at least of claiming, a victory over the others. A little enquiry would. however, reveal a different state of affairs. He would learn that there are very few revenue estates in the Puniab that are owned, far less populated, by members of a single community, and that Muslims, Hindus and Sikhs have lived together for generations and are now living together in peace and friendship in thousands of villages. Indeed, if it were otherwise, it would be impossible for them to live at all. He would find that the Executive and Judicial administration is being conducted by officers of all communities, and that it is part of the normal routine of these officers to do justice regardless of community or class: that the schoolmasters teach the same courses to, and show the same care towards, people of all communities; that the doctors do not discriminate between their natients according to their religion; that the Hindu lawyer does not only defend Hindus: that the Muslim landlord has other tenants besides Muslims: and that the money-lender looks for clients outside his own community. In short, he would find that even at times of the most bitter feeling, community of interest pervades every sphere of life, and that an account of mutual services would infinitely exceed an account of mutual animosities. It is because people ignore these facts that there is wanting a sense of proportion in approaching the communal problem. Greater faith and charity are needed, and the University man can help to supply these by maintaining his own self-respect and by practising and preaching the confidence in others which he learnt during his student days. Again, he can practise in after-life the lessons of comradeship which he has learnt at the University. There he mixes in the lecture rooms, in the field of sport, in the University Training Corps and in the

various social clubs with men of all communities and classes. His friends are not confined to those of his own religion, and if he attempted to carry out anything in the nature of a communal boycott, he would make life intolerable for himself and for others. Lastly the problem of communalism would cease to exist, if the ordinary relation of life were governed by the same principles of sportsmanship as influence the great majority of students. Fair play is the first essential of sport, and only too often communalism is the very negation of fair play. It is unsporting to abuse another man's religion, deliberately to offend his feelings, to magnify small issues into great ones, to refuse to make up quarrels when a little goodwill can restore peace, and, generally, to refuse to pull one's weight for the good of the country. Things are being done every day in the name of communalism which those who do them would be the first to condemn as foul play, if they related to the every-day affairs of life. It is a special responsibility of the men who go forth from this University, to order their dealings with their fellowmen, in public as well as in private life, in the spirit of fair play and straight dealing. Believe me, the solution of communal dissension lies in the hands of the educated classes and not of the masses. As education extends, the responsibility of this University will grow for the formation and the moulding of conceptions of civic duty, and the manner in which it discharges this responsibility, will largely determine the political and social future of the province.

After the conclusion of the address, His Excellency the Chancellor declared the Convocation closed.

His Excellency the Chancellor was then conducted by the Hon'ble Mr. Justice Tek Chand, the Registrar and the Fellows to the West-End Entrance, and took his departure.

# IX.

## ENDOWMENTS.

1. RAI BAHADUR BELI RAM—RAM CHAND VICTORIA MEMORIAL PRIZE.

This Prize is given every year to the best pass in Sanskrit at the Matriculation Examination, vide paragraph 8 of the Syndicate Proceedings, dated the 19th July. 1901.

SIR McLEOD MEDAL AND PURSE FOR ARABIC.

The Medal and Purse are given to the candidate, who, being a resident of the Punjab or the Delhi Province or the North-West Frontier Province, stands first in Arabic in the Master of Arts Examination of the University of the Panjab.

SIR MoLEOD MEDAL AND PURSE FOR SANSKRIT.

The Medal and Purse are given to the candidate, who, being a resident of the Punjah or the Delhi Province or the North-West Frontier Province, stands first in Sanskrit in the Master of Arts Examination of the University of the Panjab.

#### 4. FULLER EXHIBITION.

The conditions for the award of this Scholarship are given on page 29 of the Trust Report, according to which the scholarship should be given to the student of any of the Punjab Colleges who shall obtain the highest place in the B.A. Examination of the Calcutta University, or the corresponding examination of the Panjab University College, and shall continue his studies for the next higher examination.

This Scholarship is annually given to the best pass in the B.A. Examination of the Panjab University.

The Syndicate, at a meeting held on the 12th April, 1905, decided that this Exhibition should not be held together with any other scholarship.

Persons bracketted together for the award of a medal should each be awarded a medal (Syndicate Proceedings, dated 4th November, 1927, paragraph 12).

#### 5. AMRITSAR McLEOD MEMORIAL SCHOLARSHIP.

This Scholarship, according to the conditions of its award, should be given to the student of the Amritsar District or from the Amritsar District School who stands highest in the Matriculation Examination of the Arts Faculty and has not obtained

a scholarship of greater value, vide page 29 of the Trust Report.
The value of the Scholarship is Rs. 16 per mensem, and is
tenable in the Labore Government College.

This Scholarship is awarded every second year.

his Denotation is awarded croif second Jear.

#### 6. RAI KANHYA LAL-POLLARD PRIZE.

This Prize is given to the candidate who stands first in order of merit in the Final B.Sc. (Eng.) Examination (vide paragraph 10 of the Syndicate Proceedings, dated the 27th November, 1931).

#### 7. ALWAR GOLD MEDAL.

This Medal is awarded to the candidate who has obtained most marks in Sanskrit and English taken together in the B.A. Examination. But according to the conditions for the award of the Medal it should be given to the best student in both English and Sanskrit during the year, vide page 42 of the Trust Report.

#### 8. ARNOLD SILVER MEDAL.

This Mcdal is awarded to the best pass in the B.A. Examination.

The Medal is annually sent to this office by the Director, Public Instruction, Punjab.

#### 9. ARNOLD GOLD MEDAL.

This Medal is awarded annually by rotation to the best pass in the M.A. in Languages, History, Political Economy, and Mental and Moral Philosophy. If the best pass in the subject, in which the medal is to be awarded for the year, is in Third Class, then the award is to be made to the eligible candidate in the next subject (vide para. 5 of the Syndicate Proceedings, dated the 9th June, 1923).

## 10. MALIK DAS RAM-TOPAN MAL MEDAL.

This Medal is awarded to the candidate who stands highest in the Matriculation Examination from among the students of the Dera Ismail Khan Schools, vide Syndicate Resolution No. 9, dated the 23rd June, 1899.

#### 11. RAI BAHADUR LALA SAGAR CHAND MEDAL.

This Medal is awarded to the candidate who obtains the highest total number of marks in both the courses of Mathematics—(Pure and Applied)—in the B.A. Examination, vide para. 20 of the Syndicate Proceedings, dated the 31st January. 1902.

# 12. AITCHISON—RAM RATTAN SANSKRIT

One scholarship is awarded to the best pass in the B.A. Examination in Sanskrit, and the other to the best pass in Sanskrit in the Intermediate Examination, vide para. 4 of the Senate, dated the 23rd July, 1888.

#### 13. ALERED-NABHA JHIND SCHOLARSHIP.

This Scholarship is awarded to the best pass in the Matriculation Examination, vide pages 24 and 25 of the Trust Report.

#### 14. JHIND PANJABI SCHOLARSHIPS.

These Scholarships are awarded by the Principal, Oriental College, to the students of the Panjabi Class, vide pages 31-32 of the Trust Report.

#### 15. COOPER MEDAL.

This Medal is awarded to the best pass in the Matriculation Examination from among the students of the Delhi M.B. School, vide para. 4 of the Syndicate Proceedings, dated the 11th June, 1890.

#### 16. PATIALA GURMUKHI SCHOLARSHIPS.

These Scholarships are awarded by the Principal, Oriental College, to the students of the Gurmukhi Class, vide page 32 of the Trust Report.

#### 17. WAKEFIELD MEMORIAL SCHOLARSHIP.

This Scholarship is awarded by the Headmaster, M.B. School, Ludhiana, to the best pass in Middle School Examination from his school, vide para. 4 of the Syndicate Proceedings, dated the 4th February, 1888.

#### 18. BAHAWALPUR ARABIC SCHOLARSHIP.

This Scholarship is awarded to the best pass in the Maulvi Fazil Examination, vide page 26 of the Trust Report. When, un-

availed of, this is transferred to supplement the McLeod-Punjab Arabic Studentship, vide para. 5 of the Senate Proceedings, dated the 16th June, 1922.

#### 19. PATIALA-SIME GOLD MEDAL.

This Medal is awarded to the candidate who, while passing the Examination for Bachelor of Arts of the Paujab University in all the subjects, obtains the highest number of marks in English, vide page 7 of the Syndicate Proceedings, dated 27th May, 1890, and paragraph 18 of the Syndicate Proceedings dated the 16th December, 1982.

#### 20. F. S. JAMAL-UD-DIN MEDAL.

This Medal is awarded to the best pass in the M.A. Examination in Arabic, and in case there be no candidate in the M.A. Examination, the Medal is given to the best pass in the B.A. Examination, vide para. 10 of the Syndicate Proceedings, dated the 5th June, 1891.

#### 21. MACLAGAN PRIZE.

The condition for the award of this Medal is that it should be given to the best pass in the highest Engineering Examination of the year, vide page 40 of the Trust Report. As no examination for the Final Examination in Engineering was held by this University, the matter was referred to the Syndicate, which decided that it should be given to the best pass in Science in the M.A. Examination, and in case there be no candidate in the M.A. Examination, the Medal should be given to the best pass in Science in the M.A. Examination, the Medal should be given to the hest pass in Science in the B.A., B.O.L., or B.Sc. Examination, vide pars. 5 of the Syndicate Proceedings, dated 6th July, 1886, and pars. 12 of the Syndicate Proceedings, dated the 29th July, 1900. This was done till the year 1931. Owing to the affiliation of the Madagan Engineering College, Moghalpura, the Syndicate in 1932 decided that the Prize be awarded to the candidate standing highest in the Final Engineering Examination (Mechanical and Electrical), vide paragraph 31 of the Syndicate Proceedings, dated the 14th October, 1982.

# 22. KHALIFA MUHAMMAD HASSAN JUBILEE MEDAL.

This Medal is awarded to the best pass in the M.O.L. Examination, and in case there be no cardidate in the M.O.L.

Examination, the Medal is awarded to the best pass in the B.O.L. Examination whose classical language is Arabic and who has practical knowledge of English, vide page 46 of the Trust Report and para. 9 of the Syndicate Proceedings, dated 29th April, 1887.

# 23. KHALIFA MUHAMMAD HASSAN—AITCHISON MEDAL

This Medal is awarded to the best pass in Arabic for the M.A. Examination, and in case there be no candidate for the M.A. Examination, the Medal is given to the best pass in the B.A. Examination, vide page 44 of the Trust Report.

# RULES FOR THE AWARD OF STATE SCHOLARSHIP.

 Candidates must be statutory natives of India who are domiciled in the Punjab and are students of a college in the

Punjab which is affiliated to the Panjab University.

2. The selection of the scholar shall take place not later than the 90th of the month of January, in the year in which a scholarship is placed at the disposal of the University, and the selection shall be made by the Vice-Chancellor after considering the report of the Committee, under rule 5.

3. Candidates should be between the age of 21 and 25 and

should possess a \*degree of the Panjab University.

4. Every candidate for the scholarship must send his application to the Registrar not later than the Slst of December of the year preceding the one in which the selection is to be made. Such application shall be accompanied by the following papers:—

- (a) A declaration by the candidate that he has the consent of his family to go to England if he obtains the scholarship.
- (b) A certificate of good conduct from persons of known respectability and position who are well acquainted with the candidate.
- (c) A certificate to his physical capacity to undergo the course of life and study which he will have to follow in England, signed or countersigned by the Civil Surgeon or one of the Professors of the Medical College, Lahore.
- (d) A declaration of his intention to pursue his studies at a recognised University in the United Kingdom.
- †5. The names of all the candidates who have complied with the preceding rules shall be placed before a committee appointed

<sup>\*</sup> The term "degree" implies degrees in Arts, Science, Agriculture, and Commerce, i.e., M.A., B.A. (Hons.), B.A., M.Sc., B.Sc. (Hons.), B.Sc., M.Sc. (Ag.), B.Sc. (Ag.), and B.Com. [D.O. No. 566 A.S., dated the 21st August, 1924, and letter No. 968A., dated the 19th January, 1930, from the Under-Secretary to Government, Punjab (Ministry of Education)].

<sup>†</sup> The name of the selected candidate is to be forwarded to the Under-Secretary to Government, Punjab (Ministry of Educa-

by the Syndicate consisting of four members and the Registrar, who after examining the papers relating to each candidate, and after making such enquiries as they think proper, from the Principals and Professors of the Colleges in which the students were educated, or such other persons as they (the committee consider well able to give opinions on the character and qualifications of the candidates, shall report on the candidates and recommend the one they think the fittest to the Vice-Chancellor.

tion), by 1st of February of the year of award of scholarship, together with a schedule in the form sent by the Under-Secretary with his letter No. 1914-A., dated the 11th February, 1924.

# XI.

# \*RULES FOR PUNJAB GOVERNMENT SCHOLARS IN ENGLAND.

#### General Rules.

1. Candidates must produce, at the time of application, medical evidence of physical fitness to undergo a course of study abroad.

2. Full details including the name and occupation of the candidate's father and place of birth, a summary of his academic attainments, and a statement of the course of study proposed to be followed in the United Kingdom should be submitted at the time of application, and should be transmitted to the office of the High Commissioner for India some time before the scholar's arrival in England.

3. Selected scholars should communicate with the Secretary to the University Appointments Board in order that they may obtain advice regarding certificates, etc., and they should, when proceeding to England, take with them the originals of their certificates, testimonials and other important personal documents

suggested to them by the Secretary to that Board.

4. State scholars are required to proceed to England within a reasonable time from the date of their selection so as to arrive there not later than the middle of September, and to reside there for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarships will be payable from the date on which the scholars report their arrival in England.

5. Selected scholars will be provided with a second class passage to London and also with a second class return passage if they carry out the instructions of the High Commissioner and complete the full period of residence, or are compelled by sickness to return within that period. Second class railway fares from the home of the candidate to the port of embarkation, and on the completion of the scholarship period, from the port of arrival to the home of the candidate are also provided; but claims for

<sup>\*</sup> The Puniab Government has sanctioned from Provincial revenues, since 1923, for study abroad, one scholarship of £300 (when held in a College at Oxford or Cambridge, otherwise £250) to be awarded by the Panjab University.

other travelling expenses are not permissible. Claims on account of the latter should be submitted to the Director of Public Instruction, Punjab. All other expenses shall be borne by the scholar.

The scholarships carry with them no conditions as to any subsequent carcer or service under Government and no expecta-

tions of such employment are held out.

7. Language sebolarships will ordinarily be tenable in the first instance for 2 years, and other scholarships for 3 years. The High Commissioner may terminate a scholarship sconer, if the scholar fails in health or has satisfactorily completed his (her) course or does not comply with the rules here set forth, not being prevented by any other cause which the High Commissioner may consider sufficient. Scholarships may be extended by the High Commissioner after consultation with the Punjab Government, for further periods of one year each to a total tenure not exceeding 5 years. Language scholarships will not be extended beyond 2 years except in very exceptional circumstances.

 Scholarships are ordinarily tenable in the United Kingdom, but with the special sanction of the High Commissioner

may be held in some other country.

#### RULES FOR STATE SCHOLARS IN THE UNITED KINGDOM.

1. Educational Advisers .- All Government scholars are required to avail themselves of the information and advice which the Joint Secretaries to the High Commissioner for Indian Students' Work and the Local Advisers at University centres are in a position to give them, and to apply to their Local Adviser for instructions as regards their studies and in any circumstances of difficulty. The Local Advisers at Manchester, Edinburgh and Glasgow have charge of State scholars studying at those places, and the Secretary to the Delegacy for Oriental Students at Oxford and the Secretary to the Inter-Collegiate Indian Students' Committee at Cambridge (who, for this purpose, act as Local Advisers) have charge of scholars studying there. Scholars studying elsewhere than at Manchester, Glasgow, Edinburgh, Oxford, or Cambridge will be under the charge of a Joint-Secretary to the High Commissioner. The Adviser is the proper person to bring before the Joint Secretary to the High Commissioner any matter requiring the sanction of the High Commissioner or the Government of the Punjab.

 Arrival in England.—Scholars should, on reaching England, at once report themselves to one of the Joint Secretaries at the office of the High Commissioner in London, 42, Grosvenor Gardens, S.W. 1. Accommodation for new arrivals (nen only) is provided at 21, Cromwell Road, South Kensington, S.W. 7.

3. Obedience to instructions.—Scholars must obey all instructions which they may receive, either through the Joint Sccretary to the High Commissioner or through their Local Adviser, and must consult their Local Adviser regularly in regard to their work. Any course of study which requires and has received the sanction of the High Commissioner may not be changed without similar sanction.

4. Progress Reports.—Scholars must from time to time, whenever the Joint Secretary or Local Adviser requires it, submit a certificate from the proper college or University authority, showing that their conduct and progress in study have been

satisfactory.

- 5. Payment of Stipends.—Subject to a due compliance with the above conditions, the allowances of scholars will be paid quarterly in advance by the office of the High Commissioner to the Joint Secretary or Local Adviser under whose charge they are. An allowance will begin from the date of the scholar's reporting arrival in England, and the Local Adviser will disburse it to the scholar in such instalments as convenience may dictate. Three months after the date of reporting arrival, the amount to the ensuing official quarter day\* will be paid to the Joint Secretary or Local Adviser, and subsequent payments will be made in advance on or after each official quarter day. The rates of scholarship allowance will be—
  - (a) to male scholars: £800 a year when held in a college at Oxford or Cambridge; otherwise £250. Language scholars at Oxford or Cambridge will be expected to become non-collegiate students, and permission to join a college will not be granted unless admission to the University is not otherwise possible, or unless the student is of undergraduate age and has rooms offered him in college;

(b) to women scholars £300 a year.

- 6. Every male scholar is required to lodge with the Joint Secretary at the office of the High Commissioner in London the sum of £40 for initial expenses. He will have no claim to payment of any instalment of his scholarship until this deposit has been made.
- 7. Charges for University and college fees, for private tuition, for books, hotel bills, medical attendance, and travelling (except the two journeys between England and India) must ordinarily be borne by the scholar.
- 8. For Language scholars the necessary travelling expenses of scholars abroad by second class (or by third class if no second be available) will be defrayed by the High Commissioner. These expenses should be claimed on forms obtainable from the Joint

<sup>\*</sup> Note.—The official quarter days are the 1st of January, 1st of April, 1st of July, and the 1st of October.

Secretary or the Local Adviser. Travelling expenses in the United Kingdom will be borne by the scholars themselves. Charges for University and college fecs, for private tuition, for books, hotel hills and medical attendance must be paid by the scholar himself.

No claim can be admitted for the payment of any expenditure unless the scholar has obtained previous sanction from the Secretary of State.

9. Due notice should be given to the High Commissioner of any intention on the part of a woman scholar to marry, and the High Commissioner (in consultation with the Government of the Punjab) can terminate or suspend such a scholarship, if thought fit in the special circumstances of the case.

10. On the expiration of the scholarship a scholar is provided by the office of the High Commissioner with a free second class passage to India, and this should be applied for without delay through the Joint Secretary or Local Adviser. Scholars are not entitled to make their own passage arrangements, and to claim an allowance in lieu from the office of the High Commissioner, If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose the claim to a free passage back to India.

# RULES FOR PANJAB UNIVERSITY LIBRARY.

 The following classes of persons shall be permitted to draw books from the Library for use at home, as soon as they have presented to the Librarian in charge an application form properly filled up and signed.

(The application form contains a declaration of intention to obey the rules of the Library and to pay any fines or charges

which may be incurred through their infringement).

(a) Fellows, Honorary Fellows of the University.
(b) Members of the Staff of an Affiliated College.

(c) Members of Faculties.

(d) Graduate Head Masters of recognised High Schools.

(e) Graduates of the University actually on the rolls of the affiliated Colleges. Provided that the student borrowers deposit a security of Rs. 20 refundable on return of all books and payment of dues, if any, for use of books after the date of issue of Roll Numbers for University examinations by the Colleges, and during the summer vacation.

(f) Such other persons as having explicitly stated in writing their special reasons for requiring to use the Library have obtained the written permission of the Librarian.

 Under-graduates will be permitted to use the Library for purposes of reading and reference during good behaviour, but must be prepared to furnish the Librarian with evidence of their identity and enrolment.

3. A borrower of class a, b, c or d will be expected to have in his possession at one time not more than six library books. He will be expected to retain books not longer than one month with privilege of renewal if the books are not needed at the Library. Four days before the books are due a post eard reminder will be sent. The fine of one anna per day per volume will be calculated from the date the book is due if it be not previously returned. Those who abuse their privileges will be reported to the University authorities.

4. Borrowers of classes (e) and (f) may have in their possession not more than six books and these should be returned not later

than two weeks from the date of issue. Those in mofusail stations will retain them not longer than one month. If retained longer a fine of one anna per day per volume is incurred. Books not in great demand may be renewed on request, however, at the discretion of the Librarian. Two days after a book becomes due a post card notice will be sent to the delinquent borrower. But the non-receipt of a notice will not excuse the borrower. The fine will in all cases be calculated from the date on which the hook should have been returned.

- 5. Books for the summer vacation will be issued by special permission, and these must be returned as soon as the vacation is over.
- 6. Books shall be divided into three classes: A, B, and C. Classa A will include (1) all specially valuable works, (2) all works permanently or temporarily reserved for reference use only. Books in class A shall not be removed from the Library accept by special permission of the Librarian. Class B will include all current numbers of periodicals. These may be borrowed but must be returned within three days. Class C—all other books—may be borrowed and retained only according to the provisions of Rules 3 and 4.
- 7. Books prescribed by the Panjab University for various examinations will not be issued without the special permission of the Librarian.
- The Library will be closed during July and August, and on Sundays, and on certain holidays by special notice.
- Borrowers who wish to have books sent out of Lahore must deposit Rs. 5 to cover cost of postage.

## XIII.

# \*RULES FOR THE ELECTION TO THE ACADEMIC COUNCIL, BY THE DEGREE TEACHERS.

- The Principals of the Colleges mentioned in clauses (b) and (c) of Regulation 1 (VI—Academic Council) shall forward to the Registrar the names of the Degree Teachers in their Colleges by October 15th in the year of election of Degree Teachers.
- 2. No person unless his name is borne on the list of Degree Teachers shall be qualified to vote or to be elected at any election held under rule 1.
- 3. When the Degree Teachers are to be elected, the Registrar shall circulate a notice, to every Degree Teacher on the list, stating the number of vacancies, and that candidates should be nominated for election within a time to be named in the notice.
- 4. The nomination of every candidate shall be by a Degree Teacher, supported by another Degree Teacher, and forwarded to the Registrar. Each Degree Teacher shall be entitled to nominate as many persons for election as there are vacancies.
- The candidate proposed shall sign his Nomination Form in token of his consent to stand for election.
- 5. After the nominations under the rules have been received the Registrar shall send to every Degree Teacher a list of the candidates duly nominated, a voting paper, and a statement of the date for the election, and of the hours between which the votes may be recorded.
- The election shall be conducted on the Single Transferable Vote System.
- The Syndicate shall appoint one or more members of the Senate to co-operate with the Registrar in the supervision of the election.

<sup>\*</sup> Mutatis Mutandis these Rules shall apply to the election of three Principals to the Academic Council under Regulation 1 (h) and (i) of Regulations relating to the Academic Council.

\*8. Electors resident in Lahore may fill in and sign their voting papers at the Senate Hall on the day and within the hours notified in accordance with rule 5 and in the presence of the Registrar or the member of the Senate appointed by the Syndicate in accordance with rule 7 and shall thereafter deposit them in the ballot-box provided for the purpose. No such voting paper shall be deposited in the ballot-box after the expiry of the time notified in accordance with rule 5.

 Electors not resident in Lahore and such electors resident in Lahore as do not vote in the manner prescribed in rule 8 above, shall fill in and sign their voting papers in the presence of the Principal of their College, who shall authenticate the

voting papers with his signature and designation.

10. The elector, if not filling in and signing the voting papers at the Senate Hall on the day and within the hours fixed for voting, shall forward the voting papers in a registered cover addressed to the Registrar so as to reach him not later than the day and hour notified for the closing of the ballot. The Registrar shall, as soon as possible after the receipt of such voting papers, deposit them in the ballot-box. Any such voting paper received later than the closing of the ballot and any paper received unsigned or otherwise than by registered post shall be regarded as invalid for the purposes of the election.

11. On the day and on the expiry of the time notified in accordance with rule 5 the Registrar and the member of the Senate appointed in accordance with rule 7 shall open the ballotbox, scrntinise the voting papers, rejecting those which are not in accordance with these rules and shall count the votes recorded.

12. After the scrutiny is completed, the names of the persons elected shall be forthwith announced.

13. In the event of an equality of votes between any two or more persons, the ex-officio Chairman of the Academic Council who would: not otherwise exercise his right of voting, shall record his vote.

----0-----

<sup>\*</sup> See rule 9.

the countersignature of the proper authority, whenever necessary, be not on the voting paper itself but on a covering note accompanying the voting paper (Syndicate Proceedings of 21st November, 1924, paragraph 9).

The Chairman may exercise his right of voting when election is conducted on Single Transferable Vote System.

# XIII-A.

# RULES FOR THE ELECTION TO THE MOFUSSIL BOARD.

- The Registrar shall take steps to prepare, by the 15th October in the year of election, a list of names qualified to vote or to be elected at the election.
- 2. When the representatives of the Intermediate Colleges are to be elected, the Regustrar shall circulate a notice, to all the Principals of the Intermediate Colleges concerned stating the number of vacancies, and that candidates should be nominated for election within a time to be named in the notice.
- 3. The nonination of every candidate shall be by a Principal of the Internoliste College of the constituency concerned, supported by another Principal of the Intermediate College of the same constituency, and forwarded to the Registrar. Each Principal concerned shall be entitled to nominate as many persons for election as there are vacancies. The candidate proposed shall sign his Nomination Form in token of his consent to stand for election.
- 4. After the nominations under the rules have been received the Registrar shall send to every Principal concerned a list of the candidates duly nominated, a voting paper, and a statement of the date for the election, and of the hours between which the votes may be recorded.
- The election shall be conducted on the Single Transferable Vote System.
- The Syndicate shall appoint one or more members of the Senate to co-operate with the Registrar in the supervision of the election.
- Electors shall fill in and sign their voting papers and shall authenticate the voting papers with their official seal.
- 8. The electors shall forward the voting papers in a registered cover addressed to the Registrar so as to reach him not later than the day and hour notified for the closing of the ballot. The Registrar shall, as soon as possible after the receipt of such voting papers, deposit them in the ballot-box. Any such voting paper received later than the closing of the ballot and any paper received uniqued or otherwise than by

registered post shall be regarded as invalid for the purposes of the election.

9. On the day and on the expury of the time notified in accordance with rule 4 the Registrar and the member or members of the Senate appointed in accordance with rule 6 shall open the ballot-box, scrutinise the voting papers, rejecting those which are not in accordance with these rules and shall count the votes recorded.

After the scrutiny is completed, the names of the persons elected shall be forthwith announced.

11. In the event of an equality of votes between any two or more persons, the ex-officio Chairman of the Mofussil Board shall record his vote.

## XIV-A.

# RULES TO REGULATE THE PAYMENT OF TRAVELLING AND HALTING ALLOWANCES TO FELLOWS AND ADDED MEMBERS ATTENDING UNIVERSITY MEETINGS.

1. Any Fellow whose ordinary place of residence is not in Lahore, or in the case of a Government Officer who is on duty out of Lahore, shall be entitled to Rs. 8 per day or part of the day and first class return journey ticket for travelling from and to the ordinary place of residence, or in the case of a Government Officer from and to the place where he is on duty, if he travels to Lahore in order to attend a meeting of the Senate, the Syndicate, a Faculty, Boards of Studies, or any Sub-Committee of these. If the return journey ticket is not issued then he would be entitled to single first class fare each way.

Provided that if a Fellow reside, or be on duty, outside the Punjab or North-West Frontier Province, he shall be entitled to be paid only his expenses from and to the point at which he enters and leaves the Punjab or North-West Frontier Province or Native States represented on the Senate of the Panjab

University.

An Added Member shall be entitled to the halting allowance according to his salary and second class return journey ticket or, if the return journey ticket is not issued then, second class single fare each way. (See scale given at 6 below.)

Added Members shall be paid return journey ticket on salary or in the case of a Government servant, according to the class to which he is entitled under Government Rules with a minimum

of second class return journey ticket.

Members of the Academic Council and Motussil Board shall be paid travelling and halting allowance at the same rate as Fellows of the University of the Panjab (Syndicate, para. 9, dated the Oth Newsynthes 1984).

dated the 9th November, 1984).

Members of the University Committees and Boards, who are neither Fellows nor Added Members, shall be paid 1½ Rsilway fare each way and halting allowance according to salary—the Co-opted Members of the Boards of Studies to be treated as Added Members. A Fellow or Member of a Faculty claiming expenses under these rules chall submit a bill on a prescribed form.

- 2. In all ordinary cases the Registrar shall be empowered to pass and pay claims made under the preceding rule; but if in any case the usual rates soem to have been exceeded, or if any question arises as to whether a claim or any part of it has been rightly charged, the matter shall be referred to the Syndicate for decision.
- 3. In the event of it appearing likely at any time that the amount provided in the budget for this purpose will be exceeded before the end of the financial year, the Syndicate shall have power to suspend the payment of travelling expenses incurred in attending meetings of the Faculties, Boards of Studies, or Sub-Committee either wholly or in part but the Syndicate shall not suspend payment of expenses incurred in attending meetings of the Senate or Syndicate.
- 4. All bills should be presented within 6 months, otherwise
- 5. All bills should be sent duly receipted affixing stamps wherever necessary. The unreceipted bills or insufficiently receipted bills will not be accepted.
- The following shall be the sauctioned scale of halting allowance per day:—

		Rs. A.	P.
On pay Rs. 1,200 or more	•••	8 0	0
On pay from Rs. 1,000 to Rs. 1,199		6 0	0
On pay from Rs. 750 to Rs. 999		5 0	0
On pay from Rs. 350 to Rs. 749			0
On pay from Rs. 300 to Rs. 349		3 0	0
On pay from Rs. 200 to Rs. 299		2 8	0
On pay from Rs. 150 to Rs. 199			0
On pay from Rs. 100 to Rs. 149		1 8	0
On pay from Rs. 50 to Rs. 99		1 0	0
On pay below Rs. 50		0 10	0
Servants in inferior service		0 4	0

The halting allowance to honorary and life members in Colleges affiliated to the University shall be paid at a flat rate of Rs. 5 per day.

The following rates of mileage are sanctioned:-

									Rs.	Α.	P.	
On pay	from	Rs.	750	to	Rs.	999	and	more	0	6	0	per mile.
On pay									0	4	0	- ,,

. pay			•••						0	1	3	••

## XIV-B.

RULES TO REGULATE THE PAYMENT OF TRAVELLING AND HALTING ALLOWANCES TO PERSONS OTHER THAN FELLOWS AND ADDED MEMBERS ATTENDING UNIVERSITY MEETINGS, vide PARA. 6 OF THE SYNDICATE PROCEEDINGS, DATED THE 19TH FEBRUARY, 1932.

1. The following shall be the sanctioned scale of halting allowance per day:—

	Rs. A. P.
On pay Rs. 1,200 or more	8 0 0
On pay from Rs. 1,000 to Rs. 1,199	6 0 0
On pay from Rs. 750 to Rs. 999	5 0 0
On pay from Rs. 350 to Rs. 749	4 0 0
On pay from Rs. 300 to Rs. 349	3 0 0
On pay from Rs. 200 to Rs. 299	2 8 0
On pay from Rs. 150 to Rs. 199	2 0 0
On pay from Rs. 100 to Rs. 149	1 8 0
On pay from Rs. 50 to Rs. 99	1 0 0
On pay below Rs. 50	0 10 0
Servants in inferior service	0 4 0

The halting allowance to honorary and life members in Colleges affiliated to the University shall be paid at a flat rate of Rs. 5 per day.

(Vide para. 18 of the Proceedings of the Syndicate, dated the 24th November, 1933.)

For examiners and Director of Physical Training part of day shall be considered as equivalent to a day.

2. The following rates of mileage are sanctioned :-

	Rs.	Α.	P.	
On pay from Rs. 750 to Rs. 999 and more	0	G	0	per mile.
On pay from Rs. 350 to Rs. 749	0	4	0	,,
On pay from Rs. 200 to Rs. 349	0	3	0	,,
On pay from Rs. 50 to Rs. 199	0	$^{2}$	0	,,
On pay below Rs. 50	0	1	6	,,
Servants in inferior service irrespective				

3. (a) For purposes of Railney fare, officers excepting those covered by rules below (vide Syndicate, para. 9, dated the 9th November, 1934) getting a salary exceeding Rs. 999 per mensem shall be entitled to 1½ first class Railway fare and officers getting a salary between Rs. 200 to Rs. 999 per mensem shall be entitled to 1½ second class, while persons getting salary up to Rs. 199 per mensem to 1½ interjuediate class Railway fare and those in inferior service to single third class only.

The following shall he the sanctioned scale of Railway fare:-

						,	,,,,,,,,,,		2000000
On	рау	Rs.	1,000	or	mon	re		14	First Class.
On	pay	from	Rs.	200	to	999		11	Second Class.
^			~						<b>T</b>

- On pay up to Rs. 199 ... 1½ Inter. Class.

  Servants in inferior service ... Single Third Class.
- (b) The honorary and life members in Colleges affiliated to University shall be treated as second class officers and he entitled to 1½ second class Railway fare.
- 4. (a) Examiners shall be entitled to single Railway fare and halting allowance according to their salary. The examiners for the Internediate and B.A. Examinations would be paid single second class Railway fare each way as minimum (vide para. 11 of the Syndicate Proceedings, dated the 6th October, 1933).
- (b) The external examiners from other Indian Universities shall be paid single first class Railway fare each way and halting allowance according to salary under the University Rules (vide Syndicate, para. 17, dated the 16th March, 1934).
- For examiners in science practical, only one day for preparation for the examination shall be allowed unless the examination day is preceded by a holiday.
- 6. If an examiner is on leave and not at the address with regard to which he is appointed, sanction to travel from the new address should be obtained before acting as examiner.
- 7. Superintendents and Deputy Superintendents of examination centres shall be paid travelling and halting allowance on

their salary. No travelling or halting allowance shall be paid to invigilators, chowkidars (unless specially sanctioned) and screants connected with examination work.

- \*8. (a) University Inspectors of examination centres, schools and colleges shall be entitled to single first class Railway fare, but no halting allowance. The fee for inspection shall be Rs. 25 per college and Rs. 15 per day of inspection for schools and centres of examinations.
- (b) Delegates to educational conferences shall be paid single Railway fare each way and the halting allowance admissible under the rules. For purposes of halting allowance the number of days shall be calculated in accordance with the rules of the Punish Groverment.
- 9. If a locturer is invited to deliver a series of class lectures, then for purposes of travelling allowance to be paid on salary a minimum of two lectures shall count as one trip. The halting allowance shall be paid only for the day on which the lecture is delivered. Servants or demonstrators shall not be paid any travelling or halting allowance unless sanctioned by the Dean of University Instruction previous to the visit and then only single fare each way.
- 10. (a) A special lecturer shall be entitled to 1½ fare each way on salary for a distance of 200 miles and single fare each way on salary for the excess distance (vide Board of Finance, pars. 11, dated the 22nd February, 1985).
- (b) One day's halting allowance shall be paid to the University extension lecturers for each lecture delivered (vide Syndicate, para. 17. dated the 18th March. 1984).
- 11. In the case of a distinguished lecturer, single first class fare each way shall be paid ordinarily from and to the point at which he enters and leaves the territorial jurisdiction of the University unless sanctioned otherwise. No halting allowance shall be paid unless special sanction is given at the time of invitation.
- 12. No special rates shall be allowed for hill journey or journey outside the province.
- 13. Payments shall be made strictly in accordance with the rules approved. In rare cases, where exceptional circumstances justify special rates, the Syndicate may grant them on the recommendation of the Vice-Chancellor.

<sup>\*</sup> No Government or University officer shall be paid an inspection fee for the inspection of schools and colleges: the University officers shall, however, be paid halting allowance at University rates (vide paragraph 2 of the Syndicate Proceedings, dated the 6th March, 1936).

#### 600 TRAVELLING AND HALTING ALLOWANCES.

- 14. (e) University clerks and peons accompanying the officers when leaving the station under Regulation 7 at page 90 of the Calendar shall be paid halting and travelling allowance according to University Rules (vide Syndicate, para. 17, dated the 16th March, 1934).
- (b) The peons accompanying officers shall be paid double third class Railway fare (vide Syndicate, para. 9, dated the 9th November, 1984).

-0----

Note .- Day means 24 hours.

Fraction of a mile should not be charged for.

# \*RULES FOR CONDONING DEFI-CIENCY IN LECTURES.

 No case of condoning of deficiency in lectures shall be considered unless the application is made by the student on a prescribed form to be obtained from the University Office.

2. The application for condoning of deficiency in lectures on the prescribed form must reach the University Office not later than seven days from the date on which the course of lectures

for the class is completed.

43. Only those applications which are received in the University Office up to eight days before the commencement of the examination shall be considered by the standing Committee.

4. For the purposes of counting lectures, a lecture for a double

period shall count as two lectures.

5. A member of the U.T.C. is permitted to be marked on Duty at a lecture, to count as an attendance, during the period in which he is absent on duty to attend the University Training Corps Camp, on production of a certificate from the military authorities to the effect that he was on duty on that day.

6. In the case of a candidate for the Indian Civil Service or the Indian Military Academy competitive examination the days spent in examination (i.e., from the first to the last paper of the candidate concerned) and in travelling connected therewith be counted, on production of satisfactory evidence, as attendance at lectures delivered to his class during the aforesaid period.

7. Migration from a College affiliated to another University shall be treated in the same manner as migration within the University.

8. No deficiency in lectures is to be condoned without strong reasons.

<sup>\*</sup> When the decision of the Committee is unanimous or the case has been decided by the Vice-Chancellor under Regulation 7 of Chapter III, then no right of appeal accrues.

<sup>†</sup> This implies that applications received in contravention of this rule shall not be circulated to the members of the Committee and shall be deemed as rejected (Syndicate Proceedings, dated 22nd April, 1932, paragraph 8).

9. Ordinarily a deficiency of more than 5 lectures in each subject shall not be condoned: Science Practical to be considered a distinct subject for this purpose. In the case of Law examinations ordinarily a deficiency of there than 30 lectures in the agreement shall not be condened.

10. Permission for joining late may not be pleaded as a insti-

fication for condoning deficiency in lectures.

11. In cases of deficiency due to long continued illness, no consideration shall be given unless the Principal has received a Medical Certificate at the time of granting leave from a Medical Practitioner of a rank not lower than that of the Assistant Surggan.

12. When, owing to any epidemic, an institution is closed for more than a fortnight, the Principal of the College may, in the case of persons who are deficient in lectures, count the number of lectures the candidate might have made up if the College had not been closed.

13. Failed candidates, who have already attended a full course of lectures, may be granted greater latitude than the

above rules allow.

14. The candidate would be given benefit of lectures attended by him from the date on which he submitted his application for late admission.

15. The Syndicate shall appoint annually a standing Sub-Committee to consider applications for condoning of deficiency in lectures. When the Committee is unanimous, its decision shall be final. In case of difference of opinion, the matter shall be referred to the Vice-Chancellor who shall either decide the matter or refer it to the Syndicate for decision.

16. When the deficiency in lectures of a candidate in additional optional paper only is not condoned, then the candidate shall be allowed to take the examination in other subjects.

-0----

# XV-A

# RULES REGARDING LATE ADMISSION TO COLLEGES

1. No one shall be admitted to a College after the expiry of one mouth from the last date prescribed for admissions or 31st October whichever is earlier provided that a late fee of Rs. 5 shall be charged by the College up to the fifteenth day and of Rs. 10 after the fifteenth day of the permissible period.

2. Anyone otherwise eligible may be granted late admission up to the limit of time prescribed in rule 1.

3. If a candidate seeks admission to a professional or technical institution but is not taken, he shall, with his application for late admission to a College, produce a certificate from the Head of such institution to the effect that his application for admission was refused by he institution. Such a candidate may be admitted if he applies for admission within 10 working days of his being refused admission to a professional or technical institution irrespective of the limit of time prescribed in rule 1 above. No late fee shall be charred from such a candidate.

4. A candidate whose result is published late by the University shall be admitted, without any late fee, within 10 days of the date on which his result is published irrespective of

\_\_\_

the limit of time prescribed in rule 1 above.

# XVI-A.

# RULES RELATING TO REMUNERA-TION OF EXAMINERS.

FACULTIES OF ORIENTAL LEARNING, ARTS, SCIENCE, COMMERCE, LAW, MEDICINE AND AGRICULTURE.

# I-A.-WRITTEN EXAMINATIONS.

1. The scale of remuneration to Examiners shall be as stated below:—

Name of Examination.	For setting a paper.	For setting a second paper.	For exam-	a guini	harar.	Minimum fee.

for the B.D.S. Degree First Examination in Agricul-	100		2 0 0	
ture Final Examination in Agricul-	50		0 12 0	
ture	75		1 0 0	
in Engineering	75	30	1 4 0	15

# Alternate Question Papers.

2. In the B.A. Examination when alternate papers are to be set by the same examiner, he shall be paid Rs. 75 for the first and Rs. 40 for each subsequent paper.

In the M.A. Examination when alternate papers are to be set by the same examiner, he shall be paid Rs. 80 for the first and Rs. 50 for each subsequent paper.

# Matriculation.

 One setting and examining fee shall be equally divided between the examiners of Caligraphy and Dictation papers.

# B.Sc. (Honours School).

 In Botany, Zoology, Chemistry and Technical Chemistry the remuneration for examining the answer books and setting the papers is the same as for the M.Sc. (Old) Examination.

## M. A and M. Sc.

- 5. Each of the two examiners shall be paid Rs. 2 for examining each answer paper.
- 6. In History, Economics, Sanskrit, Arabic, Persian and Science subjects no setting fee is to be paid for the thesis work, but Rs. 15 is to be paid to each examiner for examining one thesis and oral examination connected therewith. The external examiner in thesis in Botany or Zoology is guaranteed a minimum fee of Rs. 50. In case of Chemistry, remuneration for examining Post-Honours School Research Thesis is as under —

Internal Examiner ... Rs. 15
External Examiner ... Rs. 50

provided no travelling allowance is given in connection with that examination.

A University Professor added as an ex-officio examiner shall not be paid any fee.

# B.T.

7. Two examiners are to be appointed for Paper 1V, each receiving Rs. 75.

# Examinations in Medicine and for the B.D.S. Degree.

8. The fees for setting the question papers shall be divided equally amongst the co-examiners while fee for examining the answer papers is to be paid in full to each of the co-examiners.

# Commerce Examinations.

In subjects where there are two examiners, each examiner shall be paid full examining fee.

For dictating a passage for shorthand Rs. 10 shall be paid.

# Final Examination in Engineering.

The paper-setting and examining fee shall be the same as for the Honours Schools examinations.

# Degree of Doctor.

9. Each examiner appointed to examine for the Degree of Doctor in any Faculty shall be paid rupees two hundred.

#### General.

- 10. When an answer paper is divided into parts, the payment for different parts should be so divided as not to exceed the fee for examining a whole paper.
- 11. If an examiner is appointed to examine answers to a paper or papers that he has not himself set, the fee paid to him shall not be less than \*half the fee paid for setting the paper or papers.
- 12. When an examiner is appointed to examine answers to a paper or papers that he set for the examination of a previous year, the fee paid to him shall not be less than half the fee paid for setting the paper or papers.
- 13. The Vice-Chancellor has ruled that except in case of practical examination in Science subjects a "minimum fee" means least total amount to be paid to an examiner in respect of written examination.
- Examiners for the supplementary examinations are to be treated as separate examiners.

<sup>\*</sup> It means half of what is paid to one examiner and not half of the total of two fees paid to two examiners.

### I-B.—REMUNERATION TO HEAD EXAMINERS.

#### Matriculation.

- A Head Examiner shall be paid—
  - (a) For setting the papers the usual fee.
- \*(b) For re-examining at least seven and a half per cent. of the papers submitted by subordinate examiners, in order to secure uniformity of standard, the same fee per paper as is paid to subordinate examiners.
  - (c) For other work connected with the Head Examinership, each Head Examiner in English, Mathematics and History and Geography Rs. 300 each. Each Head Examiner in other subjects Rs. 200, provided the number of subordinate examiners is six or more, otherwise Rs. 150.

# Intermediate.

2. The Head Examiner shall be given an additional remuneration of Rs. 75 when there are more than two and not more than four subordinate examiners. If the number of subordinate examiners exceeds four, the Head Examiner shall be given an additional remuneration of Rs. 150 instead of Rs. 75.

#### B.A.

3. Each Chief Examiner in English shall, in addition to the examining fee, be paid rupes two hundred and fifty for the work connected with the Chief Examinership. The Head Examiner in other subjects shall be paid an additional remuneration of Rs. 75

<sup>\*</sup> The Vice-Chancellor has ruled that a Head Examiner may re-examine more to satisfy himself, but he is not to be paid for more than seven and a half per cent. without previous sanction.

when the number of subordinate examiners exceeds two.

Proficiency, and High Proficiency Examinations in Hindi and Honours Examination in Persian.

4. The Head Examiner shall issue detailed instructions regarding the method of marking. He shall be responsible for the preserving of an even standard of marking as the work progresses and shall for this purpose examine 5% of the answer-books marked by the other examiners. He shall not be entitled to any additional fee as Head Examiner except the fee for checking the prescribed percentage of papers of the subordinate examiners.

### General.

5. When the examiner is unable to set and look over the passages for translation into English from all the vernaculars specified in the Regulations for the Matriculation and Intermediate Examinations, special arrangements may be made by the Syndicate for the remuneration of the persons selected to set, look over, and mark the passages for translation from the vernacular into English, and to look over and mark the passages set by the Examiners in English for translation into vernaculars.

# II .- ORAL AND PRACTICAL EXAMINATIONS.

# Oral Examination in English.

 The Oral Examination in English being only for reading, the examiner in English shall set a paper for this without any further remunoration.

# B.O.L.

2. The fee for conducting the Oral Examination in English shall be annas twelve for each candidate.

3. The scale of remuneration of Examinations in Science shall be as follows:—

	For setting a paper.	For examin- ing candi- dates.	Minimum fee.
	Rs.	Rs. A. P.	Rs.
Matriculation	 20	0 12 0	15
Intermediate	 50	180	20
B.A. and B.Sc.	 65	2 0 0	30
M.Sc	 80	5 0 0	40
B.T	 Nil	2 0 0	30

# F.A. and F.Sc.

4. In Science Practical Examinations, where several papers are to be set for separate batches of students, Rs. 50 shall be paid for the first and Rs. 15 for each subsequent paper. The Head Examiner shall be paid Rs. 100 for other work connected with the examination, and for re-examining about 10 per cent. of the papers examined by the subordinate examiners the same fee per candidate as is paid to the latter. Remuneration should not be paid for more than 15 per cent. unless the examiner notes his reasons for examining more. The Head Examiner shall be paid for the actual number of answer books re-examined.

# \*B.A. and B.Sc.

5. In Practical Examinations in Science Rs. 65 shall be paid for the first paper and Rs. 35 for each

<sup>\*</sup> For the purposes of payment to examiners and Laboratory Assistants, the B.A. (Honours) and M.A. Examinations in Psychology shall be treated as Examinations in Science subjects (vide Syndicate Proceedings, dated 9th November, 1934, para. 9).

subsequent paper set. The remuneration for B.Sc. Thesis is Rs. 5 per candidate.

#### \*M.A. and M.Sc.

6. Where more than one examiner is present and takes part in the Practical Examination, each examiner shall be entitled to Rs. 5 per candidate or to an equal share of the minimum fee, whichever is the greater.

## B.T.

7. Fee is to be paid to each of the members of the Board appointed to conduct the Oral Examination.

#### AGRICULTURAL EXAMINATIONS.

# F.Sc. and B.Sc. Agriculture.

- 8. The fee for conducting the Practical Examination in Science will be Bs. 1-8 per candidate per examiner for F.Sc. Agriculture and Rs. 2 per candidate per examiner for B.Sc. Agriculture. The minimum fee for Practical work in F.Sc. and B.Sc. Agriculture Examinations is the same as for the Intermediate and B.Sc. Examinations of the Faculty of Science.
- 9. The scale of remuneration for setting question papers in Practical Examination in the First Examination in Agriculture is to be the same as for the F.A. and the F.Sc., and for the B.Sc. in Agriculture it is to be the same as for the B.A. and B.Sc.

<sup>\*</sup>For the purposes of payment to examiners and Laboratory Assistants, the B.A. (Honours) and M.A. Examinations in Psychology shall be treated as Examinations in Science subjects (vide Syndicate Proceedings, dated 9th November, 1994, para. 9).

# M.Sc. Agriculture.

The following remuneration is to be paid:-

Internal Examiner ... Rs. 15 per thesis.

External Examiner ... Rs. 50 per thesis if he does not come for Practical Examination, otherwise Rs. 15 per

ne does not come for Practical Examination, otherwise Rs. 15 per candidate plus travelling and halting allowance at University rates.

# Examinations in Medicine and for the B.D.S. Degree.

10. In subjects in which there is both a Practical or Clinical and an Oral Examination the fee shall be Rs. 5 for each candidate, and in those in which there is only an Oral Examination Rs. 2 for each candidate.

Provided that a minimum fee of Rs. 82 shall be allowed to the Oral Examiner in each subject.

# Examinations in Engineering.

11. Each paper shall be set by two examiners jointly (one internal and one external) who would equally divide the setting fee between themselves. Each answer-book shall be marked by the two examiners—one internal and the other external—who shall each be paid the full examining fee.

# Law Examinations.

12. In the LL.M. Examination there shall be internal as well as external examiners. One setting fee shall be paid to both the examiners, whereas each of them would be paid the full examining fee.

## General.

- 13. The number of groups and number of practical papers to be set for the B.Sc. and M.Sc. Science Practical Examinations shall invariably be reported to the Syndicate.
- 14. Examiners for supplementary examinations are to be treated as separate examiners.

\_\_\_

# XVI-B.

# \*RULES FOR THE NOMINATION AND APPOINTMENT OF †EXAMINERS.

In these Rules an External Examiner is one who is not teaching in a College affiliated to the Panjab University. But for the purposes of the "Master's Examination in Science, on paper and thesis, and for examinations in Honours Schools as well as for Honours in the Bachelor's Examination, an External Examiner ordinarily is a teacher in another University.

A Neutral Examiner is one who is not teaching (and has not taught for the two years previous to the examination) candidates for the particular examination for which he is appointed. He may or may not be a member of an affiliated College.

An Internal Examiner is one who is teaching (or has taught within the previous two years) candidates for the particular examination for which he is appointed.

## Rules (General).

1. As far as possible, the Paper-Setters for any academic year shall be appointed before the end of May in the previous academic year.

+ So far as possible, a teacher, if otherwise equally qualified under the rules, should be preferred to a non-teacher (vide paragraph 11 of the Syndicate Proceedings, dated the 19th June, 1981).

‡ Re. Master's Examination in Arts, see Rules for the M.A. Examination.

<sup>\*</sup> The Syndicate has decided that the various Boards of Studies should submit to the Revising Committee their recommendations regarding the appointment of subordinate examiners by the end of January and the appointment of paper-setters by the end of March each year, and that the School Board should submit its recommendations relating to the appointment of subordinate examiners on or before the 15th of January each year, failing which the Revising Committee shall proceed to make its own recommendations more or less on the basis of the last year's list (Syndicate Proceedings, dated the 19th February, 1st April and 20th May. 1932).

2. No examiner may be appointed to examine the papers of more than 520 candidates, or more than 800 half papers in any one examination or more than 800 full papers, practicals included.

in any one year.

\*3. An examiner who is appointed to set a paper in a subject for the first time (or after an interval) may be re-appointed to a paper in the same subject for the following two years. Flut at the end of three years a change should ordinarily be made and in all cases after a period of five years. When an examiner is changed owing to his having served for the maximum period be shall not be appointed an examiner in the same year in another paper in the same subject. This does not apply to the M.A. and M.Sc. Examinations and to the Final Examination in an Honours School.

4. No member of the Revising Committee shall be appointed

- §5. A Board of Stadies may nominate any of its own members to a Board of Examiners, but not as a single examiner unless it at the same time suggests an alternative name. If it is not possible to recommend a suitable alternative name the Board shall state the fact.
- An Internal Examiner shall not be appointed except as a member of a Board of Examiners or for a Practical Examination.
   Ordinarily no student who is on the rolls of an affiliated College shall be appointed as examiner.

† The maximum period allowed under this Rule includes the period for which a person has acted both as a head and a sub-ordinate examiner (vide paragraph 12 of the Syndicate Proceedings, dated the 4th May 1984).

† The Dean of University Instruction is eligible to act as Internal Examiner (vide paragraph 3 of the Syndicate Pro-

ceedings, dated the 19th May, 1936).

§ Where for very special reasons, a Board of Studies is unaninously constrained to recommend any of its own members as paper-setter or examiner then reasons therefor should be stated in a separate note intended either for the Vice-Chancellor or the Revising Committee for consideration, if possible, before the list as a whole is considered by the Revising Committee (vide paragraph 19 of the Syndicate Proceedings, dated the 8th November, 1985).

<sup>\*</sup>The word "examiner" includes subordinate examiner. An examiner who has served for the maximum period in one subject, can be appointed examiner in another subject in the same examination, provided he is otherwise qualified for appointment (vide paragraph 9 of the Syndicate Proceedings, dated the 17th February, 1928).

8. Except in exceptional circumstances, no person shall be appointed to set more than three question papers for examinations held during the year. When a paper is set conjointly by two examiners it shall count as half a paper for purposes of calculation. This is not to include the papers set for the practical examinations and appointment as examiner for a thesis.

# Special Rules for M.O.L., M.Sc. (OLD Type) and Honours Schools Final Examinations.

9. Boards of Examiners shall be appointed to conduct the above examinations. In each Board there shall be at least one External Examiner, and if the Board consists of six or more, at eleast two External Examiners, provided that if two suitable examiners are not available, the place of one of them may be filled by a Neutral Examiner.

10. Every answer paper, whether for Theoretical, Practical or Thesis Paper, shall be read by two examiners who shall be jointly responsible for the marking of the paper and one of these two shall, if possible, be a Neutral Examiner except in the case of practical examinations. If the University Professor concerned is not the Internal Examiner of a thesis he shall be an exofficio examiner and member of the Board of Examiners.

# \*Special Rules for M.Sc. (Honours Schools) Examinations.

11. Each thesis presented shall be examined by one Internal and one External Examiner conjointly. In addition to these, the University Professor concerned shall be an ex-officio examiner and member of the Board of Examiners.

(Syndicate Proceedings, dated 21st March, 1930, paragraph 19).

<sup>\*</sup>It has been decided that every external examiner for the M.Sc. Chemistry thesis be requested either to come to Lahore to conduct the oral examination of the candidate, in conjunction with the internal examiner, or, in case he is unable to come to Lahore, should send certain number of questions on the particular subject-matter of the thesis to the internal examiner, who will arrange to have those questions answered, in writing, by the candidate, without reference to books but with the thesis in front of him, under his supervision or under the supervision of some responsible person, and will send the answers to the external examiner.

It has further been decided that the Board of Control will consider all the results and the order of merit within the classes will be decided by the Board of Control.

SPECIAL RULES FOR \*B.A. PASS AND HONOURS AND SUBSIDIARY
PAPERS IN HONOURS SCHOOLS.

12. The examiners shall be Neutral Examiners except when a Board of Examiners is appointed when rules 9 and 10 shall apply. When the number of candidates exceeds 650, a Head Examiner shall be appointed who shall set the paper and one or more Subordinate Examiners as may be required. If a Head Examiner with Subordinate Examiners be appointed, then Subordinate Examiners may be Internal Examiners, but the standard of the marking of the Subordinate Examiners shall be determined by the Head Examiner.

13. Each Honours question paper shall be set conjointly by two examiners, one an External and the other Internal, and the answer-book shall be read in full by both the examiners, each entitled to the full fee for examining an answer-book.

# SPECIAL RULES FOR B.Sc. PASS INCLUDING SCIENCE SUBJECTS IN THE B.A.

14. In appointing examiners for this examination Rule 12 may be followed or in the alternative the following method may be adonted:—

An External Examiners and two Moderators (who may be Internal Examiners) may be appointed. The three shall be jointly responsible for the setting of the Theoretical Papers. The examining of the papers shall be entirely conducted by the External Examiner.

#### \*INTERMEDIATE EXAMINATIONS.

15. When the number of candidates taking a paper exceeds 650, a Head Examiner shall be appointed and one or more Subordinate Examiners. Single Examiners, appointed when the number of candidates does not exceed 650, and Head Examiners shall be Neutral Examiners. Subordinate Examiners may be Internal Examiners but their standard of marking shall be determined by the Head Examiner.

No one shall be appointed a Paper-Setter in any Science subject who has written a book for the use of students for this

<sup>\*</sup> In the Intermediate and B.A. Examinations, care should be taken that Head Examiner, when there are Subordinate Examiners for the examination, should not be appointed from such distance as to be unable to complete the work within the time assigned (vide paragraph 28, Syndicate Proceedings, dated 12th December, 1930).

examination. Anyone who has revised a similar book shall also be debarred from appointment as a Paper-Setter in that subject.

#### SPECIAL RULES FOR LAW EXAMINATIONS.

- 16. As far as possible, the Paper-Setters for the Law Examinations shall be appointed before the end of October in the previous year.
- 17. No examiner may be appointed to examine the papers of more than 350 candidates.

#### SPECIAL RULES FOR EXAMINATIONS IN THE FACULTY OF AGRICULTURE.

- 18. The First and Final Examinations in Agriculture shall be conducted by External Examiners only
- 19. An examiner who is appointed to set a paper in a subject for the first time may be re-appointed to a paper in the same subject for the following two years. But at the end of three years a change should ordinarily be made and in all cases after a period of 5 years. The same examiner may be re-appointed after an interval of two years.

No one shall be appointed a Paper-Setter in any Science subject who has written a book for the use of students for the examination concerned.

#### SPECIAL RULES FOR THE MEDICAL EXAMINATIONS AND FOR THE DEGREE OF B.D.S.

- 20. For each subject there shall be two examiners—an Internal and a Neutral or External Examiner. Question papers will be set jointly by the two examiners and the practical and oral examinations will be carried out by both examiners jointly.
- 21. A Neutral or an External Examiner who is appointed to set a paper for the first time shall ordinarily be re-appointed to a paper in the same subject for the following two years at the end of which time a change will ordinarily be made if another suitable examiner is available.

#### SPECIAL RULES FOR THE M.S.L.C. EXAMINATION.

22. No Sub-Examiner shall mark in more than one paper in the M.S.L.C. Examination and no examiner shall set papers in more than one subject in that examination.

Note.-In the M.S.L.C. Examination there shall be four Head Examiners for English and Mathematics-two for Paper (a) and two for Paper (b) in each subject.

23. No Sub-Examiner shall mark the papers of more than 360 candidates in the M.S.L.C. Examination or more than 800 half papers in that examination.

24. The School Board may nominate any of its own members as an examiner, provided it at the same time suggests an alternative name. If it is not possible to recommend a suitable alternative name the Board shall state the fact.

25. Persons seeking appointment as Sub-Examiners should submit applications on the prescribed form—separate form to be

used for each subject.

26. No Principal or Lecturer of an Intermediate College with high classes attached, Head Master or a teacher in a school shall be appointed as Head Examiner or Paper-Setter in the M.S.L.C. Examination.

27. No one shall be appointed a Paper-Setter who has written a book on the branch of the subject included in the paper.

#### SPECIAL BITGES FOR THE ENGINEERING EXAMINATIONS.

28. Each paper shall be sot by two examiners jointly (one internal and one external or neutral) who would equally divide the setting fee between themselves. Each answer-book shall be marked by the two examiners—one internal and the other external or neutral—who shall each be paid the full examining fee.

# XVI-C.

# RULES REGARDING THE FUNCTIONS OF $\frac{\text{CHIEF}}{\text{HEAD}}$ EXAMINERS.

### B.A. Examination (English only).

- The Paper-Setter, hereinafter to be called the Chief Examiner, shall convene a meeting of the examiners in his paper, to discuss methods of marking and examine a number of papers with a view to starting the examining with an even standard.
- 2. Each Chief Examiner shall be responsible for the preserving of an even standard in marking as the work progresses. For this purpose the examiners shall send to him in batches the answer-papers and the marks assigned. The Chief Examiner shall compare the percentages and distribution of marks and also compare papers assigned the same marks.
- 3. The Chief Examiner shall not himself mark any papers except for the purposes given in (1) above, but he shall read for purposes in (2) above not less than 20 per cent. of the papers examined by each examiner.
- 4. The answer-books of all the candidates for the Bachelor of Science Examination in each paper shall be examined by one and the same examiner.
- 5. The Chief Examiner may, if he thinks necessary, make suggestions to the examiners as the work progresses.
  - 6. In either of the two following cases, namely-
- (i) when the examiner does not accept the suggestions of the Chief Examiner, as in (5) above, or
- (ii) when after the preparation but before the submission of results the Chief Examiner considers any change necessary, the Chief Examiner shall formulate his proposals in writing and refer the matter to the Board consisting of himself and other examiners in the paper. The Board shall consider those proposals and shall have power to make any necessary modification, provided that any raising or lowering of the standard in the case of an examiner shall apply to all the candidates examined by that particular examiners. When the votes are equal, the Chief Examiner shall have the easting vote.

7. The records of the action taken by the Chief Examiners and the Board of Examiners shall be regarded as confidential,

but shall be available to the Board of Moderators.

8. Any further suggestion, which the Board of Moderators may make (under Regulation 14, Chapter VII of Part II of the Calendar) with reference to the general pass percentage shall be referred to the Chief Examiner in the paper, who shall represent the examiners for purposes of the above said regulation.

# B.A. (EXCEPT ENGLISH) AND THE INTERMEDIATE EXAMINATIONS.

1. When there are two examiners in any paper either in the Intermediate or the B.A. (English excepted in B.A.) Examination, then the Paper-Setter shall discuss methods of marking with the other examiner and they shall examine 20 papers together with a view to starting the examining with an even standard. The Paper-Setter shall be responsible for the preserving of an even standard in marking as the work progresses and shall for this purpose examine 5 per cent. of the answer-books marked by the other examiner.

If the other examiner is not resident in Lahore then the stand-

ard of marking may be settled by correspondence.

\*2. When there are more than two subordinate examiners in any paper either in the Intermediate or the B.A. (English excented in B.A.) Examination, then the Paper-Setter, to be called "the Head Examiner," shall convene a meeting of the examiners in the paper to discuss the methods of marking with the other examiners and they shall examine 20 papers together with a view to starting the examining with an even standard. The Head Examiner shall be responsible for the preserving of an even standard in marking as the work progresses and shall for this purpose examine 5 per cent, of the answer-books marked by the other examiners. The Head Examiner in the B.A. (English excepted) Examination shall be given an additional remineration of Rs. 75. The Head Examiner in the Intermediate Examination shall be given an additional remuneration of Rs. 75 when there are more than two and not more than four subordinate examiners, and Rs. 150, instead of Rs. 75, if the number of subordinate examiners exceeds four.

<sup>\*</sup> The Head Examiner in Intermediate English shall not mark on his own account any answer-paper but shall confine himself to the work of keeping up a uniform standard amongst the sub-examiners, and he shall be required to revise 10 per cent. of answer-books, instead of 5 per cent. (Syndicate Proceedings. dated 10th April, 1935, para, 22).

If the other examiner is not resident in Lahore then the standard of marking may be settled by correspondence.

3. In the case of difference of opinion the decision of the Paper-Setter or the Head Examiner shall prevail.

#### M. AND S.L.C. EXAMINATION.

- 1. In M. and S.L.C. Examination wherever there are 4 Head Examiners in a subject each paper shall be divided into two parts and all the answers to one half-paper shall be under the control of one Head Examiner, and all the answers to the second half-paper under the control of the second Head Examiner.
- Joint-Examiners and Paper-Setters shall set the papers jointly, hold the meeting jointly and issue the instructions to sub-examiners jointly.

#### PROFICIENCY AND HIGH PROFICIENCY EXAMINATIONS IN HINDI AND HONOURS EXAMINATION IN PERSIAN.

1. The Head Examiner shall issue detailed instructions regarding the method of marking. He shall be responsible for the preserving of an even standard of marking as the work progresses and shall for this purpose examine 5 per cent. of the answer-books marked by the other examiners. He shall not be entitled to any additional fee as Head Examiner except the fee for checking the prescribed percentage of papers of the subordinate examiners.

\_\_\_

# XVI-D.

# INSTRUCTIONS FOR M.Sc. (OLD TYPE) EXAMINERS.

1. There shall be in each written paper and for each thesis one internal and one external examiner to set and mark papers conjointly. For a thesis, in addition to these, the University Professor concerned shall be an ex-officio examiner and member of the Board of Examiners without payment. Provided that in practical examiners in the examiners may be internal examiners.

2. The whole result shall be discussed and approved at a meeting of the Board of Examiners appointed in accordance with Rule 9 of the rules for nomination and appointment of

examiners.

3. The Board of Studies at the time of recommending the names of examiners shall recommend the name of Convener of the Board of Examiners. If the Convener recommended is not available the Registrar shall request the Vice-Chancellor to appoint one in his place.

4. The Convener of the Board of Examiners, in consultation with the Registrar, shall arrange for a meeting of the Board

for discussing the results.

5. At least one external examiner, if possible, should be present at the meeting of the Board of Examiners to enable the Board to discuss and approve of the results.

6. All examiners, external or internal, who are appointed members of the Board of Examiners shall be invited to attend the meeting of the Board of Examiners convened to discuss the results.

7. When two examiners are unable to agree on the marking of one or more papers, the matter shall be decided by the Board.

8. When the Board meets to consider the results, they may consider the marks of candidates who are on the line between two classes or between pass and failure. Marks may then be changed, provided that both examiners consent either at the meeting or subsequently in writing.

9. The Convener shall be responsible for the compilation of results as approved by the Board and the result sheet shall be signed by the members of the Board of Examiners or their consent duly secured. The marked answer papers must always be made over to the Registrar when the result sheet has been signed.

10. The external examiner shall ordinarily be a teacher in another University. In exceptional circumstances, the Syndicate may, after considering the recommendations of the Revising Committee, appoint an external examiner from within the province.

11. The answer-books shall ordinarily be first marked by the external examiner.

12. The Revising Committee shall ordinarily consult the Convener of the Board concerned as regards a suitable substitute whenever a change is considered necessary by the Revising Committee. The Convener shall report his recommendation to the Board of Studies at its next meeting.

13. Whenever an external examiner is unable to attend the meeting of the Board of Examiners he may, if he so desires, send written questions for the visa voce examination in thesis. Written answers of the candidates shall be sent to him if he so desires.

14. The question papers shall be set and submitted jointly by the internal and external examiners, but the external examiner shall be the first to set questions and send them to the internal examiner.

# XVI-E.

# RULES FOR M.Sc. (HONOURS SCHOOL) EXAMINATION AND FOR EXAMINATIONS IN HONOURS SCHOOLS AS WELL AS FOR HONOURS IN THE BACHELOR'S EXAMINATION.

 There shall be in each written paper and for each thesis one internal and one external examiner to set and mark papers conjointly. For a thesis, in addition to these, the University Professor concerned shall be an ex-officio examiner and member of the Board of Examiners without payment.

2. The external examiner shall oxidinarily be a teacher in another University. In exceptional circumstances, the Syndicate may, after considering the recommendations of the Revising Committee, appoint an external examiner from within the province.

3. The answer-books shall ordinarily be first marked by the external examiner.

4. In practical examinations both the examiners may be

internal examiners.

The Revising Committee shall ordinarily consult the Convoner of the Board concerned as regards a suitable substitute

whenever a change is considered necessary by the Revising Committee. The Convener shall report his recommendation to

the Board of Studies at its next meeting.

6. Whenever an external examiner is unable to attend the meeting of the Board of Examiners he may, if he so desires, send written questions for the viva voce examination in thesis. Written answers of the candidates shall be sent to him if he so desires.

7. The question papers shall be set and submitted jointly by the internal and external examiners, but the external examiner shall be the first to set questions and send them to the internal examiner.

\_\_\_

# XVI-F.

# RULES FOR THE M.A. EXAMINATION.

 Each question paper shall be set by the external examiner alone, who shall be supplied with the criticism or comments of the Board of Studies on the last three years' papers.

2. The external examiner shall be one who is not teaching in the University or in an affiliated College, and ordinarily a teacher of the subject in another University. The internal examiner shall be one who has taught the candidates for the examination but not necessarily in the same paper.

3. Each answer paper shall be marked by the external examiner in the first instance and the marks reported to the Controller. The papers shall then be marked by the internal examiner. Differences may be discussed and settled between the two examiners. If they do not agree the papers in question shall

be referred to a third examiner.

4. A Board of Examiners shall be appointed consisting of the Read of the University Department (whether he is examining a paper or not) as Chairman and Convener and not less than four or more than six of the examiners, of whom at least two should if possible be external examiners. This Board shall have power to determine the class or failure of those candidates who are on the line, i.e. within five marks of passing in one paper (and in one paper only) or within ten marks of the necessary aggregate for a pass or for a particular class. The candidate shall be given only one of these concessions and not both.

# XVI-G.

# RULES REGARDING ORIENTAL COLLEGE COUNCIL.

- 1. Constitution.—The Oriental College Council shall consist of: (a) the Principal of the College as Chairman; (b) the following members of the College staff: the Professors of Sanskrit, Arabic and Persian, the Head Pandit, the Head Maulvi, the Head Musli and the Head Teacher of Panjabi with not more than one other member to be nominated by the Principal; (c) not more than three external members to be nominated by the Syndicate, each for a term of two years.
- 2. Functions.—The functions of the Council shall be: (a) to advise the Principal with regard to the organisation of instruction in the Oriental College and such other matters relating to the College as may be referred to it for opinion by the Principal; (b) to associate other Oriental Institutions such as Pathshalas and Madrassahs with the Oriental College.
- 3. On the receipt of an application for association with the Oriental College, the Oriental College Council shall consider whether the Institution is on a satisfactory financial basis, possesses or has the use of sufficient accommodation for the purpose of instruction, that the staff is adequate in numbers and qualifications, that a regular time table is followed, and that some provision is made for a library. When the Oriental College Council is satisfied that these conditions are fulfilled it may grant the privileges of association. This association may be unconditional or it may be provisional, conditional and for a limited period.
- 4. Once every year the list of associated institutions shall be reviewed by the Oriental College Council and any institution that does not appear to satisfy the conditions of association shall be removed from the list.
- 5. It shall be a duty of the College Council to draw up rules for defining the conditions of association. Such rules shall be reported for approval to the Senate.
- 6. The Council shall depute members of the Council or other competent persons to visit associated institutions from time to time, provided that the annual programme of such inspections shall be submitted to the Syndicate for sanction.

- 7. The Council shall consider reports on associated institutions and may make suggestions to those institutions for improvements and may make recommendations to the Syndicate for the distribution of grants for the purchase of books, etc., when funds are available.
- 8. The staff and students of institutions associated with the Oriental College shall be eligible for the privileges of a reader in the use of the Oriental sections of the University Library, but the privileges of borrowing books from these sections shall
- be extended only to the Heads of these institutions.

  9. Candidates for Oriental examinations appearing from associated institutions may be shown in the results as the number of such institution.

10. From time to time as may be found practicable short courses of special lectures by senior members of the Oriental College staff shall be arranged for the benefit of such teachers in associated institutions as may wish to attend them. Arrangements may also be made occasionally for a teacher in an associated institution to give a short course of lectures in the Oriental College.

#### Institutions associated with the Oriental College.

- 1. The Madrasa of the Anjuman-i-Islamia, Lahore.
- 2. R.B. Gagar Mal's Sanskrit Pathshala, Amritsar.
- 3. S.D. Sanskrit Pathshala, Multan.
- 4. Sanskrit Pathshala, Hoshiarpur.
- Jamia-Ahmadiya, Qadian.
- 6. Madrasa-i-Fazalliya, Batala.
- Dar-al-Ulum-Hanafiya, Kasur.
  - S. S.D. Pathshala, Jind.
  - . Madrasa-i-Arabiya, Srinagar.
- 10. Mahavidala, Sultanpur (Kapurthala State).
- 11. Khalsa Parcharak Vidyala, Tarn Taran.
- 12. The Madrasah of the Anjuman-i-Islamia, Gujranwala.

# RULES RELATING TO COMPULSORY PHYSICAL TRAINING.

1. The following are the activities approved for compulsory Physical Training in the first year class. The length of the period therefor is shown against each activity:—

No.	Activity.	Period.	
1	Hockey match or practice	<u> </u>	60 minutes.
2	Football match or practice		60
3	Cricket match (one full innings)		One innings equal to 2 periods.
4	Cricket practice—Batting, bowling	and	60 minutes.
5	Tennis Singles match or practice		60 ,,
6	Tennis Doubles match or practice		60 ,,
7	Athletics		60 ,,
8	Boxing match or practice		20
9	Wrestling match or practice		l ar
10	Gatka match or practice		60 ,,
11	Basket-ball match or practice		45 ,,
12	Volley-hall match or practice		60 ,,
13	Kabaddi match or practice		60 ,,
14	Swimming and Diving		60 ,,
15	Rowing and Sculling		60 ,,
16	Gymnastics		60 ,,
17	Callisthenics (formal and informal)		60 ,,
18	Corrective and medical exercises		60 ,,
19	Horse riding and cycling		60
20	U.T.C. activities		Drill period.

<sup>2.</sup> No student shall be given credit for attendance for more than three periods per week.

3. The credit for attendance shall be given only when the

activities are properly organised by the College. Properly

qualified and adequately trained Physical Instructors are essential for this purpose.

4. Students who are unfit for physical training shall, on the principal and the principal, who shall report his decision to the University and send the application of the candidate along with the proper medical certificate supporting at to the Registrar.

5. The application for exemption of a student who comes from a distant village every day to attend the College and returns thereto, shall be decided by the Vice-Chancellor on its own merits.

6. Students who are admitted to the Intermediate classes about the end of the first year, after passing the Cambridge School Certificate or other similar examination, shall be exempted from Physical Training attendances required of other first year students.

\_\_\_\_

<sup>\*</sup> The First Examination in Commerce has been abolished.

# XIX.

# COLLEGE DIRECTORY, 1936.

# \*I .-- ORIENTAL COLLEGE, LAHORE.

The Oriental College was established in 1870 by the Senate of the Panjab University College, and was taken over in 1882 by the Panjab University, which has since maintained it in accordance with the provisions of its Statutes.

The object of the Oriental College, as reorganised in 1888,

(a) to impart a knowledge of the Sanskrit, Arabic and Persian Languages and Literatures on a sound basis and in accordance with historical methods, to students who wish to prepare themselves for the High Proficiency and Honours Examinations of the Panjab University for these Languages;

(b) to prepare students for the High Proficiency and Honours in Panjabi Examination of the Panjab University by imparting to them a scholarly knowledge of the history of the Panjabi Language and its Literature.

From 1884 to 1913 the Oriental College undertook the teaching of Government College classes in Oriental Language (Arts Faculty). M.A. Classes in Sanskrit and Arabic were then thrown open to students of other colleges. The higher teaching of Oriental languages (including that of the Honours School) is now organised in connection with this College, which thus forms the Oriental Department of the University. Affiliation was obtained for the Intermediate (English only) Evening class for the benefit of the holders of Vernacular and classical languages diplomas.

The College is managed by the Syndicate under the control of the Senate.

The expenses for the maintenance of the College are almost entirely met by the annual allotment made in the Budget of the Panjab University.

The College moved in 1926 from the Convent Building to the new building behind the Law College. The Maynard Hall com-

<sup>\*</sup> This institution is maintained by the University of the Panjab.

mon to the two Colleges has been built to unite them. A new Hostel has been built behind the College. The number of students on the College rolls on 31st March.

1936, was 171.

## \*II.—LAW COLLEGE, LAHORE.

The Law College was founded in the year 1870 under the name of the Law School, with the object of imparting legal education to candidates preparing for the Mukhtarship and Pleadership Examinations. The school was converted into a college with a whole-time Principal and Staff in 1909, and prepared students for the Degree of Bachelor of Laws and First Examination in Law of the Panjab University. In 1919, two members of the Staff were whole-time, viz., the Principal and one Law Lecturer, and six were part-time Law Readers. In 1920, another whole-time Lecturer was added to the Teaching Staff in lieu of two part-time Lecturers. The number of part-time Law Readers was increased from four to six in November, 1922, and from six to seven in November, 1923. In 1929, the number rose to ten. In 1981-32 two new classes were started, one to prepare candidates for the Examination for the Degree of Master of Laws and the other for the Examination for Diploma in Conveyancing and Deed-writing. The number of whole-time Lecturers rose to three, of which one was temporary, and of part-time Lecturers to twelve, of which two were for the LL.M. class, one for the Conveyancing class and the remaining for the F.E.L. and LL.B. classes. October, 1932, the number of part-time Lecturers was increased from twelve to eighteen. In 1933-34, the number of wholetime Lecturers was four and that of part-time Lecturers was twenty. In 1934-35 and 1935-36 the number of whole-time Law Readers was four, part-time Law Readers six and parttime Lecturers twenty-two.

The management of, and supervision over, the College is vested in the Syndicate and is exercised through a Sub-Committee, consisting of the Vice-Chancellor, the Dean, three elected members of the Law Faculty and two members elected by the Syndicate.

The College is located just in front of the Senate Hall. The building was completed towards the end of 1922. A Common Hall for the Law and Oriental Colleges was added in 1926.

The number of students on the rolls of the College during 1935-86 was as follows:—

F.E.L.	Class			• • • •	571
LL.B.	**				455
LL.M.					4
Conveys	ncing	and Plea	dings Cl	ass	19
			Тот	AT	1,049

<sup>\*</sup> This institution is maintained by the University of the Panjab.

The Law College Journal, which deals with articles on forensic subjects was started in the Spring Session of 1921. Students are taken in tutorial groups in batches of about fifteen at a time. Law moots are held with the object of teaching students the method of arguing cases.

The Staff for 1935-36 was as follows :--

- 1 C. L. Anand, Esq., M.A. (Panj.), LL.B. Principal. (Lond.), Bar.-at-Law.
- 2. Rahim Bakhsh, Esq., M.A., LL.B. (Pani.).
- 3. C. L. Mathur, Esq., B.Sc. (Panj.), M.A., LL.B. (Cantab.), Bar. at-Law. Desh Raj Mahajan, Esq., M.A., LL.B.
- (Pani.). 5. Abdul Qavum Malik, Esq., B.A. (All.).
- Bar.-at-Taw.
- 6. D. C. Balli, Esq., Bar.-at-Law.
- 7. Shamair Chand, Esq., B.A. (Pani.), Bar.at-Law.

- Azim Ullah, Esq., B.A., LL.B. (Panj.).
   Narinjan Singh, Esq., B.A., LL.M. (Panj.).

Part-time Lecturers.

## \*III.—THE HAILEY COLLEGE OF COMMERCE, LAHORE.

The College was founded in the year 1997 with the view of providing a sound commercial training to young men, who, possessing a good general education, wish to qualify themselves for positions in the higher branches of commercial life. The curriculum provides for a full three years' course of preparation in all the subjects required for the Degree of Bachelor of Commerce in the University of the Panjab.

Evening Classes are held in the College in order to allow those who are engaged in business houses during the day an opportunity of improving their commercial knowledge and thus making themselves more efficient. The minimum standard of education required for admission to the classes is the Matriculation Examination, or its equivalent.

The full course extends over three sessions and the classes

will commence on the 7th October, 1936.

There will be an examination conducted by the College at the end of the first and second years and certificates awarded to successful candidates, and a University Diploma in Commerce at the end of third year.

The College, which is controlled by the University, is managed by a Committee which represents not only academic but also industrial and commercial interests.

<sup>\*</sup>This institution is maintained by the University of the Panjab.

About 40 students are admitted each year to the Degree Course on the results of the University Intermediate Examinations in Arts and Science. The number of students attending the Degree Course on the 31st March is 126 and in the Evening Classes 12.

The College buildings were given by the late Sir Ganga Ram and are situated on Cust Road, facing the University Stadium, and hostel accommodation is provided in the College grounds. The playing fields are situated behind the Civil Secretariat and provision is also made for Temms and Badminton in the grounds adjoining the hostel.

A good commercial library has been provided for the use of staff and statents and this is being extended each year. A Commercial Museum is being provided in order to give students an opportunity of first-hand acquaintance with industrial and arricultural products.

The College Magazine—The Ganga—is published once each term during the academic year. It is devoted to a discussion of commercial and economic subjects and all matters relating to the activities of the College, its students, past and present.

The Staff at present consists of:-

#### PRINCIPAL.

J. W. Thomas, B.COM., B.SC. Hons. (London). (On leave).

## IV.—KING EDWARD MEDICAL COLLEGE, LAHORE.

Established 1860, with the object of providing education in Western Medicine for the people of the Punjab.

The new King Edward Medical College is situated in Anarkuli opposite the Nila Gumbad and consists of (a) the Patiala main block, with administrative offices, large examination hall and library, four lecture theatres, Council room, Museum and Common rooms for Professors and students; (b) the Bahawalpore Pathology-Physiology block, with Pathology department on the ground floor and the department of Physiology on the first floor—each a complete unit in liself, with lecture theatres, practical class rooms, work rooms, Museums, etc., and a room for the Hygiene department; (c) the Farifikote Anatomical block, a unit complete in itself for the efficient teaching of Anatomy; (d) the Kapurthala Materia Medica block, which also forms a complete unit for the department of Materia Medica; (e) a Cold Storage block, with associated separate Pathological and Medico-legal post-morten theatres.

Attached to the College there are also two large hostels for College students.

Associated with the College there are two large Hospitals, viz., Mayo Hospital with 422 beds and Lady Willingdon Hospital for Women with 60 beds for clinical instruction of students.

The College is supported by Government. The cost for 1985-58 was Rs. 4,98,159. It educates students for the degrees of M.D., M.S., D.L.O., B.D.S., and M.B.B.S., providing a full Medical Curriculum as required by the General Medical Council of Great Britain. It is under the immediate control of the Punjab Government. The following endowed Scholarships and Prizes are connected with the College:—

Grey-Bahawalpore Scholarships to the amount of Rs. 350 per annum.

Burton Brown Memorial medals in Medicine and Physiology. Neil Memorial medals in Surgery and Anatomy.

Ewin's Memorial Medal in Mental Diseases.

Sutherland Memorial Medal in Medicine.

Beli Ram-Lamont Memorial Medal in Practical Anatomy,

Mackenzie Memorial Medal in Pathology.

Bott Memorial Medal in Operative Surgery.

Ramkishen-Mackenzie Purse, awarded to best Hindu student in third year.

The number of students at present on the rolls of the College is 504.

## V.—LADY HARDINGE MEDICAL COLLEGE, NEW DELHI

The Lady Hardinge Medical College was opened by Lord Hardinge on the 17th February, 1916.

It is a residential Medical College staffed entirely by women, and was founded to commenorate the visit to Delbi in 1911 of the Queen Empress. Lady Hardings took the initiative in raising funds by public subscription to meet the cost of buildings and equipment. Thirty-one lakins of rupees in all have been given for these purposes, chiefly by the Ruling Princes and Chiefs of India. After Lady Hardinge's death in 1914, it was decided that the institution should serve as a memorial to its founder and be called by her name.

The Governing Body includes the Director-General, Indian Medical Service, the Chief Commissioner of Delhi, the Chief Engineer, Delhi Province, the Educational Commissioner with the Government of India, the Chief Medical Officer, Women's Medical Service, a representative elected by the All-India Association of Medical Women and the Surgeon to H.B. the Viceroy. The Honorary Secretary, who is also a member of the Governing Body, is the Deputy Director-General, I.M.S. The Deputy Accountant-General, Central Revenues, acts as Honorary Tressurer.

The College and Hospital, together with hostels for 150 medical students and 80 nurses, and residences for the medical and teaching staff, occupy a site of 50 acres in New Delhi, within easy reach of the old city of Delhi.

The College buildings contain a Library, Museums, Lecture Rooms, Offices and Laboratories. Separate hostels are provided for Hindu, Moslem, Sikh and Christian students. The Hospital is a fine building with accommodation for 240 in-patients and a commodious out-patients' department. The College is supported by a grant of three and a half lakhs from the Government of India, supplemented by grants from Provincial Governments and Indian States. Shidents are prepared for the Intermediate Science Examination and M.B.B.S. Degree of the Panjab University, with which the College is affiliated.

#### MEDALS.

1. A Vicercy's Selver Medal is awarded annually by the Council of the Countess of Dufferin Fund to the student who passes highest in the Final Professional Examination.

2. A Gold Medal, presented by Diwan Bahadur Daya Kishan Kaul, c.i.e., as a memorial to the late Lady Hardinge, is awarded annually to the student who gains most marks in the First Division of the Intermediate Science Examination (Medical

Students' Group).

3. A Gold Medal, presented by H.H. the Maharaja of Benares, and known as the Lady Chelmsford Medal, is awarded annually to the student who obtains the highest place in the First Professional Examination, provided she gains 65 per cent. of the aggregate marks. Otherwise a silver medal is awarded.

4. A silver medal by Major A. C. Chatterjee, I.M.S., and known as the Lady Willingdon Silver Medal, is awarded annually to the student who obtains the highest marks in Hygiene in the Third Professional Examination, provided she obtains 66 per cent, of the total marks in that particular subject.

#### SCHOLARSHIPS.

 Three scholarships of Rs. 30 p.m. are offered annually by the Council of the Dufferin Fund, tenable for seven years, with the condition of two years' service under the Council on the holder completing the Medical Course.

2. One scholarship of Rs. 40 p.m. is offered to a student from the North-West Frontier Province with the condition that on the completion of her Medical Course the holder shall

serve in the N.-W.F. Province for a period of five years.

3. Five scholarships of Rs. 30 each have been offered to Sikh students and are awarded, on the recommendation of the Principal, by Chief Khalsa Diwan of Amritsar, to whom applica-

tion may be made.

4. A scholarship of Rs. 15 p.m. is offered annually by Bai
Dhunibai B. Malaberi to the Parsi, Hindu, or Moslem student

who does the best work in Physiology.

5. A scholarship of Rs. 15 p.m. is offered annually to the most deserving student of the College, not already holding another scholarship, by the wife of the Honourable Maharaja Ranajit Sinha of Nashipur, in memory of the late Lady Hardinge.

6. A scholarship of Rs. 15 p.m. is offered by Kunvari Shri Bunali Bai eldest danghter of the Thakur Sahih of Limbdi. for a period of five years to any student who joins the College

from the Province of Kathiawar or Guiarat.

7. Four Bursaries of Rs. 10 p.m. are offered annually, from the interest on Rs. 10,000, given by Lord Hardinge, to deserving students who have inadequate means. The students who receive these are expected to give some help to the Librarian or some other member of the College Staff.

8. The number of students on the College rolls on 31st March, 1986 was 184

# VI.—CENTRAL TRAINING COLLEGE, LAHORE.

The Central Training College was established in 1881, and was for some months accommodated in a building in the Hazuri Bagh. It was then located for a time in the Government College, an old building near the Senate Hall being utilised as a Practising School. It was removed to its present site in 1887. The College buildings have been considerably enlarged and extended to meet the growing demand for trained teachers in the Province. A Manual Training room has been erocted at a cost of about Rs. 6,000 in which students are taught the principles of wood-work and simple metalwork, and how to construct simple pieces of apprartus. The College also possesses a fine large room, properly situated and completely equipped, for the teaching of Drawing. There is a lawn adjacent to the

College for the students' games and a playing field a short distance away.

The Boarding House attached to the College has accommodation for 200 students, and all are expected to reside therein. A fine covered Swimming Bath 60 ft. by 30 ft., with a tenfoot verandah all round, has also been constructed for the use

of the students.

The Central Training College is under the control of the Director of Public Instruction, Punjab, and is the only Institution in the Province which prepares students for the Senior Anglo-Vernacular Certificate for Secondary Teachers issued by the Education Department and for the B.T. Degree. Great importance is attached to physical training, games and drill. There are Gardening, Health and Hygiene and Boy Scout Clubs.

In April, 1903, the College was affiliated to the Panjab University and is the only Institution for men at present, which prepares candidates for the Dogree of Bachelor of Teaching. Candidates for admission to the B.T. Degree Class are required to have passed the Examination for an Arts or a Science degree before beginning the course of training. The First Examination for the B.T. Degree was held in April, 1905.

The Central Model School, the Practising School of the College, teaches up to the Matriculation Standard of the University, in both the Science and Arts Faculties as well as Post-Matric. Clerical and Commercial Subjects. There are about 739 boys

on the rolls.

The College is maintained entirely by Government at an

annual cost of nearly one lakh.

The number of students on the College rolls on Sist March, 1936, was 189.

# Special Post.

15. L. Jagdish Chand Bhatia, B.A. (Panjab) Hand-work.

 Mr. H. W. Hogg, Adviser in Physical Education, Punjab, is also attached to the College Staff.

# VII.—PUNJAB AGRICULTURAL COLLEGE, LYALLPUR.

 The College was founded and endowed by Government in order to provide a thorough course of instruction in the sciences which have a bearing on Agriculture and also in the practice of Agriculture.

2. The main object of the College is to give such a combined and systematised course of Scientific Agriculture as will enable it to send out men who will be competent to further the progress directive in the most approved, economical and up-to-date lines either as assistants in one or other of the branches of the Agricultural Department or as managers of their own or others' estates.

3. The College is under the control of the Director of Agriculture, Punjab, with the advice of the Director of Public Instruction, Punjab, while the executive charge is vested in the

Principal assisted by a staff of Professors and Assistant Professors, Lecturers and Demonstrators.

4. The College fees are payable monthly in advance. The fees fall due on the 10th of every month.

#### FIRST AND SECOND YEARS.

```
For all Punjab students and
students from Native States
and other Provinces of British
India including scholarship-
holders
```

#### THIRD AND FOURTH YEARS.

```
For all Punjab students and students from Native States and and other Provinces of British India including scholarship holders .... Rs. 12 per mensem.
```

Fifth and Sixth Years ... Rs. 15 per mensem.

Tuition Fees paid in advance are not refunded, should a student leave the College. If any fees have not been paid by the day they are due, a fine of one anna a day is charged for each day of delay.

In addition a sum of Rs. 800 per student per annum will be payable on behalf of all non-Punjabi students admitted from Indian States and other Provincial Governments (except Delhi Province) on account of the cost of maintenance of the Institution. This sum has been fixed for each of the next three years and will come under review at the end of that period.

## Scholarships and medals:-

- (a) Five scholarships, each of the value of Rs. 6 p.m. and tenable for two years, will be granted each year on the results of the Christmas terminal examination to first year students who are sons of cultivators or landowners. One will be allotted to each civil division.
- (b) Five scholarships, each of the value of Rs. 10 p.m. and tenable for one year, will be awarded to the first five students on the results of examinations held at the end of the first year. They can be held with other scholarships.
- (c) Ten scholarships of Rs. 12 p.m. and five of Rs. 15 p.m., all tenable for two years, will be awarded on the results of the University examination held at the end of the second year. The total number of such scholarships will not exceed one-third of the number of students in the third year class.

- (d) One scholarship of Rs. 12 p.m., tenable for one year, is awarded to the student who does best in practical agriculture in the same examination.
- (e) A number of District Boards award scholarships of about Rs. 10 to Rs. 30 p.m. to deserving students of the Agricultural College.
- (f) University scholarships are tenable at the Punjab Agricultural College.
- (g) One sufficiently promising graduate of the College will be sent annually to one of the Indian Agricultural Colleges or Research Institutes for post-graduate studies for two years. During the course of training he will be in the cadre of 'A' class Agricultural Assistant (on probation) in the grade of Rs. 100— 10—200—10—300. The tuition fee at the place of training will be borne by the Denartment.
- (h) A post-graduate scholarship of £250 per annum, tenable for two years, has been instituted by Government for the study of agriculture in foreign countries. This will be awarded to a student who has passed the B.Sc. examination in agriculture and has carried out the research work for which a scholarship mentioned in (c) above is provided.
- (i) A gold medal is awarded to the student who obtains the highest aggregate marks in the B.S.o. examination in agriculture. Another gold medal is awarded to the best graduate in the fourth year, taking account of educational, moral and athletic efficiency. A silver medal is awarded anunally to the student obtaining the highest number of marks in (a) chemistry and (b) botany by rotation. Another silver medal is awarded each year to a graduate of the P.A.C., Lyallpur, who secures highest aggregate number of marks in agriculture and economics both written and practical.
- (j) Three prizes, each of the value of Rs. 15 in the form of books, are given to the students standing first in the house examinations in botany, zoology and chemistry respectively at the end of the first year.
  - A prize of the value of Rs. 25 in the form of books is given to the student standing first in the house examination in agriculture at the end of the first year.
  - A prize is awarded to students in a manner calculated to stimulate their interest in the College scientific and literary society, and various prizes and challenge cups for sports are annually competed for.

In addition, the following prizes in the form of books are also awarded on the combined results of all the house ex-

aminations to the students standing first in the following subjects :-

### 1st year .-

- 1. English.
- Mathematics and Land Surveying.
   Workshop.
- Physics.

## 3rd year .-

- Agriculture.
- 2. Botany Principal.
- 3. Zoology and Entomology Principal. 4. Chemistry Principal.

## 4th year .-

- 1. Agricultural Economics.
  - 2. English.

Best ploughman in the College.

5. The number of students on the College rolls on 31st March. 1986, was 190.

# VIII.—THE MACLAGAN ENGINEERING COLLEGE, MOGHALPURA (LAHORE).

The Maciaçan Engineering College, formerly known as the Moghalpura Technical College, was started in October, 1923. It was founded with the object of providing efficient theoretical and practical training for young men intending to follow the profession of engineering. It is a Government Institution under the control of the Chief Engineer, Punjab P.W.D., Buildings and Roads Branch, and has been affiliated to the Panjab University with effect from 1931. The curriculum provides for a full three years' course of preparation in all the subjects required for the Degree of Bachelor of Science (Engineering) in the University of the Panjab. The total number of students on the rolls of the College on 31st March, 1986, was:—

"A" Class (affiliated to the University) ... 83
"B" Class (not affiliated to the University) ... 151
"O" Class (not affiliated to the University) ... 20

The College buildings are situated in some 30 acres of ground on the north side of the Grand Trunk Road, within 10 minutes' walk of the North-Western Railway Locomotive, Carriage and Wagon shops, and the Electric Power House.

The main block is in the centre of the College grounds. In addition to numerous lecture theatres and class rooms, it contains:—

A Chemical Laboratory, a Physics Laboratory, an Applied Mechanics Laboratory, a Heat Engines Laboratory, a Strength of Materials Testing Laboratory, an Electrical Engineering Laboratory and a commodious library. Special buildings include a workshop, a storage battery house, and a Suction Gas Production House. The extensive grounds of the College are divided into lawns, gardens, playing fields, tennis courts, etc. The College is a residential institution and all students ex-

The College is a residential institution and all students except Europeans and Anglo-Indians must, as a rule, live in the Hostel provided for them. Admission is by an open competitive examination to candidates who have passed the Intermediate Examination of the Panjab University or its equivalent.

## IX.—GOVERNMENT COLLEGE, LAHORE,

The College was opened on the 1st of January, 1864. The present building was begun in 1872 and completed in 1877. It is affiliated to the Panjab University and provides instruction as follows:—

as follows:—
For the M.A. Examination in English, Sanskrit, Arabic, Persian, History, Reconomics, Philosophy, Psychology, Mathematics and Political Science.

Students are admitted to the Honours Schools (B.Sc. and M.Sc.) in Physics, Chemistry, Botany and Zoology and the M.Sc. Class in Technical Chemistry.

For the B.A. Examination in English, Sanskrit, Arabic, Ferstan, History, Economics, Philosophy, A and B Courses of Mathematics, Political Science, French, Urdu, Hindi and Panjabi, including Honours Classes in some of these subjects.

For the B.Sc. Examination in Chemistry, Physics, Botany and Zoology and additional subjects as above.

For the Intermediate Examination the College is affiliated in English, Sanskrit, Arabic, Persian, History, Geography, Philosophy, Mathematics, Biology, Physics, Chemistry, French, Urdu, Hindi and Paniabi. The College buildings comprise the main building in which is situated the College Hall, the library including a reading room and the Stephenson Vernacular Library; the Chemistry Laboratory; the Biological Laboratories with Natural History and Botanical Museums and the Physics Laboratories.

There is a Laboratory for Experimental Psychology in the

Physics Building.

The University Schools of Botany, Zoology and Physics are located in the Government College.

There is a Gymnasium and covered Swimming Bath.

The College Compound includes playing grounds for hockey, football, tennis, volley-ball, basket-ball, wrestling and boxing.

The Principal and five members of the teaching staff reside

within the College precincts.

The Quadrangle or Old Hostel has 101 cubicles and 22 dormitories, a common room, 5 kttchens and 3 dining rooms and accommodates 181 boarders.

The New Hostel has 10 special suites of 2 rooms, 77 cubicles and 38 dormitories, accommodating 197 boarders, and a common room. There are 6 bath rooms and 6 lavatories with modern sanitation and 3 dining rooms. A tube-well, 275 feet deep, provides water for both hostels as well as for the laboratories, quarters and playing grounds.

Each hostel is under the supervision of a resident Superintendent.

#### FEES.

The tuition fees payable are given below:-

Rs. A. P. Intermediate Classes (24 months) 12 4 0 B.A. and B.Sc. (Pass) Classes months) (24 M.A. and M.Sc. (Physics old type) months) B.Sc. Honours Schools, I and II Years (24 months) B.Sc. Honours Schools, III Year months) M.Sc. Honours Schools, IV Year (12 25 12 0 ... ...

Students reading for Honours in the Arts Honours Classes will pay an additional fee of Rs. 2 per mensem. Students reading French in the Intermediate and B.A. Classes will pay an additional fee of Rs. 3 per mensem.

A fresh admission fee, including the University re-admission fee of Rs. 11, will be charged from a student who leaves the College and rejoins. No fresh entrance fee will be levied from students of the Government College, Labore, who rejoin the College after success or failure in a University Examination.

Breakage Fee from Science Students towards Cost of Science Matheial and Breakage.

## X.—FORMAN CHRISTIAN COLLEGE, LAHORE.

1. Forman Christian College was established in the year 1866, and for the next four years furnished instruction to students preparing for the First Arts and Degree Examinations of the Calcutta University. At the close of that period, owing chiefly to the death of the Principal, the work of the College was suspended. In 1886 the classes were re-opened, in 1888 the first candidates from the institution appeared in the First Arts and in 1890 the first in the B.A. Examination of the Panjab University.

2. The present College site has an area of 14 acres in the most central part of Lahore, near the Imperial Bank, the General Post Office, the Y.M.C.A. and the Medical College. The University Offices, Laboratories and Library are within a few minutes' walk.

The buildings of the College comprise:—(1) the Main Building with Hall, Library, Offices and Lecture-rooms; (2) Lecture-rooms, Psychology and Chemical Laboratories; (3) the Chatterji Physics and Biological Laboratories; (4) the James M. Speers' Chemistry Laboratories; (5) Kennedy Hall; (6) Newton Hall on Napier Road; (7) The Principal's House; (8) Ewing Hall; (9) Velte Hostel of Napier Road; (10) The Abbey and (11) Princeton Lodge. The original cost of these buildings was approximately Rs. 6,40,000.

 The College is affiliated to the Panjab University and prepares students for the Intermediate, B.A., B.Sc., M.A. and M.Sc. Examinations.

4. The College is an aided institution and conforms to the Government regulations as to attendance and fees. The College is under the control of the Punjab Mission of the Presbyterian Church in the United States of America, but the American Methodist Episcopal Church also makes a contribution of personnel to the College Staff. Both bodies operate through a single Board of Directors, which in most matters is responsible for the government and control of the College.

5. The number of students enrolled in the six classes is (31st March, 1936) 1,065, of whom 644 are Hindus, 220 Muhammadaus, 148 Sikhs, 50 Christians and 3 Parsees. Hostel accommodation is also provided for 420 students.

# XI.—DAYANAND ANGLO-VEDIC COLLEGE, LAHORE.

1. The Dayanand Anglo-Vedic College (School Department) was opened on the 1st of June, 1886. The 1st and 2nd Year classes were opened in May, 1888 and 1889 respectively and the 3rd and 4th Year classes in 1893 and 1894. The M.A. class in Sanskrit was opened in 1895 and the M.A. in Economics in 1990. The M.A. classes in History and Political Science were in 1990.

- started in 1932 and the M.A. classes in English and Mathematics in 1934.
- 2. The College was established in honour of Swami Dayanand Saraswati, the founder of the Arya Samaj, with the following objects:-
  - (a) To encourage, improve and enforce the study of Hindi Literature.
  - (b) To encourage and enforce the study of Classical Sanskrit and of the Vedas.
  - (c) To encourage and enforce the study of English Literature and of Sciences, both theoretical and applied.
  - (d) To provide for technical education in the country.
- The College is located on the College Road, outside the crowded city of Lahore, near the District Courts and the Gol Bagh. It is within five minutes' walk of the University Library, the University Science Laboratories and the Honours Schools Lecture Rooms. The Institution is housed in its own magnificent buildings built at a cost of more than eight lacs of rupees. The buildings of the College comprise:-
  - (i) The Arts Block with the Hall, Lecture Rooms, Staff Room and Offices:
  - (ii) The Science Block with well-equipped Physics and Chemistry Laboratories with five Practical Rooms, five Lecture Galleries, Apparatus Rooms, Workshop, four Professors' Rooms, etc.;
  - (iii) A separate well-equipped Biology Laboratory with two Practical Rooms for Botany and Zoology, Museum, Professors' Rooms, etc.;
  - (iv) A Psychology Laboratory;(v) Lal Chand Library;
  - (vi) Hans Raj Library;
  - (vii) Seven blocks of rooms in the Hostel;
  - (viii) A Gymnasium:
  - (ix) A large Swimming Bath; (x) Common Rooms;

  - (xi) Eight residential quarters for the Principal, the Chief Superintendent and Life-Members;
  - (xii) A Sandhya Mandir;
  - (xiii) A Dispensary;
  - (xiv) A Pavilion on Bakhshi Jaishi Ram Grounds;
  - ' (xv) Offices for the U.T.C. and Editors of the College Magazine; the Director of Physical Education and the Medical Inspector, etc.:
    - (xvi) The College has ample playgrounds.
- 4. The Hostel is a part of the College premises. Its airy well-lighted rooms open on spacious lawns which are a

distinctive and attractive feature. It provides accommodation for about 522 students. The building comprises single-seated, two-seated and three-seated rooms,

There are Basket-ball grounds and Tennis courts. All the rooms, verandahs, staircases and compounds are fitted with electric lights. The two Common Rooms are well-equipped and are fitted with electric fans.

The Hostel is provided with flush latrunes and urinals. Two electric tube-wells supply plenty of water to the inmates of the Hostel for bathing and drinking.

5. The amount of endowment for the maintenance of the Institutions in the hands of the Managing Committee on the 31st of March, 1936, is Rs. 34,23,628-10-3.

6. Students are prepared for the Intermediate (Arts and Science), B.A., B.Sc., Honours Schools in Botany, Zoology, Chemistry, History, Physics, M.A. Examinations (Economics, Sanskrit, History, Political Science, English and Mathematics) and M.Sc. (Chemistry and Physics) of the Panjab University.
7. The Governing Body of the Institution is the D.A.-V.

College Managing Committee which consists of 101 members.

8. All Government Scholarships are tenable for award in the College. Fifty-eight special scholarships are awarded to the students of the College.

9. The number of students on the College rolls on the 31st

March, 1936, was 1,172.

10. The Staff consists of the following:-

## XII.—ISLAMIA COLLEGE, LAHORE.

The Islamia College, Lahore, is the most important Muslim Educational Institution in the Punjab, During the last few years it has grown in numbers, efficiency and importance, and ranks now as one of the leading Colleges in the Panjab University. The College is an aided institution. It is supported by the Anjuman-i-Himayat-i-Islam, Lahore, and is controlled by a Committee appointed by the Anjuman. It has a competent Staff and every attention is paid to the physical, mental and mornal welfare of the students. The College is run with the object of providing young Muslims with a sound University education on Western lines in a moral and religious atmosphere. Religious instruction is compulsory for all students. The whole College assembles for the weekly sermon every Sunday and the boarders in the hostels are encouraged to observe the daily prayers.

It is intended further to raise the standard of religious

Admission is open to all who fulfil the required conditions. irrespective of caste and creed.

A notable feature of the College is its Science Department. which is adequately staffed and fully equipped with up-to-date

appliances and apparatus.

The College is housed in a handsome block of buildings between Railway Road and Brandreth Road and is within 10 minutes' walk from the Railway Station. The main College building consists of the Habibia Hall flanked by two long wings containing class-rooms and the Physical and Chemical laboratories. An upper storey provides thirteen more class-rooms and the Biological laboratories, a well-equipped Library and Reading Room. The laboratories are provided with gas and electric light, and water is laid on. A science workshop has recently been erected. The lecture-rooms, etc., are fitted with electric fans.

There are two hostels belonging to the College. The Rivaz Hostel consists of 37 cubicles, 3 special rooms, 47 three-seated dormitories, a sick room, a prayer room, kitchens, dining rooms, bath-rooms, etc. The hostel is comfortable and managed by a capable whole-time Superintendent. The Crescent Hostel on the Cooper Road has been remodelled and consists of 66 cubicles.

There is a regular College Dispensary under the charge of

a competent Doctor.

Provision is made for the usual games and the College teams have given an excellent account of themselves in the University tournaments.

The students are medically examined, and their physical records are kept. Remedial exercises are suggested for students below normal, and advice is given to them for their health and physical well-being.

There are special arrangements for helping and supervising students in their work, and professors visit the hostels for the

purpose and also hold seminar meetings.

Students are prepared for the F.A., F.Sc., B.A., B.Sc. and M.A. Examinations of the Panjab University. The total number of students on the rolls on 1st March, 1936, was 796. Besides Government, University, Military, Municipal and District Board Scholarships there are Anjuman fee concessions and stipends tenable at the College.

# XIII.—THE KHALSA COLLEGE, AMRITSAR.

The Khalsa College (School Department) was established on the 23rd October, 1893, up to the Middle Standard, and was raised to the grade of a High School in March, 1896.

The Intermediate classes were formed in 1896, the B.A. classes in 1899, the F.Sc. and the B.Sc. in 1905, the M.A. in 1916, the F.E.A. in 1923, B.Sc. Agr. in 1931 and the Honours Schools in Chemistry and Botany in 1929. From 1930 a separate department has been created to stimulate and organise research in Sikh History. Political Science, as a subject for the B.A., was started in 1932, and the Honours School in History in 1933. The object of the Institution is: "To impart to Sikh youths

The object of the Institution is: "To impart to Sikh youths an education that will tend to raise the status of the Sikh people, to maintain the Sikh religion, to promote morality and sobriety of life, to develop active habits and physical strength, and to produce intelligent and useful citizens and loyal subjects of the British Crown."

The foundation-stone of the College was laid by the Hon'ble Sir James Broadwood Lysal on the 5th March, 1892, and that of the main building of the College and School was laid by the Hon'ble Sir C. M. Rivaz, K.O.S.I., on 17th November, 1904.

The College has got seven bearding houses, including one for Hindus and one for Muslims. There is a fine building for College lectures and School classes, fitted with electric lights and fans. The Dharamsala is conveniently placed between the College and School boarding houses. The Institution is a self-sufficing colony with a Dispensary of its own in the charge of a resident Doctor, a Dairy run on scientific lines for the supply of milk, butter, cream and cheese, a Farm supplying vegetables to the hostels and other residential quarters, Co-operative Stores supplying provisions, a Book Depôt, and a Post and Telegraph Office with a Savings Bank. The Principal and all the Professors live on the premises.

The Institution is chiefly designed for the higher education of

Sikhs, but non-Sikhs are also freely admitted.

The general management of the Institution is in the hands of

a Managing Committee of 26 members.

The Institution is situated in open and healthy country at a distance of about two miles from Amritsar. It has extensive grounds attached to it, affording ample space for games and sports of all kinds which receive every encouragement. There is a well-equipped Gymnasium for gymnastic exercises. A magnificent Pavilion has been added to the cricket grounds. There is also a swimming bath. For the recreation of city students the College provides a Club House near the city, with outdoor and indoor games and a radio set.

There is a Library containing 17,896 books. The Reading Room is regularly supplied with periodicals, both secular and

religious.

The courses of study are those prescribed by the Panjab University for the F.A. and B.A., F.Sc., F.E.A., B.Sc., and M.A. English Examinations. Candidates for the Intermediate Arts Course are prepared in English. Mathematics, Physics, Philosophy, History, Economics, Persian, Sanskrit and French; for B.A. in English, Mathematics (A and B), History, Philosophy, Economics, Political Science, Persian, Sanskrit, Arabic and Physics; for the F.Sc. Course in English, Mathematics, Physics, Chemistry and Biology; and for B.Sc. in English, Botany, Physics, Chemistry. B.Sc. in Agriculture was opened in September, 1981. Candidates are also prepared for the Medical Group of subjects.

Honours teaching is provided in English, Economics and Mathematics, and Honours Schools in Chemistry and Botany.

From 1932 Fruit and Vegetable preservation work has been started in connection with the Botany course of the B.Sc. Agriculture classes. A soap manufacture class has also been attached to the Chemistry Department.

The College is maintained chiefly from the interest on contributions from the Phulkian States, Kapurthala and Faridkote, as well as from an Endowment Fund raised by public subscription and an annual grant from Government and fees.

There are 170 stipends and scholarships enjoyed by the students

of this College.

The number of students on the College rolls on 31st March, 1936. was 937.

## XIV.—GORDON COLLEGE, RAWALPINDI.

Gordon College of the American United Presbyterian Mission has an excellent location on the edge of Rawalpindi City opposite the Municipal Garden. The grounds contain nearly ten acres, affording ample space for athletics and recreation.

The buildings are large and well furnished. The main building includes an assembly hall, eight lecture rooms, well-equipped Physics and Chemistry laboratories, staff-room and offices.

A new Science Hall with class-rooms, laboratories, professor's offices and new equipment for Physics, Chemistry and Botany was opened in October, 1997. One wing is used as Library.

For the Intermediate Examination lectures are given in English, Mathematics, Philosophy, History, Economics, Physics, Chemistry (Organic and Inorganic), Botany and Zoology, Persian, Sanskrit, Arabic and French. For the Bachelor's degree in Arts courses are offered in English, Philosophy, History, Economics, Mathematics (A), (B), Persian, Sanskrii and Arabic.

For the Bachelor's degree in Science courses are offered in English, Botany, Chemistry and Physics.

The tutorial system is in force in the College.

The bostels of the College will accommodate 145 men. An American Professor with quarters adjoining the hostel, has the supervision of the boarding house. The Common Rooms are well supplied with games.

Hockey, football, basket-ball, volley-ball and tonnis grounds are provided. The interest in athletics is one of the special

features of student life in Gordon College.

The number of students on the College rolls on 31st March, 1936, was 470.

## XV.—MURRAY COLLEGE, SIALKOT CITY.

This College was opened in the year 1889 by the Church of Scotland Mission, and for twenty years it prepared students up to the F.A. standard only.

The present buildings were opened by the Lieutenant-Governor in October, 1909, and provide accommodation for about 450 students.

The College is affiliated to the Panjab University and prepares students for the Bachelor of Arts (B.A.) Degree Examination in English, A and B Courses of Mathematics, Philosophy, History, Economics, Political Science, Persian, Sanskrit, Arabic, Urdu, Hindi and Panjabi, for the Intermediate (F.A.) Examination in English, Mathematics, Physics, Chemistry, Philosophy, History, Economics, Persian, Sanskrit, Arabic, Urdu, Hindi and Panjabi; and for the Intermediate Science (F.Sc.) Examination in Physics, Chemistry and Biology. The College also prepares students for the three-paper Honours Courses in English, Mathematics, Persian and Economics.

College tutors take a general interest in the conduct and progress of their wards.

The number of students on the College rolls on 31st March, 1986, was 438.

The Library contains nearly 6,100 volumes.

## XVII.—SADIQ-EGERTON COLLEGE. BAHAWALPUR.

This institution was first established in 1882 and called the Egerton Upper School after Sir Robert Egerton, at that time the Lieutenant-Governor of the Province.

Intermediate Classes were opened in October, 1886, and B.A. Classes in June, 1892, but it was thought advisable to abolish the B.A. Classes in June, 1900. In October, 1926, they were re-opened. In June, 1927, F.Sc. Classes were also added.

There are scholarships for each class and are awarded only to the residents of the Bahawalpur State. A library with a reading room is attached to the College. The College possesses two spacions hostels where allocation of seats is made according to the merits of the students. There is a small library and a reading room attached to each hostel.

The College provides for all games. In October, 1934, a Rowing Club was also established. Besides these the College maintains a College Union, a Students' Service Society, an Historical Society, a Dramatic Society and the Bazm-i-Urdu.

The number of students on the College rolls on 31st March, 1936, was 301.

## XVIII.-RANDHIR COLLEGE, KAPURTHALA.

 The Randhir College, Kapurthala, was originally founded in 1856 by the late Raja Randhir Singh, Ahluwalia. It was raised to the level of an Intermediate Arts College by H.H. The Maharaja Sir Jagatjit Singh, a.c.s.r., in 1896. F.Sc. classes were

added in 1920.

2. The College provides for the following subjects included in the University Course for the Intermediate Examination: English, Mathematics, Physics, Chemistry, History, Philosophy, Economics, Sanskrit, Persian, Arabic, and Biology, Hindi, Urd, Panjabı and French. The Oriental Department is affiliated to the University in Sanskrit, up to the Honours standard. French is taught as an Optional Subject and also in place of Sanskrit. Arabic or Persian.

3. In 1912, new buildings were constructed to commemorate the visit of H.M. The King-Emperor to India, opened in 1913 by Sir Louis Dane, then Lientenant-Governor of the Punjab. Two boarding houses with 70 cubicles and a few dornnitories provide accommodation for 125 boarders. Arrangements have been made for irrigating the fields round the College for playing purposes. A new gymnasum has been constructed.

4. Poor students of the State are admitted free, and a number of scholarships are given to deserving students. No fees are charged from students of the Oriental Classes, and the Dharmarth (Charity) Department of the State provides them with free, board and lodging.

5. A Darbar, presided over by His Highness, is held annually for the distribution of prizes. Medals are awarded to students standing first in the Shastri and Intermediate Examinations.

The number of students on the College rolls on 31st March, 1936, was 210.

- Professor of Economies.
- 9. L. Tara Chand, B.Sc. (Panj.), Lecturer in Chemistry.
  10. B. Pooran Singh, D.P.E. (Madras), Honours in Panjabi (Panj.), Physical Training Supervisor.
- 11. M. Mohd, Anwar-ul-Hassan, H.A., H.P., H.U., O.T. (Pani.), Professor of Persian, Arabic and Urdu.
- Pt. Sansar Chand Shastri, B.A. (Panj.), Professor of 10 Sanskrit and Hindi.
- B. Hara Singh, Honours in Panjabi (Pani.), Lecturer in 13. Paniabı.

#### OPTENDAT. COLLEGE STATE

- Pt. Kashi Ram, Shastri, o.r. (Panj.), Head Pandit.
- Bhai Hara Singh, Gyani (Panj.), English Master.
- Pt. Sagli Ram, Shastri (Pauj.), Second Pandit. Pt. Purshotam Das, Shastri (Panj.), Third Pandit.
- 5. Pt. Vishya Nath. Fourth Pandit.
- Note .- Dr. Sher Mohammad, House Surgeon, Randhir Hospital, and X-ray expert, is the College Physician.

# XIX.-THE MOHINDRA COLLEGE, PATIALA.

This institution has grown out of a school originally founded by H.H. Maharaja Narindra Singh, but first placed on an organised basis in 1870 by H.H. Maharaja Mohindra Singh. In January, 1874, the school was affiliated to the Calcutta University. In March, 1875, the foundation-stone of the new building, which has cost more than five lacs of rupees, was laid by H.E. Lord Northbrook in an open and healthy quarter outside the city. An F.A. class was opened in 1880, and the institution was raised to the status of a first grade college in 1887, when to commemorate the 50th year of Her Gracious Majesty, the Queen-Empress Victoria, the College was affiliated to the B.A. standard of the University of the Panjab. It was affiliated to the M.A. in Mathematics in 1912, and to M.A. in Philosophy in 1922. F.Sc. classes were opened in 1920. Up-to-date and wellequipped laboratories and class-rooms are provided for the Science Department. A small museum and a botanical garden are also attached to the Science Department.

To the College are attached a large and spacious Hostel, capable of accommodating 150 students, a well-equipped Gymnasium, a good Library, a well-furnished Reading Room, and a residence for the Principal who has the supervision of the Boarders, and is assisted by a Warden. It has extensive grounds. Physical exercise is compulsory and a whole-time Gymnastic

Instructor is in charge of the Gymnasium.

Scholarships of the total value of Rs. 1,000 are awarded to the deserving students, as determined by the College and the University examination results. The Northbrook Gold Medal is annually awarded to the student standing first in the B.A. Examination from among students sent up from this College. Two silver medals in memory of Professor Paran Chandra Rai are awarded every year to students standing first from this College in Physics and Chemistry in the Intermediate Arx and Science and B.A. Examinations of the Panjab University. Homours courses for B.A. classes are also tanght according to new regulations. The tutorial system is in force and encouragement is given to seminary work and study circles.

The College has a monthly journal called The Mohindra.

Admission to the College is limited. Patiala State subjects

have prior claims.

The number of students on the College rolls on 31st March, 1986, was 520.

## XX.—SRI PRATAP COLLEGE, SRINAGAR. KASHMIR.

This College was founded in 1905, and was affiliated to the

Panjab University in the following year.

Up to the 22nd of July, 1911, the College was under the management of a Local Committee subject to the general control of the Trustees of the Central Hindu College, Benares. On that date it was transferred to the Kashmir State and placed under the Minister of Education. Since then many improvements have been carried out. It is affiliated up to the E.A. standard in English, Mathematics, Persian, Sanskrit, History, Philosophy, Arabe and Economics, and up to the M.A. in Philosophy, Mathematics and Sanskrit; also up to the Intermediate standard in Science and Biology.

Daily religious exercise is compulsory for all students. Ample provision is made for Games—hockey, cricket, football, tennis, badminton, volley-ball, athletics, swimming and boating. A permanent Gradinate Physical Instructor's appointment has been made to be on the College Staff.

Through the generosity of His Highness the Maharaja

Bahadur gold medals are annually awarded as follows:—

1. Hardinge Medal founded in 1912, to be awarded every year to the most distinguished of the B.A. candidates from this

College.

2. Chelmsford Medal announced in 1918, to be awarded annually to the successful B.A. candidate from this College who

is the best all-round student in his class.
3. Lord Reading Medal annonned in 1921, to be awarded annually to the student who stands first in Philosophy in the

B.A. Examination from among the students of this College.

 Prince of Wales Medal announced in 1992, to be awarded annually to the student who stands first in Biology in the F.Sc.
 Final Examination.

 P. Snraj Narain's medal for the research work in B.A. Economics.

The number of students on the College rolls on 31st July, 1986, was 989.

## XXI.—PRINCE OF WALES COLLEGE, JAMMU.

This College was founded by His Highness Major-General Sir Pratap Singh, o.c.s.r., o.c.r.e., Maharaja of Jammu and Kashmir, to commemorate the visit paid to Jammu in December, 1905, by His Royal Highness George, Prince of Wales, the late King-Emperor George the Fifth.

The College was opened on the 20th April, 1907, in the Anaibghar. The foundation-stone of the new College was laid on the 16th December, 1910, and the building was completed in June, 1912. Admission is open to boys and garls coming from areas within the State.

The new College is situated in extensive grounds in a very healthy locality near the Tawi and the Ranbir Caual, and commands magnificent views of the snowy ranges. A branch of the canal runs through the grounds. The Hostel is close to the College. The grounds afford ample space for playing fields. Electric lights have been provided in the Hostel and electric fans in the College and laboratories. Electricity for experimental purposes has also been provided in the Physics, Chemistry, and Geology laboratories.

The College provides instruction up to Degree standard in the following subjects:-

English, Sanskrit, Arabic, Persian, History, Economics. Mathematics (Applied and Pure), Physics, Chemistry and Geo-

There are well-equipped Laboratories for Physics, Chemistry and Geology; and a Geology Museum, which has been enriched by a large collection of British Fossils and Rocks, the gift of McKenny Hughes, Esq., Woodwardian Professor of Geology. Cambridge.

Scholarships to the amount of Rs. 2,620 are awarded to poor and deserving students who are State subjects.

The number of students on the College rolls on 31st March, 1936, was 498.

#### STAFF.

- S. R. Suri, B.A., M.Sc. (Panjab), Principal and Professor of Physics.
- Chand Mal, M.A., B.T. (Panjab), Professor of English.
   Prem Nath Qazi, M.A. (Panjab), Professor of English.
- 4. Abdul Rashid, M.A. (Panjab), Lecturer in English.
- Sham Lal Pandit, M.A. (Lucknow), Lecturer in English.
- T. L. Manghirmalani, M.A. (Bombay), Professor of History.
- Panna Lal Aggarwal, M.A. (Panjab), Professor of Economics.
- Girdhari Lal Gupta, M.A. (Panjab), Professor of Mathematics.
- 9. S. L. Varma, M.A. (Panjab), Lecturer in Mathematics.
- Siddheshwar Varma, Shastri, M.A. (Panjab), D.LITT. (London), Professor of Sanskrit.
- Rafi-ud-Din, M.A. (Panjab), Professor of Persian.
- Jalal-ud-Din, B.A., Lecturer in Arabic.
   Manak Chand Khosla, M.Sc. (Panjab), Professor of Chemistry.

- Daulat Ram Hooja, M.Sc. (Panjab), Professor of Physics and Chemistry.
- 15. Fazal Haq, M.Sc. (Panjab), Lecturer in Physics.
- 16. Raghunath Sawhney, M.Sc. (Panjah), Lecturer in Chemistry.
  - R. K. Zutshi, M.sc. (Panjab), Lecturer in Physics and Chemistry.
- 18. B. K. Bose, M.Sc. (Calcutta), Professor of Geology.
- 19. Navm Chandra, B.sc. (Panjab), Lecturer in Geology.
- Jia Lai, M.A. in Sanskrit and Honours in Hindi, Lecturer in Hindi.

## XXII.-DYAL SINGH COLLEGE, LAHORE.

- The Institution owes its origin to the noble generosity of the late Sardar Dyal Singh Majithia. The foundation-stone was laid by His Honour Sir Louis Dane on 3rd May, 1910.
- 2. The scope and character of the College in the terms of the Will and Testament of Sardar Dyal Singh Majithia is:—
- "It shall be the duty of the said Committee of Trustees to establish and maintain, out of the funds and income of the property mentioned in paragraph VIII hereof, a First Class Arts College, with or without any school classes as to the said Committee may appear desirable, to be called by such name as the said Committee may decide, for the spread and dissemination of a sound liberal education in this Province, in which College every attempt shall be made to inculcate pure morality and the principles of Theism consistent with the tenets of the Brahmo religion by the personal example of the teaching staff as far as possible and by instituting a course of lectures and by such other similar means as may to the said Committee appear proper and feasible."
- "Save as above provided, the said College shall, in other respects, be a thoroughly efficient non-denominational College affiliated to the Universities of Calcutta and Panjab, teaching up to the highest standards and imparting instructions on the same lines generally as the Government Colleges in this country, and looking after and promoting the physical, mental and moral well-being of the pupils on its rolls."
- 3. The College teaches up to M.A. standard of the Panjab University and is affiliated in the following subjects. The authorities have decided to admit women students in all classes.
- Intermediate Arts—English, Sanskrıt, Persian, French (Hindi for women students), History, Philosophy, Mathematics, Economics, Physics, Chemistry and Biology, and the Vernaculars (Hindi, Panjabi, Bengali, Urdu and Military Science).

Intermediate Science—English, Mathematics, Biology, Physics and Chemistry (Medical and Non-Medical Groups), and the Vernaculars (Hindi, Panjabi, Urdu, Bengali and Military Science).

B.d.—English, Mathematics (A and B Courses), Astronomy, History, Philosophy, Beconomics, Sanskrit and Persian; optional subjects, Hindi, Urdu, Panjabi and Military Science.

M.A.—Mathematics, Persian, Economics, History, Political Science.

Honours Courses for B.A. Classes are also taught. There is, moreover, provision for B.Sc. students who attend lectures in English in this College and lectures in Botany, Zoology in other Institutions under the University arrangements.

4. The control of the College is vested in the Board of

Trustees consisting of 9 gentlemen.

- Religious instruction is imparted to every class, and lectures on moral and religious subjects are arranged from time to time.
- 6. The Governing Body set apart every year a definite amount for the award of scholarships. The College provides scholarships to the value of about Rs. 2,000 a year, the award always depending on merit. Besides College Scholarships, all kinds of Government, University, Municipal and District Board Scholarships are open to the students of this College.

7. In the Boarding Houses attached to the College there is accommodation for about 320 students. The Principal and two Superintendent Professors are provided with free quarters. The number of students on the rolls on 31st March, 1936, was 995.

8. The College has a Library, a Reading Room, an up-to-date and well-equipped Gymnasium, The Union, a Month Magazine, Bazam.-i-lluun-Adab, Hockey Club, Tennus Club, Football Club, Boat Club, First Aid to the Injured, and "Boy Scotts Troop", Historical and Philosophical Clubs, Scientific Society, Dramatic and Music Club, Political Science Club, Young Speakers' Union.

#### STAFF.

Hem Raj, Esq., M.A. (Panjab), Principal and Professor of Mathematics.

and Professor of English.

K. M. Maitra, Esq., M.A. (Arabic and Persian) (Calcutta),

M.R.A.S., Professor of Persian.

Chiranjiva Lal, Esq., M.A. (Panjab), Professor of Economics and History.

Ganga Ram Kohly, Esq., M.sc. (Panjab), Professor of Biology. Mul Raj, Esq., N.A. (Panjab), Professor of Mathematics. Manohar Lal, Esq., B.A., B.T. (Panjab), Professor of Physics. Amar Nath Bhasin, Esq., M.A. (Panjab), Professor of Philosophy.

Behari Lal Anand, Esq., B.A., B.T. (Panjab), Professor of English.

Sant Ram Grover, Esq., M.A. (Panjab), Professor of English. U. N. Ball, Esq., M.A. (History and Economics) (Calcutta), Professor of History.
P. N. Pandit, Esq., M.Sc. (Panjab), Professor of Chemistry.

V. N. Sahai, Esq., M.A. (English and Sanskrit) (Panjab), B.A. (Oxon), Professor of English.

Mr. Lakhpat Rai Sethi, M.A. (Panjab), Professor of Political Science and Lecturer in History and English.

L. Karam Chand Dhawan, N.A. (Panjab), Lecturer in Mathe-

Som Nath, Esq., M.A. (Panjab), Lecturer in English.

Mr. Balraj, M.A. (Economics and History) (Panjab), Lecturer in Economics, History and English.

Pt. Gopi Chand Varma, Shastri, B.A. (Panjab), Professor of Sanskrit and Hindi.

Mr. Radha Kishan Sud, M.A. (English), LL.B. (Panjab), Lecturer in English.

Mr. Prem Nath Kirpal, M.A. (History), LL.B. (Panjab), Lecturer in History, Political Science and English. Mr. Laipat Rai Navar, M.A. (Panjab). Lecturer in History and

English. Mr. Abid Ali, M.A., M.O.L., LL.B. (Paniab), Part-time Lecturer

ın Persian. Madame A. Makeeff, Diploma-holder in French, Geneva, Part-time Lecturer in French.

Baligh-ul-Mulk Maulana Ahsan Ullah Khan Tajwar, Maulvi

Fazil, Munshi Fazil (Panjab), Fazil-i-Deoband, Lecturer in Urdu. Pt. Jai Chand, Shastri (Panjab), M.A., M.O.L., Vidya-Alankar, Gyani, Lecturer in Panjabi and Hindi and Sanskrit.

Lala Ram Lal, M.Sc. (Panjab), Demonstrator in Chemistry. Mr. Bhishamji Gulati, M.Sc. (Panjab), Demonstrator in Physics.

Mr. J. N. Chowla, в.sc., м.л., Demonstrator in Biology.

Mr. Harpal Singh (trained at Madras), Diploma-holder, Physical Training Instructor.

Mr. Baij Nath (trained at Madras), Physical Training Instructor.

## XXIII.—KINNAIRD COLLEGE FOR WOMEN. LATIORE

The Kinnaird College developed out of the Kinnaird High School for Girls. Intermediate classes were opened in October, 1913, and B.A. classes in 1917. At present the College is affiliated as far as the B.A. degree in English, Mathematics, Astronomy, Political Science, History, Philosophy, Economics, Sanskrit, Persian, Urdu and Hindi.

The College is supported by five Christian societies, viz., the Zenana Bible and Medical Mission, the American Presbyterian Mission, the Church Missionary Society, the American United Presbyterian Mission and the Punjab Indian Christian Conference. It also receives grants-in-aid from Government.

The College is governed by a Board of Directors consisting of two representatives of each of the above societies and a certain number of co-opted members. Provision is made in the constitution for the admission of other Christian bodies to co-operate in the management and support of the College.

In 1926 the College purchased the present site on Lake Road opposite the University playing fields. There are now on this compound six buildings of different sizes. Together with a neighbouring house which the College has on lease, these provide accommodation for class-rooms and the Library and also residential quarters for students and staff. There are three tennis courts, a basket-ball court, several badminton courts and plenty of space for trees and flowers.

The object of the College is to provide a Christian education. It is open to students of every religion. The number of students on the College rolls on 31st March, 1936, was 167 of whom 64 were in residence.

## STAFF. RESIDENT.

1.	Miss I. (Hons.)	T. McNair, (Glasgow).	м.л.	Principal and Lecturer English.	in
2.				Lecturer in English.	

3. Miss D. A. J. Lyon, M.A. (Hons.) (St. Andrew s). Lecturer in English. Miss S. Ittyerah, M.A., L.T. Lecturer in Economics and (Madras).

Miss C. Symonds, M.A. (Cantab.).

Miss P. Mangat Rai, M.A. Lecturer in History. (Panjab).

- Miss E. Chambers, M.A. (Western College, U.S.A.).
   Lecturer in English. 8. Miss K. Mathiparanam, Lecturer in Philosophy.
- 9 Miss F C Martin Warden

# Non Regrees

- Mr. Sardari Lal, B.SC., B.T. Lecturer in Mathematics. (Panjab).
- Mrs. L. Najam-ud-Din, M.A. Lecturer in English and (Panjab).
   Mr. Sunder Singh, M.Sc., B.T., Gyani (Panjab).
   Lecturer in Panjabi.
- Mr. Raghunandan Sastri, Lecturer in Sanskrit and
- Mr. Wahid-ud-Din, M.A., Lecturer in Persian and M.O.L., H.P. (Panjab). Urdu. Mr. Piyara Lal Anand, M.A. Lecturer in Political Science (Panjab).
   Lecturer in Political Science and History, (temporary).
- (Panjab). Sand History, (ter (Panjab). Lecturer in French.

## XXIV.—ISLAMIA COLLEGE PESHAWAR.

## (Dar-ul-Ulum-i-Islamia, Sarhad.)

The Dar-ul-Ulum was established in the year 1913. Its foundation was due to the recognition of the educational needs of the Mussulmans of the North-West Frontier Province by the leading Muslim gentlemen of the Province, who succeeded in awakening great enthusiasm for modern education, coupled with religious training, in the minds of their co-religionists.

As a result, a sum of nearly fifteen lakhs was collected in a very short time and, with the help of very liberal grants from the Local and Imperial Governments, the College, with an attached Collegiate School and an Oriental Faculty, was started.

A very fine site of 300 acres was purchased for the College some

three miles to the west of the Peshawar Cantonments on the Jamrud Road, so that the College presents a very striking appearance near the mouth of the Khyber Pass, and is the first object that attracts the attention of the numberless travellers from Afghanistan and Central Asia who pass along this great highway into India.

The College itself is a fine building designed on oriental lines of architecture, and consusts of a large hall, eleven class-rooms, a library and an office, and a fine block for the accommodation of Science classes. All round are green lawns, well laid out roads, gardens and trees and extensive playing fields. At the back of the College and the Science Block are five Hostels accommodating 60 students each, and to the east lies the Oriental Library, and the Collegiate School, to which are attached four large Hostels. A now College Hostel, with single rooms to accommodate 100 students, was opened in 1933. The College has its own shops and bazar, post and telegraph office, dairy, water-works and electric installation.

The College and School are entirely residential, and the Principal and members of the staff all reside within the College compound, and have the Hostels under their direct supervision. A special feature of the institution is the inclusion of classes for religious instruction in the regular time-table, and attendance

at prayers in the College Mosque.

The courses of study are those prescribed by the Panjab University for the F.A., B.A. and M.A., F.Sc., B.Sc., F.E.A. and B.Sc. (Agr.) Examinations. Candidates for the F.A. Examination are prepared in English, Mathematics, History, Philosophy, Arabic, Persian, Economics, Physics, Chemistry, Biology, Urdu and Pashto; for the B.A., in English, History, Philosophy, Economics, Mathematics (A and B Courses), Physics, Botany, Arabic, Persian, Urdu and Political Science; for the M.A., in Mathematics, English and Persian; for the F.Sc., in English, Mathematics, Physics, Chemistry and Biology; for the F.E.A., in Agriculture, Physics and Chemistry, Botany and Anatomy and Physiology of Domestic Animals, Mathematics and Land Surveying, and English; for the B.Sc., in English, Physics, Chemistry, Zoology and Botany; for the B.Sc. (Agr.), in English, Agriculture, Economics, Chemistry and Agricultural Chemistry, Botany and Applied Botany, Agricultural Zoology, Entomology, Agricultural Engineering and Elementary Veterinary Science; also for B.A. Honours, in Mathematics, English, Economics and Persian. F.Sc. classes were opened in 1917, B.Sc. in 1920, M.A. in 1929, F.E.A. in 1933 and B.Sc. (Agr.) in 1935.

The College Committee and the Duty Society grant Scholarships to deserving students. Besides Government, University District Board and Municipal Committee Scholarships, the following special scholarships are awarded to students of this College: 5 Col. Dimond Scholarships, 3 Sahibzada Scholarships, Special Agriculture Scholarships and Political Agency Scholarships (for

trans-border students).

The Collegiate High School was opened on 15th April, 1913, and now has about 400 boys on its rolls. The College, opened on 1st October, 1913, had 493 students on the rolls on 31st March, 1936, nearly all boarders.

## XXV.—THE SANATANA DHARMA COLLEGE LAHORE

The College is located in its own buildings on the Lower Mall, opposite the University Grounds.

#### AIMS AND ORIROTS OF THE COLLEGE.

On the 15th of May, 1936, the Sanatana Dharma College completed its 20th year of useful work and service.

The chief aim of the College is the formation of character, according to the highest ideals of Sanatana Dharma. For this purpose it utilises not only the teachings of the great thinkers of the past, but those of modern science as well.

#### RELIGIOUS AND MORAL INSTRUCTION.

Some periods are reserved weekly in the time-table for instruction in the basic principles of Sanatana Dharma and in its ethics. Dr. Raghuvira, M.A., Ph.D. (London), D.Litt. et Phil. (Utrecht, Holland), a Sanskrit scholar of international reputation, is in charge of the Department of Theology and Moral Education. He introduces the senior students to the teachings of Hindu Religion and Philosophy.

Pt. Kanshi Ram B.A., imparts instruction in these subjects

to junior students.

## Arts Faculty .--

Intermediate.—English, Sanskrit, Persian, History, Economics, Philosophy, Mathematics, Biology, Physics, Chemistry, Hindi, Urdu, Bengali, French and Geography.

B.A.—English, Sanskrit, Persian, History, Economics,
Philosophy, A and B Courses of Mathematics, Political

Science, Hindi and Urdu.

M.A.—Sanskrit and Economics.

Science Facultu .-

Intermediate.—English, Mathematics, Physics, Chemistry, Biology (Medical and Non-Medical Groups), Hindi, Urdu, Bengali and French.

B.Sc.-Botany and Zoology (Honours School), Botany and Zoology (Pass Course).

Oriental Faculty .-

Visharad (High Proficiency in Sanskrit).

Shastri (Honours in Sanskrit).

The management of the College vests in the Principal under the direction of the College Managing Committee elected from amongst the members of the Sanatana Dharma College Society (a registered body).

The College receives an annual grant-in-aid of Rs. 20,000

from the Punjab Government.

His Highness the Maharaja of Jammu and Kashmir gives a grant of Rs. 1,000 per mensem.

The College Hostels called the "Saraswati Bhawan" and the "Sharada Niketan" are situated on the College premises. They provide accommodation for 213 boarders in 190 cubicles, 7 two-seated and 3 three-seated rooms, which are all electrically fitted. A tube-well gives an abundant supply of water for bathing and drinking purposes, and for the irrigation of playgrounds.

The new Hostel near Chauburji accommodates 100 students

in 88 cubicles and 4 dormitories.

The College Science Block was crected at a cost of nearly Rs. 55,000, and equipped at a further initial cost of Rs. 64,000. It is an artistic building, built in Hindu style, and is equipped according to modern requirements. It provides accommodation for 180 students in Physics, 120 m Chemistry and 60 in Biology.

It is fitted with gas, water, electric light and fans.

The Sanskrit Block was put up for housing the Sanskrit Department of the College. It was completed in 1928 at a cost of Rs. 20,000 donated by H.H. the Maharaja Dev of Alwar. It comprises a set of four class-rooms. A set of five other class-rooms in continuation of the Sanskrit Block, named R.B. Sundar Das Chopra Block after the donor, was constructed in 1929.

The total value of the capital invested in College buildings and land is about Rs. 6,50,000.

#### ATELETICS AND SPORTS.

The College has a spacious and well-equipped gymnasium. Cricket, hockey, football, tennis, volley-ball and basket-ball are the chief games played. There is a professor in charge of every game.

#### COLLEGE SCHOLARSHIPS

Six scholarships of the value of Rs. 12 each are awarded according to ment to the students of the 3rd and 4th year classes. and six others of the value of Rs. 10 each to the students of the 1st and 2nd year classes. Students taking up Sanskrit as one of their subjects are given preference in the award of these scholarshins.

Two scholarships of the value of Rs. 16 per mensem are awarded to 5th and 6th year students who take up Sanskrit M.A. students are paid scholarships for 19 months, i.e. from

September to May and from September to June.

In addition to these, the Hon'ble R.B. Lala Ram Saran Das. C.I.E., awards two scholarships of the value of Rs 19 per mensem each, and Dewan Radhe Nath Kaul awards one of Rs. 10 per month.

The above scholarships are awarded according to merit. One scholarship in the 1st year and one in the 3rd year class is awarded to a student who has taken up Sanskril as one of his subjects; two scholarships in the 2nd year and two in the 4th year class are awarded to those who secure the highest number of marks with Sanskrit as one of their subjects.

Lala Asanand Memorial Scholarships .- Three scholarships of the value of Rs. 20 each are awarded to students of Sanatanist views reading for their B.A. Examination, and three others of the value of Rs. 15 each to Sanatanist students of this College. Other Scholarships .- The Brahman Sabha, Simla, awards one

scholarship of the value of Rs. 15 per month to a 3rd year student and two of Rs. 10 per month each to 1st and 2nd year students.

Rai Bahadur L. Rattan Chand's scholarship of Rs. 15 per month is awarded to a student of the 3rd year class.

Rai Bahadur Lala Shankar Dass Sondhi's scholarship of Rs. 15 per mensem, two of Rs. 10 per mensem each and two more of Rs. 5 per mensem each are awarded to students of the 3rd year class.

R.B. Mr. B. P. Verma, Lahore, awards a stipend of Rs. 10

are granted to students from the depressed classes.

per mensem to a student of the 3rd year class.

The Jain Educational Sabha, Delhi, awards a scholarship of Rs. 10 per mensem to a student of the 1st year class. The number of students on the College rolls on 31st March. 1936, was 511. Special scholarships and concessions in fees

## XXVI.—DAYANAND ANGLO-VEDIC COLLEGE, JULLUNDUR CITY.

- The D.A.-V. College, Jullundur City, founded in 1918 in the sacred memory of Shri Swami Dayanand Saraswati, the founder of the Arya Samaj, is housed in its new magnificent buildings on the Grand Trunk Road, at a mile's distance from the city.
- the city.

  2. The Institution prepares students for the Intermediate standard of the Panjab University in Arts and Science both medical and non-medical. It teaches English, Mathematics, History, Philosophy, Economics, Sanskrit, Persian, Hindi, Urdu, Physics, Chemistry and Biology. Religious instruction Vedic principles as expounded by Shri Swami Dayanand Saraswati is imparted. B.A. classes were started in 1929, and affiliation in English, Sanskrit, Persian, History, Economics, Political Science, A and B Courses of Mathematics, Physics, Chemistry, Hindi and Urdu has been granted by the University. Honours classes are held in English, Mathematics and Sanskryt.
- 3. The governing body of the Institution consists of a Sub-Committee of the D.A.-V. College Managing Committee, Lahore. 4. Government, University and all other scholarships are

tenable in the College.

5. There is a hostel on the College premises with 84 cubicles and 25 dormitories. A decent bungalow in a garden just opposite the College is also added. Total accommodation in the hostel now comes up to 200. All rooms are fitted with Electricity. Congregational prayers are performed in the evening. The Superintendents reside on the College premises.

A Tube Well is sunk and a bath room added.

6. The Leipat Rai Library contains a spacious Reading Room, furnished with newspapers and monthly journals. The tutornal system is in force in the College. Encouragement is given to seminary work in English. The College has its own organ entitled the D.A.-V. College Jullundur Magazine.

7. The College maintains Hansraj Historical Glub, Philoso-phical Club, the Science Association and Devi Dayal Mathematical Society which celebrate their annual sessions.

8. The Science Block, known as 'the Lakhpat Rai Science Block' is quite an up-to-date Laboratory attached to the College. Physics and Biology blocks are added. The number of students on the College rolls on 31st March, 1936, was 658.

Dharm Chand Bhalla, M.A. (Panjab), Trained at Physical Director. Madras. 27. Pt. Ram Nath Sharma, Assistant Superintendent. Trained at Madras. 28. Dr. Narain Singh, M.B.B.S. Medical Adviser.

# XXVII.—DAYANAND ANGLO-VEDIC COLLEGE, RAWALPINDI.

The Dayanand Anglo-Vedic College, Rawalpindi, is, like its siter institutions, founded in the memory of revered Swami Dayanand Saraswati, the founder of Arya Samaj and the greatest reformer of its time. Its aim and object is to spread knowledge as far and wide as possible, to revive the ancient learning, to cultivate desire for scientific study and research, and to equipyoung men with industrial and technical training. Efforts are

made to take the various items in hand as the resources of the institution admit.

The management and control of the Institution vests in a committee formed in pursuance of a constitution formed by the Arya Samai.

The College is housed in a solid, well-built and magnificent building of its own, which comprises a decent and big assembly hall, locture rooms, spacious Chemical and Physics Laboratories, Gymnasium, an elegant Library, and offices for Principal, Staff, Director of Physical Education, etc. etc., to meet the multifarious requirements.

The College has a fine hostel situated quite outside the city on the Murree Road and large enough to supply accommodation in single and three-seated rooms to students who may desire to reside in it. The College possesses extensive lands for the playgrounds which are about five minutes' walk from the Murree Road. Moreover there are Tennis lawns, Volley-ball and Baskett ball grounds in the College and Boarding house premises. Adequate means exist for the medical examination of the students which is done by competent doctors. Free medical attendance and medicine is provided free to the boarders. Minor aliments of the students are attended to in the College itself also.

The College is open to all without any distinction of caste and creed, who seek admittance into its portals.

The College has a unique feature in as much as it provides arrangements for the separate education of the girls on the upper storey of the building, to which male andents have no access. Attemnt is being made to supply lady processors.

All University and Government scholarships are tenable for award in the College. Moreover, the College Committee allow stipends in all deserving cases. The College provides education to the Intermediate standard of the Panjab U existy and is affiliated in English, Mathematics, Sanskrit, Perg. al., Economics, History Philosophy, Physics and Chemistry and Vernaculars.

The number of students on the College rolls on the 31st March, 1936, was 444.

The Staff consists of the following gentlemen:-

L. Gyan Chand Mahajan, M.A., Principal.

Lala Harish Chandra, M.A.,
Senior Professor.
Lala Jaswant Rai, M.A., Professor.
Pandii Wishwa Nath, M.A.,
Lecturer.

# XXVIII.—GOVERNMENT COLLEGE, LUDHIANA.

Ludhiana College, Ludhiana, was opened on 1st May, 1920. In April, 1927, it was converted into a four-year mistiution remained Government Intermediate College, Ludhiana. From

June, 1932, it has become a Degree College.

The College is affiliated for Intermediate classes in Arts and Science in which provision has been made for teaching English, Mathematics, History, Philosophy, Sanskrit, Arabic, Persian, Physics, Chemistry, Biology and the Vernaculars. Up to the B.A. standard it is affiliated in English, Mathematics, History, Economics, Political Science, Philosophy, Arabic, Persian, Sanskrit, Physics, Urdu, Hindi and Panjish. Besides the Medical (F.Sc.) Conrise, there are also preparatory Army and Engineering Classes. The Government Post-Matric, Clerical and Commercial Classes formerly attached to the College have now been transferred to the Government High School, Ludhiana.

Since June, 1997, the College has been housed on its own site of 50 acres in rural surroundings on the ontskirts of the Civil Lines. Besides playing-fields, gardens, and an agricultural and fruit farm, the College now possesses excellent Science Laboratories, Hall and Hostel, and second Hostel in rented buildings, standing in their own grounds close to the College. Both Hostels are under the charge of selected resident members of the teaching staff. The fees are according to the usual scale in Mofussil

Government Colleges.

The Principal has power to grant half-fee concessions to a limited number of poor and deserving students. Two municipal scholarships are awarded annually tenable at the College. Offier scholarships are also tenable. There are also private charitable funds at the disposal of the Principal for poor and deserving

students.

Cricket, Football, Hockey, Tenms, Basket-ball and Volley-ball are played regularly, and physical training and athletics are compilsory. Besides physical education the College payspecial attention to character training, practical work by the students themselves in all subjects, and the development of wider tastes and interests than is provided by the University courses alone. To these ends the assignment, seminar and tutorial methods are in force to a considerable extent, frequent excursions are arranged, and opportunities given to the students for training in the management of their own affairs, and for social service in the College and District. Literary and Debating, Philosophical, Science, Civios, Mnaisal, Dramatic, Photographic, Natural History, and other societies flourish, as also a Rover Crew. Agriculture, Fruit Culture, and Gardening are also encouraged as useful hobbies. The Tntorial Group system is in force.

The College contains a good Library and a Reading Room well furnished with newspapers and periodical journals. It also publishes its own organ, the Ludhiana College Magazine.

The number of students on the College rolls on 31st March,

1936, was 371.

#### STAFF.

- 12. M. Mohd. Sibtain, H.A., H.P. (Panjab), Lecturer in Arabic and Persian.
- Dr. S. L. Bhatia, D.Sc. (Panjab), Lecturer in Chemistry.
   Pt. Faqir Chand, M.A., B.T. (Panjab), Lecturer in Sans-
- krit and Hindi.

  15. S. Hardyal Singh, M.A. (Panjab), Lecturer in English and
- Panjabi.

  16. Mr. Kewal Krishan Dewett, M.A. (Panjab), B.COM. (Bombay),
- Lecturer in Economics and Political Science.
- 17. Mr. F. M. Khan, M.Sc., B.T. (Alig.), Lecturer in Chemistry.
- L. Gopal Das Sehgal, M.A. (Panjab), Lecturer in English.
   Mr. Shabbir Almad Qari, M.Sc. (Alig.), n.r. (Panjab).
- Lecturer in Physics.
  20. Mr. N. K. Banerjee, B.A., B.T. (Panjab), Lecturer in Mathematics and Hindi.
- 21. Mr. Mohd. Husain Butt, M.A. (Eng.), M.A. (Pers.), M.Q.L., B.T., H.P. (Panjab), Lecturer in Persian.
- 22. L. Ishwar Das Mehra, L.AG. (Lyallpur), Lecturer in Agriculture.
- 23. S. Thakar Singh, B.A. (Panjab), S.A.V., Physical Training Supervisor.

- S. Hardit Singh, B.Sc. (Panjab), S.A.V., Demonstrator.
- Mr. Nabi Baklish Kalasan, B.A., B.T. (Panjab), Lecturor in Mathematics and Urdu.
- 26. Mr. Sakha Ram, s.D., Instructor in Arts and Crafts.
- 27. H. Azmat Ali Khan, s.c.c., Gymnastics Instructor.

## XXIX.-EMERSON COLLEGE, MULTAN.

1. The College was opened by Government in May, 1920, under the name of Multan College, Multan. It was raised to the Degree Standard in October, 1933, and renamed Emerson College. It is affiliated to the University of the Panjab and provides instruction for caudidates who are studying for the B.A. and the Intermediate Examinations of the Panjab University in the following subjects:—

For the B.A. Examination.—English, Sanskrit, Arabic, Persian, History, Economics, Philosophy, A and B Courses of Mathema-

tics, Physics, Urdu and Hindi.

- For the Intermediate Examination in the Faculties of Arts and Science including "Medical Group".—English, Sanskrit, Arabic, Persian, Urdu, Hindi, History, Geography, Philosophy, Mathematics, Biology, Physics and Chemistry.
- 2. The "Jiwan Lal-Anderson Silver Medal", founded by Pandit Jiwan Lal Rais, is awarded to the College student who stands first in Biology in the University Examination.
- 3. The College is housed in a building standing on extensive grounds. The Physical Science wing has now been extended and a laboratory for Biology has been added. A new hostel which can accommodate 100 boarders has been built. The Principal resides on the premises.
- 4. The hostel is under the charge of a whole-time Superintendent who also supervises games and advises students in physical culture. Some of the attractive features of the hostel are a swimming tank, fives courts and tennis lawns, and a common room for indoor games.

The number of students on the College rolls on 31st March, 1986, was:—

Class

#### MEDICAL ESTABLISHMENT.

Dr. Ram Narain, M.B., B.S., in charge of College Dispensary.

## XXX .- THE LAHORE COLLEGE FOR WOMEN, LAHORE.

The Lahore College for Women was opened in May, 1922, to provide education for women to a higher standard than that prevailing in schools.

The College is affiliated to the Panjab University for B.A. in the following subjects: English, History, Mathematics, Arabic, Philosophy, Sanskrit and Persian, and in the B.Sc. for Chemistry

B.T.

and Botany. There are also Intermediate classes in Arts in the following subjects: English, History, Philosophy, Mathematics, Persian, Arabic, Sanskrit, Urdn, Hindi and Panjabi. In the F.Sc. Class, the subjects for the Medical group are taken.

The Physical and Chemical laboratories are situated on the ground floor with a joint lecture room and the Botanical and Coological laboratory and lecture room are on the first floor on the north side of the building where the light is exceptionally used.

"The College is purdah, but open to Indian women of overy religion. The lecture rooms are large and any. A good library is being collected. There is a Boarding House attached to the College in charge of a lady warden. There are separate Hindu and Muhammadan kilchens. The grounds of the College comprise a Net Ball Pitch, two Tennis courts, six Badminton courts. The grounds contain a tube-well, which supplies water for irrigation besides supplying the buildings.

Government scholarships are tenable at the College.

The College had 175 students on its roll on 31st March, 1936, and 60 students in the Boarding House.

Mrs. E. B. Hein ... Warden, (offg.).

## XXXI.—THE VEDIC BHRATRI COLLEGE, DERA ISMAIL KHAN.

The College was opened on the 23rd May, 1921. It is an aided Institution with His Excellency the Governor of the North-West Frontier Province as its Patron.

2. It was started under the auspices of the Bhratri Sabha, a society registered under the Charitable Societies' Act of 1867, and formed more than forty years ago, with the double object of encouraging social reform and advancing the cause of Educa-tion. In commemoration of the Jubilee of Her Most Gracious Majesty Queen Victoria the Good, the Society founded, in 1887, the Victoria Bhratri High School, which is the biggest school in the Province, with 784 students on its rolls.

3. The management of the College is vested in a Council consisting of nine gentlemen, seven of whom are elected by the Bhratri Sabha, from amongst those of its fellows who have contributed at least rupees one thousand towards the funds of the College, and two are nominated by the Local Government.

4. The College is affiliated to the Panjab University up to the Intermediate Standard in English, Mathematics, Philosophy, Economics, History, Sanskrit, Arabic, Persian, Urdu, Hindi and Physics and Chemistry (non-medical group).

One period every day is reserved for religious instruction, for Hindus and Mohammedans separately, attendance being com-

5. The expenses of the College are met from (a) Interest on the Endowment Fund, (b) Government Grant-in-aid, (c) Fees, and (d) Donations.

6. The College has seenred eleven Scholarships for its students out of which three are awarded by the Frontier Bank and two by the Municipal Committee.

7. The College has an electrically fitted commodious Hostel, with separate blocks of rooms, Kitchens, Dining Halls and Lava-

tories for the use of the Hindu and Mohammedan Boarders. 8. Commodious quarters for the Principal and the Professor

in charge of the Hostel have recently been erected within the premises. 9. Three Tennis Courts, a Gymnasium, a Practice-field for Hockey and for other field and track games, have been pro-

vided. Basket-ball and Volley-ball have also been introduced. A big plot of land adjacent to the College compound has been acquired through the Government for full-sized Football, Hockey,

and Cricket fields. 10. The College has got a decent Library and a Reading

Room for the use of students. There were 135 (one hundred and thirty-five) students on the

College rolls on 31st March, 1936.

The College is starting B.A. (Arts) classes this year and admitting students in the 3rd year class on 23rd June, 1937.

In the B.A. classes the College is affiliated to the Panjab University in the following subjects: English, History, Economics, Mathematics (A), Persian and Sanskrit.

## XXXII.—RAMSUKH DAS COLLEGE, FEROZEPORE CITY.

The College is founded by Lala Gowardhan Das, B.A., Advocate, Ferozepore City, in pursuance of the last expressed wishes of his father, the late Lala Ramsukh Das, Pleader.

It was opened in the year 1921 and was affiliated in the Intermediate Arts in English, Philosophy, History, Mathematics, Sanskrit, Persian, Arabic, Hindi, Urdu, Panjabi, etc., till May, 1932. From June, 1932, it has been raised to the Degree Standard. It is affiliated in English, Philosophy, History, Economics, Mathematics, Sanskrit, Arabic, Persian, and Vernaculars both for Intermediate and B.A. Classes.

The College is housed in its own building. It has a doublestoried hostel attached to it, consisting of 54 cubicles and several dormitories.

The founder has endowed the College with 20 scholarships of Rs. 6 each which are awarded to the poor and deserving students, irrespective of caste or creed.

The College makes provision for Hockey, Rootball, Volley-ball, Gatka, Badminton, Tennis, Boxing, Playground Ball, Basket-ball, Gymnasium, etc. A Madras Trained and well-qualified Teacher of Physical Education is in charge of all these games. The total amount spent last year on games and sports material, tours, maintaining of the playground, etc., came to about Rs. 2,292. Medical examination of all students has been made compulsory. Special attention is being paid to the weak students for whom a corrective class has been opened. Milk is provided to them free of cost.

The management of the Institution is vested by a Registered Trust Deed, approved by the University, in the Ramsukh Dass College Trust Committee, consisting of nine members, including the Founder, Lala Gowardhan Das, Life President, Four out of these nine members are exclusively returned by the Registered Society of the Dey Samai.

The endowed property is vested permanently and absolutely in the Trustees collectively for the exclusive purpose of the

Trust.
The College has a Library, a well-furnished Reading Room.
Study Room and a Common Room. A trained Graduate is in
charge of the Library. Last year about Rs. 2,500 (two thousand
five hundred) were spent on the purchase of the books and
ournals. The number of books at present is 6,500. Besides
this, more than 40 newspapers, journals and magazines on literary, Philosophical, Scientific and Social topics are subscribed
for.

In order to create literary atmosphere and develop wider taste and interest than is provided by the University curriculum, 'Literary Circle' has been started from the year 1984. Under its auspices distinguished professors and lecturers are invited to deliver discourse on interesting and challenging topics of the day. Last year as many as seventeen Literary functions were arranged which provided high class intellectual feast for the Public and the students. These lectures are published in a separate book, under the title of R.S.D. College Literary Circle Annual Book. One volume was published last year and the second volume in press. Besides this, there exist various associations, viz., Mathematical, Philosophical, Historical, Oriental Associations, to create interest in special branches of studies.

In order to provide opportunity for writing and create literary interest among the students the Ramsukh Das College Magazine is published.

To supplement the moral instructions there exists "The College Social Service League". Its activities comprise in helping the weak students in their studies and in giving financial relief to needy students, and voluntary money contributions made by the students for the interests of needy servants so that they may keep in good form.

The number of the students on rolls on 31st March, 1936, was 334.

# XXXIII.—GURU NANAK KHALSA COLLEGE, GUJRANWALA.

The Guru Nanak Khalsa College was founded in the year 1917. It is affiliated to the Panjab University, and has been constituted a Centre for the University Intermediate Examination, practical as well as written.

The College is situated at a distance of about half a mile from the town. It possesses the special advantage of being located in the small, healthy and historic town of Gujranwala where the expenses of living are substantially less than those

in large cities.

The institution is housed in a building containing a grand Hall, spacious Lecture Rooms and Theatres, well-equipped Laboratories, airy Offices, a well-furnished Library with Reading Room, and a beautiful Ritle Garden at the back bordering on a canal minor overlooking a vast expanse of green fields. Attached to the College is a spacious Hostel, with a Gurdawara, a Dispensary and a Sub-Post Office. Another important feature of the institution is the extensive grounds for Hockey, Football, Volley-ball, Basket-ball, Playground Ball, Tennis, Baduunton and Athletic Sports.

The management of the College is in the hands of the Khalsa

Educational Council, a strong, representative and influential body of Sikhs, which also controls one of the biggest High Schools in the Province.

The number of students on the College rolls on 31st March.

1936, was 170.

# XXXVIII.—LAWRENCE COLLEGE, GHORAGALI.

1. The Lawrence College, established on 1st May, 1926, and comprising two High Chasses and two Intermediate Classes, is statusted within three miles of the General Post Office, Murree, just showe Ghoragali Brewery, and by road 33 miles from Rawalpindi. Travellers to the Lawrence College alight always on the main Rawalpindi-Murree Road near the main gates of the Ghoragali Brewery. The Lawrence School was founded by voluntary subscriptons in 1859 in memory of Sir Henry Lawrence, K.C.R., who was killed in Lucknow in 1857. The climate of Ghoragali is exceptionally good. The College is situated at an elevation of over 6,000 feet. The estate is an admirable one in overy way running along a spur of the hills and practically isolated. Its favourable position is evidenced by the fact that the health of students is excellent.

2. This is a four-year self-contained institution with its separate accommodation and staff. Permanent buildings have been erected and are suitable, adequate and efficiently equipped. The water supply is obtained from our own pumping station as well as from the Murree Water Works. A complete electric plant has been established and halls, class rooms, dormitories, etc., and some of the roads are lighted with electricity. Essentially a residential College it is not possible or desirable for punils to live in Murree and to attend as day-pupils.

3. The College prepares candidates for the Cambridge School Certificate Examination in its two High Classes and for the Latermediate Examination of the Panjab University on the Arts and Science sides. The College is affiliated to the Panjab University and teaching is provided in English, Latin, Urah, Mathematics, History, Geography, Physics and Chemistry in the Arts Faculty, and in English, Mathematics, Physics and Chemistry, Biology and Physiology in the Science Faculty.

4. Physical Training is given by an expert and all members of the College are required to take part in organised games-hockey, football and cricket. Games are compulsory and considerable efficiency is reached and every facility is given for games and sports. Other activities include a Detachment of the Punjab Rifles, A.F. (I.). Opportunities for tennis are also provided. There is also a swimming tank and excellent tennis courts, etc.

5. The College is fortunate in its buildings and equipment including class room accommodation, Assembly Hall, Science Laboratories, Lecture Theatres, Dming Halls, Hospital and Dispensary and a fine College Chapel. There is a Resident Medical Officer, who is highly qualified, with two Hospital Nurses and two Dispensers. The College Chapel is an exceptionally pretty one, perhaps the pretitiest of all in these next

and every effort is made to render the services reverent and attractive. An excellent new organ has been built within recent years and the Choir is large and capable. A clock with Westminster chimes has recently been crected in the Chapel Tower.

6. All students pay full fees. Scholarships are tenable up to the Intermediate Examination. In connection with the College activities there is a Literary and Debating Society under the Headmaster. There are also a Biological Society, a Chemistry Society and a Physics Society and meetings are regularly held and lectures given by members.

7. The number of students on the College rolls on 31st March,

1936, was 94 boarders, 3 day-scholars.

# XXXIX.—GOVERNMENT INTERMEDIATE COLLEGE, JHANG.

The Government Intermediate College, Jhang, was opened on 1st May, 1926. The College is a four-year institution, and prepares students for the Matriculation and Intermediate Examinations in Arts and Science (Non-Medical) of the Panjab University.

The College is housed in the old Government High School buildings situated midway between the two towns of Jhang and Maghiana, about one mile from either, in healthy surroundings and with sufficient accommodation on the premises.

Besides the usual academic activities, the interest of the students is aroused in such recreative and useful occupations as Gardening, Drawing, Boy Scout Movement, First Aid and several Scientific Hobbies such as Ink making, Soap making, Boot polish, etc. etc.

The number of students on the College rolls on 31st March. 1936, was 253, consisting of 116 in the Intermediate Classes and 137 in the High Department.

#### STAFF.

- Sh. Chiragh Din, M.Sc. (Panjab), P.E.S., Principal and Lecturer in Physics.
- 2. Mian Saadat Ali Khan, M.A. (Panjab), P.E.S., Lecturer in Philosophy and English.
- 3. Malik Raghunath Rai, M.Sc. (Paniab), P.E.S., Lecturer in Chemistry.
- Pt. Brij Lal Shastri, M.A., M.O.L. (Panjab), Teacher of Sanskrit and Hindi.

# XL.—GOVERNMENT INTERMEDIATE

COLLEGE, DHARMSALA. The Government Intermediate College, Dharmsala, was opened on 1st May, 1926. It is a four-year institution and besides preparing the students for the Matriculation and School-Leaving Certificate Examination, it is affiliated to the Panjab University up to the Intermediate in Arts and Science (in English, Mathematics, History, Philosophy, Persian, Arabic and Sanskrit, Physics and Chemistry, Urdu and Hindi).

The College is situated in the beautiful Kangra Valley at a height of more than 4,000 feet and commands a fine view of the snowy Himalayas in the background. The Mandi Hydroelectric scheme and the Kangra Valley Railway will add immensely to the promise of the institution as the future centre of education and culture in the province.

A Library and a Reading Room have been provided for the use of the students.

The number of students, including the students of the 10th class on the College rolls on 31st March, 1936, was 91.

# STAFF. Sri Kishen Kapur, Esq., M.A., B.SC., P.R.S. (Pan-) Principal. jab). 2. I't. Gomti Prasad, Bar.-at- Lecturer in English and Law, r.E.s. L. Parma Nand, B.A., B.T. } Teacher of English. (Panjah). S. C. Mitra, Esq., M.A. Teacher of (Panjab). 5. L. Karm Chand Taxali, Teacher of Chemistry, Science and Physiology and 6. Pt. Bansi Lal, M.A., B.T. Teacher of Sanskrit and 7. L. Miraj-ud-Din Ahmad, Teacher of Persian and Urdu. M.A., B.T. (Panjab). Sh. Mohd. Rafi, M.A., B.T. Teacher of Mathematics. (Panjab). Drawing Master. 11. Sardar Prem Singh ... 12. L. Dev Datt Bhalla, B.A. Physical Training (Panjab), Shastri, P.T., visor. O.T.

### XLL.—MALERKOTLA COLLEGE, MALER-KOTTIA.

The Malerkotla College was opened in 1926. It is a four-year institution preparing students for Matriculation and School-Leaving Certificate and Intermediate Examinations of the Panjab University. It is affiliated to the University of the Panjab up to the Intermediate standard in Arts and has provision for teaching English, Philosophy, Mathematics, History, Geography, Persian and Urdu.

No tuition fees and hostel rents are charged from any student, whether a State subject or an outsider. The idea underlying this exceptional munificence of His Highness the Nawab Sahib Bahadur, Ruler of Malerkotla State, is to give facilities of higher education not only to his own subjects but also to those who come in quest of knowledge to the State where a generous patronage has always been extended to learning.

All members of the staff take part in the teaching work of all the classes and they are anxious to develop a common corporate life in the institution. The College has a flourishing Union and its own organ entitled the Malerkotla College Magazine. The tutorial system is in force.

The College is housed in the new block of building which is an extension of the one formerly occupied by the High School with a big hall, tower and side-rooms. Attached to the College building and opposite to it, just across the road, stands the College Hostel which provides accommodation for 50 boarders, and is under the supervision of a member of the staff assisted by a superintendent who lives on the premises.

Every attention is paid to the health and physical well-being of the students and there are large playing fields within five

minutes' walk of the buildings.

Generally a number of scholarships are awarded to deserving students, the residents of the State having prior claims.

The number of students on the College rolls on 31st March. 1936. was 112.

#### STAFF.

- 1. Mohamed Rashid Qureishi, Esq., M.A., B.T. (Panjab), Principal and Lecturer in Philosophy and English.
- 2. Mirza Habib-ur-Rahman, M.A. (Panjab), Lecturer in English.
- U. S. Sagar, M.A. (Panjab), Lecturer in Mathematics.
- 4. Badri Nath Chopra, M.A., B.T. (Panjab), Lecturer in History and Persian.
- 5. Munshi Mohammed Ismail, H.P. (Panjab), Lecturer in Urdu and Persian.

- 6. S. Harchand Singh, B.A., Asstt. Lecturer in Mathematics. 7. A. N. Bhalla (Madras Trained) RRAPT. (London)
  - Director of Physical Training.

8. College Physician: Dr. Parshotam Das M.R.R.S.

## XLII.—KHALSA INTERMEDIATE COLLEGE LYALLPIIR.

Khalsa Intermediate College, Lyallpur, was opened in May, 1926. Science Laboratories were added and the College was affiliated in Physics and Chemistry in 1931. The College is situated on the bank of the Rakh Brauch Canal in open country surroundings at a distance of about 2 furlougs from the Lyallour Railway Station.

It is a four-year institution providing instruction in Matriculation and Intermediate in English, Mathematics, History, Economics, Philosophy, Persian, Arabic, Sanskrit, Panjabi, Urdu, Geography, Physics, Chemistry and Hindi. It also provides instructions in Post-Matriculation Clerical Class (one year course). Students are also propaged for the following Commercial Diploma Examinations:

- 1. London Chamber of Commerce Senior and Junior Examinations recognised by the Government.
- Institute of Commerce, London.
- 3. Institute of Typists, London.
  4. Teacher's Diploma Examination and Pitman Examinations (Bath).
- 5. Typewriting Diploma of Pitman College, London.

The College seeks to impart to Sikh vouths a liberal education in Sikh Religiou, side by side with secular education in order to make them useful and loyal citizens. Though primarily intended for Sikhs it welcomes young men of other communities in a spirit of brotherly love and good will.

Attached to the College are two hostels under the personal supervision of the Principal and extensive playgrounds. There is a fine block of 22 cubicles. A well-equipped dispensary is attached to the hostel. Sardar Sahib Doctor Kishan Singh, L.M.S., continues to treat the students in all urgent and serious cases. We have made arrangements with Dr. Rajindar Singh Sandhu, M.B., B.S. (Panjab), M.B.C.S. (England), L.B.C.P. (London), D.P.H. and D.T.M. & H. (Cambridge), this year to conduct regular medical inspection of the students and the members of our Staff, and attend the dispensary. The College Magazine, the Bar, publishes contributions of local and general interest from the Staff and the students of the College.

The College is governed by a Committee consisting of 15 members, 12 of whom are elected every three years by the College Council and 3 are co-opied by the elected members. The College Council exercises a general supervision over the Committee.

The number of students on the College rolls on the 31st March, 1936, was 219, of whom 140 were in the College classes (including the Post-Matriculation Clerical Class) and 79 in the High classes.

# XLIII.—DAYANAND MATHRA DAS COLLEGE, MOGA.

The College is a four-year institution comprising the High and Intermediate classes. It was started in 1919 as a High School by R.B. Dr. Mathra Das, Kaisar-i-Hind Gold Medallist,

and was raised to the status of an Intermediate College in 1926. It is managed by the Arya Priti Nidhi Sabha, Punjab, a Registered Body, and a local committee of 9 members with R.B. Dr. Mathra Das as its general president. The Institution aims at reviving ancient culture and wisdom, and at moulding the character of students according to Vedic ideals. It is primarily meant for the benefit of Hindu students, but it is open to students of all communities. Religious and moral instruction is compulsory.

The College building consists of a big hall and 16 class rooms. The playgrounds are situated in close proximity of the College and satisfactory arrangements have been made for Cricket, Hockey, Football, Volley-ball, Basket-ball and Tonnis. Gynnasium is well equipped with the modern apparatus for

physical exercise.

The College is affiliated to the University of the Panjab up to the Intermediate in Arts and Science (Non-Medical). College provides instruction in the M.S.L.C. and the Intermediate in Arts in English, Mathematics, History, Economics Philosophy, Sanskrit, Persian, Urdu, Hindi and Panjabi, and for Intermediate in Science in Physics and Chemistry.

The hostel is a commodious building situated in the College compound. It is in charge of a Superintendent who lives on the premises. Medical attendance is free. There is a Library containing 5,100 books and a reading room attached to the College.

The College is maintained by fees, interest on endowments and donations. The number of students on the College rolls on 31st March, 1936, was 269.

# XLIV.—DAYANAND ANGLO-VEDIC INTER-MEDIATE COLLEGE, HOSHIARPUR.

The Dayanand Anglo-Vedic Intermediate College, Hoshiarpur, was started on the 12th June, 1926. It is situated outside the city on the Kutchehri Road and is affiliated to the Panjab University for Intermediate Examination in English, Mathematics, Philosophy, History, Economics, Sanskrit, Persian, Hindi and Urdu.

The College is fluenced and controlled by the D.A.-V. College Society, Hoshiarpur, which elects an Executive Committee with whom rests the immediate management of the institution.

The College has a Boarding House about a mile from the city. Adjoining the College and the Boarding House there are extensive playgrounds for games and sports. The College has a Library. The Reading Room is furnished with dailies and weeklies and some monthly reviews also.

The College has a monthly organ of its own called the Arya.

Kumar.

The number of students on the College rolls on 31st March, 1936, was 277.

  11. Ch. Abdul Qadir, M.A. (Nanak Bakhsh Silver Medallist),
- B.T. (Panjab), Teacher of Philosophy.

  12. Mr. A. G. Butt, M.A., B.T. (Panjab), Teacher of English.
- Mr. J. C. Francis, B.A., J.A.V. (Panjab), Dip. Advanced Physical Training, P.T.S.
- Pf. Sita Ram Shastri, o.T., Honours in Hindi, Teacher in Hindi and Sanskrit.

# TEACHING STAFF OF THE POST-MATRIC. CLERICAL CLASSES.

- Sodhi Bhagat Singh, M.A. (Economics) (Panjab), B.COM. (Bombay).
- Sh. Mohammad Umar, B.A. (Panjab), Double Diploma from Pitnian's Shorthand College and Reid Christian College (Lucknow).

### XLVII.—GOVERNMENT INTERMEDIATE COLLEGE, PASRUR.

The Government Intermediate College, Pasrur, was started on the 1st May, 1928. It is a four-year institution preparing students for Matriculation and Intermediate Examinations in both Arts and Science (Non-Medical group) faculties of the University of the Panjab. In the Matriculation all subjects except Agriculture and Civics are taught and in the Intermediate the following are offered :--

English, Philosophy, History, Mathematics, Sanskrit, Persian, Arabic, Physics, Chemistry, Urdu, Hindi and Panjabi.

The College is housed in a fine building situated in very healthy surroundings. It has large and extensive grounds. There are two Hockey grounds, two Football, one Basket-ball and a number of Volley-ball grounds and Tennis Courts.

Right in front of the College at a distance of about 200 yards stands the hostel which provides accommodation for about 100 students. It is under the charge of a whole-time superintendent who also organises games and advises students in physical culture.

The number of students on the College rolls on 31st March, 1936, was 195.

#### STAFF.

- 17. Gyanı Sawan Sıngh, G.T. (Pb.), Teacher in Panjabi.

## XLVIII.—BISHOP COTTON SCHOOL AND INTERMEDIATE COLLEGE, SIMLA.

Bishop Cotton School was founded by the Right Reverend George Edward Lynch Cotton, Bishop of Galentia, on 28th July, 1859, and was opened on 15th March, 1863, at Julogh. It was moved to its present site in September, 1868. On 7th May, 1905, the School, with the exception of the Headmaster's and Assistant Masters' boxeso, was totally destroyed by fire, and the present buildings were erected by the Punjab Government in 1906.

The School and College are situated on an ideal site in Simla East, some two miles from Simla, below the Punjab Secretariat, far away from all other dwelling houses or bazaars, and in extensive grounds of their own. The main school block contains on the ground floor the Chapel, during hall, masters' common room and class rooms. On the first floor are four large airy dormitories, a reading room, single masters' quarters and bathrooms. There is a very lovely Chapel and no effort is spared to render the services as beautiful as possible. There is a large choir and a new organ. The Chapel services and religious instruction are in accordance with the faith and practice of the Church of England. A new Science Block, apart from the main block, was erected in 1928. On the ground floor is a laboratory, designed on the most modern lines, and fully equipped for the teaching of both Chemistry and Physics. On the first floor is an art room and demonstration room. The Irwin assembly hall and Anderson library Were built in 1930.

The College students reside in a separate Hostel and each student has either a room to himself or one which he shares with one other student. The Hostel is equipped with the latest flush system.

There is a private tennis court for the use of the College adjoining the Hostel.

In March, 1936, there were 18 students on the rolls of the College.

There is a general playground and two large playing fields for organised games. A swimming bath has been added recently. Physical Training is carried out throughout the whole School and College, and a record is kept of every boy's weight and

measurement at the beginning and end of the year. Boxing is encouraged. Affiliation to the University of the Panjab was granted with effect from the 1st of August, 1928, and students are prepared for the Intermediate Arts Faculty and Intermediate Science Faculty in English, Mathematics, History, Geography, Latin, French, Urdu, Chemistry and Physics.

# L.—THE LAWRENCE ROYAL MILITARY SCHOOL, SANAWAR.

The Lawrence Royal Military School was founded by Sir Hury Lawrence in 1847, and is confined to the orphanis and children of British soldiers and ex-soldiers. Growing from small beginnings and gradually improving its standard of education it became sillinated to the University of the Panjab in 1931. It is a self-contained Institution comprising Boarding Houses, Hospital, Lecture and Class Rooms, Laboratories for Chemistry, Physics and Biology, Assembly Hall, Library, Art Room, Chapel, Gymnasium and Swimming Bath. Games are organised throughout the School and definite seasons allotted to Cricket, Hockey and Football. Students are prepared, after passing the Cambridge School Certificate Examination, for the Intermediate Arts Faculty and Intermediate Success Paculty in English, Mathematics, History, Geography, Latin, Urdu, Chemistry, Physics.

There are 4 students on the rolls.

#### STAFF.

The Reverend E. A. Evans, M.A. (Cantab.), Principal and Headmaster.

Captain W. H. G. Reed, M.A. (Cantab.), I.M.S., Vice-Principal and Resident Medical Officer.

 B. Wiles, Esq., B.Sc. (London), Lecturer in Chemistry and Biology.
 C. H. E. Wright, Esq., B.A. (Cantab.).

C. H. E. Wright, Esq., B.A. (Canes).
J. R. Coombes, Esq., B.A. (Madras), B.Sc. (London), Lecturer in Chemistry.

Mr. C. Burge, Secretary.

# LI.—THE STRATFORD INTERMEDIATE COLLEGE FOR WOMEN, AMRITSAR.

The College was opened by the Government in November, 1932, to render higher education within the easy reach of all women. It is a four-year institution comprising the Matric. and Intermediate Classes and provides instruction in English, Persian, Sanskrt, Hindi, Panjabi, Philosophy, Mathematics and History in which it is affiliated to the Panjab University.

The College is housed at present in rented buildings in healthy surroundings, containing large and airy rooms. There is a hostel attached to the College and has separate kitchens for Mohammadan and non-Mohammadan girls. The grounds of the College comprise seven Badminton Courts, one Tennis Court and a Basket-ball nitch, of which full use is being made. Students are also getting training in Girl Guiding and Needlework

Full attention is being paid to the mental, physical and, above all, the moral welfare of the girls, and every effort is made to guard against all the drawbacks and pitfalls of the so-called " modernism ".

Government scholarships are tenable at the College. There were 140 students on the College rolls on 31st March, 1936.

#### STAFF

- 1936). 9. Miss Mehr Dass, Qualified } Hostel Superintendent.

Teacher in Hindi and Sanskrit.

# LII .- M.A.O. COLLEGE, AMRITSAR.

This College was started in 1933 by the Anjuman-i-Islamia. Amritsar, to meet the pressing needs of the Muslims of this city and of the surrounding districts; but students of other communities are also welcome. It was so successful that it was raised to the Degree status in 1936. The object of this institution will ever be to impart not only a sound academic training but to preserve a high standard of moral and religious education as well, in order that it may turn out intelligent and responsible citizens.

Keeping in view the old Latin saying "Mens sana in corpore sano" the physical side of education will always have our

fullest attention.

The Intermediate College was a four-year institution consisting of two Matriculation and two Intermediate Classes. The number of students on the College rolls in all these four classes on 31st March, 1936, was 414. We are opening third year classes in 1936. The College has been affiliated to the University of the Panjab and for the present the following subjects have been provided for:

For the Intermediate.—English, Mathematics, History, Arabic, Persian, Philosophy, Economics, Urdu, Physics, Chemistry and Biology.

For B.A.—English, History, Economics, Persian, Arabic, Philosophy, Mathematics and Urdu.

The College Buildings consist of two large halls and fourteen

spacious rooms.

The Science block is a separate double-storied building recently remodelled in accordance with the suggestions of the University

Science Commission.

Hostel.—There is a hostel in the College premises and is large enough to accommodate at least thirty boarders. A professor acts as the warden of the hostel.

Playgrounds.—We have playgrounds for games in the Anjuman Park, Alexandra grounds and the Aitchison Park.

#### STAFF.

- M. D. Taseer, M.A., PH.D. (Cantab.), Principal and Professor of English.
- Sahibzada Mahmud-uz-Zafar Khan, B.A. (Oxon), Vice-Principal and Professor of History and Economics.
- Mr. Inayat Ali Quraishi, M.A. (Panjab), Professor of Mathematics.
- Sufi Abdul Aziz, M.A. (Arabic), M.A. (Persian), Munshi Fazil (Panjab), Professor of Arabic, Persian and Urdu.
- Mr. Mohd. Abdul Azim, B.Sc. (Hons.), M.Sc. (Panjab), Professor of Chemistry.
- 6. Mr. Sher Ahmad, B.Sc. (Hons.), M.Sc. (Panjab), Professor of Biology.
- of Paology.

  Mr. Abdul Basir Pal, M.Sc. (Paujab), Professor of Physics.

  Mr. Karamat Hussain, M.A., Professor of Philosophy and
- English.
  9. Mr. Faiz Ahmad, M.A. (Arabic), M.A. (English), Professor
- of English.

  10. Mr. Allah Yar Khan, B.A., S.A.V. (Panjab), Lecturer in
- Mathematics and Science.

- Mr Allah Bakhsh, Drawing Waster (Senior Certificated) 16 (Paniah).
- 17. Maulyi Bahawal Haq, Lecturer in Theology.
- 18. Sirdar Bustum Ali, Director of Physical Training (Madras).

# LIII.—GOVERNMENT COLLEGE FOR WOMEN. LYALLPUR

The College was opened by the Education Department in June. 1934, to facilitate higher education for girls. This is the first College to be opened in the Western Circle and its aim is to impart education, both moral and secular, to the girls and to make them models of loyalty and of perfect womanhood.

The buildings of the College comprise of the main block with the hall, the Science Laboratory, lecture rooms and a girls' common room, and the Boarding House with the girls' dormitories, dining rooms, sick room and the Hostel Superintendent's quarters. Besides these buildings there are blocks for the Principal and the Staff of the College. Just in front of the main block is a very spacious green lawn for the girls' recreation.

The College is affiliated to the Panish University for Matriculation and Intermediate Classes and offers the following subjects:-

#### Intermediate Classes :---

English, Persian, Vernaculars (Urdu, Hindi and Gurmukhi). History, Geography, Mathematics and Biology,

#### Matriculation Classes :-

English, Mathematics, Physics, Chemistry, General Knowledge, Urdu, Hindi, Panjabi, Hygiene and Physiology, and Persian.

It is to be particularly noted that this is the only institution for women in the Punjab, where instruction is provided in Geography to the Intermediate Classes and our students do take a keen interest in the subject. State, Government, University \*and Board Scholarships are tenable at the College.

#### Games :-

Attendance for games is compulsory for all students of the College.

Tennis, Net-ball, Volley-ball, Badminton and Tenicoit are played regularly by the students.

There were 147 students on the College rolls on 31st May, 1936.

#### STAFF.

1. Miss R. Niaz Husain, B.A. Principal and Lecturer in (Honours) (London), T.D. } Geography and and F.R.G.S. matics. Miss L. G. Bakhsh, M.Sc. Lecturer
(Tucknow). Biology. in Science (Lucknow). 3. Miss P. E. Luke, B.A., B.T. } Lecturer in History. (Lucknow). 4. Miss Sarwari Jahan Abdul Karim, M.A., B.T. (Pan- Lecturer in English. jab). 5. Miss Kumari Parkash Rani ) Lecturer in Mathematics. Karam Chand, B.A. (Pan-(offg.).iab). Mst. Kaniz Fatimah, s.v., Munshi Fazil and Matric. Teacher in Persian and Urdu. (Panjab). Miss K. K. Asa Singh, Teacher in Panjabi, (offg.). Miss S. B. Sawhney, B.A. } Teacher m Hindi. (Panjab). Miss P. P. Lall, s.v., Hostel Superintendent.

# LIV.—LADY MACLAGAN TRAINING COLLEGE FOR WOMEN, LAHORE.

The Lady Maclagan Training College for Women was opened in September, 1933, and was from the beginning accommodated in a separate part of the building of the Lady Maclagan High School. The Normal School formerly attached to the school was moved elsewhere to make room for the Training College.

The College possesses a tennis court, a net-ball ground and a few badminton courts.

The Hostel attached to the College has accommodation for about 35 students.

The College is under the control of the Director of Public Instruction, Punjab, and is the only institution which prepares

women students for the B.T. Degree. The College also includes a class in which students are prepared for the Junior Anglo-Vernacular Certificate issued by the Education Department.

In 1935 the College was affiliated to the Paniab University. Candidates for admission to the B.T. course are required to have passed the examination for an Arts or Science Degree before beginning the course of training.

The Lady Maclagan High School, the practising school of the College, teaches up to the Matriculation standard of the University The number on roll varies between 700 and 800

The College is maintained entirely by the Government. The number of students on roll on 31st March, 1936, was :-

B.T. Class	•••	•••	32
J.AV. Class-

# Appendix B.

Courses of Reading for the Examinations of 1937 and 1938.

# XXI.—APPENDIX.

Courses of Reading prescribed for the Matriculation and School-Leaving Certificate Examination of 1937 and 1938.

ENGLISH.

SYLLABUS.

For 1937 and 1938.

Note.—Simple, every-day, modern English to be studied generally. All the prescribed books are to be studied intensively. The candidate's knowledge of grammar will mainly be tested by the practical use he makes of its rules in answering the questions, which will be fairly easy, but which will be marked on a high standard. Throughout, it is the quality rather than the quantity of the work shown up that will count for marks; correct spelling and good handwriting will be rigidly insisted on.

# Paper(A).

Part (A). Applied Grammar and Translation.—Not more than 3 questions of the following type to be asked:—

Distinguishing in sentences between common words often confused.

3. The transposition of singulars into plurals; of direct speech into indirect speech; of masculines into ferminines; of present into past and future tenses; of statements into questions, negatives and interrogative negatives; and \*vice versa and exercises of a similar nature (the unit, in all cases, to be a complete sentence), the combination of short simple into other

<sup>\*</sup> The words "vice versa" apply to each of the exercises preceding the words "vice versa", viz., to "transposition of singulars.....negatives"

types of sentences; the simple analysis of easy sentences into clauses.

Part (B).—Not more than 3 questions of the following type to be asked:—

- ......50 marks.
- Punctuating an unpunctuated passage.
- 2. Writing questions to given answers, and vice versa.
- Finding suitable headings for paragraphs, and summarising any given passage in a given number of words.
- 4. Writing short sentences illustrating easy and common usages.
- Expanding a skeleton outline into a paragraph on a familiar descriptive topic.
- Writing, within a given length, a story from a given plan or completing an incomplete story.
- Describing, within fixed limits, a given scene or phenomenon, a skeleton outline being given.
- Writing a brief official or private letter of a simple nature.

# Paper (B).

Set Books and Unseen Passages,

Part (A).—Not more than 3 questions of the following type to be asked:—

- ......50 marks.
- 1. Translation into the vernacular of a fairly easy extract from the prescribed books.........

or,
To rewrite in simple English an unseen passage

of moderate difficulty.

2. Straightforward questions testing the comprehension of a

Part (B).—Not more than 3 questions of the following type to be asked:—

- 1. Simplifying into English a short passage taken from the text.
- Completing, within fixed limits, a story from the text with which the candidate can reasonably be expected to be fairly familiar. A choice of questions to be given.
- Expanding, within definitely prescribed limits, skeleton outlines, based directly on a prescribed reader, into a connected piece of prose.

4. Giving a very brief account of some outstanding incidents or facts from any one of the prescribed books. Ample choice of questions to be allowed.

### COURSES OF READING.

### For 1937.

 "Parkinson's Selection of English Verse", published by the University of the Panjab. Price Annas 10.

2. "Tales from Far and Near"—Diwan Chand Sharma

(Messrs. Uttar Chand Kapur and Sons). Price Annas 12.
3. "Simple Chapters on English Life"—H. G. Wyatt, pub-

lished by Messrs. R.S. Munshi Gulab Singh and Sons, Lahore. Price (full-cloth binding) Annas 14.

4. "Man-The Toiler and Inventor" by Wedgewood Heath (Messrs, Uttar Chand Kapur and Sons). Price Annas 12.

### For 1938.

1. Parkinson's Selection of English Verse, published by the University of the Paniab. Price Annas 10.

2. The Life Story of Abraham Lincoln-M. M. Barnes (R.S.

Munshi Gulab Singh and Sons, Lahore). Price Annas 8.

3. The Thrice Told Tales-Dickinson (Messrs. Uttar Chand Kapur and Sons, Lahore). Price Annas 10.

4. Man-The Toiler and Inventor-Wedgewood Heath (Messrs, Uttar Chand Kapur and Sons, Lahore). Price Annas

# HISTORY AND GEOGRAPHY.

### HISTORY.

For 1937 and 1938.

# SYLLABUS.

### Part I.—Indian History.

(1) The Aryans—their Advent—their Civilisation : Society, Government and Religion-their sacred books: Vedas, Upanishads and the Epics.

XXVIII. Edward the Peacemaker—Parliament Act of 1911. XXIX. George V—The Great War, its causes, main events, results. The League of Nations.

# Books recommended.

# For 1937 and 1938.

# Indian History-

A History of India (Wathen and Garrett); or, The Oxford History of India to, A. Smith); or, A History of India by Gense, published by Macmillan; or, History of India for High Schools by Ishwar Des and Kahan Chand, published by Utta Chand Kapur and Sons; or, Matriculation History of India by Vector Vyase and Abdul Qadir, published by Moti Lal Benarsi Bos; or, A Short Frimer of Indian History by Prothero (Macmillan); or, A Brief Survey of Indian History (Longmans); or, A Short History of India—Gulshan Rai (Atma Ram).

# English History—

(i) Book I. "A First Book of British History" by Tout (Longman's Historical Series for schools),

or

(ii) "The Story of England" by M. O. Davis (Oxford University Press),

or

(iii) "The English People" (New edition) by Lay, published by Macmillan,

or.

(iv) Matriculation History of England by Garrett, published by Uttar Chand Kapur and Sons,

or

(v) English History for Matriculation—K. P. Mitra (Macmillan).

# \*Geography.

### For 1937 and 1938.

# Physiography:—

- (a) The Shape of the Earth; Rotation and Revolution; Day and Night; the Seasons; Latitude and Longitude; Time and its relation to Longitude.
- (b) The Moon—its phases; elementary ideas regarding eclipses.
- (c) Land—the chief agents of change; the formation of soil; denudation and weathering.
- (d) The Ocean—its chief movements—waves, currents, tides (omitting causes); the effect of tides on shipping.
- (e) The Atmosphere; temperature, pressure, winds (land and sea breezes, monsoons, trade and westerly winds)—their causes and effects should be insisted upon; elimate and elimatic regions.
- (f) Simple map reading and ability to recognise various methods of showing land relief—e.g., contour and layer colouring.

# II. Economic Geography :-

- (a) Elementary ideas regarding the world distribution of vegetation (forest, grassland and deserts) and their relation to climate; important crops (wheat, rice, tea, coffee, tobacco, sugar, cotton, flax, rubber, vine) and mineral products (coal, iron, copper, petroleum, gold, silver and tin).
- (b) The principal human occupations and their distribution (humbering, pasturing, agriculture, mining, manufacturing and fishing).
- (c) Commerce—the interchange of the principal commodities between Great Britain and India, and the main land, sea and air routes connecting these countries.
  - (d) The importance of the Suez and the Panama Canals.

<sup>\* &</sup>quot;Outlines of Physical Geography" by H. C. Barnard and "The World—A General Geography" by Stamp (published by Longmans) are suggested for use by teachers.

#### III. World Geography :--

The following natural regions of the world:-

- (a) The Equatorial Region.
- (b) The Tropical Region of Short Summor Rainfall.
- (c) The Monsoon Region.
- (d) The Mediterranean Region. .
- (e) The Temperate Region (Western margin, Central portion and Eastern margin).
- (f) The Tundras.

Their characteristic climate, products and countries or parts of countries with important towns included in the natural regions.

(Questions on separate countries not to be asked.)

Asia to be studied regionally in greater detail with regard to its physical features, climate, vegetation, population, occupations, means of communication, trade and important towns.

- IV. The Geography of India.—A detailed study of India as a whole with special reference to the Punjab.
- V. Map filling.—Candidates will be required to insert geographical features, e.g., mountain ranges, rivers, direction of winds, rainfall, destiny of population, important railways and towns in a given outline map of :—
  - (a) Asia, (b) India, or (c) the Punjab.

NOTE.—(i) Candidates are expected to draw simple diagrams and sketch maps to illustrate their answers.

(ii) Emphasis will be laid on causes and effects rather than on the facts themselves.

The following books are recommended as suitable books indicating the scope of the prescribed syllabus in Geography:—

- Sohan Lal and Muir—Modern Geography.
  - 2. Outlines of the World, by Tydeman and Mackenzie.
  - India, World and Empire, by H: Pickles.
- 4. Our World—a Human Geography (abridged edition), by Cameron Morrison (Macmillan). Price Rs. 2.
- by Cameron Morrison (Macmillan). Price Rs. 2. 5. World Geography, Books 1 and 2, by Lay, published by Macmillan.
- New Matriculation Geography, by Bell (published by Uttar Chand Kapur and Sons). Price Rs. 2.
- General and Regional Geography, Volumes I and II, by E. T. Dean, published by Gulab Singh and Sons.
  - High School Geography, by Dudley Stamp.

#### MATHEMATICS: 1937 AND 1938.

Arithmetic.—Numeration, Notation, The Four Fundamental Rules, Factors and Prime Numbers, G.C.M. and L.C.M., Vulgar and Decimal Fractions, including simple forms of recurring decimal, Ratio and Proportion, Simple and Compound Interest, Proportional Parts, Profit and Loss, Discount, Averages, Square Root, Areas of rectangles and circles; and surfaces, Volume of Rect.—Parallelopiped and Right Circular Cylinder, Decimal approximations. The Calendar, Elementary Graphs, Practice, Simple cases of Stocks and Shares.

Algebra.—Simple Equations with one or more unknown quantities and Problems. Involution and Evolution, Factors, H.C.F. and L.C.M., Fractions, Indices, Surds, Ratio and Proportion, Simple Identities and Eliminations, Simple graphs

of Equations of the first Degree.

Geometry.—The paper in Geometry shall contain questions on Practical and on Theoretical Geometry. Every candidate shall be expected to answer questions in both branches of the subject.

The questions on Practical Geometry shall be set on the constructions contained in the annexed Schedule A, together with easy extensions of them. In cases where the validity of a construction is not obvious, the reasoning by which it is justified may be required.

The questions on Theoretical Geometry shall consist of theorems contained in the annexed Schedule B, together with questions upon these theorems, easy deductions from them, and arithmetical illustrations. Any proof of a Proposition shall be accepted, which appears to the Examiners to form part of a systematic treatment of the subject; the order in which the theorems are stated in Schedule B is not imposed as the sequence of their treatment.

In the proof of theorems and deductions from them, the use of hypothetical constructions shall be permitted. Proofs which are only applicable to commensurable magnitudes shall be accepted.

#### SCHEDULE A.

Bisection of angles and of straight lines. Construction of perpendiculars to straight lines. Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Simple cases of the construction from sufficient data of triangles and quadrilaterals.

. Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a triangle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circles from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6, or 8 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

The construction of a circle about or in a given triangle.

The division of a given straight line in extreme and mean ratio.

The construction on a given line of a figure similar to a given rectilinear figure.

#### SCHEDULE B.

#### Angles at a Point.

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

### Parallel Straight Lines.

When a straight line cuts two other straight lines, if

(i) a pair of alternate angles are equal.

(i) a pair of atternate angles are equal, (ii) a pair of corresponding angles are equal.

or (iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles, then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

#### Triangles and Rectilinear Figures.

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent. If two sides of a triangle are equal, the angles opposite these sides are equal; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the

triangles are congruent.

If two sides of a triangle are unequal, the greater side has the

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.

If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

In any triangle the perpendiculars at the middle points of the sides, the perpendiculars from the vertices on the opposite sides, the bisectors of the angles, and the medians, are severally concurrent.

#### Areas.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

Equal triangles on the same or equal bases are of the same

Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$k (a+b+c+..) = ka+kb+kc+..,$$

$$(a+b)^2 = a^2 + 2ab+b^2,$$

$$(a-b)^2 = a^2 - 2ab+b^2,$$

$$a^2 - b^2 = (a+b)(a-b).$$

The square on a side of a triangle is greater than, equal to or less than, the sum of the squares on the other two sides according as the angle contained by those sides is obtuse, right or acute. The difference in the cases of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

If ABC be a triangle, and AD a median  $AB^2 + AC^2 = 2BD^2 + 2AD^2$ .

#### Loci.

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

#### The Circle.

A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or, in the same circle) (i) if two arcs subtend equal angles at the centres, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centres.

In equal circles (or, in the same circle) (i) if two chords are equal, they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.

Equal chords of a circle are equidistant from the centre; and the converse.

The tangent at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch, the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal; and, if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semicircle is a right-angle; the angle in a segment greater than a semicircle is less than a right-angle; and the angle in a segment less than a semicircle is greater than a right-angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

#### Proportion: Similar Triangles.

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally; and the con-

If two triangles are equiangular their corresponding sides are proportional; and the converse.

If two triangles have one angle of the one equal to one angle of the other, and the sides about these equal angles proportional, the triangles are similar.

The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

# MATHEMATICS PAPER (b), i.e., CIVICS, FOR BLIND CANDIDATES ONLY.

#### For 1937 and 1938,

The same syllabus as for Civics carrying 75 marks. The marks gained by the candidate in Civics out of 75 shall be multiplied by 4/3 in order to determine his marks out of 100 in this Paper.

# ARITHMETIC AND DOMESTIC ECONOMY (FOR GIRLS).

#### For 1937.

Arithmetic.—The same syllabus as for the M. and S.L.C. candidates, omitting "and surfaces, Volume of Rect.—Parallelopiped and Right Circular Cylinder, Decimal approximations", and "simple cases of Stocks and Shares".

Domestic Economy :-

#### SYLLABUS.

This course is in two parts :--

Home Nursing. 2. Sewing and Cutting out.

As a basis for the teaching of Home Nursing there should be a preliminary simple treatment of the following topics of Elementary Physiology:—

The human skeleton, the organs of digestion, the circulation of the blood, the nervous system, respiration, excretion.

# 1. Home Nursing.

Note.—None of the work is to be purely theoretical. Practice must be given in every point which allows of practical work.

Room.—Bed, bedding, furniture, light, warmth, ventilation.

Nurse.—Health, dress, duties, and qualification of nurse.

Necessity of keeping the patient quiet.

External remedies .- Poultices, plasters, fomentations, ice baths, hot and cold, temperature of baths.

Food.—Kind of food and preparation, way of giving. The sick room.—Administration of medicine, pulse and tem-

perature, charts, bathing, changing of garments and bedding. Infectious illness.—Precautions during illness, disinfection of room, clothing and bedding. After illness, use of disinfectants.

Convalescence. - Occupation, visitors, rest and food.

Children .- Baby from birth to 7 years. Their care and training, food, sleep, exercise, play, clothing, cleanliness, surroundings.

#### Sewing and Outling out.

Note.—To cut out and make up the garments in the list given below. A good standard of skill will be required in the various stitches used in making up these garments and in mending worn articles of clothing :-

- 1. A complete set of simple clothes for a child between two and four years of age.
- 2. Knitting of socks and a cap for a baby of one month, or of a vest or jumper for a girl over ten years of age.
- 3. Any kind of embroidery preferred by the candidate, but brought to a good standard of work.
- 4. Darning and mending-specimen of darning and mending of clothes and of household linen.

#### Books recommended.

Indian Manuals of First Aid and Home Nursing. (Thacker. Spink and Co., Calcutta.)

Physiology, Hygiene and First Aid, for Indian Schools. (Longmans, Green and Co.)

ARITHMETIC, AND DOMESTIC ARITHMETIC AND HOUSEHOLD ACCOUNTS (FOR GIRLS).

#### For 1938.

Arithmetic.—The same syllabus as for the M. and S.L.C. candidates, omitting "and surfaces, Volume of Rect.-Parallelopiped and Right Circular Cylinder; Decimal approximations", and "simple cases of Stocks and Shares".

#### Domestic Arithmetic and Household Accounts.

#### Household Accounts.

- A. Object and Method of keeping household accounts.
  - (a) Board, i.c., Baker, Greengrocer, etc.
    - (b) House, i.e., Brushes, Candles, Coal, etc.
    - (c) Personal. Chemist, Dhersi, Newspapers, etc.
    - (d) Miscellaneous. Amusements, Education, Travelling expenses, etc.
- B. 1. Short methods of calculation.
  - The best ways of arranging Purchases and Payments.
     Methods of ordering goods.
  - 4. The use of Price Lists, and Current Prices.
  - 4. The use of Price Lists, and Current Prices
    5. Invoices.
  - Invoices.
     Means of checking accounts and goods when delivered.
  - 7. Receipts for money paid-Vouchers.
  - Discount and the most advantageous ways of buying articles.
  - 9. Short method for calculating Discount.
  - Wages of Domestic Servants.
     Household Book-keeping, i.e., Cash Book.
- C. 1. Unitary Method.
  - 2. Simple Averages.
    - 3. Percentages.
- 3. rercentages
- D. Tables of :-
  - Weights and Measures including simple household measures.
  - 2. Metric System.
- E. Compound Rules.
  - 1. Compound Addition.
    - 2. Compound Subtraction.
  - 3. Compound Multiplication.
  - 4. Compound Division.
- F. Measurement of Length and Area.
- E.g., Cost of covering floors, etc.
- G. Volume.
  - Cubic Measure.
  - 2. Capacity of water tanks, air-capacity of rooms.
- H. Post Office and Bank Regulations and Transactions.
  - 1. Ordinary letters, registration and re-direction, etc.
    - 2. Air Mail letters and late fees.

- 3. Printed Matter, i.c., Circulars.
- 4. Post Cards. 5. Parcels by (a) rail, (b) Bus and (c) registration.
- Postal orders.
- Money Orders and V.-P.P. letters or parcels.
   Tolegrams.

- Cables. 10. Use of a Cheque book.
- 11. Simple explanation of Exchange.

#### I. Licences and Taxes.

- Dog Licence.
- Car Licence.
- 3. Driving Licence.
- 4. Water Tax.
- Electric Lighting Tax.
- 6. Amusement Tax.
- 7. Income Tax.
- 8. Rates.

# J. Investment, etc.

- 1. Property and Mortgage.
  - 2. Savings Bank, etc.
- 3. Banking.

### K. Insurance.

# URDU.

#### For 1937.

Nisab-i-Urdu, published by the Panjab University (1930 Edition). Price Rs. 2.

No grammar book is prescribed or suggested. The following syllabus is prescribed :---

- I. Noun :--
  - (a) Infinitive ( مصدر ), its kinds and various meanings.
  - (b) Verbal Noun ( حاصل مصدر ).
  - (c) Singulars and plurals of nouns and جمع الجمع الجمع.
  - (d) Masculine and Feminine ( تذكير و تانيث ).
  - (e) Declension of nouns.
  - اسم ظرف فاعل بشكل مفعول اسم مفعول اسم فاعل (f) . اسم مكبر - اسم تصغير - اسم أله
  - (g) Use of " إن as sign of subject ( فاعل ).

#### II. Pronoun :-

- (1) Personal.
- (2) Relative.
- (3) Interrogative.(4) Demonstrative.
- (5) Reflexive.

# III. Adjective :--

- (1) Adjectives of quality.
- (2) Degrees of adjective.
- (3) Numerals.
- (4) Adjectives of quantity.

### IV. Verb :--

- (ا مفود و موکب ) Simple and Compound ( مفود و موکب ).
- (2) Transitive and Intransitive (معتدى و الأزمى ).
- (3) Active and Passive ( معروفٌ و معجبول)."
- . فعل معطوف and افعال ناقصه (4)
- (5) Tenses.(6) Conjugation of verbs.
- (7) Agreement of verb with its subject or object with respect to its number, person and gender.
- V. Uses of various particles ( عروف ), e.g.,
   جار عطف علت اضافت تردید اضراب استشا استداک شرط و جرا تبنیه و تاکید حصو و خصوصیت استفهام و ندا وندید ایجاب تعجب و ابنساط بیان \*

# VI. Syntax :--

- ميدا و خبر مسند و مسند اله فاعل مفعول (1)
   مركب تام متعلقات فيل
- موكب اضافي و مركب توصيفي particularly مركب ناقص (2) . حال و ذوالحال - تابع موضوع - تابع مهمل
- (3) Analysis of simple sentences :—
  - .جملة فعلية (a)
  - .جملة امية (٥)

#### For 1938.

Substitute "Sarma'ya-i-Urdu (published by the Panjab University). Price Rs. 2" for "Nisab-i-Urdu, published by the Panjab University (1930 Edition). Price Rs. 2".

The rest as for 1937.

#### HINDI.

#### For 1937 and 1938.

- 1. "Hindi Sumanaguchha", by Banarasi Das, published
- by the Panjab University.
  2. "Nātya-Kusumāvali", by Sant Gokal Chand (Messrs. Uttar Chand Kapur and Sons). Price Annas 12 (with pictures) and Annas 10 (without pictures).

3. "Galpa Vinoda", by K. N. Bhatnagar (Messrs. Uttar Chand Kapur and Sons).

No grammar book is prescribed or suggested. The following

- syllabus is prescribed:—
  - Orthography. Correct spelling to be emphasised.
  - II. Parts of Speech :-
    - (i) Noun (**ਚੱਚਾ**)•
      - (a) Kinds (भेद).
      - (b) Gender (चिड़).
      - (c) Case (कारक).
      - (d) Number (ate).
      - (e) Declension (ৰ্ঘাৰ্যা).
    - (ii) Pronouns (सर्वनाम).
      - (a) Kinds (भेद).
      - (b) Declension (ছঘংঘনা).
    - (iii) Adjective (विशेषण).
      - (a) Kinds (भेद).
      - (b) Degrees of comparison.

- (iv) Verb (病如).
  - (a) Kinds (भेद).
  - (b) Voice (वाच्य).
  - (c) Tense (কাল).
  - (d) Mood (प्रकार).
  - (e) Number (বचन).
  - (f) Person (yes).
  - (g) Gender (লিছা).
  - (h) Nominal Verb (নমঘানু).
  - (i) Compound Verb (संयक्तकिया).
  - (j) Causal Verb (प्रेरणार्थककिया).
- (v) Adverb (जियाविशेषण).
  - (a) Kinds (भेद).
  - (b) Formation (रचना).
- (vi) Postpositions (संस्वन्धवोधक).
- (vii) Conjunctions (समुच्यबोधक).
- (viii) Interjections (विसायादिबोधक).
- III. Parsing (शाब्दबोध) and Analysis (विश्लेषण).
- IV. Punctuation (विरामचिह्र).
- V. Sandhi and Compounds (समास).
- VI. Derivation (व्यत्पत्ति).
- VII. guan and uau.
- VIII. Explanation of easy idioms.

#### PANJARI.

#### For 1937.

- Panjabi Matriculation Course of the Panjab University (8th Edition). Price Re. 1-12-0.
- "Samundri Bala", by Bawa Udham Singh, B.Sc., B.T. (published by Messrs. Uttar Chand Kapur and Sons). Price Annas 6.
- "Nawab Khan", by Sardar Jodh Singh, M.A. (published by Messrs. Uttar Chand Kapur and Sons). Price Annas 8.

No grammar book is prescribed or suggested. The following syllabus is prescribed:—

- I. Orthography-
  - (1) Letters and Symbols ( ਅੱਖਰ ਤੇ ਲਗਾਂ ਮਾਤ੍ਰਾਂ ).
- (2) Spelling (সম্ভা ਦੇ নীর): rules governing the pure Panjabi forms: misspelt words corrected.
- II. Etymology-
  - 1. Noun (ਨਾਂਵ).
    - (a) Gender (ਲਿੰਗ).
    - (b) Number (국령자).
    - (c) Case (ਕਾਰਕ).
    - (d) (ਕਾਰਕ ਰੂਪ ਸਾਧਨਾ).
- · 2. Adjective (ਵਿਸ਼ੇਸ਼ਣ).
  - (a) Adj. of Quality (নুক্ত হানুৱ), Degrees (সাহসদা).
  - (b) Numerals (সধিসার).
  - (c) Adj. of Quantity (ਪਰਿਮਾਣ ਵਾਚਕ).
  - (d) Demonstrative (ਨਿਸਚੇ ਵਾਚਕ).
  - (e) Pronominal (ਪੜਨਾਂਵੀ). And

ਕਾਰਕ ਰੂਪ ਸਾਧਨਾ.

- 3. Pronouns (ਪੜਨਾਂਵ).
  - (a) Personal (ਪਰਖ রানর).
  - (b) Reflexive (চিঁন হান্তর).
  - (c) Demonstrative (ਨਿਸਚ ਵਾਚਕ).
  - (d) Indefinite (সামিদভিত্র).
  - (e) Relative (ਸੰਬੰਧ ਵਾਚਕ).

  - (f) Interrogative (এমত হানত). And

ਕਾਰਕ ਰਪ ਸਾਧਨਾ.

- 4. Verb (fafaหา).
  - (a) Transitive and Intransitive (ਸਕਰਮਕ ਤੇ ਅਕਰਮਕ)
  - (b) Formation of Root Verbs (ঘার বন্ধনা).
    - (1) Causal (থুবসাবধন).
    - (2) Compound (ਸੰਯਕਤ).
    - (3) Active and Passive (ਕਰਤਰੀ ਵਾਚ ਤੇ ਕਰਮ ਵਾਜ).
  - (c) Tense (ਗਲ).
    - (1) Past Indefinite (সামিদবিত প্রতমান).
    - (2) Present Perfect (ਸਮੀਪੀ ਭੂਤਕਾਲ).
    - (3) Past Perfect (ਪੂਰਣ ਭੂਤਕਾਲ).
    - (4) Past Imperfect (ਅਪੂਰਣ ਭੂਤਕਾਲ).
    - (5) Conditional Past (ਸ਼ਰਤੀ ਕੁਤਕਾਲ).
    - (6) Present Tense (ਵਰਤਮਾਨ ਕਾਲ).
    - (7) Contingent Future (ਸੰਭਾਵ ਭਵਿਖਤ ਕਾਲ).
    - (8) Future Indefinite (ਅਨਿਸਚਿਤ ਭਵਿਖਤ ਕਾਲ).
    - (9) Imperative (ਹਕਮੀ ਭਵਿਖਤ ਕਾਲ).

- (d) Conjugation (ਰੁਪ ਸਾਧਨਾ).
  - (1) Conjugation of a Verb (ਕਿਰਿਆ ਦੀ ਰੁਪ ਸਾਧਨ).
    - (2) Conjugation of a Verb Root (ਧਾਤ ਦੀ ਰੂਪ ਸਾਧਨਾ).
  - (e) Participles (ਕਾਰਦੰਤਕ).
- 5. Adverb ਕਿਰਿਆ (ਵਿਸ਼ੇਸ਼ਣ).
  - (a) Kinds (ਵੰਡ).
    - (1) Adverbs of Time (রাম্ভ হান্তর).
    - (2) ,, of Place (সম্বাত্ত হান্তৰ).
    - (3) , of Manner (ਪਰਕਾਰ ਵਾਦਕ).
    - (4) .. of Quantity (ਪ੍ਰਿਸਣ ਵਾਚਕ).
    - (5) " of Number (ਸੰਖਿਆ ਵਾਦਕ).
    - (6) , of Affirmation and Negation (রিবতা হাত্র).
    - (7) ,, of Cause (রাবত হান্র).
    - (8) ,, of Emphasis (ਤਾਕੀਦੀ).
  - (b) असमवा.
    - (1) Simple (ਸਾਧਾਰਣ).
    - (2) Interrogative (내대 조리).
    - (3) Conjunctive (जेसदी).
  - (c) Formation of Adverbs (ਕਿੰਡ ਵਿੰਡ ਦੀ ਰਚਨਾ).
    - (1) By Suffixes (ਪਿਛੇਤਰਾਂ ਦੁਸਮਰਾ).
    - (2) Adv. Phrases (ਵਾਕੰਸ).
- 6. Postposition (หีซีบ).
  - (a) Kinds (ਵੰਡ).
    - (1) Complete (যুৱক).
    - (2) Incomplete (ਅਪੂਰਣ).
  - , (3) Mixed (स्वासवे).
    - (4) Symbolic (ਸੰਬੰਧ ਸੂਚਕ ਪਿਛੇਤਰ).

- 7. Conjunction (जैसद).
  - (a) Co-ordinative (সমাত্র).
    - (1) Cumulative (ਸਮਚੀ).
    - (2) Alternative (ਵਿਕਲਪੀ).
    - (3) Adversative (ঠিঘ্রা).
    - (4) Relative (ਕਾਰਜ ਬੋਧਕ).
  - (b) Subordinative (ਅਧੀਨ).
    - (1) Apposition (সমাত্র ফাঘিরবস্ত).
    - (2) Showing Cause (রাক্ত হান্তর).
    - (8) " Purpose (ਮਨਤਵ ਵਾਚਕ).
    - (4) " Contrast (ਵਿਰੋਧ ਵਾਦਕ).
    - (5) " Condition (ਸ਼ਰਤੀ ").
    - (6) , Comparison (3ਲਤਾ ਵਾਚਕ).
- 8. Interjection (হিম্যাসির).
- 9. Parsing (ਪਦਵੰਡ).
- 10. Word building (ਸ਼ਬਦ ਰਚਨਾ).
  - (a) Derivation (ਸ਼명단 영공내회).
  - (b) Compounds (ЯНГЯ).

# III. Syntax-

- 1. Rules of Syntax (রাম বনুতা).
- 2. Analysis (ਵਾਕ ਵੰਡ).
- 3. Analysis (ਬਿਸ਼ਾਂਮ ਚਿੰਨ).
- 4. Transformation of Sentences (ਵਾਰ ਵਟਾਂਦਗ).
- 5. Idioms (ਮਗਵਰੇ).

#### For 1028

Substitute "Uddami Munde", by S. Sohan Singh Gyani (Price Annas 8), published by R.S. Munshi Gulab Singh and Sons for "Nawab Khan", by S. Jodh Singh.

The rest or for 1927

#### RENGATE

#### For 1937 and 1938.

Poetru-

- (i) "Padva Prakash", Part II, by Nrisingha Chandra . Mukhonadhyaya.
- (ii) "Katha", by Rabindra Nath Tagore.

Proce-

"Ramer Sumati", by Sarat Chandra Chatterjee. "Sanciam Siksha", by Chandra Nath Basu.

Grammar.—No book is prescribed or suggested. The following syllabus is prescribed :---

Elementary knowledge of the following:-

- Parts of Speech.
  - (i) Nouns and their classification : gender : number : case : and declensions.
  - (ii) Pronouns and their classification.
  - (iii) Adjectives : degrees of comparison.
  - (iv) Verbs; tense; voice; mood.
  - (v) Adverbs.
  - (vi) Conjunctions and interjections.
- II. Parsing and Analysis.
- III. Swar and Byanjan Sandhi.
- IV. Samāsās (compounds).
  V. Idioms.

#### PASETO.

#### For 1937 and 1938

Baharistan-i-Afghani, by Qazi Mir Ahmad Shah Rizwani.

No grammar book is prescribed or suggested. The following syllabus is prescribed :-

\*PHYSICS AND CHEMISTRY.

For 1937.
Physics.

Greater emphasis should be laid on the experimental portions and on the applications of fundamental principles in every-day life. Space, time and matter. Methods of observation. Recording experiment. Measurement. Simple measurements of length, area, volume, mass and density in British and Metric Systems. Use of the spring balance and the simple form of the School balance. Three states of matter and their characteristic properties. Brahmah Press; Pressure of fluids; Principle of Archimedes. Specific gravity of solids and liquids and their determination by Hydrostatic balance; Floating bodies, Hydrometer. Balloon. Atmospheric pressure. Simple Barometer, Water Pump and Siphon.

<sup>\*</sup> Any one of the following books may be used as a guide for practical work:—

Practical Physics and Chemistry and Laboratory Note-books, by R.S. Professor Rachi Ram Sahni—A Manual of Practical Science, by Lala Girdhari Lal, B.Sc.—Practical Physics and Chemistry, by Ram Bheja Mal Sath, M.Sc., and Raja Dhan Raj Singh, B.A., B.T.—A Book on Practical Science for M.S.L.C. Candidates, by Lala Mukand Lal Bhatia, M.Sc.—Assignments in Practical Elementary Science, by R. H. Whitehouse, D.Sc., and Mabel Whitehouse, B.Sc., published by Macmillan and Co.

Simple ideas of Velocity, Acceleration, Graphic representation. Elementary notions of Inertia, Momentum, Force. Three laws of motion. Mass and weight. Laws of gravitation. Centre of gravity. Equilibrium of two forces, three states of equilibrium of a body.

Moment of a force, principle of lever; simple pulley.

Source and effects of heat; heat and temperature. Mercurial Thermometer; Maximum and Minimum Thermometer.

Units of heat, specific heat, thermal capacity, latent heat of water, latent heat of steam. Measurement of specific heat of a solid and latent heat of water by the method of mixture.

Change of state. Fusion. Determination of melting point. Freezing mixture. Evaporation and boiling. Determination of boiling point. Experiments to illustrate change of boiling point with pressure. Moisture in air. Condensation of water vapour. Dew point. Cloud, rain, snow.

Conduction of heat, good and bad conductors; convection; ventilation, convection currents in nature. Radiation of heat. Good radiators, good absorbers and good reflectors of heat rays. Conditions for the formation of dew.

Sources of light; light travels in straight lines, pinhole images, shadows, eclipses.

Reflection of light; laws of reflection of light; image of object by reflection from a plane mirror.

Refraction of light; laws of refraction of light, experimental determination of index of refraction of glass and water by the simple application of the law. Refraction through a prism. Dispersion by a prism. Colour of bodies.

Convex lens; real images by a convex lens; experimental determination of focal length of a convex lens. Convex lens used as a magnifying glass. Principles of Photographic Camera, Magic Lantern, Astronomical Telescope and Microscope.

Electrification of bodies. Positive and Negative Electricity. Gold leaf Electroscope. Conductors and insulators, charging an Electroscope by friction and conduction. Electric induction, charging an Electroscope by induction. Electrophorus.

Simple voltaic cell; local action and polarisation; description of Bunsen's cell, Daniell cell, Leclanche cell, two or more cells in series. Production of heat and light by electric current. Oersted's experiment; Principle of galvanoscope. Electromagnet. Electric bell. Electrolysis and electroplating.

Properties of a magnet, making of a magnet, mariner's compass.

Practical Physics.—The use of the yard, foot and inch, the metre, centimetre and millimetre in the measurements of simple lengths, areas and volumes.

The use of the spring balance and the simple balance.

To find the relative density of a liquid by means of a specific gravity bottle.

To find the relative density of a solid by Archimedes' principle.

To show the action of a siphon.

To show that liquids and gases expand when heated.

To determine the melting point of wax and naphthalene.

To determine the boiling point of water.

To show the effect of reduced pressure on the boiling point of water.

To compare the rate of cooling of dull and brightly polished surfaces.

To show that light travels in straight lines.

To prove that the angles of incidence and reflection are equal. To verify the laws of refraction, to trace the path of rays through a prism.

To find the focal length of a convex lens.

To charge a gold-leaf electroscope and electrophorus.

To set up a simple voltaic cell, a Daniell cell and a Leclanche cell.

To determine the direction of an electric current by a magnetic needle.

To set up an electric bell in a circuit.

To magnetise steel, using a bar magnet.

To make a simple electro-magnet.

# Chemistry.

Physical and chemical changes. Elements, compounds, and mixtures, metals and non-metals. Chemical combination and decomposition.

Solution, decantation, filtration, evaporation, distillation, Saturated Solution. Crystals, Crystallisation; Sublimation, Composition of air. Oxygen. Nitrogen. Impurities of air, Deliquescent bodies. Air a mixture.

Chemical affinity, preparation of Oxygen, its properties and uses. Oxidation, reduction, combustion. Parts of candle flame.

Hydrogen, its preparation and properties.

Water, its properties and composition by electrolysis. Rain, spring, mineral, and sea-waters; hard and soft waters. Softening of hard waters.

Organic and inorganic compounds. Allotropic forms of Carbon. Coal, breathing. Burning of a candle. Action of plants on CO<sub>2</sub>.

CO<sub>2</sub>, its preparation, properties and uses. Limestone. Lime and slaked lime. Forms of Calcium Carbonate and Calcium Sulphate. HCl, its preparation and proporties, Chlorides, Sulphur. Its varieties, effects of heat upon it in a closed vessel and in air SO<sub>2</sub> and its proporties. Sulphurd Acid, its proporties and action on metals. Sulphates. Phosphorus—red and yellow. Matches.

Nitric acid. Its preparation, properties and uses. Nitrates. Distinction between HCl, H<sub>2</sub>SO<sub>4</sub> and HNO<sub>3</sub>. Ammonia and its properties.

Ores and Metals. Alloys and Amalgams. The more important salts of Sodium and Potassium.

Properties of the following metals: Copper, Mercury, Silver, Zinc. Lead. Tin. Iron and Aluminium.

Practical Chemistry.—Acquaintance with simple chemical manipulation, as solution, filtration, decantation, crystallisation, distillation.

To fit up an apparatus to demonstrate the combination of oxygen of the atmosphere with iron.

Cork boring; cutting, bending and drawing out of glass tubing and glass rod.

The preparation and properties of oxygen and hydrogen.

The distinction between acids and alkalies.

To neutralise an acid with an alkali and vice versa.

A study of the zones in a candle flame.

The products of combustion as illustrated by the burning of a candle.

To distinguish between hard and soft waters and to soften hard water.

The action of heat on coal to show the production of coal gas. The preparation and properties of carbon-dioxide, hydrochloric acid and nitric acid.

Test for hydrochloric acid, sulphuric acid and nitric acid.

The action of heat on sulphur.

To prepare monoclinic and plastic forms of sulphur.

#### Books recommended are :--

 Experimental Science for Indian Schools by Gregory and Hodges (Macmillan and Co.).

 A Class-Book of Science (Vol. I Physics, and Vol. II Chemistry), by S. Prem Singh, M.Sc., and L. Ram Bheja Mal, M.Sc. (published by Messrs. Uttar Chand Kapur and Sons, Lahore).

 Matriculation Science Part I Physics, by Messrs. W. R. Jones, Chirag-ud-din and Minhaj-ud-din, published by Messrs. Shamsher Singh and Co., Katchery Road, Lahore. Price Re. 1-12-0.

Ke. 1-12-0.

 Matriculation Science Part II Chemistry, by Messrs. W. R. Jones, Chirag-ud-din and Minhaj-ud-din, published by Messrs. Shamsher Singh and Co., Katchery Road, Lahore. Price Re. 1.

- School Chemistry, by Prof. N. A. Yajnik, M.A., A.I.C., published by Messrs. Atma Ram and Sons, Book-sellers, Lahore. Price Re. 1.
- School Physics, by Dr. G. L. Datta, M.Sc., Ph.D., published by Messrs. Atma Ram and Sons, Book-sellers, Lahore. Price Re. 1-12-0.

#### For 1938.

Syllabus: The same as for 1937.

To the list of books recommended, add :-

Physical Science: Part I (Physics) and Part II (Chemistry), by Sh. Munir-ud-Din, M.Se., Bawa Bhagat Ram and L. Kundan Lal Kapur.

#### SANSKRIT.

# For 1937 and 1938.

Paper (a)—No grammar book is prescribed or suggested. The following syllabus is prescribed:—

- 1. Ac-, hal-, and Visarga-Sandhis.
- 2. Change of 'n' into 'n' and of 's' into 's'.
- Declensions of simple bases and Sarva-nāma.
- Prominent feminine affixes.
   Prominent uses of cases.
- Numerals.
- Degrees of comparison.
  - 8. Conjugation of the following roots in बट्, बङ्, लोट्,

# विधितिङ् , and लुट्:---

(b) ग्रदादि: ग्रदु (P.), ग्रस् (P.), स्तु (P.), ब्रु (P.), स्टु (P.), दृष्ट (P.), जाए (P.), स्वप (P.), इन् (P.), विद् (P.), शास (P.), (P.) and इ (P.)-ग्राब (A.), श्री (A.) and ग्रधि + इ (A.).

(c) जुड़ोत्यादि: ह (P.) and भी (P.)-

दा (U.) and भ (U.).

(d) दिवादि: दिव (P.), नृत (P.), वाध् (P.), नश् (P.), शस् (P.) and 罗耳 (P.)---

विद (A.), प्रथ (A.) and जन (A.).

- (e) स्वादि: सु (U.), ग्राप् (P.) and श्रकु (P.).
- (f) तुदादि: तुद् (P.), इष् (P.), स्पृश् (P.) and प्रच्छ (P.), मृ (A.), विद (U.) and मुच (U.).
- (g) कथादि: कथ् (U.), सूज् (U.) and युक् (U.).
- (h) तनादि: तनु (U.), का (U.).
- (i) क्यांदि: क्री (U.), ग्रष्ट (U.), च्या (U.) and मुध (P.).
- (j) चुरादि: चुर् (U.), चिन्त् (U.), तड् (U.), कथ् (U.) and भत्त (U.).

N.B .- P. stands for utenue.

A. stands for ग्रात्सनेपट.

U. stands for Guave.

- 9. Prominent causal forms.
- 10. Voices-an elementary knowledge only. 11. Compounds-an elementary knowledge only.
- 12. Krdanta-use of only the following affixes:-

Kta; ktva; ktavatu; tum; tavya; anīya; yat; šatr; and šänac.

Paper (b)—Sanskrita-Ratnākara, by L. Gulbahar Singh (published by the University of the Panjab). Price Re. 1-2-0.

#### ARABIC.

#### For 1937 and 1938.

Paper (a)—No grammar book is prescribed or suggested. The following syllabus is prescribed:—

- I. Orthography ( علم حروف الحجاء ):--
  - (1) Letters and orthographic signs ( حروف و حركات )
  - (2) Forms and kinds of Hamza ( صور الهمزة و اقسامها ).
- . (3) Words of irregular spellings.
- --: ( علم الصرف ) II. Etymology
  - (1) Tenses (انحال). Primitive (مجرد) and derivative (مترده نيه) and quadriliteral (ثلاثي) and quadriliteral (رباعي) forms.
    - Important significations ( غواص الابواب ) "Seven Classes" (هفت اقسام ).
  - (2) Kinds ( اقسام ) and measures ( اقسام ) of nouns. Important derivative nouns ( اسهاء مشتقة ) Numerals ( مثونتات ). Feminine ( مثونتات ) and plural forms ( جموع ).
  - (3) Personal (ضمائر), demonstrative (اسماء الاشارة) and relative pronouns (المهوسولات).
  - (4) Important governing and non-governing particles
     ( خروف عاملة و غيرة عاملة ).
- -: (علم الخو ) Syntax ( علم الخو
  - (1) Nominal and verbal sentences (الجملة الأسمية والفعلية). •
  - (2) Declinable ( معبني ) and indeclinable ( معبن ) nouns. Triptotes ( منصرف ) and diptotes ( منصرف ). Various case-marks ( انواع الاعراب ).

- (3) Concord ( مطابقة ) between Subject and Predicate.
- (4) Objective Complements ( مفاعيل ). Circumstantial ( مال ) and specificative adverbs ( حال ).
- (5) Important appositives ( توابع ).

Paper (b)—Durüs-ul-Adab, Parts I and II, by M. Zafar Iqbal (published by the University of the Panjab). Part I: Price Re. 1. Part II: Price Re. 1-4-0.

# Persian.

For 1937.

 Nisab Farsi (7th Edition), published by the University of the Panjab. Price Annas 14 only.

 Ainė-i-Ajam, by Dr. Sir Mohammad Iqbal (Messrs. Uttar Chand Kapur and Sons, Anarkali, Lahore), omitting poems from Fasl-i-Bahar to Madain, pages 113 to 127. Price Annas 10.

No grammar book is prescribed or suggested. The following syllabus is prescribed:—

Noun, Gender ( نايت ), Number ( الفكير و تاليت ), Number ( إنايت ), Formation of Plurals. Different forms of Arabic broken plurals ( الفائت ) used in Persian. Izáfat ( الفائت ).

Adjectives: Comparative and superlative degrees ( يَفْضِيلُ كُلُ يَفْضِيلُ كُلُ ) and their formation both according to the Persian and Arabic grammars. Masculine and feminine forms of Arabic adjectives. Cardinal and ordinal numbers ( اعداد رقيبي ). Fractional numbers ( اعداد گرتيبي

Pronouns : Personal, Relative ( اسم موصول ), Interrogative, Reflexive, Separable and Inseparable Pronouns ( منفصل و ).

Verbal Noun (مصدر ). Various forms of Arabic Verbal Nouns used in Persian. Formation of انقعل - وتفعيل - وافعال along with their derivatives ( اسم فاعل و اسم مفعول ).

Verb: Transitive and Intransitive ( لازم و متعدى). Formation of various tenses from infinitives both in the Active and Passive

Voice ( امرونهي ). Imperative ( امرونه , معجهول ). Subjunctive ( امضارع). Optative ( مضارع). Auxiliary ( فضارة). Causative ( متعدي الهتعدي ) with the direct object ( مقعول به ).

اسم مفعول و حاصل مصدر و اسم فاعل (both Persian and Arabic) اسم ظوف (both Persian and Arabic) اسم ظوف (Persian and Arabic). Noun of profession (فعال ).

Different uses of the مركب تام حروف Subject and Predicate مركب تام حروف .

Analysis of simple sentences.

#### For 1938.

Substitute "Dastūr-i-Adah" (published by the Panjab University). Price Re. 1-4-0 for both Nisab Farsi (7th Edition), published by the University of the Panjab, and Aina-i-Ajam, by Dr. Sir Mohd, Iqbal (Messrs. Uttar Chand Kapur and Sons, Anarkali, Lahore).

The rest as for 1937.

### Hebrew: 1937 AND 1938.

# Paper A-

Genesis, Chapters 37-50.

Recommended for study :-

"Genesis", by Dr. W. H. Bennett—in the Century Bible—published by Jack.

# Paper B-

Grammar recommended :--

"Introduction to the Study of Hebrew", G. T. L. Maggs (Books for Bible Students, published by the Wesleyan Book Room, London).

Lexicon—"The Student's Hebrew Lexicon ".

GREEK: 1937 AND 1938.

Xenophon—Anabasis, Books I and II.

#### LATIN: 1937 AND 1938.

- Cæsar—De Bello Gallico, Books IV and V.
- Virgil—Æneid, Book I.

# FRENCH.

For 1937.

Le Petit Ravageot, Jean Mace-Macmillan. Price Re. 1,

A First French Reader, Ritchie and Moore-Nelson, pages 1-75 only excluding poems. Price Re. 1-3-0.

#### For 1938.

Le Petit Ravageot, Jean Mace—Macmillan. Price Re. 1,

A First French Reader, Ritchie and Moore—Nelson, pages 1-75 only excluding poems. Price Ro. 1-3-0. A sound knowledge is expected of :-

The gender and number rules of Nouns, Adjectives and Pronoms.

The formation of Adverbs.

The uses of Prepositions, Numerals, etc.

The regular and main irregular verbs. The ordinary forms of question and answer.

The simpler forms of subordinate clauses.

The more common idioms.

#### GERMAN.

#### For 1937 and 1938.

Hans Jakob-Aus den Leben eines Unglucklichen, edited by Miss E. Dixon, published by Macmillan and Co.

N.B.—An elementary knowledge of accidence and of rules of syntax will be expected. Standard as indicated by Siepmann's Primary German Course.

SYLLABUS IN CIVICS.

For 1937 and 1938.

- 1. Control and co-operation (law and order) as evinced in :-
  - (a) The home.
    - (b) The school.

(c) The village community.

Panchayet Act Co-operative Societies in illustration.

(d) The Provincial Government.

- (e) The Government of India. Emphasis to be placed on the need of creating public authorities. A few typical instances of public officers (e.g., Lambardar, Tahsildar, Deputy Commissioner) with explanation of the duty of members of the public in co-operating with authority.
- 2. The wider community of the British Commonwealth and its justification. The ideas of representative and of responsible Government, illustrated in varying forms and degrees by the different types of Government of the constituent members of that Commonwealth. The idea of service for the community on the part of the individual to be emphasised throughout, and illustrations and comparison to be drawn from school life whenever possible. (The function of the Crown as symbolic and unifying to be noticed.) Recent Political Reforms in India as illustrating an approach to responsible and representative Government. Meaning and responsibilities of the vote.

B.

Need of permanent machinery for essential public services :—

The legislature.—

Its function in (a) making laws,

(b) influencing the administration.

(c) voting supplies.

The meaning and importance of by-laws, illustrated, e.g., in Railway administration, Municipal and District Boards.

#### Administration.—

Upholding the law.

The Police—protecting the public and detecting crime.

The Judge-securing justice and punishing crime.

Objects of punishment and charging character of treatment of criminals illustrated in reformatories.

Right of Appeal.

C.

Education: the attempt to make good citizens. Types of school (grades, and general and special schools). The state of educational progress in India.

D.

Taxation.—The individual's contribution for public services. Different ways in which he is made to contribute. Main items of taxation.

13

Defence of the Country.—Army, Navy, Air Force. Purpose and maintenance. Dangers of Militarism.

#### Books recommended :-

- 1. Citizenship, by Lay (published by Macmillan).
- 2. India of To-day, by Garrett (published by R.S. Munshi Gulab Singh and Sons). Price Annas 8.
- 3. Elementary Civics and Administration, by Mr. Man Mohan and Daruwala (published by Longmans).

#### HYGIENE.

#### For 1937 and 1938.

- (a) The syllabus in Hygiene shall be the same both for Physiology and Hygiene and for Civics and Hygiene.
- (b) There shall be a practical test in Hygiene with whichever subject it might be combined.
- (c) Syllabus for paper (B) in Civics and Hygiene or Physiology and Hygiene:—
- Elementary facts of anatomy and physiology. Position of the chief organs of the body and the physiology of these organs.
- Importance of practical hygiene illustrated from mortality figures.
  - Personal hygiene.—
    - (i) Air.—Breathing (Physiological explanation). Composition of air. Common contaminations. Ventilation, Proper breathing habits.
    - (ii) Drinking water.—Sources, Common sources of impurity. Methods of purification and keeping stored water pure.
    - (iii) Food.—Élementary facts regarding the physiology of digestion and circulation. Constituents of a satisfactory diet. Milk. Digestibility of common foods. Food contamination before and atter cooking. Importance of fresh food and green vegetables. Common errors in diet. Hours for meals and need for regularity.

- (iv) Beverages and condiments.—Their use and abuse. Lassi (Butter milk) Syrups, Aerated waters, Tea, Alcoholic drinks.
- (v) Cleanliness of person.—Physiology of the skin. Cleanliness of the body, hair, eyes, nose, ear, mouth, teeth, fingernails, feet, clothes.
- (vi) Clothing.—Types. Woollen and cotton materials and their value as clothing. Bed clothing.
- (vii) Exercise.—Rest and Recreation. Elementary facts regarding physiology of muscle. Types of exercise and their purpose. Rest and contrast with idleness,
- Sleep times and conditions.

  (viii) Common diseases.—Causes and prevention of small-pox, constipation, diarrhoa, dysentery, cholera, typhoid fever, tuberculosis, influenza, malaria,
  - plague and rabies.

    (ix) Insect foes.—Mosquito, flea, sand-fly, house-fly, bug, louse and the diseases with which they are associated.
  - (x) Sight.—Common causes of eye troubles, flies, dust, glare, use and abuse of spectacles, good and bad lighting and healthy conditions of study.

# Social Hygiene.—

- Urban and village life.—Opportunities for healthy life.
- (ii) Houses in towns and villages with special reference to ventilation, sun-light, and position of living rooms with respect to latrines, kitchens and housing of cattle.
- Water-supply in towns and villages.—Municipal supplied. A satisfactory well. Pollution of wells.
- (iv) Drainage.—Purpose of drains; their abuse. Kachcha and Pukka drains. Disinfection of drains.
- (v) Disposal of refuse and manure-Various methods.

Practical applications. Physical Exercises. Breathing Exercises. Disaffecting drains, latines and houses. Rat destruction. Fly and Mosquito control. Filtration of water. Excursions for study of water supply, drainage, disposal of refuse.

In the practical examination candidates will be required to show a practical acquaintance of the following:—

Identification of larva and adult stages of Culex and Anopheles, and the following other disease-carrying insects: Flea, Sand-fly, and House-fly; identification and mode of employment of commoner disinfectants; microscopic appearance of cotton, woollen and silk fibres and of admixtures.

(d) The distribution of marks for the subject Civics and Hygiene shall be as shown below:—

		Marke	
			75
tten)			60
l and Pr	actical)		15
			150
			tten)

# Physiology for 1937 and 1938.

#### I. GENERAL ORGANISATION.

Alimentary Canal (pharynx, oesophagus, stomach and intestines); salivary glands, liver and pancreas; trachea and lungs; heart and the vessels connected with it; diaphragm; kidneys and bladder; brain and spinal cord; nose, eye and ear.

The parts of the skeleton:—Skull and vertebral column; ribs and sternum; scapula and clavicle; humerus, radius, ulna, carpus, metacarpus, and phalanges (of the hand); pelvis, femur, tibia, fibula, tarsus, metatarsus and phalanges (of the foot).

Origin and insertion of muscles, structure of a typical joint, with examples of ball-and-socket, hinge and pivot joints. Different kinds of levers, with examples of them in the body.

Chief source of heat production in the body. Temperature regulation in the body.

\*The microscopical appearance of nervous, muscular, bony, connective and epithelial tissues and of blood.

The chemical composition of the body.

#### II. DIGESTION.

Examples of proteins, fats, carbohydrates and salts in common articles of food. The changes produced in food by mastication and by the action of saliva, gastric juice, pancreatic juice, bile and intestinal juice. The object of digestion.

<sup>\*</sup> Students are not required to make microscopical preparations, but teachers are expected to demonstrate the appearance of simple tissues under the microscope.

No microscopical work would be required from the boys in the practical examination.

#### III. ABSORPTION.

Form and function of villi. Absorption of different kinds of food into the blood and lymphatic vessels. Portal circulation, and the storage of carbohydrate food in the liver.

#### IV. CIRCULATION.

Course of circulation through the chambers of heart, arteries, capillaries and veins. Evidence of circulation. Functions of the blood. Coagulation.

# V. RESPIRATION.

Mechanism of respiration. Inspiration and expiration. Differences between the inspired and expired air. Changes which the blood undergoes during its circulation in the lungs.

#### VI. EXCRETION.

The part played by the kidneys and skin in excretion.

#### VII. SENSATION AND CO-ORDINATION.

Touch, taste, smell, hearing and sight. Sensory and motor impulses.

Functions of the brain and spinal cord. Reflex action.

In the practical examination candidates will be required to show a practical acquaintance of the following:—

Human Skeleton (articulated and disarticulated); types of Joints; Natural Levers; Viscera in a dissected rabbit; dissected specimens of heart, blood-vessels entering and leaving the various chambers of the heart, trachea, lungs, kidney, from goat or sheep; models of eye-ball, ear and brain; microscopic appearance of blood, bone, muscle: appearance of a decalcified long bone; radial pulse; use of clinical thermometer; respirations per minute, effect of muscular exertion on rate of respiration, result of breathing into lime-water; microscopic appearance of a drop of diluted milk, starch grains from potato; iodine test for starch; appearance presented when a solution of white of eggs is boiled, the general process of digestion as exemplified by the action of Benger's liquor pepticus (artificial gastric juice) on coagulated egg albumen; effect of boiling the liquor pepticus before use; use of lactometer; formation of a real image by convex lens, demonstration of the existence of the blind spot; simple tests for short-sight and long-sight; simple tests for hearing; demonstration of a reflex act.

Books recommended :--

#### \*Physiology and Hygiene.

#### For 1937.

- Elementary Text-book of Physiology, by Murche (Blackie and Sons) or Elementary Physiology, by B. L. Bhatia and P. N. Suri.
  - 2. Elementary Hygiene (Longmans)-Bhatia and Suri.
- The First Laws of Health, by Colonel Megaw.
   B. N. Singh's Laboratory Note-book of Physiology and
- Hygiene.
  5. A Handbook of Practical Physiology and Hygiene, by Kishori Lal Aggarwal, published by Uttar Chand Kapur and Sons, Anarkali, Lahore.
- 6. A Text Book of Hygiene, by Ramamurti (Macmillan and
- Co.). Price Annas 12.
  7. Physiology and Public Health, by Charles Banks, pub-
- lished by Macmillan and Co. Price Re. 1-12-0.
  8. The Science of Health, by H. E. H. Pratt, M.A. and Dr. Rath Young.

#### For 1938.

Add: Physiology and Hygiene, by Sir Ronald Ross, and Hygiene, by Miss E. Chauner, B.A.

Delete: B. N. Singh's Laboratory Note-book of Physiology and Hygiene.

#### DRAWING: 1937 AND 1938.

1. Drawing in Light and Shade from a group of at least three common objects, one based on the circle such as lotta, ghara, etc., one rectangular in form such as book, box, etc., and one irregular such as fruit, vegetable, losf, etc. The group to be drawn and shaded in pencil, sepia, Indian ink, water colour or pastel so as to express them correctly in light and shade. The drawing to be well arranged on a half Imperial sheet of Drawing Paper. Accuracy of form should be particularly emphasised.

<sup>\*</sup>The following books are recommended for the use of the teachers:—

Thornton: Elementary Manual of Physiology (Longmans). Lukis and Blackham: Tropical Hygiene (S. J. Amb. Assocn.). Philips' Popular Manikin.

<sup>&</sup>quot;How our Bodies are made", by R. N. Wilson (Oxford Press).

- 2. Scale Drawing from objects such as the following :-
  - (1) School form or bench.
  - (2) Stool with elliptical top.
  - (3) Rectangular table with drawers.
  - (4) Drawing desk.
  - (5) Vertical black-board and stand.
  - (6) Almirah.

In scale drawing the scale must first of all be drawn on the paper and the dimensions of the various parts of the object clearly shown on the drawing. Plan, elevation and side elevation must be shown.

Geometrical Drawing.—For Practical Geometrical Drawing the following portions from New Gill's Geometry have been prescribed:—

Plane Geometry, problems 1 to 117. Solid Geometry, problems 294 to 311.

# AGRICULTURE.

For 1937 and 1938.

#### Syllabus.—

# I. Plant life.—

The living plant and its parts.

Functions of leaf, stem and root.

Parts of the flower and function of each part.

The seed, its parts and their functions. Comparison of different types of seeds and fruits.

Natural methods of seed and fruit dispersal.

Conditions necessary for germination of seeds.

Methods of propagation of plants.

Conditions for healthy growth of plants in general.

Principal elements required by plants as food.

Elementary ideas concerning transpiration, respiration and assimilation.

# II. Elementary Agriculture.-

Classification of soils based on texture, their physical properties. Suitability of different soils for various farm crops.

Difference between soil and sub-soil.

Tillage, its objects and practices.

Seed sowing methods and practices in the Province.

Irrigation, its necessity, and methods of application.

Manures commonly used or available in the Province, object of manuring.

#### Practical and Experimental Work.

Experiments to illustrate the following:-

- 1. The physical properties of sand and clay with special reference to their comparative weights, permeability to air and water and their relative water holding capacity.
- 2. That air, heat and moisture are essential to the germination of seeds, and that in addition to these three factors light is essential to the normal growth of plants.
  - 3. The study of the parts of common flowers.

Propagation of plants by cuttings, layering and grafting. (This should be done on a small demonstration area.)

Growing of common vegetables of the Province on small plots and keeping a full record of all operations.

Working of the common agricultural tools and some knowledge of such improved implements as the furrow-turning plough, hoes. harrows. drills, etc.

Measurement of land by different systems and rough estimates of length and areas of plots.

Identification of the common Rabi and Kharif crops and their seeds.

Identification of common weeds and maintenance of herbarium.

Collection of seeds of farm crops and vegetables.

Familiarity with current prices of common agricultural products, tools and implements. The manufacture of common agricultural products should be studied in local places where the operations are being done.

Practice and observation of the local methods of sowing and harvesting farm crops.

Identification of cotton bollworm, sugarcane borer, red rot of sugarcane, white ant, smut, rust; preventive and remedial measures.

The following books are recommended:-

- (1) First Book in Agriculture, by C. Benson (Macmillan and Co.).
- (2) Nature Study, by E. Thompstone (Longmans, Green and Co.), omitting the portions on birds.
- (3) J. J. Green's "Rural Science".

The teaching in both the above subjects must be supplemented by actual observations in the field and a study of the local agricultural conditions.

890 APPENDIX

#### DOMESTIC ECONOMY FOR FEMALE CANDIDATES ONLY.

# For 1937 and 1938

#### SYLLABUS.

# Paper (a). - Cookery and Housewifery.

## Cookeru.

- Cooking of Vegetables.
- 2. Cooking of Meats, Fish, etc. 3. Cooking of Milk foods.
- Cooking of Starchy foods.
- Invalid Cookery.
- Food values and vitamins.

# 7. Bread (Chupatti), Biscuits, etc.

# Housewifery .-

- Cleaning of all types of metals, i.e., silver, etc.
  - General cleaning of rooms.
- Cleaning of glass (windows), china and Crockery. 3.
- 4. Washing up.
- 5. Cleaning of painted and varnished wood. Polishing, etc.
- Floor Coverings.
- 7. Cleaning of Brushes and Combs. Pictures, etc.
- Household pests.

# Paper (b).—Either Laundry and Needlework.

# Laundry work.-

- The washing and finishing of white clothes.
- The washing and finishing of coloured cotton clothes.
- The washing and finishing of silk clothes.
- 4. The washing and finishing of woollen garments.
- Folding of all types of garments.
- Dveing—dupattas, etc.
- Removal of stains from all types of garments.
- Making of starch, etc.

#### Needlemark.-

- A knowledge of plain sewing to be shown in the making of one or two simple garments.
- Drafting and cutting out of patterns.
- 3. Knitting, Crocheting, or making of Lace.
- Embroidery, Choab, Kashida, etc.
- Mending, i.e., Darning and Patching.

First Aid and Home As for the St. John tests in these subjects. Nursing.

It is essential that practical work should be done at whatever centres this examination is taken.

The examination in (a) Cookery and Housewifery, and (b) Laundry and Needlework will be organised on the same basis as that for European Schools, where the Inspectrees of Domestic Economy goes from School to School and holds examinations over a neriod of several weeks.

#### SHORFHAND AND TYPEWRIPING: 1937 AND 1938.

"Pitman's System" is prescribed for study.

\*Typewriting—(i) a letter with Carbon copies, (ii) a simple tabular statement, (iii) from a rough and unarranged draft in manuscript containing common abbreviations. A knowledge of the mechanism of a typewriting machine is expected of all candidates in Typewriting.

Book recommended—" Modern Touch Typewriting", by K. V. Moore (E. Arnold).

## ARITHMETIC AND COMMERCIAL ARITHMETIC OR ALGEBRA.

For 1937 and 1938.

Paper (a) .- Arithmetic.

Numeration, Notation. The Four Fundamental Rules, Factors and Prime Numbers, G.C.M. and L.C.M., Vulgar and Decimal Fractions, including simple forms of recurring decimal, Ratio and Proportion, Simple and Compound Interest, Proportional Farts, Profit and Loss, Fractice, Discount, Averages, Square Root, Areas of rectangles and circles; and surfaces, Volume of Rect.—Parallelopiped and Right Circular Cylinder, Decimal approximations, the Calendar, Elementary Graphs, simple cases of Stocks and Shares.

Paper (b).—Commercial Arithmetic, or Algebra.

Commercial Arithmetic.

Percentages; Rates and taxes; Allegations, Bankruptey; Annuities; Present worth and discount; Contracted Methods; Native system of Accounts; Stocks and Shares.

#### Algebra,-

Simple Equations with one or more unknown quantities and Problems. Involution and Evolution, Factors, H.C.F. and

<sup>\*</sup> In typewriting the "touch" system only is allowed. (School Board, 7th December, 1920.)

L.C.M., Fractions, Indices, Surds, Ratio and Proportion, Simple Identities and Eliminations, Simple graphs of Equations of the first Degree.

BOOK-KEEPING AND COMMERCIAL CORRESPONDENCE, AND HANDWRITING (TO BE JUDGED BY DICTATION, THE SPEED BEING GIVEN).

For 1937 and 1938.

Paper (a).-Book-keeping.

Primer of Book-keeping, by Pitman. Book-keeping, by Logan. "Spencer and Pegiar's Elementary Book-keeping."

First Lessons in Book-keeping, by J. Thornton, published by Macmillan and Co., or Elements of Book-keeping, by B. S. Sodhi, published by Macmillan and Co.

Paper (b).—Commercial Correspondence.

\*The following will indicate the test and standard of study :—

The arrangement and statement in tabular form and chronological order of the substance of each of a number of documents forming a connected correspondence on some particular subjects,

The expression in the form of a brief, connected and well-composed narrative of the substance of an official or commercial correspondence, a public speech, evidence in a court of law, or a lengthy prose passage.

The drafting of letters in official or commercial form from rough notes giving the substance of the communications to be issued.

Paper (c).-Handwriting (to be judged by Dictation).

The following will indicate the test and standard of study:— The taking down from Dictation of a passage of the standard of the reading books prescribed for the M.S.L.C. Examination in English.

<sup>\* (</sup>This does not, however, preclude an examiner from requiring from candidates a summary of a lengthy piece of prose or the writing of a prose passage from a summary.)

# Courses of Reading prescribed for the Intermediate Examination of 1937 and 1938.

# Arts Faculty.

#### ENGLISH.

#### For 1937.

Paper A .- The following books are prescribed :-

#### Poetry-

 Bridges of Song, by C. H. Barry (published by the University of the Panjab). Price Rs. 2-4-0.

#### Prose-

- A Book of English Prose, by H. G. Rawlinson (published by the University of the Panjab). Price Re. 1-12-0.
- Richard Yea-and-Nay, by Maurice Hewlett (Macmillan

- and Co.). Price Re. 1-12-0. (The girl candidates have the option to read "Pride and Prejudice," by Jane Austen.)
- Tales of Action (Second Series), edited by Collins and Treble (Oxford University Press). Price Re. 1-6-0.
- Prominent Men, edited by C. H. Strover (R.S. Munshi Gulab Singh and Sons). Price Re. 1-8-0.

Paper B.—In this paper a candidate's knowledge of written English will be tested. The composition will be so taught and examined that a student is able to answer any question requiring a businesslike use of every-day English. For example, a candidate may be required to write a story from a given sketch, to complete a story, part of which is given; or to write a letter personal or official; or to write paragraphs on given subjects, or find headings for given paragraphs, or to paraphrase or abstract given passages in prose or verse from modern writer; or to write sentences illustrating modern English usage; or show a knowledge of the English Grammar.

#### For 1938.

Paper A.—The following books are prescribed:—

## Poetry-

 Bridges of Song, by C. H. Barry (published by the University of the Panjab). Price Rs. 2-4-0.

## Prose-

 A Book of English Prose, by H. G. Rawlinson (published by the University of the Panjab). Price Re, 1-12-0. Prose-

3. Kenilworth, by Sir Walter Scott (Collins). Price Re. 0-13-9.

Re. 0-13-9.
4. Tales of Action (Second Series), edited by Collins

and Treble (Oxford Uni-

versity Press). Price Re. 1-6-0.

 Prominent Men, edited by C. H. Strover (R.S. Munshi Gulab Singh and Sons). Price Re. 1-8-0.

Paper B.—The same as for 1937.

## \*MATHEMATICS.

#### For 1937 and 1938.

1. Algebra.—Quadratic equations involving one variable theory of Quadratic equations including the rise of imaginaries; the Progressions including 2r<sup>2</sup> and 2r<sup>3</sup>; the formule "Gr and "Pr with their simpler applications; Binomial theorem with positive integral index; statement and application of the Binomial theorem for negative and fractional indices; elementary partial fractions.

#### 2. Geometry .--

- (a) Plane Geometry of the straight line and circle.
- If ABCD be four points taken in order on a straight line AB.CD+BC.AD+CA.BD=0.

The existence and simpler properties of the nine-points circle.

If ABC be a triangle, and AD the bisector of an angle  $BA.AC=BD.DC+AD^2$ .

If ABC be a triangle, and AD the perpendicular on the base from A, and AE the diameter of the circumcircle through A

BA.AC = EA.AD.

ABCD be a quadrilateral inscribed in a circle

and diagonals are proportional.

AC.BD = AB.CD + BC.AD.

Determination of radical axis and radical centre of circles. Simple properties of Poles and Polars and circles of similitude.

If two rectilinear figures be similar, they can be placed, so that the lines joining their corresponding vertices are concurrent. If two rectilinear figures be similar, their corresponding sides

<sup>\*</sup> The question on Graphs carrying four marks is compulsory for three years with effect from the examination to be held in 1937 (vide Symdicate Proceedings, dated the 16th March, 1936).

Arcs of a circle are proportional to the angles subtended by them at the centre.

Ceva's Theorem and Menelaus's Theorem.

## (b) Geometry of the Parabola and Ellipse.

## (1) Parabola.

Tracing the curve from the definition.

Latus Rectum is four times the focal distance of the vertex  $PN^2=4.AS.AN$ .

The locus of middle points of parallel chords is a straight line parallel to the axis, passing through the point of contact of the tangent parallel to the chords.

The focal chord which is bisected by any diameter is equal to four times the line joining the focus to the vertex of the diameter.

If QV is an ordinate to the diameter PV, then  $QV^2=4SP.PV$ . If any chord QQ' intersects the directrix in D, SD bisects the exterior angle between SQ and SQ'.

The portion of the tangent at any point intercepted between that point and the directrix subtends a right angle at the focus. The tangent bisects the angle between the focal distance and

the perpendicular on the directrix.

The tangents at the extremities of a focal chord intersect on the directrix at right angles.

The sub-tangent is bisected at the vertex.

The normal at any point makes equal angles with the focal distance and the axis.

The sub-normal is equal to half the latus rectum.

The locus of the foot of the perpendicular from the focus on tangents is the tangent at the vertex.

#### (2) Ellipse.

Tracing the curve from the definition.

The curve is symmetrical with regard to the minor axis and has a second focus and directrix.

$$CS.CX=CA^2$$
,  $SP+S'P=AA'$ ;  $CB^2=SA.SA'$ ,

If any chord QQ' of an ellipse intersect the directrix in D, SD between SQ and  $SQ'.P'N^2:A'N.4N=SD^2:CA^2$ .

The locus of middle points of parallel chords is a straight line passing through the centre and the points of contact of tangents parallel to those chords.

The portion of the tangent at any point intercepted between that point and the directrix subtends a right angle at the focus.

The tangents at the extremities of a focal chord intersect on the directrix.

The tangent at any point makes equal angles with the focal distances of the point.

The locus of the feet of the perpendiculars from the foci upon tangents is the auxiliary circle.

N. R -Analytical proofs will be accepted unless in any special problem a geometrical proof is demanded by the examiner

- 3. Trigonometry.—Sexagesimal and circular units of angular measurement: trigonometrical ratios and the simple relations connecting them; relations between trigonometrical ratios of angles differing by multiples of right angles; addition and subtraction formulæ Logarithms: solution of triangles and simple cases of heights and distances : radii of the circumscribed inscribed and escribed circles of triangles : area of a circle : graphs of simple trigonometrical functions.
- 4. Analytical Conics.—Equations of the straight line the circle, the parabola and the ellipse referred to rectangular axes and the tangent properties of the last three curves.
- 5. Differential Calculus.—Differentiation of Elementary functions: successive differentiation excluding Leibnitz's theorem : Statement of Taylor's and Maclaurin's theorems and application to general Binomial expansions, Exponential and Logarithmic series and the expansions of  $\sin \theta$  and  $\cos \theta$ ; Maxima and Minima without reference to Taylor's theorem : Application to equations of tangents and normals.

## HISTORY.

## For 1937.

Paper (a)-History of India to 1526, and Civics.

- The Arvan occupation of India.
- Vedic civilisation and culture. Development of early Indian polity.
- Buddhism and Jainism.
- Persian and Macedonian invasions of India. 5.
- The Mauryan Empire and its administrative system. 6.
- Asoka and the growth of Buddhism.
- 8. Invasions and settlements of Bactrians, Greeks, Parthians and Scythians.
- Kanishka and the transformation of Buddhism. 9.
- The Guptas and the Hindu renaissance. 10. 11.
- Huna invasions and collapse of the Gupta Empire.
- 12. The spread of Indian colonisation and Culture.
- 13. Harshavardhana and his times.
- Local dynasties in Northern India, A.D. 700-1200. 15. Southern Indian kingdoms and their administration.
- Hindu society and culture in the 11th and 12th centuries.
- The rise and spread of Islam.

- 18 The Arch investion of Sindh
- 19. The Ghaznavid occupation of the Puniab.
- 20. Establishment and expansion of the Muslim empire in Northern India.
- 21. The Khiliis and the conquest of the Deccan.
- 22. Mughal invasions of India.
- The Tughlaks and the break-up of the Pathan Empire in India.
- 24. Government and administration in mediæval India.
- Local dynasties in Northern India in the 14th and 15th centuries.
- The Bahmani Kingdom and its succession states in Southern India.
- 27. The Vijayanagar Empire and its administration.
- 28. Interaction of Islam and Hinduism.
- 29. The village community and its functionaries.
- 30. District administration.
- Self-government (a) in rural areas, (b) in towns and cities.
   Provincial administration; Executive; Legislature;
- 33. Central Government : Executive : Legislature : Finance.
- 34. Military defence; communications; other functions of
  - 35. Nation-building departments of Provincial Governments.
  - 36. Material development under the Crown.

## Useful Books.

#### For general use :-

Krishnaswami Iyenger: A Short History of Ancient India (Cooper and Co., Educational Publishers, Bombay).

- V. A. Smith: History of India.
- R. C. Dutt: Ancient India.
- Bhandarkar: A Peep into the Early History of India. Garrett and Kohli: The Muhammadan Period of Indian History.
- -

## For reference :---

- V. A. Smith: Early History of India.
- Rapson : Ancient India.
- Havell: Aryan Rule in India.
- Mojumdar : Ancient India.
- Ishwari Pershad: A Short History of Muslim Rule in India. R. K. Mukerjee: Men and Thought in Ancient India.
- A. Yusuf Ali: Medieval India (Oxford University Press).
- Habib: Mahmud; Rulers of India Series: Asoka; Harshavardhana.
- Veda Vyasa: Ancient India (Navjiwan Press, Lahore).

#### For Civics :--

Chandarworker: New India (O.U. Press).

Banerii: The Indian Constitution.

Anderson: British Administration in India.

Palande: Indian Administration (O.U. Press).

Gulshan Rai Bhatnagar: A Course in Indian Civics (Macmillan and Co.).

## Paper (b)-British History and Civics.

- Roman Britain.
- The origins of the English people.
- The coming of Christianity and its influence on the Old 3. English.
- The changes wrought in England by the Norman Conquest.
- The structure of mediæval English society: manor, fief and town.
- Mediæval Government and administration: the King's officers and Council; Justice and the jury system; Magna Charta; Parliament.
- The rise of the national State and the conflict with France.
- The breakdown of the mediæval system: the Peasants' Revolt.
- The beginnings of modern England; the Renaissance and Reformation.
- The Tudor despotism; the age of Elizabeth.
- 11. The Stuart Kings and their parliaments; the Great Rebellion.
- 12. The Revolutionary Settlement of 1689 and its consequences.
- The expansion of England during the 17th century.
- Anglo-French rivalry in the 18th century. 14.
- 15. The end of the Old Colonial System.
- 16. Politics under George I and II: Whigs and Tories: Cabinet Government.
  - George III and "the King's Friends".
- 18. Social and economic changes in the 18th century; the industrial and agrarian revolution.
- Relations with Ireland to 1800.
- England: the French Revolution and Napoleon.
- 21. Industrial England in the 19th century; growth of capital and factories; rise of the "working class"; Factory Acts; Trade Unions; Poor Laws; Free Trade; social legislation.
- 22. Political democracy; the Reform Acts from 1832 to 1928.
- Development of national education.

- 24. The second British Empire; the Durham Report; the Dominions.
- 25 Gladstone and Disraeli.
- Ireland from the Act of Union to the Free State.
- British foreign policy in the 19th century; the origins of the World War.
- The peace settlement and the League of Nations.
- The meaning and duties of citizenship.
- 30. The citizen and the city; the administration of Local Government: municipal services: education: the maintenance of order.
- The citizen and the State: the making and administration. of law; defence; State services—the Post Office, Public Health and Welfare, e.g., Insurance and Pensions; the meaning of money-currency and credit.
- The King and his Ministers; Parliament; the Budget.
- The British Commonwealth of Nations.

#### Useful Books.

- R. S. Rait : A General Survey of British History (Nelson).
- E. H. Dance: Britain in World History (Longmans, Green and Co.).
- D. C. Somervell: British History.
- Salzmann: A Survey of English History.
- Finnemore: Social Life in England (Black).
- Bradshaw: Social History of England (University Tutorial Press).
- Keatinge and Frazer: History of England for Schools (Black).
- Higham: History of the British Empire (Longmans).
- Trevelyan: History of England (Longmans).
- D. G. E. Hall: A Brief Survey of English Constitutional History (Harrap). Higham: The Good Citizen (Longmans).
- Fisher: The Common Weal (Oxford).
- Albert E. Hogan: The Government of Great Britain (University Tutorial Press Ltd.).

#### For 1938.

Paper (a)-

Syllabus-The same as for 1937. '

Under useful books for general use add :-

Cambridge Shorter History of India, Part II (Relevant Portion).

Paper (b).—The same as for 1937.

#### GEOGRAPHY.

# For 1937

The following syllabus is prescribed :-

Paper I. (a) Regional Geography with intensive study of India and Europe in relation to—

- configuration together with the leading facts of the distribution of soils and minerals of economic importance,
- (2) the relation of wind and rainfall to configuration, and the resulting local climates.

river systems.

(4) influence of the foregoing on the animal and vegetable life of the region and as affording facilities for agricultural activities,

(5) sources of mechanical power,

- (6) distribution of population as related to the foregoing physical factors, and as influencing labour supply, (7) the localisation of industries as determined by all the
- foregoing factors,
  (8) transport, trade centres and trade routes. Exports
- and imports,

  (9) principal political divisions.
- (10) causes of the growth of towns, especially in the prescribed region.

## (b) General Geography.

Form of the Earth. Distribution of Land and Water.

Broad structural features of the Continents, and the chief processes by which such features are produced.

Oceanic and Air Circulation.

Climate—temperature, pressure, humidity. Types of climate. The monsoons.

Wind system and distribution of rainfall.

## Paper II :--

(a) Map projections. Mercator's Equal-Area, Orthographic and Conic. Their advantages for different geographical purposes and their mean phrices defeated.

poses, and their more obvious defects.

Conventional signs in Cartography. The chief signs generally employed, and a detailed study of a selected Survey of India

sheet 
$$\left( \text{Scale } \frac{1}{1,000,000} \right)$$
.

Map drawing to show acquaintance with the signs given above; also with isotherms and isobars. Interpretation of Weather Charts. Graphs to show temperature, pressure and rainfall, and diagrammatical representation of statistics of production.

## (b) Economic Geography.

Distribution of man, plants and animals.

The chief centres of production of the following commodi-

- coal, iron, copper, tin, mineral oil, artificial manures;
   wheat, rice, maize, sugar, tea, cotton, flax, jute, timber and its products, rubber, tobacco, oilseeds, spices, one or two typical mediterranean fruits,
   a. oranges, olives, grapes;
- (3) meat, fish, wool, hides and skins, silk, furs.

The occurrence of these products in the several localities of production to be accounted for on geographical grounds.

The chief markets of the above products.

Chief means of transport and their respective advantages and disadvantages.

Manufacturing centres. The more obvious reasons for the localisation of industry. Chief markets for the finished products. Interpretation and explanation of the more important Trades Statistics.

The following books are recommended:-

General and Regional Geography-Unstead and Taylor.

A New Geography of the Indian Empire-Morrison.

World Series: The World Studies (Dent and Co.)—Piggot and Finch.

Man and His Markets-Lyde.

Atlas of Economic Geography—Bartholomew (Oxford University Press).

For 1938.

SYLLABUS.

Paper A.

PART I.

Regional Geography :-

- (a) Europe with special reference to the British Isles, France, Germany, Italy, Holland, Scandinavia, Czechoslovakia and Austria.
  - (b) Asia with detailed study of India.

#### PART II.

#### General Geography:-

The Crust of the Barth: Broad structural features, various forces of nature, modifying the Crust and determining the main topographical features of the continents, distribution of Land and Water of Rocks, Soils and Minerals. Wind Movements and Ocean Currents.

#### Climate:-

Seasonal distribution of temperature pressure, winds and rainfall and the types of climates,

#### Vegetation :-

General distribution of forest, woodland, scrub and grassland in relation to climate, soil and relief. Major Natural regions of the World.

## Paper B.

#### PART I.

#### Human Geography :-

 The influence of the Physical Factors upon the distribution of man and upon the production of food, raw naterials, development of manufacturing centres, means of communications and routes and the distribution of the same all over the World.

#### PART II.

The map work should accompany the general and regional Geography including topographic maps prepared by the Survey of India, with the detailed study of maps (Scale ½", 1" to a mile and 1: 1M), the use of Atlas maps, including the advantages and disadvantages of the important projections used, climate and weather maps and distributional maps and diagrammatic representation of geographical data.

Note.—Candidates will be expected to be able to draw for themselves geographical maps and charts.

#### Courses of Reading.

#### Paper A:-

Indian Empire, Vol. IV, by L. Dudley Stamp. A New Regional Geography, by M. I. Newbigin. Economic Geography of Europe, by D. H. Smith. Europe, by H. Alawick. Paper B : --

A Modern Geography, Volumes I and II, by S. Evelyn Thomas. Internediate Commercial Geography, Vol. I, by L. Dudley Stamp.

Bartholomew's Atlas.

Popular Map Reading, by E. D. Laborde (C.U. Press).

Maps and Map Work, by J. W. Cameron.

PHYSICS: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

CHEMISTRY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as laid down for the F.Sc. Chemistry—comprising both inorganic and organic Chemistry.

BIOLOGY: 1937 AND 1938.

The syllabi for the written and practical examinations shall . be the same as in the Science Faculty.

GEOLOGY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

# Sanskrit.

#### For 1937.

Paper (a)—"Kävya-Ratnāvali", by Lakshman Sarup (published by the Panjab University), omitting "Bhāminī Vilšsa", pages 167–213. Price Rs. 2. (Can be had from the Mufid-i-dam Press, Lahore.)

Grammar.

Note.—Under Grammar special questions should be set to test the candidate's knowledge of Classical Sanskrit Grammar.

Paper (b)—1. Málavikágnimitra.

2. Translation from English into Sanskrit.

## For 1938.

Paper (a)—The same as for 1937.

Paper (b)-1. Kunda-mala of Dinnaga.

2. Urubhanga of Bhasa.

3. Translation from English into Sanskrit.

#### ARABIC.

# For 1937.

- The Intermediate Course (Arabic) (1928 Edition).
- 2. Grammar according to the following syllabus:-
- (1) Abwab. (2) Awamil. (3) Talilat. (4) Al-Munsarif wa Ghair-ul-Munsarif. (5) Al-Marfuat, Al-Mansubat, wa Al-Majrurat.

#### For 1938.

- Qatf-ul-Azhár (published by the Panjab University).
   Price Rs. 2-10-0.
- Grammar according to the following syllabus:—
- Abwab. (2) Awamil. (3) Talilat. (4) Al-Munsarif wa Ghair-ul-Munsarif. (5) Al-Marfuat, Al-Mansubat, wa Al-Majrurat.

#### HEBREW: 1937 AND 1938.

Paper A .- (Poetry):

Psalms, 1 to 41.

Recommended for study—"The Psalms", Vol. I, by Dr. Davidson, in the Century Bible (Jack).

Paper B.—(Prose):

1 Samuel.

Recommended for study—"Samuel", by Dr. Kennedy, in the Century Bible (Jack).

S. R. Driver's "Notes on Samuel" (Clar. Press).

Grammar recommended :--

"Introductory Hebrew Grammar", by Dr. A. B. Davidson (T. and T. Clark).

Lexicon—"Hebrew and English Lexicon of the Old Testament"—Brown, Driver and Briggs (published by Riverside Press, Cambridge).

## "GREEK: 1937 AND 1938.

1.	Herodotus	 	Book I.
2.	Homer	 	Iliad, Books III-VI.
3.	Euripides	 	Hippolytus Crowned.

### T.ATTN - 1937 AND 1938.

		management v	200.		
1.	Livy			Book V.	
	Cicero			Pro Milone.	
3.	Virgil			Æneid (Books I and II	١).

## PERSIAN.

#### For 1937 and 1938.

- Sabad-i-Gul (published by the University of the Panjab). Price Rs. 2-12-0. Candidates are not expected to study biographies of little known poets in connection with the selections from the Tuhfatal-Habib.
- 2. Ahsan al-Qawa'id. (Not to be treated as a text-book: the examiner to set only general questions.)

#### FRENCH.

#### For 1937.

- Alfred de Musset-Creisilles; Pierre et Camitte (Siepmann's French Series, Macmillan).
- 2. Mme. de Girardin-Canne de M. De Balzac (Siepmann's French Course, Macmillan).
- 3. A Second Book of French Poetry-First III Parts-ed. by R. L. Graeme Ritchie (T. Nelson and Son, Ltd.).

Elementary Rules of Grammar and Composition-Standard as indicated by-

4. Siepmann's Primary French Course, Second Part (Macmillan).

#### For 1938.

- 1. "Nouveaux Contes D'Aujourd'hui ", edited by H. O. Emer-
- son (published by Hachette, London) at Sh. 1/6. 2. Mme. de Girardin—Canne de M. De Balzac (Siepmann's French Course, Macmillan).
- 3. French Narrative Poetry (Nelson and Sons): The following selections only :--

Victor Hugo ... .. La Conscience. A. de Vigny ... .. Le Cor.

La Fontaine Le Renard et le Bouc. Le Coche et la Mouche. ٠. La Laitiere et le Pot au lait. ,, Les Deux Pigeons. ٠. ٠. Chenedolle Le Chien du Saint-Bernard. ٠. A. de Vigny La Mort du Loup. . . ٠. Le Travail Consciencieux. Jean Aicard La Fin du Monde.

Elementary Rules of Grammar and Composition—Standard as indicated by :—

 Siepmann's Primary French Course, Second Part (Macmillan).

Book No. 4 is recommended only as indicating the standard for knowledge of Elementary Rules of Grammar and Composition—the exercises and other material in the book are not to be regarded as prescribed texts.

# GERMAN.

For 1937.

 Buchheim . Balladen and Romanzen (Macmillan's Foreign School Classics): The following poems only:—

Goethe 10 poems. Schiller 10 ,, Rückert 5 ٠. .. 3 Heine Geibel .. Beck 1 poem. ٠. Dahn 1

- Fontane .. Vor dem Sturm, edited by Prof. A. Weiss (Macmillan and Co.).
- Von Wildenbruch Das edle Blut, edited by Otto Siepmann and published by Macmillan and Co.

N.B.—An elementary knowledge of German Grammar as contained in Macmillan's Course of German Composition, pp. 101–224, Ed. 1926, will be expected.

#### For 1938.

1. Buchheim .. Balladen and Romanzen (Macmillan's Foreign School Classics): The following poems only:—

Goethe .. 5 poems. Schiller .. 5 .. 

 Rückert
 ...
 5 poems

 Heine
 ...
 3 "

 Geibel
 ...
 2 "

 Beck
 ...
 1 poem.

 Dahn
 ...
 1 "

 Fontane .. Vor dem Sturm, edited by Prof. A. Weiss (Macmillan and Co.).

 Von Wildenbruch Das edle Blut, edited by Otto Siepmann and published by Magmillan and Co.

N.B.—An elementary knowledge of German Grammar as contained in Macmillan's Course of German Composition, pp. 101–224, Ed. 1926, will be expected.

## Philosophy.

#### For 1937 and 1938.

#### PAPER A.

#### LOGIC (DEDUCTION).

- 1. Definition, Scope and Use of Logic. The place of Logic among the Sciences. Logical standpoint compared with the standpoints of Psychology and Grammar. The Laws of Thought.
- 2. Terms and their Distinctions. Denotation and Connotation of Terms. Predicables. Definition. The Process of Division. Logical Division distinguished from Physical and Matsahysical Division. Division by Diohectory.
- Metaphysical Division. Division by Dichotomy.

  3. Judgments and Propositions. The Classification of Propositions. Distribution of Terms in a Proposition. Reduction of Statements to the Logical Form. Import of a Proposition—The Attributive, the Predicative and the Class-Inclusion views. Diagrammatic representation of Propositions.

4. The nature of Inference. Immediate inferences-Opposi-

tion, Conversion, Obversion.

- The Structure of the Syllogism. Rules of Syllogistic Reasoning. Figures and Moods. Determination of Valid Moods. Hypothetical and Disjunctive Syllogisms. The Dilemma.
  - 6. Fallacies of Deductive Reasoning.

#### LOGIC (INDUCTION).

- 1. Definition, Scope and Use of Induction. Observation, Testimony and Experiment. Regulative Principles for Observation and Experiment.
- Advantages of Experiment over Observation. Classification and Nomenclature. Generalisation.

- Perfect and Imperfect Induction. Imperfect Inductions. Simple Enumeration. Analogy. The Assumptions of Scientific Induction. Oniformity of Nature. The Law of Causation. Different Theories of the Nature of Cause. Causes and Conditions. Plurality of Causes. Intermixture of Effects. Discovery and Proof as the object of Induction.
- 3. The Nature of Hypothesis. Conditions of Validity of an Hypothesis. Empirical Generalisations and Laws of Nature. Explanations and its various forms.
  - 4. Fallacies of Induction.

#### PAPER B .- PSYCHOLOGY

An elementary course designed to introduce the student to the general problems of Psychology and to its more important branches.

The following syllabus indicates the range of topics, of which an elementary knowledge will be expected:—

- General.—Definition, Mind, Consciousness, Behaviour. Methods—Introspection, Observation, Experiment. The Branches of Psychology.
- Mind and Body.—Elementary discussion of the Central Nervous System, and the Mind-Body relation.
- 3. Attention.—Kinds of Attention; Conditions of Attention; Bodily Attitude in Attention.
- Analysis of Mental Phenomena.—Cognition, Affection, Conation.
- Sensation.—The Sense Organs; Classification of Sensations; General Attributes of Sensations; More detailed study of Visual Sensations, with experimental demonstration when possible.
- Perception.—Sensation and Perception. Apperception. Illusions. Hallucinations.
- Movement and Action.—Reflex movement; Instinctive action. Habit. The chief human instincts; modification of instincts.
- Affection and Feeling.—Kinds of Feeling; relation of Feeling to Cognition and Conation.
- Emotion.—Nature of Emotion; relation to Instincts; bodily expression. Moods and Sentiments.
- Habit and Learning.—The nature of Habit; formation and fixation of habits. The unlearning of habits. Learning; effect of repetition; methods of learning and study. The curve of learning.
- Images and Ideas.—Percepts and Images; types of Imagery; the Laws of Association.

- Memory.—Retention; recognition; recollection. Memory types. The training of memory.
- Thought and Language.—Images and Ideas. Judgment; reasoning; belief. Relation of thought and language.
- Voluntary Action.—Deliberation and choice. Attention and volition.
- 15. Personality.—Its psychological basis and development.
- Abnormalities of Mental Life.—Sleep; dreams; hypnosis; insanity.

Book prescribed: Titchner's Primer of Psychology.

Note.—Attention is called to the useful exercises at the end of each chapter in the prescribed book.

Supplementary material may be obtained by the teacher from the following books, which, however, are not to be treated as text-books:—

Stout and Thouless: Groundwork of Psychology (University Tutorial Press).

Hunter: General Psychology (Part I) (University of Chicago Press).

## ECONOMICS.

## For 1937 and 1938.

Special stress will be laid on the following :-

Indian Village, Municipal and District Administration, Public Works.

#### SYLLABUS.

## Paper A .- Consumption and Production.

The subject-matter of Economics. Departments of Economics and the relations between them,  ${\bf E}_{\rm cons}$ 

## Consumption.

Meaning of consumption, Wants, Utility, Demand. The inter-relations between demands. Joint demand.

Total utility, Marginal utility, The law of diminishing utility.

Elasticity of demand, The law of demand price.

Value, Goods, Wealth, Necessaries, Comforts and Luxuries.

#### Production.

Meaning of production. Agents of production and their efficiency.

The physical basis of production. Effect of climate and rainfall upon production. The main features of Indian Geography. The mountains and great rivers of India. Indo-Gangetic plain and the Decean. "The Teaching of History" Series, ed. Buchan (Nelson). Source-book of British History, ed. J. Turral (O.U. Press). Muir: New School Atlas of Universal History (Philip).

#### Or,

## Paper (b): History of Europe and U.S.A., 1500-1919.

- The nature of the Renaissance: the beginning of Modern Europe.
- Political and social condition of Europe at the beginning of the 16th century.
- 3. The contest of France and the Empire in Italy.
- 4. Growth of scientific curiosity; exploration and discovery.
- The Protestant Reformation, the Catholic Reformation and wars of religion.
- The expansion of Europe: the Portuguese and Spanish Empires.
- Rise of England and Holland as colonial powers.
- France under Louis XIV.
- 9. The rise of modern Russia and Prussia.
- The contest for empire: decline of Spain and Portugal; the struggle between England, Holland and France for supremacy.
- Victory of England; the loss of American colonies; the New Empire.
- 12. The Age of Reason: origins of the French Revolution.
- 13. The French Revolution.
  - Europe and Napoleon.

- The settlement of 1815.
- 16. The Age of Metternich.
- The Eastern Question; (a) before 1815; (b) 1815-1919.
- The industrial revolution in Europe.
- Progress of nationalism: unification of Germany and Italy.
- Revolution and reaction in France, 1815-1875.
- 21. The socialist movement in Europe.
- 22. Development of the U.S.A. since 1783.
- 23. The new imperialism : Partition of Africa.
- Diplomatic revolution of 19th century; Triple Alliance and Triple Entente.
- Rise of Japan as a World Power.
- Russia, 1815–1917.
- Origins of the World War; the peace settlement; the League of Nations.

### Useful Books.

### Introductory:

R. H. Davies: An Outline History of the World, Chapters XXIII-XXXII (Oxford).

Mowat: The European States System (O.U. Press). Williamson: Europe Overseas (O.U. Press).

### For general use:

Reddaway: Modern European History.

Mowat : Europe and the Modern World (O.U. Press).

Robinson: Mcdiseval and Modern Times, from Chapter XIII (Ginn and Co.). H. Webster: Mediseval and Modern History, from Chapter

XIII (Heath).
Bell's Special Periods of European History.

Ramsay Muir: The Expansion of Europe.

Caldwell: History of America.

# For reference:

Abbott: The Expansion of Europe.

Grant: History of Europe: 1494-1610 (Methuen).

Clark: The Seventeenth Century (O.U. Press).

Mowat : Europe, 1715-1815 (Arnold).

Marriott: Europe, 1815-1923 (Methuen). Grant and Temperley: Europe in the 19th Century.

Robinson's Readings in European History, Vol. II (Ginn).

Select Documents in European History, edited by Laffan (Methuen).

Philip's Historical Atlas, Mediæval and Modern.

### For 1938.

# Paper (a): (i) History of India, 1526-1707.

Under "For general use" Mughal Rule in India, by Garrett and Edwards delete Part II.

# Paper (a): (ii) History of India, 1707-1919.

Under "For reference" add Landmarks in Indian Constitution, by Gurmukh Nihal Singh.

\*The rest as for 1937.

### GEOGRAPHY.

### For 1938.

# Paper A: Part I .- Physical Basis of Geography.

A broad knowledge of Physical Geography of the world to

serve as a basis for the study of Regional Geography.

The Earth as a Planet.—Its movements and relation to the Sun; the consequent distribution and seasonal variation of insolation over the Earth's surface.

The Atmosphere.—Distribution and periodic variation of the pressure and temperature of the air, of air movements and wind systems, of humidity and precipitation; climate types and regions, elementary meteorology.

The Oceans.—Form of sea and ocean-beds. Temperature and salimity of oceans and seas; wave and tidal movements and their effects; ocean circulation, its origin and effects.

The Lands.—General classification of the materials of the Earth's crusts—sedimentary, igneous and metamorphic rocks; crustal movements—folding and faulting; processes of denudation and deposition; chief effects of glaciation; typical land forms; coasts, river systems and lakes, soils.

# Part II: Option (i) Biogeography.

- Distribution of Animals and Plants.—
  - The life of plants, and the influence of climate and soil.
- The great plant formations of woodland, grassland and desert and their chief divisions.

<sup>\*</sup> The recommendation that the syllabus and courses of reading in Islamic History for 1938 remain the same as for 1937 is subject to the sanction of the Senate.

- 3. Economic plants, their distribution and the factors that control their cultivation.
- 4. The influence of environment upon the development, habits and migration of animals.
- 5. The zoo-geographical regions, their characteristics and distribution.
- Aquatic Life—(a) its relations to the conditions of the water and to food supply, (b) the divisions of aquatic life, (c) the important fishing areas and their physical and biological conditions.

# (ii) Distribution of Man .--

- The basal facts of human biology studied as illustrating the relation between a particular type of organism and its environment.
  - 2. Factors determining human distribution.
- 3. Human communities and their inter-relations between human groupings and their environment.

# Option (ii) History of Geographical Science.

- The early discoveries of Egyptians, Greeks, Phoenicians, Carthaginians, Arabs, Northmen, and Mediæval Travellers.
- The "Age of Discovery", Prince Henry the Navigator and the sea-route to India, Columbus, Vespucci, etc., and American Discovery.
- 3. The Unveiling of the Pacific and the Discovery of Australia—Magalhaens to Capt. Cook.
- 4. Arctic voyages in search of North-East and North-West Passages in the 16th and 17th Centuries.
- 5. Commercial and missionary enterprise and colonisation in America and Asia.
- 6. 19th Century land exploration: Africa, Central Asia, Australia, Causes of late inception; gateways of entry and controls of Physical Geography.
  - 7. Modern exploration towards the Poles.
- 8. An account of expeditions to regions of more recent interest, e.g., the Gobi Desert, Mt. Everest, etc.
- In each epoch special attention should be paid to the interrelations between the discoveries and the geographical ideas of the age, and to the progress of geographical science.

# Option (iii) Human Geography.

The conditions and distribution over the Earth's surface of man's economic activities, e.g., production, manufacture, exchange and transport. The influence of physical and human conditions upon economic activities and the reaction of these activities upon physical and human conditions.

The consideration of the subject matter from the following points of view:—

- A general survey of the conditions of, and the geographical factors affecting, (a) the great industries, e.g., the production of important raw materials and foodstuffs, and the chief manufacturing industries, (b) the organisation of commerce and transport, and the great trade-routes.
- A study of India, with reference to the localisation of its industries and trade, and their relations to the physical environment and the life of the inhabitants.

# Paper B: Part I.—Regional Geography of the World.

The relief and land forms in relation to structure and climate. The distribution of soils and minerals. The neighbouring seas and oceans, and their influence on the lands and their inhabitants. The distribution of natural vegetation, cultivated products and animals. The sources of mechanical power. The distribution of industries as related to the foregoing physical factors. Trade centres and trade-routes; the character of trade. The distribution of trade; the chief racial, religious and linguistic characteristics of the people. A synthetic study of geographical regions. States and inter-relations of political, economic and physical conditions.

## Part II.

The present conditions, the inter-relations and the evolution of the various physical, human and other biological elements in the geography of the following areas:—

- (i) The Monsoon Lands.
- (ii) The Mediterranean Region.
- (iii) Eastern and Western margins of the North Atlantic.

Note.—Applications of practical methods to regional work will be demanded. Bd., candidates may be required (a) to interpret and to discuss the value and use of the various maps. (b) to interpret, and to construct from data supplied, weather and climate charte and graphs, and to relate the facts indicated to such matters as relief, economic activities, etc., (c) to make and discuss maps and other graphic means of indicating human conditions, e.g., agricultural production, pastoral work, mining, communications and distribution of population.

# Paper C: Map Work.

(i) The study and interpretation of topographical maps of the principal countries, viz., Great Britain, India, U.S.A. Methods of showing relief and other features. Scales and their transformations.

(ii) Simple methods of survey, including the use of the chain, the plane table, prismatic compass, clinometer and theodolite.

(iii) The collection of data relating to climatic, economic, and population conditions and cartographical and diagrammatic methods of expression of such data.

(iv) The principles of the following map projections:-

Cylindrical Equal Area, Mercator's, the Sinusoidal, Conical with one and two Standard Parallels, the International, Zenithal, and Mollweide's.

In dealing with these, no mathematical knowledge beyond Matriculation Standard is required. Candidates must know the principles underlying each projection, its defects, and its suitability for particular purposes or areas. They should be able to construct these projections by simple Graphical Methods where possible, or by simple tables, and they should be able to identify each projection so far as possible by inspection or rough measurement.

Note.—1. The practical work done by students during their course of study will be inspected and credit given for it.

Candidates will be expected to be able to draw for themselves geographical maps and charts.

# Books suggested.

Paper A.—

Part I—

Physical Geography, by P. Lake (C.U. Press).

A Shorter Physical Geography, by E. DeMartonne, translated by E. D. Laborde (Christophers).

The Groundwork of Modern Geography, by Wilmore (G. Bell and Sons).

Part II-

Option (i)-

Animal Geography, by M. I. Newbigin (ex-University

The Geography of Plants, by M. E. Hardy (ex-University Press).

The Races of Man, by J. Deniker (Scott).

Option (ii)-

Geographical Discovery, by Baker.

Option (iii)-

The Geography of Commerce and Industry, by R. S.

Bridge (Hodder and Stoughton).

Economic Geography, by Dr. O. Buchanan.

Economic Geography of India, by Mukerji.

Paper B.—

Part I—

The World by E. D. Laborde.

The World, Vols. I and II, by J. F. Unstead,

Economic Geography, by Macfarlane.

Part II—

The Mediterranean Lands, by M. I. Newbigin.

Lyde's Asia (Monsoon Lands only).

North America, by Leonard Brooks. Western Europe, by Cundall.

The British Isles, by Dell.

Paper C .--

Man Work-

Map Work, by John Bygott.

Map Work, by Bryant and Hughes.

An Introduction to Regional Survey, by S. Branford and

A. Farquharson.

Map Projections, by J. A. Steers.

Bartholomew's Atlas.

### ECONOMICS.

For 1937.

### I .- THEORY OF ECONOMICS.

Nature and Scope of Economics. Economic laws. Methods. Economic Organisation; general structure and evolution of modern industry and commerce. Broad features of methods of production, transport and marketing. Large scale production. Joint Stock Companies.

Production. Agents of production, their importance in the evolution of society. Capital, its meaning and functions. Labour, causes affecting its efficiency. Specialised labour and use of machinery. Land and other natural agents of production.

Laws of production; laws of increasing and decreasing returns. Markets; produce-exchanges; dealings in "futures", speculation and its effects. Demand; general study of and general view of consumption. Law of diminishing utility. Variation in the intensity of demand; influences affecting demand.

Exchange. Relation of production and exchange. General theory of Value. Study of value during long and short periods. Concept of normal value. Value under monopoly conditions. Brief view of the more important theories of value.

Money, Credit and Prices. Broad facts as to the evolution of money. Definition of money. The functions of money. The Quantity Theory of money. Money as the standard of deferred

payments. Gresham's Law.

The evolution of credit; instruments of credit; inflation and deflation. The functions of Banks; the principal types of Banks. Bank notes and inconvertible paper money. Systems of money. Measurement of changes in the purchasing power of money.

Measurement of changes in the purchasing power of money. Stock exchange; position and function of, in advanced industrial economy; Legitimate and illegitimate speculation.

Crises, their causes and nature. Trade Depression and methods of Recovery.

International Trade. General theory of international values. Free Trade and protection. Policy of State bounties and subsidies to industries. International aspects of credit and currency. Foreign exchanges; equation of international indebtedness.

Distribution: general theory of. The nature of interest and profits, the theory of wages and rent.

Labour problems; the hours of labour. Trade unions; methods of industrial peace.

Laissez-faire and State Regulation of Industry: the Factory Acts, Insurance schemes, etc. Socialism, its meaning and criticism.

Public Finance. Public Expenditure. Sources of public revenue. General principles of taxation. Kinds of taxes.

In the study of topics in the above Syllabus, special attention should be paid wherever possible to conditions in India both for the purposes of illustration and application.

Paper I.—Books recommended in connection with the syllabus:—

Ely—Outlines of Economics, as revised and enlarged by Ely, Adams, Lorenz and Young (Macmillan).

Chapman—Outlines of Political Economy (Longmans).

Henry Clay—Economics for the General Reader (Macmillan).

Thomas—Element of Economics.

The following books in addition may be consulted for selected topics:—

Gide—Political Economy (translated by Archibald), Robertson—Money (O.U.P.).

Paper II.—Application of Economic Principles to Indian Topics;
Study of economic conditions of India relating to
Agriculture including Forests and Irrigation; In-

dustries; Communications; Commerce and Trade. Currency, Finance and Banking. Taxation, Revonues and Home Payments.

Famine and plans of famine relief. Co-operative Credit. Prices and Wages. Systems of Land Tenure. Fiscal Policy.

Books recommended for reference :--

Jathar and Beri-Indian Economics, 2 vols. (O.U.P.).

Kale—Indian Economics (Aryabhushan Press).

Anstey—The Economic Development of India. Gadgil—The Industrial Evolution of India in Recent Times

Gadgil—The Industrial Evolution of India in Recent Times (Milford).

Darling—The Punjab Peasant in Frosperity and Debt (Oxford University Press), Chapters I, VIII, IX, X, XI, XII, XIII.

Brij Narain-Indian Economic Life (Kapur).

Chablani—Indian Currency, Banking and Exchange.

Report presented to Parliament by the Government of India, latest volume.

Report of Royal Commission on Indian Currency and Finance, 1926.

### For 1938.

Paper I.—In the list of books read S. E. Thomas—Elements of Economics, new edition (published by Gregg Co.) for Thomas—Elements of Economics.

Paper II.—Add under Books recommended for reference: "India before the Crisis", by Prof. Brij Narain, 1935.

Rest as for 1937.

### MATHEMATICS: 1937 AND 1938.

\*A. COURSE OF MATHEMATICS.

## (a) Statics-

Parallelogram and Triangle of Forces. Resultant of parallel forces. Couples. Moments. Equilibrium, conditions of equilib-

<sup>\*</sup> Note.—Any proofs, analytical or geometrical, will be accepted.

rium of any coplanar forces acting on a particle or rigid body. Centre of parallel forces. Centre of gravity. Friction. Simple cases of tension of strings. Hooke's Law.

# (b) Dynamics—

Definition and measurement of mass, force, velocity, acceleration, momentum, work and energy. Laws of motion. Uniform motion. Uniformly accelerated motion—(1) in a straight line, (2) in a parabola. Motion in a circle. Simple cases of impact. Simple harmonic motion. Simple pendulum. Units and dimensions.

# (c) Differential Calculus-

Definition of differential coefficient. Differentiation of function of a single variable. Successive differentiation. Rolle's Theorem and Mean Value Theorem. Taylor's and Maclaurin's theorems and their simpler applications. Evaluation of functions which assume an indeterminate form. Differentiation of implicit functions. Partial differentiation. Maxima and minima values of functions of one variable. Tangents, normals, asymptotes, curvature, double points. Tracing of curves. Envelopes and Evolutes.

# (d) Integral Calculus-

Integration of simple functions of a single variable. Integration of rational fractions. Integration by formulæ of reduction, Determination of lengths and areas of curves. Volumes of Solids of Revolution.

### \*B. Course of Mathematics.

# (a) Trigonometry-

De Moivre's Theorem. Hyperbolic and inverse functions. Expression of  $\sin\theta$  and  $\cos\theta$  as infinite products. Factors of Binomial Expressions.

# (b) Analytical Geometry—

Rectangular and polar co-ordinates. Transformation of coordinates. The straight line. Harmonic pairs of points. The circle. The parabola. The ellipse. The hyperbola. Tracing of Conics given by the general equation of the second degree. Tangents, polars, asymptotes and axos of the Conic given by the general equation of the second degree. Geometry of three dimensions—equations of line and plane. Simpler properties

<sup>\*</sup> Note.—Any proofs, analytical or geometrical, will be accepted.

of spheres. Equations of Cylinder and Cone of the second degree.

# (c) Theory of Equations-

Relations between the roots and coefficients of an Equation. Easy Transformation. Cardan's Solution of Cubics. Descartes' Solution of a Biquadratic. Newton's Methods of Divisors and Horner's Rule.

# (d) Algebra-

Development and elementary properties of determinants and their applications to the solution of linear equations. Simple ratio and comparison tests of convergency of Series. Partial Fractions.

## (e) Differential Equations-

Formation of a differential equation. Equations of the first order, and the first degree. Standard forms for equations of the first order. Clairant's equation. Linear equations with constant coefficients. Homogeneous Linear Equations. Applications to Geometry and Mechanics.

## PHILOSOPHY.

For 1937 and 1938.

#### Pass :--

- I. Ethics: one paper.
- II. Psychology: one paper.
- I and II Syllabuses. Books suggested for reading.

#### L-ETHICS.

#### For 1937 and 1938.

- 1. The Problem, Scope and Method of Ethics. Relation of Ethics to Psychology, Sociology, Metaphysics and Religion,
- 2. The Evolution of conduct Transition from Customary to Reflective morality. A general comparison of Customary morality and Reflective morality.
- Greek views on morality—Plate, Aristotle, Stoics and Epicureans.
- Medieval Ideals—The rise of individualism. The transition to Modern Ideals.
- Psychological Basis of Ethics, Psychological Analysis and Ethical Significance of Character, Conduct, Will, Desire, Motive, Intention and Habit.
- 3. Judgments. Appreciative and Descriptive Judgments. The Nature of Moral Judgments.

The Ethical Significance of Naturalistic accounts of conduct. The Fallacies of Naturalism.

The Ethical Significance of Indeterminism, Determinism and

Self-determinism. Fatalism.

4. Critical Analysis of the chief theories of the Moral Standard. The Standard as Law. The Law of the Tribe. Law of God. The Law of Nature. The Moral Sense. Law of Conscience. Intuitionism. The Law of Reason. The Doctrine of Kant. Hypothetical and Categorical Laws.

The Standard as Pleasure. The Varieties of Hedonism.

Psychological Hedonism. Ethical Hedonism-Egoistic and

Universalistic. Evolutionary Hedonism.

The Standard as Perfection. Spencer's view of Ethics. views of other Evolutionists. Natural Selection in Morals. Metaphysical. Moralists. Green's view of Ethics. Self. General character of Eudæmonism.

The Standard as Value. Ethical Value. Intrinsic and extrinsic Value. Comparison of values. Problems of Plurality of intrinsically good things and intrinsically bad things. Higher

and Lower Goods. Complete Good and Moral Good.

5. The Concept of Duty or Moral Obligation. Duties or Right Actions. The Problem of Determination of Duties. The significance of the Distinction of Duties into Individual and Social. Rules of Conduct. Casuistry. The Fundamental Unity of Moral Conduct. Fallacies of Egoism. Hedonistic and Non-hedonistic. Altruism. The Ethics of Cardinal Virtues— Individual and Society. The Nature and Presuppositions of Virtue. Theories of Punishment.

6. The Ideal. The Ideal as simple and as complex. The Ideal as Pleasure, Wisdom, Love, realisation of individual personality and social health. The Ideal as an organic whole of intrinsically Valuable Parts. The Nature of such a whole. The

method of estimating the Value of a good whole.

Moral Progress.

The Relation of the different theories to Practice.

Books recommended :—

A Manual of Ethics, by Mackenzie (sixth edition).

2. Ethics, by Dewey and Tufts, 1932 edition, Part I only, with special reference to section 2 of the syllabus.

# II.—PSYCHOLOGY.

## For 1937.

I. The subject-matter.—The problem, scope and methods of Psychology. The relation of Psychology to Physiology, Social Science, Logic and Ethics.

- II. The structure and functions of the Nervous System. The Body-Mind problem. Psychological Hypothesis.
- III. Sensation.—The sense organs. Elementary Sensations, Blends and Patherns. Stimulus. General characteristics of sensations. Cutaneous, Kinassthetic, Organic, Gustatory and Olfactory sensations. Auditory and Visual sensations.
- IV. Attention.—The Motor Response in attending. The shifting of Attention. What attracts attention. Sustained Attention and Distraction. Effort in attention. Selectivity of Attention and conditions determining selection. Span of attention. Attention of Perception.
- V. Perception.—Fundamental characteristics of Perception, Figure and Ground. The Span of Apprehension. Signs and Meanings in Perception. Perception of Space, Change and Movement. Illusions.
- VI. Imagination.—The Image and the Percept. The play of Imagination. Empathy. Day-dreams. Dreams. The enjoyment of Imaginative Art. The Psychology of Inventive production.
- VII. Learning.—Various forms of Learning. The Conditioned Reflex. The Establishment of a Conditioned Reflex. Effect of distracting Stimuli. Is all learning simply conditioning? Animal and Human Learning.
- VIII. Memory.—How we memorize and remember. Improvement of Memory. The immediate Memory Span. The Learning Curve. The process of Memorizing. Intentional Learning and Unintentional Learning. Retention. Recall and Recognition. Memory Images. Image Types. Eidetic Images. Hallucinations. Synesthesia.
- IX. Thinking.—Characteristics of Thinking. Free Association and controlled Association. Reasoning Inference and the relation of thought with language. Concepts and their development.
- X. Feeling and Emotion.—The relation of Feeling to Activity, Emotion. The relation of Instinct with Emotion. Emotion and its organic accompaniments. James-Lange Theory of Emotion. Moods and Sentiments.
- XI. Activity.—Stimulus and Response. Motivation. Reflex action. Playful activity. Purposive activity. Dependable motives or instincts. Instinct and Intelligence. Conflict of motives, the State of Indecision, the Process of Decision. Will.
- XII. Personality.—The development of Personality. Factors in Personality. Personality. Types. Integration and Disintegration of Personality. The Unconscious.
- XIII. Practical Applications of Psychology.—Intelligence Tests. Maladjustment and Psychotherapy. Industrial Psychology.

Books recommended :--

Woodworth's Psychology: A Study of Mental Life, 8th edition (Methuen). Rs. 6-6-0.

Stout—A Manual of Psychology, 4th edition (University Tutorial Press). Rs. 8-10-0.

Bernard Hart's Psychology of Insanity.

#### For 1938.

Books recommended :-

Woodworth's Psychology: A Study of Mental Life, 10th edition.

The rest as for 1937.

# Physics: 1937 and 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

### CHEMISTRY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

## ZOOLOGY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

# BOTANY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

# GEOLOGY: 1937 AND 1938.

The syllabi for the written and practical examinations shall be the same as in the Science Faculty.

# SANSKRIT.

## For 1937.

Paper (a)—1. Uttararāma Charita.

Kirātārjunīya, Cantos I and II.

Grammar.

Note.—Under Grammar, special questions should be set to test the candidate's knowledge of classical Sanskrit Grammar.

- Paper (b)—1. Translation from English into Sanskrit.
  - Keith: Classical Sanskrit Literature (Association Press, 5, Russell Street, Calcutta), omitting Chapters I and X. Candidates will be expected to possess some information about Bhāsa, Kālidāsa, Bhavabhūti and Rājā Sekhara.
  - Gadya-Puspäñjali, by M. K. Sircar, published by the Panjab University, omitting pages 10-16, 37-43 and 81-83. Price Rs. 3. (Can be had from Mufid-i-'Am Press, Lahore.)

## For 1938.

Paper (a)—Substitute "Sakuntalä", price Annas 12 (unbound) and Annas 14 (bound) for No. 1.

Paper (b) -The same as for 1937.

The rest as for 1937.

# ABABIC.

# For 1937.

- 1. Simt al-Durar (published by the University of the Panjab).
- 2. Grammar as per Syllabus :-
  - (1) Khawāş-ul-Abwāb.
  - (2) Al-Mudhakkar wal-Mua'nnath. (3) Al-Jam-'ul-Mukassar.
  - (4) At-Tawabi'.
  - (5) Al-Mabniyyát (al-Asma).

#### For 1938.

Substitute Tawahir-ul-Buhur (Edition 1935), price Rs. 2-12-0, published by the University of the Panjab for No. 1.

The rest as for 1937.

#### PERSTAN.

# For 1937 and 1938.

- Gulshan-i-Ma'ání (published by the University of the Panjab). Price Rs. 2-12-0.
- Levy's Persian Literature (Oxford University Press, 1923).

### HERREW: 1937 AND 1938.

Paper A .— (Poetry)—

(i) Psalms, 42 to 150. (ii) Joel. (iv) Nahum.

Recommended (especially the Introductions):-

"Psalms", Vol. I, by Davison, and In the Century Psalms", Vol. II, by Dr. Wilson Davies Bible (Jack).

"Psalms", Vol. II, by Dr. Wilson Davies | Bible (Jack).
"The Minor Prophets", by Canon Driver, in the Century Bible.

Paper B .- (Prose)-

I Kings, and II Kings.

Recommended (especially the Introductions) :--

"I and II Kings", by Dr. Skinner, in the Century Bible (Jack).

N.B.—Some knowledge of the subject-matter and of the historical criticism of the texts prescribed will be required, such as is covered by the Introductions and Notes in the Commentaries recommended, and in Dr. C. H. H. Wright's "Introduction to the Old Testament".

#### Grammars recommended :--

Gesenius' Kantzsch, Hebrew Grammar, translated by Cosby (Clarendon Press).

"Introduction to Biblical Hebrew"—Dr. Kennedy (William and Norgate). "Introductory Hebrew Grammar"—Dr. Davidson (published by T. and T. Clark).

# Lexicon :-

"A Hebrew and English Lexicon"—Brown, Driver and Briggs (Clarendon Press, Oxford).

Candidates may also consult the volumes on Psalms and the Minor Prophets in the "International Critical Commentary" (T. and T. Clark).

# GREEK: 1937 AND 1938.

1. Thucydides .. Book I. 2. Demosthenes .. De Corona.

3. Sophocles . . . Ajax.

Æschylus . . Prometheus.

Q42 APPENDIX.

### LATEN - 1937 AND 1938.

. Tacitus .. Germania.

2. Cicero .. Pro Archia and Pro Milone.

Poetics.

Terence Phornio.

\_

## FRENCH.

## For 1937 and 1938.

## Paper (a)-

Bacine-Phedre.

Beaumarchais-Le Barbier de Seville.

P. Benoit-L'Oublie, ed. by W. G. Hartog (Hachette).

Paul Hervien-La Course du Flambeau (Harrans).

W. H. Hudson—A Short History of French Literature (G. Bell and Sons).

## Paner (b)-

Feuilet-Le Roman D'un Jeune Homme Pauvre.

Oxford Modern French Series (Clarendon Press, Oxford).

Recueil de Contes Modernes (De Maupassant, Daudet Merimee, Coppee), edited by W. H. Ainstie. (Bell's Modern Language Texts.) (G. Bell and Sons.)

Prosateurs contemporains, contes at Recits, Par Bourget, Bordeaux, R. Bazin, Henride Regnier; edited by A. M. Gibson (G. Bell and Sons).

### ASTRONOMY. OPTICS AND SPHERICAL TRIGONOMETRY.

#### For 1937 and 1938

Astronomy.—The Celestial Sphere, Definitions, Systems of Coordinates: Astronomical Instruments, the Telescope. Time keepers and Chronograph, the Transit Instrument and Accessories, the Meridian Cirols and Reading Microscope, the Altitude and Azimuth Instrument, the Equatorial Instrument and Micrometers, the Sextant. Corrections to Astronomical Observations. Phenomena depending on change of position on the Earth. Dip of the Horizon. Figure of the Earth, the Sun's apparent motion in the Ecliptic, the Seasons, the Earth's orbit round the Sun. The Mean Sun and Equation of Time. The Sundial. Units of Time. The Calendar. Comparison of Mean and Sidereal Times. Atmospheric refraction and twilight. Finding the latitude of a place by observation. Finding the Local Time by observation. Determination of the Meridian Line. Finding the longitude by Observation and by Telegraph. Captain Sumner's Method. The Moon's parallax. The Moon's Distance and Dimensions. Synodic and Sidereal Months. The Moon's phases, its physical conditions. The Moon's Orbit and Rotation. The Harvest Moon, The Moon's Librations.

General Description of Eclipses. The Solar and Lunar Ecliptic limits, Determination of the frequency of Eclipses occultations—Places at which a solar celipse is visible. General outlines of the Solar System. Synodic and Sidereal Periods. Description of the motion in Elongation of planets as seen from the Earth. Phases of the Planets. Keplar's laws of Planetary motion. Motion relative to Stars. Stationary points, Axial Rotations of Sun and Planets. The Sun, its Distance and Dimensions, Mass and Density. Solar Eye-pieces and Study of the Sturface, General views as to Constitution. Sun Spots, their appearance, Nature, Distribution and Periodicity. The Spectroscope, Chomical elements present in the Sun. The Sunspot, Spectrum. Deppler's Principle, the Chromosphere and Prominences, the Corona. The Sun's Light and Hoat.

The determination of Sun's Parallax by observations of a Superior Planet at opposition. Transit of Inferior Planets. Annual parallax. Distances of the Fixed Stars, the aberration

of Light. Precession and Nutation.

The Light of the Stars, Star Magnitudes and Photometry, Variable Stars, Stellar Spectra, Double and Multiple Stars, Clusters, Nebulac, the Milky Way and Distribution of Stars in space, Statement of the Nebular and Planetesimal Hypothesis.

Optics—Laws of Reflection and Refraction. Reflection and Refraction of Direct Pencils. Reflection at two or more Plane Surfaces. Refraction of direct pencils through Prisms, Plates and Lenses. Images and simple optical Instrument. Astronomical Telescope. Dispersion and Advromatism.

Spherical Trigonometry.—Spherical Triangles. Spherical Geometry. Relations between the trigonometrical functions of the sides and angles of a spherical triangle. Solution of Right-

angled Triangles.

The following books are recommended for study :-

- (i) Elements of Astronomy, by Parker.
   (ii) Geometrical Optics, by W. S. Aldis.
- (iii) Spherical Trigonometry, by Todhunter and Leatham.
- (iv) Elements of Astronomy, by Fath.

The following Practical Course is prescribed for the Pass B.A. Examination:—

- The use of the Transit Instrument and the Equatorial and the determination of their errors.
- The use of the Nautical Almanac.

944 APPENDIX.

- 3 Conversion of time.
- 4. Determination of latitude.
- 5. Identification of principal stars and constellations.

### POLITICAL SCIENCE

For 1937.

Paner 1.

Books suggested :-

Leacock: Elements of Political Science.

## Paner II.-

The constitutions of the following countries:-

- 1 Great Britain.
- 2. T.S.A.
- 3 France.
- 4. Canada
- 5 India.

## Books for study :---

- 1. Marriot: English Political Institutions.
- 2. Poincare: How France is governed.
- 3. Smellie: American Federal System.
- Keith: Constitutions, Administration and Laws of the Empire (for the constitution of Canada only).
- 5. Banneriee: The Indian Constitution.

### For 1938.

Paper I.—The same as for 1937.

Paper II.—Delete Keith: Constitutions, Administration and Laws of the Empire. Add Keith: Governments of the Empire (for the constitution of Canada only).

> Delete Smellie: American Federal System. Add Garner: American Government.

The rest as for 1937.

# HINDI (OPTIONAL).

## For 1937.

"Cúne Hue Hindi-Nibandha", by Raja Ram (Bombay Machine Press, Mohan Lal Road, Lahore), price Re. 1-10-0, is recommended for the purposes of the Essay, part (a) of the paper. In part (b) of the paper candidates will be asked general questions on Hindi Literature and will be expected to have read the following books:—

- "Chatra Sāla", by Bāla Chand Nānaka Chand Shah Vakil, translated by Rāma Chandra Varmā. Hindi Grantha-Ratnākara-Kāryālaya, Hīrābāgh, Bombay. Price Re. 1-12-0.
- "Padya Pramoda", by Jagannatha Prasada Sarma, M.A. (Hindi-Sahitya Kutira, Benares). Price Re. 1-8-0.
- "Hindi Kávya-Kuñja", by Gajānanda Sharmā, M.A. (Hindustan Times Press, Delhi). Price Annas 12.

#### For 1938.

In part (b) of the paper, drop No. 3 (Hindi Kávya-Kuñja), and substitute for No. 1: Ratnamāla, compiled by Prema Nidhi Sastrī (Sahitya Bhavana, Hospital Road, Lahore). Price Re. 1-6-0 (unbound) and Re. 1-8-0 (bound).

The rest as for 1937.

# PANJABI (OPTIONAL).

For 1937 and 1938.

Part (a) of the paper .--

An essay in Panjabi on a subject connected with the Panjabi Literature or Language.

Part (b).—The candidates are expected to be acquainted with the literary activities in Panjabi of Bhai Vir Singh and to have particularly studied Rana Surat Singh.

URDU (OPTIONAL).

For 1937 and 1938.

Part (a) of the paper.-

An essay in Urdu on a subject connected with the Urdu Literature or Language.

Part (b).—The candidates are expected to be acquainted with the literary activities in Urdu of Ghālib and to have particularly studied Dīwān.i-Ghālib.

# MILITARY SCIENCE (OPTIONAL).

# For U.T.C. Candidates.

### For 1937.

# Practical.

# Subject. Reference Books.

1. Platoon Drill ... Infantry Training, Vol. I, 1932, Chapter VI, Sections 102-104; also Chapter IV. Sections

also Chapter IV, Sections
46-53; Chapter IX.
2. Firing Instruction ... Small Arms Training, Vol. I,

3. Bayonet Training Small Arms Training, Vol. I, 1931, Section 42, first three

4. Small Arms Training ... Small Arms Training, Vol. I, 1931, Sections 25-37.

# Written Paper.

 Working Knowledge of Battalion Standing Orders. Standing Orders.

2. Firing Instruction .. Small Arms Training, Vol. I, 1931, Chapters II and III.

3. March Discipline ... Infantry Training, Vol. I, 1932, Chapter X, Sections 125, 126,

4 Principles and System 128, 129, 130, 131.
4 Principles and System of Training. Chapter I, Section in Attack 128, 129, 130, 131.

Chapter I, Section Leading, 1934, 193

Sections 54, 55, 56, 60, 61.

For 1938.

# Practical.

#### r rucucai.

Subject. Reference Books.

1. Platoon Drill .. I.T., Vol. I, 1932, Chapter VI, Sections 102-104; also Chapter IV, Sections 46-53; Chapter IX.

2. Firing Instruction .. S.A.T., Vol. I, 1931, Sections 30, 31, 33, 34, 46, 47.

3. Map Reading

Notes on Map Reading, Chapter

III, less Sections 14-16;
Chapter IV; Chapter V;
Chapter VII, less Sections 47,
50, 51.

#### DA WYAM \_\_APPS PACITITY.

Subject. Reference Books.

4. Small Arms Training ... S.A.T., Vol. I, 1931, Sections 30. 33, 34 46, 47.

## Written Paner.

- Working Knowledge of Battalion Standing Orders. Standing Orders.
- 2. Firing Instruction S.A.T., Vol. I, 1931, Chapter III, Sections 28-34; Chapter V. Sections 46-47.
- 3. March Discipline I.T., Vol. I, 1932, Chapter IX, Soctions 122-123; Chapter X, Sections 125-131; Chapter X,
- 4. Map Reading .. Notes on Map Reading, Chapter IV.
- Section in Attack .. Infantry Section Leading, 1934, Chapter IX.

# For A.F. (I.) Candidates.

# For 1937.

# Practical.

#### HONOURS PAPERS.

### ENGLISH.

## For 1937 and 1938.

Paper I.—The Novels of Jane Austen with special reference to Pride and Prejudice, Sense and Sensibility and Emma.

The following books are recommended for study:—

Jana Austan, by B. Brimley Johnson.

Jane Austen, English Men of Letters Series).

Paper II.—The Romantic Movement, with special reference to

The following books are recommended for study :--

Coleridge (Englishmen of Letters Series) and Essays on Coleridge, by Peter in Appreciations, Oliver Elton in A Survey of English Literature (1780–1832) and in Cambridge History of English Literature.

# Paper III.-

(a) History of English Literature.

Broad Features of the History of Literature from Chaucer to Swinburne, with special reference to the following authors:—

Swift, Addison, Burke, Carlyle, Ruskin, Fielding, Scott, Jane Austen, Dickens, Meredith, Marlowe, Ben Jonson, Sheridan, Milton, Wordsworth, Keats, Dryden, Swinburne.

The following books are recommended for study :-

A History of English Literature, by Strong.

English Novel, by Priestley.

A History of English Literature, by Moody and Lovett (Scribners).

The Elizabethan Age, by J. M. Robertson.

(b) Literary Criticism.

The following are recommended for study :-

Introduction to the Study of Literature, by Hudson. Training in Literary Appreciation, by Pritchard (Harraps). The Study of Poetry, by Entwistle (Nelson). The Study of Literature, by Soares (Macmillan). Books and Readers. by Pritchard.

HISTORY (FOR MOFUSSIL COLLEGES ONLY).

#### For 1938.

Paper I.—Either (a) History of India from Buddha to Harsha.

Or.

(b) A period of Islamic History supplementary to that prescribed for the Pass Examination.

### Or.

(c) History of the Punjab from 1761 till 1849.

Paper II .- Either (a) British Constitutional History.

### Or

(b) History of Europe from about 1492 till 1815 (provided that the candidate has not submitted European history as a subject in the Pass B.A. Examination).

Paper III.—Indian Constitutional Development from 1772 till

# Paper I (a): Early Indian History.

- Sources of Early Indian History.
- Buddha and his times.
- 3. Mahavir and Jainism.
- The rise of the kingdom of Magadha, the Sisunagas and the Nandas.
- 5. The Mauryan Empire and its administrative system.
- Asoka and the spread of Buddhism.
- The Sungas, the Kanvas, and the Andhras and the Indo-Bactrian and the Indo-Parthians.
  - 8. The Kushans and Mahayana Buddhism.
- 9. The foundation and expansion of the Gupta Empire.
- Indian civilisation and culture under the Guptas.
- 11. The Hunas and the overthrow of the Gupta Empire.
- 12. Harsh-vardhana and his times.
- 13. India and the Western World.
- 14. Expansion of Indian culture and civilisation outside India.
- Development of Indian Art.
- 16. Development of Indian political thought and institutions.

## Books recommended.

#### Introductory:

- 1. Mukerji: Men's Thought in Ancient India.
- 2. Mazumdar: Ancient Indian History and Culture.

## Essential:

- . Smith: Early History of India.
- Mazumdar: Corporate Life in Ancient India.
- Banerii: Imperial Guptas.
- Masson-Oursel, Grabowska and Strin: Ancient India.

## For reference:

- Bhandarkar: Asoka.
- Mukerji: Harsha.
- 3. Venkteswara: Hindu Culture through the Ages, Volume
- 4. Cambridge History of India, Volume I.

# Paper I (b): \*Islamic History, 570-661.

- Geography of Arabia and of countries and kingdoms on its borders; its previous relations with surrounding countries.
   Had Arabia suffered desiccation? Migrations of populations and leading tribes.
- Origin and development of Arabic language: its relations with other semitic tongues; its pre-Islamic literature; the Mu'llagat; the position of 'Ulsaz and Meeca.
- 3. State of religion in pre-Islamic Arabia; nature of its paganism; old Sabaean religion.
- 4. The Jews in Arabia; their settlements; causes of their dispersion; Greek influences on Judaism; Jews in Khyber and Central Arabia; in Yaman and Hadramant.
- 5. Christians in Arabia; kingdom of Hira; influences from Syria; influences from Egypt and Roman Empire; influences from Abyssinia; the sects which were chiefly known in Arabia; Nestoriana; Najran Colony.
- Influences from Persia; in Yaman, in the Persian Gulf region, on the border-land between Byzantine and Persian Empires.
- 7. State of the world in 570; Western Asia; Naushirwan and Khusraw Parwiz; Justinian and Heraclius; Abraha and his attack on Mecca; Christian churches and Jewish sects and their relations to one another.
- 8. The Prophet Mohammad; his birth and family history; growth of his mind and personality in childhood and youth; marriage with Khadija; first contact with revelation; strong pagan opposition to him and its causes; the band of early disciples; persecution and the reactions of Muslims to it; history to be gleaned from the Meccan Suras; social and ethical ideas.
- 9. First covenant of 'Aqaba; growth of Islam outside Meces; migration to Abyssinia; Hijrat to Medina; state of parties at Medina; the Ansar and the Muhajirin; how the Muslim Community grew and was organised for self-defence; educational instruction and social brotherhood; battle of Bedr, its causes

<sup>\*</sup> Subject to the sanction of the Senate.

and consequences; battle of Ohod and after; battle of the Ditch, its significance for Islam, Medina and Mecca: Hodeibiva: pledge of the tree; expedition to the North; contact with the Byzantine Empire; retrospect about relations of Byzantine Empire with Persia; the Prophet's despatches to the contemporary rulers; reoccupation of Mecca and surrounding territory; consolidation; farewell pilgrimage and fulfilment of mission; ethical and religious ideas in the Farewell Sermon.

10. Election of Abu Bakr as Khalifa; expedition of Usama to Syrian border; movements of apostasy crushed; Syrian and

Chaldean campaigns: nomination of Umar.

 Umar's accession; expansion of the Muslim Empire; conquest of Syria, Egypt and Persia; land settlement of Iraq; civil and military administration; foundation of Basra and Kufa; death of Umar and appointment of electors.

12. Uthman elected Caliph; Hashimites and Umaiyads; conflict between the tribal idea and the spirit of Islam; campaigns in East and West; discontent in the provinces;

unpopularity of Uthman.

 Election of Ali; spiritual divergence between the idea of an elective state and the idea of Ahl-al-Bait; Kufa seat of Government; hostilities between Ali and Mu'awiya; arbitration of empires: Khariji rebellion against Ali.

14. Political and social institutions of the early Khilafat: the Khalifa; the Diwan; land settlement; military institutions; religious organisation; teaching by sermons; position of women; poor relief.

Spruner's Historical Atlas: Maps 77, 78, 81, 82, 83, 85, 87 and 88.

# Paper I (c): History of the Puniab, 1761 to 1849.

- 1. Political condition of the Punjab about the middle of the eighteenth century.
  - The origin and early history of the Sikh Misals.

3. The Afghan dominions in the Punjab.

- The Sikh Misals and their struggle against the Afghans. • 5. The Sikh Misals, their territorial distribution and adminis-
- trative organisation towards the end of the eighteenth century. 6. The rise of Ranjit Singh and the conquest of the territories
- of the Sikh Misals.
- 7. The trans-Satluj Misals, their relations with Ranjit Singh and the East India Company till 1849. 8. The expansion of Ranjit Singh's dominions.

- 9. Ranjit Singh and his relations with the East India Company.
- Ranjit Singh's system of government and the organisation of the Sikh Army.

 The Court of Ranjit Singh.
 Ranjit Singh's successors, Karak Singh, Naun Nihal Singh and Sher Singh.

13. The rising influence of the Khalsa Army, Dalip Singh and the ministries of Hira Singh, Jawahar Singh and Lal Singh.

14. The origins of the First Sikh War.

15. The First Sikh War and the establishment of the British authority and influence in the Punjab.

The origins of the Second Sikh War.

The conquest and the annexation of the Punjab.

# Books recommended :-

Cunningham: History of the Sikhs.

2. Latif: History of the Punjab.

Chopra: Ranjit Singh.

4. Singha : Ranjit Singh.

# Paper II.

(a) As for Course V (Constitutional History of England and the British Empire), Honours School of History, topics 1-29 inclusive.

(b) As for Course II (History of Europe and U.S.A. from 1500 to 1815), Honours School of History.

# Paper III.

The following topics to be studied in detail within the scope of the books recommended below for reading :-

(i) The beginnings of British Rule.

(ii) The period of "double government". (iii) India under the Crown, 1858-1892.

(iv) Constitutional development, 1892-1909.

(v) Progress of constitutional reform, 1909-1919.

#### Rooks recommended :-

Lvall: The Expansion of British Dominion in India. C. L. Anand : History of Government in India, Part II.

Sapre: The Growth of the Indian Constitution and Administration.

G. N. Singh: Landmarks in Indian Constitutional and National Development.

R. Muir: The Making of British India.

Keith: Speeches and Documents on Indian Policy (2) volumes).

Mukerjee: Indian Constitutional Documents (Volume I).

### MATHEMATICS.

### For 1937.

Paper I.-

(a) Statics.—Resultant of Forces, Couples, Moments, Conditions of Equilibrium of coplanar. Forces acting on a particle or on a rigid body. Centre of parallel forces. Centre of gravity of arcs, of curves, plane areas, surfaces and solids of revolution. Virtual work.

Friction. Hooke's Law.

Books suggested :-

Elementary Treatise on Statics, by Loney.

Statics, by Greaves. Statics, by Dobbs.

(b) Dynamics.—Laws of Motion. Uniformly accelerated motion in a straight line, in a parabola and in a circle. Impact. Simple Harmonic motion. Planetary motion. Units and Dimensions. Moments of Inertia. Pendulum, simple and compound.

Books suggested .-

Dynamics, by Ramsay.

(c) Hydrostatics.—Fluid Pressure. Thrust on a plane area or on any surface. Equilibrium of Floating Bodies. Specific Gravity. Boyle's Law and Charles' Law. Centre of Pressure. Application of methods of Calculus.

Books suggested :-

Greaves' Hydrostatics and Beasant's Elementary Hydrostatics.

Paper II.-

(a) Pure Geometry.—Properties of triangles. Segment formule. Euler's Theorem, Stewart's Theorem, Mendelaus's and Cueva's Theorems. Cross ratio and harmonic ranges and pencils. Harmonic properties of a circle and Chasle's Theorem P(ABCD)=Const. Coaxal circles. Circle of 'Similitude. Inversion. Orthogonal Projection. Poles and Polars.

Books suggested :---

- A Sequel to Elementary Geometry, by Russel and Modern Geometry, by Godfrey and Sidden.
- (b) (i) Analytical Plane Geometry.—Conics given by General Equation of the 2nd degree in xy. Tangent, polar, asymptotes.

Conjugate points and conjugate lines. Diameters of a conic. Pair of tangents from a pt. Director circles. Eccentricity, foo, axes, centre of a conic. Normals. Conics through four fixed pts. Centre locus of such conics. Diagonal triangle of a quadrangle self-polar for circum conics. Parabola touching the axes. Con-

focal conics. Circle of curvature.

(ii) Trilinear Oo-ordinates.—Distance between two points and area of a triangle. Straight lines. The line at infinity. Conics given by the General Equation of the 2nd degree. Conditions for a circle, a parabola and a rectangular hyperbola. Tangents. Polars and asymptotes. Circum conic, self-polar conic and inconic of the triangle of the reference. Circles connected with a triangle. Conics through four fixed jps. Conics touching four fixed lines. Conics referred to a self-conjugate triangle.

Books suggested :--

Smith and Askwith.

(c) Solid Geometry.—Rectangular co-ordinates. Plane. Straight line. Surfaces of the Second Degree with the centre at the origin. Tangent. Polar. Conjugato. Diametral and principal planes of the general conicoid and its special forms like the cone and the paraboloid. Enveloping cones and cylinder. Axes and areas of plane sections of conicoids with centre at the origin as in the first five chapters of Smith.

Books suggested :-

Bell and Smith.

Paper III .--

(i) Differential Equations.—VIII, IX and X chapters, omitting integration in series as in Murray's Differential Equations.

(ii) Elementary Analysis as in Hardy, Chapters I-VI, omitting articles 101-109.
 (iii) Essays on the subject-matter of papers I and II.

For 1938.

Paper I (a).—Delete Statics, by Greaves.

Paper I (c).—Delete Beasant's Elementary Hydrostatics and add Hydrostatics, by Loney.

Papers II and III .- No change.

The rest as for 1937.

Economics.

For 1937.

 $Paper\ I.$ —Outstanding facts and features of Indian Currency, Finance and Fiscal Policy.

956

#### APPENDIX.

Books recommended :--

Report of the Fiscal Commission, 1922.

The following Reports on Currency :-

Herschell Committee, 1893.

Fowler Committee, 1898.

Chamberlain Commission, 1914.

Babington Smith Committee, 1919. Hilton Young Commission, 1926.

Brij Narain-India in the Crisis (Chapters III to VII).

Paper II.—Rural Economics, with particular reference to India and the Punjab.

Books recommended :-

Darling-The Punjab Peasant in Prosperity and Debt

Carver—Principles of Rural Economics, omitting Ch. II, Sec. III and Ch. VI.

The following chapters from the Report of the Royal Commission on Agriculture: V, VII, X and XIV.

Brij Narain—India in the Crisis (Chapter I).

Gadgil-Industrial Evolution of India in Recent Times.

Paper III .-

Either.

POLITICAL SCIENCE AND INDIAN ADMINISTRATION.

Books recommended :-

Leacock—Elements of Political Science.

Sapre-Indian Constitution and Administration.

Or.

\*The Economic History of India from the time of Akbar to the present day.

Books recommended :-

Brij Narain—Indian Economic Life—Past and Present, Chapters I to V inclusive.

Moreland—From Akbar to Aurangzebe.

Gadgil-Industrial Evolution of India in Recent Times.

<sup>\*</sup> Note.—Questions on the pre-British period not to bulk more largely than one-third of the whole.

## For 1938.

Papers I and II.—Add: India before the Crisis, 1935, by Professor Brij Narain.

The rest as for 1937.

Paper III.—The same as for 1937.

#### Philosophy.

For 1937 and 1938.

Either,

(a) General Philosophy,

or.

(b) Psychology.

## (a) General Philosophy.

### For 1937.

Paper I.—History of Modern European Philosophy from Descartes to Hegel.

Books recommended :-

Thilly's History of Philosophy, Modern period, pages 250-477.

Roger's History of Philosophy, Modern period.

Paper II .- Elements of Philosophy.

 The problem of Philosophy. Its relation with Common Sense, Science and Religion. The Method of Philosophy. The Divisions of Philosophy.
 Theories of Knowledge—Scepticism, Ideal-

2. Theories of Knowledge—Scepticism, Idealism, Realism, Intuitionism, Pragmatism.

3. Theories of Being—Dualism, Monism— Pluralism. Materialism, Spiritualism. Neutral Monism. Emergent Evolution.

Practical Philosophy.—The concept of value. Morality, Art. The bearing of Philosophy on life.

Books recommended :-

Hocking—Types of Philosophy. Hoernle—Matter, Mind and God. Joad—Modern Philosophy.

Note.—The above books are not to be treated as text-books, but are only intended for general reading.

Paper III.—Special Philosopher.

The candidates will be required to have a general knowledge of the Philosophical system of the proscribed Philosopher, together with firsthand knowledge of some of his writings as specified from time to time.

For 1937: Plato with special reference to Books V to X of the Republic.

Books recommended :-

Plato-The Republic.

Burnett—Greek Philosophy, Vol. I.

Nettleship—Lectures on the Republic.

Paper III.—Philosophy of Upanishads—Ish, Kana and Kath.

Books recommended :---

Hume's translation of the Upanishads.

Radha Krishnan's Philosophy of the Upanishads.

# (b) Psychology.

For 1937.

Paper I.—History of Modern Psychology from the 17th century to the present day.

Books recommended :-

Gardner Murphy's History of Psychology, Parts I and II and the first five chapters of Part III.

Paper II.—Experimental Psychology.

An Introductory Course introducing the students to the main problems of Experimental Psychology.

Books recommended :—

Collins and Drever's Experimental Psychology, Vol. I. Myer's Introduction to Experimental Psychology.

Paper III.—Practical Examination.

Topics for Experimental study in the Laboratory :-

- Stereoscopic Vision.
- 2. Colour Zones of Retina.
- The Colour Pyramid; Colour Mixture. 4. The Mullar-Lyer Illusion (Method of mean error).
- Spatial Threshold; Method of Limits; Serial Groups; Right and Wrong Cases.

Simple Reaction time: Association time.

Visual Acuity: Auditory Acuity.

8. Memory-Learning, saving and scoring Methods.

9. Work and Fatigue.

10 Motor Control, Tanning Test, Aiming Test,

11. The Acquisition of Skill.

- 12 Mental work
- 13 Free Association Classification of Associations.

14. The Span of Attention.

- 15. The Binet Tests of Mental Capacity.
- 16. Group Tests, Non-Verbal Tests.

17. Elementary Statistical Application.

Note.—Candidates shall have performed the above experiments under laboratory conditions and shall submit their laboratory note-books with dated reports of experiments duly signed by their Professor to the Examiners when they appear for the Practical Examination.

Book covering the above practical course is Collins and Drever's Laboratory Guide to Experimental Psychology.

### For 1938

# (a) General Philosophy.

Paner I .- The same as for 1937.

Paper II.—In the list of books recommended, delete Hoernle—
Matter, Mind and God, and substitute Russell's
Problems of Philosophy (Home University).
The rest as for 1937.

Paper III .- The same as for 1937.

## (b) Psuchologu.

Paners I and II.—As for 1937.

Paper III.—Practical—Topics for Experiments, item 3, delete
"The Colour Pyramid." It should read "Colour
Mixture".

#### SANGEDIN

## For 1937.

Paper (a) Books recommended for study :-

- 1. Vincent Smith—Early History of India (fourth edition).
- Keith—The Sanskrit Drama, Chapters II to VII.
- Keith—A History of Sanskrit Literature, Chapters II to V and VIII and VIII.

Paper (b) Study of Bhāsa, with special reference to Svapnavāsavadattā and Paūcarátram.

Paper (c) No books prescribed.

For 1938.

In Paper (a) 3 omit Chapter VIII.

The rest as for 1937.

#### ARABIC.

For 1937 and 1938.

Further study of Literature :—

Prose-

Arabic Reading Book No. II, by Dr. R. A. Nicholson.

Hamāsa, Bāb-al-Adab only.

- History of Arabic Literature :—
  - (a) Pre-Islamic Poetry.
  - (b) The Prophet; the Koran; Traditions; beginning of the Arabic Prose.
  - (c) The Omayyad period; Poets of the Omayyad period; Prose-writers of this period.
- 3. Translation of unseen Arabic passages into English.

#### PERSIAN.

For 1937 and 1938.

1. Further study of Literature :-

Prose—

Bist Maqala Qazwini\*, pages 24 to 54 and 85 to 105.

Poetry—

The following eight Qasidas of Qa'ānī†:-

<sup>\*</sup> Iran League, Cama Street, Bombay. Price Rs. 2-10-0.

<sup>†</sup> For these see Selections from Qa'ānī (published by the Panjab University). Can be had of the Mufid-i-'Am Press, Lahore.

- 2. Literary History-Browne, Vol. 2-The Seliuq period
- 3. Translation of unseen Persian passages into English. Set and free composition in Persian (i.e., Translation from English into Persian and Essay in Persian).

# GEOLOGY AND PHYSICS.

For 1937 and 1938.

The same as for the B.Sc. Honours Papers.

## HONOURS SCHOOL OF HISTORY.

For 1937 and 1938.

Part I.—

I. History of India to 1707.
 II. History of Europe and U.S.A., 1500-1815.

III. Principles of Economics. IV. History of India, 1707-1919.

IV. History of India, 1707–1919.
V. Constitutional History of England and the Year II. British Empire.

VI. Political Science.

\*Part II .-

VII. Special study of prescribed documents.

Year III.

- \* The following options only can be offered for Part II :-
  - (a) Ancient India.
  - (b) India under the Mughals, with special reference to the Punjab, 1526-1707.
  - (c) Modern India, 1818-1919.
  - (d) Islamic History. (e) History of Europe and U.S.A. from 1815 to 1919.

- VIII (Two of the following, of which not more than one may be chosen from subjects Year III.

  IX. (i) to (vi):—
  - (i) Ancient India.
  - (ii) Mediaeval India.
  - (iii) India under the Mughals, with special reference to the Punjab, 1526-1707.
  - (iv) India under Maratha ascendancy, 1707-1817.
  - (v) Modern India, 1818-1919.
  - (vi) Islamic History.
  - (vii) British History from 1760 to 1919.
  - (viii) History of Europe and U.S.A. from 1815 to
    - (ix) Economic History.

## DEMARTED STILLETTS · PART T

- Yazid's accession to power; tragedy of Kerbala; religious and cultural significance of the event; Ibn az Zubeir aspires to Khilafat; accession of Muawiya II; Marwan declared successor.
- Accession of Abdul Malik; his relations with Ibn az Zubeir; appearance of Al-Mukhtar on the scene; his capture of Kufa; the Khawarij; their religious and political ideals; viceroyalby of Al-Hajjaj; reforms of Abdul Malik.
- Al-Walid; Muslim invasion of India, Africa, and Spain; social and political condition of these countries on the eve of the invasion; brilliance of Al-Walid's reign; early Muslim architecture.
  - Sulaiman: his attack on Constantinople.
- Umar II and the Mawali; beneficent character of his rule.
- Yazid II; decadence of the Umaiyad dynasty; Hashimi propaganda; collection of traditions.
- 8. Accession of Hisham; continued decadence of the Umaiyad dynasty; Khariji outbreaks in Iraq; campaign in France; Hisham's just rule.

- 9. Accession of Walid II; rebellion of Yazid, son of Walid I, against Walid II.
- 10. Yazid III; troubles at Kufa; Yazid's death after a reign of six months
- 11. Ibrahim's accession; Marwan's advance on Damascus; is saluted Caliph as Marwan II; 'Abbasi propaganda; appearance of Abu Muslim on the scene; battle of the Zab; Marwan's death.

12. Administrative system of the Umaivads.

- 13. Political and religious movements of the period: the Sunni, the Shi'a, the Khawarij, the Mawali, the Murjia, the Mutazila and the early Suffs.
  - 14. Damascus and the Court of the Umaivads.
  - 15. Muslim culture and civilisation during this period.
- 16. Development of Islamic Theology and religious thought.

### THE ABBASID PERIOD (750-861).

- 17. Transition from the Umaiyad to the Abbasid period; its main features; accession of Abul 'Abbas; Abu Muslim in Khorasan.
- 18. Abu Jafar al-Mansur; fall and death of Abu Muslm; Muslim campaign in Khorasan and Tabristan; Baghdad founded; rise of the Barmaki family; social and literary influence of Persia.
- Accession of Al-Mahdi; war in Asia Minor; campaign of Harun to the Bosphorus.
- 20. Al-Hadi; his endeavours to supersede Harun; Harun succeeds; his magnificent Court; Muslim naval operations against Crete and Cyprus; Harun's campaign against Nicethorus; clory of his reion; fall of the Barmakis.
- 21. Al-Amin at Baghdad; Al-Mamun at Merv; strained relations between the brothers: Al-Amin surrenders.
- 22. Al-Mamun's accession; peace restored in Baghdad; death of Ali-ar-Rida; brilliance of Mamun's reign; development of science and literature: educational foundations.
- 23. Accession of al-Mu'tasim; rise of the Turks; their original home; their internal divisions; causes of their migration; foundation of Samarra.
  - 24. Al-Wathiq; his intolerant heterodoxy. 25. Al-Mutawakkil; his persecution of the Mu'tazila;

religious controversies.

- 26. Organism of the Muslim State; military organisation under the Abbasi; Arab academies and libraries; Arab contribution to science and literature; social life of the period.
- Spruner's Historical Atlas: maps 77, 78, 81, 82, 83, 85, 87 and 88.

### HISTORY (HONOURS SCHOOL).

#### For 1937 and 1938.

 A thesis on a special subject, to be approved by the Board of Control; the examination of this thesis to include an oral and/or written examination of the candidate upon the subject of his thesis.

II. Modern methods of historiography.

The course of instruction will include a study of such books, as the following:---

Lenglois and Seignobos Introduction to the study of History (English trans.) (Duckworth).

G. P. Gooch .. History and Historians in the Nineteenth Century.

In addition to the critical study of such books, a seminar will be conducted upon an introduction to the philosophy of history and to the methods of a select list of famous modern historians.

A maximum of 300 marks is fixed for the thesis, and a maximum of 100 marks for the paper upon "Modern methods of historiography".

## Economics.

## For 1937.

Paper I .- General Theory :--

Marshall-Principles of Economics (Macmillan).

Keynes—Scope and Method of Political Economy (Macmillan).

Henderson-Supply and Demand (C.U.P.).

Robertson—Control of Industry (C.U.P.).

Gide and Rist-History of Economic Doctrines.

Gray—The Development of Economic Doctrine. Pigou—Economics of Welfare (Parts I and II).

Paper II.—International Trade, Currency, Banking and Public Finance :—

Harrod-International Economics, 1933.

Marshall—Money, Credit and Commerce (Macmillan).

Goschen—The Foreign Exchanges (Effingham and Wilson). Caman—Reprint of the Report of the Bullion Committee of 1810.

Keynes—A Tract on Monetary Reform (Macmillan).

Robertson-Money (C.U.P.) (1929 Ed.).

Josiah Stamp—Fundamental Principles of Taxation (Macmillan). Dalton—Public Finance (Routledge).
Macmillan Report on Finance and Industry, 1931 (Cmd. 3807).

Cannan Modern Currency and the Regulation of its Value, 1931.

#### Paper III.—Indian Economics.

- (i) The following syllabus is prescribed :--
  - 1. The background of the industrial and economic history of India with special reference to the last 50 years.
    - 2. Problems of Indian Economics
      - (1) The Agricultural situation :--

Systems of land-ownership, tenantry problems, subdivisions of farming land, joint ownership and intermixed holdings. New methods, machinery, farmanimals, manures, Agricultural education. Indebtedness and marketing of produce. Irrigation—well—canal—reservoir. Farmer's Associations.

#### (2) The Industrial situation :--

Present state of land and cottage industries, future of such industries. Machine industry, the foreign capitalist, the Indian capitalist, types of machine industry,—the cotton, jute and leather industries. Wages and conditions of labour. Lines of development. Comparison with Japan and China.

#### (3) The Currency and Banking situation :---

History of money in India especially since 1885. The silver problem—Herschell and Fowler Committees, the Chamberlain report, war currency, present situation. Comparison with Philippines, China and Janan.

Banking.—Indigenous methods, the hundi, the shroff and mahajan—banking castes. European banking in India. Presidency banks, joint-stock and Exchange banks. The present situation, the desirability of a Central State or Federal system of banks, agricultural and co-operative banks.

### (4) The Trade, Railway and Tariff situation :-

Historical résumé—growth of trade since 1870, classification and direction of trade. Railways, historical résumé; State, guaranteed and company lines; Railway Policy; Railways and trade. Tariff, historical résumé. Imperial preference, protection, relation of tariff to industries. (5) Co-operative problems :—

Remedies for the decay of village unity and vigour.

A brief study of social organisation in the older village. Forces of disintegration. Chief features of co-operation in India. Comparison with European experience. The future of the village.

(6) Indian Finance:— Chief features of Revenue and Expenditure. Prov-

incial Finance. Local Taxation. Financial questions arising in connection with Famines.

(7) Course of prices and wages in India; and causes of movements in them,

(ii) The following books and reports may be consulted:— Books—

Findlay Shirras—The Science of Public Finance (Macmillan).

Keynes-Indian Currency and Finance (Macmillan),

Vakil—Financial Developments in Modern India (Taraporevala).

Darling—The Punjab Peasant in Prosperity and Debt (Oxford University Press).

Keatinge—Agricultural Progress in Western India (Longmans). Gadgil—The Industrial Evolution of India in Recent

Times (Milford). Brij Narain—Economic Life of India—Past and Present

(omitting Chapters I to V inclusive).

Anstey—Economic Development of India.

Wattal—Population Problems in India, 1934. Brij Narain—India in the Crisis, 1934.

#### Reports-

Reports of the Indian Currency Committees of 1893, 1898, 1914, 1920 and 1926.

Report of the Famine Commission of 1880.

" Indian Industrial Commission.

, Indian Fiscal Commission.

Acworth Commission.

" Acworth Commission. " External Capital Committee.

", Tariff Board on Coal, Iron and Steel, Paper and Cement.

Indian Taxation Inquiry Committee.

,, Royal Commission on Agriculture.

, Royal Commission on Labour.

" Central Banking Committee. (Majority.)

" Rail Road Committee, 1933.

Paper IV.—Economic History :--

1. General Sketch of the Economic History of England in the period preceding the Industrial Revolution.

This part should not bulk more largely than one-third of the whole.

The line of study and the standard expected would be indicated by :—

Ashley—Economic Organisation of England; Water—An Economic History of England (O.U.P.); Birni—Modern Economic History of Europe (chapters dealing with England).

- More detailed study of the period following the Industrial Revolution in England on the following lines:—
  - (α) England on the eve of the change—population, agriculture, industry, transport, trade, finance, etc.

Prevailing economic thought—Mercantilism.

- (b) England during the change—(1760-1820)—growth of population, inventors and captains of industry, roads and canals, the enclosure movement in agginal turne, the growth of trade, etc. Prevailing economic thought—Adam Smith and Malshus.
- (c) The new problems to which the change gave rise and their treatment—trade unions, factory legislation, poor relief, free trade, the credit economy, colonial policy, etc.

Prevailing economic thought—the growth of the philanthropic spirit.

The line of study and the standard expected would be indicated by :—

> Cunningham—Growth of English Industry and Commerce, VO. III, for the earlier period, and by J. F. Rees—A Social and Industrial History of England (1815–1918), for the later period.

Knowles-Industrial and Commercial Revolution.

Paper V.—Thesis (including Viva Voce) on an approved subject carrying 200 marks.

The thesis shall be on a subject previously approved by the Board of Studies in Economics and examination in thesis shall include a Viva Voce test.

The candidate must submit the subject on which he proposes to write his thesis along with a synopsis for approval of the Board of Studies in Economics before the end of June preceding the year of examination.

The thesis should not be, ordinarily, less than 80 or more than 150 foolscap type-written pages and it should be presented in duplicate to the University with the candidate's application to appear at the examination.

If a candidate falls, but his thesis is reported on as satisfactory by the Board of Examiners, he may present it on one, but not more than one, subsequent occasion with or without revision.

Or

Paper V (a).—An Essay Paper (100 marks) connected with one of the following subjects:—

- Economic Depression and Suitable Remedies.
- (ii) Monetary Reconstruction. (iii) Rural Reconstruction in India.
- (iv) Imperial Preference.
- (v) Recent Tendencies in Democracies.

4nd Paper V (b).—One of the following three options, carrying 100 marks:—

Option (i).—Political Science :-

McIver-The Modern State.

Lord-Principles of Politics.

Laski—The Grammar of Politics.

Bryce—Modern Democracies—Vol. I, Part I; Vol. II, Part III.

Russel—Principles of Social Reconstruction.

Marriott-The Mechanism of the Modern State, 2 vols.

Option (ii) .- Theory and Practice of Statistics :-

Scope and Utility of Statistics. Collection of Data. Tabulation. Averages. Dispersion. Skewness, Graphic Methods especially as used in commerce and industry. Index Numbers. Interpolation. Correlation. Common errors in Statistics. Periodicity (by arithmetical methods only).

#### Books recommended :-

- Bowley—Elements of Statistics.
- King—Elements of Statistics.
- Boddington—Statistics and their application to Commerce.
- 4. Harward Economic Service—Review of Economic Statistics.
- 5. Census of India (1931).
- D. S. Dubey—Elements of Statistics.

Option (iii) .- Indian Labour Problems :-

- (Every candidate will be required to familiarise himself with the labour conditions in a city in the Puniab.)
- (a) Industrial Labour Problems.—Life of the labouring classes in a few typical industries, e.g., Cotton, jute, coal, tea. Wages and hours. Trade Unions. Labour Disputes. Arbitration and Conciliation. Works Committees and Trade Councils. Social welfare work in India. Unemployment. Labour Agencies and Labour Exchanges. Social Insurance. Workmen's Compensation and Factory Legislation.
- (b) Rural Labour Problems.—A brief study of rural labour, particularly of artisans, menials and tenants-atwill. Conditions of tenancy. Wages. Housing, Customary dues and obligations, standard of life.

### Books recommended :

- 1. Burnett-Hurst-Labour Problems in India.
- Matheson—Indian Industry, 1930 (Oxford University Press).
- 3. Brayne-Village Uplift.
- 4. Report of the Royal Commission on Indian Labour.
  5. Report of the Royal Commission on Indian Agri-
- 6. At least one of the Village Surveys and one
- At least one of the Village Surveys and one of the Settlement Reports of the Punjab.

N.B.—In 1936 candidates who have failed in previous years shall be permitted to appear according to regulations existing in 1934.

#### For 1938.

Paper I .- Same as for 1937.

Paper II.—Substitute Cannan—Money, 1935 for Cannan—Modern Currency and the Regulation of its Value, 1931.

Add Future of Monetary Policy, published by the Institute of International Affairs, 1935.

Paper III.—Add Brij Narain—India before the Crisis, 1935.

Paper IV .- Same as for 1937.

- Paper V.—Thesis.—Same as for 1937.
- Paper V (a).—An Essay Paper.—Same as for 1937.

Paper V (b).—Option (i)—Same as for 1937.

" (ii)—Substitute Rhodes—Elements of Statistics for Boddington—Statistics and their application to Commerce.

" (iii)—Same as for 1937.

### MATHEMATICS: 1937 AND 1938.

The examination in Mathematics in 1937 and 1938 will be in the following subjects:—

Paper I.-Algebra, Trigonometry, Theory of Equations .-

Infinite series and products of real, constant or variable terms. Convergence, absolute, uniform and conditional. Divergence. Oscillation and Summation.

Indeterminate equations of first degree; Simple continued fractions. Fundamental properties of Integral Numbers. Demoivre's Theorem with applications. Exponential, Logarithmic and Hyperbolic Functions.

Cubic and quartic equations. Range and nature of roots. Symmetric functions of roots. Special roots. Solution of numerical equations.

Determinants, and the fundamental operations of Algebra, with applications.

Paper II.—Plane Geometry, Pure and Analytical; Solid Geometry.—

Cartesian and Homogeneous Co-ordinates, Tangential equations. Cross ratios, Perspective, Reciprocation, Inversion, Projection, the general projectivity and involutions. The Conic, the Circle and the Triangle. The circular points at infinity. Definition and significance of invariants and covariants of two Conics.

The quadric surface and its analysis. The circle at infinity, and confocal quadrics. Elementary theory of Pencils of Quadrics, simpler properties of twisted Curves. Curves in space. Functional and Differential Equations of surfaces.

Paper III.—The Differential and Integral Calculus, Differential Equations.—

Dedekind's definition of real numbers, and limits. Conditions of differentiability, and continuity. Partial Differentiation, Theorems of Rolle and Taylor. Applications such as Tangents and Normals, Asymptotes, Singular points, Curvature, Envelopes and Curve Tracing. Pedal, Reciprocal, and Inverse Curves; the elementary properties of well-known curves.

Riemann's Integration, the definite integral with applications to arcs, areas, surfaces and volumes. Infinite Integrals and conditions of their existence. Double integration and simpler aspects of double limit problems (not including Theory of Infinite Series)

series

Differential Equations:—The elements of the Theory of Differential Equations including Existence Theorems, the solution of equations of the first and second orders, Singular solutions, linear differential equations, integration in series, ordinary equations with more than 2 variables, partial differential equations of the first and second orders.

### Paper IV .- Statics and Hudrostatics .-

Parallelogram of forces, Parallel forces, couples, moments. Equilibrium of forces in a plane acting on a rigid body. Conditions of Equilibrium, stable and unstable. Work. Centre of gravity, Friction. Machines. Luk Polygons and Linked Mechanisms. Equilibrium of Forces in three Dimensions. Elementary Theorems on Attraction and Potential.

Fluid Pressure. Thrust on a plane area or any surface. Equilibrium of floating bodies. Specific Gravity. Boyle's Law and Charles' Law. Centre of Pressure. Rotating Liquids.

Paper V.—Dynamics of a Particle and Rigid Dynamics in two dimensions.—

Uniform and uniformly accelerated motion. Laws of motion, Work and Energy. Motion of a Particle under constant forces, Projectiles, Impact and motion in a circle. Normal acceleration. Simple harmonic motion and the simple Pendulum. Central orbits. Units and dimensions.

Moments of Inertia of simple bodies such as rods, laminas, Parallelopipeds, Circles, Circular discs, Spheres, and ellipsoids. Kinetic Energy of a rigid body rotating about a fixed axis. Compound Pendulum. Conservation of Momentum and Energy.

Paper VI.—Astronomy and Spherical Trigonometry.

Or,

Functions of a Complex Variable and Elliptic Functions.

Astronomy and Spherical Trigonometry.-

The Celestial sphere, Systems of Co-ordinates, apparent-diurnal motion of the Stars. The Transit and the Equatorial Instruments with their errors of adjustment. The seasons, the Ecliptic, the Earth's Orbit round the Sun. Equation of Time, Mean, Apparent, Sidereal and Standard time. Atmospherical Refraction and Twilight. Determination of Latitude and Longitude. The Moon's Orbit and Rotation. Solar and

Lunar Eclipses. Kepler's Daws of Planetary Motion. Phases of Planets, Stationary Points. Axial rotations of the Sun and the Planets. Determinations of the distances of the Sun, the Planets and the Stars. Aberration, Precession Nutation, Simple treatment of Lunar and Planetary Perturbations, the Calendar, the Leading Constellations.

Functions of a Complex Variable and Elliptic Functions .-

The general bilinear Transformation and Conformal Transformation, infinite series and products, Circle of Convergence and Singularities.

Analytic functions according to Cauchy, Taylor's Series and Laurent's Series, Cauchy's Theorem and Residues with applications, Periods of definite integrals.

The Elliptic functions p., sigma, zeta, of Weierstrass.

Theorem of addition formula, Theorems of Weierstrass and Mittag-Leffler on resolution into fractions and into factors. Problem of Inversion and the Invariant, Applications to plane cubics and twisted quartics of genus one.

The following books are suggested as being reliable:-

Paper I.-Infinite Series Goursat (Vol. I). Knopp. Chapters I to XI, omitting Chapter VIII. Algebra Smith. Trigonometry ٠. Hobson. Burnside and Panton. Theory of Equations Paper II.— Plane Geometry Askwith, Russel, Sommervelle. Solid Geometry Bell, Salmon (Vol. I), Sommer-.. velle. Paper III.— Calculus Goursat's Analysis. Phillips' Analysis. Differential Equations ... Goursat's Analysis. Forsyth's Differential Equations. Paper IV .--Statics and Attractions. . Loney, Routh. Hydrostatics Besant. .. Paper V.-Dynamics ... .. Loney, Routh.

### Paper V.I .--

Astronomy and Spherical Smart's Spherical Astronomy, excluding chapters 11, 12 and 14. Todhunter and Leathem.

Complex Variable and Goursat II, 1. Elliptic Functions.

#### PHILOSOPHY: 1937 AND 1938.

The examination in Mental and Moral Philosophy in 1937 and 1938 will be in the following:—

#### For 1937.

### \*Paper I.-Psychology.

W. James .. Principles of Psychology. Stout .. Manual of Psychology.

W. McDougall .. An Outline of Psychology (Methuen).

Woodworth .. Contemporary Schools of Psychology (Methuen, Rs. 5-10-0).

Kohler .. Gestalt Psychology.

### Paper II.—Ethics.

Rashdall .. Theory of Good and Evil.
Sidgwick .. History of Ethics.
G. E. Moore .. Principia Ethica (C.U.P.).

Broad .. . . . Five Types of Ethical Theory.

### Paper III .- History of European Philosophy.

Windlebánd .. History of Philosophy.
Thilly .. . History of Philosophy.
Introduction to Modern Philosophy, by C. E. M. Joad,
Oxford University Press,

### Paper IV .- Modern Metaphysics.

\* Candidates who have taken the M.A. Degree in Psychology are exempted from taking the paper on Psychology.

1006 APPENDIX.

Paper V .- Either of the following alternatives :-

(a) Logic.

Joseph .. Logie.

Bosanquet .. Essentials of Logic.

L. S. Stebbing .. A Modern Introduction to Logic (Methuen, Rs. 11-4-0).

(b) The development of the Vedanta movement and Buddhism.

Radhakrishnan .. Indian Philosophy, 2 vols.

Sircar .. Comparative Studies in Vedant, Keith.. .. Buddhistic Philosophy.

Paper VI.-Essay.

### For 1938.

Paper I .- Delete Kohler: Gestalt Psychology.

Add Gardner Murphy: Historical Introduction to Modern Psychology, Parts I and II only, omitting Part III.

The other Papers as for 1937.

### \*Psychology.

#### For 1937.

Paper I.—General Principles of Psychology.

Books recommended for study to be the same as for Paper I (Psychology) for the M.A. Degree in Philosophy.

Paper II.—Experimental Psychology.

Books recommended :-

Myer's and Bartlett's Text-book of Experimental Psychology, Part I.

Collins and Drever's Experimental Psychology, Part I.

Paper III.—Social Psychology.

Books recommended :—

W. McDougall's Social Psychology, and Group Mind.

M. Ginsberg's Social Psychology.

<sup>\*</sup> Candidates who have already taken the M.A. Degree in Philosophy are exempted from taking Paper I.

F. C. Bartlett's Psychology and Primitive Culture. Mukarji and Sen Gupta's Introduction to Social Psychology. Cyril Flowers—An Approach to the Psychology of Religion.

#### Paper IV.—Abnormal Psychology.

#### Books recommended :--

Freud's Introductory Lectures on Psycho-Analysis, and Interpretation of Dreams.

W. McDougall's Outlines of Abnormal Psychology.

Adler-Individual Psychology.

Jung-Psychology of the Unconscious.

### Paper V .- Applied Psychology.

Educational Psychology. Industrial Psychology.

# Books recommended :-

### T. P. Nunn's Data and First Principles of Education.

Burt's Mental and Scholastic Tests.

Terman's The Measurement of Intelligence.

Bannister's Elementary Applications of Statistical Method. Psychology and Education, by R. M. Ogden.

Myer's Industrial Psychology.

### Paper VI .-

### (a) An Essay or Thesis .. .. 50 marks.

The thesis is to be the result of two years' work and the subject therefor is to be approved by the Board of Studies in Philosophy not later than January of the year preceding that in which the candidate is to appear for his examination.

### (b) A Practical Test .. .. 50 marks.

The Laboratory Course shall consist of more thorough study of the topics for experimental study prescribed for the B.A. Honours in Psychology Examination and of the Experiments contained in Myer's and Bartlett's Text-book of Experimental Psychology, Part II, Section IV.

Successful candidates shall qualify separately in each part of this Paper, and in addition shall produce evidence of having attended 75 per cent. of the periods of laboratory instruction provided the minimum number of periods of such instruction being fixed at 40.

For 1938.

Paper I.—As for 1937.

Paper II.—Delete Collins and Drever's Psychology, Part I.

Paper III.—Delete Ginsberg's Social Psychology, and Mukarji and Sen Gupta's Introduction to Social Psychology.

> Substitute Social Psychology, by Kimball Young, omitting Part II.

Paper IV .- As for 1937.

Paper V.—Applied Psychology.—As for 1937, except that delete T. P. Num's Data and First Principles of Education and R. M. Ogden's Psychology and Education.

Hasert Sandiford's Educational Psychology.

Delete Terman's The Measurement of Intelligence
and Burt's Mental and Scholastic Tests.

Hasert Pinter—Montal Tests.

Paper VI .- As for 1937.

### POLITICAL SCIENCE.

#### For 1937.

Paper I.—The Origin and Nature of the State.

MacIver .. The Modern State.

Laski .. Grammar of Politics.

Laski ... Liberty in the Modern State.

The International The Theory of the Stat

Crisis. (O.U.P.).
Follet . . . The Modern State.

Russell .. Principles of Social Reconstruc-

tion.

Garner .. Introduction to Political Science.

Paper II .- History of Political Theories.

Pollock . . . Introduction to the History of Political Science.

Dunning .. History of Political Theories, 4 vols.

English Political 4 vols. (Home University Thought. Library Series).

Watson .. The State in Peace and War.

Lord .. Polities.

Burns . . . Political Ideals. Hobbes . . The Leviathan (for special

study).

The Growth of Political Thought in the West.

### Paper III.—The Comparative Study of Constitutions.

Comparative study of constitutions: Great Britain, the Dominions, U.S.A., France, Switzerland, Germany and Italy.

# Books on Paper III.

			•
	Ogg	• •	English Government and Politics.
	Keith	• •	Dominion Autonomy in Prac-
	Munro	• •	Government and Parties in the U.S.A.
	Brogan		American Political System.
	Soltau		French Parties and Politics.
•	Bonjour	• •	Real Democracy in Operation: The Example of Switzerland.
	Brunet	••	The New Constitution of Ger- many.
	McBain and Roge	rs	The New Constitutions of Europe.
	Bryce		Modern Democracies.
Paper IV (Option i)-English Constitutional Law and History.			
	Maitland	• •	The Constitutional History of England.
	Dicey		The Law of the Constitution.
	Anson		Law and Custom of the Consti-
	inson	• •	tution.
	Adams		English Constitutional History.
	White		The Making of the English
	***************************************	• •	Constitution.
	Adams and Steph	ens	Select Documents of English Constitutional History.
	Robertson	• •	Selected Statutes, Cases and Documents.
	Keith		The British Constitutional Law.
	Clark		Outlines of Local Government.
Paper IV (Option ii)—Jurisprudence and Principles of Law.			
	Vinogradoff	• •	Common-sense in Law (Home University Library).
	Hibbert		Jurisprudence.
	Salmond		Jurisprudence (Stevens and
		• • •	Haynes).
	Allen		The Making of Law (Oxford).
	Gray		The Nature and Sources of
			Law (Columbia University Press).

Brown .. . . The Underlying Principles of Modern Legislation (Murray). . . . The Austinian Theory of Law

(Murray).

Dickinson .. Justice and Liberty.

Paper IV .- (Option iii)-Public International Law and Relations.

Lawrence, P. J. .. International Law.

Oppenheim .. International Law (edited by McNair of Cambridge), 1931 edition.

Wilson .. Hand-Book of International

Hershey .. The Essentials of International Public Law and Organisation.

Buell .. International Relations.

Garner .. Recent Developments in Inter-

national Law.
Hall .. International Law. edited by

P. Higgins.
Pitt-Cobett .. Leading Cases in International

Law.

Dickinson .. Law of Nations (case book).

Drummund .. Ten Years of the League of
Nations.

Paper V.—(Option i)—Economic History of England, Recent

Economic History of the United States of America and India.

Cunningham .. Growth of Industry and Com-

merce, 3 vols.

Birnie . . . Economic History of Europe,

1760-1930.

Anstey .. The Economic Development of

India.
Gadgill .. The Industrial Evolution of

India in Recent Times.

Knowles ... The Economic Development in

the 19th Century.
.. Industrial and Commercial

Revolution.
Bogart .. Economic History of the American People.

Lippincott .. Economic Development of the United States.

Paper V .-- (Option ii)--Principles of Economics.

Marshall .. Principles of Economics.

Taussig .. Principles of Economics, 2 vols. Stamp . . . Fundamental Principles of

Taxation.
Dalton . . . Public Finance.

Shirras . . . . . . . . . Science of Public Finance.

Harrod . . . . International Economics.

Paper VI.—Evolution of the present system of Government in

India.

Javaswal .. Hindu Polity.

Mozumdar ... Corporate Life in Ancient India.

Sarkar .. Moghal Administration.

Ilbert .. . . Historical Introduction to the Government of India Act.

Montagu-Chelmsford Report.

Reports of the Reforms Inquiry Committee, 1923-24.
Bannerii ... Indian Constitution.

Bannerji .. Indian Constitu Singh .. Indian States.

Venketashwar .. Indian Culture through the Ages, Vol. II.

Khosla.. .. Mughal Kingship and Nobility.
Pannikar ... British India and Indian States.

#### For 1938.

Paper I.—Delete Laski: Liberty in the Modern State.

Add Laski: The State in Theory and Practice.

Paper II.—The same as for 1937.

Paper III.—Delete Brogan: American Political System.

Add Beard: American Government and Politics.

Paper IV.—

(Option i)—Delete Clark: Outlines of the Local Government and Anson: Law and Custom of the Constitution.

Add Wade and Phillips: English Constitutional Law.

(Option ii)-The same as for 1937.

(Option iii)—Delete Garner: Recent Developments in International Law.

Paper V .-

(Option i)—In place of Cunningham: Growth of Industry and Commerce, 3 vols., substitute Cunningham:

Growth of English Industry and Commerce, Vol. III only.

(Option ii)-The same as for 1937.

Paper VI.—Add Eddy and Lawton: The New Constitution of India.

### Degree of Bachelor of Teaching.

The following is an outline of the tests in each subject :-

- The Psychological Basis of Education.
- (a) The relation between Psychology and Education.
- Psychology as the study of human behaviour and Education its modification.
  - (b) The methods of Psychology.
  - Observation, introspection, experiment and psycho-analysis.
- (c) The relation between body and mind—its educational importance. Fatigue—its causes and cures. Types of temperaments and their importance to the teacher.
- (d) The unconscious mind—its relation to the pre-conscious and the conscious mind.
- (e) Human instincts and their modification through experience and training. Imitation, suggestion and sympathy. Routine (or tendency to repetition). Play and the Play-way in modern education.
- (f) The formation of habits and their utility. The growth of the sentiments and the organisation of the instincts. The growth of the self-regarding sentiment and the formation of character. The nature of the self and the moral self; will and its training.
- (g) Mental conflict, repression, the formation of complexes; delinquency. Sublimation and educational opportunities.
- (h) The conscious mind. Attention and interest. Perception and the training of the Senses. Memory; methods of memorising, improvement of memory, forgetfulness—natural and morbid.
- (\$) Ideas and images. The importance of fairy tales in childhood. Reasoning and opportunities for its development. Learning its nature and laws. Transfer of training.
- (j) Intelligence and intelligence tests—their educational importance; correlation.
- (k) The psychology of the group—the classroom and the playground.

- (l) The psychology of discipline—individual and social. Methods of achieving discipline. Self-government in schools and other extra-curricular activities. School spirit and its development.
  - (m) Rewards and punishment.
  - School Organisation and Management.
- (a) Material conditions of School work School localities and sites. A study of the principles of school buildings applicable to the Punjab, with special reference to secondary school requirements. Designs of rooms for special subjects, especially for Drawing and Science. Hostel plans. The school premises (including outhouses, gymnasium, refreshment room and school garden). Sanitation and water supply.
- (b) School Administration and Organisation:—The Educational system of the Province:—Classes and grades of schools for general education, Curricula and aims.
- (c) Rural Education:—Problems of expansion and supervision.

  The village school and the community.
- (d) The Middle School:—Lower and upper middle schools, Anglo-vernacular, Vernacular and mixed. Problems of curricula and staffing.
- (e) The High School:—Headmaster and staff. Distribution of work (subject and class teacher plans). Time-tables. Hostel life and superintendence. Other aspects of school supervision.
- (f) Examinations:—External and Internal. Viva voce and written tests. Control of pupils' progress and promotion. Choice of text-books. Out of school occupations (outdoor and indoor). Clubs and hobbies. Libraries and Museums.
- (g) The School as a preparation for Civic Life:—Systems of pupil self-government. Co-operative clubs. The Boy Scout movement, and other means of developing corporate life and the habit of social service.
  - Care of health and physique.

The teacher's co-operation with the Medical Inspector.

(h) School Games:—Their moral and physical value, as compared with formal physical exercises.

Different kinds of organised games (Indian and otherwise) suitable to different ages and circumstances. Games' organisation. Use and abuse of tournaments and other forms of competition.

petition. Playgrounds.

Formal physical exercises. Principles underlying them. Their conduct and supervision in school hours. Courses in vogue in the Punjab.

### 3. Methods of Teaching.

(a) Principles governing the teaching process, such as the procedure from analysis to synthesis, from concrete to abstract,

from known to unknown, from simple to complex, from whole to parts, from particular to general, from indefinite to definite, from empirical to rational; psychological and logical order.

(b) The process of teaching and its steps. Lessons in abstract and concrete studies and skill subjects. The preparation of the

teaching notes of lessons.

- (c) The devices of teaching. The purposes, kinds and marks of good questioning: how to deal with answers; exposition; ordinary class examinations; written exercises and their correction; marking and records of results; pupil's note-books; functions and qualities of good text-books in the various school subjects; school libraries; illustration; the use of the blackboart; home work; tests and examinations.
- (a) General suggestions on the teaching of English, Science, History and Geography, Naturo Study, Mathematics, Drawing and Educational Handwork in Secondary Schools.

(e) Latest developments in methods of instruction, such as Heuristic method, the play-way, the project method.

### 4. Methods of Teaching Selected Subjects.

- A fuller knowledge of the methods of teaching English and one other of the following branches of study selected by the candidate:—
  - (a) Mathematics.

(b) Science.

(c) History and Geography.

(d) A Classical Language and a Vernacular.

### TEACHING OF ENGLISH.

(i) Comparison and contrast of aims in teaching a Vernacular, a classical language and English in schools, with consequent main differences in method.

(ii) (a) Characteristics of modern methods of teaching a modern foreign language as affected by the peculiar place of English in the school curriculum: a subject and a common medium of expression in and after school life.

(b) Use of the Vernacular in teaching English; the place of

translation.

(e) Extent to which English does and should replace the Vernacular as a medium for instruction in the principles of written composition and effective speech.

(iii) Close co-ordination of all "Branches" in teaching English; their relative emphasis in each main stage of the

teaching; typical procedure of each stage.

(iv) Special measures to expedite a good pronunciation, an understanding of the spoken language and some facility in speaking English. Subject-matter of early lessons. Methods of interpretation other than the Vernacular. Choice and use of pictures in amassing vocabulary.

(v) The reader. Stage introductory to its use. Its nature and treatment in the middle stage; in the high stage. Intensive and cursory reading.

(vi) Grammar. Aim in teaching it. Selection of grammatical material. Help from the vernacular grammar. Incidental and systematic teaching. Limits of the inductive method,

(vii) (a) Connection of written with oral composition and with reading. Choice of topic. Correlation with other subjects

and with ordinary life.

(b) Correction of written exercises. Dictation. Letter writing. Exercises in definition, explanation, paraphrase, choice and treatment of passages for paraphrase. Paraphrase compared with translation as an agent in teaching.

(viii) Spelling. Handwriting.

(ix) Teaching of language a basis for the teaching of literature. Possibilities of any suggestions for imparting to Indian pupils an appreciation of literature.

(x) The use of phonetics in language teaching.

### TRACKING OF MATHEMATICS.

(1) Mathematics.—The educational value of Mathematics. The place of Mathematics in the school curriculum. The relation of Mathematics to other sciences. The place of the textbook: a consideration of some text-books in common use.

(2) Methods of Teaching Mathematics.-(i) Dogmatic, (ii) Inductive—Deductive, (iii) Analytic—Synthetic, (iv) Labora-

tory, (v) Concentric.

These methods will be illustrated by means of specimen lessons.

(3) Study of the theory and method of teaching the various parts of a high school course in all departments, with emphasis on the following :-

Arithmetic .- Decimal notation, first four rules, casting out nines, tests of divisibility, remainder in short division, G.C.M., L.C.M., vulgar fractions—their comparison and first four rules, decimal fractions, approximation, contracted multiplication and division, metric system, unitary method, proportion, percentage, interest, profit and loss, discount, square root.

Algebra.-Literal Arithmetic, opposite quantities, simple equations, simultaneous equations, graphs, graphic solution of simultaneous equations, cross multiplication, method for solving simultaneous equations, factors of the type  $x^2 + px + q$ ,  $x^3-y^3$ , etc., factor theorem, symmetry, homogeneity, principle of indeterminate coefficients, fractional and negative indices, surds and elimination.

Geometry,—Euclid's elements compared with modern Geometry. Fundamental concepts, measurement of lines and angles, areas by means of squared paper, different methods of establishing geometrical truths (experimentally), use of scale, geometrical excursions, areas and volumes.

(4) Nature of a course in Demonstrative Geometry.—How to teach definitions, and geometrical propositions, place of exer-

cises in a course.

(5) Typical Methods of Demonstration.—(i) Superposition, (ii) Direct, (iii) Indirect, (iv) Exhaustion, (v) Motion and Limit, (vi) Intersection of Local

(6) Place and function of oral work.

- (7) Oulline Notes of Lessons.—Notes of lessons to be prepared by each student of Mathematics, as given below:—
  - (i) A lesson from the conceptional stage of Geometry.
  - (ii) A lesson from the empirical stage of Geometry.
  - (iii) A lesson on the Measurement of Areas and Volumes.
  - (iv) A lesson on a problem in Demonstrative Geometry.(v) A lesson on a theorem in Demonstrative Geometry.
  - (vi) A lesson on a rule in Pure Arithmetic.
  - (vii) A lesson on a rule in Applied Arithmetic.
  - (vii) A lesson on a rule in Applied Arithmetic. (viii) A lesson in Literal Arithmetic.
    - (ix) A lesson in Realistic Algebra.
    - (x) A lesson in Formal Algebra.

(8) The working of the Dalton plan in Mathematics.

(9) The students of Mathematics while practising in schools will pay special attention to the teaching of Mathematics.

## TEACHING OF SCIENCE.

### (a) Theoretical.

- (1) General.—The history of Science teaching in schools; reasons for the inclusion of Science in the curriculum; aim and value of class-room and laboratory teaching; undifferentiated Science and systematic courses; heuristic, demonstration and assignment methods of instruction; application to daily life; correlation with other subjects; curriculum in the Punjab; written and practical examination; the training of Science teachers; Science courses for boys and girls; aids to Science teaching, e.q., films, wireless, excursions, etc.
- (2) Equipment, etc.—Types of class-room and laboratory; arrangements of furniture and fittings; water-supply and drainage; selection and purchase of apparatus and stores; home-made apparatus; library books and charts; care and arrangement of apparatus; school museum; laboratory regulations.

- (3) Method and Technique.—Time-tables, lesson demonstrations; use of charts and sketches; problems; text-books; note-taking; home tasks; examinations; teaching lesson notes; laboratory schemes; laboratory directions and laboratory manuals; note-books; diaries; graphs and records; supervision and correction; co-operation of pupils out of school work. Inspection methods.
- (4) Nature Study.—A series of lectures will be given dealing (1) with the aim, scope, place and methods of Nature Study in the school curriculum.

### (b) Practical.

- (1) Teaching the Matriculation course in Physics and Chemistry to a class.
- (2) A course in manual training to enable students to repair and make simple apparatus.

### TEACHING OF HISTORY AND GEOGRAPHY.

### A .-- HISTORY.

#### (i) Theoretical Work.

- (1) What History is; the sources of historical knowledge: historical criticism.
  - (2) The aims and value of teaching history in schools.
  - (3) The problem of adapting history to children.
- (4) Schemes of history lessons and selections of facts in the Primary, Middle and High Classes (5) General methods of instruction as applied to Primary.
- Middle and High Classes.
- (6) The Chronological Method, the Regressive Method, the Concentric Method.
- (7) Making the past real; special aids to visualisation; local history and its use.
  - (8) Relation of history to other subjects.
- (9) Civics—its importance, methods of teaching; proposed syllabus for Middle and High Classes.
- (10) Special study of Lord Dalhousie to illustrate the above principles of teaching history.

#### (ii) Practical Work.

- (1) Drawing of plans of battles; maps of India to illustrate the political division at different periods of history.
- (2) Excursions to the local museum and historical buildings in the neighbourhood.
  - (3) Preparation of time charts.

#### Teaching Work-

(1) Demonstration lessons by the Lecturer.

(2) A course of twelve criticism lessons by the students.

(3) Preparation of six notes of lessons by each student.

#### B -- GEOGRAPHY.

### (i) Theoretical Work

(1) Definition of Geography, meaning and growth of the idea: aims of Geography teaching; and scope of school Geography.

(2) Home Geography and its use in teaching the Geography of the World as a whole.

(3) Syllabuses and different methods of teaching Geography as applied to Primary, Middle and High Classes.

(4) Relation of Geography to other subjects, especially to History and Nature Study.

(5) The use of maps and text-books.
(6) Equipment and apparatus: maps, globes, illustrations.

(7) General principles and Geography of India to illustrate the principles of teaching.

### (ii) Practical Work.

(1) Keeping of records of temperature, atmospheric pressure. wind direction, rainfall, humidity,

(2) Drawing of statistical diagrams on squared paper.

(3) Drawing of maps of India, showing relief, monsoons, distributions of rainfall, vegetation, minerals and manufactures. population, railways, etc.

(4) Drawing diagrams on the blackboard illustrating such topics as the following :-The revolution of the earth round the sun, height of the sun at various times, the formation of springs, a section of volcano, the effect of vertical relief on rainfall.

Illustrative lessons by the Lecturer.

(6) A course of twelve practice lessons by the students.

(7) Drawing up a course of lessons for the High Department with notes of six consecutive lessons included in the course.

### TEACHING OF A CLASSICAL LANGUAGE AND A VERNACULAR.

A.—General comparison and contrast of aims in teaching a Vernacular, a modern foreign language and a classical language. with consequent main differences in method. Distinctive features and inter-relation of classical languages and Indian Vernaculars.

- B. -A classical Janguage (Arabic, Persian or Sanskrit) :-
  - (i) Standard to be aimed at in secondary schools. The so-called inherent difficulties of the classical languages. Traditional and modern methods in learning a classical language. Their merits and defects.
  - (ii) The various methods of teaching reading. Peculiar sounds of the classical languages. Pronunciation. Early difficulties and how to overcome them. Various types of reading lessons and conduct of typical reading lessons in early, middle and advanced stages. Silent and expressive reading. Recitation and an emorisation of striking pessages in prose and poetry. The use and limitation of oral practice in dealing with a classical language.
  - (iii) Aim in teaching grammar. Selection of grammatical material. Comparison with the Vernacular grammar. Incidential and systematic teaching. Inductive method and its limits. Contents of a grammar book. Typical exercises, oral and written, in grammatical usage.
  - (iv) The translation method as applied to the classical languages. Translation from the Vernacular—as an art or agent in teaching. Typical exercises in translation from the Vernacular.
  - (v) Handwriting. The various scripts. The place of dictation and transcription. Written work at various stages. Pupils' notebooks.
  - (vi) Home study in a classical language. Preparation and revision exercises. The use of a dictionary.
  - (vii) Classical language texts. Consideration of the scheme of studies obtaining in indigenous institutions. Methods of transliteration and textual preservation. Reference books. Charts and pictures. Books for a school library.
  - (viii) Correlation with the History and Geography of India or the Middle East.

### C .- A Vernacular (Urdu or Hindi or Panjabi)-

- All relevant topics as indicated under B above, with special emphasis on—
  - Special measures to expedite and ensure a good pronunciation, an understanding of the spoken language and facility in speaking the Vernacular. Topics for conversation.
  - (ii) Connection of written work with oral composition and with reading. Choice of topics. Correlation with

other subjects and with ordinary life. Letter-writing. Exercises in definitions, explanation and paraphrase.

(iii) Extensive reading at various stages. Class libraries. The teaching of the Vernacular as a basis for the teaching of literature. Suggestions for imparting an appreciation of literature.

D.—General outlines of the literary histories of the Vernacular and the classical languages.

### 5. History of Education.

(a) The History of educational movements from Greek times to the present day.

Greek education as exemplified by Plato.

Roman education with reference to Quintilian.

Comenius and his contribution to Method.

Locke's "Thoughts concerning Education".

Rousseau's "Emile".

Pestalozzi. His work.

Herbart and his contribution to Method.

Froebel and the Kindergarten System.

Present-day tendencies in Education.

(b) The rise and development of European education in India, studied in reference to the Calcutta University Commission's Report (Vol. I, omitting Chapters 6, 10 and 11; Vol. II, Chapters 16, 17 and 18).

### 6. Practical Skill in Teaching.

Each candidate must submit records of at least twelve lessons delivered during the session. This record and his College Report will be taken into consideration in estimating the practical skill of the candidate.

The candidate will be required to prepare and submit full teaching notes of four lessons taken from two at least of the following groups of subjects:—

- (a) Language and Literature.
- (b) History and Geography.
- (c) Mathematics.
- (d) Natural History and Physical Science.
- (e) Classical and Vernacular Languages.

At least one of these lessons must be delivered in the presence of the Examiner under ordinary school conditions.

The Notes should indicate (i) the age of the pupils for whom the lesson is intended; (ii) the previous knowledge which they are assumed to possess; (iii) the diagrams, maps, apparatus or other visible illustrations which it is proposed to use. In giving the lessons candidates will be expected to follow, in the main, the course described in the notes.

#### Rooks recommended

#### For 1937.

I. The Psychological Basis of Education— Ground Work of Educational Psychology, by Ross.

### II. School Management and Organisation-

School Organisation for Indian Schools, by Ryburn (Oxford University Press).

Recent Reports on Public Instruction in the Punjab.
Proceedings of Conferences.

Reprints of School Organisation (Gulab Singh).

### III. Methods of Teaching-

Macnee: Indian Secondary School Instruction (Oxford University Press).

J. Adams: Educational Movements and Methods (Harrap and Co.).

Suggestions for the consideration of Teachers, issued by the English Board of Education.

Teaching, its Nature and Varieties, by Dumville (U.T.P.).

### IV. Methods of Teaching Selected Subjects-

The scope of the course to be covered may be ascertained by consulting—

(a) The Teaching of English, by Thompon and Wyatt.(b) Suggestions for the Teaching of English in India, by

Ryburn (Oxford University Press).

(c) Principles of Language Teaching—Palmer (Harrap and Co.).

(d) The Teaching of Mathematics in Secondary Schools, by Schultz (Macmillan). (4/8).

(e) The Teaching of Mathematics in the New Education, by Kuppuswami Aiyangar (The New Education Fellowship, Mysore).

(f) The Teaching of Science in Schools, by J. Brown (U.L. Press).

Science Teaching, by Westaway (Blackie).

(g) The Principles and Practice of Geography Teaching, by Barnard (University Tutorial Press). The Teaching of History, by Jarvis (Clarendon Press).

- (h) The Introduction to the "Atlas of Economic Geography", by L. W. Lyde, M.A. (Oxford University Press).
- (i) The Teaching of Geometry and Graphic Algebra in Elementary Schools (English Board of Education).
- "Teaching of Latin and Greek"—Bennet and Bristol. (k) "The Classical Association
- Pamphlets."
- Chapters on the teach-(l) "New Teaching"—Adams. (m) "Practice of Instruction" -ing of classical lan-Adamson. guages.
- (n) "Educational Movements and Methods "-Adams.
- (c) "The Teaching of English in England"-Tomkingon.

N.B.—Methods advocated in the books (j) to (c) to be adapted to the teaching of the classical languages and Vernaculars in the Punjab.

#### V. History of Education-

- 'The Calcutta University Commission Report (Vol. I, omitting Chapters 6, 10 and 11 and Vol. II, Chapters 16, 17 and 18).
- The Doctrines of the Great Educators, by R. R. Rusk (Macmillan and Co.).

For additional reading-

The Panjab University Enquiry Committee Report.

Courses of Reading prescribed for the Intermediate Examination of 1937 and 1938.

### Science Faculty.

ENGLISH: 1937 AND 1938.

The same as for the Arts Faculty.

MATHEMATICS: 1937 AND 1938.

The same as for the Arts Faculty.

AN INDIAN VERNACULAR OR FRENCH (OPTIONAL PAPER).

For 1937 and 1938.

The same as for the Arts Faculty.

MILITARY SCIENCE (OPTIONAL).

For 1937 and 1938.

The same as for the Arts Faculty.

GERMAN (OPTIONAL PAPER).

For 1937 and 1938.

The same as for the Arts Faculty.

French and German (for candidates appearing under Regulation 15 relating to this examination).

For 1937 and 1938.

The same as for the Arts Faculty.

\*Physics.

For 1937.

Overlapping in teaching of subjects already done in the School classes should as far as possible, but consistent with efficiency, be avoided.

Algebra.—Quadratic equations involving a single variable; Arithmetical and Geometrical Progressions; Binomial Theorem (positive index and application for negative and fractional indices).

Trigonometry and Logarithms.—Sexagesimal and Circular Units; Definitions, Simpler Properties and Graphs of the Trigonometric Functions; Addition Formula; Solution of a Right-angled Triangle; Formulæ connecting the sides and angles of a triangle; Limiting values of sine, cosine and tangent for small values of the angles; Principle and use of Logarithms.

Co-ordinate Geometry.—Cartesian and Polar Co-ordinates of a Point; Equations of a Straight Line, Circle and Parabola in Rectangular Co-ordinates.

<sup>\*</sup> The Mathematical portion in Physics is required of those candidates who have not taken Mathematics as a separate subject.

Mechanics.—Accelerated Rectilinear Motion : Composition of Motions: Newton's Laws of Motion: Units and Measurement of Force: Composition and Resolution of Forces: Centrifugal Force: the Law of Gravitation; Gravity; Simple Pendulum; Work and Energy: Friction: Simple treatment of simple machines. namely. Pulleys, Inclined Plane, Lever, Weighing Machines, Wheel and Axle, Screw and Screw Jack; Simple ideas about Elasticity treated experimentally: Laws of Hydrostatic Pressure and Floatation; Simple Qualitative Experiments on Surface Tension; Barometers; Relation between Pressure and Volume in Gases; Elementary Principles of the Aeroplane and Airship.

Sound.—The Production of Sound and its Transmission through various Media; Loudness, Pitch and Quality; Experimental Determination of the Velocity of Sound in Air; Echoes; Experimental Investigation of the Fundamental Vibrations of Strings by means of the Sonometer and of Air Columns by Resonance to Tuning Forks; Nodes and Antinodes; Beats; and

the Principle of the Gramophone.

Heat.—Expansion of Solids, Liquids and Gases with rise of Temperature: Change of State: Latent Heat: Vapour Pressure: Boiling Point: the Ammonia Ice Plant: Dew-point: Regnault's and the Wet and Dry Bulb Hygrometers; Convection; Conduction: Definition of Thermal Conductivity; Radiation, its Properties and its relation to Light; Mechanical Equivalent of Heat and its Determination by Joule's Method; Elementary Principles of the Steam Engine and the Internal Combustion Engine.

Light.—Photometry; Reflection at Plane and Spherical Surfaces and the Formation of Images; Refraction at Plane Surface; Total Reflection; Minimum Deviation; Dispersion; Formation of Images by Single Thin Lenses; the Eye as an Optical Instrument ; Long and Short Sight and their Correction ; Dioptric Strength of Spectacles: the Principles of the Telescope (Reflection and Refraction): the Microscope, the Cinematograph and the Binocular (Prismatic and Ordinary): Measurement of the Velocity of Light by Fizeau's Method.

Magnetism and Electricity. - Magnetic Induction ; the Magnetic Field; Lines of Force; Deflection Magnetometer, its Endon Position; Vibration Magnetometer; Simple Ideas about the Terrestrial Magnetic Elements; Electrification by Friction and by Induction; Wimshurst's Machine; Quantity of Electricity; Distribution of Electrification on Conductors; the Electric Field: Field Strength: the Inverse Square Law of Electric Force; Potential Capacity; Atmospheric Electricity; Electric Current; the Various Cells; Description and Action of Lead Accumulators; Description of Alkaline Accumulators; the Magnetic Field due to Current; the Theory of the Tangent Galvano. meter; Measurement of Current; Electro-motive Force; Resistance. Ohm's Law; the Volt, the Ohm and the Ampere; Simple Description, Principle and Use of Moving Coil Galwanometers, Voltmeters, Ammeters and Shunts; Measurements of Resistance by Voltmeter and Ammeter: Theory and Use of Slide Wire Bridge; Comparison of E.M.F.s by a High Resistance Moving Coil Galvanometer; Arrangement of Lights and Fans in an Electric Circuit; Heating and Chemical Effects of Currents; the Principle of Thermopile; Electromagnetic Induction; Faraday's and Lenz's Laws; Induction Coil; Elementary Ideas of Alternating Currents, Transformers, Dynamos and D.C. Motors; Telegraphs and Telephones; Elementary Principles of Wireless Telegraphy; Simple Spark Transmitter and Crystal Receiver; the Action of a Diode Valve; Simple Experiments on the Conduction of Electricity through Rarefied Gases; Elementary Ideas about X-rays.

Practical.—The scope of work is indicated by the following. Calculations by use of logarithms and curve plotting wherever possible should be encouraged.

#### Quantitative Experiments.

Measurement of Length by Vernier Callipers and Screw Gauge;

Determination of the Resultant of Two Forces, Parallel and otherwise:

Quantitative Experiments with the Lever and the Inclined Plane;

Experiments with the Simple Pendulum :

Accurate Determination of Density of light Solids by the application of Archimedes' Principle;

Accurate Determination of Density of Soluble and Insoluble Substances by the Specific Gravity Bottle:

Determination of Density of Liquids by Hydrometers;

Preparation of Solutions of Definite Strengths;

Velocity of Sound by Resonance;

Verification of Boyle's Law;

Determination of Specific Heats by the Method of Mixtures; Determination of Latent Heat of Water;

Determination of Dew-point and Humidity with the Dry and Wet Bulb Hygrometer;

Verification of the Sine Law of Refraction;

Refraction through Prisms; Minimum Deviation and Total Reflection;

Determination of the Nature and Position of Images formed by Plane and Concave Mirrors and Convex Lenses by the Mcthod of Parallax;

Refractive Index of Liquids by the Concave Mirror Method; Tracing of Lines of Magnetic Force; Comparison of Magnetic Moments by Deflection;

The Slide Wire Bridge—Resistance and Specific Resistance; Determination of Resistance by Voltineter and Ammeter; Comparison of E.M.F.s by a Moving Coil Galvanometer;

Measurement of Fall of Potential along a Wire by a Voltmeter.

# Ovalitative Ermeriments

An Electric Bell to be operated by Push Buttons from two different points:

Setting up a Two-way Telephone Circuit;

Setting up a Two-way Telegraph Circuit;

Setting up a Lighting Circuit consisting of at least three Lamps with Independent Switches and two Fuses;

Charging of an Accumulator or electroplating small object;

The Ice Pail Experiments;

Building up a Telescope with two Lenses; Building up a Microscope with two Lenses.

In the practical examination, candidates must present Note-books containing the original data and a concise account of each experiment, dated by the student and initialled by the teacher in charge.

### Books suggested :-

Crowther's Manual of Physics (O.U. Press), omitting sections 128, page 244, Flicker Photometer, 220, 223, 231–233, 287, 299, 320, 356, 360, 362, 367, 368, 371, 373, 377.

G. L. Datta's Intermediate Physics (Atma Ram), omitting the following sections:-

67, 89, 90, 92, 93, 108, 253, 258, 264, 293, 299, 323, 334, 335, 353, 371, 375, 403, 415, 419, 421, 430, 431-433, 436, 437, 478, 509, 512, 526, 527, 568, 569.

Chhabra's Intermediate Physics (R. S. Jaura). Chetan Anand: Practical Physics for Junior Classes.

S. R. Suri: Text-book of Practical Physics.
"Elementary Mathematics", by S. Shiv Charan Singh.

#### For 1938.

In the practical course, the following minor modifications are made:—

### Quantitative Experiments-

Determination of Density of Liquids by Common Hydrometer, Comparison of Mag-Moments by Deflection Magnetometer. Comparison of E.M.F.s by deflections of a moving coil.

Pointer Galvanometer.

Qualitative Experiments-

The setting up of a Two-way Telephone Circuit without bell.

The rest as for 1937.

### CHEMISTRY.

#### For 1937 and 1938.

### INORGANIC CHEMISTRY.

# 1. General and Physical—

Methods for the purification of substances and separation of mixtures.

Chemical change—its characteristics and distinction from Physical change. Distinction between Chemical Compound and Mechanical Mixture. Conditions that influence chemical action. Different kinds of chemical action.

Chemical symbols and formulæ. Calculation of empirical formulæ from percentage composition and vice versa. Significance of empirical, molecular and structural formulæ. Positive and negative radicals and their valencies. Writing the

formulæ of acids, bases and salts.

The Chemical Equation and its significance. Methods of balancing equations. Calculations based on equations.

Laws of Chemical Combination; (1) Conservation of Mass, (2) Definite Proportions, (3) Multiple Proportions, (4) Equivalent Proportions and (5) Gaseous Volumes.

An elementary treatment of the atomic structure of the elements of the first two periods. Atomic Numbers—Electrons—Valency—Electrovalency—Co-valency. Periodic classification of the elements. Applications of the Periodic Law.

Statement and applications of Boyle's Law, Charles' Law, Dalton's Law of partial pressures. Gaseous Diffusion. Graham's Law and its application to the determination of molecular

weight.

Definition of Molecular Weight and the application of Avogadro's Hypothesis to the determination of Molecular Weights of volatile substances by Victor Meyer's Method.

Atomic Weights, Molecular Weights, Equivalent Weights, Valency.

Acids, Bases and Salts. General methods of their preparation, their general characters, classification and nomenclature.

Relation between molecular weight, equivalent weight, basicity and acidity. Determination of equivalent weights of acids and bases. Influence of Concentration, Temperature and Pressure on chemical reactions in general without mathematical treatment. Gaseous Dissociation. (Calculation of the degree of dissociation of a gas from its density to be excluded.) Catalysis and its application in the manufacture of ammonia and sulphuric acid.

pplication in the manufacture of ammonia and sulphuric acid.

Electrolytes and non-Electrolytes, Electrolysis, the laws of

Electrolysis. Important applications of electrolysis.

Ionic Theory. Explanation of electrolysis, strengths of acids and bases, neutralisation. Hydrolysis in terms of the Ionic Theory.

#### 2. Non-Metals-

(a) Occurrence, preparations, properties and important uses of the following:—Hydrogen, Oxygen, Ozone, Fluorine, Chlorine, Iodine, Sulphur, Nitrogen, Phosphorus and Carbon.

(b) The industrial preparation of (1) Oxygen and Nitrogen by the liquefaction of air process, (2) Hydrogen and Chlorine by the electrolytic process, (3) Phosphorus by the electro-thermal process and (4) Bromine and Iodine.

(e) Preparation, important properties and simple tests of the following compounds together with the composition and formulæ of those printed in Italics:—

Water.—hydrogen fluoride, ehloride, bromide and iodide,
Hydrogen peroxide,—Hydrogen sulphide,—sulphur dioxide,—sulphur trioxide,—nitrous and nitric oxides,—nitrous
anhydride and nitrous acid,—nitrogen peroxide—phosphine—phosphorous triohloride—pentachloride, pentoxide
—phosphoric acids—carbon monoxide,—carbon dioxide
(......Important methods of manufacture of
bleaching powder and sodium hypochloride, potassium
chlorate, sulphuric acid, sodium thiosulphate, ammonia,
nitric acid, carbon dioxide, carbon di

### (d) Elementary study of the following:—

Oxidation and reduction. Important Oxidizing and reducing agents, Bleaching, Coal Gas with a brief reference to the Oil Gas used in the laboratories.

#### 3. Metals-

(a) Occurrence, properties, analytical reactions and important uses of the following metals, together with the important methods of extraction of those mitalies:—

Sodium, potassium, copper, silver, calcium, magnesium, zinc, mercury, aluminium, tin, lead, arsenic, antimony, bismuth and iron.

- (b) Characteristic properties and important uses of the important alloys of the following metals:—
  - Copper, magnesium, zinc, aluminium, tin, lead, antimony, bismuth, iron (alloy steels).
- (c) Study of the following metallic compounds including their methods of preparation and important uses together with the important methods of manufacture of those in italies:—
  - Sodium hydroxide, peroxide, carbonate, bicarbonate, chloride, sulphate, thiosulphate, nitrate, nitrite, cyanide and phos-Potassium chloride, chlorate, bromide, iodide, carbonate and nitrate. Ammonium sulphate, chloride and carbonate. Cupric oxide, cupric sulphate, cupric chloride, cuprous chloride, silver nitrate, silver halides, calcium oxide and hydroxide. Plaster of Paris, calcium carbonate, carbide, chloride and superphosphate. Magnesium oxide, carbonate, chloride and sulphate. Zinc oxide, chloride and sulphate. Mercurous chloride. Mercuric oxide and chloride. Aluminium oxide, chloride and sulphate. Potash Stannous chloride. Stannic chloride. nitrate and chromate, white lead, red lead and lead peroxide. Arsine. Arsenious oxide. Stibine, antimony trichloride, tartar emetic. Bismuth nitrate and bismuth subnitrate. Chromealum, potassium chromate and dichromate, manganese dioxide, potassium permanganate. Ferrous sulphate, ferric chloride, potassium ferrocyanide, potassium ferricyanide.
  - (d) Elementary study of the following processes:— Photography, electroplating, silvering of mirrors and tinning.

#### ORGANIC CHEMISTRY.

- I. Definition of organic chemistry: characteristics of organic compounds: theory of vital force—synthesis of urea by Wohler. Classification of organic compounds into two divisions (aliphatic and aromatic). Crystallisation, sublimation, distillation—steam distillation, vacuum distillation, suctional distillation. Extraction of organic substances by solvents (immiscible). Extraction by Soxhlet. Determination of M.P. and B.P. Criteria of purity of organic compounds . . . (6 lectures).
- II. Elementary analysis—qualitative and quantitative (Nitrogen by Durnas and Kjeldahl, Sulphur and Halogen by Carius). Calculation of empirical formula. Calculation of M.W. by vapour density. Calculation of M.W. by analysis of metallic salts (e.g., Ag, and Pt.), M.W. by titration . (7 lectures).

(M.W. by cryoscopic or ebullioscopic methods are omitted; the discussion of the details of vapour density method forms a part of the Inorganic syllabus.)

#### III. The paraffins:

- (a) General methods of preparation.
- (b) General chemical characters.
- (c) The laboratory method of preparation of methane, ethane, propane and butane.
- (d) The chemical properties of methane, ethane, propane and butane.

Isomerism of butane .. .. (3 lectures).

### IV. Unsaturated hydrocarbons:

- (a) General methods of preparation and properties.
- (b) Laboratory method of preparation of ethylene and acetylene. Demonstration of their chemical reactions . . . . (2 lectures).
- V. Natural sources of the paraffins—petroleum industry—the uses of different fractions of petroleum—flash point determination—its significance . . . (1 lecture).
- VI. Methyl and ethyl alcohol—properties, constitution and synthesis. Technical preparation: By-products in the manufacture: Methylated spirit. Synthesis of propyl alcohol—normal and seo. Distinction between primary, secondary and tertiary alcohols in their chemical behaviour . . (4 lectures).
- VII. Alkyl halides: preparation and properties of (a) methyl chloride, methylene chloride, chloroform, carbon tetrachloride, methyl iodide, ethyl iodide, iodoform, ethyl bromide, ethyl chloride, ethylidine chloride, dichloro-ethane.

Reactivity of aliphatic halogen compounds .... (2 $\frac{1}{2}$  lectures).

VIII. Ethers: general methods of preparation and properties: (Special reference only to ethyl ether—its manufacture, uses, chemical properties and constitution). . (1½ lectures).

### IX. Aldehydes and Ketones:

- (a) General methods of preparation and chemical reactions.
- (b) Tests.
   (c) Additive reactions.
- (d) Oxidation and reduction.

X. Acids: General methods of preparation and properties. A detailed study of (1) formic, (2) acetic (industrial preparation also), acetyl chloride, acetic anhydride, acetamide, ethyl acetate and amino-acetic acid, chloracetic acid, (3) carbonic—urea—(4) oxalic, (5) lactic, (6) tartaric. Brief mention is to be made of the principles underlying optical isomerism but not of principles of resolution, etc., (7) citric. Soaps—their manufacture (7 lectures).

XI. Glycol and glycerine (preparation, manufacture and synthesis) . . . . . . . . (2 lectures).

XII. Carbohydrates: glucoso, fructose and sucrose.

- (a) occurrence, (b) isolation, (c) properties but not configuration and structure of the molecules. Sugar industry ... (3 lectures).
- XIII. Alkyl cyanides—methyl cyanide, ethyl cyanide, preparation and hydrolysis to corresponding acids and amides . . . . (1 lecture).
- XIV. Nitromethane, nitro-ethane—their preparation and properties. Methyl amine, ethyl amine—their preparations and properties. Differences in chemical properties of primary, secondary and tertiary amines . . . (2 lectures).

#### AROMATIC.

I. Destructive distillation of coal: isolation of benzene,

toluene and phenol.

Properties of aromatic hydrocarbons, their distinctive features, e.g., sulphonation, nitration and Friedel and Crafts' reaction, the ring structure of benzene but not the theories . . . . . . . . . . . . (4 lectures).

Orientation—methods for the determination of orientation— Korner's absolute method illustrated by hypothetical cases . . . . . . . (2 lectures).

- II. Nitro compounds—general methods of nitration. Preparation of nitro-benzene (laboratory and industrial) and mitanitro-benzene (1 lecture).

  III. Laboratory preparation of aniline. Its properties—the
- characteristic of the aromatic amino derivatives and benzyl amine, acetanilide. Diazo transformation of aniline, Sandmeyer's reaction (3 lectures).

Mono and dimethyl aniline—distinction between primary, secondary and tertiary amines .. (1 lecture).

IV. Phenol: General methods of preparation and properties of. Detailed study of phenol. Kolbe's reaction... (I lecture).

- V. Preparation and properties of:
  - (a) Benzaldehyde; (b) acetophenone .. (1 lecture).

VI. Preparation and properties of benzoic and phthalic acid, benzoyl chloride, benzamide, ethyl benzoate ... (2 lectures).

VII. Preparation and properties of salicylic acid and acetyl salicylic acid ... (1 lecture).

VIII. Preparation and properties of:

(a) Chlorobenzene, bromobenzene, iodobenzene.

(b) Benzyle chloride, benzal chloride, benzo trichloride.

Difference between aliphatic and aromatic halogen compounds .. .. (2 lectures).

IX. Preparation and properties of benzene sulphonic acid. Transformation of benzene sulphonic acid into (a) benzene, (b) phenol, (c) benzeic scid ... (1 lecture).

### PRACTICAL CHEMISTRY.

### Part I. Preparations and Simple Estimations.

- Study of burners.
- Fitting up of wash bottle.
- Fitting up of apparatus for and the preparation and properties of the following gases:—

Hydrogen, Oxygen, Chlorine, Hydrogen Chloride, Hydrogen Sulphide, Sulphur Dioxide, Nitrous Oxide, Nitrie Oxide, Carbon Dioxide and Ammonia.

- 4. Preparation and properties of Nitric acid.
- The determination of equivalent weights of Magnesium and Copper by the oxide method and percentage compositions of simple mixtures.
- Purification of solids by crystallisation and determination of the melting-points and boiling-points.

### Part II. Qualitative Analysis.

Detection and confirmation of the simple salts of the following radicles both by dry and wet analysis:—

Lead, Mercury, Silver, Copper, Bismuth, Cadmium, Arsenic, Antimony, Tin, Iron, Aluminium, Chromium, Nickel, Cobalt, Zine, Manganese, Calcium, Barium, Strontium, Magnesium, Sodium, Potassium and Ammonium.

Sulphide, Sulphite, Sulphate, Nitrite, Thiosulphate, Carbonate, Bicarbonate, Nitrate, Acetate, Chloride, Bromide, Iodide, Oxalate, Phosphate and Borate.

With the exception of salts of Group I, the analysis of salts insoluble in water and hydrochloric acid and of those salts which require the elimination of certain acid radicles in Group III is excluded.

### Part III. Volumetric Analysis.

Simple Volumetric exercises dealing with acidimetry and alkalimetry (excluding the estimation of ammonia and that of a metal by the precipitation method). Fermanganate titrations against oxalic acid and ferrous salts. Silver nitrate titrations against choirdes in neutral solutions. Increasing emphasis should be laid on the candidate understanding the method of calculation. The normality method of calculation alone should be encouraged.

No book is recommended or prescribed.

### BOTANY AND ZOOLOGY.

For 1937.

Botany-

- A General Outline of the Study of the Living Plant.
- A. A knowledge of the external morphology of its various parts.
  - (i) The root and its modification.—Tap and adventitious roots, tuberous, climbing, aerial and parasitic roots.
  - (ii) The stem and its modifications.—Erect and weak stems runner, sucker, rhizome, corm, bulb, stem-tuber, stem-tendril, stem-spine and phylloclades.
  - (iii) The leaf and its modifications.—(a) Descriptive terms in connection with phyllotaxis, insertion, stipules and their modifications, outline of lamina, margin, apex, incision, venation, texture, and surface of simple and compound leaves; (b) Leaf-tendrils, leaf-spines and phyllodes; (c) Types of compound leaves:—Pinnate of various degrees, palmate.
  - (iv) Flower.—(a) Its chief parts with special reference to Ranunculus, Brassica, Althaea, Lathyrus, Pear, Petunia and Asphodel.
    - (b) Pollination:—Self-pollination and main contrivances for cross-pollination by birds, insects and wind; advantage of cross-pollination.
  - (v) Types of Inforescence.—Typical raceme, spike (including spadix and catkin), umbel, capitulum, uniparous, biparous and multiparous cymes. Compound and mixed inforescences: compound raceme, compound spike, compound umbel, paniele.

- (vi) Fruits.—Achenial fruits (achene, cypsella, caryopsis, samara, nut).
  - Capsular fruits (capsule, follicle, legume, siliqua, silicula).
  - Schizocarpic fruits (Castor oil plant, Coriander, Hollyhock, Acer).
  - Succelent fruits (drupes, berries and pomes).
  - Aggregate fruits: Etaerios of achenes, follicles and drupes.

    Composite fruits: Fig and mulberry.
- (vii) Seed.—(i) Its various parts with special reference to pea or gram or bean, castor oil, maize.
  - (ii) Germination of seeds,—as illustrated by pea
    - and castor-oil seeds.

      (iii) Seed dispersal:—(a) By wind: wings or hairs on seeds, wings or hairs on fruits.
      - Consor mechanism.

        (b) By water: Spongy tissue in the
        - thalamus, fruit coat or seed coat.

          (c) By animals: Fleshy fruits with conspicuous colour, sticky fruits, hooked fruits.

### B: A knowledge of the internal structure.

- (i) The cell and its contents (tests for starch, proteids and cellulose).
- (ii) Tissues (merismatic tissue, thin and thick-walled parenchyma, collenchyma, sclerenchyma, tracheal tissue and sieve tubes).
- (iii) Section of young and old stem (sunflower and Maize),

  \*root (Ranunculus, Maize or onion), leaf (chenopodium
  and hanvan).
- · (iv) Section of anther (Amaryllis).
  - Section of ovary (Asphodel or onion).

### II. A knowledge of functions carried on by the plant.

- (i) Root and Root-hairs, absorption of mineral matter, osmosis, plasmolysis. (Bean seedlings to be grown in outbure solutions; entry of water into animal bladder tied to the end of a thistic funnel containing sugar solution; Spirogray in strong salt solution;
- (ii) Movement of water and transpiration (twigs in easin solution, to be allt open later to show the path of ascent; potted plant to be covered by bell jar to show water vapour given out by the plant; simple potometer for measurement of rate of absorption).
- (iii) Carbon-assimilation (evolution of oxygen from submerged plants; starch printing for effect of light; variegated

- leaf for effect of chlorophyll; Moll's experiment for effect of Co<sub>2</sub>).
- (iv) Respiration (germinating seeds or flower heads in a closed chamber and testing for Co<sub>2</sub> with KOH).
- (v) Special methods of nutrition as depicted by Cuscuta (parasite), Mucor (saprophyte) and Drosera or Pitcher Plant (insectivorous).
- (vi) Movements—Geotropism (whole plant kept horizontal in uniform light or cut shoots of Ohenopodium stuck in moist sand in a box; use of the Klinostat); Phototropism (young plant in a window and seedlings in a dark box; use of the Klinostat); and hydrotropism (simple experiment with root).

# III. Classification of plants.

Thallophyta—Algæ:—Spirogyra and Ulothrix.

Fungi : $\dot{-}Mucor$ .

Bryophytes—Marchantia and Funaria (only main facts regarding external characters, reproduction and life-history).

Pteridophyta—Aspidium or any other common fem and Selaginella (only main facts regarding external characters, reproduction and life-history).

Gymnosperms—Pinus. External features, internal structure of stem, leaf and root, see, growth, dealt with in an elementary manner, reproduction and life-history in its main the statuses. (Development of the various parts to be omitted.)

Angiosperms—A knowledge of the following families with

special reference to the types mentioned :-

Graminece—Oat.

Liliaceæ—Asphodel.

Ranunculaces - Ranunculus.

Cruciferæ—Brassica.

Leguminosæ-Lathyrus, Cassia and Albizzia.

Rutaceæ—Citrus, Murraya. Euphorbiaceæ—Euphorbia, Ricinus.

Malvaceæ-Malva, Gossypium or Hibiscus.

Solanaceæ-Solanum, Petunia.

Compositæ-Sonchus, Sunflower.

Ecology.—Chief external features of desert plants and water plants illustrated with examples from local flora. Chief features of the climate of the Central Punjab and its seasons and their effect on vegetation.

### Zoology-

Living and non-living matter. The distinctive properties of living matter or protoplasm and the chemical substances entering into its composition.

The frog as a type of higher animals. The elements of vertebrate histology illustrated from the frog. The outlines of the larval history of frog.

Amaba, Paramacium and Malarial parasites, as types of

Protozoa.

Obelia as an example of the Metazoa. The principle of the physiological division of labour and the correlated differentiation of structure.

Pheretima (excepting a detailed knowledge of the excretory and blood vascular systems) as an example of segmented animals. The significance of the three primary germ-layers and of the colom.

The Cockroach as a type of Arthropoda. Metamorphosis among insects as illustrated by the life-history of the common mosquito.

The general characters of Chordata. The Rabbit as a type of Mammalia.

Sexual reproduction. Ova and spermatozoa. The elementary facts of fertilisation and segmentation of the ovum in frog. The formation of the three germinal layers and their subsequent history.

A general survey, with special reference to Ecology of the annual groups omitting Porifera, Molluscoidea, Echinodermata and lower Chordates.

Elementary facts of Physiology.

An elementary knowledge of Organic Evolution, Variation, Heredity, Natural Selection.

#### Practical Examination.

In Zoology each candidate will be required to examine microscopically, to dissect and to describe the animals named in the foregoing syllabus.

In the case of specimens belonging to Phyla for which one or more types are prescribed in the syllabus, candidates will be required to refer them to their phyla and classes, in other cases to Phyla only.

Candidates will be required to submit the original Notebooks, initialled and dated by their Professors, of their laboratory work (drawings, etc.), at a date previous to the examination (which will be fixed subsequently) in order that these may be taken into account in determining the results of the examination.

The following books are suggested:-

Parker and Bhatia: Text-book of Zoology (Macmillan).
Borradaille: Elementary Zoology for Medical Students
(Oxf. Univ. Press, 1930).

Wells and Davis: Text-book of Zoology (Univ. Tutorial Press)—(Sevonth Edition, 1929).

T. J. Moon: Biology for Beginners (George Harrap and Co.).

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be precluded from setting questions upon portions of the subject of similar character and standard to those indicated.

## For 1938.

# Botany-

Substitute Lahiatee—Ocimum, Salvia for "Euphorbiacee— Euphorbia, Ricinus" under "III. Classification of plants".

The rest the same as for 1937.

# Zoology-

Revised Syllabus :-

The distinctive properties of protoplasm. Differences between living and non-living matter. The Cell.

Elements of histology as illustrated by the Frog and Rabbit.

Frog and Rabbit as examples of Chordata. Amæba, Paramæcium and Malarial parasito.

Obelia. Physiological and morphological differentiation in the Metazoa.

Pheretima (excopting a detailed knowledge of the excretory and blood vascular systems). The three primary germ-layers. Metameric segmentation. Cellom.

The Cockroach. Metamorphosis among insects as illustrated

by the Silk-worm and Mosquito.

Sexual reproduction. Ova and spermatozoa. The elementary facts of fertilisation of the evum, segmentation of the egg, formation and fate of the three germinal layers in frog.

The outlines of the larval history of frog.

General survey, with special reforence to Ecology, of Protozoa, Colenterate, Platyhelminthes, Nematoda, Annolida, Arthropoda, Mollusca and Vertebrata.

Elementary facts of Physiology.

An elementary knowledge of Organic Evolution, Variation, Heredity and Natural Selection.

The rest the same as for 1937.

#### PHYSIOLOGY.

For 1937 and 1938.

## Paper (a) Animal Anatomy.

Amaba and Malarial parasite as examples of Protozoa.

Obelia as an example of the Metazoa.

Pheretima as representative of segmented animals.

Detailed knowledge of the anatomy of the Frog and of the anatomy of the Rabbit.

Development of the Frog and Rabbit treated in an elementary manner.

Elementary facts of Heredity, Variation and Evolution.

The animal cell and tissues (including blood) treated in an elementary manner. The minute structure of the organs concerned in nutrition. Elementary knowledge of the apparatus of circulation. The apparatus of breathing. The structure of Kidney and Skin. Nervous system and sense organs dealt with in an elementary manner.

# Paper (b) Physiology.

The functions of the organs concerned in Nutrition. Circulation of blood. Leading facts connected with the Physiology of Respiration. Functions of the Kidney and Skin. Elementary facts connected with food and its digestion. Nutrition and the balance of income and expenditure of the body. Functions of the nervous system and of the sense organs dealt with in an elementary manner. The basal facts of reproduction and lactation.

### Practical Examination.

# (a) Animal Anatomy.

Candidates will be required to show a knowledge of the human skeleton, to dissect and to examine microscopically the animals named in the foregoing syllabus, to prepare simple tissues for microscopic examination, and to identify prepared slides of tissues and organs of the body.

# (b) Physiology.

Chemical Physiology: (1) Simple qualitative tests for different kinds of food materials, e.g., Carbohydrates, Proteins, Fats and Oils; and the effect of Physlin and Pepsin respectively on the first two. The process of emulsification. Simple tests for Bile salts and Bile pigments.

Examination of Urine and chemical tests for the more important constituents of Urine.

Chemical test for Hæmoglobin.

Experimental Physiology: Nerve muscle preparation and the effect of electrical, thermal, mechanical and chemical stimulation.

Inhibition of Heart beat by stimulation of vagus in a frog. Schema of circulation of blood by means of a pump and rubber and glass tubing. Circulation of blood in frog's webb, demonstration of blood pressure by a simple Manometer, and tracing of pulse by a Sphygmograph.

Measurement of vital capacity by tape.

Various reflexes in a pithed frog.

Threshold for two points for Tactile discrimination.

Demonstration of hot and cold spots.

Comparison of sensitiveness to bitter substances of the tip and of the back of the tongue.

The following books are suggested :-

McGregor Robertson's Text-book of Physiology (Blackie).

Hill's Manual of Human Physiology (Arnold). Thornton's Physiology (Longmans' Advanced Science

Manuals).
Huxley's Lessons in Elementary Physiology (Macmillan).

G. Norman Meachen's A First Course in Human Physiology.

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be precluded from setting questions upon portions of the subject of similar character and standard to those indicated.

#### GEOLOGY.

# For 1937 and 1938.

Rock weathering by the atmosphere, the influence of running water, lakes, springs, ice, sea, plants and animals in geological changes and how they are recorded.

Igneous action: Volcances, their distribution, character of eruptions, volcanic products, volcanic vents, dykes, necks, fissure eruptions, different kinds of volcanic cones, field characteristics of lava, flows, fuma roles, causes of volcanic eruptions, boss, laccolite, sills.

Earthquakes: Their causes and geological effects, proofs of secular upheaval and subsidence.

The rocks of the earth's crust-igneous, sedimentary and metamorphic; their general characters; texture, structure and mineral composition of the principal types of these rocks. Contact and dynamic metamorphism. Proofs of former shores, land surfaces, concretions, unconformity, overlay.

Consolidation of sediments, disturbance of their original horizontality, dip, strike, outcrop, folds, faults—normal reversed, over-thrust—hade, throw and heave of a fault; joints, mineral veins.

Elementary knowledge of the hard parts of foraminifera, radiolaria, sponges, graptolites, corals, echinoids, crinoids, polyzoa, brachiopods, lamellibranchs, gastropods, nautiloids, ammonites, belemnites and trilobites.

Fossils: Conditions for the preservation of organic remains as fossils, fossilisation, chief value of fossils in geology; order of succession of the stratified formations of the earth's crust; general characteristics of the fauna and flora of the Palaeozoic, nesozoic, cainozoic and quaternary eras and an elementary knowledge of the development of these eras in India.

Crystal, crystal axes, planes, and axes of symmetry, classification of crystals into six systems, sube, octahedron, rhombic, dodecahedron, pentagonal dodecahedron, scalenchedron, rhombohedron, pyramid, prism, pinacoid, dome. Twinning axis and winning plane. Physical properties of minerals—cleavage, fracture, hardness, colour, lustre, streak, specific gravity; double refraction and polarisation, isotropic and anisotropic minerals, pleochroism, polarisation colors, extinction. Physical properties and chemical composition of the following minerals:—

Quartz and its varieties, Felspar, Mica, Amphibole, Pyroxene, Garnet, the Zeolites, Chlorite, Olivine, Ziroon, Beryl, Epidote, Tourmaline, Kyanite, Serpentino, Tale, Kaolin.

Diamond, Graphite, Sulphur, Gold, Silver, Iron, Copper, Platinum, Galena, Zinc Blende, Cinnabar, Stibnite, Chalcopyrite, Pyrite, Orpinent, Argentite, Corundum, Haematite, Limonite, Cassiterite, Rutile, Spinal, Chromite, Magnetite, Bauxite, Calotte, Dolomite, Magnesite Siderite, Araganite, Malachite, Borax, Apatite, Halite, Fluorite, Barytes, Gypsum,

Practical.—Determination of the hardness of minerals: determination of Specific Gravity of minerals and rocks by Walker's and Jolly's balances. Description and identification of minerals mentioned in the syllabus.

Determination of optical properties in thin sections of the principal rock forming minerals (Quartz, Felspars, Muscovite, Biotitie, Hornblende, Angite, Olivine, Garnet, Tourmaline, Calcite); Megascopic descriptions of the principal types of igneous, sedimentary and metamorphic rocks; Microscopic examination in thin sections of the simpler types of these rocks; illustrative of structure and mineralogical composition; Field tests for determination of the Composition of the easy minerals. Determination of sub-kingdom and class of typical fossils. Interpretation of simple geological maps and sections.

Candidates must present Note-books containing their original notes of laboratory and field work performed in the course of their studies. These notes are to be dated by the student and initialled by the teachers. The following books are suggested:- .

Rutley .. Elements of Mineralogy (Murby).
Smith .. Minerals and the Microscope (Murby).

A. Geikie ... Class Book of Geology.

Marr.. . . . Geology (Cambridge University Press).

For reference-Wadia: Geology of India (Macmillan).

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be preduded from setting questions upon portions of the subject of similar character and standard to those indicated.

### AGRICULTURE.

### For 1937 and 1938.

The following syllabus and courses of reading are prescribed:—

#### Botanu.

Macroscopic and microscopic structure of roots, stems and leaves.

Functions and modifications of roots, stems and leaves.

The structure of a typical flower and the modifications of the type.

The inflorescence and its chief types.

The structure and the development of the seed.

The principal types of fruits.

The dispersal of seeds and fruits.

Spirogyra, Ulthorix, Pythium, Ustilago, Puccinia and Fern. The classification of the flowering plants and study of the

The classification of the flowering plants and study of the characters of the following families of which types for illustration are to be taken as far as possible from field and garden crops and weeds.

Graminaceæ, Ranunculaceæ, Cruciferæ, Caryophyllaceæ, Malvaceæ, Leguminosæ, Cucurbitaceæ, Solanaceæ, Compositæ.

The following types to be used in the study of the families and special attention to be paid to these types:—

Graminaceæ.—Wheat, Oat. Ranunculaceæ.—Ranunculus.

Crucifera.—Brassica.

Palmaceæ.—Date-palm.

Caryophyllacee.—Silene.

Malvaceæ.—Gossypium.

1042 APPENDIX.

Leguminosæ.—Lathyrus.

Cucurbitacex.-Cucurbita.

Solanacez.-Solanum. Compositæ.—Sunflower.

Books as for Intermediate Botany.

## Practical Examination .--

In the practical examination in Botany candidates will be required to examine microscopically, to dissect and describe specimens of plants included in the above syllabus.

## Zoology.

Distinctive properties of living matter or protoplasm.

Structure and life-history of Amaba, Trypanosoma and the Malarial parasite.

General account and the systematic position of the Arthropoda.

The Cockroach as type of the Insecta. Distinguishing features of the principal groups of Insects.

Life-history, habits, nature of damage and control of the common insect pests in the Punjab. Insecticides, their preparation and application.

The Rabbit as type of the Mammalia. Elements of verte-

brate histology and physiology. General Survey of the Ungulata.

Sexual reproduction. Elementary facts of fertilisation, segmentation and formation of tissues.

Practical Examination.

Microscopical examination of Amaba, Trypanosoma and the Malarial parasite.

Dissection of cockroach.

Examination of stages in the life-history of butterfly.

Examination of the more common insect pests in the Punjab. Preparation and use of insecticides.

Dissection of rabbit, and of heart and eye of sheep.

Examination of the skeleton of rabbit, and of the appendicular skeletons of horse, ox and sheep.

The following book is recommended:--

Wells and Davis: Text-book of Zoology (University Tutorial Press).

## Elementary Agriculture.

## I. Introductory.

(a) Brief history of the Agricultural Development.

- (b) General description of Agriculture of the Province, relationship to other industries.
- II. Soils.—Brief study of the formation of Punjab soils, Classification, Physical and Chemical properties; Productivity, how modified by Agricultural operations.

#### III. Soil Moisture.

- (a) Forms in which moisture is held, movement and distribution, effect of agricultural operations; waterretaining capacity of different soils.
- (b) Disposal of rain water, surface and sub-soil drainage, evaporation, transpiration and how to check or minimise the losses from above, dry farming and grop-producing power of rainfall.
- (c) Irrigation water-cost of dry matter and how to lower the same effect of increased irrigation upon various parts of plants, best time of irrigation, general principles renderlying irrigation of crops including fruits; flooding and furrow irrigation, their suitability under different conditions; Persian wheels versus pumps and relative cost of each, general information about the canal system including measurement and cost of water.
- (d) Over-irrigation and its effects: water-logging, formation of alkalies, methods of control and eradication, alkali resistant crops.

IV. Plant food materials in soils: total and available, how made available by agricultural operations.

V. Manures: Objects of manuring, natural and artificial manures, general composition, methods of application, their efforts upon soil, use of artificial fertilisers in India; farm yard manure, modern system of collection, storage in pits, prevention of loss of valuable ingredients, factors determining the value of manure, nitrification and decay; green manuring.

VI. (a) Farm crops.—General information about important crops, method II of cultivation, soil, climate and water require-

ment of each.

- (b) Important fruits and vegetables, suitable climates and soils, preparation of seed bed, manuring, planting, after cultivation, irrigation, different methods of propagation, pruning, spraying, harvesting and packing of fruits, fields and returns.
- VII. Rotation of crops, why essential. Rotations found best in the Punjab.
  - VIII. Improvement of crops by seed selection.
  - IX. Marketing facilities in the Punjab.

### Practical Work.

 The use and mechanics of farm implements; such as furrow turning ploughs, drills, harrows, cultivators, etc.

Every student will grow important vegetables. In addition to this there would be a crop demonstration area where important crops and vegetables would be growing and the students would note every operation performed there.

 Identification of different types of soils, determination of their moisture capacities, simple experiments to illustrate the

effect of mulch in preventing evaporation.

 Practice in seed selection in the field in case of important crops, vegetables and fruits.

5. Tours to important agricultural stations in the Province.

# Books recommended :-

- Text-book of Punjab Agriculture, by Roberts and Faulkner (Civil and Military Gazette Press).
- Soil Management—King (Orange Judd Company).
- Principles of Agriculture—L. H. Bailey (Macmillan).
   Principles of Irrigation Practice—J. A. Widstoe (Macmillan).

# Courses of Reading for the B.Sc. Examination of 1937 and 1938.

# Science Faculty

\*ENGLISH.

For 1937.

A Tale of Two Cities, by Dickens (Collins). Re. 0-13-9.

A Selection of Modern English Essays, by V. Trevos Booth (Uttar Chand Kapur and Sons). Re. 1-12-0.

Six Short Biographies, by R. C. and N. Goffin (Oxford University Press). Re. 1-12-0.

One Act Plays of To-day, Fourth Series, selected by Marriott (Harraps). Re. 1-12-0.

Modern Short Stories, by Guy N. Pocock (J. M. Dent). Re. 1.

<sup>\*</sup> A candidate has the option of taking up either these courses of reading or all the courses prescribed for the B.A. Examination.

#### For 1938.

The same as for the B.A. (Pass) prose only.

### Honours Papers.

The same as for the B.A. Examination.

### PHYSICS.

### For 1937.

An elementary knowledge of the Calculus is necessary.

Mechanica and Properties of Matter.—Modern Concepts about Matter and Energy; Dissipation and Availability of Energy; Units and Dimensions; the Balance; Motion in a Circle; Simple Harmonic Motion; Simple and Conical Pendulum; Kinetic Energy and Work; Moments of Inertia; Kinetic Energy of a Rotating Body; Rolling Friction; Torsional Vibrations; the Compound Pendulum; Determination and Properties of the Constant of Gravitation; Young's Modulus; Bulk Modulus; Modulus of Rigidity; Surface Tension; Viscosity of Liquids and Gases; Elomentary treatment of Phenomena of Diffusion and Osmosis; Osmotic Pressure; Barograph.

Sound.—Nature of Wave Motion; Longitudinal and Transverse Vibrations; Stationary Waves; Combinations of Vibrations at Right Angles to each other; Distribution of Velocity and Pressure in Sound Waves; Calculation of Velocity of Waves in Gases and on Stretched Strings; Effect of Temperature on the Velocity; Reflection and Refraction of Sound Waves; Doppler Effect; Forced and Free Vibrations; Resonance; Harmonics of Strings and Air Columns; Quality of Sound; Analysis of Compound Notes; Ratios of the Frequencies of the Important Musical Intervals; Musical Scales; Temperament; Interference of Sound; Beats; Explanation of Consonance and Dissonance; Combinational Tones; Determination of the Frequency of a Tuning Fork; Kundt's Tubo.

Heat.—Measurement of High and Low Temperatures; Thermographs; Expansions of Crystals; Gas Thermometry; Specific Heat of Water; Specific Heat of Gases; Calorific Values of Fuels; Ice and Steam Calorimeters; Connection between Pressure and Melting and Boiling Points; Liquefaction of Gases; Conduction; Radiation including Prevorse Theory of Exchanges and Stefaris Law; Kimetic Theory of Matter giving Simple Conceptions of the Solid, Liquid and Gaseous States; Explanations of Change of State; Latent Heat, Vapour Pressure, etc.; Derivation of Gaseous Laws and Van der Waal's Equation; Critical State; Prorus Plug Experiment; the Mechanical Equivalent of

Heat and its Determinations; Isothermals and Adiabatics; Relation between the Specific Heats of Gases; Carnot's Cycle; Second Law of Thermodynamics; Heat Engines; Absolute Scale of Temperature.

Light.—Refraction from Spherical Surfaces and through a Lens; Combination of two thin Lenses in Contact and at a Finite Distance Apart; Spherical and Chromatic Aberrations; Achromatic Combination of Lenses; Direct Vision Spectroscope; Telescopes and Microscopes, their Magnifying Power and Simple Ideas about their Resolving Power; Eyepieces, Ramsden's and Kellener's; Periscope; Elementary Theory of the Rainbow; Measurement of Refractive Index; Spectrum Analysis; Absorption and Emission Spectra; Velocity of Light; the War Theory of Light; Simple Cases and Simple Applications of Interference; the Colours of Thin Plates; Diffraction at a Straight Edge, Slit and Wire; Diffraction Grating; Plane Polarisation; Double Refraction; Circular and Elliptical Polarisation; Polarimetry.

Magnetism and Electricity.-Laws of Magnetism: Terrestrial Magnetism: Magnetic Force and Potential: Dia-, Para- and Ferro-Magnetism: Magnetic Flux: the Magnetic Circuit: Intensity of Magnetisation; Permeability and Susceptibility; Hysteresis; Magnetic Shells; Theories of Magnetism; Laws of Electrostatics; Gauss's Theorem and its Simple Applications; Electric Intensity; Capacity and Energy of Charge of Condensers; Simple Theory of Electrostatic Potential; Electrometers; Specific Inductive Capacity; Electrostatic Units; Atmospheric Electricity; Theory of the Voltaic Cell ; Magnetic Field due to Current Circuits : Ohm's Law and its Applications: Electromagnetic and Practical Units: Electro-dynamics : Measuring Instruments : Electrical Measurements: Chemical Effects of Currents: Thermo-electricity: Electric Energy, its Distribution and Measurement; Self and Mutual Induction; Alternating Currents (single, two or three phases); Choke Coil; Rotating Magnetic Fields; Direct and Alternating Currents; Dynamos and Motors; Transformers; Relationship between Electromagnetic and Electro-static Units; Production and Properties of Electromagnetic Waves; Triode (Thermionic) Valves as Detectors, Amplifiers and Generators of Electric Oscillations; Simple Wireless Circuits; the Electromagnetic Theory of Light; Simple Ideas about Zeeman effect; Conduction of Electricity through Gases; Cathode Rays; Positive Rays; Simple facts about Photo-electricity and Photo-electric Cells: X-rays, their Nature and Properties; Characteristic X-rays; Radio-activity; Structure of the Atom.

Practical.—Spherometer; Measurement of Curvature and Thickness; Calibration of a Capillary Tube; Determination of Specific Gravities of Solids and Liquids with utmost possible Accuracy; Determination of "g" by the Reversible Pendulum; Determination of Young's Modulus and of Modulus of Rigidity; Measurement of Surface Tension; Frequency of a Tuning Fork by Sonometer.

The use of the Constant Volume and Constant Pressure Air Thermometers.

Determination of Specific Heat of Liquids and Latent Heat of Steam by the method of Mixtures.

The Verification of Newton's Law of Cooling.

Determination of the Coefficient of Linear Expansion of a Rod.

Determination of the Coefficient of Dilatation of a Liquid by the Specific Gravity Bottle.

Measurement of Focal Lengths of Concave and Convex Mirrors and Lenses.

Measurement of Angles with the Sextant.

Measurement of the Magnifying Power of a Telescope.

The Spectrometer.

Determination of Diffraction Grating Constant.

Measurement of Rotatory Power by the Shadow Polarimeter. Determination of H.

Electrical Resistance by Post Office Box.

To check the accuracy of an Ammeter by means of a Voltameter and also by a Tangent Galvanometer.

The Comparison of E.M.F.s by the Lumsden's and Potentiometer Methods.

The Conversion of a Pointer Galvanometer into a Voltmeter and an Ammeter.

Determination of the Reduction Factor of a Tangent Galvanometer.

Determination of the Electro-chemical Equivalent of Hydrogen

using an Ammeter.

Measurements of High Resistances and Capacities by Deflec-

tion Methods.

To set up a Valve as an Oscillator.

The student is expected to know the use of a Galvanometer, with Lamp and Scale or with a Telescope.

The following books are suggested :-

Watson's Text-book of Physics, Books I and IV (Longmans).

Capstick's Sound (Cambridge University Press).

Edser's Heat.

Draper's Heat.

Hart's Heat for Advanced Students (G. Bell and Sons).

For reference :--

Wagstaff's Properties of Matter.

Hutchinson's Intermediate Text-book of Magnetism and Electricity (Univ. Tut. Press), omitting sections 27, 28, 86-88, 97, 146, 161, 187, 188, 192, 193, 213, 219-221, 233, 249, 261-263, 267, 268, 276.

For Practical Work :-

Harrison's Practical Physics (Longmans).

Allen and Moore's Practical Physics (Macmillan).

College Physics, by Knowlton (published by Mcgraw Hill), is recommended for general study of the students,

In the practical examination, candidates must present Notebooks containing the original data and a concise account of each experiment, dated and initialled by their Professor.

Note.—This outline is intended to show the general scope of the examinations, but examiners shall not be precluded from setting questions upon portions of the subjects of similar character and standard to those indicated.

#### For 1938.

(a) The section of the syllabus dealing with "Heat" has been rewritten as follows:—

Mercury thermometers (including Beckman's) and their errors. Regnault's method of determining expansion of liquids. laboratory methods for same. Fizeau's method for expansion of crystals. Gas equation. Constant volume and constant pressure gas thermometers. Specific heat of liquids by method of mixture and by cooling curve. Radiation correction. Atomic heats. Specific heats of gases and their determination by Regnault's and Joly's methods. Calorific values of fuels. Bomb calorimeter. Conduction; Forbes' and Lees' methods of determining conductivity of solids. Radiation; including Prevost's theory and Stefan's law. High temperature measurements. Kinetic theory of matter, giving simple conceptions of solid, liquid and gaseous states; explanation of change of state. latent heat, vapour pressures, triple point, etc. Derivation of gas laws and Van der Waal's equation. Reduced equation of state. Critical state. Isothermals and adiabatics. Expression for work done when a gas expands. Desorme's method of determining the ratio of specific heats of a gas. Elementary treatment of the relations between the specific heats of a gas. First law of Thermodynamics. Laboratory methods for determination of the mechanical equivalent of heat. Carnot's cycle. Second law of thermodynamics. Carnot's theorem. Absolute scale of temperatures. Porous plug experiment, simple account of the theory, experiment, results and conclusions. Liquefaction of gases.

- (b) In the practical course after "The Comparison of E.M.F.s...." add "The resistance of a cell by the potentiometer method" and "The determination of the resistance of a pointer galvanometer by Thompson's method".
- (c) Above the list of books suggested, add the following note:—

Students should be encouraged to draw graphs and deduce results therefrom

(d) With recommended text-books, include "Barton's Heat", omitting articles 17, 23, 24, 68, 71, 72, 87, 105 to 108, 112, 113, 118, 128, 141 to 145, and 153 to 156

The rest the same as for 1937.

#### PHYSICS · HONOTIPS PAPERS

### For 1937 and 1938

The three-paper Honours course in Physics will include the pass syllabus though treated more fully and with special reference to practical applications, and will include an introductory course in modern developments.

The practical work will include in addition to those of the pass course a number of special experiments.

#### SYLLABUS.

### Theoretical.

# Paper I.

Steam and internal combustion engines, aeroplanes and airships. Gyrostat.

Theory of probability, Maxwell's Law of distribution of molecular velocities, relation between mean square, mean and probable velocities of molecules, molecular mean free path, collisions, Brownian movements, viscosity, specific heats of gases, Gaede and diffusion pumps, and McLood gauge.

Michelson's interferometer and its uses including applications

in Astronomy, colour photography.

Spectroscopy; emission and absorption spectra, scattering of light and Raman effect, spectral series, distribution of energy in black body radiation.

Auroras, lightning and electric condition of the atmosphere, ionisation currents, eathode rays, positive rays, mass spectrograph.

### Paner II.

Construction, operation and characteristics of series, shunt and compound wound motors and dynamos; efficiencies of electrical machines, copper and iron losses; simple a.c. generators motors, transformers, electric furnaces and power meters.

Emission of electrons from hot filaments, work function, characteristic curves, space charge, thermionic valves and their uses. Oscillatory circuits, resonance, frequency radiation, spark, arc, and valve transmitters of wireless signals, simple broadgast transmitters and receivers, valve amplifiers.

Photo-electric effect relation between velocity of emitted electrons and the frequency of incident light, failure of classical theory of light, quantum theory, Planck's constant "h" and its determination.

X-rays; history, production, types of tubes, high tension current rectifiers, ionisation of gases by X-rays; electroscopes, ionisation chamber and electrometer, photographic effect, fluorescence, nature of X-rays, number of electrons in an atom, Compton effect, absorption scattering and reflection of X-rays, determination of wavelength, emission and absorption spectra, Moseley's Law, atomic number, radiography, examination of metal castings, and crystal analysis of simplest type.

Radioactivity, history, radioactive series, transformation hypothesis, half valve periods, position of elements in the periodic table, isotopes, radioactive rays and their properties, Wilson tracks, measurement of radioactivity, special elements and of the aerth.

### Practical.

In the practical, in addition to those of the pass course, the following experiments shall be included:—

Measurement of wavelength of light by diffraction grating and biprism; measurement of refractive index by total reflection; calibration of spectroscope; spectrum analysis; calibration of thermocouple; measurement of capacities; low resistences and insulation resistances by Galvanometer; mechanical equivalent of heat by electrical method; characteristic curves of thermonic valves; measurement of radioactivity.

A report of each of the above experiments is to be written in a special note-book and initialled by the instructor in charge. This report should include the date and a discussion of the method, the nature and magnitude of the errors of individual observations and their effect on the final result.

The following reference books are suggested:-

- Duncan's Applied Mechanics.
- 2. Bloch's Kinetic Theory of Gases.
- Principles underlying Radio communication, U.S. Signal Corps Pamphlet 40.

- 4. Crowther's Ions, X-rays and Ionising Radiations.
- 5. Houstoun's A Treatise on Light.
- 6. Michelson's Light Waves and their Uses.

#### CHEMISTRY.

#### For 1937.

Inorganic .- The Occurrence, Preparation and Properties of the elements and their chief compounds-excluding the Rare Metals—treated especially with regard to the Periodic Classification; Outlines of the Main Metallurgical Processes treated nontechnically.

The syllabus in Organic, Physical and Practical Chemistry is given below :-

In addition to the subjects dealt with under Intermediate syllabus, the following is prescribed for the B.Sc. (Pass) Examinstion :-

## PAPER B-ORGANIC CHEMISTRY.

Higher aliphatic hydrocarbons, e.g., pentane, hexane, heptane, Isomerism.

Petroleum Industry: Origin of petroleum, Flash point, Separation of important fractions, cracking.

Unsaturated hydrocarbons: General methods of preparation and properties. Meaning of: double bond, strain. Theory of Strain (elementary treatment, but not Thorpe-Ingold valency deflection hypothesis). Ozonide formation.

Addenda to ethylenic bond, Markonikoff's rule. Geometrical isomerism, determination of configuration in simple cases as that of the unsaturated dibasic acids such as maleic and furmaric acids. Thiele's theory of partial valency.

Acetylenic hydrocarbons: General methods of preparation and properties.

Haloid derivatives of saturated and unsaturated hydrocarbons (simpler compounds only).

Alcohols-general methods of formation-Fermentation-Fusel Oil-Reactions of primary, secondary and tertiary alcohols-Grignard's reaction-its application. Organometallic compounds, e.g., zinc ethyl, lead tetra-ethyl.

Allyl alcohol-Esters of alcohols with organic acids and mineral acids such as nitrites and nitrates. Difference between a nitro compound and a nitrite. Ethylene glycol, ethylene oxide, glycerine.

Ethers-Thio-ethers and thio-alcohols-sulphonal.

Aliphatic nitro compounds—their aciform—Amines—their reactions and properties.

Aldehydes-ketones-preparation, properties and general reactions; condensation, polymerisation. Unsaturated aldehydes, s.g., acrolein. Acids—esters—acid chlorides—amides anhydrides.

Elementary treatment of oils and fats—soaps. Iodine value. saponification value of oils.

Halogen substituted acids such as the chloroacetic acids. Amino acetic acid. Hydroxy acids such as lactic acid, tartaric acid, citric acid.

Stereo-chemistry of carbon-resolution-asymmetric synthesis. Number of isomers in a compound containing more than one active carbon atom.

Acetoacetic Ester-keto-enol tantomerism, synthesis with the aid of acetoacetic ester.

Sugar,-hexoses-determination of configuration of glucose and fructose-muta rotation. Cane sugar manufacture, constitution-Starch manufacture.

Dibasic acids—malonic, furmaric and maleic.

Ethyl malonate, urea, uric acid, caffeine.

Aromatic: Coal-tar industry. Aromatic hydrocarbons. Constitution of benzene. Conditions governing substitution in the benzene ring. Crum Brown's rule-orientation. Directive influence of groups.

Nitration-nitro compounds-reduction of nitro compounds with reducing agents of different kinds—products of reduction.

Amino groups—characteristics and reactions—(acetylation,

benzoylation, Schiff's base formation). Diazo compounds-Sandmeyer's reaction. Phenyl hydrazine—Azo dyes.

The Witt and Quinonoid theories of colour and constitution (elementary treatment). Phenols-mono, di and trihvdric, reactions-Reimer and

Tiemann's, Gatterman's, Kolbe's reactions. Aromatic alcohols.

Halogen derivatives of benzene and toluene, benzyl chloride, benzilidine chloride, benzotrichloride, Acids-reactions and properties, cinnamic acid, hydroxy acids, coumarin, salicylic acid, aspirin, salol, gallic acid, inks.

Sulphonic acids-reactions and properties.

Saccharin.

Anthranilic acid.

Aldehydes-benzaldehyde, salicyl aldehyde, p-oxybenzaldehyde, vanilin, protocatechic aldehyde.

Ketones—Acetophenone, benzophenone, diphenyl methane triphenyl methane-applications of Friedel and Craft's reaction in general.

Rosaniline.

Dibasic acids-phthalic acid, phthaleins, phenolphthalein and fluorescin.

Naphthalene, nitronaphthalene, hydroxy naphthalene.

Anthracene, anthraquinone, alizarin.

Cyclopropane, cyclobutane, cyclopentane, cyclobexane, Sabatier and Senderen's reaction. Furfurane, thiophene, pyrrole, pyridine, piperidine, indole, quinoline, indigo. Coniine, piperine, constitution of. Extraction of quinine from cinchona bark general chemical properties but not the constitution of quinine.

# Paper (A). Part II.—Physical Chemistry.

- Critical history of the periodic classification of the elements and its uses.
- Kinetic theory of gases and the derivation from it of simple gas laws. Van der Waal's equation. Calculations based on kinetic theory of gases.
- General idea of the important methods available for determining the following physical properties of liquids: Density, surface tension, viscosity, refractivity and optical activity.
- 4. Van't Hoff's theory of dilute solutions including the experimental measurement of osmotic pressure, elevation of boiling point and depression of freezing point, calculations based on the theory of solutions.
- 5. Law of mass action, its mathematical representation and application to homogeneous equilibria, Le Chatelier principle and its application to chemical equilibria. Simple calculations based on the Law of Mass Action.
- 6. Radioactivity, emission of  $\alpha$ ,  $\beta$ , and  $\gamma$  rays. Modern conception of the structure of the atom. Isotopes, Isobars. Electronic theory of valency treated in a simple way.

# PAPER (B). PART II.—PHYSICAL CHEMISTRY.

- The elementary study of colloids and their applications in every-day life and industry.
- 2. Distribution law and its application to liquid-liquid systems.
- 3. Phase Rule—the explanation of terms employed; application of phase rule to the following systems: water, sulphur, potassium iodide—water; sodium sulphate—water; Ferric chloride-water and lead-silver.
- 4. Velocity of reactions in homogeneous systems, mono, di and tri (simplest case) molecular reactions, calculations for finding the order of reaction; catalysis.
  - Thermochemistry and thermochemical calculations.
- 6. Electrochemistry, including modern ionic theory and the evidence on which it is based, migration of ions, transport numbers, conductivity and its measurement; Ostwald's dilution law and the application of ionic theory to (i) analytical chemistry,

(ii) strengths of acids and bases, and (iii) hydrolysis of salts. Calculations based on conductivity measurements and Ostwald's dilution law.

# CHEMISTRY, PRACTICAL.

### I.—Preparations.

## Inorganic Preparations:-

- (1) Purification of commercial substances by-
  - (a) Crystallisation, e.g., preparation of potassium nitrate from Kallar;
  - (b) Sublimation, e.g., purification of commercial ammonium chloride; and
  - (c) Chemical Methods, e.g., preparation of sodium chloride from common salt and ferrous sulphate from Kipp waste.
- (2) Preparation of yellow oxide of mercury, cuprous oxide and lead peroxide.
- (3) Preparation of salts:—
  - Anhydrous aluminium chloride, potassium bromide, potassium chlorate, sodium thiosulphate, chrome alum, ferrous ammonium sulphate, potassium permanganate, potassium dichromate, chrome yellow.

# Organic Preparations:-

Preparation of nitrobenzene, aniline, acetanilide, p.nitroacetanilide, sulphanilio acid, ethyl benzoate, benzamide, benzamilide, phenyl hydrazone of acetophenone, osazone of glucose, methyl iodide, iodoform.

# II.—Qualitative Analysis.

Detection of common basic and acid radicles in mixtures containing not more than six radicles.

# III.—Gravimetric Analysis.

Estimation of the following radicles: Chloride, silver, sulphate, barium, iron, aluminium, calcium, magnesium, phosphate, carbonate.

# IV.—Volumetric Analysis.

(a) Acidimetry and Alkalimetry, excluding the estimation of Boric Acid and Borax.

- (b) Oxidation and Reduction :-
  - Permanganate titrations. Estimation of oxalic acid,
  - 2. Potassium dichromate titrations. Estimation of ferrous
- (c) Iodometry:---

Estimation of sodium thiosulphate, dichromate, arsenious acid, soluble arsenites, potassium-antimony tartrate, copper sulphate, chlorine water, bromine water and bleaching nowder.

(d) Silver nitrate titrations: Estimation of halides in neutral and acid solutions.

Students may be required to prepare their own standard

- V.—(a) Detection of the following elements in organic compounds: Carbon, hydrogen, nitrogen, sulphur and halozens.
  - (b) Determination of melting and boiling points of organic compounds,
  - (c) Molecular weight of an organic acid by the methods of titration and silver salt.

### For 1938.

#### INORGANIC CHEMISTRY.

In addition to a more detailed study of the subjects dealt with in the Intermediate, the following detailed syllabus is recommendal:—

$$Paper(A)$$
,

### PART T.

- General survey of the elements excluding the rare earth metals breated from the modern point of view of the Periodic Classification.
- The occurrence, preparation (in case of compounds), properties and uses of the following elements and their chief compounds. Outlines of modern methods of manufacture of those in italies:—

Group 0.—Helium, Neon, Argon.

Group I.—Gold, basic copper acetate, complex ammonia and cyanide compounds of copper, silver and gold; auric chloride, sodium sulphide, cuprous iodide.

- Group II.—Magnesium, calcium, barium, strontium, cadmium, calcium cyanamide, magnesium phosphate, lithopone, basic calcium nitrate, Nessler's reagent, mercuric thiocyanate, mercuric sulphide.
- Group III.—Boron, boric acid, borax, corundum, alums, aluminium acetate, alundum.
- Group IV.—Silicon, lead chromate, basic lead chromate, lead acetate, carborundum, silicon tetrachloride, silicon tetraflucide, hydrofluosilicie acid, silicie acid, stannic chloride, stannic acid.
- Group V.—Scheele's green, microcosmic salt.
  - Group VI.—Sodium thiosulphate, chlorosulphonic acids, sulphur chloride, thionyl chloride, sulphuryl chloride, chromium, chrome alum, chromic anhydride and chromyl chloride.
- Group VII.—Manganese, oxides of manganese, manganates and permanganates.
- Group VIII.—Iron, steel, nickel, cobalt, platinum, iron alum, ferrous ammonium sulphate, cobalt chloride, cobalt nitrate, sodium cobalti-nitrite.
- The reactions involved in the separation of the common metallic radicals into various analytical groups and their individual separation and in the separation and detection of the acid radicals.
- 4. A brief outline of the following industries from the chemical standpoint of view only:—
  - (a) Electroplating with Cu, Ag, Au and Ni.
    - (b) Silvering of glass.
  - (c) Portland cement.
  - (d) Artificial manures, viz., calcium cyanamide, basic calcium nitrate, sodium nitrate and ammonium sulphate.
  - (e) Glass manufacture.
  - (f) Match industry.
  - A concise treatment of the following:—
    - Brass, bronze, special kinds of steel, Wood's and Rose's fusible alloys and type metal.
  - (ii) Constitution of the oxides and the important oxyacids of N, P and S.
  - (iii) Passivity and rusting of iron, treated in an elementary manner.
  - (iv) Oxidation, autoxidation and reduction.
  - (v) Nitrogen and phosphorous cycles in nature.
  - (vi) Photography.
  - (vii) Aluminothermy.
  - (viii) Industrial gases: H<sub>2</sub>, CO<sub>2</sub>, water gas, producer gas, coal gas and oil gas.

The Course in Physical Chemistry will be illustrated by the following experiments :--

- Determination of B.Pt. of a pure liquid.
- 2. Determination of B.Pt. of a solution in the above solvent and hence to find the apparent mol, weight of the solute.
- 3. To find the solubility of acids (sparingly soluble) by titration method.
- To find the distribution coefficient of an acid between two non-miscible solvents.
- To find the heat of neutralisation of acid with alkali.
- 6. To find the heat of ionisation of acetic acid.
- To find the molecular weight of CO<sub>2</sub>.
- Calibration experiments.
- To study the saponification of N/60 ethyl acetate by means of N/30 NaOH and determine the value of the velocity constant K.
- 10. To determine the velocity constant K for hydrolysis of ethyl acetate by N/2HCL.
- To study the action between KL (N) solution and N/10 K2S2O3, and the velocity constant and order of reaction for the same.
- To determine the solubility of Benzoic Acid and Salicylic acid at different temperatures in water.
- 13. Determination of molecular weight of water by Victor Mever's Method.
- 14. Determination of the B.P. and molecular elevation constant with cane-sugar and hence to determine the molecular weight and degree of dissociation of NaCl by noting the elevation of the boiling point of the solvent.
- 15. Determination of the depression in the melting point of naphthalene by introducing a known weight of acetanalide in it and from it calculating the molecular weight of the solute.
- 16. Determination of the density of KClO<sub>3</sub> solution at different temperatures by means of specific gravity bottle.
- 17. To determine the transition temperature of Glauber's galt.
- To determine the value of velocity constant for hydrolysis of 1% solution of cane-sugar at the temperature of boiling water in presence of 1 c.c. of the given acid in 100 c.c. of the solution.

The rest as for 1937.

# BOTANY.

#### For 1937 and 1938.

The distribution of the two papers is as follows:-

Paper A.—Thallophyta, Bryophyta and Pteridophyta.
Paper B.—Phanerogams, Physiology, Ecology and General Biology.

Histology.—The structure of the cell; the origin and growth of the tissues, the primary tissues and their distribution; the secondary tissues of the flowering plants; the distribution of the mechanical tissues.

Organography.—The morphological differentiation of the plant body in the main groups of the vegetable kingdom; the morphology of the shoot and root in the Pteridophytes and Spermophytes; the phenomenon of alternation of generations and the homologies in the stages of the life-history of the Archegoniates and the Spermophytes.

Physiology.—Turgidity and Tension of Tissues; the Physiology of Nutrition, Respiration, Growth and Reproduction; the Phenomena of Movements.

Systematic.—The Systematic Morphology and Physiology of the following groups:—

Alga:—Schizophycea, Chlorophycea, Characeae, Phacophyces; Rhodophyceae; Bacteria; Fungi:—Phycomycetes, Ascomycetes, Basidiomycetes, Lichens; Bryophytes:—Hopatica; Musci; Pteridophytes:—Filicales Equisetales, Lycopodiales; Cvoadales; Coniferales.

Angiosperms:—Gramineæ, Palmæ, Araceæ, Liliaceæ, Orchidaceæ, Salicaceæ, Chenopodiaceæ, Caryophyllaceæ, Ranunculaceæ, Papaveraceæ, Cruciferæ, Rosaceæ, Leguminosæ, Rutaceæ, Euphorbiaceæ, Malvaceæ, Cactaceæ, Umbelliferæ, Aselepiadaceæ, Convolvulaceæ, Labiatæ, Solanaceæ, Cucurbitaceæ, Compositæ

The taxonomic relations of these according to the system of Engler and Pranti as given in "Naturaliche Pflanzenfamilien".

. The candidates will be required to possess a good acquaintance with the following representative types:—

Oscillatoria; Nostoo; Chlamydomonas; Hæmastoococus; Volvox; Pediastrum; Ulothrix; Colsochæte; Oedogonium; Cosmarium; Closterium; Spirogyra; Zygnema; Botrydium; Vaucheria; Caulerpa; Cladophora; Chara; Ectocarpus; Fucus; Dictyota; Batrachospermum; Bacterium; Rhizopus; Pythium; Aspergillus; Humaria; Ustilago; Puccinia; Polyporus; Agaricus; Riccia; Pellia; Marchantais; Porella; Anthoceros; Sphagnum; Funaria; Fern; Equisetum; Selaginella; Marsilia; Cycas; Pinus; Taxus.

The representative types of the families of the Angiosperms to be taken so far as possible from the Punjab Flora. Some knowledge of plants of economic importance of the above families would be expected.

The candidates must also possess a knowledge of the fundamental principles of Heredity, Variation and Evolution and of the more important facts of Ecology as illustrated particularly by the local flora.

### Practical Examination.

The practical examination will embrace (a) examination and description of microscopic specimens; (b) examination and description of plants or parts of plants; (c) identification of specimens; (d) preparation of specimens and tissues for microscopic examination; (e) microscopic technique; (f) fundamental experiments in physiology.

The following books are suggested :-

Coulter, Barnes and Cowles—Text-book of Botany.
Bower—Botany of the Living Plant.
Gager—Heredity and Evolution in Plants.
Strasburger—Text-book of Botany.
Kashyap—Practical Botany.
Macdougal—Plant Ecology.
Lawson and Sahi—Text-book of Botany.

Candidates will be required to submit at least one plant of each family of Angiosperms, properly mounted and named and

initialled and dated by their Professors, at the time of examination.

Candidates will be required to submit their original Note-books, initialled and dated by their Professors, of their laboratory work (drawings, etc.), at a date previous to the examination (which will be fixed subsequently) in order that these may be taken

into account in determining the results of the examination.

Note.—This outline is intended to show the general scope of the examination, but examiners should not be precluded from setting questions upon portions of the subject of similar character and standard to those indicated.

## Zoology.

### For 1937 and 1938.

The Animal Cell; Asexual and sexual Reproduction; the principles of Classification; Heredity, Variation and Evolution. Geographical distribution of animals.

The structure, habits, development, classification and ecology of the following groups:—Protozoa, Porifera, Coelenterata, Platyhelminthes, Nemertini, Nemathelminthes, Annelida, Rotifera, Polyzoa, Behinodermata, Arthropoda, Mollusca, Chordata. A detailed study of the types enumerated in the practical course.

Embryology as illustrated by the Chick, Frog and Rabbit.

## Practical Examination.

Candidates will be required to show a knowledge of the methods of microscopic technique, and to examine, dissect or describe the following animals and skeletons, in addition to those prescribed for the Intermediate Examination:—

Monocystis, Aurelia, Nereis, Leech, Asterias, Prawn, Anopheles, Scorpion, Freshwater Mussel, Pila (Ampullaria), Amphioxus, Lizard, Columba. The skeletons of representatives of each class of Craniata.

The following books are suggested :-

Parker and Haswell: Text-book of Zoology (Macmillan), Shipley and Macbride: Text-book of Zoology (Camb. Univ. Press)

Marshall and Hurst: Practical Zoology (Smith Elder). Borradaile: Manual of Zoology (Oxford University Press).

Dendy: Outlines of Evolutionary Biology. Borradaile: The Animal and its Environment (Henry

Frowde and Hodder and Stoughton).

Dakin: Elements of General Zoology (Oxford University

Press).

Candidates will be required to submit the original Note-books, initialled and dated by their Professors, of their laboratory work (drawings, etc.), at a date previous to the examination (which will be fixed subsequently) in order that these may be taken into account in determining the results of the examination.

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be preduded from setting questions upon portions of the subjects of similar character and standard to those indicated.

### PHYSIOLOGY: 1937 AND 1938.

The General Histology of the Animal Cell, and the Structure; Chemical composition and Functions of the Tissues of man and animals; the Blood and Lymph; the circulation of the blood and lymph embracing the mechanics of the circulation of the blood and of the movement of the lymph; the Innervation and Nutrition of the Heart; and the Innervation of the Blood-vessels; the Physiology of Respiration; the Chemistry of Digestion and Nutrition; the Physiology of Absorption, Excretion, Metabolism and Dietetics; Animal Heat; the General Physiology of Muscle and Nerve; Electro-Physiology; the Structure, Development and Functions of the Central Nervous System; the Structure and Functions of the Organs of Sense; Reproduction; the Chemistry of the Animal body.

In the oral and practical examination candidates will be examined in the above subjects, and will be practically tested in Histology, Physiological Chemistry, and the construction and use of Physiological Apparatus and will be required to show a

knowledge of Experimental Physiology.

Candidates will be required to submit their original Notebooks, initialled and dated by their Professors, of their laboratory work (drawings, etc.), at a date previous to the examination (which will be fixed subsequently) in order that these may be taken into account in determining the results of the examination.

The following books are suggested :-

Howell's Text-book of Physiology (Rebman). Halliburton's Text-book of Physiology (Murray). Starling: Principles of Human Physiology (J. and A.

Churchill, London).

For the Practical part :--

Schafer's Essentials of Histology (Smith Elder).

Stirling's Practical Histology (C. Griffin). Halliburton's Essentials of Chemical Physiology and Stir-

ling's Practical Physiology (C. Griffin). Schafer and Brodie's Experimental Physiology (Longmans). Cole's Physiological Chemistry.

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be precluded from setting questions upon portions of the subjects of similar character and standard to those indicated.

# GEOLOGY.

## For 1937 and 1938.

Physical Geology.—Distribution of temperature in the earth's crust and the observation by which it is determined; chemical composition of the lithosphere; the general characters and composition of the hydrosphere; the composition and character of the meteorites. Solar System under Nebular hypothesis and

Planetesimal hypothesis, density and rigidity of the earth, nature of the earth's interior.

Physical characters of continents, plateaux, mountain-ranges, river systems and the ocean basins. The geological processes and their action. Geological action of water, development of drainage systems, cycles of erosion. Rapid and slow movements of the earth's crust; causes of earth-movements; isostacy, fracture and faulting of rocks, origin and history of mountain-ranges. Volcanicity and theories of volcanic action; ore deposits—their classification and origin.

Mineralogy.—(i) In addition to those prescribed for the Intermediate course the study of the following mineral species:—
Realgar, Molybdenite, Chalcocite, Greenockite, Millerite,
Pyrnchite, Niccolite, Bornite, Smalitie, Cobalitie, Marcaic,
Arsenopyrite, Pyrargyrite, Proustite, Tetrahedrite, Stephanite,
Enargite, Sylvite, Caryolite, Carnalite, Churrite, Zincite, Ilmenite,
Pyrolusite, Brucite, Diaspore, Goothite, Manganite, Psilomelane,
Franklinite, Chrysoberyl, Rhodochrosite, Smithsonite, Withertoe,
Strontianite, Cerussite, Azurite, Felspar group, Nepheline, Garnet
group, Amphibole group, Sodalite group, Nepheline, Garnet
group, Sapolite group, Zircon, Topaz, Andalusite, Sillimanite,
Calamine, Staurolite, Apophyllite, Heulandite, Stilbiet,
Chabazite, Analcite, Mica group, Sphene, Monazite, Apste
group, Boracite, Pitchblende, Columbite—tantalite, Baryte
group, Buttie, Wolfeninte, Scheleite, Wulfenite.

[N.B.—Students are expected to be acquainted with the industrial applications of these mineral species.]

(ii) Crystallography: Laws of Crystallography; Form: Symmetry; Systems of notation; study of the following classes of crystals:—Galena, Tetrahedrite, and Pyrite classes of the cubic system; Ziroon class of the tetragonal system; Berylc Relitite, Tournaline and Quartz classes of the hexagonal system; Barytes class of the Orthorhombic system and normal classes of the Monochinic and Triclinic systems; the properties of Zones; the common twinning laws; imperfections of crystals.

(iii) Optical properties of Minerals; Methods of obtaining polarized light; Uniaxial and Biaxial crystals; Pleochroism; Interference colours; Extinction angles; Stauroscopes Optical sign.

Petrology.—The macroscopic and microscopic characters of the common types of rocks, their chemical composition, mineralogical constitution and distinctive structures. Magmatic segregation and differentiation; classification of igneous rocks; their secondary changes. Pneumatolysis, hydro-thermal changes, metasomasis, etc. Thermal and dynamic metamorphism; the formation of secondary minerals and structures. Paleontology.—The characters and affinities of the principal groups of fossils (Invertebrate), and their distribution in past geological periods. Morphological characters of the more important orders of fossils.

Stratigraphy.—The leading features and characteristic fossils of the British and Indian formations. Division of the Indian stratigraphical scale into minor groups and their correlation to the European standard stratigraphical scale; special characters and features of the chief systems and series in the different parts of India. Physiographic features of India. Basis of chronology, evidence of fossils, physical evidence, diastrophism.

### Practical Work .--

- Description and identification of the common types of igneous, sedimentary and metamorphic rocks in hand specimens,
- (2) Identification by physical and chemical properties of the following minerals:—
  - Realgar, Molybdonite, Chalcocite, Pyrrobitie, Niccolite, Bornite, Smaltite, Cobaltite, Arsenopyrie, Tetrahedrite, Enargite, Cryolite, Cuprite, Zincite, Imenite, Pyrolusite, Manganite, Psilomelane, Rhodochrosite, Witherite, Stronlianite, Leucite, Sodalite, Nepheline, Andalusite, Sillimanite, Calamine, Starrotite, Apophyllite, Heulandite, Stilbite, Chabazite, Analcite, Sphene, Monazite, Baryte, Wolframite, Clibis sin addition to those done in the Intermediate.)
- (3) Description and identification in thin section under a petrological microscope of the following minerals (in addition to those done in the Intermediate) and rocks:—

Enstatite, Hypersthene, Nepheline, Leucite, Sodalite, Nosean, Hauyne, Apatite, Sphene, Topaz, Serpentine, Chlorite, Epidote.

- Granite, Syenite, Diorite, Peridotite, Rhyolite, Trachyte, Phonolite, Andesite, Basalt, Granophyres, Pitchstones, Dolerites, Sandstone, Limestone, Marble, Slate, Quartzite, Schist and Gneiss.
- (4) Description, identification and geological age of the following fossils:—

Alveolina, Nodosaria, Fusulina, Nummulites, Ventriculites, Syphonia, Barrosia, Didymograptus, Diplograptus, Climacograptus, Monograptus, Rastrites, Cyathophyllum, Heliophyllum, Lithostrotion, Omphyma, Zaphrentis, Cystibyllum, Calceola, Thecosmilia,

Isastraea, Syringopora, Favosites, Halysites, Cidaris, Hemicidaris, Phymosoma, Conulus, Clypeaster, Echinobrissus, Clypens, Echinocorys, Holaster, Micraster. Actinocrinus, Crotalocrinus, Platycrinus, Pentacri-nus, Marsupites, Apiocrinus, Pentremites, Productus, Orthis, Pentamerus, Spirifer, Syringothyris, Uncites, Athyris, Atrypa, Rhynchonella, Terebratula, Stringocephalus, Fenestella, Protoretepora, Nucula, Arca, Pectunculus, Gervillia, Inoceramus, Avicula, Conocardium, Spondylus, Pecten, Lima, Ostrea, Gryphea, Exogyra, Trigonia, Unio, Astarte, Cardita, Chama, Hippurites, Cardium, Venus, Pholadomya, Patella, Pleurotomaria, Bellerophon, Euomphalus, Natica, Turritella, Cerethium, Cypraea, Chrysodomus, Murex, Fusus, Clavella, Voluta, Pleurotoma, Conus, Hyolithes. Conularia, Nautilus, Orthoceras, Goniatite, Ceratite, Arietites, Harpoceras, Dactylioceras, Stephanoceras, Macrocephalites, Perisphinctes, Hoplites, Acanthoceras, Schlænbachia, Baculites, Scaphites, Turrilites, Belemnites, Agnostus, Trinucleus, Ölenellus, Paradoxides, Calvmene, Illænus, Phacops,

(5) Interpretation of easy geological maps and models illustrating structural geology and drawing sections from them; field work.

In the practical examination, candidates must present Notebooks containing their original notes of laboratory and field work performed in the course of their studies. These notes are to be dated by the student and initialled by the teachers.

Books suggested :-

A Text-book of Geology .. Lake and Rastall (E. Arnold, London).

Geology of India

D. N. Wadia (Macmillan). G. A. J. Cole (Griffin). Aids in Practical Geology . . Elements of Mineralogy Frank Rutley.

(revised edition). Scott's Introduction to Geology (Macmillan).

HONOTES PAPERS.

GEOLOGY.

For 1937 and 1938.

Paper (a) Crystallography, optical properties, mineralogy, petrology.

Paper (b) General geology, paleontology and stratigraphy.

Paper (c) Field work and practical.

Candidates for Honours in Geology will be required to show a fuller and more detailed acquaintance with the subject indicating more extended reading than pass men.

Books recommended :---

Field Geology, by Geikie (for field work).

Text-book of Geology, Part I, by Longwell, Knoff, Flint.

Text-book of Geology, Parts 1, 2, by A. Geikie.

Invertebrate Palzontology, by Woods.

Text-book of Mineralogy, by Dana (revised edition).

Principles of Petrology, by Tyrrell.
Petrology for Students, by Harker.

### ASTRONOMY.

For 1937 and 1938.

The same Syllabus as for B.A.

MILITARY SCIENCE (OPTIONAL).

For 1937 and 1938.

The same Syllabus as for B.A.

AN INDIAN VERNACULAR (OPTIONAL).

For 1937 and 1938.

The same Syllabus as for B.A.

#### HUMAN ANATOMY.

#### For 1937.

The tissues of which the body is composed. The systems into which the various constituent parts of the body are divided. Position, structure, relations and appearance of the different organs in the human body. A detailed knowledge of the human skeleton in the adult; the various articulations, their normal range of movements and common use in the body. The muscles with their nerve supply and general relations; their action on the different articulations. The vascular system; the lymphatics. The central nervous system and the peripheral nerves; the autonomic nervous system. The structure

and formation of special sense-organs. The genito-urinary system. The digestive system, with its associated glands. The endocrine clands.

Candidates are, in addition, required to show a knowledge of the elements of Comparative Vertebrate Anatomy, and acquaintance with modern conceptions of Human Evolution and Physical Anthropology.

In the oral and practical examination candidates will be required to dissect out parts of the human body and to examine and describe microscopic sections of a typical mammalian embryo.

## Books suggested :-

- 1. Grey's Anatomy, Descriptive and Applied.
- Cunningham's Anatomy.
- 3. Keith's Embryology and Morphology.
- Arey's Developmental Anatomy.
   Keith's Antiquity of Man.
- 6. Wilder's Laboratory Text-book of Anthropometry.

## For 1938.

At the end of paragraph 1 of the syllabus, add "The development of the Human Body".

The rest as for 1937.

# Courses of Reading prescribed for the Honours Schools Examinations.

#### ENGLISH.

# For 1937 and 1938.

Marks.

ing, grammar, punctuation, correct and idiomatic use of words, letter-writing, paraphrasing, precis-writing, description of objects and phenomena and essaywriting

50

Marks.

(C) On translation from Vernacular into English. writing of reports, and taking down notes 50

concisely

150

Books prescribed for Paper A :-

### For 1937 ---

- (i) Six Short Biographies, by R. C. and N. Goffin (Oxford) University Press).
- (ii) One-Act Plays of To-day (Fourth Series), selected by Marriott (Harraps).

### For 1938.-

- (i) Men's Business (A Selection of Essays), by Harold Loukes (Uttar Chand Kapur and Sons). Price Re. 1-12-0.
- (ii) One-Act Plays of To-day (Fourth Series), selected by Marriott (Harrans).

### HONOURS SCHOOL IN BOTANY.

# For 1937.

# I. Honours Course in Botany :-

The structure of the cell: the structure and development of the various tissues and tissue systems: the general morphology of the various plant organs ; the Physiology of nutrition, respiration, growth and reproduction, including some knowledge of osmotic phenomena. A knowledge of the more important fossil types and of the principles of variation, heredity and evolution would be required. Some knowledge of the facts and principles of ecology and geographical distribution would also be required. A fuller acquaintance with the subject as a whole than required for the Pass Course would be expected.

The systematic morphology and physiology of the following groups with a detailed knowledge of the types given below would be required. In the case of the flowering plants the

types should be selected as far as possible from the local flora. Schizophyta, Conjugatæ, Chlorophyceæ, Characeæ, Diatoms, Phaeophyceæ, Rhodophyceæ, Phycomycetes, Ascomycetes, Basidiomycetes, Lichens, Hepaticæ, Musci, Filicales, Equisetales, Lycopodiales, Psilotales, Ophioglossales, Cycadales, Coniferales, Gnetales, Potamogetonacem, Graminem, Palmm, Araceæ, Liliaceæ, Iridaceæ, Musaceæ, Orchidaceæ, Salicaceæ, Moraceæ, Chenopodiaceæ, Polygonaceæ, Carvophyllaceæ, Ranunculacez, Papaveracez, Cruciferz, Rosacez, Leguminosz, Rutacese, Euphorbiacese, Anacardiacese, Shaumacce, Vitacesa, Violacese, Malvacese, Cactacese, Myrtacese, Unibelliferse, Primilacese, Ericacese, Oleacese, Asaclepiadacese, Convolvulacese, Boraginacese, Labiates, Solanacese, Scrophulariacese, Rubiacese, Coumpbitacese, Composities.

The more important types of all the above-mentioned groups. The practical examination will embrace (a) examination and description of plants and parts of plants, (b) preparation and description of microscopic specimens, (c) identification of specimens, (d) fundamental experiments in plant physiology.

The following books are suggested :-

Coulter, Barnes and Cowles: Text-book of Botany, Strasburger: Text-book of Botany. Haberlandt: Physiological Plant-Anatomy. Raber: Plant Physiology. Palladin : Plant Physiology. Fitzpatrick: The Lower Fungi. Weaver and Clements: Plant Ecology. Kostychev: Plant Respiration (Rs. 8-12-0). Barton Wright: Recent Advances in Plant Physiology. Goebel: Organographie der Pflanzen. Schimper: Plant-Geography. Lock : Variation, Heredity and Evolution. Punnet: Mendelism. West and Fritsch : British Freshwater Alge. Dame Gwynne-Vaughan: Fungi. Harshberger: Mycology and Plant Pathology. Butler : Fungi and Disease in Plants. Gaumann and Dodge: Comparative Morphology of Fungi (Harvard University, Rs. 28-2-0). Kashvap: Liverworts of the Western Hunalayas and the Puniab Plain. Campbell: Mosses and Ferns. Bower: Filicales. Coulter and Chamberlain: Gymnosperms.

Scott: Studies in Fossil Botany.
Maximov: Text-book of Plant Physiology.
Miller: Plant Physiology.
Small: Practical Botany.
Sharp: Introduction to Cytology.

For identification some suitable local flora will be provided. Duthie's Flora of the Upper Gangetic Plain, and Parker's Forest Flora of the Punjab are suggested.

Candidates will be required to submit their original Note-books at a date previous to the examination which will be fixed subsequently. Note.—This outline is intended to show the general scope of the examination but the examiners should not be precluded from setting questions on the portions of the subject of similar character and standard to those indicated.

The following indicates the distribution of question papers for the B.Sc. Honours Examination:—

Paper I. Essay.

Paper II. Alga, Bacteria, Fungi including Mycology and Lichens.

Paper III. Liverworts and Mosses and Pteridophytes. Paper IV. Taxonomy and Morphology of the Gym-

nosperms and Angiosperms, including Cytology.

Paper V. Physiology including Plant Breeding and Plant Geography (Floristic and Ecological).

Paper VI. Oral and Practical.

II. Subsidiary Zoology, Physiology, Chemistry or Geology, for the Botany Honours School students the same as for B.Sc. Pass.

## For 1938.

After "Cycadales" and before "Coniferales" add "Gink-goales".

In the list of books, delete Coulter, Barnes and Cowles: Textbook of Botany and Palladin: Plant Physiology. Add after Sharp: Introduction to Cytology, Bower: Primitive Land Plants also known as "The Archegoniatese".

Paper V should read as follows: Physiology, Genetics and Plant Geography.

The rest as for 1937.

HONOURS SCHOOL IN ZOOLOGY.

For 1937 and 1938.

I. The Syllabus for B.Sc. Honours in Zoology:—

The Animal Cell; Asexual and Sexual Reproduction; the principles of Classification; Heredity, Variation and Evolution; Animal Ecology.

The structure, habits, development and classification of the following groups, treated in a more advanced manner than in the case of the Pass Course:—

Protozoa, Mesozoa, Porifera, Cœlenterata, Platyhelminthes, Nemertini, Nemathelminthes, Annelida, Rotifera, Polyzoa, Phoronida, Brachiopoda, Chaetognatha, Echinodermata, Arthropoda, Mollusca, Hemichordata, Urochordata, Cephalochordata, Craniata.

Embryology of the Frog, Chick and Rabbit. A general knowledge of the extinct forms, and of the distribution of recent and fossil animals. A detailed study of the animals enumerated in the practical Course.

The distribution of question papers for the B.Sc. (Hons.)

Paper I. An essay on one or more of a number of suggested subjects.

Paper II. General and Theoretical.

Paper III. Invertebrata.

Paper IV. Chordata.

Paper V. Palæontology and Embryology.

Paper VI. Practical.

### Practical Examination.

Candidates will be expected to show a practical knowledge of the methods of microscopic technique and to examine, dissect or describe the following animals and skeletons:—

Amaba, Actinophrys, skeleton of Foraminifera and Radiolaria, Euglena, Trypanosoma, Paramæcium, Vorticella, Opalina, Monocystis, Malazial parasite, Sycon, Spongilla, Hydra, Obelia, Aurelia, Sea anemone Alcyonium, skeletons of Madrepora and Tubipora, Hormiphora, Leptoplana, Distomum, Toenia, Lineus, Ascaris, Nereis, Pheretima, Loech, Brachionus, Buyula, Asterias, Echinus, a Holothurian, Antelon, Prawn, Crab, Cockroach, Anopheles, Centipede, Millipode, Scorpion, Ohiton, Freshwater Mussel, Buccinum, Ampullaria, Sepia, Balanoglossus, Ciona, Amphicous, Scoliodon, Bonyfish, Rana, Lizard, Ochuma, Rahbit, and the skeletons of representatives of each class of the Vertebrata.

Candidates will be required to submit the original Note-books, initialled and dated by their Professors, of their laboratory work (drawings, etc.) at a date previous to the examination (which will be fixed subsequently) in order that these may be taken into account in determining the results of the examination.

Note.—This outline is intended to show the general scope of the examinations, but examiners should not be precluded from setting questions upon portions of the subjects of similar character and standard to those indicated.

The following books are suggested in addition to those recommended for the B.Sc. Pass Examination:—

System of Zoology, ed. Lankester. The Cambridge Natural History. Sedgwick: Student's Text-book of Zoology.

Marshall: Physiology of Reproduction (Longmans). Lull: Organic Evolution (Macmillan, New York).

Macbride and Graham Kerr: Text-book of Embryology, Vols. I and II.

R. C. Punnett: Mendelism (Macmillan and Co.).

L. Doncaster: An Introduction to the Study of Cytology (Cambridge University Press).

E. B. Wilson: "The Cell in Development and Heredity" (Macmillan, New York, 1925).

E. V. Cowdry: "General Cytology" (Chicago University Press, 1924).

T. H. Morgan: "Experimental Embryology" (Columbia University Press, 1927).

E. V. Cowdry: "Special Cytology", Vols. I and II (New York, 1928).

Locke: Recent Progross in Variation, Heredity and Evolution.

J. Gray: Experimental Cytology.

II. Subsidiary Botany, Physiology, Chemistry or Geology, for Zoology Honours School students the same as for B.Sc. Pass.

### \*Honours School in Chemistry.

1st Year—Physical.—Atomic and Molecular Theories; Valency; Law of Chemical Actions; General properties of solids,

- The following books are suggested for study and reference:
  - 1. Organic Chemistry, by Sudborough (Blackie and Son).
  - Quantitative Analysis, by Caven, Parts I and II (Blackie and Son).
  - A Treatise on Physical Chemistry, Vols. 1 and 2, by H. S. Taylor (Macmillan).
     Richter's Organic Chemistry.
  - Tredwell and Hall's Analytical Chemistry, Vols. I and II (Wylie).
  - Findlay's Practical Physical Chemistry (Longmans).
     Cohen's Organic Chemistry, Parts I, II, III, published by
    - Edward Arnold and supplied by Longmans, Green and Co.
  - Organic Chemistry of Nitrogen, by N. V. Sidgwick (Clarendon Press, Oxford).
  - Practical Organic Chemistry—James and Sudborough (Blackie).
  - Text-books of Physical Chemistry, edited by Sir William Ramsay (Longmans).
  - J. Walker's Physical Chemistry.

liquids and gases; the Dissociation Theory; Mass Action. Catalysis, Arithmetical Problems relating to Chemical Theory.

Inorganic.--The occurrence, preparation and properties of the Elements and their chief compounds—excluding the rare metals—treated especially with regard to the Periodic Classification. Outlines of the main Metallurgical processes treated non-technically.

Organic.—The Modes of Occurrence, Preparation, General Characters and Constitutional Formulæ of the Paraffins, Olefines and Acetylenes: Their haloid derivatives, Alcohols, Ethereal Salts, Ethers, Aldehydes, Acids, Ketones, Amines, Amides, Compounds of the Alcohol Radicals with Sulphur and Nitrogen. The Grignard reagent and its uses. The Carbohydrates; Cyanogen compounds; Urea; The Aromatic Hydrocarbons and their principal derivatives; Naphthalene, Anthracene and their principal derivatives: Pyridine and Quinoline: Furfurane: Pyrrol: Thiophene.

Practical Work .- Volumetric and Gravimetric Analysis. Qualitative Analysis.

2nd and 3rd Years.—Advanced courses in Organic, Physical and General Chemistry approximately of the same standard as the present M.Sc.

Practical Work .-- Advanced Inorganic Analysis. Organic Preparations and Determinations. Physical Chemistry.

Syllabus in Subsidiary Physics for Honours School of Chemistry as for the Pass B.Sc. Course in Physics with the following changes :---

Omit Sound and put in its place:

Mathematics.—Analytic Geometry of Straight Line and Circle, Differentiation of Elementary Functions, including second differential coefficients, simple geometrical applications, inte-

gration of elementary functions.

Chapters I, II and V of Baker's Algebraic Geometry. Appropriate portions of Edward's Differential Calculus for Beginners and Edward's Integral Calculus for Beginners, or any other elementary text-book such as Elementary Analysis by Jessop (C.U.P.).

The papers for the final examination of the Honours School in Chemistry shall consist of :-

<sup>12.</sup> A Text-book of Inorganic Chemistry, edited by J. Newton Friend, D.Sc., etc. (Charles Griffin and Co.).

Salt and their Reactions, by Dobbin and Mackenzie (Publishers: James Thin, 54 and 55 South Bridge, Edinburgh) is prescribed as a text-book for Practical Chemistry.

#### Four written papers :-

Paper (1) Physical Chemistry.

Paper (2) Descriptive Modern Industrial Chemistry.

Paper (3) Organic Chemistry.

Paper (4) Inorganic Chemistry;

### and three Practical Papers :-

Paper (5) Organic Practical.

Paper (6) Physical Practical. Paper (7) Inorganic Practical.

t uper (1) morganic rraculcai.

Candidates shall be expected to pass in practical (total) and in each of the written papers. The pass percentage for each paper, and the aggregate required shall be as shown in Regulation 6 relating to the M.Sc. Examination.

The following is the syllabus for Descriptive Modern Industrial Chemistry:—

### Introductory-

Important matters to be considered in deciding whether a particular Industry may prove successful if started.

Important matters to be considered in deciding on the location for a plant for any particular Industry.

#### Chemical Plant-

Breaking and Grinding.

Dissolving, mixing and Filtration including methods of separating solids from solids, solids from liquids, solids from gases, liquids from liquids, liquids from gases and gases from gases.

Distillation and Condensation.

Evaporation and Drying.

Containers and materials of construction for apparatus to handle various reactions.

Power Generation and Transmission and Fuels.

#### Ceramics-

Pottery, Cement, Brickmaking, Glass, Enamelling, Refractories.

Vegetable Oils, Animal Oils, Essential Oils-

Classification, Extracting, Refining, Uses.

Boiled Oils, and Dryers. Hydrogenation.

#### Mineral Oils-

Oil Wells, Crude Oil, Refining, Refinery Products.

1074 APPENDIX.

Sugar. Leather. Soap and Toilet Products.

Paper and Cellulose Derivatives-

Rag and Pulp papers—Fibre Boards and products.

Pyroxolin, Viscose, Cellulose Acotates, etc. Artificial Silk, Pyroxolin Lacquers, Celluloid.

Food Preservation and Milk Products—

Drying, Canning, Chemical Preservation, Cold Storage, Packing, Transportation and Distribution.

Coal Carbonisation and Road Tars.

Resin and Turpentine-Paints and Varnishes-

Including Artificial Resins like Backalite.

Fermentation Industries-

Alcohol and other alcohols, Methylated Spirit, Wine, Beer, Spirits, Motor Spirit, Yeast, Vinegar, etc. etc.

Water Purification-

Purification for Boiler. Potable and Special Uses. Chemical, Physical and Bacteriological methods.

Waste Disposal-

Factory Wastes-Town Sewage disposal.

Purification by Dilution, Filtration, Irrigation, Septic Tanks, Activated Sludge, Bio-aeration.

Starch and Allied Products. Matches.

Heavy Chemicals-

Sulphuric, Hydrochloric, Nitric Acids.

Sodium Carbonate and Bicarbonate—Solvay Process, Sodium Hydroxide—Lime and Electrolytic Methods, Salt, Chlorine, Bleaching Powder, Electrolytic Bleach, Potash, Alum, Gypsum.

Fertilisers-

Fixation of Nitrogen-Natural Ammonia, otc.

Potash, Lime, Gypsum, Phosphates.

Vegetable matter, Enzymes. Fertilisation through crop rotation, Ultra-violet Light, Carbon Dioxide, etc.

The candidates would be expected to present the drawings completed in Mechanical Drawing together with a certificate from their instructor that the work was done by the candidate concerned and was satisfactory—as part of the necessary qualification for proceeding with the Honour School work.

#### HONOURS SCHOOL IN PHYSICS.

### Syllabus for the Subsidiary subject (Mathematics).

Note.—Mathematics should be taught with special reference to physical problems.

iysicar probie	ms.		
The distribut	tion of papers is as follows:—	М	arks.
_	Algebra, Trigonometry, Plane and Analytical Geometry Differential and Integral Calculus, I ential Equations, Vector Analysis		100 100
	Total	••	200

Algebra.—Surds and imaginary quantities; summation of series and elementary theorems on convergence and divergence; elementary theory of equations and graphical and numerical methods for solution of equations; elementary theorems on probability; determinants.

Trijonometry.—De Moivre's theorem; hyperbolic functions; expressions of hyperbolic and circular functions by exponentials; summation of trigonometric series; Fourier series.

Plane Analytical Geometry.—Transformation of co-ordinates; rectangular and polar equations of straight line, circle, parabola, ellipse and hyperbolas and their principal properties.

Solid Geometry.—Transformation of co-ordinates; equations of straight lines and planes and their principal properties; general equation of the second degree with reference to ellipsoids, hyperboloids and paraboloids.

Differential Calculus.—Definition of differential coefficient; differentiation of functions of a single variable; successive differentiation; Taylor's and Maclaurin's theorems and their simple applications; evaluation of functions which assume an indeterminate form; differentiation of implicit functions; partial differentiation; maxima and minima values of functions of one variable; tangents, normals, asymptotes, curvature, double points and tracing of curves; envelopes.

Integral Calculus.—Definition of integration; integration of simple functions of a single variable; integration of rational tractions; integration by formulae of reduction; determination of lengths and areas of curves and of surfaces of solids of revolution.

Differential Equations.—Equations of the first and second order and partial differential equations.

Vector Analysis.—Vector sum, difference, products and their principal properties.

1076 APPENDIX.

### Syllabus for the Principal subject (Physics).

The distribution of papers is as follows:-

Paper I. Mechanics. Paper II. Heat.

Paper III. Light.

Paper IV. Electricity and Magnetism.

Paper V. Modern Physics. Paper VI. Practical (a).

Paper VII. Practical (b).

In addition to whole of the pass course for the B.Sc. Degree, the following must be done:—

#### Physical Chemistry.

Pre-Bohr atomic and molecular theories; valency; the periodic classification of elements; laws of solution; colloidal solution; methods of determining atomic and molecular weights; laws of chemical action; velocity of chemical action and catalysis; photo-ohemistry.

#### Mechanics.

Rectilinear motion; simple harmonic motion; effect of resisting medium; damped oscillations; compound pendulum; central forces; elastic and inelastic collisions.

Differential and integral properties of vectors and the application of vector analysis to general principles of mechanics.

#### Heat.

Thermodynamics.—Entropy; temperature-entropy diagram; principle of increase of entropy; Maxwell's thermodynamical relations and their applications; Joule-Thomson effect; correction of gas thermometer; liquefaction of gases.

General laws governing changes in physical and chemical systems and conditions of equilibrium; Claussius-Clapeyron equation; triple point; phase rule and its application; laws of mass action; reaction isobar and isochore; Nernst heat theorem; chemical constant; theory of thermal dissociation; entropy and maximum probability; absolute value of entropy.

Radiation.—Concept of black body; Kirchoff's law; total radiation from a black body; Stefan-Boltzman law; temperature of the sun; distribution of energy in the spectrum of a black body; Wien's displacement law; Planck's radiation formula. Kinetic Theory of Gases.—Derivation of Maxwell's law of distribution of velocities; law of equi-partion of energy; mean free path; phenomena of viscosity, conduction, diffusion, specific heats; Brownian movements and Einstein's formula; low pressure phenomena; Khudsen's theory of molecular streaming; effusion and vapour pressure of metals; high vacuum pumps and Knudsen's absolute manometer.

Specific Heat.—The quantum theory of the specific heat of a solid.

Conduction.—Rectilinear and periodic flow of heat.

#### Light.

Interference.—Wave Motion in general; group and wave velocity; visibility of fringes when the source has a finite width and when it consists of two point sources; displacement of fringes by a retarding plate in monochromatic and in white light; thin plate fringes, their locality and uses; multiple reflections; Brewster's fringes; Michelson's, Jamin's, Fabry and Perot's and Lummer and Gehroko's interferometers and their applications; thickness of an air film and of a mica plate.

Diffraction.—Division of the wave front into circular zones; the importance of the aperture or obstacle being circular and centric: zone plates, its various foci and the intensity of light at these; division of wave front into strips; Cornu's Spirals and Fresnel's integrals; Fresnel and Fraumhofer class of diffraction phenomena; resolving power of a telescope and a discussion of its magnifying power; resolving power of a grating; concave grating; echelon; resolving power of a microscope and the use of the condenser; ultra microscope.

Polarisation.—Preliminary ideas including Huygens construction and its verification; wave and ray velocities in uniaxials; ellipsoid of elasticity; wave surface; internal and external conical refractions; wave and ray velocities in bi-axials; interference of plane polarised light, parallel and convergent; isochromatic surfaces in uni- and bi-axials.

Spectral Theory.—Simple series spectra; Bohr's theory of hydrogen and ionised helium spectra; motion of nucleus; elliptic orbits; relativity correction; elementary treatment of normal and anomalous Zeeman effect and of Stark effect; elementary quantum theory of band spectra.

Electromagnetic Theory.—Equations of the electromagnetic field; effect of medium on velocity; propagation of energy of plane waves; reflection, refraction and total reflection; propagation of waves in conducting media and in anisotropic dielectrics; the theory of dispersion.

Miscellaneous.—Fluorescence and scattering of light including an elementary treatment of Raman effect; relative motion between the earth and ether.

### Electricity and Magnetism.

Magnetism.—A more detailed and thorough treatment of the pass course.

Electrostatics.—Gauss's theorem and its applications; Poisson's equation; Green's reciprocal theorem; relation between potential and charges on conductors; superposition of effects; coefficients of potentials, capacity and induction and their applications; longitudinal stress and lateral pressure in a tube of force; force on uncharged conductors in the field, specially spherical conductors; systems of condensers; theory of the quadrant electrometer; boundary conditions; electrical images and inversion.

Current Electricity.—Heat produced in a system of conductors; dissipation function; distribution of currents through an infinite solid; boundary conditions for currents.

Various forms of Wheatstone bridge; Kelvin bridge; Crompton potentiometer.

Determination of ionic velocities; application of thermodynamics to reversible cells; concentration cells; solution pressure; capillary electrometer.

Application of thermodynamics to thermo-electric circuits; thermo-electric diagram.

Electromagnetics; line integral of a magnetic field; boundary conditions; force on a magnetic body in a uniform magnetic field; force on current in a field; force of current on current; ballistic ralvanometers: flux meter.

Magnetic properties of materials; demagnetisation; work due to hysteresis; effect of temperature and stress on magnetic bodies; magneto striction; magnetic circuit.

Varying currents, their growth and decay; charge and discharge of a condenser; calculation of currents in secondary circuits; measurement of self and mutual inductances and capacities; circuit with inductance, capacity and resistance; oscillatory discharge.

Alternating currents; power and power factor; circuit containing capacity, inductance and resistance; resonance; oscillographs; simple theory of transformers; skin effect; shielding effect of a mass of metal; repulsion between a conductor and a circuit carrying alternating currents; rotating magnetic fields; single and poly-phase motors; vibration galvanometer.

Electric units; relation between the two systems and measurements connected thereto; determination of standards of practical units. Moving Faraday tubes; mass of an electrically charged sphere; moving charge equivalent to a current; electron theory explanation of Zeeman, Kerr and Faraday effects, para- and dia-magnetism, electrical and thermal conductivity.

Super-conductivity; atmospheric electricity and thunder

### Modern Physics.

Conduction of Electricity through Gases.—Phenomena of the disharge tube and the origin of ions and electrons; mobilities and coefficients of diffusion of ions; distribution of electric force during the passage of current through an ionised gas and the effect of space charge; effect of electric and magnetic fields on a stream of charged particles and determination of their e/m and v; positive rays; parabola method for comparing masses; Dempster's method; isotopes; mass spectrograph; packing fractions.

Theory of ionisation by collision and of emission of electrons from cathode; spark and are discharges; methods for measurement of excitation and ionisation potentials.

Thermionics.—General experimental results on the emission of electricity from hot bodies; production of positive ions from hot. surfaces; theory of thermionic current; work function; space charge effect; distribution of electron velocities; conductivity of flames: mobilities of ions in flames.

Photo-electricity.—Light and emission of electrons; threshold frequency; Einstein's theory; Millikan's experiments; photoelectric cells: sound recording and reproduction.

X.Rays.—Production and nature of X.Rays; different designs of tubes used; Stoke's theory of impulse radiation; absorption by metals; characteristic radiations; Laue's crystal grating; Bragg's spectrometer and determination of wave-lengths; measurement of wave-lengths with a vacuum spectrograph; powdered crystal method.

Characteristic spectra and Moseley's diagram; quantum theory of X-Rays, emission and absorption spectra; spark lines; classical and Compton's theories of scattering; experiments supporting quantum theory; extra-nuclear structure of the atom.

Elements of crystallography and structure of crystals such as

rocksalt, sylvine and diamond.

Radio-activity.—Radio-active substances; nature and detection of rays from radio-active sources; theory of radio-active transformations; radio-active constant; half value period; average life of an atom; conditions of equilibrium of a radio-active substance with its disintegration products; secular and transient equilibria: transformation series of various radio-active elements and their positions in the periodic table; isotope and isobars; radio-activity and age of earth; heating effects of radium.

Nature of alpha rays; range of alpha rays and methods of finding these; Bragg's ionisation curve; charge carried by alpha particles; counting of alpha particles by scintillation and ionisation methods; absorption of alpha rays; single and multiple scattering; experiments on the measurement of nuclear charge; collision of alpha particles with light atoms.

Nature of beta rays; Kaufmann's and Bucherer's experiments; theory of scattering of beta rays by matter; absorption of beta rays; beta ray spectra and their origin.

Nature of gamma rays; methods of measuring their wavelengths; scattering and absorption; gamma ray spectra.

Nature of atomic nuclei; the origin of alpha and gamma rays; internal conversion of gamma rays.

Magnetism.—Theory of para and dia-magnetism; quantum applications to Langevin's theory; the Weiss magneton; the para-magnetism of ions, specially of the first transition series; the molecular field; magnetic anisotropy of crystals; diamagnetism of simple ions and atoms; elementary calculation from Hartree's charge distribution; Weiss's theory of ferromagnetism; the Curie point; magnetic balances; large electromagnets and their construction.

#### Practical Work.

First Year.—Balance by method of oscillations: sensibility, ratio of arms, accurate determinations by specific gravity bottle; moment of inertia of a fly-wheel and of an irregular body by torsion balance; Y by stretching, bending and oscillations; Maxwells' needle; compound and reversible pendulums; calibration of a capillary tube; viscosity of water by flow; surface tension by capillary tube method and of mercury by measurement on a drop (Ouinoke's method); somometer.

Pressure and volume coefficients of a gas; Newton's law of cooling, its verification and specific heat of a liquid by its application; coefficient of linear expansion of a rod; coefficient of dilatation of a liquid by specific gravity bottle; J by rotating cone.

Sextant; magnifying power of a telescope (two methods); focal lengths of concave lenses and convex mirrors; prism spectrometer; angle of the prism and minimum deviation.

Deflection and vibration magnetometers.

Resistance by P.O. box; and correction of a slide wire bridge; comparison of e.m.f.'s by Lumsden's method and by potentioneter; resistance of cells by potentiometer; conversion of a

galvanometer into volt and ammeters and their calibrations; determination of electrochemical equivalents.

Second Year.—Young's modulus and rigidity by Searle's method; bulk modulus for glass; viscosity of air and hydrogen by flow.

Calculation of molecular weight by depression of freezing point and raising of boiling point (Beckmann's thermometer). Ratio of specific heats of a gas; J by electrical methods.

Optical lever; resolving power of a telescope; calibration of a prism spectrometer; plane transmission grating; Polarimeter; optical bench: biprism and diffraction; Newton's rings; diameter of a lyoopodium particle by diffraction rings and by high power microscope.

Hysteresis by magnetometer; high resistance; low resistance; Carey Foster's bridge; platinum thermometer; electrolytic resistance; constants of a ballistic galvanometer; capacities; inductances; thermocouple, its calibration and determination of the e.m.f.'s generated; characteristic curves of a triode valve.

Third Year.—Young's modulus and Poisson's ratio of glass by interference fringes; surface tension by the method of ripples; viscosity of a fluid by rotating cylinder; production and measurement of high vacua.

Stefan's constant; solar temperature; thermal conductivity by Lee's method; Joly's steam calorimeter.

Jamin's plates; refractive index and Cauchy's constants for air; Michelson's interferometer; determination of wave-lengths, analysis of spectral lines, thickness of a mice plate; thickness of an air plate; specific rotation of quartz; Babinet's compensator; Faradav effect.

Messurement of magnetic fields; capillary electrometer; Millikan's experiment; Triode valve as an oscillator (determination of velocity of sound with Kundu's tube), as a rectifier and as an amplifier; range of alpha rays; absorption coefficient of beta rays.

Courses of Reading for the M.Sc. Examination of 1937 and 1938.

Science Faculty.

Physics (Old Type).

For 1937 and 1938.

Candidates shall be required to answer questions on Properties of Matter, Sound, Light, Heat, Magnetism and Electricity, not

involving more than an elementary knowledge of Differential and Integral Calculus and of Differential Equations. An acquaintance with important recent work will be expected.

In the practical examination candidates shall be required to perform physical measurements with the more usual instruments.

Examination of Laboratory Note-books containing a record of experiments performed during the course, initialled by the Professor of the subject.

The following books are suggested for study and reference:-Properties of Matter, by Poynting and Thomson (Griffin).

Heat, by Preston (Macmillan).

Crowther's Ions, Electrons and Ionising Radiations.

Theory of Light, by Preston (Macmillan).

Physical Optics, by Wood (Macmillan).
Elementary Mathematical Theory of Electricity and Magnetism, by J. J. Thomson (Camb. Univ. Press).

Text-book of Practical Physics, by Watson (Longmans). Starling's Electricity and Magnetism (Longmans).

Andrade's Structure of the Atom (Bell).

Houstoun's Treatise on Light (Longmans). Lewis: System of Physical Chemistry, Vol. III. Quantum

Theory (Longmans).

General Physics, by Edser (Macmillan).

In the practical examination candidates must present Notebooks containing the original data and a concise account of each experiment, dated and initialled by their Professor.

Examiners shall place an increasing emphasis upon the origin-

al Laboratory Note-books of the candidates.

In the practical examination the student shall submit a dissertation upon some special portion of a subject embodying and analysing the results of his own observations.

Distribution of	Subject—	Α	Iarks.
Paper I.	Properties of Matter		75
Paper II.			100
Paper III.			100
	Electricity and Magnetism		100
Paper $V$ .	Electro-magnetic Theory and	Re-	
	cent Developments		100
	Thesis		75
Paper VII.	Practical		150

### PHYSICS (HONOURS SCHOOL).

The M.Sc. Examination of the Physics Honours School can be taken either on thesis alone, or by written papers, practicals and

a dissertation. The distribution of the various papers is as follows:---

Paper I, on one special subject such as Spectroscopy, or X-Rays; or Discharge of Electricity through Gases and allied phenomena, or Radio-activity, or Wireless and Television, or other subjects the teaching of which it may

from time to time be possible to arrange.

Paper II, on the branches of Modern Physics mentioned in the B.Sc. (Honours School) syllabus but excluding that branch offered in Paper I above. A more advanced and detailed knowledge of the various branches will be required for this paper than that for Paper V of the B.Sc. (Honours School).

Paper III, practical (two days).

Paper IV, a dissertation.

#### HONOURS SCHOOL IN ZOOLOGY.

Each candidate for the M.Sc. Degree Examination of the Honours School shall furnish evidence of having been engaged in resoarch work on some special subject or branch of Zoology for at least one year after passing the B.Sc. (Hons.) Degree Examination and shall, at the time of examination, submit a \*thesis, a series of preparations and any other evidence of his work.

The dissertation shall exhibit a knowledge of recent work on the subject chosen, and should include an account of practical work performed by the candidate, in connection with the subject.

The subject shall be specified in writing to the Registrar at the time that the candidate makes his application. A viva voce examination shall be held on the subject of the dissertation submitted.

#### HONOURS SCHOOL IN BOTANY.

For the M.Sc. Examination of the Honours School in Botany each candidate shall furnish evidence of having been engaged in research work on some special subject or branch of Botany for at least one year after passing the B.Sc. Honours Examination, and shall; at the time of examination, submit a thesis, a series of preparations and any other evidence of his work.

The dissertation shall exhibit a knowledge of recent work on the subject chosen, and shall include an account of practical work performed by the candidate in connection with the subject.

<sup>\*</sup> To be judged by two examiners, one external and one international residual remindate has worked (Syndicate Proceedings, dated the 9th June, 1923, paragraph 14).

The subject shall be specified in writing to the Registrar at the time that the candidate makes his application. A viva voce examination shall be held on the subject of the dissertation submitted

#### GEOLOGY: 1937 AND 1938.

Candidates must possess a good general knowledge of dynamical and geotectonic geology, including the modern theories of metamorphism, earth-movements and vulcanicity. The stratigraphy of India with some degree of detail and of the rest of the world in a general manner, special attention being paid to the geology of the Punjab, Kashmir and the N.-W. Himaleyas. A general knowledge of Palsontology, invertebrate and vertebrate; the macroscopic and microscopic characters of the important types of rocks; the characters, geological relations and occurrence of the economic mineral products of India.

#### Practical nork :-

Recognition and description of minerals, rocks and fossils, measurement and projection of crystals, drawing of geological maps and sections, microscopic examination of rock and crystal sections, the preparation of micro-sections of Indian rocks and fossils, the preparation of rock-sections for the petrological microscope.

Candidates may be required to show some knowledge and experience of their subject in the field.

The following books are suggested :-

Chamberlain and Salisbury—Geology, Advanced Course, Vol. I (Murray).

Paleontologia Indica—parts dealing with the fossils of the Salt Range, Punjab and North-Western Himalayas.

Leith—Structural Geology (Constable). Text-book of Geology, by Geikie, Vols. I and II, 4th edition

(Macmillan and Čo.).

Structural Geology, by Leith, Revised edition (Henry Holt and Co.).

Geology of India, by Wadia (Macmillan and Co.).

(N.B.—The necessary publications of the Geological Survey of India should be consulted for Indian Stratigraphy.)

The Quinquennial Review of the Mineral Production of · India—Records, G.S.I., Vol. LVII.

Invertebrate Palæontology, by Woods (Latest edition, Camb. Biological Series).

100

100

Outlines of Palæontology, by Swinnerton (Edward Arnold
and Co.).
Geology of the Metalliferous Deposits, by Rastall (Camb Univ. Press).
The Principles of Petrology, by Tyrrell (Methuen and Co.).
The Study of Geological Maps, by Elles (Camb. Univ. Press)
Notes on Geological Map Reading, by Harker.
Field Geology, by Lahee (McGraw Hill Book Co.).
Thomas and McAlister—Geology of the Ore Deposit (Arnold)
Dana—Text-book of Mineralogy.
Tutton-Crystallography and Practical Crystal Measure
ments (Macmillan) (new edition), chapters 30, 31, 33, 38
39, 41, 42, 48 and 54.
Harker—Petrology (Cambridge University Press).
Marks.
ne distribution of the subject shall be as follows :
Paper I. Dynamical and Structural Geology 100
Paner II Stratigraphical Geology and Palmonto-

nomic Geology of India) Paper IV. Mineralogy (descriptive) and Petrology 100 Mineralogy ... 100 Paper VI. Practical Geology Paper VII. Practical Geology II 100 Candidates must present Note-books containing their original

..

..

Geology of India (including the Eco-

logy

T

Paper III.

notes of laboratory and field work performed in the course of their studies. These notes are to be dated by the students and initialled by the teachers. Note.—This outline is intended to show the general scope of

the examinations, but examiners should not be precluded from setting questions upon portions of the subject of similar character and standard to those indicated.

#### Physiology: 1937 and 1938.

- The General and Special Physiology (including Histology) of the animal body.
- 2. A Course of Advanced Physiological Chemistry.
- The Physiology of Reproduction and of Development.

4. The Elements of Physiological Psychology.

The practical examination will be on the same lines as for the B.Sc. Examination, but of a more advanced character, and include the Methods of Anatomical and Histological Research. experimental Electro-physiology and Physiological Chemistry.

Physiological Chemistry, by Gamgee (Macmillan) or by

The following books are suggested:—
The same as for the B.A. In addition—

Bunge (Trübner).			
Ladd's Physiological Psychology (Longmans).			
Quain's Elements of Anatomy, Vol. I, Pts. 1 and 2			
(Longmans).  A Text-book of Physiology, by British Authors, ed. Schafer.			
Marshall: Physiology of Reproduction.			
Distribution of Subject— Marks.			
Paper I. An essay on one or more of a number			
of suggested subjects 100  Paper II. General and Theoretical 100			
Paper III. General and Theoretical 100			
Paper IV. Histology 100			
Paper III.         General and Theoretical         100           Paper IV.         Histology         100           Paper V.         Physiological Chemistry         100           Paper VI.         Practical         200			
Note.—This outline is intended to show the general scope of			
the examinations, but examiners should not be precluded from setting questions upon portions of the subject of similar charac- ter and standard to those indicated.			
TECHNOLOGY.			
The following is the number and distribution of papers:—			
I. Chemical Engineering. II. Technical Chemistry and Chemical Engineering.			
III. Part A: Elements of Mechanical and Electrical Engineering.			
Part B: Commercial Economics and Industrial			
Organisation and Administration.			
IV. Report including Viva Voce Examination.			
V. Practical Examinations.			
Paper I.—Chemical Engineering 100 marks.			
Flow of Heat, Flow of liquids and gasses, Transportation of materials in a plant, Solution, Size Reduction, Mechanical Separations, Drying, Evaporation, Distillation, Mixing and Kneading, Crystallisation, Refrigeration, Humidity Con- trol.			
Paper II.—Technical Chemistry and Chemical Engineering 100 marks.			

Fuels, Combustion, Furnaces, Power Generation and Transmission, Lubrication, Thermal and Electrical Insulation,

Pyrometry, and High Temperature Production, Refractories, Materials of Construction of Chemical Plant, Factory Location and Design, Organic and Inorganic processes. Annied Electrochemistry.

#### Paner III.-

A. Elements of Mechanical and Electrical Engineering 50 marks.

### (a) Electrical-

Direct current .\_\_

Instruments, Ammeters, Voltmeters and Wattmeters.

Generators, different types and their use in electrical generating stations.

Faults and their remedies.

Systems of distribution.

Use of secondary batteries, installation and charging. Different types of motors, practical uses and installa-

Motor starters.

Faults and their remedies

#### Alternating currents :--

Single and three-phase systems. Instruments.

Alternators, transformers, motors and converting apparatus.

The course of lectures will be supplemented by practical tests in the electrical engineering laboratory.

### (b) Mechanical-

Mechanisms, Machine tools, Strength of Materials, Shafts, Beams and Girders, Simple structures.

B. Commercial Economics and Industrial Organisation and Administration . . . . . 50 marks.

#### (a) Commercial Economics-

Ari introductory course in Economics aiming at a presentation of Economic Theory and Practice as it affects industry to-day in the Punjab. A frank attempt at facing the obstacles confronting economic progress in India.

#### PART T.

Description of economic conditions in the West.

Particular emphasis on methods of production—a study of mass production. The problems presented to India by world competition in the economic realm. A rapid

survey of production methods in England, America and other European countries. Problems: labour, distribution, large scale production, governmental supervision.

#### PART II.

A synopsis of Economic Theory—production, exchange, value and distribution. Theory of money. Joint Stock principle.

#### PART III.

Some practical problems in Economics with special emphasis on conditions in the Punjab. Resources of the Punjab, the industrial possibilities scrutinised, the problem of labour efficiency, the seeming lack of economic opportunity, the "shynness" of capital, cooperative schemes, costing methods, transportation, agriculture, the Punjab's economic position in India.

(b) Industrial Organisation and Administration.

Paper IV .- Report, including Viva Voce Examination, 100 marks.

On the possibilities of any particular Industry in the Punjab, together with detailed proposals for setting up a plant for a certain specified production for that Industry, including practical work on the raw materials used in that Industry.

Paper V. Paper VI. Practical .. .. .. 200 marks.

The practicals shall include Technical Analysis plus marks assigned for class work and on note-books of work on Plant, together with Viva Voce on the actual use of Plant.

Required Factory Work.

The M.Sc. Degree shall not be awarded to any candidate until he has completed approximately six months' work in a factory, previously approved by the Director. The satisfactory nature of the work of the candidate shall be certified in writing by the Director, after consultation with the Manager of the factory in which the candidate has worked.

The Board of Examiners will consider the whole result of the candidate and declare the candidate passed or failed accordingly and will arrange successful candidates in three divisions.

## Courses of Reading prescribed for the F.O.L. Examination, 1937 and 1938.

### ENGLISH: 1937 AND 1938.

The same courses as prescribed for the Intermediate in Arts for 1937 and 1938, respectively.

#### HISTORY: 1937 AND 1938.

The same courses as for the Intermediate in Arts for 1937 and 1938, respectively.

#### SANSKRIT.

#### For 1937.

- Paper (a) Poetry.—The same as for Prajña, Paper I, for 1937.
- Paper (b) Prose.—The same as for Prajna, Paper II, for 1937.
- Paper (c) Grammar.—The same as for Prājña, Paper V, for 1937.
- Paper (d) Translation.—From Sanskrit into Vernacular and vice versa,

#### For 1938.

- Paper (a) Poetry.—The same as for Prājña, Paper I, for 1938.
- Paper (b) Prose.—The same as for Prajña, Paper II, for 1938.
- Paper (c) Grammar.—The same as for Prājila, Paper V, for
- Paper (d) Translation.—From Sanskrit into Vernacular and vice versa.

#### ARABIC.

### For 1937.

- Paper (a) Poetry.—Intermediate Course (Arabic) (Edition of 1928): Poetical Selections; Diwānu Şarf'-al-Ghawānf.
- Paper (b) Prose.—Intermediate Course, Arabic (as above):
  Prose Selections; Tärikh al-Khulafā: Abda' al-Asālīb, pp. 189–332.
- Paper (c) Grammar.—Marāḥ al-Arwāḥ; Kāfiya.
- Paper (d) Translation.—From the Classical Language into the Vernacular and vice versa.

### For 1938.

- Paper (a) Poetry.—Qaff al Azhár (published by the Panjab University): Poetical Selections; Diwan Abu 'l-'Atahiya—first half.
- Paper (b) Prose.—Qatf al Azhár (published by the Panjab University): Prose Selections; Tārīkh al-Khulafā: Abdas al-Asālīb, pp. 189–332.
- Papers (c) and (d) As for 1937.

#### PERSIAN.

#### For 1937.

- Paper (a) Poetry.—\*Sabad-i-Gul (published by the University of the Panjab): Poetical Selections; Tuhfat al-Aḥrār-i-Jāmī; Rubā'yāt-i-Tmar Khaiyām.
- Paper (b) Prose.—\*Sabad.i-Gul (published by the University of the Panjab): Prose Selections; Ruqqa'āt 'Alamgīrī; Ḥakīm-i-Nabātāt.
- Paper (c) Grammar.—Misbáh-al-Qawá'id, by Jalal-ud-Din Ahmed Ja'fari (Anwar-i-Ahmadi Press, Allahabad).
- Paper (d) Translation.—Persian into Vernacular, Vernacular into Persian.

#### For 1938.

Paper (a) From Tuḥfat al-Aḥrār-i-Jāmī omit Maqalas 17 and 18.

The rest as for 1937.

#### Indian Vernacular.

#### URDU: 1937 AND 1938.

- Paper (a) As for the Intermediate in Arts Examination (Optional), 1936 and 1937, respectively.
- Paper (b) Prose and Poetry:—Ibn al-Waqt; Nairang-i-Khayāl; Chahār Gulzār-i-Ḥālī; Guldasta Muḥsin Kākorawī.

<sup>\*</sup> Note.—Candidates are not expected to study biographics of little known poets in connection with the selections from the Tulfatal-Habib.

#### F.O.L. EXAMINATION.

#### PANJABI: 1937 AND 1938.

Τv	wo written papers of three hours each—		1	Iarks.
	Paper A.—Explanation and paraphras in Poetry and Prose with text-books and their auth	questi		

### Poetry-

- (a) Twenty-two Vars from Adi Granth.
- (b) Selections from Hir Wari's Shah, pages 108 to 194 (Gulab Singh's edition, 1911).
- (c) Kafian Bullah Shah.

#### Paper B .--

Prose-

Composition and Essay .. .. 50

(a) Janam Sakhi of 1st Guru (Dit Singh).(b) Pavitra Jiwan (Kh. Tract Society).

Paper (b) should include questions on idioms, uses of words, phrases and proverbs and on the formation of words.

#### HINDI.

### For 1937.

Paper (a) The same as for Intermediate Hindi (Optional),
Parts (a) and (b), for 1937.

Paper (b) 1.—Tulasi Rāmāyana, Kandās III, IV and V. 2.—Sacitra Mahābhārata, by Mahavīra Prasāda Dvivedi (Indian Press, Allahabad).

#### For 1938.

Paper (a) The same as for Intermediate Hindi (Optional),
Parts (α) and (b), for 1938.

Paper (b) The same as for 1937.

### B.O.L. Examination, 1937 and 1938.

English: 1937 and 1938.

The same courses as prescribed for the B.A. for 1937 and 1938, respectively.

#### SANSKRIT.

### For 1937.

- Paper (a) The same as for Viśārada, Paper I, for 1937.
- Paper (b) The same as for Viśarada, Paper II, for 1937.
- Paper (c) The same as for Viśarada, Paper V, for 1937.
- Paper (d) Translation-From Sanskrit into Hindi and vice versa.

Composition.-In Sanskrit.

#### For 1938.

- Paper (a) The same as for Viśārada, Paper I, for 1938.
- Paper (b) The same as for Viśārada, Paper II, for 1938. Paper (c) The same as for Viśārada, Paper V, for 1938.
- Paper (d) The same as for 1937.

#### ARABIC.

#### For 1937.

- Paper (a) Poetry.-Simt al-Durar (published by the University of the Panjab): Poetical Selections; Sab 'Mu'allaga.
- Paper (b) Prose.—Simt al-Durar (published by the University of the Panjab): Prose Selections: Siratu Rasūl illāh of Ibn Hishām, from Hijra to the end of the Battle of Badr.
- Paper (c) Grammar.—Mufassal: al-Kāfī fil-'Arūz wal-Qawāfī.
- Paper (d) Translation.—Arabic into Urdu and vice versa. Composition.—Essay in Arabic.

# For 1938.

Papers (a) and (b) For Simt al-Durar (published by the University of the Panjab) substitute Jawahir al-Buhur (published by the University of the Panjab).

The rest as for 1937.

#### PERSIAN.

#### For 1937.

- Paper (a) Poetry.—Gulshan-i-Ma'áni (published by the University of the Panjab): Poetical Selections; Matla' al-Anwar-i-Khusro; Qasa'id-i-'Urfi.
- Paper (b) Prose.—Gulshan-i-Ma'ani (published by the University of the Panjab): Prose Selections; Sarguzashti-Wazîr-i-Khān-i-Lankurān; Intikhāb-i-Tadhkira Dawlat Shah (Anwar-i-Ahmadi Press).
- Paper (c) Grammar and History of Literature.—Kanz-ul-Balághat and al-'Arud wa'l Qawafi (both published by Anwar-i-Ahmadi Press, Allahabad); Shir-al-'Ajam, Parts 1 and 2.
- Paper (d) Translation .- Persian into the Vernacular and vice

Composition.—Essay in Persian.

For 1938. Paper (a) From Matla' al-Anwar (Aligarh Edition) omit Magalas 5 and 10. Add to Qaşa'id-i-'Urfi : (Qasa'id only).

The rest as for 1937.

#### Indian Vernacular.

### PANJABI: 1937 AND 1938.

Two written papers of three hours each-

Marks.

- (a) Exposition, paraphrasing and explanation of passages in Poetry and Prose with questions on the text-books and their authors 50
- The following Courses of Reading are prescribed:-Poetrv-
  - Bhagatan di Bani from Adi Granth.
  - Varan Bhai Gur Das.

#### Prose-

Part I, No. 2 (Biographies of Gurus 2nd to 6th) of Twarikh Guru Khalsa (Gayan Singh).

(b) Unseen passages from modern books and journals with questions calculated to test the candidate's ability to grasp and express what he reads and his knowledge of Panjabi Idiom, Prosody and Figures of Speech . . 50

### URDU. For 1937.

Paper (a) Poetry and Prose.—Nazm-i-Āzād, Qasā'id-i-Dhawq, Bāng-i-Dirā, Ysādgār-i-Qhālib, omitting the sections on Qhālib's Persian prose and poetry; Darbār-i-Akbarī (excluding Tatinnna); Talism-i-Zindagi, by Mian Bashir Ahmad, B.A. (Oxon); \*Adabi Khatut-i-Ghalib (ed. by Mohammad Askari).

Paper (b) Prosody, Rhetoric and Composition.—Umdatul Qawa'id; Bahr al-'Arūd; Tadhkirat al-Balāghat. Essay in Urdu.

#### For 1938.

Paper (a) Add to Qaṣā'id-i-Dhawq: (the edition published by Sh. Mubarak Ali).

Paper (b) From Tadhkirat al-Baläghat (Delhi, 1900) omit

and the following passage on page

and the following passage on page (به و and the following passage): from (در اس حذف مین یه نکته بهی هوسکتا ه

رر اس عدد میں یہ تعدہ بھی عوست ع مذف کودیتے میں up to

The rest as for 1937.

#### HINDI: 1937 AND 1938.

Paper (a) Poetry and Prose .--

(i) Tulasī Rāmāyaṇa, Bāla Kāṇḍa and Ayodhyā Kāṇḍa.
(ii) Bhūṣaṇa Granthāvali, edited by Shyama Vihari Misra, M.A., and Sukadeva Vihari Misra, B.A., Nagari Pracharni Press, Benares.

(iii) Galpa Samuccaya, compiled by Prema Chand, Sarasvati Press, Benares. Price Rs. 2-8-0.

Paper (b) Prosody, Rhetoric and Composition.—

 (i) Alamkāra Prabodha, by Rama Rama, Sahitya Rama Bhandara, Agra.

(ii) Chanda Prabhākara, Venkatesvara Press, Bombay.

(iii) An essay.

<sup>\*</sup> To be had of the Anwar-al-Matabi, Lucknow. Price Re. 1-12-0.

### HISTORY.

- 2. Tafsīr-i-Wadduḥā (Price 4 annas).
- Paper IV. An easy essay in Pashto.

#### For 1938.

- Paper I. 1. Fawa'id Shari'at (Price Re. 1).
  - Tafsír Wadduhá (Price 4 annas).
     Zaming Muhammad Nabi (Price Re. 1).
- Paper II. 1. Díwán 'Azím (Price Re. 1).
  - 2. Diwan Mohammad Amin (Price 8 annas).
- Qatal, by Khan Mohammad Aslam Khan Khattak, Publicity Office, N.-W.F. Province, Peshawar (Price 4 annas). (To be had of the author.)
  - . Qissa Qamaruzzamán Shahzáda (Price 4 annas).
  - Hagha Dagha, by K.S. Ahmad Jan (Price Rs. 3).
     (To be had of the author K.S. Munshi
     Ahmad Jan Khan, Honorary Magistrate,
     Peshawar.)

Paper IV. An essay in Pashto.

<sup>\*</sup> The Pashto books recommended can be had of M. Abdul Khaliq, Bookseller and Stationer, Kissa Khani Bazaar, Peshawar City, unless otherwise stated.

#### High Proficiency in Pashto Examination.

#### For 1937.

- Paper I. 1. Diwan-i-'Abdul Rahman (Price 8 annas).
- Kuliyyāt-i-Khushhāl Khān, edited by M. Abdul Majid Afghani.

(Part I from pages 1 to 98 and Part II from pages 1 to 100) (Price of complete book, Rs. 5).

- Paper II. 1. Ta'rīkh-i-Afāghina, by M. Abdul Majid Afghani (Price Re. 1-8-0). 2. Shāhnāma (first 200 pages) (Price Re. 1-4-0).
- Paper III. Sirāj-ul-Haj (the whole) (Price Re. 1).
- Paper IV. An essay in elegant Pashto.

#### For 1938.

- Paper I. 1. Diwán Abdur Rahman (Price 8 annas).
  2. Akhum Gada (Price Re. 1).
- Paper II. 1. Shahnameh Afaghina (first 200 pages) (Price Re. 1-4-0).
  - Alif Laila, four parts (Price Re. 1).
- Paper III. 1. Siráj ul Ḥájj (complete) (Price Re. 1). 2. Qiṣṣa-i-Saiful Mulūk (Afghani), by Sayyid Rahatullah (Price 8 annas).
- Paper IV. An essay in elegant Pashto.

#### Honours in Pashto Examination.

#### For 1937.

- Paper I. Kuliyyāt-i-Khushhāl Khān (Part II from pages 300 to 606) (Price of the complete work. Rs. 5).
  - Diwan 'Abdul Hamid (Price Re. 1).
- Paper II. 1. Qiṣaṣ-ul-Anbiyā (Price Re. 1).
  2. Akhun Gadā (Price Re. 1).
- Paper III. Asrār-ul-'Arifin (Price Re. 1-8-0).
- Paper IV. An essay in elegant Pashto.

#### For 1938.

- Paper I. 1. Kulliyát Khushál Khán (complete) (Price Rs. 5).
  - Díwán Háfiz al-púrí (Price Re. 1).
- Paper II. Tarikh Afghanistan, by K.S. Ahmad Jan (Price Rs. 4-8-0). To be had of the author K.S. Munshi Ahmad Jan Khan, Honorary Magistrate, Peshawar.
- Paper III. 1. Qisas ul-anbiyá (Price Rc. 1). 2. Asrar al-'Arifin (Price Rc. 1-8-0).
- Paper IV. An essay in elegant Pashto.

# Courses of Study prescribed by the Senate for the Medical Examinations of 1937 and 1938.

For the Degree of M.B.B.S.

FIRST PROFESSIONAL EXAMINATION.

# For 1937 and 1938.

#### Anatomy—

- 1. Gray's Descriptive and Surgical Anatomy.
- 2. Cunningham's Practical Anatomy.

#### Physiology-

- 1. Halliburton's Hand-book of Physiology.
- 2. Cole's Physiological Chemistry.
- 3. Anrep and Harris : Practical Physiology.
- Schafer's Essentials of Histology.

#### SECOND PROFESSIONAL EXAMINATION.

For 1937 and 1938.

#### Materia Medica-

Pharmacology and Therapeutics or the Action of Drugs, by Cushny.

Or.

Hale White's Materia Medica.

0r.

Ghosh's Materia Medica.

Pathology-

(i) A Text-book of Pathology, by Muir,

(ii) A Text-book of Pathology, by MacCallum.

(iii) Handbook of Bacteriology, by Bigger,

(iv) An Introduction to Practical Bacteriology, by Mackie and McCartney.

THIRD PROFESSIONAL EXAMINATION.

For 1937 and 1938.

Forensic Medicine-

Lyon's Medical Jurisprudence.

Smith's Forensic Medicine.

Or.

Dixon-Mann's Forensic Medicine and Toxicology.

Hygiene-

Parkes and Kenwood's Hygiene.

Or.

Indian Hygiene and Public Health, by Dunn and Pandya.

FINAL PROFESSIONAL EXAMINATION.

For 1937.

Medicine-

- 1. Price's Text-book of the Practice of Medicine.
- 2. Tropical Medicine, by Rogers and Megaw. 3. Hutchison and Rainy's Clinical Methods.

Finalyson's Clinical Manual.

Surgery-

1. Rose and Carless's Manual of Surgery. Or,

Gask and Wilson's Text-book of Surgery.

- 2. Caird and Catheart's Surgical Handbook.
- 3. Waring's Operative Surgery.

Midwifery--

Johnston's Midwifery.
Tweedy and Wrench's Rotunda Practical Midwifery.

#### Gvnæcologv--

Steven's or Blair Bell's Principles of Gynecology.

# Diseases of Children-

Hutchison's Lectures on Diseases of Children.

# Eve Diseases-

Parson's Diseases of the Eve.

# Nose, Throat and Ear Diseases-

- Porter's Diseases of the Ear, Nose and Throat; edited by Logan Turner.
  - Clinical Examination of the Ear, Nose and Throat, by Dr. Bhagwan Das Uberoi.

For 1938. '

Medicine--

The same as for 1937.

#### Surgery-

The same as for 1937.

# Midwifery-

- Johnston's Midwifery.
- Tweedy and Wrench's Rotunda Practical Midwifery. Midwifery, by ten teachers.

# Gvnæcology-

Steven's Principles of Gynæcology,

Gynæcology, by ten teachers,

or.

Blair Bell's Principles of Gynacology.

Diseases of Children-

The same as for 1937.

Eye Diseases-

The same as for 1937.

Nose, Throat and Ear Diseases— The same as for 1937.

# ' For the Degree of Bachelor of Dental Surgery.

FIRST PROFESSIONAL EXAMINATION.

# 1. Anatomy and Comparative Anatomy-

- A. Forty lectures and demonstrations over three terms to cover the following:—
  - Microscopical appearance of tissues.
  - Elementary Anatomy of the skeleton, joints, muscles, viscera, vessels, lymphatics, and nerves.
  - The topographic anatomy of the head, neck, central nervous system and sense organs.
  - The development of the jaws, face, buccal cavity, and teeth.
- The dissection of the thorax and abdomen, with special reference to the circulatory, respiratory, alimentary and genito-urinary systems, and the dissection of the head and neck.
- B. 1. Special anatomy to include—The special characteristics of the dentitions of vertebrata including mammals, pisces, amphibia, reptilia, and aves.
  - The tempora-mandibular articulation, movements of the mandible, and occlusion of teeth.

# Text-book prescribed :-

Dental Anatomy, Human and Comparative, by Headridge and Gibson.

#### 2. Physiology and Dental Histology-

- A. A course of 40 lectures and, or, demonstrations covering the following syllabus:—
  - An elementary knowledge of the working of the human body as a whole, with special reference to the applications of Physiology in dentistry.
  - 2. The composition, properties, and function of saliva.
  - 3. Mastication and deglutition.
  - Simple chemical Physiology tests for proteins, fats and carbohydrates.
  - 5. The digestion, blood, bile and urine.

- Histological methods,—fixing, hardening, decalcifying, embedding, staining, mounting and preserving, and recognition of tissues under the micros-
- Histology and functions of dental tissues, gums, alveolar process, maxillary sinus, nasal fosse, pharynx, tonsils, tongue and associated glands.
- 8. Demonstrations in elementary experimental Physiology.

Text-book prescribed :--

Dental Histology, by Livingston.

SECOND PROFESSIONAL EXAMINATION.

1. Dental Materia Medica-

A course of lectures and demonstrations extending over three months including:—

Antiseptics and drugs exercising corrosive action on tissues, anæsthetics and local anæsthetics, drugs acting on the heart and circulation.

Text-book prescribed :-

"Dental Materia Medica", by Marsden, 1926.

Dental Pathology and Bacteriology—

A course extending over six months and comprising not less than 20 lectures and demonstrations in Morbid Anatomy and Pathology and 20 lectures and demonstrations in Bacteriology.

- A. General Pathology to include a study of inflammation, infection, and immunity. Repair of soft structures and bones. Disorders of the blood, circulation and nutrition. Auto-intoxication, fever and pyrexia. Degenerations and retrogressive changes. Biology of neoplasms.
- B. Bacteriology to include the morphology and biology of micro-organisms with reference to staphylococci, streptococci, pneumococci, B. coli, B. typhyosus, B. Diphtheriæ, B. tuberculosis, Actinomycosis, S. pallida. The applications of bacteriology to the diagnosis and treatment of diseases of the mouth.
- C. Special Pathology. The pathology and malformations of the teeth and jaws. Rickets, syphilis,

tuberculosis, scurvy, hæmophilia, diseases of the salivary and lymph glands, cretinism, Acromegaly, and Actinomycosis.

Text-books prescribed :-

"Dental Pathology", by Buston.

"Dental Bacteriology", by Broderick.

# THIRD PROFESSIONAL EXAMINATION.

- Dental Prosthetics and Elementary Metallurgy :—
  - A. A course of not less than 20 meetings in the following subjects:—

Indications for dentures. Preparation of the mouth. Impression-taking technique in full and partial dentures.

Analysis of forces which act on dentures. Distribution of Stress in bite-making.

Arrangement of teeth to make natural appearance. Stability of dentures. Balanced occlusion.

Partial dentures, design and bone attachments. Obturators and splints.

B. Materials, precious metal and other metals, vulcanite, synthetic resins and substitutes. Effects of exposure in the mouth of metals, their alloys and amalgams.

Preparation of alloys, including those suitable for dies and counter dies.

Preparation of fusible alloys. Preparation of Materials employed in dental cements and their properties. Preparation of dental amalgams and examination of them for changes in volume and permanence. Theory of blow pipe—use of fluxes. Description and use of furnaces and muffles.

Text-books prescribed :---

"Dental Prosthetics", by Logan.

"Dental Metallurgy", by Brown.

Candidates for the Degree of B.D.S., who have not obtained the M.B.B.S. Degree of the Panjab University, or of any other University in India considered equivalent for this purpose by the Syndicate, on the recommendation of the University will be required to attend additional courses of instruction in Medicine and Surgery, including a three months' course of instruction in Practical Medicine and Practical Surgery in the wards of a recognised Hospital, and pass the examinations in these two subjects.

#### 2. Medicine-

A course of not less than 30 lectures in General Medicine, with special reference to disorders most commonly met with in oral infections, diseases of nerves, and paralysis.

Text-books prescribed :-

"Text-Book of Medicine", by Conybeare.

"Clinical Methods", by Hutchison and Hunter.

#### 3. Surgery-

A course of not less than 30 lectures and demonstrations, with special reference to the General Principles and Practice of Surgery including inflammation, infection, wounds, blood and lymph vessels and glands, bones, joints, injuries to nerves, surgical affections of the mouth, tongue, lips, tonsils, gums, palate, and of the nose and naso-pharynx.

Text-book prescribed :-

"A Text-Book of Surgery for Dental Students", by Mills and Humphreys.

#### FINAL PROFESSIONAL EXAMINATION.

Subjects.

Course of instruction.

 Orthodontia .. A. A course of not less than 10 lectures covering the following:—

Terms and definitions used.

Factors influencing the cruption of teeth.

Normal occlusion and factors producing

Etiology of mal-occlusion,

Diagnosis and classification.

Treatment by extraction, and surgical methods other than by extraction and by appliances.

Text-book prescribed :-

"Orthodontics", by Wilson.

2. Operative Dental Surgery and Dental Radiology.

A. The operating room, its design and requirements.

Tachnique of sterilisation of instru-

Technique of sterilisation of instruments, etc. Oral examination, charting and recording.

Oral hygiene.

Technique of scaling.

Teeth separation—immediate and mediate.

mediate.

Classification and preparation of cavities Materials used in fillings. Methods of insertion and finishing.

Inlays with modification of cavity

designs.

Dental pulp and its treatment, vital and

non-vital.

Root canals, technique and procedure of filling Minor surgical operations. Extraction of teeth, complications, accidents and sequelæ.

#### Text-books recommended :-

"Dental Surgery and Pathology", by Calyer. Operative Dentistry, by Jamison.

## B. X-ray tubes :-

Direct and alternating currents.

Spach coil and closed core transformers.

Production and control of X-rays.

Properties of X-rays, penetration and absorption, quantity and intensity, secondary and scattered radiation, dangers and protection, operating exposure, dosage, augulation, intraoral films, bitewing films, extra oral films.

Developing and fixing.

Interpretation. Methods of examination, anatomical considerations, normal conditions, pathological changes, differential diagnosis, mistaken interpretations.

## Preliminary Law Examination.

#### For 1937.

- Paper I .. Jurisprudence and I. Jurisprudence, by W. Roman Law. N. Hibbert, 1932.
  - W. A. Hunter's Infroduction to Roman Law, revised by F. H. Lawson, 9th Edition, 1934.
- Paper II .. Constitutional Law
  (English and
  Indian).
- Constitutional Law, by E. C. S. Wade and G. G. Phillips, 2nd Edition, 1935.
  - 2. The Government of India, by C. L. Anand, 5th Edition
- Paper III .. Hindu Law,
  Mo h ammadan
  Law and Punjab
  Customary Law.
- (revised), 1936. 1. Sir D. F. Mulla's Principles of Hindu Law, 8th Edition. 1936, omitting Sections 41 to 43, 45 to 56, and 60 of Chapter IV; Sections 68 to VII; Sections 149 to 157 of Chanter X : Sections 372 to 378 of Chapter XIX, and Chapters XXI, and XXVII to XXIX.
  - to XXIX.
    2. Sir D. F. Mulla's
    Principles
    Mohammadan Law,
    10th Edition, 1933,
    muitimg Sections
    50 to 65, 80 to 97,
    excepting names and
    definitions of the
    various classes of
    heirs under each
    head, and Chapter
    XIII dealing with
    Pre-emotion.

- (a) Wheat, Rice, Tea and Coffee.
- (b) Cotton, Jute, Silk, Wool.(c) Coal, Petroleum and Water Power.
- (c) Coal, Petroleum and Water Power.
  (d) Iron and Steel, Gold, Silver and Copper.

Bachelor of Commerce Examination.

Syllabuses and Recommended Books.

For 1937.

FIXED SUBJECTS.

COMMERCIAL LAW.

Contracts.

General Provisions of the Law of Contracts including Sale of Goods, Bailments, Guarantee, Indemnity, Agency and Partnership. Only general principles should be studied from Stevens' Mercantile Law (Part I), the latest (ninth) edition, The Indian Contract Act, by Pollock and Mullah (Students' Edition) and the Indian Partnership Act IX of 1932.

## Company Law.

Formation, management and administration of Companies.

Law of Hundis and Negotiable Instruments.

The Negotiable Instruments Act XXVI of 1881.

Note.—A study of the general principles of law only from the point of view of students of Commerce rather than of lawyers is expected. A detailed study of the Indian Acts is not necessary. They are recommended only for comparative study and reference.

Books recommended:-

Stevens' Mercantile Law-Part I, and Chapter XVII of Part III on Insurance only.

Pollock and Mullah—Indian Contract Act (Students' Edition).

Indian Partnership Act IX of 1932.
Indian Companies Act. Sections 1-154.

The Negotiable Instruments Act.

#### INDUSTRIAL AND COMMERCIAL ORGANISATION.

 Capital.—With reference to the formation of Industrial and Commercial Undertakings, Relationship of First Cost to Turnover, Profits and Demands.

- Production.—Location, Design, Construction, Organisation and Operation of Industrial works—Scale and Scope of Manufactures—Plant—Storage—Management—Staff—Handling of Labour, General Office Organisation—Examples.
- Distribution.—Buying and Selling, including Wholesale and Retail Sales.—Warehousing—Relations with Manufacturers —General Organisation.

4. General.—Insurance—Fire—Marine—Accident, etc. In-

dustrial Combinations-Welfare Work.

- 5. Problems arising from the Employment of Labour.—Relations between Employers and Employees regarding Engagemont, Dismissal, Rate-cutting, etc. Temperament. Trade Unions. Systems of Remuneration. Co-operation, Co-operative Societies Acts. Provident Fund Act.
- Visits to such industrial works and markets as can readily be reached.

Candidates will be expected to have a good working knowledge of the Principles of Economics.

#### Recommended Books :---

Stephenson: Principles and Practice of Commerce.

Elbourne: Factory Administration and Accountancy.

Silverman: Economics of Social Problems.

 Taussig: Principles of Economics, Vol. II, Chapters 45 to 67 inclusive.

Marshall (L. C.) : Industrial Society.

Lee: Industrial Production.

H. W. Houghton, A.C.I.S.: Salesmanship and Advertising. Report of the Royal Commission on Labour in India. Duncan: Principles of Industrial Management.

# ECONOMIC DEVELOPMENT OF INDIA, GREAT BRITAIN AND JAPAN.

I.—India, with special reference to the Punjab.

(a) Home and Foreign Trade of India.

\* 1. Economic Geography of India.

 Brief History of the Development of India's Trade with the World from 1600. The present position. The chief imports, their countries of origin. The importance of the Indian Markets to those countries. Relation of the Home production to the total consumption of those commodities.

 Functions of the middleman in the trade of the country. The financing of the internal and external trade. The relation of tariff and trade. Public institutions. Consular Service.

Chambers of Commerce.

- The chief experts and their destinations. Importance of India as a supplier of the various commodities in those markets.
  - 5. The trans-frontier trade (Persia, Afghanistan and Tibet).
- 6. Importance and Nature of the Internal Trade—inter-provincial and coastal.
  - (b) Economic Conditions and Developments in the Punjab.
- The aim of this part of the paper is to see that the student can apply the knowledge he has acquired in his course to conditions in the Punjab.
- It should be prepared by a geographical and economic survey of the Province as a whole, e.g., physical features, climate, water, soil, sto., natural regions—and the effect of those on economic activities. The course should embrace a bird's-eye view of the existing position, the devices and prospective developments in the Province in such fields as the following:—
- Agriculture, Industry, Trade, Transport (Road and Railway), Irrigation, Co-operation, Banking, Hydro-electric Schemes and Finances.

#### Books recommended :-

- (1) Gadgil—Industrial Evolution of India.
- (2) Brij Narain—Indian Economic Life.
- (3) Jather and Berry-Indian Economics, Volumes I and
- (4) Punjab Provincial Banking Inquiry Committee Report.
- (5) Moreland—From Akbar to Aurangzeb.
- (6) World Economic Survey, 1932-33, League of Nations.
- (7) Report of Royal Commission on Labour in India.
- (8) Abridged Report of the Royal Commission on Agriculture (1928).

#### II .- GREAT BRITAIN AND JAPAN.

#### GREAT BRITAIN.—Since 1750.

- A general outline of the Economic History of England in the period preceding the Industrial Revolution. This part of the syllabus shall not carry more than eighteen marks.
- (1) The eve of the change—population, agriculture, industry, transport, trade, finance, etc. Prevailing economic thought—Mercantilism.
- (2) During the change (1760-1820)—growth of population, inventors and captains of industry, roads and canals, the enclosure movement in agriculture, the growth of trade, etc. Prevailing economic thought—Adam Smith and Malthus.
- (3) The new problems to which the change gave rise and their treatment—trade unions, factory legislation, poor relief, free

trade, the credit economy, colonial policy, etc. Prevailing economic thought—the growth of the philanthropic spirit.

(4) Economic Geography of Great Britain.

Recommended Books :-

Ashley-Economic Organisation of England.

Knowles—Industrial and Commercial Revolutions of the Nineteenth Century.

Rees—Social and Economic History of England, 1815–1914. Waters—Economic History of England.

Hammonds—Rise of Modern Industry.

(Indian Statutory Commission, Part VIII, Volume II.)

Insurance.—

Wilson-"Business of Insurance".

#### (b) 1. Accounting.—

Theory and practice of Single and Double-entry Bookkeeping, including the preparation of Trading and Profit and Loss Accounts and Balance Sheet; Consignment, Bills of exchange and Joint accounts; Parthership accounts including treatment of Goodwill and Company accounts including floatation, reconstruction, amalgamation, absorption and liquidation of Companies; Bad Debts, Depreciation and Reserves; Receipts and Payments and Income and Expenditure accounts; Columnar Book-keepings, Departmental accounts, Branch accounts including Foreign Branch accounts; Sinking Funds and Self-balancing Ledgers.

#### (b) 2. General Trade.-

I. International Trade.—Principles of International Trade. Finance and Foreign Exchanges in relation to International Trade. Free Trade and Protection. Working of Modern Tariffs. Subsidies and Bounties.

- II. Indian Trade.—A study of the Course of Indian Trade during the five years ending on the 30th June preceding the examination.
- III. Salesmanship.—Modern Methods of Advertising and Publicity Work.
- IV. Transport Facilities.—The place of Transport in Modern Trade. Transport problems from the general commercial point of view.

#### Recommended Books :---

- (1) Taussig-International Trade.
- (2) Gregory, T. E.—Tariffs at Work.
- (3) World Production and Prices. League of Nations.
  (4) Review of World Trade.
- (5) Advertising Media, by Harold W. Eby—Butterworth and Co.
- (6) Psychology and Advertising, by A. P. Braddouck, M.A., B.Sc., Lecturer at the University of Birmingham— Butterworth and Co.
- (7) Review of Trade of India, 1932-33.

## GROUP III.

## Accountancy.

## (a) 1. Advanced Accountancy.—

Theory and practice of Single and Double-entry Book-keeping, including the preparation of Trading and Profit and Loss Accounts and Balance Sheet; Consignment, Bills of exchange and Joint accounts; Partnership accounts including featation, reconstruction, amalgamation, absorption and liquidation of Companies; Bad Debts, Depreciation and Reserves; Receipts and Payments and Income and Expenditure accounts; Columnar Book-keeping; Departmental accounts, Branch accounts including Foreign Branch accounts; Sinking Funds and Self-balancing Ledgers.

Accounts of particular businesses, such as Banks, Insurance Companies, Factories, Railways, Hotels, Charitable Institutions and other non-trading concerns; Cost accounts, Bankruptcy and Liquidation accounts; Hire purchase and Instalments system and Royalty accounts; Double account system.

## (a) 2. Auditing.—

The continuous and the completed audit, the Detection of Fraud, Technical Errors and Errors of Principle, First and Subsequent Audit, Verifying Cash, Securities, Stock Sheets, Wages Sheets, Special considerations in different classes of audit, Valuation of Fixed and Floating Assets. Forms of Accounts and Balance Sheets.

Capital and Revenue items, the Auditor's Certificate, the Liabilities of Auditors, the conduct of investigations and certifying of average profits.

Books recommended :-

Dicksee: Advanced Accounting.

Lunt: Manual of Cost Accounts.

Cropper: Accounting.

Dicksee: Auditing. Pixley: Auditors, their Duties and Responsibilities.

#### (b) 1. Banking and Currency.—

Banking .- The nature of banking and the functions of the Banker. Simple banking operations and Clearing House System. How to read the Balance Sheet of a Bank. Banking and Money Market. The Reserve and the Discount rate. Causes of fluctuation in the Bank rate. Credit and its developments. The origin and management of Commercial Crisis. Central Banks. State control of banking.

Money and Currency.—The functions and economic significance of money. Various forms of money. Quantity theory of money. Currency appreciation and depreciation, causes, effects and remedies. Battle of monetary standards. Currency and Banking principles, Methods of regulating note-issue in different countries. Various proposals for international currency. The post-war currency problem in different countries, Foreign exchanges.

Indian Currency system.—Historical development and present currency problems. The War and Gold Exchange Standard in India.

#### Recommended Books :-

r. Relevant portions of the following books:—

Marshall: Economics of Industry.

Chapman: Outlines of Political Economy.

The following may be consulted in addition for selected topics:-

Taussig: Principles of Economics.

Cannan: Money in relation to Rising and Falling Prices. Withers: Meaning of Money.

Goschen: Foreign Exchanges.

Clare: A. B. C. of the Foreign Exchanges.

(b) 2. I. .

Correspondence

the War.

Leaf: Banking.

Keynes: Indian Currency and Finance. Findlay Shirras: Indian Finance and Banking. Report of the Punjab Banking Enquiry Committee.

Gregory: Foreign Exchanges, before, during and after

(b) 2. General Trade.—	
I. International Trade.—Principles of International Tr Finance and Foreign Exchanges in relation to Internati Trade. Free Trade and Protection. Working of Mod Tariffs. Subsidies and Bounties.	onal dern
II. Indian Trade.—A study of the Course of Indian Tradering the five years ending on the 30th June preceding examination.	ade the
III. Salesmanship.—Modern Methods of Advertising Publicity Work.	and
IV. Transport Facilities.—The place of Transport in Mor Trade. Transport problems from the general commercial p of view.	
Recommended Books :	
(1) Taussig—International Trade. (2) Gregory, T. E.—Tariffs at Work. (3) World Production and Prices. (4) Review of World Trade. (5) Advertising Media, by Harold W. Eby—Butterwand Co. (6) Psychology and Advertising, by A. P. Braddouck, M. B.Sc., Lecturer at the University of Birminghan	.A.,
Butterworth and Co.	ш
(7) Review of Trade of India, 1932-33.	
Preliminary Examination in English.	
Two Papers.	
Paper I.—Three hours:	rks.
	60* 80
	30

20 100

The questions relating to correspondence may require a candidate to draft a reply on the subject or subjects dealt with in a file of at least six printed letters.

#### Paper II .- Two and a half hours :

I	
'An unseen passage of fair length. The candida will be required to rewrite the leading ideas	
the passage in their own words	 60
Drafting	 20
Viva Voce—Time as required	 20
-	
	100
	-

#### Books recommended :-

Stevenson—Principles and Practice of Commercial Correspondence.

Pitman—Commercial Correspondence and Commercial English.

Hammond-Prose Composition Exercises.

Robertson—Progressive Course of Précis-writing.

Pink and Thomas—English Grammar, Composition and Correspondence.

Gregory—Spirit and Service of Science. Bronte—"Shirley" (World's Classics).

"Christopher Columbus" (pub. by Nelson).

#### For 1938.

## ECONOMIC DEVELOPMENT OF INDIA, GREAT BRITAIN AND JAPAN.

## I.—INDIA, with special reference to the Punjab—

Under Books recommended, omit books Nos. 7 and 8, and substitute:—

- (a) Industrial Organisation of India, by Lokanathan,
- (b) Development of Foreign Capitalism in India, by Buchanan (Macmillan, New York).

For No. 6 substitute Latest Edition of "World Economic Survey, League of Nations" instead of 1932-33.

#### JAPAN.

Substitute Hubbard, G. E.—" Eastern Industrialisation and its Effect on the West" (Oxford University Press) for "Overseas Trade Reports—Industry and Trade of Japan".

Substitute Latest Edition of "Economic Conditions of Japan" instead of 1930-32.

The remaining subjects: the same as for 1937.

## FACULTY OF AGRICULTURE.

# Syllabuses of Subjects for the First Examination in Agriculture.

## I .- AGRICULTURE.

## For 1937 and 1938.

- I. Introductory.—Origin of agriculture, its history, scope and objects. Relationship to other industries and sciences.
- \*Meteorology Relation of geographical position (including altitude) to rainfall and temperature. The seasons, their character and causes. The offects of dew. frost and hail.

General description of agriculture of the Province as related to climate and geography.

- III. Elementary Agricultural Geology with special reference to the geology of the Punjab.
  - (a) Earth's crust, its present condition and composition.
  - (b) Rocks, their formation and classification.

\* Attention of the teachers is invited to the following syllabus on Meteorology:—

Air, its composition; climate and factors determining it, variations of atmospheric pressures; solar and terrestrial radiation. Temperature variation—seasonal and diurnal, soil temperature, exposure of thermometers.

Moisture in the atmosphere:

Hygrometer, dew, frost, cloud, rain and snow.

Winds: Regular and periodic, influences that determine them, cyclones, anticyclones, wind force.

Variations of rainfall in India and their causes. Climatic Zones.

Scientific basis of weather forecasting. Daily Weather Report.

- (c) Minerals—composition and properties, with special reference to the part played by minerals in the formation of the soils.
- (d) Weathering; soil formation; geological classification of soils in relation to agricultural characteristics.

#### IV. Soils .- Classification.

General physical properties, mechanical analysis, and constituents of soils as correlated with agricultural properties, structure of soil, texture, effects on fertility.

#### V. Water in soils.

- (a) Amount held and how held.
- (b) Movements; effect of treatment on these. How affected by agricultural operations.
- (c) Losses of moisture from soils and their prevention.
- VI. (a) Irrigation, sources of irrigation water; methods of raising water; application of water to land; advantages of different systems of irrigation; canal system; water requirements of crops; when to irrigate; management of irrigated lands; water-logging; salt lands.

(b) Drainage: different methods—covered drains, open drains, laying of the drains, cost of laying in different systems; repairs; mole drainage, excavators. Water-logged areas and their reclamation. Drainage water—composition.

(c) Principles of dry farming and practice in the Punjab.

## VII. Soil management.

- Tilth and condition of soils as affecting supply of plant food; influence of irrigation; aeration; leaching; etc. etc.
- (2) Tillage and tillage implements.
  - (a) Preparatory.
  - (b) Seed-bed operations.
  - (c) After-tillage, harrowing and interculture.

VIII. Plant food; fertility; availability; effects of agricultural operations on these.

#### IX. Manures.

Necessity for manuring and objects; classification of manures; approximate composition; sources; natural and artificial manures; action, direct and indirect; methods of application; system of manuring; comparative value and cost of manures in India; unit value; farm yard manure; supply, conservation; nitrification and decay.

- X. Choice of crops and varieties as determined by climate, soil, seasons, special requirements and market.
  - XI. (a) Grain crops.
    - (b) Pulses.
      - (d) Fodder crops.
    - (e) Crops grown for other purposes.
- XII. Garden crops and vegetables of the Punjab; soil, season, rainfall requirements, manure requirements and methods of application; titllage, selection of seed, seed rate and methods of planting, care after planting, harvesting and special preparation, outturn, cost of unliviation and profit: effect on soil.

XIII. Rotations.

XIV. Agricultural Statistics of India, and especially of the Punjab. Division of land into arable, pasture, forest and waste.

#### Practical.

- I. Each student will cultivate an area not less than onetenth of an acre and grow kharif and rabi crops. Work on plots will be done entirely by the students themselves or where this is impossible, under their direct supervision.
- Preparation of vegetable beds and growing of vegetables, with conduct of simple tests.
- III. Recognition of different manures; their approximate composition.
- IV. Practical use and adjustment of all the farm tillage implements including the adjustment of ropes to indigenous implements; suitability for different tracts.
- V. Carrying out of all the usual farm operations, e.g., ploughing, harrowing, sowing, transplanting and harvesting.
  - VI. Use of appliances for raising water.
- VII. Recognition of crops of the province and their principal classes.
- VIII. Ability to recognise good seed and to select plants suitable for seed production; steeping of seed.
- IX. Appraisement of yield and quality of crops; different methods employed.
- X. Tours in various parts of the Province to study local agriculture.

Note.—The whole of the practical work done by the students during the year will be recorded in the note-books which must be attested by the Professor of Agriculture. Candidates will be examined practically on the work recorded in their books. Books :-

The following are recommended for all students:-

Soil Management-King (Orange Judd Company).

Principles of Agriculture L. H. Baily (Macmillan).

Principles of Irrigation Practice—J. A. Widstoe (Macmillan).

Text-book of Punjab Agriculture—Roberts and Faulkner (Civil and Military Gazette Press). Price Rs. 10.

Soils, their Properties and Management—Lyon, Fippin and Buckman.

Manures and Manuring-A. D. Hall.

Dry Farming—Widstoe.

Agricultural Geology of India, 1929—D. L. Sabasrabudhe (Aryabhushna Press, Poona).

Indian Vegetable Gardening—Gollan.

The Farmer's Raw Material—J. Hendrick. (W. Green and Sons. Edinburgh.)

Agricultural Meteorology—J. W. Smith. (Macmillan and Company.)

## II .- Physics and Chemistry.

For 1937.

(a) Chemistry.

Elementary treatment of the following:-

Distinction between Chemical and Physical Change; conditions affecting Chemical Change; Solution, Crystallisation, Filtration, and other operations employed in Chemistry; Elements and Compounds, Symbols, Formule and Equations; Modes of Chemical Action; Chemical Nomenclature; Laws of Chemical Combination; Atomic Theory; Chemical Equivalents; Atomic and Molecular weights, Valency, Avogadro's and Gay Lussac's Laws; Chemical Calculations; Volumes and weights of gases formed at specified pressures and temperatures; Problems and Calculations of Formula; Ionic Theory and its simple applications. Mass action.

Non-Technical study of the following Ellements and Compounds, their conditions in Nature, Laboratory Methods of Preparation and chief Properties: Oxygen, Hydrogen, Water, Carbon, its Oxides, Marsh Gas, Ethylene, Acetylene, Coal Gas, Oil Gas and Gas Plant. Saturation and Unsaturation, Nitrogen, its Oxides, Nitric Acid and Nitrates and Nitrous Acids and Nitrites, Ammonia, Chlorine, Hydrogen Chlorides, Bleaching Powder. Hypochlorites, Bromine, Hydropomic Acid, Iodine

and Hydriodic Acid, Fluorine and Hydrofluoric Acid; Sulphur, Sulphur Dioxide, Sulphur Trioxide, Hydrogen Sulphide, and the Sulphides, Sulphurous and Sulphuric Acids (excluding its commercial preparation), their Salts, Carbon Disulphide, Phosphorus Phosphorus and Phosphoric Acids, Arsenicus Oxide, Arsenic Acid, tests for Arsenic, Boric Acid and Borates; Silica and Silicates; the naturo of Combustion, the structure of the Bunsen, Batswing, Blow Pipe and Candle Flames, Oxidation and Reduction.

Metals.—(a) Occurrence, Properties, analytical reactions and important uses of the following metals, together with the important methods of extraction of those in italies:—

Sodium, Potassium, Copper, Silver, Calcium, Magnesium, Zinc, Mercury, Aluminium, Tin, Lead, Arsenic, Iron, Chromium, Manganese, Barium and Cobalt.

(b) Study of the following metallic compounds including their methods of preparation and important uses together with the important methods of manufacture of those in italies:—

Sodium Hudroxide, Carbonate, bicarbonate, chloride, sulphate, thiosulphate, nitrate, nitrite, cyanide and phosphate, Potassium chloride, chlorate, bromide, iodide, carbonate and nitrate and cyanide. Ammonium sulphate, chloride and carbonate, Cupric oxide, cupric sulphate, Fehling's Solution, cupric chloride, cuprous chloride, silver nitrate, silver halides, calcium oxide and hydroxide, Paris Green, London Purple. Plaster of Paris, Calcium Carbonate, Carbide, Chloride, and Superphosphate. Magnesium oxide, carbonate, chloride and sulphate and Magnesia mixture. Zinc oxide, chloride and sulphate. Mercurous chloride. Mercuric oxide and chloride. Mercuric iodide and Nessler's Reagent, Aluminium oxide, chloride and sulphate. Potash alum. Stannous chloride. Stannic chloride. Lead nitrate and chromate, white lead, red lead and lead peroxide. Basic lead acetate, Arsine. Arsenious oxide. Tartar emetic. Potassium chromate and dichromate, Manganese dioxide, Potassium permanganate. Ferrous sulphate. Ferric chloride. Potassium ferrocvanide.

Elementary study of the following processes:-

Photography, electroplating, silvering of mirrors and tinning. (Agricultural aspect to be emphasised throughout.)

## Practical Chemistry.

The practical examination will be based on Dr. Dunnicliff's Practical Chemistry for Intermediate Classes (Macmillan), Parts 1 and 2. Demonstrations 51, 55 and 60 are excluded. Analysis of salts will be confined to Acids and Bases included in the syllabus. Book recommended :---

- Elementary Chemistry, by Holmyard. Price Rs. 4-7-0.
  - (b) \*Physics.
- Mechanics: Theoretical.—Physical properties and states of matter.

Measurement of mass, weight and density.

Motion; inertia; force; Newton's laws of motion; measurement of work and energy.

Composition and Resolution of forces; parallelogram of forces. Parallel forces; determination of centre of gravity of a body.

Machines: the lever, the pulley and the inclined plane. Transmission of Liquid Pressure; Bramah Press, Archimedes' Principle, Laws of Liquid Pressure, Relative densities, surface tension, viscosity. Elementary Principles of Aeroplane and Airship.

Practical.—Measurements of lengths and areas; use of scale and vernier calipers; practical use of opisometer and planimeter.

Measurement of mass; use of ordinary and spring balance. Measurement of volume; determination of volumes by weighing; testing the accuracy of a burette.

Determination of density by hydrostatic balance of a liquid and a solid (a) heavier than water, (b) lighter than water.

Determination of density by specific gravity bottle of (a) powder, (b) any liquid.

Verification of the Principle of Parallelogram of forces.

Determination of the resultant of parallel forces, lever.

Determination of the value of g with the Simple Pendulum. Comparison of rates of percolation and of capillary rise of water in soils of different types.

\* Attention of the teachers is invited to the following syllabus on Meteorology:—

Air, its composition; climate and factors determining it, variations of atmospheric pressures; solar and terrestrial radiation. Temperature variation—seasonal and diurnal, soil temperature, exposure of thermometers.

Moisture in the atmosphere:

Hygrometer, dew, frost, cloud, rain and snow.

Winds: Regular and periodic, influences that determine them, cyclones, anticyclones, wind force.

Variations of rainfall in India and their causes. Climatic Zones.

Scientific basis of weather forecasting. Daily Weather Report.

2. Heat: Theoretical.—Definition of temperature; effects of heat; construction and use of instruments for measuring temperatures; expansion of solids, liquids and gases; specific heat and calorimetry; change of state; determination of the latent heat of water and steam; vapour pressure and hygrometry; formation of cloud, fog and dew; transmission of heat, conduction, convection, radiation and laws of radiation; mechanical equivalent of heat, elementary principles of steam-engine and internal combustion engine.

Practical.—Testing of the fixed points of a mercury thermometer; the reading of the Barometer.

Determination of the specific heat of a solid and a liquid (method of mixtures).

Determination of the latent heat of water.

Determination of maximum and minimum temperature and of humidity of the atmosphere by wet and dry bulb thermometer. Use of rain-gauge.

Determination of soil temperature. Melting point of a fat, comparison of the rates of cooling of different liquids and of radiation from different surfaces.

3. Light: Theoretical.—Laws of propagation of light; photometry; laws of reflection; reflection at plane and spherical mirrors and the formation of images; laws of refraction; refraction at plane surfaces by Prisms and Lenses; combination of lenses to form a telescope, a microscope, an optical lantern, a photographic camera and a cinematograph; the eye and its defects; dispersion and colour, profluction of a pure spectrum; elementary principles and use of spectroscope; measurement of the velocity of light (Romer's method).

#### Practical.—

Verification of the laws of reflection and refraction of light; measurement of the focal length of a concave mirror and of a convex lens; tracing the path of a ray of light through a plate and a prism.

Combination of lenses to form a telescope and a microscope. Rumford photometer.

4. Magnetism and Electricity: Theoretical.—Properties of magnetis; simple phonomena of magnetism and of magnetic induction; the magnetic field; lines of force; the earth as a magnet; condition of equilibrium of a freely suspended magnet under the influence of two magnetic fields at right angles to each other; the simple phenomena of electrified bodies; conduction and insulation; electrification by friction and by induction; quantity of electricity; the two kinds of electricity produced or destroyed in equal amounts; distribution of electrification on conductors; electric field;

strength of field; the inverse square law of electric fórce; potentigl capacity; identification of electric discharge with electric current; various cells; accumulators; magnetic field of current; galvanometers; electromotive force; difference of potential; resistance, Ohm's law; the Volt, Ohm and Amperc; heating and chemical effects of currents; action on current circuits in a magnetic field; electro-magnetic induction; Faraday's law; Lenz's law; Transformer and induction coil; transmission of electrical energy; telography; electric bell; telephony; Hertz waves, their production and detection; relation between the phenomena of heat, light, magnetism and electricity. Principles of dynamo and electric motor, arrangement of lights and fans in electric circuits.

#### Practical.-

Tracing of lines of force in a magnetic field.

Comparison of two magnetic fields at right angles by a magnetometer.

Principle and use of slide wire bridge for comparison of resistances; comparison of electromotive forces by potentiometer. The use of the Tangent galvanometer. Installation of an electric Bell Circuit. Setting up a practical Telephone Circuit. Charging of an accumulator.

# Book recommended :-

A Class Book of Physics, by Gregory and Hadley (Indian edition), Macmillan and Co.

#### For 1938.

# (a) Chemistry.

In the end, after "(Agricultural espect to be emphasised throughout" add "and special attention to be paid to the compounds used as fertilisers, insecticides and fungicides)".

# (b) Physics.

- 1. Mechanics: Theoretical.—For "Motion" substitute "Accelerated Rectilinear Motion".
- Light: Theoretical.—For "Romer's method" substitute "Finzean's method".
- 3. Magnetism and Electricity: Theoretical.—After "potential capacity" add "Atmospheric electricity".

The rest as for 1937.

# III.—BOTANY AND ANATOMY AND PHYSIOLOGY OF DOMESTIC ANIMALS.

# For 1937. (a) BOTANY.

External Morphology of the typical Angiosperms, macroscopic structure, functions and modifications of roots, stems and leaves.

Inflorescences and flowers: chief types, structure and uses.

Seeds and fruits :--

Structure, food-stores of economic value, distribution. Development of a seedling, conditions necessary for germination.

Plant cells, tissues and tissue systems.

The development and microscopic structure of roots, stems and leaves of Angiosperms.

The reproduction and life-history of Angiosperms. The structure and life-history of Gymnosperms as represented by Pinus.

Classification of Angiosperms and study of the characters of the following families:—

Ranunculaceæ, Papaveraceæ, Cruciferæ, Caryophyllaceæ, Malvaceæ, Rutaceæ, Leguminosæ, Rosaceæ, Cucurbitaceæ, Umbelliferæ, Compositæ, Solanaceæ, Linaceæ, Labiateæ, Liliaceæ, Palmeæ and Gramineæ.

Plants representing these families to be taken as far as possible from field and garden crops and weeds. Botanical characters of the important weeds of farm crops; their modes of propagation and measures of control.

#### Books recommended :-

- Agricultural Botany—J. Percival (Duckworth).
- Botany with Agricultural Applications—John N. Martin (John Wiley and Sons, New York). Price 18s.
- Practical Introduction to the Study of Botany—Farmer and Chaudhri (Longmans, Green and Co.).
- (b) Anatomy and Physiology of Domestic Animals.

# Anatomy.

Characteristics of living matter, general account of animal cell and types of tissues.

The structure of the rabbit as a type of the Mammalia.

General external and internal anatomy of the horse, ox, sheep, with special stress on the digestive and reproductive systems.

A general account of the Mammalia.

General external and internal anatomy of the fowl, pigeon, crow or parrot. A general account of the Aves.

Elementary embryology of the chick, and a general account of the embryology of mammals, with special reference to placentation, parturition, etc. etc.

#### Physiology.

Food and physiology of nutrition; blood, its composition, circulation and functions; physiology of respiration, excretion, internal secretions, reproduction and lactation, skin and heat regulation. Physiology of nervous system and sense organs (mere outlines). Immunity.

#### Practical.

Examination and dissection of the rabbit. Examination of

all the various systems of sheep or ox.
Skeleton of ox, horse and sheep. Examination of the different systems of the pigeon, crow or parrot. Examination of the different stages in the development of fowl. Types of placents.

Simple experiments in Physiology: digestion, respiration, fatigue, etc.

Book recommended :---

Wood and Marshal-Physiology of Farm Animals.

#### For 1938.

# (a) BOTANY (PRINCIPAL).

The following to be inserted before Books recommended:-

#### Practical Botany.

- Study of the form and structure of roots, stems and buds of important field and garden crops.
- 2. Study of the structure of flowers and chief types of inflorescence.
- 3. Study of the fruits and seeds and contrivances for dispersal.
- Microscopic examination of cells, cell contents and different types of starch grains.
- 5. Microscopic study of tissues.
- Study of the characters of important plants representing families mentioned in the syllabus.

Candidates will be required to submit their original practical note-books initialled and dated by their Professors.

Books recommended:—

Add Intermediate Botany, by Charan Singh, Jiwan Singh and Harcharan Dass, published by Atma Ram and Sons, Lahore.

(b) Anatomy and Physiology of Domestic Animals:

Insert "I. Vertebrates" just below the above heading (b), and above "Anatomy".

Insert the following above the side-heading "Practical" and below "Immunity":-

# Invertebrates.

Anatomy and physiology of silk-worm.

General account of the class Insects, including broad outlines of classification.

After "Simple experiments......etc." and above the side-heading "Book recommended" add the following:—

Examination and dissection of the various systems of silkworm.

Pinning, setting and preservation of insects, and recognising main orders

The rest as for 1937.

# IV .- MATHEMATICS AND LAND SURVEYING.

#### For 1937 and 1938.

- (a) Mathematics.—
  - Elementary mensuration of surfaces and solids.
    - (i) Areas of rectangles, easy examples on garden paths, cost of planting trees and fencing gardens. Areas of right-angled triangles; areas and heights of isosceles and equilateral triangles; cost of fencing; square plots inscribed in right-angled triangles; areas of triangles in terms of sides; rents of fields.
      - Areas of parallelograms, rhombus, quadrilaterals and trapezoids; sections of drains, ditches and embankments. Regular polygons with emphasis on hexagon and octagon. Simple cases of irregular rectilineal and similar figures. Circumference and area of circles; circular rings; cost of fencing circular fields and paths. Lengths of chords and arcs; areas of sectors and segments.

(ii) Volumes of cubes and rectangular solids; cubic contents of tanks and cisterns.

Volumes of triangular and rectangular prisms, right circular cylinders, rings and segments of cylinders; volumes of stacks, wells, ditches, drains and embankments, etc.

Volumes of cones, doublecones and spheres. Easy examples on flow of water in tubes and time of filling tanks, cisterns, etc.

Surface areas of the solids mentioned above.

N.B.—Easy numerical examples bearing on science of Agriculture only to be set. Proofs of formulæ not required.

II. Trigonometry—Sexagesimal and circular units of measuring angles, definitions of trigonometrical ratios and the relations connecting them. Trigonometrical ratios of  $30^\circ$ ,  $45^\circ$ ..... $180^\circ$ . Trigonometrical ratios of allied angles,  $A_1$ — $A_1$ 90— $A_2$ 180— $A_3$ 804— $A_4$ Addition and subtraction formules:  $\sin(A\pm B_1)\cos(A\pm B_2)$ ,  $\sin(A\pm \sin B_2)\cos(A\pm \cos B_1)$ ,  $\sin(A\pm \sin B_2)\cos(A\pm \cos B_2)$ ,  $\sin(A\pm B_2)$  and their simple applications. Sin  $2A_1\cos 2A_2$ ,  $\tan(A\pm B_2)$  and their simple applications of sin  $2A_1\cos 2A_2$ , then  $A/A_2$ . Relations between sides and angles of a triangle: Sine formula, cosine formula, Napier's analogies, values of sin A/2,  $\cos(A/2)$ ,  $\tan(A/2)$ , and  $\sin(A)$  in terms of sides. Application of properties of logarithms to easy numerical examples in solution of right-angled and oblique triangles.

$$S = \frac{1}{2}bc \sin A = \sqrt{s(s-a)(s-b)(s-c)}, r = S/s,$$

$$R = \frac{a}{2\sin A}, r_1 = \frac{S}{s-a}.$$

N.B.—Easy examples to be set and proofs of difficult formulæ not to be demanded.

III. Algebra.—Solution of quadratic equations involving one variable; sum, product and nature of its roots. Simple cases of A.P., G.P., H.F., and A.G.P. relating to the nth term, the sum of n terms and the mean in each case. nP., nC, with easy applications to questions of crops and plots. \*Binomial theorem.

Simple cases of Ratio and Proportion.

N.B.—Same as under Trigonometry.

<sup>\*</sup> Binomial theorem with positive integral index; statement and application of the Binomial theorem for negative and fractional indices (excluding the properties of coefficients).

IV. Graphs.—Plotting of points, easy graphs of numerical equations of first and second degree, graphs of experimental data and making of frequency curves. Graphs of sine and cosine.

#### (b) Land Surveying .-

Units of measurement, the chain, arrows, laths and whites, tape, poles, ranging straight lines, chaining, offsets, triangulation, checking triangles, setting out right angles with tape and with cross staff; field book, calculation of areas, conventional signs for various types of boundaries, trees, buildings, roads, railways, etc. Magnetic compass, plotting survey, drawing paper, tee and set squares, scales.

# V.-ENGLISH.

#### For 1937.

The following books are prescribed:-

For Intensive reading :---

- 1. One Act Plays of To-day, I Series (Harraps),
- Master Thinkers, by Gibson (Nelson).

#### For Rapid reading:-

- 3. The Time Machine, by H. G. Wells.
- 4. The Milestones and the Great Adventure, by A. Bennett (Mothuen).

#### For 1938.

Substitute "Representative Classical Essays, by Monk (Macmillan)" for "One Act Plays of To-day".

The rest as for 1937.

# VI.-MILITARY SCIENCE (OPTIONAL).

#### For 1937 and 1938.

The same as for the Intermediate Examination.

# FINAL EXAMINATION IN AGRICULTURE

For 1937 and 1938

Courses of Studies in Principal Subjects.

# I.—AGRICULTURE.

For 1937.

### PART T

- I. Classification of domestic animals.
- II. Cattle (cows, bullocks, buffeloss) breeds, races found in the Province, description, distribution, merits and defects.
- III. Elementary knowledge of poultry, sheep, goats, horses, mules and camels.
  - IV. Management of stock.
    - (a) Feeding.
      - (i) Composition and analysis of foods available in the
      - (ii) Digestibility, determinations and coefficients.
      - (iii) Energy value of nutrients—
        - (a) in calorimeter.
        - (b) to animals.
      - (iv) Relative values of foods-
        - (a) for maintenance purposes,
          (b) for productive purposes.
        - Chaffing, grinding, bruising and cooking foods.
      - (v) Energy and protein requirements of animals-
        - (a) for maintenance.
        - (b) for various productive purposes. Rations for bullocks and for cows.
      - (vi) Summary of principles affecting economy and efficiency in feeding; practical details.
    - (b) Housing of stock—Housing requirements in India, situation and construction. Drainage of cattle byres. Location and construction of manure pits.
    - (c) Breeding of stock, especially cattle. Heredity and variation, breeding for special purposes, characteristics of working and milking breeds, measurements and records, possibilities of dual purpose strain. Fecundity, care of breeding stock, periods of gestation, treatment of young animals, castration and its value and effect.

V. Dairying.—Nature of milk; general composition of milk of Indian cows. European and cross-bred cows, buffaloes and goats. Conditions exerting an influence on the quality and quantity of milk. The present position of milk supply in Indian cities and its improvement, with special reference to Lahore.

Conditions required to produce wholesome milk, contamina-

tion of milk; sources and prevention.

Treatment of milk; pasteurising; sterilising and marketing. Care of milk vessels, cream composition.

Separators, butter-making, churning, washing, salting, pre-

serving; preparing for market.

Manufacture of cheese, casein, lactose, dried milk and condensed milk.

VI. Dairy Bacteriology.—Sources of contamination of milk.
Growth, activities and kinds of bacteria in milk. Biological milk tests. Milk-borne diseases, normal and abnormal alterations of milk. Pasteurisation.

Bacterial content of butter—influence of bacterial action on taste and flavour—use of starters. Part played by bacteria in the manufacture and ripening of cheese—means of regulating the activities of micro-organisms in cheese.

#### Practical Work.

- I. Tours to important cattle breeding and dairy farms in the Province.
- II. Cattle—Determination of breeds. Detection of merits and demerits of individual animals.
- III. Feeding and care of cattle; conducting a simple experiment in cattle feeding.
  - IV. Practical Dairy work.

#### Books recommended :-

Feed and Feeding—W. A. Henry and E. B. Morrison (Henry-Morrison Company, Madison, Wisconsin). Price £1-1-0. Principles and Practice of Butter Making—McKay and Larsen (John Wiley and Sons). Price 15:

Larsen (John Wiley and Sons). Price 15s.

Breeding and Improvement of Farm Animals, by Rice
(McGraw-Hill Book Co., 6, Bouverie Street, London).

Principles and Practice of Cheese Making, by Van Slyke and

Price (Orange Judd Publishing Co., New York).
Animal Nutrition, by T. B. Wood (University Tutorial Press,
Ltd., London, W.C.2).

#### PART II.

I. Farm management.—Principles governing the different systems of farming, management of farm labour, bullock and

other labour. Costs of cultivation and stock-keeping. Comparison of incomes derived from stock breeding, dairying, and arable farming. Estimation of cultures. Valuation of crops.

Equipment of farms.—Capital required for various types of farming. Machinery and implements. Cultivation by tractors and steam tackle; power-driven threshers and other machinery, costs of such operations, utility.

Agricultural book-keeping.—Object and advantages of keeping farm accounts. Some simple methods of farm book-keeping.

II. Agricultural Experiments—Selection of site for farms, laying out of land, shape and size of plots, methods of conducting various experiments.

Application of statistical methods—Nature and use of statistics, simple diagrams, frequency tables and graphs, different types of averages, measures of variability. Experimental error and probability. Index numbers.

Demonstration work—Multiplication of selected seeds and its distribution. Methods of domonstration and propaganda. Summary of Agricultural improvements. Organisation of the Donartment of Agriculture.

#### Practical Work.

- I. Tours to study conditions in other parts of the Province.
- II. The class will be divided into small groups and each group of students will carry out an experiment in a small plot approved by the Professor of Agriculture. All the work that the students do in their plots will be entered in note-books and attested by the teacher-in-charge. Candidates will be required to submit for examination their original Note-books initialled and dated by the teacher-in-charge of the class.
- III. Further proficiency in use of implements and in cultivation.
  - IV. Visits to the College estate and surrounding farms.

#### Books recommended :---

The Book of the Rothamsted Exporiments—A. D. Hall and E. J. Russell.

Farm Costs—Orwin (Oxford University Press).

Farm Book-keeping—Kirkwood (W. Green and Son). Price 6s. 11d.

Farm Implements and Machinery, by Bond (1923) (Benn Brothers, Ltd., 8 Bouverie Street, E.C.4, London).

An Elementary Manual of Statistics, by A. L. Bowley. Price Rs. 6.

Theory of Statistics, by Thurstone.

1188 APPENDIX.

For 1938.

PART I.

The same as for 1937.

#### PART II.

I. Farm Management. Para. 3—Agricultural book-keeping. Delete "Some simple methods of farm book-keeping" and substitute the following:—

"Different systems of book-keeping, principles of the double entry system and their application; waste book, journal and ledger with object of each. Writing up waste book and journal; classification of accounts, drawing up a ledger; opening, posting and closing of ledger accounts; drawing up a trial balance, profit and loss account and balance sheet.

Bank accounts, bank cheques, discount, interest, bad debts

and depreciation.

Appreciation and depreciation of live and dead stock; land and buildings; plant and machinery; bills of exchange and promissory notes.

Single entry system, its shortcomings; preparation of trading, profit and loss account and balance sheet; provision for discounts and doubtful debts; suspense account."

The rest as for 1937.

#### ELEMENTARY AND AGRICULTURAL ECONOMICS.

For 1937 and 1938.

- (a) Elementary Economics.
- Elementary notions in Economics.
  - Definition of Economics, its aim and scope.
     Economic activity—want—effort and satisfaction.

Economic life and economic system. Modern economic organisation—consumption—production, dis-

tribution, and exchange.

(ii) Consumption and demand.

Want—standard of living and standard of comfort. Standard of Life.

Wealth, necessaries, comforts and luxuries. Utility—the Law of diminishing utility.

Demand—Law of demand—elastic and non-elastic demand.

(iii) Production and supply. Modern production and its characteristics. Supply. Law of supply. Laws of increasing, decreasing and constant returns. (iv) Exchange, Market, Value and Price, Theory of Value. Law of supply and demand in a market. Connected values. Monopoly value.

(v) Organisation, Factors of production, land-labour-

capital and organisation and their characteristics. Division of labour and scale of production. Forms of business organisation. Competition and comhinstion

(vi) Distribution-rent, interest, wages and profits.

- (vii) Mechanism of Exchange, Money-prices-creditbanks-internal and external trade. Bate of Evchange.
- (viii) The State in relation to economic activity. Laissez Faire and State interference Elements of Public
  - (In the study of this part of the syllabus, special attention should be paid to Indian conditions. both for purposes of illustration and application.)

#### II. Economic Geography of the Punish.

Physical features and their economic importance. economic effects of its geographical position. Resources, agricultural, mineral and forest,

· Population, its distribution according to occupations. The village system-social and economic effects of village economy. Industries, trade and communications.

# Books recommended for reference :-

- 1. Richards-Groundwork of Economics (University Tutorial Press). Rs. 6.
- Thomas and Aggarwal-Elements of Economics for Indian Students (Malhotra Bros.). Rs. 4-4-0.
- Silverman-Substance of Economics (Pitman). Rs. 6. Douie-Punjab, N.-W.F.P. and Kashmir (Cambridge
- University Press). 5. R. K. Luthra-Elementary Economics for Indian Readers (R. S. Jaura, Katchery Road, Lahore). Price Rs. 4.

# (b) Agricultural Economics.

I. Agriculture as an industry, its place in the economic system and its social and economic effects. A brief survey of the economic history of Agriculture in India and other countries. The transition to commercialised and scientific agriculture. The place of economics in modern agriculture and rural life. Scope and meaning of Rural and Agricultural Economics.

II. Agricultural law and custom-Tenures and land laws. Detailed study of the system of land revenue settlement and administration and of the laws relating to tenancy, alienation, pre-emption, partition and succession.

III. Economics of Punjab Agriculture :-

(i) Special study of the factors of production.

Land-area and situation and the law of diminishing returns.

Labour-its supply, efficiency and wages.

Capital-forms of agricultural capital-equipment. Agricultural credit and indebtedness. Co-operative credit and Government loans.

Organisation-Management. Law of proportions and combination of factors of production. Factors governing the selection of crops and the size of holdings. Large and small scale production. Intensive and extensive cultivation. Cultivation by different systems of farming, their comparative merits. Land tenures and their economic effects. Batai systems-competitive and customary rents.

(ii) (a) Survey of the economic history of the Province.

(b) The study of the important economic problems in Agriculture-soil, climate, water supply, people, holdings, tenancy, indebtedness, rise of prices and marketing.

IV. The Punjab canals and colonies. Irrigation works, their economic effects, new projects.

Canal colonies, history, progress and economic importance.

new schemes.

V. Marketing and distribution—detailed study of the existing system of marketing and transport with special reference to wheat and cotton trade. Marketing problems and facilities. Organisation in advanced countries. Direct and co-operative marketing. Marketing of fruits and vegetables.

VI. Punjab industries and trade-Industrial position of the Punjab. Industrial development in relation to Agriculture.

Subsidiary and cottage industries.

Punjab exports and imports. Influence of rate of exchange,

tariffs and sea-freights on agriculture and industries.

VII. Agricultural and rural organisation. Study of the origin, principles and progress of the Co-operative Movement in the Province and abroad. Its importance in rural organisation. Rural welfare and reconstruction, movement in other countries, rural uplift and rural community councils in the Punjab. Education and sanitation. Diet and standard of living. and its effect upon production. Economic surveys and rural problems.

VIII. Punjab Administration and Finance. General features.

Development Schemes.

The following books and reports are recommended for reference:—

Taylor-Agricultural Economics (Macmillan).

Carver-Principles of Rural Economics (Ginn and Co.).

Rew—A Primer of Agricultural Economics (John Murray), Rs. 3-12-0.

O'Brien—Agricultural Economics (Longmans, Green and Co.). Price Rs. 6.

Gray—Introduction to Agricultural Economics (Macmillan).
Darling—The Punjab Peasant in Prosperity and Debt
(Oxford University Press).

Darling—Rusticus Loquitur or the Old Light and New in the Punjab Village (Oxford University Press).

Keatinge—Agricultural Progress in Western India (Longmans).

Jathar and Beri—Indian Economics, Vols. I and II (Oxford University Press). Price Bs. 10.

A. N. Bali—Studies in Indian Economics (Uttar Chand Kanur and Sons, Lahore).

Land of Five Rivers. Volume I. Punjab Administration Report, 1921-22 (being the decennial portion of the Punjab Administration Reports) (Government Press, Lahore). Indian Year Book.

Latest Report of the Government of India for presentation to Parliament.

Report of the Royal Commission on Indian Agriculture. Reports on Puniab Administration, Land Revenue Adminis-

tration, Industries, Co-operative Societies, etc.
Publications of the Standing Board of Economic Inquiry,

Punjab.
Punjab Land Acts. Vols. I and II.

Provincial (Punjab) and Central Banking Inquiry Committee Reports.

Trevaskis—The Punjab of To-day, 2 Vols. (Civil and Military Gazette Press, Lahore).

# II.—CHEMISTRY AND AGRICULTURAL CHEMISTRY.

# For 1937.

# PART I.

# (a) Physical Chemistry.

Atomic and molecular theory and the determination of atomic and molecular weights. The general properties of gases, liquids and solids. Solution and elementary electrochemistry. The principle of construction and use in Physico-chemical measurements of the following instruments:—

Spectroscope, refractometer, polarimeter, calorimeter, potentiometer in the determination of pH values.

Chemical statics and dynamics. Catalysis. The colloidal state.

#### (b) Organic Chemistry.

Hydrocarbons.—Aliphatic, olefinic, acetylenic and aromatic; their halogen derivatives, alcohols, ethers, esters, aldehydes, ketones, acids, amines and amides. Compounds of multiple function; hydroxy and amino acids, urea and the uric acid group. Carbohydrates. Heterocyclic compounds and the simple alkaloids.

As far as possible illustration will be extended to compounds of biochemical significance.

Books recommended :-

A Class Book of Physical Chemistry, by Lowry and Sugden. Organic Chemistry—Norris (McGraw-Hill Book Co., New York). Price about Rs. 8.

Or alternatively, Organic Chemistry-Cohen (Macmillan).

#### Practical.

- Qualitative analysis of mixtures.
- Quantitative analysis.
  - (a) Gravimetric.

Estimation of the following acid radicals; carbonates and bicarbonates, sulphates, phosphates, chlorides, and the following metals:—iron, aluminium, calcium, magnesium, sodium and potassium.

(b) Volumetrie.

Preparation of standard solutions, and the use of the following in analysis:—

Potassium dichromate, Potassium permanganate, Iodine, Sodium thiosulphate.

- (c) Estimation of Nitrogen in-
  - (i) Nitrates by means of phenol sulphonic acid;
  - (ii) Nitrates by Lunges Nitrometer method;
     (iii) Ammonia by Kjeldahl's method.
- (m) Ammona by Ajeldani's meni

3. Organic preparations :--

Identification of glucose, lactose, maltose by the Osazones method. Alcohol, ethyl bromide, acetone, acetaldehyde, Nitro-

benzene, Aniline, phenol, citric acid, oxalic acid and iodoform. Identification of the elements in organic combination.

Methods of identification of the following groups :-

Alcoholic, phenolic and acidic hydroxyl: carbonyl group in aldehydes and ketones; the nitro, amino and amido groups; esters; separation of the hydrocarbon radical from its carboxy derivatives.

Determination of melting points and boiling points. Determination of vapour density by Victor Meyer's method. Molecular weight determination by the Cryoscopic method.

Book recommended :—

Notes on Qualitative Analysis—Fenton.

#### PART II.

#### (c) Agricultural Chemistry.

Soils.

Their origin, classification, chomical, physical and mineralogical characteristics. Chemical and mechanical analysis. Soil organic matter. Soil acidity and alkalinity.

#### 2. · Soil Physics.

Density and Thermal Properties of soils, Capillarity and the movement of moisture in soil. Moisture equivalents, wilting point, hygroscopic moisture. Evaporation. Soil Colloids. The soil solution and its osmotic properties. Salinity in soils.

3. The plant in relation to the soil, the elements essential, for plant growth, absorption of nutrients, the rôle of mineral malerials in plant metabolism and their provision by manures.

# 4. Biochemistry.

Chemical action in living matter; estalysis and enzymic action. Some action of the yeast-cell illustrating intermediate motabolism. Foods and feeding stuffs; their chemical composition. Metabolism of carbohydrates, lipoids and proteins. Rôle of minerals in nutrition. Vitamines. Maintenance rations and feeding for milk and fat production, Woolf-Lahman, Kellner, Armsby standards. Composition of milk, butter and cheese and the changes which milk undergoes in the preparation of the latter two.

#### General Bacteriology :-

Classification, morphology and reproduction of bacteria, relationship of bacteria to Agriculture. Nutrition and reaction of micro-organisms to moisture, air, temperature, light, etc. Symbiosis and antagonism. Distribution of micro-organisms in nature. Elementary bacteriological technique. Sterilisation—Pasteurisation—Antisopsis and Asepsis. A general account of Pathogenic and non-Pathogonic organisms.

Bacteriology of Soil, Manures, etc.:--

Micro-organisms of the soil. Their distribution and relationship to the productivity of soils. Partial sterilisation of the soil.

Number of organisms in soil and their relation to moisture, air, temperature, soil reaction, with special reference to waterlogged and alkalic soils. Bacteria in relation to the decomposition of organic matter including farmyard manure and green manure, sugars, starches, cellulose, rutting of gum, fats, etc.

The Nifrogen cycle—destruction of organic nitrogenous compounds—ammonification—nitrification—intrate reduction—denitrification and fixation of Nitrogen (symbiotic and asymbiotic). Sulphur bacteria and fron bacteria in soil reactions. Methods of seed and soil incoulation.

Silage and bacterial activity.

The following books are recommended for consultation:

Bacteriological and Enzyme Chemistry—Fowler (Macmillan and Co.).

Hall's Soil—Murray.

Hall's Fertilisers and Manures-Murray.

Chemistry of Food and Nutrition—Sherman (Macmillan and Co.). Price 6s. 6d.

Journal of Agricultural Science.

Soil Conditions and Plant Growth, by Russell.

Text-book of Biochemistry, by Cameron,

# Practical.

# 1. Analysis of soil :-

Mechanical analysis of soil.

Sedimentation.

Chemical analysis of soil.

Estimation of lime, carbon dioxide. Insoluble matter.

Total nitrogen, phosphates and potash.

Empirical analysis for available plant food material.

Analysis of alkali soils. Separation by means of Berkfeld filter.

#### 2. Manurés :---

Analysis and valuation of the following manures:--

Farmyard manure. Oil cake. Potash manures. Phosphatic manures. Superphosphate and basic slag. Calcium cyanamide.

#### Milk analysis :—

- (a) Total solids by the absolute method, the use of Richmond's scale.
  - (b) Specific gravity of milk.
- (c) Fat. Absolute method by extraction with ether (Werner's method), use of Lister Gerber's apparatus in estimating fat in milk.
- (d) Proteins by Kjeldahl's method.

# 4. Butter, Ghee and Dairy products :-

Analysis for fat, moisture, added substance, examination of butter fat, physical and chemical constants of butter fat. Refractive index of fats and the use of the refractometer and butvrometer.

# Analysis of fats and oils :—

The estimation of oil in oil-cakes.

The determination of saponification equivalent. Acid value, acetyl value, iodine values of fats. Example, Butter fat (ghee), cocoanut oil, castor oil, linseed oil, cotton-seed oil.

#### 6. Sugar analysis :--

Determination of the amount of juice and bagasse yielded by an ordinary farm mill.

Analysis of juice. Specific gravity of juice.

Determination of total solids from sugar density-tables. The estimation of sugar, the use of polarimeter and saccharimeter. The determination of reducing sugar and use of Fehling's solution.

#### 7. Fermentation :--

- (i) The alcoholic fermentation of gur solution by common yeasts. The estimation of alcohol. Alcoholic tables, measurement of the contraction of alcohol on dilution.
- (ii) Germination. The germination of barley and the preparation of malt. Preparation of amylase from barley and its action on starch. Diastatic power of commercial malt.
- (iii) Action of trypsin and pepsin.
- (iv) Rennet and coagulation of milk.

# 8. Protein reaction.

9. Cultivation of bacteria from soil, milk and plant nodules. Counting of bacteria. Examination of bacterial colonies. Isolation and study of pure cultures. Preparation of the hanging drop. Practical demonstrations in ammonification, nitrification, cellurification, nitrogen fixation and cellulose decomposition. Text-book recommended:-

Auld and Ker—Practical Agricultural Chemistry. Price Rs. 6.

Other books of reference will be provided in the College library.

For 1938.

PART I.

The same as for 1937.

PART II.

(c) Agricultural Chemistry.

Delete the following books:-

Bacteriological and Enzyme Chemistry—Fowler (Macmillan and Co.),

Hall's Soil-Murray.

and add "The Nature and Properties of Soils", by Lyon and Buckman (Macmillan and Co.).

The rest as for 1937.

# III.—BOTANY AND APPLIED BOTANY.

For 1937.

PART I.

- (1) Classification and study of the following groups of Cryptogamic plants:—
  - (a) Thallophyta:—Algae: Oscillatoria, Ulothrix, Spirogyra, Vaucheria and Chara. Fungi: classification of fungi and characters of the main groups. Lichens.
  - (b) Bryophyta: —Marchantia, Anthoceros; Funaria.
     (c) Pteridophyta: —Ferns (Pteris), Marsilea, Equisetum,
  - (2) The chemical elements found in plants.

Selaginella.

(3) Physiological processes:—respiration, transpiration, absorption of food materials, and formation of food from them. The sources from which plants obtain their food materials. Growth and methods of measuring the rate of growth in stem and root. Fundamental facts of ecology. Ecology of farm crops and weeds.

#### PART II.

Seeds—Methods of estimating purity and germinating capacity; identification of seeds of common crops and weeds. Structure of the seed coat of leguminous seeds; causes of hardness of seeds and methods of improving germination; causes of deterioration of seeds and their remedy.

The principles of Mendelism.

Detailed study of Agricultural crops, viz., cottons, wheats, barley, rice, sugarcane, etc., with their points of economic interest; influence of environment, effect of climate and cultivation. Plant propagation-Various methods; influence of these

methods on the produce. Plant variation—Improvement of crops by hybridisation and

plant-to-plant selection. Possibilities of developing improved types.

Study of common plant products :- Characters, common uses, detection of impurities microscopically and otherwise.

#### Fruit Culture.

Study of the important fruits of the Province.

Requirements of fruit plants:-climate, soil, water and manures.

Selection of Orchard sites. Practical training in budding, grafting, layering and pruning; protection and care of plants.

Picking, packing and marketing of fruits.

Fruit preservation: (a) Canning and bottling of fruits and vegetables.

- (b) Preparation of jellies, syrups, jams, marmalades, preserves, etc.
- (c) Drving of fruits and vegetables.

The students will be associated in the experiments under the Fruit Specialist on the Botanical Farm.

#### Food Bacteriology.

Principles involved in the preservation of food products. Food poisoning. Fermentation reactions in sproduction of alcoholic beverages, bread, vinegar, etc.

# Mucologu.

The nature of fungi. Their position in the vegetable kingdom. Structure of hyphæ, sporophores, spores, methods of reproduction. Habits and habitats of fungi. Food and its sources. Saprophytes, parasites and their modifications. How fungi

spread. Manner of infection. Effect of the parasites on the host tissues and organs. Predisposition to disease. Immunity. Characters of the important families.

Rusts of wheat (Puccinia graminia, P. glumarum, P. Triticina); Smuts of wheat (Ustilago tritici; Tilletia tritici).

Barley (U. Hordet, U. Nuda) and Oat (U. Auena).

Gram Blight (Phyllosticta Rabiei—Ascochyta Rabiei).

White rust (Oystopus candidus) and downy mildew (Peronespora parasitica) of cruciferous plants; early blight (Alternaria solant) and last blight (Phytophthora infestans) of Potato; Rust of Shaftal (Uromyces sp.). Red leaf spot of Jowar (Colletotrichum graminicolum), Red rot of sugarcane (Colletotrichum facatum), Canker (Pseudomonas citri) and wither tip (Colletotrichum gleosportoides) diseases of citrus plants.

Angiospermic parasites, viz. :--

Striga, Orobanche and Cuscuta. Their methods of reproduction and control.

Bacteria and their general actions. Bacterial diseases in plants.

Symptoms and prevention of diseases. Remedies and their mode of action. Preparation and practical application of fungi-

This course will consist of practical work in the laboratories and in the field with explanatory lectures.

# Bacterial diseases of plants.

An elementary study of the part played by bacteria in plant diseases.

Occurrence of disease, agents of transmission, isolation of the causative organism, artificial infection tests. Methods of control.

#### Books recommended :--

A Text-book of General Botany, by Holman and Robbins (John Wiley and Sons, New York).

Mendelism—Punnett.

J. N. Martin: Botany with Agricultural Applications (John Wiley and Sons, New York).

Firminger and Burns: Manual of Gardening (Thacker, Spink and Co., Calcutta).

Botany of Crop Plants, by Robbins (Blackiston, Philadelphia).

Fundamentals of Plant Breeding—John M. Coulter (D. Applenton and Co., New York). Price 10s.

Fungi and Diseases in Plants—Butler (Thacker, Spink and Co., Calcutta).

A Manual of Plant Diseases, by F. D. Heald (McGraw-Hill Book Co., New York).

Wickson—Californian Fruits (Pacific Rural Press).

Principles of Plant Physiology, by O. Raber (The Mac-Millian Co., New York).

## For 1938.

#### PRINCIPAL BOTANY.

# Practical (Part II).

Add after "Study of common.....and otherwise":-

 Analysis of samples of seeds of farm crops for purity percentage. Use of various kinds of germinating apparatus and devices.

Study of morphological characters of crops in the field. Practice in hybridisation.

#### Fruit Culture.

#### Add at the end :-

The candidates will be required to prepare various fruit products in the laboratory and attend to practical work on the rest of the syllabus in the garden.

Delete "The students......Botanical Farm".

# Mycology.

## Add the following :-

 Study of the symptoms of the diseases as prescribed in the syllabus and the structure of their causal fungi.

Preparation and application of fungicides; seed disinfectants. etc.

Delcte "Preparation.....fungicides".

Delete "This course.....explanatory lectures".

To be inserted before Part II :-

#### Practical.

Study of the structural characters of Orptogamic plants mentioned in the syllabus and Pinus.

The setting up of and performance of physiological experiments given in the syllabus.

Collection of plants from various habitats and study of their adaptive characters.

Candidates will be required to submit their practical notebooks and collection, initialled and dated by their Professors.

# IV.—AGRICULTURAL ZOOLOGY-ENTOMOLOGY.

#### For 1937.

Aim and scope.

- 2. Protozoa with special reference to the soil organisms and pathogenic forms causing diseases of cattle and insects such as the silk-worm and honey-bee.
  - Trematods and Cestodos as parasites of farm animals.
- 4. Nematods with special reference to soil Nematods and pests of crops. Nematod parasites of domestic animals.
  5. A brief account of the Annelida with special reference
- to the soil forms.
- 6. Arthropoda as pests of crops and disease-carriers in domestic animals.
  - Entomology.

#### (i) Pure Entomology.

Insect Morphology, external and internal, including histology and histological technique.

Insect Embryology and post-embryonic development.

Insect Physiology and Psychology.

Insect Ecology and Distribution. Systematic Entomology-Classification up to families and subfamilies.

Identification of insects.

(ii) Applied Entomology.

Insects in relation to crops and fruits in the Punjab.

Pest of stored products and household pests.

Control measures :- Natural control -- influence of winter condition, humidity, soil moisture, precipitation, wind, seasonal changes, etc.

Biological control:-Predaceous animals, predaceous and parasitic insects, fungal, bacterial and protozoic diseases.

Artificial control: - Agricultural operations, kind of cropping, cultivation, ploughing, rotation of crops, time of sowing, harvesting, clean cultivation, drainage, irrigation, trap-crops, etc. etc.

Mechanical Methods-Traps, etc. etc.

Chemical Methods-Insecticidal; stomach and contact poisons, fumigants, repellents, deterrents, soil insecticides.

Dusting, spraying and fumigating machinery.

Insect carriers of disease to man and cattle.

Beneficial and useful insects—Sericulture, lac-culture and apiculture.

Legislation dealing with pest control.

Organisation of pest control work.

System of record.

Insect collection and its maintenance.

- Mollusca, as pests of crops and intermediate host of parasitic worms.
- A general account of the Pisces, Amphibia and Reptilia as enemies of insects. A brief account of the common snakes of the Punjab.
- Aves—Classification and study of species useful and harmful to Agriculture.
- 11. Mammalia with special reference to groups harmful to crops particularly Ungulata, Rodentia, Chiroptera. Mammals as enemies of insects.

(Students shall be expected to gain general familiarity with Entomological literature.)

#### Practical.

- Study of the external and internal anatomy, embryonic and post-embryonic development of common examples of the groups mentioned above of each order of the class insects.
  - 2. Histological technique.
- Field and laboratory study of the main crop, fruit, stored grain, and household pests of the Province.
- 4. Insect breeding; collecting, setting and preserving of insects.
- Preparation and use of insecticides; contact and stomach poisons and fumigants.
- Familiarity with the mechanism and use of spraying and dusting machinery.
   Practical instructions in sericulture, lac-culture and api-
- culture.
  (Students will be expected to take part in actual pest control

Books recommended :-

operations.)

Lefroy: Indian Insect Life.

Pest.

Imms: General Text-book of Entomology.

Comstock: Introduction to Entomology.

Metcalf and Flint: Useful and Destructive Insects.

Anderson and Roth: Fungicide and Insecticides, and

Appliances. Various Entomological Memoirs and Publications of Agricultural Research Institute, Pusa.

# For 1938.

## PART I.

1. Aim and scope.

- Protozoa with special reference to the soil organisms and a general account of the pathogenic forms causing diseases of cattle. Protozoa causing diseases to insects particularly silk-worm and honey-boe.
- An elementary account of the trematode and cestode parasites of farm animals.
- 4. Nematods with special reference to soil forms and pests of crops and their control. A general account of the Nematod parasites of domestic animals.
- 5. A brief account of the Annelida with special reference to the soil forms.
- Arthropoda (other than insects) as pests of crops and disease carriers in domestic animals, and their control.
  - 7. Mollusca as pests of crops and their control.
- 8. A general account of the Pisces, Amphibia and Reptilia as enemies of insects. A brief account of the common snakes of the Punjab.
- A general account of the Aves and a study of the species useful and harmful to Agriculture. Bird control and bird encouragement.
- A general account of the Mammalia with special reference to groups harmful to crops particularly Ungulata, Rodentia, Chiroptera and Primates, etc. Mammals as enemies of insects.
  - 11. Entomology (Pure).

# Insect Morphology.

Exo- and Endo-Skeleton of head; comparative account of antennæ and mouth parts.

Exo- and Endo-Skeleton of Thorax; comparative account of wings and legs.

Exo- and Endo-Skeleton of abdomen, including a general account of the genitalia.

A general account of internal anatomy with special reference to digestive, respiratory, circulatory, excretory and reproductive systems.

#### Practical. .

- Study of the external and internal anatomy, and postembryonic development of common examples of the groups mentioned above, excluding insects.
- Field and laboratory study of the main pests of crops and disease carriers of domesticated animals and their control.
  - 3. Insect Morphology, external and internal.

Books :--

Metcalf: Text-book of Agricultural Zoology.

Theobald: Agricultural Zoology.

#### PART II.

# Pure Entomology.

Insect Embryology and post-embryonic development.

Insect Physiology and Psychology.

Insect Ecology and distribution.

Systematic Entomology—Classification up to families of the groups of economic importance.

Identification of insects of agricultural importance.

#### 2. Applied Entomology.

Insect in relation to crops and fruits in the Punjab.

Pest of stored products and household pests (a general account).

Control measures:—Natural control—influence of winter condition, humidity, soil moisture, precipitation, wind, seasonal changes, etc.

Biological control:—Predaceous animals, predaceous and parasitic insect, fungal, bacterial and protozoic diseases.

Artificial control:—Agricultural operations, kind of cropping, cultivation, ploughing, rotation of crops, time of sowing, harvesting, clean cultivation, drainage, irrigation, trap-crops, etc. etc.

Chemical Methods—Insecticidal:—Stomach and contact poisons, fumigants, repellents, deterrents, soil insecticides.

Dusting, spraying and fumigating machinery.

Insect carriers of disease in man and domesticated animals. Beneficial and useful insects—scriculture, lac-culture and apiculture.

- 3. Legislation dealing with pest control.
- 4. Organisation of pest control work.
- 5. System of record.
- 6. Insect collection and its maintenance.

(Students shall be expected to gain general familiarity with Entomological literature.)

#### Practical.

 Study of the external and internal anatomy, and postembryonic development of the common examples of the orders of Agricultural importance.

- Field and laboratory study of the main crop, fruit, stored grain and household pests of the province.
- Insect breeding, collecting, setting and preserving of ansects.
- Preparation and use of insecticides, contact and stomach poisons and fumigants.
- 5. Familiarity with the mechanism and use of spraying and dusting machinery. 6. Practical instructions in sericulture, lac-culture and
- apiculture.

  (Students will be expected to take part in actual past control
- (Students will be expected to take part in actual pest control operation.)

#### Rooks -

Lefroy: Indian Insect Life.

" " " , Pest. Imms: General Text-book of Entomology.

Comstock: Introduction to Entomology.

Metcalf and Flint: Useful and Destructive Insects.

Anderson and Roth: Fungicide and Insecticides, and Appliances.

Various publications on Indian Entomology.

# V.-English.

# FOR PART I.

#### For 1937.

#### For Intensive Reading :-

- Selected Essays and Addresses, by T. H. Huxley, edited by P. M. Buck (Macmillan Co., New York).
- 2. Major Barbara, by Bernard Shaw.

# For Rapid Reading:—

- 3. The War of the Worlds, by H. G. Wells.
- 4. Short Stories of To-day (Harraps).

#### For 1938.

Substitute "Socrates, by H. F. Carlill (To-day and To-morrow Series)" in place of Major Barbara, by Bernard Shaw.

The rest as for 1937.

#### AGRICULTURAL BACTERIOLOGY.

#### For 1937 and 1938.

#### THEORY

# General.

Classification, morphology and reproduction of bacteria, relationship of bacteria to Agriculture. Nutrition and reaction of micro-organisms to moisture, air, temperature, light, etc. Symbiosis and antagonism.

Distribution of micro-organisms in nature. Elementary bacteriological technique. Sterilisation—Pasteurisation—Antisepsis and Asepsis. A general account of Pathogenic and non-Pathogenic organisms.

# Bacteriology of Soil, Manures, etc.

Micro-organisms of the soil. Their distribution and relationship to the productivity of soils. Partial sterilisation of the soil.

Number of organisms in soil and their relation to moisture, air, temperature, soil reaction, with special reference to waterlogged and alkalic soils. Bacteria in relation to the decomposition of organic matter including farmyard manure and green manure, sugars, starches, cellulose, rutting of gum, fats, etc.

The Nitrogen cycle—destruction of organic nitrogenous compounds—ammonification—nitrification—nitrate reduction—denitrification and fixation of Nitrogen (symbiotic and asymbiotic). Sulphur bacteria and iron bacteria in soil reactions. Methods of seed and soil inoculation. Silage and bacterial activity.

# Dairy Bacteriology.

Sources of contamination of milk. Growth, activities and kinds of bacteria in milk. Biological milk tests. Milk-borne diseases, normal and abnormal alterations of milk. Pasteurisation.

Bacterial content of butter—influence of bacterial action on taste and flavour—uso of starters. Part played by bacteria in the manufacture and ripening of cheese—means of regulating the activities of micro-organisms in cheese.

#### Food Bacteriology.

Principles involved in the preservation of food products. Food poisoning. Fermentation reactions in production of alcoholic beverages, bread, vinegar, etc. Bacterial Diseases of Plants.

An elementary study of the part played by bacteria in plant diseases.

Occurrence of disease, agents of transmission, isolation of the causative organism, artificial infection tests. Methods of control.

#### PRACETOAT.

Cultivation of bacteria from soil, milk and plant nodules. Counting of bacteria. Examination of bacterial colonies. Isolation and study of pure cultures. Preparation of the hanging drop. Practical demonstrations in ammonification, nitrification, cellurise decomposition.

# Courses of Studies prescribed for Subsidiary Subjects.

For 1937 and 1938.

# 1. AGRICULTURE AND ECONOMICS.

For 1937 and 1938.

Paras. IV and V of Part I, and II of Part II of the principal course.

Practical-I-IV of principal course.

# 2. CHEMISTRY AND AGRICULTURAL CHEMISTRY.

For 1937 and 1938.

The occurrence, methods of preparation and general characters of Methane, Ethane, Ethylene and Acetylene, and their derivatives, Halogen Compounds, Alcohols and Ethereal Salts, Ethers, Aldehydes, Ketones, Monobasic Acids; Esters; Oxalic, Stuccinic, Tartaric and Citira Acids; Amines, Amine Acids, Glycine, Cellulose, Starch Dextrose; Lævulose and Cane Sugar; the processes of Fermentation; Urea and Uric Acid, Glycerol; the Fats and Soaps. Benzene, its homologues, and their more important derivatives, viz., Halogen, Nitro and Amine Compounds, Phenols, Benzaldehyde, Benzoic and Salicylic Acids and

their esters. Naphthalene. The Structural Formulæ, occurrence and properties of the following compounds: Furfurence, Pyrrol, Thiophene, Pyridine and Conine.

Simple Bacteriology of the Nitrogen Cycle.

The chemical composition of the plant, chemical changes which take place during germination and growth.

The mechanical and chemical composition of the soil. The movement of water in the soil. The soil solution and the chemical needs of plants. Soil deficiencies. Manures and fertilisers.

Chemistry of Animal Feeding and Dairying.

Analysis of feeding stuffs and the determination of digestibility coefficients.

Physiological utilisation of the foods. Metabolism. Balance of Nutrition.

Maintenance Ration, Woolf-Lahman, Kellner and Armsby standards.

Feeding for fattening and milk production.

Rôle of minerals in Nutrition. Determination of Nitrogen and mineral balance sheets.

A more detailed study of Diets from the following stand-points:—

- Net energy values.
- 2. Protein and Amino Acid Values.
- 3. Mineral content.
- 4. Vitamin content.

Composition of milk, butter, cheese and the changes which milk undergoes in the preparation of the latter two. The chemical and biological changes underlying the deterioration of the above substances.

#### Practical.

Purification of organic substances.

Separation of two organic compounds by fractional distillation. Testing for purity of organic substances. Detection of N. P. S. C. and Cl in organic substances.

Quantitative determination of Moisture, Ash, Fat, Fibre,

Starch and Nitrogen in foodstuffs.

The quantitative determination of sugars, and their identification by means of the Osazone and other reactions; structure and use of the Polariscope.

The fermentation of sugar, preparation and estimation of Alcohol.

Preparation and purification of soap from fats.

The tests for and properties of proteins; their extraction from simple food materials.

The analysis of Milk, Butter and Cream and the detection and estimation of simple adulterants.

The mechanical and chemical analysis of soils.

The estimation of Phosphorus, Potash and Nitrogen in arti-

ficial manures.

Candidates will be expected to analyse qualitatively mixtures of not more than four radicals and may be asked to determine one quantitatively. Analysis of mixtures will be confined to acids and bases included in the syllabus for the First Examination in Agriculture.

Importance will be attached to the ability to set up apparatus bearing on the general theoretical and practical work.

Practical note-books must be presented at the examination and these will be taken into consideration in allotting marks.

#### 3. BOTANY AND APPLIED BOTANY.

#### For 1937.

 Elementary Physiology.—Elements of plant food and the sources from which they are obtained. Processes of respiration, transpiration, carbon-assimilation and growth.

 Methods of estimating purity and germination capacity of seeds. Identification of seeds of common crops and weeds. Causes of deterioration of seeds and their remedy.

Jauses of deterioration of seeds and their remedy.

Various methods of reproduction and the influence of these methods on the produce.

 The types of the Punjab cottons, wheats, barley, rice, sugarcane, etc., with their points of economic interest.
 Fundamental facts of Mendelism. Improvement of farm

 Fundamental facts of Mendells crops by plant selection and crossing.

 Fruit culture.—Methods of cultivation of Date palm, Fig, Plum, Peach, Mango, Grape, Orange and Banana. Practice in pruning, gratting and budding.

#### Plant diseases.

Characters of the main groups of the Fungi.

The special study of the following diseases of field and garden crops:—

Rusts of wheat (Puccinia graminis, P. glumarum, P. Tritioina), Smuts of wheat (Ustilago tritici, Tilletia tritici); Barley (U. Hordei, U. Nuda) and Oat (U. Avena); Gram Blight (Phyllosicia Rabiei—Ascochyta Rabiei); Early blight (Alternaria Solani) and late blight (Phylophthora infestans) of Potato; Red rot of sugarcane (Colletotrichum Jakoatum), Canker and wither tip diseases of cityus plants. Angiospermic parasites, viz.:--

Striga, Orobanche and Cuscuta: Their methods of reproduction and control.

Symptoms and mode of attack of the diseases.

Preventive and remedial measures.

Preparation and application of fungicides.

Elementary facts concerning bacterial fixation of free nitrogen in leguminous crops and bacterial diseases in plants.

Explanation of the experiments being carried out in the Botanical Section.

#### For 1938.

Add at the end :-

The course will be accompanied by practical work in the field and laboratory.

The rest as for 1937.

# 4. AGRICULTURAL ZOOLOGY-ENTOMOLOGY.

For 1937.

- 1. Insect morphology, external and internal, post-embryonic development.
  - Insect behaviour.
  - 3. Principles of insect ecology.
- 4. Classification into orders and main families of economic importance.
- 5. Applied Entomology as for the Principal subject [para graph 7 (ii)].
- 6. A general account of useful and harmful birds and mam-

#### Practical.

- A general study of the external and internal anatomy of post-embryonic development of the more important orders of the Insecta.
- Field and laboratory study of the major crops, fruit, stored grain and household pests.
  - Collecting, setting and preserving of insects.
  - 4. Preparation and use of insecticides.
  - 5. Use of spraying and dusting machinery.
- 6. Demonstration of the methods of sericulture, lac-culture and a piculture.

Book recommended :-

Metcalf and Flint: Useful and Destructive Insects.

#### For 1938.

- Insect morphology, external and internal, post-embryonic development.
  - Însect behaviour.
- Classification into orders and main families of economic importance.
  - 4. Applied Entomology.
  - 5. Beneficial and useful insects.
  - 6. Organisation of pest control.
- A general account of useful and harmful birds and mammals.

Important insect pests of crops and fruit trees in the Punjab. A general account of pests of stored grain and other important household pests.

#### Control Measures.

- (a) Natural control:—Influence of winter conditions, humidity, soil moisture, wind, etc. etc.
  - (b) Biological control:—Important predator and parasites.
     (c) Artificial control:—Agricultural operations, scheme of
- cropping, clean cultivation, irrigation, trap-crops, etc.

  (a) Chemical methods:—Stomach and contact poisons, fumigants and repellents. Dusting and spraying machinery, sericulture, apiculture and lac-culture.

#### Practical.

- A general study of the external and internal anatomy and post-embryonic development of the more important orders of the insects.
- Field and laboratory study of the major crops, fruit, stored grain and household pests.
  - 3. Collecting, setting and preserving of insects.
  - Collecting, setting and preserving of insection.
     Preparation and use of insecticides.
  - 5. Use of spraying and dusting machinery.'
- Demonstration of the methods of sericulture, lac-culture and apiculture.

#### Books :--

Metcalf and Flint: Useful and Destructive Insects. Lefroy: Indian Insect Pest.

# Courses of Studies prescribed for Qualifying Subjects.

For 1937 and 1938.

#### MANUAL TRAINING.

#### FIRST YEAR.

Carpentry.—The use of tools, straight halved joint, angle halved joint, cross, halved or cross lap joint, dovetailed laping, shouldered dovetailed halving, double notching, dovetailed notching, tredgold notching, cogging, bridle joint, oblique bridle joint, tabled searf, splayed searf, vertical searf, dovetailed searf, double forked joint.

Metal Work.—Single and double rivetted lap joints, single and double rivetted butt joints with single and double cover plates, soldering, brazing.

# AGRICULTURAL ENGINEERING.

#### THIRD YEAR.

Materials.—Choice of materials used in works, specification and properties of timber, stone, brick, lime, concrete, iron, steed, other metals. Stresses and strains, tension, compression, bending, neutral axis, shearing, torsion, moment, bending moment, moment of resistance, moment of inertia, elastic limit, modulus of elasticity, factors of safety.

Structures.—Calculation of strength of beams and shafts, polygon of forces as applied to trusses, retaining walls and arches.

Roads.—Laying out, formation, metalling, consolidation, maintenance, influence of materials and strata, traffic effects and repairs.

Buildings.—Plans, elevation and sections, classes of masonry, standard sizes of materials used in construction and works generally, taking out quantities and estimating cost.

Machines.—Soil working and their mechanics, farmyard machines, internal combustion and steam engines, pumps and lifts, Persian wheel, charsa, pulsometer, air lift, reciprocating pumps, entrifugal pumps.

Hydraulics.—Wells and well sinking, boring tube wells, cone of depression, loosing water, regaining water, field application, flow of water in pipes, channels and over weirs and notches.

Land Surveying.—The optical square, prismatic compass, box sextant, theodolite, Abney level, Dumpy level, Y level. Temporary, semi-permanent and permanent adjustments of levels, levelling staff. Levelling and check levelling, recording levels, reduction and checking of levels, lotting sections from levels.

# 2. VETERINARY SCIENCE,

General anatomy will be taught by the Zoological Section. The course in Veterinary Science will be mainly practical and will cover the following subjects. The examination will be practical only:—

Hygiene.—The sanitary location of stables; ventilation; drinking water; wholesome food; cleanliness and stable management.

Drugs and Pharmacy.—Different terms used, viz., antiseptics, disinfectants, demulcents, counter-irritants, caustics, stimulants, anti-spasmodics, astringents, anthelmentics, tonics, alteratives, stomachics, purgatives, diuretics, with examples of each. Medicine to be discussed only in connection with specific diseases as mentioned in the course.

Different ways of giving medicines, methods of making infusions, decoctions, balls, powders, etc.

Liniments, ointments, lotions, mixtures.

Weights and measures used in pharmacy.

Toxicology.—Common poisons: their symptoms and treatment.

General diseases.—Conformation of healthy stock and the more common defects. Nature of contagious diseases, their prevention and treatment:—

- (1) Rinderpest; Hæmorrhagic septicæmia, Black quarter, Anthrax.
- (2) Foot and Mouth disease, Liver fluke, Cow-pox.
- (3) Strangles, Surra, Glanders and Farcy, Dourine.
- (4) Rabies, Tetanus.
- (5) Lampas, Irregular teeth, Choking, Sore throat.
- (6) Indigestion, Colic, Diarrhoea, Impection of rumen, Tympanitis; fever.
- (7) Cold or catarrh, Laryngitis, Cough.
  (8) Conjunctivitis, Ulcer in the cornea.
- (9) Mange, Urticaria.
- (10) Retention of urine.
- (11) Signs of Inflammation, its results and treatment.
- (12) Sprains of ligaments, tendons and muscles; symptoms and treatment.
- (13) Bone spavin, Splint, Ring bone.

- (14) Capped elbow, Capped hock, Bog spavin and Wind galls.
  (15) Minor surgery including the treatment of wounds; simple
- . lameness.
- (16) Laminitis, Prick in shoeing.
- (17) Diseases of the hoof.
- (18) Signs of pregnancy and parturition, inversion of vagina.
  (19) Mammitis.

Diseases of young calves.—Constipation, white scour, joint ill.

Points to note in purchasing horses and cattle.—Identification marks, important defects, ageing, etc.

Handling stock.—Securing and throwing of animals, administering of medicines, giving of balls, drenching, dressing of wounds, taking of pulse, respiration, temperature, bandaging, poulticing, inhaling, fomentation and blistering.

Text-book: "Some Diseases of Cattle in India", as revised by Colonel Walker and Dr. Edwards.

# MILITARY SCIENCE (OPTIONAL).

For 1937 and 1938.

The same as for the B.A. Examination.

# FACULTY OF ENGINEERING.

# Syllabuses and Courses of Reading for the Engineering Examinations.

SYLLABUSES.

#### FIRST EXAMINATION IN ENGINEERING.

GROUP A.

Paper (a)—Mathematics.

Graphs and differentiation of standard functions and rules for the differentiation of a product and a quotient of two functions and function of a function. Successive differentiation. Inverse functions. Applications to the determination of speed and acceleration of moving bodies and the rate of increase of physical quantities. The slope of curves. Equation to the tangent and normal. Small increments and errors. Approximating to the root of an equation. Maximum and minimum values of a function. Curvature of a curve. Curvature of a beam. Motion in a circle. Banking of railway tracks.

Integration as the inverse of differentiation. Standard integrals. Integration by substitution and by parts. Definite integrals. Area under a curve. Work done by a variable force. First and second moments of plane areas and the theorem of

parallel axes. Mean and root mean square values.

Evaluation by logarithms. Logarithms to any base, and relations between them. Applications to engineering problems. The slide rule, theory and practice. Solution of trigonometrical equations, by graphs and otherwise. Graphs of formulæ and graphical solution of equations where algebraic methods fail.

Determination of laws to satisfy observed values from experiments. Simple co-ordinate geometry. Areas of irregular curves from observed values. Mid-ordinate and Simpson's Rules. Work done by varying forces. Average values. Mechanical and electrical problems involving differentiation. Tangents to curves, and orthogonal curves.

Problems in engineering on maximum and minimum values. Areas of curves by integration. Volumes of solids of revolution, and surface area of curves where equation is not known. Centre of gravity by integration and graphical methods: complex functions.

# Paper (b)-Mechanics.

Vector and scalar quantities. Addition of vectors. Specification of a force. Addition of forces. Triangle and polygon of forces. Components of forces. Application to cranes, simple roof trusses, and bodies at rest on inclined planes.

Moments of forces. Reactions of beams, and lever safety valves. General conditions of equilibrium under a system of coplanar forces. Parallel forces, and their resultant Couples. Centre of Area and Centre of Gravity. Tension in loaded cords and hanging chains. Stresses in telegraph wires. Behaviour of metals under increasing stresses. Stress-strain diagrams. Elastic limit, elastic and ductile extension; resilience. Calculations of stresses and strains in bars, and columns. Shear stress

and shear strain, and transverse modulus. Examples of shear in practice. Calculations of shearing forces, and design of pins under shear. Strength of thin shells and pipes. Bending moment and Shearing Force diagrams for loaded beams in simple cases. Torsion and torsional stresses in shafts.

Angle of twist and torsional stress. Belt friction.

Power required for train haulage. Electric and steam trains, Kinetic Energy due to linear or rotary motion. Momentum and rate of change of momentum. Impact. Solid and fluid friction. Work lost and heat generated. Centrifugal force. Super-elevation of rails. Elementary work in hydrostatics and hydrodynamics.

#### GROUP B.

# Paper (a)-Engineering Drawing and Design.

Forms of screw threads and their projections, sections of the corresponding nuts; lead and pitch of multiple threads. Projection of coiled springs. Standard forms of rivets, bolts, studs, set screws, nuts, keys and key-ways, feathers. Various methods of locking a nut.

Hand sketches of machine parts and the production of scale drawings from sketches. Examples will be taken from following: Stuffing box of a steam engine, the piston, the crosshead, the connecting rod, the eccentric, the D slide valve, plummer blocks and bearings, pipe and shaft couplings and simple machine details.

The correct method of showing dimensions on a machine drawing.

# Paper (b)-Practical Geometry.

Position in space defined and exhibited. Fundamental Rules of Projection. The straight line and perpendicular plane. He oblique plane. Horizontal projection or Figured Plans. Planes and Solid Figures in given positions. The Projection of Curves and Curved Surfaces. Tangent Planes to Surfaces. Surfaces in Contact. Intersection of Surfaces and Interpenetration of Solids. Development of surfaces with special reference to Sheet Metal Work. Trihedral Anglos and Spherical Triangles. Cast Shadows.

#### GROUP C.

## Paper (a)—Physics and Electrical Engineering.

Methods of thermometry. Measurement of high and low temperatures. Heat Expansion of solids, liquids and gases and their practical consequences and applications. Calorimetry, specific heat and effect of temperature, specific heats of gases.

Change of state. Boiling point and effect of pressure upon it. Latent heat. Connection between latent heat and temperature. Total heat.

Vapours and vapour pressure. Hygrometry.

Transmission of heat, conduction and diffusion of heat and determination of constants. Heat insulation and insulators in common use. Logging of steam pipes. Convection currents. Radiation and absorption of heat. Laws of cooling. Mechanical equivalent of heat. Isothermal and adiabatic expansion and equations for a gas.

Second law of thermodynamics. Carnot's cycle. Heat engines and their efficiency. Absolute temperature. Entropy. Temperature diagrams, simple practical applications. Wet and dry steam and use of steam tables.

Electrostatic induction, conduction and distribution of Electricity. Electric Machines and other sources of electrification. Condensers; simple theory of electrostatic potential.

Condensers in series and parallel. Energy of a condenser.

Electrometers. Specific inductive capacity. Electrostatic units. Phenomenon of discharge: Atmospheric electricity: Magnetic attraction and repulsion; Distribution of Magnetism. Terrestrial magnetism. Laws of magnetism; Magnetic force, Magnetic fields. Magnetic shell. Calculation and discussion of magnetic fields due to current in a short straight wire, infinitely long wire, circular wire. C.G.S. and practical unit of current. Solenoid. Force in a magnetic field on a current-carrying linear conductor, rectangular coil. Mutual action of current for two parallel conductors and co-axial coils. Ohm's law of E.M.F. and currents. Ratio constant. Resistance, practical units of electromotive force and resistance. Effect of temperature and light on resistance. Conductors and insulators. Materials used in Electrical Engineering and their electrical properties, Cables and insulations. Resistance of conductors in series and parallel-divided circuits, shunts, earth returns, line leakage. Kirchoff's laws of E.M.F. and current. Network of conductors-Wheatstone net.

Galvanometers: Astatic, Tangent, moving magnet, moving coil, Ballistic.

Ammeters: Moving iron, Moving coil, Dynamometer, Hot wire.

Voltmeters: Moving iron, Moving coil.

Magnetication of iron.—Effects due to the presence of iron near or inside current-carrying conductor. Magnetic flux, flux density-lines of induction, permeability, variation of permeability. E.M.F. reluctance, flux, magnetic circuit. Calculations, magnetic leakage. Cycle of magnetisation, hysteresis hysteresis loss, Steinmetz hysteresis testor. Flux measurement and measurement of permeability by magnetometer method, ring and bar and yoke methods and traction method.

Electromagnetic induction.—Relative motion, electrical and magnetic circuits. Flux linkages, variation of flux, Faraday's laws of electromagnetic induction. Lenz's law, quantitative relation. Faraday's disc experiment, eddy currents, energy loss due to eddy currents.

Inductance.—Electrical inertia of a circuit, and growth of current, flux linkage variation. Self-inductance, coefficient of unit inductance. Energy in the magnetic field, calculation of L. for a solenoid. Mutual inductance coupling coefficient. Induction coil vibrators. Other instruments. Ampere balance, Watt balance. Use of shunts, figure of merit of the instrument. Supply meters, motors, clocks and electrolytic types.

Electrical measurements.—Measurements of E.M.F. direct deflection, tangent galvo, potentiometer, Crompton type potentiometer.

Measurements of resistances.—Wheatstone bridge, meter and post office box form, Resistance of Galvo by Wheatstone bridge, Internal resistance of a cell by Wheatstone bridge. Potentiometer, internal resistance of a cell. Low resistance by Kelvins bridge; High resistance cable insulation, etc., by direct deflection.

Measurement of currents.—Potentiometer, Tangent Galvo, Voltameter.

Thermal effects of current.—Heat and work, electricity and work, Joule's law, determination of mechanical equivalent of heat by electrical method. Units of electrical energy and power. Electric lamps, efficiency, candle power, Arc lamps. Current-carrying capacity of wires, fuses. Electric heaters.

Thermo-electricity.—Seeback phenomenon, thermopile pyrometer, Peltier effect, Thomson effect. Piezo electricity.

Chemical effects of currents.—Theory of dissociation. Ion charges and migration of ions. Faraday's laws of electrolysis. Electroplating, electrotyping, rectification of metals, copper for conductors.

Secondary cells.—Theory, operation and maintenance.

Paper (b)-Applied Chemistry and Chemical Engineering.

Dissociation Theory, Electro-chemistry, including electrolytic alkaliss, aluminium, steel, copper refining. Thermo-chemistry, combustion, flame calorific value of fuels. Solid, liquid, gaseous fuels. Metallurgy and chief uses of iron, copper, lead, tin, magnesium, zinc, aluminium, mercury, silver, nickel, manganese and chromium.

Important compounds of the above.

Cast iron, mild steel, steel, alloy steels, wrought iron, silicon steels, etc., their manufacture, properties and uses.

Alloys of industrial importance; their composition, manufacture and uses. Mortars and cements, composition, uses and properties and ways of testing.

Paints and other preservatives for engineering materials.

Petroleum and lubricants.

Crushing and grinding.

Mechanical separation of mixtures.

Transportation of materials through the plant.

Solution and mixing.

Absorption of gases.

Evaporation (including simple and multiple effect), Distillation.

Crystallisation and drying.

Filtration, humidity control, purification of air.

Purification of water for potable, industrial and boiler use.

Methods of waste disposal. Furnaces.

Refractory materials, insulation.

Heat transmission and losses.

Materials of construction.

Temperature measurement and control.

## Practical.

Loss of heat from hot surfaces, iron, copper, aluminium.

Evaporation of water.

Determination of the overall coefficient of heat transfer, hot

gases to water. Laws of crushing and grinding.

High temperature measurements.

Exercises in calculating heat balance.

Qualitative analysis of alloys and simple minerals.

Gravimetric analysis of iron, copper and zinc. Temporary and permanent hardness of water and total solids and suspended matter.

Analysis of simple alloys (gravimetric).

Analysis of stack gases.

Determination of ash, moisture and sulphur in coal.

Calorific value of coal, wood, oil, etc.
Viscosity of lubricants.

-

#### GROUP D.

# Papers (a) and (b)-Surveying.

General principles. Chain surveying, Chains. Rods. Tapes. Cross-staff. Optical squares. Methods of chaining. Fieldbook. Tie-lines. Offsets. Obstacles. Chaining on Slopes. Stepping. Clinometers. Plotting. Computation of Areas.

Levelling. Levels. Levelling Staff. Field-book. "Rise and Fall" and "Collimation" Methods. Reduced levels. Datum. Bench Marks. Cross-Sections. Contours. Boning Rods.
Surveying with instruments. Theodolite. Surveying compass.

Box Sextant. Plane Table. Range Finders. Care of Instruments. Traverse Surveys. Bearings. Closing Error. Measurement of Heights of inaccessible objects.

Adjustment of Instruments. Chain. Theodolite. Level.

#### SECOND EXAMINATION IN ENGINEERING.

## GROTTP A.

## Paper (a)-Pure Mathematics.

Differentiation and integration by graphical methods. Speed and acceleration from time-displacement curve and timedisplacement curve from speed-time and acceleration time diagrams. B.M. from load curve, etc. Volumes of solids of revolution. Prismoidal rule for volumes of solids, tanks, cuttings and embankments. Volumes by double integration. Lengths of arcs, lengths of suspension chains and telegraph wires. Areas of surfaces. Solid angles. Theorems of Pappus and Guldinus. Moments of inertia of simpler solids. K.E. of rotation and the torque for angular acceleration. Motion of simple rigid bodies on the level and on the inclined plane.

Rectangular co-ordinates. Straight line and the circle. Curve traced by a point on a curve rolling on another curve. The cycloid, the epicycloids and the hypocycloids. Forms of wheel teeth. Polar co-ordinates. Polar diagrams. Tangent properties. The logarithmic, spiral and non-circular gearing. The Rousseau

diagram and the Mean Spherical Candle Power.

## Paper (b)-Applied Mathematics.

General conditions of equilibrium. The principle of virtual work. Friction and C.G.

Deflections of beams-Non-uniform sections. The compound interest Law and applications. Simple Harmonic Motion and time of oscillation. Motion of parts of machines with respect to rectangular co-ordination.

Applications in solid geometry.

More difficult logarithmic calculations : Use of approximations from binomial theorem; Expansion of functions. MacLaurin's theorem. Proof of De Moivre's Theorem; Applications in electrical problems. More difficult determination of laws to satisfy observed values from experiments. Determination of direction and inclination of oblique planes from survey measurements. More difficult engineering problems in maximum and minimum values.

Moments of Inertia. General theorems and applications. Principal axes.

#### GROUP B.

## Paper (a)—Engineering Drawing and Design.

Examples of machine and engine details. Examples of brackets, hangers, wall boxes, footsteps, pulley and speed cones, spur and level wheels, lubricators. Boilers and boiler fittings; furnaces, bolts, stays and gussets, tubes and tube plates, domes, manholes and doors. Single, double and treble riveted lap and butt joints. Lever, dead weight and spring loaded safety valves, steam pipes and stop valves. Economisers, filters and feed pumps. The preparation of tracings and blue prints.

## Paper (b)-Strength of Materials and Theory of Structures.

Elastic stress and strain. Elastic limit and modulus of elasticity. Yield point. Ductile extension. Ultimate strength and percentage elongation. Effect of changes of temperature. Fluctuating loads. Suddenly-applied loads, shock resistance.

Calculation of shearing force and bending moments in beams and diagrams for same. Relations between loading, shearing force, bending moment, curvature, slope and defication. Proof of formulae in standard cases of beams. Theory of circular bending. Moments of Inertia and moment of resistance. Stresses in beams and design of section in simple cases for wood or steel beams. Graphical determination of reaction, shearing force and bending moment. Simple cases of romalization of reaction, shearing formula for simple cases of strutes and columns axially loaded. Ferro-concrete columns, stresses in steel and concrete. Shear stress and strain. Shear Modulus. Development of formula for torque, stress and angle of twist, for circular shafts, solid and hollow. Determination of shaft diameter for transmission of power. Design of couplings. Strength of thin cylinders, boiler shells and pipes. Types of riveted joints, and design of same in simple cases. Close coiled springs, extension and stress due to axial loads.

Two dimensional non-redundant frame structures, example on cranes, bridges and roof trusses, etc.

Suspension chains and suspension bridges without stiffening girders. Metal arches. Simple cases of three-hinged arches subjected to stationary loads.

#### GROUP C.

#### Paper (a)—Heat Engines.

Fuels and combustion. Calorific value and air required. Products of incomplete combustion. Types of boilers. Standard-fittings; effects of impure water, pitting and galvanic action. Economisers and superheaters. Steamtraps. Natural, forced and induced draughts.

Properties of steam, sensible and latent heat, superheat and

dryness fraction. Internal and external work.

Simple and compound engines, various types of valves and gears described. The hypothetical indicator diagram, assumptions made, calculation of mean effective pressure. The actual diagram compared. How the losses occur. Effects of Jackets. Condenser plants and air pumps.

The functions of the governor and flywheel. Description of governors. Simple calculations.

Lubrication of steam engines. Oil separators and other acces-

sories. Simple description of types of steam turbines.

The internal combustion engine. Otto cycle and two-stroke cycle. The Diesel engine. Fuel consumed. Comparison of costs with steam engine.

## Paper (b)—Hydraulics.

General Principles. Static pressure. Types of hydraulic gauges. Pressure on immersed surfaces. Total pressure. Centre of pressure. Problems on lock gates and sluices.

Descriptive work on hydraulic machines. Reciprocating pumps. Accumulators; hydraulic presses. Jacks and lifts. Flow of water. Steady flow. Betnoulli's theorem. Ventur meters. Rise of pressure in pipes due to sudden stoppage of flow. Discharge of water from orifices, jets and nozzles. Coefficients of velocity. Contraction and Discharge.

Discharge of water over notches and wires. Standard formulæ by theory and by experiments. Fluid friction in pipes and channels. Discharge through pipes and channels.

Loss of head due to sudden enlargements, and contractions, bends and elbows.

# Paper (c)-Mechanism.

Linear and circular motion. Vector diagrams of velocity and acceleration. Mass acceleration effects. Limiting velocity of rims. Turning moment on crankshaft, fluctuation of energy and speed. Design of flywheels. Rope, belt and chain gearing

for known power. Design of brakes and dynamometers. Toothed gearing and wheel trains; opicyclic and differential gears.

#### GROUP D.

## Paper (a)-Electrical Engineering. Direct Current.

Electrical and Magnetic units. Power and energy. Cables. Resistance and drop of volts. Filament, are mercury vapour and other lamps. Illumination and photometry. Lighting Installations. Switches, fuses and other apparatus. Secondary cells, theory, construction, installation and maintenance. Battery control and diagrams of switching connections. Voltmeters. Ammeters. Wattmeters and integrating instruments. Three-wire distribution. Detecting and locating faults. Boosters, belancers, circuit breakers. Jointing of cables, lead covered, conduit and other installation systems.

Installation of motors, starting panels. Lightning arresters, Fundamental principles of induction. Principle of dynamo. Example of laps and wave windings. E.M.F. equation. Armature reaction, commutation. Use of interpole and compensation windings. Shunt, series and compound wound generators. Mechanical details. Turbo Generators. Fundamental principle of the motor. Shunt, series and compound wound motors. Characteristics, applications, method of starting and control. Speed variation. Torque and efficiency. Testing. Operation of generators and motors. Switchboard connections. Elementary electric traction by direct currents.

# Paper (b)-Electrical Engineering. Alternating Current.

Generating of alternating current. Representation by sin wave and vector diagrams. Maximum, effective and average values. Effect of self-induction in A.C. Circuits. Skin Effect. Examples of self-induction. Effect of capacity in A.C. Circuits. Examples. Ohm's law for an A.C. Circuit. Wattless currents, Power factor. Resonance.

Series and parallel circuits. Measurement of power. Wattmeters. Alternators. E.M.F. equation. Constructional details. Armature reaction, regulation. Synchronising and parallel operation of alternators. Polyphase currents. Delta and star connections. Measurement of power in polyphase circuits. Theory of the transformer. Types and their uses. Vector diagrams—Losses, efficiency and regulation. Alternating current instruments.

# Final B.Sc. Examination (Mechanical Engineering).

## GROUP A.

## Paper (a)-Pure Mathematics.

Algebraic and trigonometric equations. Taylor's formula with applications. Complex numbers. Hyperbolic functions and trigonometric functions with complex argument. Conjugate functions. Repeated partial differentiation. Vector addition and vector products.

Differential equations, elementary general considerations. Linear equations Exact differential equations. Linear differential equations of the first and second orders with constant coefficients. Simultaneous differential equations in two dependent variables with constant coefficients.

Fourier's integrals and Fourier's series for simple functions. Straight line, plane and sphere. Contour lines on simple surfaces.

Spherical trigonometry. The fundamental theorem and solution of spherical triangles.

## Paper (b)—Applied Mathematics.

More difficult differentiation and integration. Application to observed graphical results for deriving further information.

Harmonic analysis by arithmetical and graphical methods. Applications of differential equations. Motion in resisting media. Deflection of beams. Emptying of tanks. Conduction and radiation of heat. Atmospheric pressure. Free vibration and forced vibration of mechanical systems. Simple and compound pendulums. Biflar suspension. Current and voltage in systems with given R.L. and K. Current and voltage in a transmission line.

Euler's formulæ. Struts. The whirling speed of shafts. Applications of spherical trigonometry. Distances and angles

Applications of spherical trigonometry. Distances and angles on a sphere. Elementary Thormodynamics. The principle of virtual work. Applications. Double integrals. Centre of pressure and metacentre.

# GROUP B.

## Paper (a)-Mechanism.

Quick return motions. Friction gearing and clutches. Valves and valve gears. Radical valve gear. Stephenson and other link gears; determination of equivalent eccentric for any position of gear. Determination of steam distribution in each case. Types of governors and their properties.

Balancing of rotating and reciprocating masses with applications to engine balancing. Gyroscopic effects. Simple and compound harmonic motions. Harmonic analysis. Critical speeds of shafts and torsional oscillations. Beams and ratchets; accurate determination of profiles for special motions.

# Paper (b)-Hydraulics.

Buoyancy, metacentric height and stability of floating bodies. Theory of Reciprocating Pumps. Impact of water on surfaces. Reaction of lets.

Pelton wheels. Radial and Axial flow turbines. Angle of vanes and glide blades. Work done per pound of water and efficiency.

Design of water wheels, turbines, centrifugal and multiple impeller pumps. Practical construction of weirs, dams and penstocks.

Reconnaissance and general layout for various types of water power schemes.

Flumes and Open Channels.

Types of dams, flash boards, head gates, sluice gates, head racks, forebays. Settling tanks, tunnels and channels.

The hydraulic equipment of the power house, including auxiliary plant. The Pelton, Francis and other types of turbines. Speed, head and efficiency. Specific speeds. Water hammer and surge tanks. Governing.

## GROUP C.

## Papers (a) and (b)-Materials and Structures.

Stresses in two dimensions and the strains related to them. General theory of elasticity. Ellipse of stress. Poisson's ratio. Oblique and complimontary combined. Bending and torsion with or without end thrust. Guest and Rankine stresses. Formule for equivalent bending moment or equivalent twisting moment with proofs. Principal axes and stresses. Design of crankshafts and other cases of combined stresses.

Theory of Struts. Euler's and Rankine Formulæ developed; assumptions made. Design of Struts in practice. Eccentric loading, effects in ties and columns. Limit of eccentricity.

Theory of thick cylinders. Relations between pressure and stresses. Compound thick cylinders. Shrunk and wound thick cylinders, initial and final stresses. Resilience. Effect of suddenly applied loads. Repetition and reversal of loads. Fatigue of metals. Wohler's experiments and conclusions. Centrifugal stresses in rotating rims.

Open coil springs axially loaded, extension and twist produced. Testing machines of various kinds, and tests to destruction under tensile, compressive, bending and torsional loads. Tests on impact and hardness. Bending moment and shearing force diagrams for fixed and continuous beams. Estimation of stresses with fluctuating and rolling loads. Propped beams. Flitched beams and ferro-concrete beams, theory and design. Distribution of shear stress across section of beams. Semi-inembers, and counterbracing in bridge frames. Internal friction hypothesis, and development of Kankine's formula, for earth pressures. Depth of foundations. Design of footings. Retaining walls for hydraulic or earth pressures, strength and stability and design of same, with or without surcharge. Three pinned arch ribs, shearing force, bending moment and thrust, with dead loads.

#### Deflection of Frame Structures.

A knowledge of constructional details of roof trusses, bridges, plate girders, lattice girders, trestles and piers, and design of such structures.

#### GROUP D.

## Economics of Engineering.

Paper (a): English Essay and Fundamentals of Industrial Administration.—

## Part I. Essay :---

A short Essay on a set subject coming under one of the following heads, one subject being set under (1) and (2), and four alternative subjects under (3):—

- (1) A subject of historical interest in connexion with Engineering.
- (2) A subject relating to Engineering resources of the Empire.
- (3) A subject of general interest in the Engineering world.

# Part II. Fundamentals of Industrial Administration:-

#### A. General Considerations:

Growth of industrialisation. Main features of technological development. Scope of modern industry.

Origin and development of the commercial system. International trade and exchange. Natural resources and commodities of world trade.

Financial responsibility and control. The limited company. Other forms of organisation.

Elements of commercial law. Outline of industrial legislation. Industrial relations in practice.

## B. Conduct of the Industrial Undertaking:

Organisation of production. Organisation of distribution. Significance of development and research.

Financial statements: Valuation and depreciation. Principles of industrial accounting. Principles of costing and estimating: Rates, taxation and insurance.

Control of expenditure: authorisation, budgets. Statistics and the use of graphs. Office organisation.

General principles of management. Division of functions.

The human factor.

## Paper (b): Workshop Organisation and Management,-

#### The Management Function:

Systematic management. Departmental and functional organisation. Trends in factory organisation. Management charts. Elimination of waste.

#### Personnel, Administration and Incentives:

Selection and training of operatives. Recruitment and training of Staff. Time work and systems of payment by results. Profit sharing and co-partnership.

Design, Development, Initiation of Manufacture and Quality. Control:

Drawings, specifications and assembly lists. Manufacturing instructions. Inspection standards. Research and technical development. Standardisation.

#### Planning and Estimating:

Job, batch and mass production. Functions of a planning department. Jig and tool design and manufacture. Time and motion study. Operation schedules. Maintaining scheduled programme. Control boards and progress charts. Records of progress. Tool stores. Estimating.

#### Purchasing and Storekeeping:

Production and service materials. Specifications, codes and sources of supply. Inspection. Financial control by authorisation, budgets. Stock requisitions and accounting.

#### Factory Costing:

Prime costs: Wages and materials. On costs or overheads and their distribution. Timekeeping. Records of costs.

## Sale Organisation and Tendering:

Market study in relation to technical development. Price determination: Selling and general expenses and profit margins. Conditions of contracts. After service. Selection of Site and Lay-out of Works:

General considerations as to suitability of land, services, and local government regulations. Materials, labour, markets and communications. Location of various departments. Special features in structural design. Coordination of departments.

#### Equipment of Factories:

Lay-out of shops. Lighting, ventilation and heating. Power supplies. Machine tools and their functions. Lifting and transporting equipment.

# GROUP E.

#### Paper (a)-Heat Engines.

The hypothetical diagram. Mean effective pressure for isothermal and adiabatic expansion. The actual diagram compared, losses and methods of reducing same. Most efficient expansion. Theory of condensation and valve leakage, methods of reducing. Determination of missing quantity from actual diagrams. Types of valve gears compared. Entropy chart. Carnot's cycle and Rankine Cycle. Efficiencies, work done and dryness of steam. Superheating, and constant volume lines. Plotting of indicator diagram on entropy chart. Comparison of engine performances. Flow of steam through nozzles, use of entropy chart. Impulse and reaction and special types of steam turbines. Diagrams of pressure and steam velocity. Determination of blade angles and work done by steam.

Internal combustion engines. Thermodynamic properties of gas, Experiments with explosive mixtures of varying perentage. Dissasociation of gas in cylinders. Gas, oil, Dissal and petrol engines. Constant volume and constant pressure cycles. Theoretical diagrams and calculation of efficiencies. Actual diagrams compared. Various methods of ignition, timing of same and valve operation. Rate of reception of heat during expansion determined from indication diagrams. Types of plant for producer gas. Theory and reactions in same. Quality of the gas refrigeration. Choice of working agent. Coefficient of performance. Commercial machines. Air compressors and transmission of power by compressed air.

## Paper (b)-Practical.

Determination of calorific value of gas, oil and coal. Setting of valves for steam and internal combustion engines. Complete boiler tests, and preparation of heat balance sheets. Indicated and Brake Horse Power tests of steam engine with and without

jackets, condensing and non-condensing. Determination of loss from condensation and valve leakage.

Prolonged tests of gas and oil engines at different loads, and with different compression ratios. Determination of thermal and mechanical efficiencies. Comparison with standard air engine.

#### GROUP F.

#### Engineering Drawing and Design.

The application of graphical methods to problems arising in the study of mechanism, structures and hydraulies.

- (a) Determination of the general dimensions for a single cylinder steam engine, given the indicated horse power, speed and boiler pressure.
- (b) Design of lattice girders, bridges, roof trusses, retaining walls and dams. Complete working drawings and design of a boiler, engine, machine or structure.
- (c) Complex harmonic motion and graphical harmonic analysis.
- (d) Preparation of complete working drawings and specifications from sketches and notes obtained by actual observation, investigation and measurement of details.

# Final B.Sc. Examination (Electrical Engineering).

## GROUP A.

# Papers (a) and (b).

Same Syllabus as for Mechanical Engineering, Group A.

#### GROUP B.

## Papers (a) and (b)—Theory of Electrical Machinery.

Direct current machinery. Calculations and measurements comected with the magnetic circuit. Details of field magnet coils. Constructional details of armatures, windings. Commutation. Reactance voltage. Interpoles. Turbo-generators. Efficiency and losses. Direct current motor. Design for special purposes. Shunt series and compound. Alternating current machinery. Single and polyphase generators. Details of poles and windings. Regulation Efficiency. Wave-form synchronous motors. Polyphase induction motors. Circle diagrams. Induction generator. Synchro-Induction motor. Phase advancers.

Single-phase induction motors. Starting devices. Rotary converter. Ratio of transformation, heating and efficiency. The motor converter, series, repulsion and mixed action motors. Transformers. Details of iron and copper circuits. Regulation, efficiency. Auto-transformers.

#### GROUP C.

## Paper (a)-Electrical Generation and Distribution.

Selection of site for generating station. Choice of system. Choice of size and type of plant. Comparison of direct and alternating currents. Constant current system. Choice of voltage and frequency. Equipment of station, auxiliaries. Switchboards and switch-gear. Rotary converters, boosters, batteries, transformers, feeder regulators, rectifiers, regulating and protective devices. Synchronising and parallel running of machines. Use of batteries. Load and diversity factors. Cost of generation. Substations and their equipment. Automatic substations. Systems for distribution of light and power. Voltage drop and current distribution in network size of conductors. Kelvin's Law. Insulation resistance of network. Localisation of faults. Underground mains and their construction. Joints and joint boxes.

# Paper (b)—Electric Transmission.

Systems of transmission of electrical energy to substations. Efficiencies of various systems compared. Determination of the most economical system for a given case. Overhead construction. Cables and their constructions. Dielectrics and their properties. Grading of cables. Capacity and inductance. Regulation. Corona effect. Resonance and surges. Lightning protection. Estimation of cost in a given case. Restrictive and protective regulations. Earthing. High tension d.c. transmission. Thury system.

### GROUP D.

# Paper (a)—Electric Traction.

Systems of operation for tranways and railways traffic and requirements. Direct current tranway and railway motors. Series parallel control, efficiency. Mechanics of traction. Estimation of power and energy required. Description of typical tranway system. Description of typical d.c. railway system. Multiple unit control. Use of alternating current. Single-phase motors. Control and equipment of single-phase

system. Board of Trade regulations. Polyphase traction motors. Description of system. Regenerative control.

Paper (b)—Telegraphy, Telephony and Radio Communications.

The principles, construction and applications of repeat coils, impedance coils, lamps, jacks, cords, plugs, indicators, relays, magneto-bells, magneto-generator, C.B.S. subscribers' instruments.

Various transmitters and receivers in common use. Polarising of receivers.

Simpler systems of telephony including house telephones. Operators' telephone circuits at magneto and C.B.S. axchanges. The principles of trunk working and automatic exchanges. The principles and construction and application of: Keys, relays, line galvanometers, sounders, and Wheatstone transmitter, receiver and perforator. Simpler systems of manual telegraphy including single and double current duplex central battery telegraph systems. Elementary description of the Wheatstone Automatic System.

Series and parallel circuits, coupled circuits, working ideas of damping of circuits and effect of resonance. Construction and theory of thermionic valves, two electrode characteristic curves of valves. Production and propagation of wireless waves. Essential components. Y spark transmitter. Production of. oscillations in a valve circuit. Essential components of a valve transmitter.

Detecting devices for wireless waves. Crystal and valve detectors.

Thermionic valve amplifor and note magnification. Methods of modulating continuous waves for transmission of speech. Component parts and action of receiver in reproduction of speech. Heterodyne reception, general principles. Directional wireless and wireless fraction in the description of the desc

#### GROUP E.

## Paper (a)-Heat Engines.

Same syllabus as for Mechanical Engineering, Group E, Paper (a).

Paper (b)-Strength of Materials and Theory of Structures.

Stress in two dimensions and strains related to them, including the ellipse of stress, maximum obliquity and maximum strain. Distribution of shear in beams on vertical section.

Principal stress, combined torsion and bending with or without end thrust in shafts. Determination of principal stress and

maximum shear stress. Equivalent bending moments and equivalent twisting moments. Close and open-wound helical springs. Extension under axial pull and maximum shear stress.

Angle of twist under torsion and maximum direct stress. Eccentric loading. Effect in ties and short columns of non-axial loads applied in the principal planes. Limit of eccentricity in simple sections for direct stress of one kind.

Shells and cylinders, stresses and strains due to internal pressures in their spherical and cylindrical shells; stresses and strains in simple thick cylinders and hollow spheres under hydrostatic pressure.

Resilience, stress effects of suddenly applied tensile loads and also of compressive loads on short pieces. Impact variation and

repetition of stress.

Methods of testing and appliances used in determining the elastic constants and in testing materials to destruction under tension, compression, shearing, torsion and bending. Loadextension diagrams. Impact and hardness tests. Results of tests. Methods of testing under repeating and alternating stresses. Fatigue. Some knowledge of the principal experimental work on the testing of materials. An elementary knowledge of the physical proporties of the common materials used in ongineering.

# GROUP F.

#### Electrical Engineering Design and Drawing.

## (a) Design of D.C. Generator and Motor:—

(i) Design of Armature. Selection of materials for the construction of different parts. Output coefficient. Specific electric loading. Specific magnetic loading. "DL" formula. Determination of the number of poles. Usual proportions of diameter and length of armatures. Ratio of polar are to polepitch. Airgap, flux-density, airgap flux per pole. mum peripheral speeds permissible. E.M.F. equation. Determination of the total number of armature conductors. Type of armature winding suitable for a particular case. Sizes of conductors. Current densities in conductors. Determination of the proportions and dimensions of slots and teeth. Space factor. Apparent and corrected tooth densities. Depth of Armature iron below teeth. Gross and net armature lengths. Ventilating ducts. Permissible temperature rise in armatures. Max. armature IR-drop. Calculation of the resistance of the armature. I2R loss in the armature. Armature hysteresis and eddy current losses. Considerations for the design of the armature spider.

Design of armature shaft.

(ii) Design of Commutator. Current per brush, eurent densities allowable for different types of brushes. Current per segment. Diameter of commutator. Number of commutator segments. Reactance voltage. Volts per bar allowable indifferent types. Thickness of mice insulation. Length of the commutator. Details of construction of the commutator. Number of sets of brushes. Number of brushes in one set. Contact size of each brush.

(iii) Design of field magnets. Magnetic densities at load in different parts of the magnetic circuit. Full load flux. Full load ampere-turns. Ampere-turns for different parts of the magnetic circuit. Apportioning of total ampere-turns between the main and the other windings. Allowance for temperature rise in the field coils. Leakage coefficient. Dia. of pole core. Depth of winding of the field coil allowable for satisfactory

radiation of heat generated inside.

Surface area of each field coil for proper dissipation of heat. Watts to be dissipated per unit area of surface of field coils for satisfactory working. Determination of the cross-section of wire for field coils. Length of pole core. Pole-shoe, its construction and the method of fixing on the pole core. Different types of the field system. The yoke and its design. Design of interpoles. (iv) Brush-gean, its design and construction. Rocker. Different types of brush holders. Holders for radial brushes,

etc. Construction of the performance and efficiency curves.

(b) Design Alternator (Single-Phase and Three-Phase):—

Usual types of Alternators. Stators and rotors, Poles and pole-shoes. Number of poles. Maximum peripheral speed. Output coefficient. "DEL" formula. Determination of the suitable proportions of length to diameter of armature. Ratio of pole-are to pole-pitch. Net and gross length of armature. Specific electric loading. Total ampere conductor per phase. Turns per phase. Turns per phase. Turns per phase. Turns per phase. Turns the per phase is per pole per phase. Total slots. Conductors per slot. Current density in armature conductors. Conductors per slot. Current density in armature conductors. Conductor size. Dimensions of slots. Slot-space factor. Slot-pitch on the pole side. Slot-pitch on the armature side. Tooth width at root. Tooth width on pole-side. Mean slot-pitch. Different winding factors. EMLF. equation. No-load flux. Magnetic leakage and leakage coefficient. Calculation of Ampere-turns of excitation required per pair of poles. Armature flux per pole. Radial depth of armature core below teeth. Radial depth of airgap. Selection of the most suitable type of stator winding.

Calculation of the number of turns per pole. Size of wire for winding field coils. Depth of winding space. Mean length per turn. Calculation of the field current at normal rating.

Current density in field coils. Calculation of full load losses and efficiency. Power-factor. Core loss. Stator IR loss. Excitation loss. Friction and windage loss. Calculation of the temperature rise of the stator. Cooling surface. Temperature rise of end connections. Temperature rise of field coils. Inherent regulation at unity power factor, as well as at other power factors. Calculation of weights of the stator copper. Field copper. Stator iron, magnet pole, magnet yole, as well as the total active material. Design of the slip rings. Brush gear. Shaft and bearings.

#### (c) Design of Transformer :--

Points in the design of Transformer to specifications. The core type and the shell type transformer. Different methods of cooling transformers. Single-phase and three-phase transformers. Primary induced E.M.F. Flux-factor for transformers employing different methods of cooling, and for different types of transformers. Determination of the number of turns of the primary and the secondary coils. Current density in the coils. Conductor sections. Length of the wound portion of the core. Specific electric loading. Different arrangements of the transformer coil winding. Subdivision of coils for winding for high tension. Insulation of high tension coils. Reinforcement of insulation between adjacent layers of high tension coils. Internal insulation. Method of preventing the concentration of potential upon the outer turns of winding at the instant of switching on. Flux density in the voke. Dimensions of the yoke. Distance between cores. Total length of magnetic paths in cores and yokes. No-load magnetising current. No-load current and power factor. Determination of the Resistance of windings. Effective Resistance. Calculation of the equivalent resistance. Total I2R loss at different loads. Iron losses in coro and yoke. Copper losses at specified temperatures. Efficiency at unity power factor. Regulation. Heating of windings, and iron parts. Estimation of the temperature rise of iron cooling surface necessary for transformers with different arrangements for cooling. Weights and cost.

# (d) Design of Induction Motor:—

Single phase and Polyphase. Induction motors. Squirrol. Cage and wound Rotors. Determination of the number of poles. Rated output expressed in watts. Determination of the Polar pitch. Output coefficient. Preliminary estimate of the total net weight. Preliminary estimate of the total works cost. Peripheral speed. Peripheral loading. Efficiency and power factor. Conductors per phase. Number of slots per pole per phase. Slot-pitch. Total number of stator slots. The pressure formula. The magnetic circuit of the Induction motor. Venti-

lating ducts. Width of stator tooth. Width of slot. Slot. tolerance. Dimensions of the stator conductors. Slot insulation. Slot space factor. Primary proportions for rotor slot. airgap. Preliminary magnetic data for teeth and airgap. Densities in stator and polar core. Magnetising current. Noload current. Batio of no-load to full-load current. Circle ratio of induction motor. Kierstead's formula for determination of the circle ratio. Circle diagram. Estimation of the full load power factor. Stator I2R loss. Stator IR drop at full load. Determination of the core loss. Core loss in rotor. Input to motor and rotor at rated load. Output from rotor conductors. Torque factor. Equivalent resistance of rotor. Equivalent resistance of motor. Starting torque. The squirrel cage.
Number of rotor-slot. Pitch of rotor-slot. Batio of transformation. End rings. Current in the end rings. Calculation of the different losses at full load. The efficiency at full and half loads. Temperature rise. Estimation of the weight of active materials. The breakdown factor. The power factor. The slip. Determination of the rotor T2R loss at various loads. Design of the slipring induction motor. Rotor slot-pitch. Slots for wound rotors. Rotor winding. Slot lining and insulation. Relative advantages of the squirrel-cage and the wound rotors, as regards efficiency, power-factor heating, depreciation and rough use,

#### TEXT-BOOKS.

# ETRST EXAMINATION IN ENGINEERING

- Practical and Solid Geometry, by Harrison and Baxandall.
- Machine Drawing, by T. Jones and T. G. Jones, Vol. I. published by John Heywood, Ltd., London.
- Mathematics for Engineers, Part II, by W. N. Rose, published by Chapman and Hall,
- Physics, by Duncan and Starling.
- Practical Physics, by Watson.
- Modern Inorganic Chemistry, by Mellar, published by Longmans.
- 7. Practical Inorganic Chemistry, by Bruce and Harper, published by Longmans.
  - Chemical Engineering, by Harte.
- Technical Electricity, by Davidge and Hutchinson or Continuous Current Electrical Engineering, by W. T. Maccall, published by University Tutorial Press.

- Arithmetic of Electrical Engineering, by Whittakar, published by Pitman and Sons.
- Elementary Applied Mechanics, by Morley and Inchley, published by Longmans.
- Roorkee Manual of Surveying, obtainable from Thomason College Press, Roorkee.

## SECOND EXAMINATION IN ENGINEERING.

In addition to the books for the First Examination in Engineering:—

- Continuous Current Electrical Engineering, by W. T. Maccall or Direct Current Electrical Engineering, by J. R. Barr, published by University Tutorial Press.
- Classified Examples in Electrical Engineering, by S. G. Monk, Vol. I, published by Pitman and Sons.
- 3. Electric Lighting Connections, by Lundberg, published by Pitman and Sons,
- 4. Dynamo and Motor Testing, by C. F. Smith, published by Pitman and Sons.
- Machine Drawing, by T. Jones and T. G. Jones, Vols. II and III, and Manual of Machine Drawing and Design, by D. A. Low and Bevis (Longmans).

Hydraulies, by Lewitt (Pitman).

- Heat Engines, by Inchley (Longmans).
   Theory of Machines, by R. F. McKay (Arnold, London).
- Alternating Current Electrical Engineering, by P. Kemp or Alternating Current Electrical Engineering, by W. T. Maccall, published by Macmillan and Co., and University Tutorial Press.
- Arithmetic of Alternating Current, by E. H. Crapper, published by Pitman and Sons.
- Theory of Structures, by A. Morley.

## FINAL EXAMINATION IN ENGINEERING.

# Mechanical Engineering.

In addition to the books for the First and Second Examinations in Engineering :—

- Theory of Structures, by A. Morley (Longmans), and Theory and Design of Structures, by E. S. Andrews (Chapman and Hall).
- Hydraulics and its Applications, by C. H. Gibson (Constable, London).

- 3. Heat Engines, by D. A. Low (Longmans).
- Roorkee Manual of Surveying obtainable from Thomason College Press, Roorkee. (For 1936.)
   Economics of Engineering, by Burnham (Publishers: Sir
- Economics of Engineering, by Burnham (Publishers: Sin Isaac Pitman). (For 1937.)

## Electrical Engineering.

In addition to the books for the First and Second Examinations in Engineering:—

- Roorkee Manual of Surveying, Thomason College Press, Roorkee.
- 2. Practical Alternating Current, by C. F. Smith.
- Classified Examples in Electrical Engineering, Vol. II, by S. G. Monk, published by Pitman and Sons.
- Electrical Machine Design, by Gray or Alternating Current Machinery, by Barr and Archibald (Pitman and Sons).
- Electric Traction, by A. T. Dover, published by Pitman and Sons.
- 6. Electric Power Transmission, by A. Still (McGraw Hill Co.).
- Electrical Technology, by Cotton, published by Pitman and Sons.

Abusive language, use of, in an answer-book, 112.
